GOAL/APPROACH

The fund seeks as high a level of current income exempt from federal and Pennsylvania state income taxes as is consistent with the preservation of capital and the maintenance of liquidity. As a money market fund, the fund is subject to maturity, quality and diversification requirements designed to help it maintain a stable share price.

To pursue this goal, the fund normally invests substantially all of its assets in short-term, high quality municipal obligations that provide income exempt from federal and Pennsylvania state personal income taxes. The fund also may invest in high quality, short-term structured notes, which are derivative instruments whose value is tied to underlying municipal obligations.

Although the fund seeks to provide income exempt from federal and Pennsylvania state income taxes, interest from some of its holdings may be subject to the federal alternative minimum tax. In addition, the fund temporarily may invest in high quality, taxable money market instruments, and/or municipal obligations that pay income exempt only from federal income tax, including when the fund manager believes acceptable Pennsylvania municipal obligations are not available for investment.

Concepts to understand

Money market fund: a specific type of fund that seeks to maintain a \$1.00 price per share. Money market funds are subject to strict federal requirements and must:

- maintain an average dollar-weighted portfolio maturity of 90 days or less
- buy individual securities that have remaining maturities of 13 months or less
- invest only in high quality, dollar-denominated obligations

Municipal obligations: debt securities that provide income free from federal income tax, and state income tax if the investor lives in the issuing state. Municipal obligations are typically of two types:

- **general obligation bonds**, which are secured by the full faith and credit of the issuer and its taxing power
- **revenue bonds**, which are payable from the revenues derived from a specific revenue source, such as charges for water and sewer service or highway tolls

MAIN RISKS

The fund's yield will fluctuate as the short-term securities in its portfolio mature and the proceeds are reinvested in securities with different interest rates.

An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund.

While the fund has maintained a constant share price since inception, and will continue to try to do so, the following factors could reduce the fund's income level and/or share price:

- interest rates could rise sharply, causing the value of the fund's investments and its share price to drop
- interest rates could drop, thereby reducing the fund's yield
- Pennsylvania's economy and revenues underlying its municipal obligations may decline
- the fund's portfolio securities may be more sensitive to risks that are specific to investing primarily in a single state
- any of the fund's holdings could have its credit rating downgraded or could default

Derivative securities, such as structured notes, can be volatile, and the possibility of default by the financial institution or counterparty may be greater for these securities than for other types of money market instruments. Structured notes typically are purchased in privately negotiated transactions from financial institutions and, thus, an active trading market for such instruments may not exist.

The fund is non-diversified, which means that a relatively high percentage of the fund's assets may be invested in a limited number of issuers. Therefore, its performance may be more vulnerable to changes in the market value of a single issuer and more susceptible to risks associated with a single economic, political or regulatory occurrence than a diversified fund.

Concepts to understand

Credit rating: a measure of the issuer's expected ability to make all required interest and principal payments in a timely manner. An issuer with the highest credit rating has a very strong degree of certainty (or safety) with respect to making all payments. An issuer with the second-highest credit rating still has a strong capacity to make all payments, although the degree of safety is somewhat less.

Generally, the fund is required to invest its assets in securities with the highest or second-highest credit rating or the unrated equivalent as determined by Dreyfus.

PAST PERFORMANCE

The bar chart and table shown illustrate the risks of investing in the fund. The bar chart shows the changes in the fund's performance from year to year. The table shows the fund's average annual total returns over time. All returns assume reinvestment of dividends and distributions. Of course, past performance is no guarantee of future results.

Year-by-year total returns *as of 12/31 each year (%)*

Best Quarter: Q4 '00 +0.91%

Worst Quarter: Q3 '03 +0.07%

Average annual total returns *as of 12/31/05*

1 Year	5 Years	10 Years
1.85%	1.23%	2.12%

The fund's 7-day yield on 12/31/05 was 2.73%. For the fund's current 7-day yield, please call toll-free **1-800-645-6561**.

What this fund is – and isn't

This fund is a mutual fund: a pooled investment that is professionally managed and gives you the opportunity to participate in financial markets. It strives to reach its stated goal, although as with all mutual funds, it cannot offer guaranteed results.

An investment in this fund is not a bank deposit. It is not insured or guaranteed by the FDIC or any other government agency. It is not a complete investment program. You could lose money in this fund, but you also have the potential to make money.

EXPENSES

As an investor, you pay certain fees and expenses in connection with the fund, which are described in the table below. Annual fund operating expenses are paid out of fund assets, so their effect is included in the share price. The fund has no sales charge (load) or Rule 12b-1 distribution fees.

From time to time, Dreyfus may limit expenses to the extent it deems appropriate to enhance the yield of the fund during periods when fixed expenses have a significant impact on the fund's yield because of low interest rates. This expense limitation policy is voluntary and temporary and may be revised or terminated by Dreyfus at any time without notice.

Fee table

Annual fund operating expenses

% of average daily net assets

Management fees	0.50%
Shareholder services fee	0.03%
Other expenses	0.11%
Total	0.64%

Expense example

1 Year	3 Years	5 Years	10 Years
\$65	\$205	\$357	\$798

This example shows what you could pay in expenses over time. It uses the same hypothetical conditions other funds use in their prospectuses: \$10,000 initial investment, 5% total return each year and no changes in expenses. The figures shown would be the same whether you sold your shares at the end of a period or kept them. Because actual returns and expenses will be different, the example is for comparison only.

Concepts to understand

Management fee: the fee paid to Dreyfus for managing the fund's portfolio and assisting in all aspects of the fund's operations.

Shareholder services fee: a fee of up to 0.25% used to reimburse the fund's distributor for shareholder account service and maintenance.

Other expenses: fees paid by the fund for miscellaneous items such as transfer agency, custody, professional and registration fees. The fund also makes payments to certain financial intermediaries, including affiliates, who provide sub-administration, recordkeeping and/or sub-transfer agency services to beneficial owners of the fund.

MANAGEMENT

Investment adviser

The investment adviser for the fund is The Dreyfus Corporation (Dreyfus), 200 Park Avenue, New York, New York 10166. Founded in 1947, Dreyfus manages approximately \$178 billion in approximately 200 mutual fund portfolios. For the past fiscal year, the fund paid Dreyfus a management fee at the annual rate of 0.50% of the fund's average daily net assets. A discussion regarding the basis for the board's approving the fund's management agreement with Dreyfus is available in the fund's annual report for the fiscal year ended September 30, 2005. Dreyfus is the primary mutual fund business of Mellon Financial Corporation (Mellon Financial), a global financial services company. Headquartered in Pittsburgh, Pennsylvania, Mellon Financial is one of the world's leading providers of financial services for institutions, corporations and high net worth individuals, providing institutional asset management, mutual funds, private wealth management, asset servicing, payment solutions and investor services, and treasury services. Mellon Financial has approximately \$4.7 trillion in assets under management, administration or custody, including \$781 billion under management.

The Dreyfus asset management philosophy is based on the belief that discipline and consistency are important to investment success. For each fund, Dreyfus seeks to establish clear guidelines for portfolio management and to be systematic in making decisions. This approach is designed to provide each fund with a distinct and stable identity.

Distributor

The fund's distributor is DSC, a wholly-owned subsidiary of Dreyfus. Dreyfus or DSC may provide cash payments out of its own resources to financial intermediaries that sell shares of the fund or provide other services. Such payments are in addition to any shareholder services fees or other expenses paid by the fund. These additional payments may be made to intermediaries, including affiliates, that provide

shareholder servicing, sub-administration, record-keeping and/or sub-transfer agency services, marketing support and/or access to sales meetings, sales representatives and management representatives of the financial intermediary. Cash compensation also may be paid to intermediaries for inclusion of the fund on a sales list, including a preferred or select sales list or in other sales programs. These payments sometimes are referred to as "revenue sharing." In some cases, these payments may create an incentive for a financial intermediary or its employees to recommend or sell shares of the fund to you. Please contact your financial representative for details about any payments they or their firm may receive in connection with the sale of fund shares or the provision of services to the fund.

From time to time, Dreyfus or DSC also may provide cash or non-cash compensation to financial intermediaries or their representatives in the form of occasional gifts; occasional meals, tickets or other entertainment; support for due diligence trips; educational conference sponsorship; support for recognition programs; and other forms of cash or non-cash compensation permissible under broker-dealer regulations, as periodically amended.

Code of ethics

The fund, Dreyfus and DSC have each adopted a code of ethics that permits its personnel, subject to such code, to invest in securities, including securities that may be purchased or held by the fund. The Dreyfus code of ethics restricts the personal securities transactions of its employees, and requires portfolio managers and other investment personnel to comply with the code's preclearance and disclosure procedures. The primary purpose of the code is to ensure that personal trading by Dreyfus employees does not disadvantage any Dreyfus-managed fund.

FINANCIAL HIGHLIGHTS

This table describes the fund's performance for the fiscal periods indicated. "Total Return" shows how much your investment in the fund would have increased (or decreased) during each period, assuming you had reinvested all dividends and distribu-

tions. These figures have been independently audited by Ernst & Young LLP, whose report, along with the fund's financial statements, is included in the annual report, which is available upon request.

Your Investment

ACCOUNT POLICIES

Buying shares

You pay **no sales charges** to invest in this fund. Your price for fund shares is the fund's net asset value per share (NAV), which is generally calculated as of 12:00 noon Eastern time on days the New York Stock Exchange is open for regular business. Your order will be priced at the next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. The fund's portfolio securities are valued at amortized cost, which does not take into account unrealized gains or losses. As a result, portfolio securities are valued at their acquisition cost, adjusted for discounts or premiums reflected in their purchase price. This method of valuation is designed to enable the fund to price its shares at \$1.00 per share. Because the fund seeks tax-exempt income, it is not recommended for purchase in IRAs or other qualified retirement plans.

Concepts to understand

Net asset value (NAV): a mutual fund's share price on a given day. A fund's NAV is calculated by dividing the value of its net assets by the number of its existing shares outstanding.

When calculating its NAV, the fund compares the NAV using amortized cost to its NAV using available market quotations or market equivalents which generally are provided by an independent pricing service approved by the fund's board. The pricing service's procedures are reviewed under the general supervision of the board.

Minimum investments

	Initial	Additional
Regular accounts	\$2,500	\$100
Dreyfus automatic investment plans	\$100	\$100

All investments must be in U.S. dollars. Third-party checks cannot be accepted. You may be charged a fee for any check that does not clear. Maximum Dreyfus TeleTransfer purchase is \$150,000 per day.

Third-party investments

If you invest through a third party (rather than directly with Dreyfus), the policies and fees may be different than those described herein. Banks, brokers, financial advisers and financial supermarkets may charge transaction fees and may set different minimum investments or limitations on buying or selling shares. Consult a representative of your financial institution for further information.

Selling shares

You may sell (redeem) shares at any time. Your shares will be sold at the next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. Any certificates representing fund shares being sold must be returned with your redemption request. Your order will be processed promptly and you will generally receive the proceeds within a week.

Before selling or writing a check against shares recently purchased by check, Dreyfus TeleTransfer or Automatic Asset Builder, please note that:

- if you send a written request to sell such shares, the fund may delay selling the shares for up to eight business days following the purchase of those shares
- the fund will not honor redemption checks, or process wire, telephone, online or Dreyfus TeleTransfer redemption requests, for up to eight business days following the purchase of those shares

Limitations on selling shares by phone or online through www.dreyfus.com

Proceeds sent by	Minimum phone/online	Maximum phone/online
Check*	no minimum	\$250,000 per day
Wire	\$1,000	\$500,000 for joint accounts every 30 days/ \$20,000 per day
Dreyfus TeleTransfer	\$500	\$500,000 for joint accounts every 30 days/ \$20,000 per day

* Not available online on accounts whose address has been changed within the last 30 days.

Written sell orders

Some circumstances require written sell orders along with signature guarantees. These include:

- amounts of \$10,000 or more on accounts whose address has been changed within the last 30 days
- requests to send the proceeds to a different payee or address

Written sell orders of \$100,000 or more must also be signature guaranteed.

A signature guarantee helps protect against fraud. You can obtain one from most banks or securities dealers, but not from a notary public. For joint accounts, each signature must be guaranteed. Please call us to ensure that your signature guarantee will be processed correctly.

General policies

Unless you decline teleservice privileges on your application, the fund's transfer agent is authorized to act on telephone or online instructions from any person representing himself or herself to be you and reasonably believed by the transfer agent to be genuine. You may be responsible for any fraudulent telephone or online order as long as the fund's transfer agent takes reasonable measures to confirm that instructions are genuine.

