## LETTER FROM THE CHAIRMAN

---

Dear Shareholder:

We are pleased to present this new annual report for Dreyfus Connecticut Municipal Money Market Fund, Inc., covering the two-month period from October 1, 2005, through November 30, 2005. Inside, you'll find information about the fund's recent fiscal year change and how the fund was managed during this abridged reporting period, including a discussion with the fund's portfolio manager, Bill Vasiliou.

The U.S. economy demonstrated remarkable resiliency over the past year, expanding at a steady pace despite the headwinds of soaring energy prices, higher interest rates and the dislocations caused by the Gulf Coast hurricanes. As short-term interest rates climbed, so too have yields of tax-exempt money market instruments, offering investors incrementally higher yields as compared to yields at the start of the reporting period.

As the end of 2005 approaches, the U.S. economy and financial markets may be reaching an inflection point. Investors' reactions to a change in leadership at the Federal Reserve Board and the effects of higher fuel prices on the rate of inflation may set the tone for the financial markets in 2006. As always, we encourage you to discuss these and other market forces with your financial advisor.

Thank you for your continued confidence and support.

Sincerely,

Stephen E. Canter  
Chairman and Chief Executive Officer  
The Dreyfus Corporation  
December 15, 2005

## DISCUSSION OF FUND PERFORMANCE

---

Bill Vasiliou, Portfolio Manager

### **How did Dreyfus Connecticut Municipal Money Market Fund, Inc. perform during the period?**

The fund's fiscal year has changed from a reporting period that ended September 30 to one that ends November 30. While this change should have no impact on the way the fund is managed, shareholders will now receive annual and semi-annual reports according to the new fiscal year-end.

Between the end of the fund's prior fiscal year on September 30, 2005, and the end of its new fiscal year on November 30, 2005, the fund produced an annualized yield of 2.09%. Taking into account the effects of compounding, the fund also produced an annualized effective yield of 2.11%.<sup>1</sup>

The fund's results during the reporting period continued to be influenced mainly by rising short-term interest rates.

### **What is the fund's investment approach?**

The fund seeks as high a level of current income exempt from federal and Connecticut state income taxes as is consistent with the preservation of capital and maintenance of liquidity.

To pursue this goal, the fund normally invests substantially all of its assets in short-term, high-quality municipal obligations that provide income exempt from federal and Connecticut state personal income taxes.

In managing the fund, we normally employ two primary strategies. First, we attempt to add value by constructing a portfolio of high-quality municipal money market instruments that provide income exempt from federal and Connecticut state personal income taxes. Second, we actively manage the fund's weighted average maturity based on our anticipation of interest-rate trends and supply-and-demand changes in Connecticut's short-term municipal marketplace while anticipating the liquidity needs of the fund.

For example, if we expect an increase in short-term supply, we may reduce the fund's weighted average maturity, which should better position the fund to purchase new securities with higher yields, if higher yields materialize. Yields tend to rise when there is an increase in new-issue supply competing for investor interest. New securities, which are generally issued with maturities in the one-year range, may lengthen the fund's weighted average maturity if purchased. If we anticipate limited new-issue supply, we may extend the fund's weighted average maturity to maintain prevailing yields for as long as we deem appropriate. At other times, we typically try to maintain a weighted average maturity that reflects our view of short-term interest-rate trends, liquidity needs and future supply-and-demand considerations.

### **What other factors influenced the fund's performance?**

On November 1, the Federal Reserve Board (the "Fed") implemented its twelfth consecutive increase in short-term interest rates, driving the overnight federal funds rate to 4%. As short-term interest rates moved higher, so did tax-exempt money market yields.

In this environment, we continued to maintain our focus on tax-exempt commercial paper, municipal notes and insured municipal bonds<sup>2</sup> with maturities between three and nine months. This strategy has allowed us to capture higher yields than were offered by tax-exempt variable rate demand notes on which yields are reset daily or weekly, while helping us to avoid locking in yields of one-year municipal notes. In addition, we have maintained a "laddered" portfolio of the fund's holdings to ensure that proceeds from maturing securities will be available for reinvestment should short-term yields continue to rise.

The fund also was influenced by an improving credit environment in Connecticut. Tax revenues rose for the first time in four years, and the state cut spending to address its structural budget imbalance, resulting in less need to issue short-term debt securities. At the same time, investor demand for Connecticut tax-exempt securities has remained relatively robust, putting downward pressure on money market yields.

## What is the fund's current strategy?

Over the short-term, we have begun to prepare the fund for technical forces that tend to affect tax-exempt money market instruments at year-end. Over the longer term, while recent data suggest that the U.S. economy continues to grow at a sustained pace, higher energy prices and rising interest rates may constrain consumer spending in 2006. Nonetheless, many analysts expect the Fed to raise short-term interest rates further at upcoming FOMC meetings, and we therefore have maintained a conservative investment posture designed to give the fund the liquidity it needs to capture higher yields should they continue to rise. Of course, we are prepared to revise our strategies as market conditions change.