Money market funds generally are used by investors for short-term investments, often in place of bank checking or savings accounts or for cash management purposes. Investors value the ability to add and withdraw their funds quickly, without restriction. For this reason, although Dreyfus discourages excessive trading and other abusive trading practices, the fund has not adopted policies and procedures, or imposed redemption fees or other restrictions such as minimum holding periods, to deter frequent purchases and redemptions of fund shares. Dreyfus also believes that money market funds, such as the fund, are not targets of abusive trading practices, because money market funds seek to maintain a \$1.00 per share price and typically do not fluctuate in value based on market prices. However, frequent purchases and redemptions of the fund's shares could increase the fund's transaction costs, such as market spreads and custodial fees, and may interfere with the efficient management of the fund's portfolio, which could detract from the fund's performance. Accordingly, the fund reserves the right to refuse any purchase or exchange request. Funds in the Dreyfus Family of Funds that are not money market mutual funds have approved policies and procedures that are intended to discourage and prevent abusive trading practices in those mutual funds, which may apply to exchanges from or into the fund. If you plan to exchange your fund shares for shares of another Dreyfus fund, please read the prospectus of that other Dreyfus fund for more information.

The fund also reserves the right to:

- refuse any purchase or exchange request
- change or discontinue its exchange privilege, or temporarily suspend the privilege during unusual market conditions
- change its minimum investment amounts
- delay sending out redemption proceeds for up to seven days (generally applies only during unusual market conditions or in cases of very large redemptions, or excessive trading)
- "redeem in kind," or make payments in securities rather than cash, if the amount redeemed is large enough to affect fund operations (for example, if it exceeds 1% of the fund's assets)

The fund may also process purchase and sale orders and calculate its NAV on days that the fund's primary trading markets are open and the fund's management determines to do so.

Small account policies

To offset the relatively higher costs of servicing smaller accounts, the fund charges regular accounts with balances below \$2,000 an annual fee of \$12. The fee will be imposed during the fourth quarter of each calendar year.

The fee will be waived for: any investor whose aggregate Dreyfus mutual fund investments total at least \$25,000; accounts participating in automatic investment programs; and accounts opened through a financial institution.

If your account falls below \$500, the fund may ask you to increase your balance. If it is still below \$500 after 30 days, the fund may close your account and send you the proceeds.

DISTRIBUTIONS AND TAXES

The fund earns dividends, interest and other income from its investments, and distributes this income (less expenses) to shareholders as dividends. The fund also realizes capital gains from its investments, and distributes these gains (less any losses) to shareholders as capital gain distributions. The fund normally pays dividends once a month and capital gain distributions annually. Fund dividends and capital gain distributions will be reinvested in the fund unless you instruct the fund otherwise. There are no fees or sales charges on reinvestments.

The fund anticipates that virtually all dividends paid to you will be exempt from federal and Pennsylvania personal income taxes. However, for federal tax purposes, certain distributions, such as distributions of short-term capital gains, are taxable to you as ordinary income, while long-term capital gains are taxable to you as capital gains.

For Pennsylvania personal income tax purposes, distributions derived from interest on municipal securities of Pennsylvania issuers and from interest on qualifying securities issued by U.S. territories and possessions are generally exempt from tax. Distributions that are federally taxable as ordinary income or capital gains are generally subject to Pennsylvania personal income tax.

The tax status of any distribution generally is the same regardless of how long you have been in the fund and whether you reinvest your distributions or take them in cash.

If you buy shares of a fund when the fund has realized but not yet distributed income or capital gains, you will be “buying a dividend” by paying the full price for the shares and then receiving a portion back in the form of a taxable distribution.

Your sale of shares, including exchanges into other funds, may result in a capital gain or loss for tax purposes. A capital gain or loss on your investment in the fund generally is the difference between the cost of your shares and the amount you receive when you sell them.

The tax status of your distributions will be detailed in your annual tax statement from the fund. Because everyone’s tax situation is unique, please consult your tax advisor before investing.

SERVICES FOR FUND INVESTORS

Automatic services

Buying or selling shares automatically is easy with the services described below. With each service, you select a schedule and amount, subject to certain restrictions. You can set up most of these services with your application or by calling 1-800-645-6561.

For investing

Dreyfus Automatic Asset Builder®	For making automatic investments from a designated bank account.
Dreyfus Payroll Savings Plan	For making automatic investments through a payroll deduction.
Dreyfus Government Direct Deposit Privilege	For making automatic investments from your federal employment, Social Security or other regular federal government check.
Dreyfus Dividend Sweep	For automatically reinvesting the dividends and distributions from one Dreyfus fund into another (not available for IRAs).

For exchanging shares

Dreyfus Auto-Exchange Privilege	For making regular exchanges from one Dreyfus fund into another.
--	--

For selling shares

Dreyfus Automatic Withdrawal Plan	For making regular withdrawals from most Dreyfus funds.
--	---

Dreyfus Financial Centers

Through a nationwide network of Dreyfus Financial Centers, Dreyfus offers a full array of investment services and products. This includes information on mutual funds, brokerage services, tax-advantaged products and retirement planning.

Experienced financial consultants can help you make informed choices and provide you with personalized attention in handling account transactions. The Financial Centers also offer informative seminars and events. To find the Financial Center nearest you, call **1-800-499-3327**.

Checkwriting privilege

You may write redemption checks against your account in amounts of \$500 or more. These checks are free; however, a fee will be charged if you request a stop payment or if the transfer agent cannot honor a redemption check due to insufficient funds or another valid reason. Please do not post-date your checks or use them to close your account.

Exchange privilege

You can exchange shares worth \$500 or more from one Dreyfus fund into another. You can request your exchange in writing, by phone or online. Be sure to read the current prospectus for any fund into which you are exchanging before investing. Any new account established through an exchange will have the same privileges as your original account (as long as they are available). There is currently no fee for exchanges, although you may be charged a sales load when exchanging into any fund that has one.

Dreyfus TeleTransfer privilege

To move money between your bank account and your Dreyfus fund account with a phone call or online, use the Dreyfus TeleTransfer privilege. You can set up Dreyfus TeleTransfer on your account by providing bank account information and following the instructions on your application.

Dreyfus Express® voice-activated account access

You can easily manage your Dreyfus accounts, check your account balances, purchase fund shares, transfer money between your Dreyfus funds, get price and yield information and much more — when it's convenient for you — by calling **1-800-645-6561**. Certain requests may require the services of a representative.

INSTRUCTIONS FOR REGULAR ACCOUNTS

TO OPEN AN ACCOUNT

In Writing

Complete the application.
Mail your application and a check to:
The Dreyfus Family of Funds
P.O. Box 55299, Boston, MA 02205-8553

TO ADD TO AN ACCOUNT

Fill out an investment slip, and write your account number on your check.

Mail the slip and the check to:
The Dreyfus Family of Funds
P.O. Box 105, Newark, NJ 07101-0105

TO SELL SHARES

Write a redemption check **or** write a letter of instruction that includes:

- your name(s) and signature(s)
- your account number
- the fund name
- the dollar amount you want to sell
- how and where to send the proceeds

Obtain a signature guarantee or other documentation, if required (see "Account Policies – Selling Shares").

Mail your request to:
The Dreyfus Family of Funds
P.O. Box 55263, Boston, MA 02205-8501

By Telephone

Wire Call us to request an account application and an account number. Have your bank send your investment to The Bank of New York, with these instructions:

- ABA# 021000018
- DDA# 8900052724
- the fund name
- your account number
- name(s) of investor(s)

Return your application with the account number on the application.

Wire Have your bank send your investment to The Bank of New York, with these instructions:

- ABA# 021000018
- DDA# 8900052724
- the fund name
- your account number
- name(s) of investor(s)

Electronic check Same as wire, but insert "111" before your 14-digit account number.

Dreyfus TeleTransfer Request Dreyfus TeleTransfer on your application. Call us to request your transaction.

Wire Be sure the fund has your bank account information on file. Call us to request your transaction. Proceeds will be wired to your bank.

Dreyfus TeleTransfer Be sure the fund has your bank account information on file. Call us to request your transaction. Proceeds will be sent to your bank by electronic check.

Check Call us to request your transaction. A check will be sent to the address of record.

Concepts to understand

Wire transfer: for transferring money from one financial institution to another. Wiring is the fastest way to move money, although your bank may charge a fee to send or receive wire transfers. Wire redemptions from the fund are subject to a \$1,000 minimum.

Electronic check: for transferring money out of a bank account. Your transaction is entered electronically, but may take up to eight business days to clear. Electronic checks usually are available without a fee at all Automated Clearing House (ACH) banks.

To reach Dreyfus, call toll free in the U.S.

1-800-645-6561

Outside the U.S. 516-794-5452

Make checks payable to:

The Dreyfus Family of Funds

You also can deliver requests to any Dreyfus Financial Center. Because processing time may vary, please ask the representative when your account will be credited or debited.

INSTRUCTIONS FOR **REGULAR ACCOUNTS** (continued)

TO OPEN AN ACCOUNT

Online (www.dreyfus.com)

TO ADD TO AN ACCOUNT

DESCRIPTION OF THE FUND

The Fund is a Massachusetts business trust that commenced operations on July 16, 1990. The Fund is an open-end, management investment company, known as a municipal money market mutual fund. As a municipal fund, the Fund invests in debt obligations issued by states, territories and possessions of the United States and the District of Columbia and their political subdivisions, agencies and instrumentalities, or multi-state agencies or authorities, and certain other specified securities, the interest from which is, in the opinion of bond counsel to the issuer, exempt from Federal income tax ("Municipal Obligations").

The Dreyfus Corporation (the "Manager" or "Dreyfus") serves as the Fund's investment adviser.

Dreyfus Service Corporation (the "Distributor") is the distributor of the Fund's shares.

Certain Portfolio Securities

The following information supplements and should be read in conjunction with the Fund's Prospectus.

Municipal Obligations. As a fundamental policy, the Fund normally invests at least 80% of its net assets (plus any borrowings for investment purposes) in Municipal Obligations of the Commonwealth of Pennsylvania, its political subdivisions, authorities and corporations, and certain other specified securities, that provide income exempt from Federal and Commonwealth of Pennsylvania personal income taxes (collectively, "Pennsylvania Municipal Obligations"). To the extent acceptable Pennsylvania Municipal Obligations are at any time unavailable for investment by the Fund, the Fund will invest temporarily in other Municipal Obligations. Municipal Obligations generally include debt obligations issued to obtain funds for various public purposes as well as certain industrial development bonds issued by or on behalf of public authorities. Municipal Obligations are classified as general obligation bonds, revenue bonds and notes. General obligation bonds are secured by the issuer's pledge of its full faith, credit and taxing power for the payment of principal and interest. Revenue bonds are payable from the revenue derived from a particular facility or class of facilities or, in some cases, from the proceeds of a special excise or other specific revenue source, but not from the general taxing power. Tax exempt industrial development bonds, in most cases, are revenue bonds that do not carry the pledge of the credit of the issuing municipality, but generally are guaranteed by the corporate entity on whose behalf they are issued. Notes are short-term instruments which are obligations of the issuing municipalities or agencies and are sold in anticipation of a bond sale, collection of taxes or receipt of other revenues. Municipal Obligations include municipal lease/purchase agreements, which are similar to installment purchase contracts for property or equipment issued by municipalities. Municipal Obligations bear fixed, floating or variable rates of interest.

The yields on Municipal Obligations are dependent on a variety of factors, including general economic and monetary conditions, money market factors, conditions in the Municipal

Obligations market, size of a particular offering, maturity of the obligation, and rating of the issue.

Municipal Obligations include certain private activity bonds (a type of revenue bond), the income from which is subject to the alternative minimum tax (AMT). The Fund may invest without limitation in such Municipal Obligations if the Manager determines that their purchase is consistent with the Fund's investment objective.

Certain Tax Exempt Obligations. The Fund may purchase floating and variable rate demand notes and bonds, which are tax exempt obligations ordinarily having stated maturities in excess of 13 months, but which permit the holder to demand payment of principal at any time, or at specified intervals not exceeding 13 months, in each case upon not more than 30 days' notice. Variable rate demand notes include master demand notes which are obligations that permit the Fund to invest fluctuating amounts, at varying rates of interest, pursuant to direct arrangements between the Fund, as lender, and the borrower. These obligations permit daily changes in the amount borrowed. Because these obligations are direct lending arrangements between the lender and borrower, it is not contemplated that such instruments generally will be traded, and there generally is no established secondary market for these obligations, although they are redeemable at face value, plus accrued interest. Accordingly, where these obligations are not secured by letters of credit or other credit support arrangements, the Fund's right to redeem is dependent on the ability of the borrower to pay principal and interest on demand. Each obligation purchased by the Fund will meet the quality criteria established for the purchase of Municipal Obligations.

Derivative Products. The Fund may purchase various derivative products whose value is tied to underlying Municipal Obligations. The Fund will purchase only those derivative products that are consistent with its investment objective and policies and comply with the quality, maturity and diversification standards of Rule 2a-7 under the Investment Company Act of 1940, as amended (the "1940 Act"). The principal types of derivative products are described below.

- (1) Tax Exempt Participation Interests. Tax exempt participation interests (such as industrial development bonds and municipal lease/purchase agreements) give the Fund an undivided interest in a Municipal Obligation in the proportion that the Fund's participation interest bears to the total principal amount of the Municipal Obligation. Participation interests may have fixed, floating or variable rates of interest, and are frequently backed by an irrevocable letter of credit or guarantee of a bank.
- (2) Tender Option Bonds. Tender option bonds grant the holder an option to tender an underlying Municipal Obligation at par plus accrued interest at specified intervals to a financial institution that acts as a liquidity provider. The holder of a tender option bond effectively holds a demand obligation that bears interest at the prevailing short-term tax-exempt rate.
- (3) Custodial Receipts. In a typical custodial receipt arrangement, an issuer of a Municipal Obligation deposits it with a custodian in exchange for two classes of custodial receipts. One class has the characteristics of a typical auction rate

security, where at specified intervals its interest rate is adjusted and ownership changes. The other class's interest rate also is adjusted, but inversely to changes in the interest rate of the first class.

- (4) Structured Notes. Structured notes typically are purchased in privately negotiated transactions from financial institutions and, therefore, may not have an active trading market. When the Fund purchases a structured note, it will make a payment of principal to the counterparty. Some structured notes have a guaranteed repayment of principal while others place a portion (or all) of the principal at risk. The possibility of default by the counterparty or its credit provider may be greater for structured notes than for other types of money market instruments.

Ratings of Municipal Obligations. The Fund may invest only in those Municipal Obligations which are rated in one of the two highest rating categories for debt obligations by at least two rating organizations (or one rating organization if the instrument was rated by only one such organization) or, if unrated, are of comparable quality as determined by the Manager in accordance with procedures established by the Fund's Board.

The average distribution of investments (at value) in Municipal Obligations (including notes) by ratings for the fiscal year ended September 30, 2005, computed on a monthly basis, was as follows:

Fitch Ratings ("Fitch")	or	Moody's Investors Service, Inc. ("Moody's")	or	Standard & Poor's Ratings Services ("S&P")	Percentage of Value
F-1+/F-1		VMIG 1/MIG 1, P-1		SP-1+/SP-1, A1+/A1	72.6%
AAA/AA/A		Aaa/Aa/A		AAA/AA/A	14.4%
Not Rated		Not Rated		Not Rated	13.0% ⁽¹⁾
					<u>100.0%</u>

⁽¹⁾ Included in the not rated category are securities comprising 13.0% of the Fund's market value which, while not rated, have been determined by the Manager to be of comparable quality to securities in the VMIG 1/MIG 1 rating category.

If, subsequent to its purchase by the Fund, (a) an issue of rated Municipal Obligations ceases to be rated in the highest rating category by at least two rating organizations (or one rating organization if the instrument was rated by only one such organization) or the Fund's Board determines that it is no longer of comparable quality or (b) the Manager becomes aware that any portfolio security not so highly rated or any unrated security has been given a rating by any rating organization below the rating organization's second highest rating category, the Fund's Board will reassess promptly whether such security presents minimal credit risk and will cause the Fund to take such action as it determines is in the best interest of the Fund and its shareholders; provided that the reassessment required by clause (b) is not required if the portfolio security is disposed of or matures within five business days of the Manager becoming aware of the new rating and the Fund's Board is subsequently notified of the Manager's actions.

To the extent the ratings given by Moody's, S&P or Fitch (collectively, the "Rating Agencies") for Municipal Obligations may change as a result of changes in such organization or their rating systems, the Fund will attempt to use comparable ratings as standards for its

investments in accordance with the investment policies described in the Fund's Prospectus and this Statement of Additional Information. The ratings of the Rating Agencies represent their opinions as to the quality of the Municipal Obligations which they undertake to rate. It should be emphasized, however, that ratings are relative and subjective and are not absolute standards of quality. Although these ratings may be an initial criterion for selection of portfolio investments, the Manager also will evaluate these securities and the creditworthiness of the issuers of such securities.

Taxable Investments. From time to time, on a temporary basis other than for temporary defensive purposes (but not to exceed 20% of the value of the Fund's net assets) or for temporary defensive purposes, the Fund may invest in taxable short-term investments ("Taxable Investments") consisting of: notes of issuers having, at the time of purchase, a quality rating within the two highest grades of a Rating Agency; obligations of the U.S. Government, its agencies or instrumentalities; commercial paper rated not lower than P-2 by Moody's, A-2 by S&P or F-2 by Fitch; certificates of deposit of U.S. domestic banks, including foreign branches of domestic banks, with assets of \$1 billion or more; time deposits; bankers' acceptances and other short-term bank obligations; and repurchase agreements in respect of any of the foregoing. Dividends paid by the Fund that are attributable to income earned by the Fund from Taxable Investments will be taxable to investors. See "Dividends, Distributions and Taxes." Except for temporary defensive purposes, at no time will more than 20% of the value of the Fund's net assets be invested in Taxable Investments. If the Fund purchases Taxable Investments, it will value them using the amortized cost method and comply with the provisions of Rule 2a-7 relating to purchases of taxable instruments. When the Fund has adopted a temporary defensive position, including when acceptable Pennsylvania Municipal Obligations are unavailable for investment by the Fund, in excess of 20% of the Fund's net assets may be invested in securities that are not exempt from Pennsylvania income taxes. Under normal market conditions, the Fund anticipates that not more than 5% of the value of its total assets will be invested in any one category of Taxable Investments.

Illiquid Securities. The Fund may invest up to 10% of the value of its net assets in securities as to which a liquid trading market does not exist, provided such investments are consistent with the Fund's investment objective. These securities may include securities that are not readily marketable, such as securities subject to legal or contractual restrictions on resale, and repurchase agreements providing for settlement in more than seven days after notice. As to these securities, the Fund is subject to a risk that should the Fund desire to sell them when a ready buyer is not available at a price the Fund deems representative of their value, the value of the Fund's net assets could be adversely affected.

Investment Techniques

The following information supplements and should be read in conjunction with the Fund's Prospectus.

Borrowing Money. The Fund may borrow money from banks, but only for temporary or emergency (not leveraging) purposes, in an amount up to 15% of the value of its total assets (including the amount borrowed) valued at the lesser of cost or market, less liabilities (not

including the amount borrowed) at the time borrowing is made. While such borrowings exceed 5% of the Fund's total assets, the Fund will not make any additional investments.

Stand-By Commitments. The Fund may acquire “stand-by commitments” with respect to Municipal Obligations held in its portfolio. Under a stand-by commitment, the Fund obligates a broker, dealer or bank to repurchase, at the Fund's option, specified securities at a specified price and, in this respect, stand-by commitments are comparable to put options. The exercise of a stand-by commitment, therefore, is subject to the ability of the seller to make payment on demand. The Fund will acquire stand-by commitments solely to facilitate portfolio liquidity and does not intend to exercise its rights thereunder for trading purposes. The Fund may pay for stand-by commitments if such action is deemed necessary, thus increasing to a degree the cost of the underlying Municipal Obligation and similarly decreasing such security's yield to investors. Gains realized in connection with stand-by commitments will be taxable.

Forward Commitments. The Fund may purchase Municipal Obligations and other securities on a forward commitment, when-issued, or delayed delivery basis, which means that delivery and payment take place a number of days after the date of the commitment to purchase. The payment obligation and the interest rate receivable on a forward commitment, when-issued or delayed delivery security are fixed when the Fund enters into the commitment, but the Fund does not make payment until it receives delivery from the counterparty. The Fund will commit to purchase such securities only with the intention of actually acquiring the securities, but the Fund may sell these securities before the settlement date if it is deemed advisable. The Fund will segregate permissible liquid assets at least equal at all times to the amount of the Fund's purchase commitments.

Municipal Obligations and other securities purchased on a forward commitment, when-issued or delayed delivery basis are subject to changes in value (generally changing in the same way, i.e. appreciating when interest rates decline and depreciating when interest rates rise) based upon the public's perception of the creditworthiness of the issuer and changes, real or anticipated, in the level of interest rates. Securities purchased on a forward commitment, when-issued or delayed-delivery basis may expose the Fund to risks because they may experience such fluctuations prior to their actual delivery. Purchasing securities on a forward commitment, when-issued, or delayed delivery basis can involve the additional risk that the yield available in the market when the delivery takes place actually may be higher than that obtained in the transaction itself. Purchasing securities on a forward commitment, when-issued or delayed-delivery basis when the Fund is fully or almost fully invested may result in greater potential fluctuation in the value of the Fund's net assets and its net asset value per share.

Certain Investment Considerations and Risks

General. The Fund attempts to increase yields by trading to take advantage of short-term market variations. This policy is expected to result in high portfolio turnover but should not adversely affect the Fund since the Fund usually does not pay brokerage commissions when purchasing short-term obligations. The value of the portfolio securities held by the Fund will vary inversely to changes in prevailing interest rates. Thus, if interest rates have increased from the time a security was purchased, such security, if sold, might be sold at a price less than its

purchase cost. Similarly, if interest rates have declined from the time a security was purchased, such security, if sold, might be sold at a price greater than its purchase cost. In either instance, if the security was purchased at face value and held to maturity, no gain or loss would be realized.

Even though interest-bearing securities are investments which promise a stable stream of income, the prices of such securities are inversely affected by changes in interest rates and, therefore, are subject to the risk of market price fluctuations. The values of fixed-income securities also may be affected by changes in the credit rating or financial condition of the issuing entities. The Fund seeks to maintain a stable \$1.00 share price.

Investing in Municipal Obligations. The Fund may invest more than 25% of the value of its total assets in Municipal Obligations which are related in such a way that an economic, business or political development or change affecting one such security also would affect the other securities; for example, securities the interest upon which is paid from revenues of similar types of projects or securities whose issuers are located in the same state. As a result, the Fund may be subject to greater risk as compared to a municipal money market fund that does not follow this practice.

Certain municipal lease/purchase obligations in which the Fund may invest may contain “non-appropriation” clauses which provide that the municipality has no obligation to make lease payments in future years unless money is appropriated for such purpose on a yearly basis. Although “non-appropriation” lease/purchase obligations are secured by the leased property, disposition of the leased property in the event of foreclosure might prove difficult. In evaluating the credit quality of a municipal lease/purchase obligation that is unrated, the Manager will consider, on an ongoing basis, a number of factors including the likelihood that the issuing municipality will discontinue appropriating funds for the leased property.

Certain provisions in the Internal Revenue Code of 1986, as amended (the “Code”), relating to the issuance of Municipal Obligations may reduce the volume of Municipal Obligations qualifying for Federal tax exemption. One effect of these provisions could be to increase the cost of the Municipal Obligations available for purchase by the Fund and thus reduce the available yield. Shareholders should consult their tax advisers concerning the effect of these provisions on an investment in the Fund. Proposals that may restrict or eliminate the income tax exemption for interest on Municipal Obligations may be introduced in the future. If any such proposal were enacted that would reduce the availability of Municipal Obligations for investment by the Fund so as to adversely affect Fund shareholders, the Fund would reevaluate its investment objective and policies and submit possible changes in the Fund's structure to shareholders for their consideration. If legislation were enacted that would treat a type of Municipal Obligation as taxable, the Fund would treat such security as a permissible Taxable Investment within the applicable limits set forth herein.

Investing in Pennsylvania Municipal Obligations. Since the Fund is concentrated in securities issued by Pennsylvania or entities within Pennsylvania, an investment in the Fund may involve greater risk than investments in certain other types of money market funds. You should consider carefully the special risks inherent in the Fund's investment in Pennsylvania Municipal Obligations. You should review the information in “Appendix A” which provides a brief

summary of special investment considerations and risk factors relating to investing in Pennsylvania Municipal Obligations.