December 15, 2005

*An investment in the fund is not insured or guaranteed by the FDIC or any other government agency. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund.*

- <sup>1</sup> *Annualized effective yield is based upon dividends declared daily and reinvested monthly. Past performance is no guarantee of future results. Yields fluctuate. Income may be subject to state and local taxes for non-Connecticut residents, and some income may be subject to the federal alternative minimum tax (AMT) for certain investors. Yield provided reflects the absorption of certain fund expenses by The Dreyfus Corporation pursuant to an undertaking in effect that may be extended, terminated or modified at any time. Had these expenses not been absorbed, the fund would have produced a yield of 2.02% and an effective yield of 2.04%.*
- <sup>2</sup> *Insurance on individual portfolio securities extends to the repayment of principal and the payment of interest in the event of default. It does not extend to the market value of the portfolio securities or the value of the fund's shares.*

# UNDERSTANDING YOUR FUND'S EXPENSES (Unaudited)

*As a mutual fund investor, you pay ongoing expenses, such as management fees and other expenses. Using the information below, you can estimate how these expenses affect your investment and compare them with the expenses of other funds. You also may pay one-time transaction expenses, including sales charges (loads) and redemption fees, which are not shown in this section and would have resulted in higher total expenses. For more information, see your fund's prospectus or talk to your financial adviser.*

## Review your fund's expenses

The table below shows the expenses you would have paid on a \$1,000 investment in Dreyfus Connecticut Municipal Money Market Fund, Inc. from June 1, 2005 to November 30, 2005. It also shows how much a \$1,000 investment would be worth at the close of the period, assuming actual returns and expenses.

Expenses and Value of a \$1,000 Investment	
assuming actual returns for the six months ended November 30, 2005	
Expenses paid per \$1,000†	\$ 3.27
Ending value (after expenses)	\$1,009.30

## COMPARING YOUR FUND'S EXPENSES WITH THOSE OF OTHER FUNDS (Unaudited)

### Using the SEC's method to compare expenses

The Securities and Exchange Commission (SEC) has established guidelines to help investors assess fund expenses. Per these guidelines, the table below shows your fund's expenses based on a \$1,000 investment, assuming a hypothetical 5% annualized return. You can use this information to compare the ongoing expenses (but not transaction expenses or total cost) of investing in the fund with those of other funds. All mutual fund shareholder reports will provide this information to help you make this comparison. Please note that you cannot use this information to estimate your actual ending account balance and expenses paid during the period.

Expenses and Value of a \$1,000 Investment	
assuming a hypothetical 5% annualized return for the six months ended November 30, 2005	
Expenses paid per \$1,000†	\$ 3.29
Ending value (after expenses)	\$1,021.81

† Expenses are equal to the fund's annualized expense ratio of .65%; multiplied by the average account value over the period, multiplied by 183/365 (to reflect the one-half year period).

### NOTE 1—Significant Accounting Policies

Dreyfus Connecticut Municipal Money Market Fund, Inc. (the “fund”) is registered under the Investment Company Act of 1940, as amended (the “Act”), as a non-diversified open-end management investment company. The fund’s investment objective is to provide investors with as high a level of current income exempt from federal and Connecticut state income taxes as is consistent with the preservation of capital and the maintenance of liquidity. The Dreyfus Corporation (the “Manager”) serves as the fund’s investment adviser. The Manager is a wholly-owned subsidiary of Mellon Financial Corporation (“Mellon Financial”). Dreyfus Service Corporation (the “Distributor”), a wholly-owned subsidiary of the Manager, is the distributor of the fund’s shares, which are sold to the public without a sales charge.

On August 2, 2005, the Board of Directors approved a change in the fund’s fiscal year end from September 30 to November 30.

It is the fund’s policy to maintain a continuous net asset value per share of \$1.00; the fund has adopted certain investment, portfolio valuation and dividend and distribution policies to enable it to do so. There is no assurance, however, that the fund will be able to maintain a stable net asset value per share of \$1.00.

The fund’s financial statements are prepared in accordance with U.S. generally accepted accounting principles, which may require the use of management estimates and assumptions. Actual results could differ from those estimates.

The fund enters into contracts that contain a variety of indemnifications. The fund’s maximum exposure under these arrangements is unknown. The fund does not anticipate recognizing any loss related to these arrangements.

**(a) Portfolio valuation:** Investments in securities are valued at amortized cost in accordance with Rule 2a-7 of the Act, which has been determined by the Board of Directors to represent the fair value of the fund’s investments.

**(b) Securities transactions and investment income:** Securities transactions are recorded on a trade date basis. Interest income, adjusted for accretion of discount and amortization of premium on investments, is earned from settlement date and recognized on the accrual basis. Realized gain and loss from securities transactions are recorded on the identified cost basis. Cost of investments represents amortized cost.

The fund has an arrangement with the custodian bank whereby the fund receives earnings credits from the custodian when positive cash balances are maintained, which are used to offset custody fees. For financial reporting purposes, the fund includes net earnings credits, if any, as an expense offset in the Statement of Operations.

The fund follows an investment policy of investing primarily in municipal obligations of one state. Economic changes affecting the state and certain of its public bodies and municipalities may affect the ability of issuers within the state to pay interest on, or repay principal of, municipal obligations held by the fund.

**(c) Dividends to shareholders:** It is the policy of the fund to declare dividends daily from investment income-net. Such dividends are paid monthly. Dividends from net realized capital gain, if any, are normally declared and paid annually, but the fund may make distributions on a more frequent basis to comply with the distribution requirements of the Internal Revenue Code of 1986, as amended (the “Code”). To the extent that net realized capital gain can be offset by capital loss carryovers, it is the policy of the fund not to distribute such gain.

**(d) Federal income taxes:** It is the policy of the fund to continue to qualify as a regulated investment company, which can distribute tax exempt dividends, by complying with the applicable provisions of the Code, and to make distributions of income and net realized capital gain sufficient to relieve it from substantially all federal income and excise taxes.

At November 30, 2005, the components of accumulated earnings on a tax basis were substantially the same as for financial reporting purposes.

The accumulated capital loss carryover of \$14,359 is available to be applied against future net securities profits, if any, realized subsequent to November 30, 2005. If not applied, \$9 of the carryover expires in fiscal 2006, \$2,575 expires in fiscal 2007, \$10,138 expires in fiscal 2010 and \$1,637 expires in fiscal 2011.

The tax character of distributions paid to shareholders during the fiscal periods ended November 30, 2005, September 30, 2005 and September 30, 2004, respectively, were all tax exempt income.

At November 30, 2005, the cost of investments for federal income tax purposes was substantially the same as the cost for financial reporting purposes (see the Statement of Investments).

**NOTE 2—Management Fee and Other Transactions With Affiliates:**

(a) Pursuant to a management agreement with the Manager, the management fee is computed at the annual rate of .50% of the value of the fund's average daily net assets and is payable monthly. The Manager had undertaken from October 1, 2005 through November 30, 2005 to reduce the management fee paid by the fund, to the extent that the fund's aggregate annual expenses, exclusive of taxes, brokerage fees, interest on borrowings and extraordinary expenses, exceed an annual rate of .65% of the value of the fund's average daily net assets. The reduction in management fee, pursuant to the undertaking, amounted to \$17,848 during the period ended November 30, 2005.

(b) Under the Shareholder Services Plan, the fund reimburses the Distributor an amount not to exceed an annual rate of .25% of the value of the fund's average daily net assets for certain allocated expenses of providing personal services and/or maintaining shareholder accounts. The services provided may include personal services relating to shareholder accounts, such as answering shareholder inquiries regarding the fund and providing reports and other information, and services related to the maintenance of shareholder accounts. During the period ended November 30, 2005, the fund was charged \$12,194 pursuant to the Shareholder Services Plan.

The fund compensates Dreyfus Transfer, Inc., a wholly-owned subsidiary of the Manager, under a transfer agency agreement for providing personnel and facilities to perform transfer agency services for the fund. During the period ended November 30, 2005, the fund was charged \$5,338 pursuant to the transfer agency agreement.

During the period ended November 30, 2005, the fund was charged \$619 for services performed by the Chief Compliance Officer.

The components of Due to The Dreyfus Corporation and affiliates in the Statement of Assets and Liabilities consist of: management fees \$61,961, chief compliance officer fees \$1,548 and transfer agency per account fees \$5,600, which are offset against an expense reimbursement currently in effect in the amount of \$4,991.

(c) Each Board member also serves as a Board member of other funds within the Dreyfus complex. Annual retainer fees and attendance fees are allocated to each fund based on net assets.

# REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

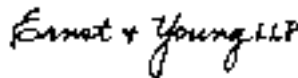

## **Shareholders and Board of Directors**

### **Dreyfus Connecticut Municipal Money Market Fund, Inc.**

We have audited the accompanying statement of assets and liabilities of Dreyfus Connecticut Municipal Money Market Fund, Inc., including the statement of investments, as of November 30, 2005, and the related statements of operations and changes in net assets and financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2005 by correspondence with the custodian and others or by other appropriate auditing procedures where replies from others were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Dreyfus Connecticut Municipal Money Market Fund, Inc. at November 30, 2005, and the results of its operations, the changes in its net assets and the financial highlights for each of the indicated periods, in conformity with U.S. generally accepted accounting principles.

New York, New York  
January 10, 2006

# IMPORTANT TAX INFORMATION (Unaudited)

In accordance with federal tax law, the fund hereby designates all the dividends paid from investment income-net during the fiscal period ended November 30, 2005 as “exempt-interest dividends” (not subject to regular federal and, for individuals who are Connecticut residents, Connecticut personal income taxes).