Simultaneous Investments. Investment decisions for the Fund are made independently from those of other investment companies advised by the Manager. If, however, such other investment companies desire to invest in, or dispose of, the same securities as the Fund, the Manager will ordinarily seek to aggregate (or “bunch”) orders that are placed or received concurrently for more than one investment company and available investments or opportunities for sales will be allocated equitably to each investment company. In some cases, this procedure may adversely affect the size of the position obtained for or disposed of by the Fund or the price paid or received by the Fund.

Investment Restrictions

The Fund's investment objective, and its policy to normally invest at least 80% of its net assets (plus any borrowings for investment purposes) in Pennsylvania Municipal Obligations (or other instruments with similar economic characteristics), are fundamental policies which cannot be changed without approval by the holders of a majority (as defined in the 1940 Act) of the Fund's outstanding voting shares. In addition, the Fund has adopted investment restrictions numbered 1 through 10 as fundamental policies. Investment restriction number 11 is not a fundamental policy and may be changed by vote of a majority of the Fund's Board members at any time. The Fund may not:

1. Purchase securities other than Municipal Obligations and Taxable Investments as those terms are defined previously and in the Prospectus.
2. Borrow money, except from banks for temporary or emergency (not leveraging) purposes in an amount up to 15% of the value of the Fund's total assets (including the amount borrowed) based on the lesser of cost or market, less liabilities (not including the amount borrowed) at the time the borrowing is made. While borrowings exceed 5% of the value of the Fund's total assets, the Fund will not make any additional investments.
3. Pledge, hypothecate, mortgage or otherwise encumber its assets, except to secure borrowings for temporary or emergency purposes.
4. Sell securities short or purchase securities on margin.
5. Underwrite the securities of other issuers, except that the Fund may bid separately or as part of a group for the purchase of Municipal Obligations directly from an issuer for its own portfolio to take advantage of the lower purchase price available.
6. Purchase or sell real estate, real estate investment trust securities, commodities or commodity contracts, or oil and gas interests, but this shall not prevent the Fund from investing in Municipal Obligations secured by real estate or interests therein.

7. Make loans to others except through the purchase of qualified debt obligations and the entry into repurchase agreements referred to above and in the Fund's Prospectus.

8. Invest more than 25% of its total assets in the securities of issuers in any single industry; provided that there shall be no such limitation on the purchase of Municipal Obligations and, for temporary defensive purposes, obligations issued or guaranteed by the U.S. Government, its agencies or instrumentalities.

9. Invest in companies for the purpose of exercising control.

10. Invest in securities of other investment companies, except as they may be acquired as part of a merger, consolidation or acquisition of assets.

11. Enter into repurchase agreements providing for settlement in more than seven days after notice or purchase securities which are illiquid if, in the aggregate, more than 10% of the value of the Fund's net assets would be so invested.

For purposes of Investment Restriction No. 8, industrial development bonds, where the payment of principal and interest is the ultimate responsibility of companies within the same industry, are grouped together as an "industry."

If a percentage restriction is adhered to at the time of investment, a later change in such percentage resulting from a change in values or assets will not constitute a violation of such restriction.

MANAGEMENT OF THE FUND

The Fund's Board is responsible for the management and supervision of the Fund, and approves all significant agreements with those companies that furnish services to the Fund. These companies are as follows:

The Dreyfus Corporation	Investment Adviser
Dreyfus Service Corporation	Distributor
Dreyfus Transfer, Inc.	Transfer Agent
The Bank of New York.....	Custodian

Board Members of the Fund¹

Board members of the Fund, together with information as to their positions with the Fund, principal occupations and other board memberships and affiliations, are shown below.

¹ None of the Board members are "interested persons" of the Fund, as defined in the 1940 Act.

<u>Name (Age)</u> <u>Position with Fund (Since)</u>	<u>Principal Occupation</u> <u>During Past 5 Years</u>	<u>Other Board Memberships and Affiliations</u>
Joseph S. DiMartino (62) Chairman of the Board (1995)	Corporate Director and Trustee	The Muscular Dystrophy Association, Director Levcor International, Inc., an apparel fabric processor, <i>Director</i> Century Business Services, Inc., a provider of outsourcing functions for small and medium size companies, <i>Director</i> The Newark Group, a provider of a national market of paper recovery facilities, paperboard mills and paperboard converting plants, <i>Director</i> Sunair Services Corporation, engaging in the design, manufacture and sale of high frequency systems for long-range voice and data communications, as well as providing certain outdoor-related services to homes and businesses, <i>Director</i>
David W. Burke (69) Board Member (1994)	Corporate Director and Trustee	John F. Kennedy Library Foundation, <i>Director</i> U.S.S. Constitution Museum, <i>Director</i>
Gordon J. Davis (64) Board Member (1995)	Partner in the law firm of LeBoeuf, Lamb, Greene & MacRae LLP President, Lincoln Center for the Performing Arts, Inc. (2001)	Consolidated Edison, Inc., a utility company, <i>Director</i> Phoenix Companies, Inc., a life insurance company, <i>Director</i> Board Member/Trustee for several not-for-profit groups
Joni Evans (63) Board Member (1990)	Principal, Joni Evans, Ltd. Senior Vice President of the William Morris Agency (2005)	None
Arnold S. Hiatt (78) Board Member (1990)	Chairman of The Stride Rite Charitable Foundation	Isabella Stewart Gardner Museum, <i>Trustee</i> John Merck Fund, a charitable trust, <i>Trustee</i> Business for Social Responsibility, <i>Chairman</i> The A.M. Fund, <i>Trustee</i>
Burton N. Wallack (55) Board Member (1991)	President and co-owner of Wallack Management Company, a real estate management company	None

Board members are elected to serve for an indefinite term. The Fund has standing audit, nominating and compensation committees, each comprised of its Board members who are not “interested persons” of the Fund, as defined in the 1940 Act. The function of the audit committee is (i) to oversee the Fund’s accounting and financial reporting processes and the audits of the Fund’s financial statements and (ii) to assist in the Board’s oversight of the integrity of the Fund’s financial statements, the Fund’s compliance with legal and regulatory requirements and the independent registered public accounting firm’s qualifications, independence and performance. The Fund’s nominating committee, among other things, is responsible for selecting and nominating persons as members of the Board for election or appointment by the Board and for election by shareholders. In evaluating potential nominees, including any nominees recommended by shareholders, the committee takes into consideration various factors listed in the nominating committee charter, including character and integrity, business and professional experience, and whether the committee believes the person has the ability to apply

sound and independent business judgment and would act in the interest of the Fund and its shareholders. The nominating committee will consider recommendations for nominees from shareholders submitted to the Secretary of the Company, c/o The Dreyfus Corporation Legal Department, 200 Park Avenue, 8th Floor East, New York, New York 10166, which includes information regarding the recommended nominee as specified in the nominating committee charter. The function of the compensation committee is to establish the appropriate compensation for serving on the Board. The Fund also has a standing evaluation committee comprised of any one Board member. The function of the evaluation committee is to assist in valuing the Fund's investments. The Fund's audit committee met four times and the compensation and nominating committees each met once during the fiscal year ended September 30, 2005. The Fund's evaluation committee did not meet during the last fiscal year.

The table that follows indicates the dollar range of each Board member's ownership of Fund shares and shares of other funds in the Dreyfus Family of Funds for which he or she is a Board member, in each case as of December 31, 2005.

<u>Name of Board Member</u>	<u>Fund</u>	<u>Aggregate Holding of Funds in the Dreyfus Family of Funds for which Responsible as a Board Member</u>
Joseph S. DiMartino	None	Over \$100,000
David W. Burke	None	Over \$100,000
Gordon J. Davis	None	\$10,001-\$50,000
Joni Evans	None	\$10,001-\$50,000
Arnold S. Hiatt	None	None
Burton N. Wallack	None	None

As of December 31, 2005, none of the Board members or their immediate family members owned securities of the Manager, the Distributor or any person (other than a registered investment Company) directly or indirectly controlling, controlled by or under common control with the Manager or the Distributor.

The Fund currently pays its Board members its allocated portion of an annual retainer of \$30,000 and a fee of \$4,000 per meeting (with a minimum of \$500 per meeting and per telephone meeting) attended for the Fund and 10 other funds (comprised of 15 portfolios) in the Dreyfus Family of Funds, and reimburses them for their expenses. The Chairman of the Board receives an additional 25% of such compensation. Emeritus Board members are entitled to receive an annual retainer and a per meeting attended fee of one-half the amount paid to them as Board members. The aggregate amount of compensation paid to each Board member by the Fund for the fiscal year ended September 30, 2005, and by all funds in the Dreyfus Family of Funds for which such person was a Board member (the number of portfolios of such funds is set forth in parenthesis next to each Board member's total compensation) for the year ended December 31, 2005, pursuant to the compensation schedule then in effect, were as follows:

<u>Name of Board Member</u>	<u>Aggregate Compensation From the Fund *</u>	<u>Total Compensation From the Fund and Fund Complex Paid to Board Member (**)</u>
Joseph S. DiMartino	\$1,051	\$833,262 (190)
David W. Burke	\$ 840	\$287,500 (84)
Samuel Chase ⁺	\$ 715	\$ 34,799 (15)
Gordon J. Davis	\$ 840	\$100,500 (24)
Joni Evans	\$ 794	\$ 50,000 (15)
Arnold S. Hiatt	\$ 794	\$ 46,000 (15)
Burton N. Wallack	\$ 840	\$ 50,000 (15)

* Amount does not include the cost of office space, secretarial services and health benefits for the Chairman and expenses reimbursed to Board members for attending Board meetings, which in the aggregate amounted to \$3,212 for all Board members as a group.

** Represents the number of separate portfolios comprising the investment companies in the Fund Complex, including the Fund, for which the Board member serves.

+ Emeritus Board Member since November 8, 2005.

Officers of the Fund

STEPHEN E. CANTER, President since March 2000. Chairman of the Board, Chief Executive Officer, and Chief Operating Officer of the Manager, and an officer of 90 investment companies (comprised of 184 portfolios) managed by the Manager. Mr. Canter also is a Board member and, where applicable, an Executive Committee Member of the other investment management subsidiaries of Mellon Financial Corporation, each of which is an affiliate of the Manager. He is 60 years old and has been an employee of the Manager since May 1995.

STEPHEN R. BYERS, Executive Vice President since November 2002. Chief Investment Officer, Vice Chairman and a director of the Manager, and an officer of 90 investment companies (comprised of 184 portfolios) managed by the Manager. Mr. Byers also is an officer, director or an Executive Committee Member of certain other investment management subsidiaries of Mellon Financial Corporation, each of which is an affiliate of the Manager. He is 52 years old and has been an employee of the Manager since January 2000.

MARK N. JACOBS, Vice President since March 2000. Executive Vice President, Secretary and General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 59 years old and has been an employee of the Manager since June 1977.

MICHAEL A. ROSENBERG, Vice President and Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 45 years old and has been an employee of the Manager since October 1991.

JAMES BITETTO, Vice President and Assistant Secretary since August 2005. Assistant General Counsel and Assistant Secretary of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 39 years old and has been an employee of the Manager since December 1996.

JONI LACKS CHARATAN, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. She is 50 years old and has been an employee of the Manager since October 1988.

JOSEPH M. CHIOFFI, Vice President and Assistant Secretary since August 2005. Assistant General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 44 years old and has been an employee of the Manager since June 2000.

JANETTE E. FARRAGHER, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. She is 43 years old and has been an employee of the Manager since February 1984.

JOHN B. HAMMALIAN, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 42 years old and has been an employee of the Manager since February 1991.

ROBERT R. MULLERY, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 53 years old and has been an employee of the Manager since May 1986.

JEFF PRUSNOFSKY, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 40 years old and has been an employee of the Manager since October 1990.

JAMES WINDELS, Treasurer since November 2001. Director-Mutual Fund Accounting of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 47 years old and has been an employee of the Manager since April 1985.

ERIK D. NAVILOFF, Assistant Treasurer since August 2005. Senior Accounting Manager – Taxable Fixed Income Funds of the Manager, and an officer of 91 investment companies

(comprised of 200 portfolios) managed by the Manager. He is 37 years old and has been an employee of the Manager since November 1992.

GAVIN C. REILLY, Assistant Treasurer since December 2005. Tax Manager of the Investment Accounting and Support Department of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 37 years old and has been an employee of the Manager since April 1991.

ROBERT S. ROBOL, Assistant Treasurer August 2003. Senior Accounting Manager – Money Market and Municipal Bond Funds of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 41 years old and has been an employee of the Manager since October 1988.

ROBERT SVAGNA, Assistant Treasurer since August 2005. Senior Accounting Manager – Equity Funds of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 38 years old and has been an employee of the Manager since November 1990.

WILLIAM GERMENIS, Anti-Money Laundering Compliance Officer since October 2002. Vice President and Anti-Money Laundering Compliance Officer of the Distributor, and the Anti-Money Laundering Compliance Officer of 87 investment companies (comprised of 196 portfolios) managed by the Manager. He is 35 years old and has been an employee of the Distributor since October 1998.

JOSEPH W. CONNOLLY, Chief Compliance Officer since September 2004. Chief Compliance Officer of the Manager and The Dreyfus Family of Funds (91 investment companies, comprised of 200 portfolios). From November 2001 through March 2004, Mr. Connolly was first Vice-President, Mutual Fund Servicing for Mellon Global Securities Services. In that capacity, Mr. Connolly was responsible for managing Mellon's Custody, Fund Accounting and Fund Administration services to third-party mutual fund clients. He is 48 years old and has served in various capacities with the Manager since 1980, including manager of the firm's Fund Accounting Department from 1997 through October 2001.

The address of each Board member and officer of the Fund is 200 Park Avenue, New York, New York 10166.

As of January 10, 2006, the Fund's Board members and officers, as a group, did not own any outstanding shares of the Fund.

As of January 10, 2006, the following shareholders were known to own of record 5% or more of the outstanding shares of the Fund: Janney Montgomery Scott LLC, 1801 Market Street, Philadelphia, PA 19103-1628 (66.32%).

MANAGEMENT ARRANGEMENTS

Investment Adviser. The Manager is a wholly-owned subsidiary of Mellon Financial Corporation (“Mellon”). Mellon is a global financial holding company incorporated under Pennsylvania law in 1971 and registered under the Federal Bank Holding Company Act of 1956, as amended. Mellon provides a comprehensive range of financial products and services in domestic and selected international markets.

The Manager provides management services pursuant to a Management Agreement (the “Agreement”) between the Fund and the Manager. The Agreement is subject to annual approval by (i) the Fund's Board or (ii) vote of a majority (as defined in the 1940 Act) of the outstanding voting securities of the Fund, provided that in either event the continuance also is approved by a majority of the Board members who are not “interested persons” (as defined in the 1940 Act) of the Fund or the Manager, by vote cast in person at a meeting called for the purpose of voting on such approval. The Agreement is terminable without penalty, on 60 days' notice, by the Fund's Board or by vote of the holders of a majority of the Fund's shares, or, upon not less than 90 days' notice, by the Manager. The Agreement will terminate automatically in the event of its assignment (as defined in the 1940 Act).

The following persons are officers and/or directors of the Manager: Stephen E. Canter, Chair of the Board, Chief Executive Officer and Chief Operating Officer; Thomas F. Eggers, President and a director; Stephen R. Byers, Chief Investment Officer, Vice Chair and a director; J. Charles Cardona, Vice Chair and a director; Diane P. Durnin, Vice Chair and a director; J. David Officer, Vice Chair and a director; Mark N. Jacobs, Executive Vice President, General Counsel and Secretary; Patrice M. Kozlowski, Senior Vice President – Corporate Communications; Lisa A. Fox, Vice President – Human Resources; Anthony Mayo, Vice President – Information Systems; Theodore A. Schachar, Vice President-Tax; Alex G. Sciulli, Vice President; Wendy H. Strutt, Vice President; Gary Pierce, Controller; Joseph W. Connolly, Chief Compliance Officer; James Bitetto, Assistant Secretary; and Steven G. Elliott, David F. Lamere, Martin G. McGuinn, Ronald P. O'Hanley III and Richard W. Sabo, directors.

The Manager manages the Fund's investments in accordance with the stated policies of the Fund, subject to the approval of the Fund's Board. The Manager is responsible for investment decisions and provides the Fund with portfolio managers who are authorized by the Board to execute purchases and sales of securities. The Fund's portfolio managers are Joseph P. Darcy, A. Paul Disdier, Douglas J. Gaylor, Joseph Irace, Colleen Meehan, W. Michael Petty, Scott Sprauer, Bill Vasiliou, James Welch and Monica S. Wieboldt. The Manager also maintains a research department with a professional staff of portfolio managers and securities analysts who provide research services for the Fund and for other funds advised by the Manager.

The Manager's Code of Ethics subjects its employees' personal securities transactions to various restrictions to ensure that such trading does not disadvantage any fund advised by the Manager. In that regard, portfolio managers and other investment personnel of the Manager must preclear and report their personal securities transactions and holdings, which are reviewed for compliance with the Code of Ethics and are also subject to the oversight of Mellon's Investment Ethics Committee (the “Committee”). Portfolio managers and other investment personnel of the

Manager who comply with the preclearance and disclosure procedures of the Code of Ethics and the requirements of the Committee may be permitted to purchase, sell or hold securities which also may be or are held in fund(s) they manage or for which they otherwise provide investment advice.

The Manager maintains office facilities on behalf of the Fund, and furnishes statistical and research data, clerical help, accounting, data processing, bookkeeping and internal auditing and certain other required services to the Fund. The Manager may pay the Distributor for shareholder services from the Manager's own assets, including past profits but not including the management fee paid by the Fund. The Distributor may use part or all of such payments to pay certain financial institutions (which may include banks), securities dealers and other industry professionals (collectively, "Service Agents") in respect of these services. The Manager also may make such advertising and promotional expenditures, using its own resources, as it from time to time deems appropriate.

Expenses. All expenses incurred in the operation of the Fund are borne by the Fund, except to the extent specifically assumed by the Manager. The expenses borne by the Fund include, without limitation, the following: taxes, interest, loan commitment fees, interest and distributions paid on securities sold short, brokerage fees and commissions, if any, fees of Board members who are not officers, directors, employees or holders of 5% or more of the outstanding voting securities of the Manager or its affiliates, Securities and Exchange Commission fees, state Blue Sky qualification fees, advisory fees, charges of custodians, transfer and dividend disbursing agents' fees, certain insurance premiums, industry association fees, outside auditing and legal expenses, costs of maintaining the Fund's existence, costs of independent pricing services, costs attributable to investor services including, without limitation, telephone and personnel expenses, costs of shareholders' reports and meetings, costs of preparing and printing prospectuses and statements of additional information for regulatory purposes and for distribution to existing shareholders, and any extraordinary expenses.

As compensation for the Manager's services, the Fund has agreed to pay the Manager a monthly management fee at the annual rate of 0.50% of the value of the Fund's average daily net assets. All fees and expenses are accrued daily and deducted before the declaration of dividends to shareholders. For the fiscal years ended September 30, 2003, 2004 and 2005, the management fees paid by the Fund amounted to \$415,373, \$418,584 and \$638,929, respectively.

The Manager has agreed that if in any fiscal year the aggregate expenses of the Fund, exclusive of taxes, brokerage, interest on borrowings and (with the prior written consent of the necessary state securities commissions) extraordinary expenses, but including the management fee, exceed the expense limitation of any state having jurisdiction over the Fund, the Fund may deduct from the payment to be made to the Manager under the Agreement, or the Manager will bear, such excess expense to the extent required by state law. Such deduction or payment, if any, will be estimated daily, and reconciled and effected or paid, as the case may be, on a monthly basis.

The aggregate of the fees payable to the Manager is not subject to reduction as the value of the Fund's net assets increases.

Distributor. The Distributor, a wholly-owned subsidiary of the Manager located at 200 Park Avenue, New York, New York 10166, serves as the Fund's distributor on a best efforts basis pursuant to an agreement with the Fund which is renewable annually.

The Manager or the Distributor may provide cash payments out of its own resources to financial intermediaries that sell shares of the Fund or provide other services. Such payments are in addition to any shareholder services fees or other expenses paid by the Fund. These additional payments may be made to certain Service Agents, including affiliates, that provide shareholder servicing, sub-administration, recordkeeping and/or sub-transfer agency services, marketing support and/or access to sales meetings, sales representatives and management representatives of the Service Agent. Cash compensation also may be paid to Service Agents for inclusion of the Fund on a sales list, including a preferred or select sales list or in other sales programs. These payments sometimes are referred to as “revenue sharing”. In some cases, these payments may create an incentive for a Service Agent to recommend or sell shares of the Fund to you. Please contact your Service Agent for details about any payments they may receive in connection with the sale of Fund shares or the provision of services to the Fund.

From time to time, the Manager or the Distributor also may provide cash or non-cash compensation to Service Agents in the form of: occasional gifts; occasional meals, tickets or other entertainment; support for due diligence trips; educational conference sponsorship; support for recognition programs; and other forms of cash or non-cash compensation permissible under broker-dealer regulations, as periodically amended.

Transfer and Dividend Disbursing Agent and Custodian. Dreyfus Transfer, Inc. (the “Transfer Agent”), a wholly-owned subsidiary of the Manager, 200 Park Avenue, New York, New York 10166, is the Fund's transfer and dividend disbursing agent. Under a transfer agency agreement with the Fund, the Transfer Agent arranges for the maintenance of shareholder account records for the Fund, the handling of certain communications between shareholders and the Fund and the payment of dividends and distributions payable by the Fund. For these services, the Transfer Agent receives a monthly fee computed on the basis of the number of shareholder accounts it maintains for the Fund during the month, and is reimbursed for certain out-of-pocket expenses.

The Bank of New York (the “Custodian”), One Wall Street, New York, New York 10286, is the Fund's custodian. The Custodian has no part in determining the investment policies of the Fund or which securities are to be purchased or sold by the Fund. Under a custody agreement with the Fund, the Custodian holds the Fund's securities and keeps all necessary accounts and records. For its custody services, the Custodian receives a monthly fee based on the market value of the Fund's assets held in custody and receives certain securities transactions charges.

HOW TO BUY SHARES

General. Fund shares may be purchased through the Distributor or Service Agents that have entered into service agreements with the Distributor. Fund shares are sold without a sales charge. You may be charged a fee if you effect transactions in Fund shares through a Service Agent. You will be charged a fee if an investment check is returned unpayable. Share certificates are issued only upon your written request. No certificates are issued for fractional shares. It is not recommended that the Fund be used as a vehicle for Keogh, IRA or other qualified retirement plans. The Fund reserves the right to reject any purchase order.

As discussed under “Management Arrangements-Distributor,” Service Agents may receive revenue sharing payments from the Manager or the Distributor. The receipt of such payments could create an incentive for a Service Agent to recommend or sell shares of the Fund instead of other mutual funds where such payments are not received. Please contact your Service Agent for details about any payments they may receive in connection with the sale of Fund shares or the provision of services to the Fund.

The minimum initial investment is \$2,500 or \$1,000 if you are a client of a Service Agent which maintains an omnibus account in the Fund and has made an aggregate minimum initial purchase for its customers of \$2,500. Subsequent investments must be at least \$100. The initial investment must be accompanied by the Account Application. For full-time or part-time employees of the Manager or any of its affiliates or subsidiaries, directors of the Manager, Board members of a fund advised by the Manager, including members of the Fund's Board, or the spouse or minor child of any of the foregoing, the minimum initial investment is \$1,000. For full-time or part-time employees of the Manager or any of its affiliates or subsidiaries who elect to have a portion of their pay directly deposited into their Fund accounts, the minimum initial investment is \$50. Fund shares are offered without regard to the minimum initial investment requirements to Board members of a fund advised by the Manager, including members of the Fund's Board, who elect to have all or a portion of their compensation for serving in that capacity automatically invested in the Fund. The Fund reserves the right to vary the initial and subsequent investment minimum requirements at any time.

Fund shares also are offered without regard to the minimum initial investment requirements through Dreyfus Automatic Asset Builder[®], Dreyfus Government Direct Deposit Privilege or Dreyfus Payroll Savings Plan pursuant to the Dreyfus Step Program described under “Shareholder Services.” These services enable you to make regularly scheduled investments and may provide you with a convenient way to invest for long-term financial goals. You should be aware, however, that periodic investment plans do not guarantee a profit and will not protect you against loss in a declining market.

Shares are sold on a continuous basis at the net asset value per share next determined after an order in proper form and Federal Funds (monies of member banks within the Federal Reserve System which are held on deposit at a Federal Reserve Bank) are received by the Transfer Agent or other entity authorized to receive orders on behalf of the Fund. If you do not remit Federal Funds, your payment must be converted into Federal Funds. This usually occurs within one business day of receipt of a bank wire or within two business days of receipt of a check drawn on a member bank of the Federal Reserve System. Checks drawn on banks which

are not members of the Federal Reserve System may take considerably longer to convert into Federal Funds. Prior to receipt of Federal Funds, your money will not be invested. Net asset value per share is determined as of 12:00 Noon, Eastern time, on each day the New York Stock Exchange is open for regular business. The Fund also may process purchase and sale orders and calculate its net asset value on days that the Fund's primary trading markets are open and the Fund's management determines to do so. Net asset value per share is computed by dividing the value of the Fund's net assets (i.e., the value of its assets less liabilities) by the total number of shares outstanding. See "Determination of Net Asset Value."

If your payments are received in or converted into Federal Funds by 12:00 Noon, Eastern time, by the Transfer Agent, you will receive the dividend declared that day. If your payments are received in or converted into Federal Funds after 12:00 Noon, Eastern time, by the Transfer Agent, you will begin to accrue dividends on the following business day.

Qualified institutions may place telephone orders for the purchase of Fund shares. These orders will become effective at the price determined at 12:00 Noon, Eastern time, and the shares purchased will receive the dividend on Fund shares declared on that day, if the telephone order is placed by 12:00 Noon, Eastern time, and Federal Funds are received by 4:00 p.m., Eastern time, on that day.

Using Federal Funds. The Transfer Agent or the Fund may attempt to notify you upon receipt of checks drawn on banks that are not members of the Federal Reserve System as to the possible delay in conversion into Federal Funds and may attempt to arrange for a better means of transmitting the money. If you are a customer of a Service Agent and your order to purchase Fund shares is paid for other than in Federal Funds, the Service Agent, acting on your behalf, will complete the conversion into, or itself advance, Federal Funds, generally on the business day following receipt of your order. The order is effective only when so converted and received by the Transfer Agent. If you have sufficient Federal Funds or a cash balance in your brokerage account with a Service Agent, your order to purchase Fund shares will become effective on the day that the order, including Federal Funds, is received by the Transfer Agent.

Dreyfus TeleTransfer Privilege. You may purchase shares by telephone or online if you have checked the appropriate box and supplied the necessary information on the Account Application or have filed a Shareholder Services Form with the Transfer Agent. The proceeds will be transferred between the bank account designated in one of these documents and your Fund account. Only a bank account maintained in a domestic financial institution which is an Automated Clearing House ("ACH") member may be so designated.

Dreyfus TeleTransfer purchase orders may be made at any time. If purchase orders are received by 4:00 p.m., Eastern time, on any day that the Transfer Agent and the New York Stock Exchange are open for regular business, Fund shares will be purchased at the share price determined on that day. If purchase orders are made after 4:00 p.m., Eastern time, on any day the Transfer Agent and the New York Stock Exchange are open for regular business, or made on Saturday, Sunday or any Fund holiday (e.g., when the New York Stock Exchange is not open for business), Fund shares will be purchased at the share price determined on the next business day following such purchase order. To qualify to use Dreyfus TeleTransfer Privilege, the initial

payment for purchase of Fund shares must be drawn on, and redemption proceeds paid to, the same bank and account as are designated on the Account Application or Shareholder Services Form on file. If the proceeds of a particular redemption are to be sent to an account at any other bank, the request must be in writing and signature-guaranteed. See “How to Redeem Shares--Dreyfus TeleTransfer Privilege.”

Transactions Through Securities Dealers. Fund shares may be purchased and redeemed through securities dealers which may charge a fee for such services. Some dealers will place the Fund's shares in an account with their firm. Dealers also may require that the customer invest more than the \$1,000 minimum investment; the customer not take physical delivery of share certificates; the customer not request redemption checks to be issued in the customer's name; fractional shares not be purchased; monthly income distributions be taken in cash; or other conditions.

There is no sales or service charge by the Fund or the Distributor, although investment dealers, banks and other institutions may make reasonable charges to investors for their services. The services provided and the applicable fees are established by each dealer or other institution acting independently of the Fund. The Fund understands that these fees may be charged for customer services including, but not limited to, same-day investment of client funds; same-day access to client funds; advice to customers about the status of their accounts, yield currently being paid or income earned to date; provision of periodic account statements showing security and money market positions; other services available from the dealer, bank or other institution; and assistance with inquiries related to their investment. Any such fees will be deducted monthly from your account, which on smaller accounts could constitute a substantial portion of the distribution. Small, inactive, long-term accounts involving monthly service charges may not be in the best interest of investors. You should be aware that you may purchase shares of the Fund directly from the Fund without imposition of any maintenance or service charges, other than those already described in the Fund's Prospectus or this Statement of Additional Information.

Reopening an Account. You may reopen an account with a minimum investment of \$100 without filing a new Account Application during the calendar year the account is closed or during the following calendar year, provided the information on the old Account Application is still applicable.

SHAREHOLDER SERVICES PLAN

The Fund has adopted a Shareholder Services Plan (the “Plan”) pursuant to which the Fund reimburses the Distributor an amount not to exceed an annual rate of 0.25% of the value of the Fund's average daily net assets for certain allocated expenses of providing personal services and/or maintaining shareholder accounts. The services provided may include personal services relating to shareholder accounts, such as answering shareholder inquiries regarding the Fund and providing reports and other information, and services related to the maintenance of shareholder accounts.

A quarterly report of the amounts expended under the Plan, and the purposes for which such expenditures were incurred, must be made to the Fund's Board for its review. In addition, the Plan provides that material amendments of the Plan must be approved by the Fund's Board, and by the Board members who are not "interested persons" (as defined in the 1940 Act) of the Fund and have no direct or indirect financial interest in the operation of the Plan, by vote cast in person at a meeting called for the purpose of considering such amendments. The Plan is subject to annual approval by such vote of the Board members cast in person at a meeting called for the purpose of voting on the Plan. The Plan is terminable at any time by vote of a majority of the Board members who are not "interested persons" and have no direct or indirect financial interest in the operation of the Plan.

For the fiscal year ended September 30, 2005, the Fund paid \$37,848 pursuant to the Plan.

HOW TO REDEEM SHARES

General. The Fund ordinarily will make payment for all shares redeemed within seven days after receipt by the Transfer Agent of a redemption request in proper form, except as provided by the rules of the Securities and Exchange Commission. However, if you have purchased Fund shares by check, by Dreyfus TeleTransfer Privilege or through Dreyfus-Automatic Asset Builder[®] and subsequently submit a written redemption request to the Transfer Agent, the Fund may delay the redemption of such shares for up to eight business days after the purchase of such shares. In addition, the Fund will not honor redemption checks under the Checkwriting Privilege, and will reject requests to redeem shares by wire or telephone, online or pursuant to the Dreyfus TeleTransfer Privilege, for a period of up to eight business days after receipt by the Transfer Agent of the purchase check, the Dreyfus TeleTransfer purchase or the Dreyfus-Automatic Asset Builder order against which such redemption is requested. These procedures will not apply if your shares were purchased by wire payment, or if you otherwise have a sufficient collected balance in your account to cover the redemption request. Prior to the time any redemption is effective, dividends on such shares will accrue and be payable, and you will be entitled to exercise all other rights of beneficial ownership. Fund shares may not be redeemed until the Transfer Agent has received your Account Application.

Checkwriting Privilege. The Fund provides redemption checks ("Checks") automatically upon opening an account, unless you specifically refuse the Checkwriting Privilege by checking the applicable "No" box on the Account Application. Checks will be sent only to the registered owner(s) of the account and only to the address of record. The Checkwriting Privilege may be established for an existing account by a separate signed Shareholder Services Form. The Account Application or Shareholder Services Form must be manually signed by the registered owner(s). Checks are drawn on your Fund account and may be made payable to the order of any person in an amount of \$500 or more. When a Check is presented to the Transfer Agent for payment, the Transfer Agent, as your agent, will cause the Fund to redeem a sufficient number of shares in your account to cover the amount of the Check. Dividends are earned until the Check clears. After clearance, a copy of the Check will be returned to you. You generally will be subject to the same rules and regulations that apply to checking accounts, although election of this Privilege creates only a shareholder-transfer agent relationship with the Transfer Agent.

You should date your Checks with the current date when you write them. Please do not postdate your Checks. If you do, the Transfer Agent will honor, upon presentment, even if presented before the date of the Check, all postdated Checks which are dated within six months of presentment for payment, if they are otherwise in good order.

Checks are free, but the Transfer Agent will impose a fee for stopping payment of a Check upon your request or if the Transfer Agent cannot honor a Check due to insufficient funds or other valid reason. If the amount of the Check is greater than the value of the shares in your account, the Check will be returned marked insufficient funds. Checks should not be used to close an account.

Wire Redemption Privilege. By using this Privilege, you authorize the Transfer Agent to act on telephone, letter or online redemption instructions from any person representing himself or herself to be you, and reasonably believed by the Transfer Agent to be genuine. Ordinarily, the Fund will initiate payment for shares redeemed pursuant to this Privilege on the same business day if the Transfer Agent receives the redemption request in proper form prior to 12:00 Noon, Eastern time, on such day; otherwise, the Fund will initiate payment on the next business day. Redemption proceeds (\$1,000 minimum) will be transferred by Federal Reserve wire only to the commercial bank account specified by you on the Account Application or Shareholder Services Form, or to a correspondent bank if your bank is not a member of the Federal Reserve System. Fees ordinarily are imposed by such bank and borne by the investor. Immediate notification by the correspondent bank to your bank is necessary to avoid a delay in crediting the funds to your bank account.

To change the commercial bank or account designated to receive wire redemption proceeds, a written request must be sent to the Transfer Agent. This request must be signed by each shareholder, with each signature guaranteed as described below under “Share Certificates; Signatures.”

Dreyfus TeleTransfer Privilege. You may request by telephone or online that redemption proceeds be transferred between your Fund account and your bank account. Only a bank account maintained in a domestic financial institution which is an ACH member may be designated. You should be aware that if you have selected the Dreyfus TeleTransfer Privilege, any request for a Dreyfus TeleTransfer transaction will be effected through the ACH system unless more prompt transmittal specifically is requested. Redemption proceeds will be on deposit in your account at an ACH member bank ordinarily two business days after receipt of the redemption request. See “How to Buy Shares--Dreyfus TeleTransfer Privilege.”

Share Certificates; Signatures. Any certificates representing Fund shares to be redeemed must be submitted with the redemption request. A fee may be charged to replace lost or stolen certificates, or certificates that were never received. Written redemption requests must be signed by each shareholder, including each holder of a joint account, and each signature must be guaranteed. Signatures on endorsed certificates submitted for redemption also must be guaranteed. The Transfer Agent has adopted standards and procedures pursuant to which signature-guarantees in proper form generally will be accepted from domestic banks, brokers,

dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program, the Securities Transfer Agents Medallion Program (“STAMP”) and the Stock Exchanges Medallion Program. Guarantees must be signed by an authorized signatory of the guarantor and “Signature-Guaranteed” must appear with the signature. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees or guardians, and may accept other suitable verification arrangements from foreign investors, such as consular verification. For more information with respect to signature-guarantees, please call one of the telephone numbers listed on the cover.

Redemption Commitment. The Fund has committed itself to pay in cash all redemption requests by any shareholder of record, limited in amount during any 90-day period to the lesser of \$250,000 or 1% of the value of the Fund's net assets at the beginning of such period. Such commitment is irrevocable without the prior approval of the Securities and Exchange Commission. In the case of requests for redemption in excess of such amount, the Fund's Board reserves the right to make payments in whole or in part in securities or other assets of the Fund in case of an emergency or any time a cash distribution would impair the liquidity of the Fund to the detriment of the existing shareholders. In such event, the securities would be valued in the same manner as the Fund's portfolio is valued. If the recipient sells such securities, brokerage charges might be incurred.

Suspension of Redemptions. The right of redemption may be suspended or the date of payment postponed (a) during any period when the New York Stock Exchange is closed (other than customary weekend and holiday closings), (b) when trading in the markets the Fund ordinarily utilizes is restricted, or when an emergency exists as determined by the Securities and Exchange Commission so that disposal of the Fund's investments or determination of its net asset value is not reasonably practicable or (c) for such other periods as the Securities and Exchange Commission by order may permit to protect the Fund's shareholders.

SHAREHOLDER SERVICES

Fund Exchanges. You may purchase, in exchange for shares of the Fund, shares of certain other funds managed or administered by the Manager or shares of certain funds advised by Founders Asset Management LLC (“Founders”), an indirect subsidiary of the Manager, to the extent such shares are offered for sale in your state of residence. Shares of other funds purchased by exchange will be purchased on the basis of relative net asset value per share as follows:

- A. Exchanges for shares of funds offered without a sales load will be made without a sales load.
- B. Shares of funds purchased without a sales load may be exchanged for shares of other funds sold with a sales load, and the applicable sales load will be deducted.
- C. Shares of funds purchased with a sales load may be exchanged without a sales load for shares of other funds sold without a sales load.

- D. Shares of funds purchased with a sales load, shares of funds acquired by a previous exchange from shares purchased with a sales load and additional shares acquired through reinvestment of dividends or distributions of any such funds (collectively referred to herein as “Purchased Shares”) may be exchanged for shares of other funds sold with a sales load (referred to herein as “Offered Shares”), but if the sales load applicable to the Offered Shares exceeds the maximum sales load that could have been imposed in connection with the Purchased Shares (at the time the Purchased Shares were acquired), without giving effect to any reduced loads, the difference may be deducted.

To accomplish an exchange under item D above, you must notify the Transfer Agent of your prior ownership of fund shares and your account number.

To request an exchange, you or your Service Agent acting on your behalf must give exchange instructions to the Transfer Agent in writing, by telephone, or online. The ability to issue exchange instructions by telephone or online is given to all Fund shareholders automatically, unless you check the applicable “No” box on the Account Application, indicating that you specifically refuse this privilege. By using this privilege, you authorize the Transfer Agent to act on telephonic and online instructions (including over the Dreyfus Express® voice-response telephone system) from any person representing himself or herself to be you, and reasonably believed by the Transfer Agent to be genuine. Exchanges may be subject to limitations as to the amount involved or the number of exchanges permitted. Shares issued in certificate form may not be exchanged by telephone or online. No fees currently are charged shareholders directly in connection with exchanges, although the Fund reserves the right, upon not less than 60 days' written notice, to charge shareholders a nominal administrative fee in accordance with rules promulgated by the Securities and Exchange Commission.

To establish a personal retirement plan by exchange, shares of the fund being exchanged must have a value of at least the minimum initial investment required for the fund into which the exchange is being made.

Dreyfus Auto-Exchange Privilege. Dreyfus Auto-Exchange Privilege permits you to purchase (on a semi-monthly, monthly, quarterly or annual basis), in exchange for shares of the Fund, shares of another fund in the Dreyfus Family of Funds or of shares of certain funds advised by Founders of which you are a shareholder. This Privilege is available only for existing accounts. Shares will be exchanged on the basis of relative net asset value as described above under “Fund Exchanges.” Enrollment in or modification or cancellation of this Privilege is effective three business days following notification by you. You will be notified if your account falls below the amount designated to be exchanged under this Privilege. In this case, your account will fall to zero unless additional investments are made in excess of the designated amount prior to the next Auto-Exchange transaction. Shares held under IRA and other retirement plans are eligible for this Privilege. Exchanges of IRA shares may be made between IRA accounts and from regular accounts to IRA accounts, but not from IRA accounts to regular accounts. With respect to all other retirement accounts, exchanges may be made only among those accounts.

Fund Exchanges and the Dreyfus Auto-Exchange Privilege are available to shareholders resident in any state in which shares of the fund being acquired may legally be sold. Shares may be exchanged only between accounts having certain identical identifying designations.

Shareholder Services Forms and prospectuses of the other funds may be obtained by calling 1-800-645-6561, or visiting www.dreyfus.com. The Fund reserves the right to reject any exchange request in whole or in part. The Fund Exchanges service or Dreyfus Auto-Exchange Privilege may be modified or terminated at any time upon notice to shareholders.

Dreyfus-Automatic Asset Builder®. Dreyfus-Automatic Asset Builder permits you to purchase Fund shares (minimum of \$100 and maximum of \$150,000 per transaction) at regular intervals selected by you. Fund shares are purchased by transferring funds from the bank account designated by you.

Dreyfus Government Direct Deposit Privilege. Dreyfus Government Direct Deposit Privilege enables you to purchase Fund shares (minimum of \$100 and maximum of \$50,000 per transaction) by having Federal salary, Social Security, or certain veterans', military or other payments from the U.S. Government automatically deposited into your Fund account.

Dreyfus Payroll Savings Plan. Dreyfus Payroll Savings Plan permits you to purchase Fund shares (minimum of \$100 per transaction) automatically on a regular basis. Depending upon your employer's direct deposit program, you may have part or all of your paycheck transferred to your existing Dreyfus account electronically through the ACH system at each pay period. To establish a Dreyfus Payroll Savings Plan account, you must file an authorization form with your employer's payroll department. It is the sole responsibility of your employer to arrange for transactions under the Dreyfus Payroll Savings Plan.

Dreyfus Step Program. Dreyfus Step Program enables you to purchase Fund shares without regard to the Fund's minimum initial investment requirements through Dreyfus-Automatic Asset Builder®, Dreyfus Government Direct Deposit Privilege or Dreyfus Payroll Savings Plan. To establish a Dreyfus Step Program account, you must supply the necessary information on the Account Application and file the required authorization form(s) with the Transfer Agent. For more information concerning this Program, or to request the necessary authorization form(s), please call toll free 1-800-782-6620. You may terminate your participation in this Program at any time by discontinuing your participation in Dreyfus-Automatic Asset Builder, Dreyfus Government Direct Deposit Privilege or Dreyfus Payroll Savings Plan, as the case may be, as provided under the terms of such Privilege(s). The Fund may modify or terminate this Program at any time.

Dreyfus Dividend Options. Dreyfus Dividend Sweep allows you to invest automatically your dividends or dividends and capital gain distributions, if any, from the Fund in shares of another fund in the Dreyfus Family of Funds or shares of certain funds advised by Founders of which you are a shareholder. Shares of other funds purchased pursuant to this privilege will be purchased on the basis of relative net asset value per share as follows:

- A. Dividends and distributions paid by a fund may be invested without a sales load in shares of other funds offered without a sales load.
- B. Dividends and distributions paid by a fund that does not charge a sales load may be invested in shares of other funds sold with a sales load, and the applicable sales load will be deducted.
- C. Dividends and distributions paid by a fund that charges a sales load may be invested may be invested in shares of other funds sold with a sales load (referred to herein as “Offered Shares”), but if the sales load applicable to the Offered Shares exceeds the maximum sales load charged by the fund from which dividends or distributions are being swept (without giving effect to any reduced loads), the difference may be deducted.
- D. Dividends and distributions paid by a fund may be invested in shares of other funds that impose a contingent deferred sales charge (“CDSC”) and the applicable CDSC, if any, will be imposed upon redemption of such shares.

Dreyfus Dividend ACH permits you to transfer electronically dividends or dividends and capital gain distributions, if any, from the Fund to a designated bank account. Only an account maintained at a domestic financial institution which is an ACH member may be so designated. Banks may charge a fee for this service.

Automatic Withdrawal Plan. The Automatic Withdrawal Plan permits you to request withdrawal of a specified dollar amount (minimum of \$50) on either a monthly or quarterly basis if you have a \$5,000 minimum account. Withdrawal payments are the proceeds from sales of Fund shares, not the yield on the shares. If withdrawal payments exceed reinvested dividends and distributions, your shares will be reduced and eventually may be depleted. The Automatic Withdrawal Plan may be terminated at any time by you, the Fund or the Transfer Agent. Shares for which share certificates have been issued may not be redeemed through the Automatic Withdrawal Plan.

DETERMINATION OF NET ASSET VALUE

Amortized Cost Pricing. The valuation of the Fund's portfolio securities is based upon their amortized cost, which does not take into account unrealized capital gains or losses. This involves valuing an instrument at its cost and thereafter assuming a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of the instrument. While this method provides certainty in valuation, it may result in periods during which value, as determined by amortized cost, is higher or lower than the price the Fund would receive if it sold the instrument.

The Board has established, as a particular responsibility within the overall duty of care owed to the Fund's investors, procedures reasonably designed to stabilize the Fund's price per share as computed for the purpose of purchases and redemptions at \$1.00. Such procedures include review of the Fund's portfolio holdings by the Board, at such intervals as it deems

appropriate, to determine whether the Fund's net asset value calculated by using available market quotations or market equivalents deviates from \$1.00 per share based on amortized cost. Market quotations and market equivalents used in such review are obtained from an independent pricing service (the "Service") approved by the Board. The Service values the Fund's investments based on methods which include consideration of: yields or prices of Municipal Obligations of comparable quality, coupon, maturity and type; indications of values from dealers; and general market conditions. The Service also may employ electronic data processing techniques and/or a matrix system to determine valuations.

The extent of any deviation between the Fund's net asset value based upon available market quotations or market equivalents and \$1.00 per share based on amortized cost will be examined by the Board. If such deviation exceeds 1/2 of 1%, the Board will consider what action, if any, will be initiated. In the event the Board determines that a deviation exists which may result in material dilution or other unfair results to investors or existing shareholders, it has agreed to take such corrective action as it regards as necessary and appropriate, including: selling portfolio instruments prior to maturity to realize capital gains or losses or to shorten average portfolio maturity; withholding dividends or paying distributions from capital or capital gains; redeeming shares in kind; or establishing a net asset value per share by using available market quotations or market equivalents.

New York Stock Exchange Closings. The holidays (as observed) on which the New York Stock Exchange is closed currently are: New Year's Day, Martin Luther King Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas.

DIVIDENDS, DISTRIBUTIONS AND TAXES

Management believes that the Fund has qualified as a "regulated investment company" under the Code for the fiscal year ended September 30, 2005. The Fund intends to continue to so qualify if such qualification is in the best interests of its shareholders. As a regulated investment company, the Fund will pay no Federal income tax on net investment income and net realized capital gains to the extent that such income and gains are distributed to shareholders in accordance with applicable provisions of the Code. To qualify as a regulated investment company, the Fund must pay out to its shareholders at least 90% of its net income (consisting of net investment income from tax exempt obligations and taxable obligations, if any, and net short-term capital gains), and must meet certain asset diversification and other requirements. If the Fund does not qualify as a regulated investment company, it will be treated for tax purposes as an ordinary corporation subject to Federal income tax. The term "regulated investment company" does not imply the supervision of management or investment practices or policies by any government agency.

The Fund ordinarily declares dividends from net investment income on each day the New York Stock Exchange is open for regular business. The Fund's earnings for Saturdays, Sundays and holidays are declared as dividends on the preceding business day. Dividends usually are paid on the last calendar day of each month and are automatically reinvested in additional Fund shares at net asset value or, at your option, paid in cash. If you redeem all shares in your account

at any time during the month, all dividends to which you are entitled will be paid to you along with the proceeds of the redemption. If you are an omnibus accountholder and indicate in a partial redemption request that a portion of any accrued dividends to which such account is entitled belongs to an underlying accountholder who has redeemed all shares in his or her account, such portion of the accrued dividends will be paid to you along with the proceeds of the redemption.

If you elect to receive dividends and distributions in cash, and your dividend or distribution check is returned to the Fund as undeliverable or remains uncashed for six months, the Fund reserves the right to reinvest such dividend or distribution and all future dividends and distributions payable to you in additional Fund shares at net asset value. No interest will accrue on amounts represented by uncashed distribution or redemption checks.

Ordinarily, gains and losses realized from portfolio transactions will be treated as capital gain or loss. However, all or a portion of any gain realized from the sale or other disposition of certain market discount bonds will be treated as ordinary income.

If, at the close of each quarter of its taxable year, at least 50% of the value of the Fund's total assets consists of Federal tax exempt obligations, the Fund may designate and pay Federal exempt-interest dividends from interest earned on all such tax exempt obligations. Such exempt-interest dividends may be excluded by shareholders of the Fund from their gross income for Federal income tax purposes. Dividends derived from Taxable Investments, together with distributions from any net realized short-term securities gains, generally are taxable as ordinary income for Federal income tax purposes whether or not reinvested. Distributions from net realized long-term securities gains generally are taxable as long-term capital gains to a shareholder who is a citizen or resident of the United States, whether or not reinvested and regardless of the length of time the shareholder has held his or her shares.

Dividends paid by the Fund will not be subject to the Pennsylvania personal income tax or to the Philadelphia School District investment net income tax to the extent that the dividends are attributable to interest received by the Fund from its investments in Pennsylvania Municipal Obligations and U.S. Government obligations, including obligations issued by U.S. possessions. Dividends or distributions paid by the Fund to a Pennsylvania resident that are attributable to most other sources may be subject to the Pennsylvania personal income tax and (for residents of Philadelphia) to the Philadelphia School District investment net income tax.

Dividends paid by the Fund which are considered "exempt-interest dividends" for Federal income tax purposes are not subject to the Pennsylvania Corporate Net Income Tax, but other dividends or distributions paid by the Fund may be subject to that tax. An additional deduction from Pennsylvania taxable income is permitted for dividends or distributions paid by the Fund attributable to interest from the Fund's investments in Pennsylvania Municipal Obligations and U.S. Government obligations to the extent included in Federal taxable income, but such a deduction is reduced by any interest on indebtedness incurred to carry the securities and other expenses incurred in the production of such interest income, including expenses deducted on the Federal income tax return that would not have been allowed under the Code if the interest were exempt from Federal income tax. It is the current position of the Department of

Revenue of the Commonwealth of Pennsylvania that Fund shares are considered exempt assets (with a pro rata exclusion based on the value of the Fund shares attributable to the Fund's investments in Pennsylvania Municipal Obligations and U.S. Government obligations, including obligations issued by U.S. possessions) for the purpose of determining a corporation's capital stock value subject to the Pennsylvania Capital Stock/Franchise Tax. Shares of the Fund are exempt from Pennsylvania county personal property taxes to the extent that the Fund's portfolio consists of Pennsylvania Municipal Obligations and U.S. Government obligations, including obligations issued by U.S. possessions.

Federal regulations require that you provide a certified taxpayer identification number ("TIN") upon opening or reopening an account. See the Account Application for further information concerning this requirement. Failure to furnish a certified TIN to the Fund could subject you to a \$50 penalty imposed by the Internal Revenue Service.

PORTFOLIO TRANSACTIONS

General. The Manager assumes general supervision over the placement of securities purchase and sale orders on behalf of the funds it manages. In cases where the Manager or fund employs a sub-adviser, the sub-adviser, under the supervision of the Manager, places orders on behalf of the applicable fund(s) for the purchase and sale of portfolio securities.

Certain funds are managed by dual employees of the Manager and an affiliated entity in the Mellon organization. Funds managed by dual employees use the research and trading facilities, and are subject to the internal policies and procedures, of the affiliated entity. In this regard, the Manager places orders on behalf of those funds for the purchase and sale of securities through the trading desk of the affiliated entity, applying the written trade allocation procedures of such affiliate.

The Manager (and where applicable, a sub-adviser or Dreyfus affiliate) generally has the authority to select brokers (for equity securities) or dealers (for fixed income securities) and the commission rates or spreads to be paid. Allocation of brokerage transactions, including their frequency, is made in the best judgment of the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) and in a manner deemed fair and reasonable to shareholders. The primary consideration in placing portfolio transactions is prompt execution of orders at the most favorable net price. In choosing brokers or dealers, the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) evaluates the ability of the broker or dealer to execute the particular transaction (taking into account the market for the security and the size of the order) at the best combination of price and quality of execution.

In general, brokers or dealers involved in the execution of portfolio transactions on behalf of a fund are selected on the basis of their professional capability and the value and quality of their services. The Manager (and where applicable, a sub-adviser or Dreyfus affiliate) attempts to obtain best execution for the fund by choosing brokers or dealers to execute transactions based on a variety of factors, which may include, but are not limited to, the following: (i) price; (ii) the availability of natural liquidity; (iii) the nature and character of the relevant market for the

security to be purchased or sold; (iv) the measured quality and efficiency of the broker's or dealer's execution; (v) the broker's or dealer's willingness to commit capital; (vi) the reliability of the broker or dealer in trade settlement and clearance; (vii) the level of counter-party risk (*i.e.*, the broker's or dealer's financial condition); (viii) the commission rate or the spread; (ix) the value of research provided; (x) the availability of electronic trade entry and reporting links; and (xi) the size and type of order (*e.g.*, foreign or domestic security, large block, illiquid security). In selecting brokers or dealers no factor is necessarily determinative; however, at various times and for various reasons, certain factors will be more important than others in determining which broker or dealer to use. Seeking to obtain best execution for all trades takes precedence over all other considerations.

With respect to the receipt of research, the brokers or dealers selected may include those that supplement the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) research facilities with statistical data, investment information, economic facts and opinions. Such information may be useful to the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) in serving funds or accounts that it advises and, conversely, supplemental information obtained by the placement of business of other clients may be useful to the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) in carrying out its obligations to the fund. Information so received is in addition to, and not in lieu of, services required to be performed by the Manager (and where applicable, a sub-adviser or Dreyfus affiliate), and the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) fees are not reduced as a consequence of the receipt of such supplemental information. Although the receipt of such research services does not reduce the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) normal independent research activities, it enables it to avoid the additional expenses that might otherwise be incurred if it were to attempt to develop comparable information through its own staff.

Under the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) procedures, portfolio managers and their corresponding trading desks may seek to aggregate (or "bunch") orders that are placed or received concurrently for more than one fund or account. In some cases, this policy may adversely affect the price paid or received by a fund or an account, or the size of the position obtained or liquidated. As noted above, certain brokers or dealers may be selected because of their ability to handle special executions such as those involving large block trades or broad distributions, provided that the primary consideration of best execution is met. Generally, when trades are aggregated, The Fund or account within the block will receive the same price and commission. However, random allocations of aggregate transactions may be made to minimize custodial transaction costs. In addition, at the close of the trading day, when reasonable and practicable, the completed securities of partially filled orders will generally be allocated to each participating fund and account in the proportion that each order bears to the total of all orders (subject to rounding to "round lot" amounts).

Portfolio turnover may vary from year to year as well as within a year. In periods in which extraordinary market conditions prevail, the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) will not be deterred from changing a Fund's investment strategy as rapidly as needed, in which case higher turnover rates can be anticipated which would result in greater brokerage expenses. The overall reasonableness of brokerage commissions paid is evaluated by the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) based upon its knowledge

of available information as to the general level of commissions paid by other institutional investors for comparable services. Higher portfolio turnover rates usually generate additional brokerage commissions and transaction costs and any short-term gains realized from these transactions are taxable to shareholders as ordinary income.

To the extent that a fund invests in foreign securities, certain of such fund's transactions in those securities may not benefit from the negotiated commission rates available to funds for transactions in securities of domestic issuers. For funds that permit foreign exchange transactions, such transactions are made with banks or institutions in the interbank market at prices reflecting a mark-up or mark-down and/or commission.

The Manager (and where applicable, a sub-adviser or Dreyfus affiliate) may deem it appropriate for one fund or account it manages to sell a security while another fund or account it manages is purchasing the same security. Under such circumstances, the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) may arrange to have the purchase and sale transactions effected directly between the fund and/or accounts ("cross transactions"). Cross transactions will be effected in accordance with procedures adopted pursuant to Rule 17a-7 under the 1940 Act.

All portfolio transactions of each money market fund are placed on behalf of the fund by the Manager. Debt securities purchased and sold by a fund generally are traded on a net basis (*i.e.*, without a commission) through dealers acting for their own account and not as brokers, or otherwise involve transactions directly with the issuer of the instrument. This means that a dealer makes a market for securities by offering to buy at one price and sell at a slightly higher price. The difference between the prices is known as a "spread." Other portfolio transactions may be executed through brokers acting as agent. A fund will pay a spread or commission in connection with such transactions. The Manager uses its best efforts to obtain execution of portfolio transactions at prices that are advantageous to a fund and at spreads and commission rates (if any) that are reasonable in relation to the benefits received. The Manager also places transactions for other accounts that it provides with investment advice.

When more than one fund or account is simultaneously engaged in the purchase or sale of the same investment instrument, the prices and amounts are allocated in accordance with a formula considered by the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) to be equitable to the fund or account. In some cases this system could have a detrimental effect on the price or volume of the investment instrument as far as a fund or account is concerned. In other cases, however, the ability of a fund or account to participate in volume transactions will produce better executions for the fund or account.

When transactions are executed in the over-the-counter market (*i.e.*, with dealers), the Manager will typically deal with the primary market makers unless a more favorable price or execution otherwise is obtainable.

Disclosure of Portfolio Holdings. It is the policy of the Fund to protect the confidentiality of its portfolio holdings and prevent the selective disclosure of non-public information about such holdings. The Fund will publicly disclose its holdings in accordance with regulatory requirements, such as periodic portfolio disclosure in filings with the Securities and Exchange

Commission. The Fund will publicly disclose its complete schedule of portfolio holdings, as reported on a month-end basis, at www.dreyfus.com. The information will be posted with a one-month lag and will remain accessible until the Fund files a report on Form N-Q or Form N-CSR for the period that includes the date as of which the information was current. In addition, fifteen days following the end of each calendar quarter, the Fund will publicly disclose on the website its complete schedule of portfolio holdings as of the end of such quarter.

If the Fund's portfolio holdings are released pursuant to an ongoing arrangement with any party, the Fund must have a legitimate business purpose for doing so, and neither the Fund, nor Dreyfus or its affiliates, may receive any compensation in connection with an arrangement to make available information about the Fund's portfolio holdings. The Fund may distribute portfolio holdings to mutual fund evaluation services such as Standard & Poor's, Morningstar or Lipper Analytical Services; due diligence departments of broker-dealers and wirehouses that regularly analyze the portfolio holdings of mutual funds before their public disclosure; and broker-dealers that may be used by the Fund, for the purpose of efficient trading and receipt of relevant research, provided that: (a) the recipient does not distribute the portfolio holdings to persons who are likely to use the information for purposes of purchasing or selling Fund shares or Fund portfolio holdings before the portfolio holdings become public information; and (b) the recipient signs a written confidentiality agreement.

The Fund may also disclose any and all portfolio information to its service providers and others who generally need access to such information in the performance of their contractual duties and responsibilities and are subject to duties of confidentiality, including a duty not to trade on non-public information, imposed by law and/or contract. These service providers include the Fund's custodian, auditors, investment adviser, administrator, and each of their respective affiliates and advisers.

Disclosure of the Fund's portfolio holdings may be authorized only by the Fund's Chief Compliance Officer, and any exceptions to this policy are reported quarterly to the Fund's Board.

INFORMATION ABOUT THE FUND

Each Fund share has one vote and, when issued and paid for in accordance with the terms of the offering, is fully paid and non-assessable. Fund shares are of one class and have equal rights as to dividends and in liquidation. Shares have no preemptive, subscription or conversion rights and are freely transferable.

Unless otherwise required by the 1940 Act, ordinarily it will not be necessary for the Fund to hold annual meetings of shareholders. As a result, Fund shareholders may not consider each year the election of Board members or the appointment of auditors. However, the holders of at least 10% of the shares outstanding and entitled to vote may require the Fund to hold a special meeting of shareholders for purposes of removing a Board member from office. Fund shareholders may remove a Board member by the affirmative vote of two-thirds of the Fund's outstanding voting shares. In addition, the Board will call a meeting of shareholders for the purpose of electing Board members if, at any time, less than a majority of the Board members then holding office have been elected by shareholders.

The Fund is organized as an unincorporated business trust under the laws of the Commonwealth of Massachusetts. Under Massachusetts law, shareholders could, under certain circumstances, be held personally liable for the obligations of the Fund. However, the Fund's Agreement and Declaration of Trust (the "Trust Agreement") disclaims shareholder liability for acts or obligations of the Fund and requires that notice of such disclaimer be given in each agreement, obligation or instrument entered into or executed by the Fund or a Trustee. The Trust Agreement provides for indemnification from the Fund's property for all losses and expenses of any shareholder held personally liable for the obligations of the Fund. Thus, the risk of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the Fund itself would be unable to meet its obligations, a possibility which management believes is remote. Upon payment of any liability incurred by the Fund, the shareholder paying such liability will be entitled to reimbursement from the general assets of the Fund. The Fund intends to conduct its operations in such a way so as to avoid, as far as possible, ultimate liability of the shareholders for liabilities of the Fund.

The Fund will send annual and semi-annual financial statements to all its shareholders.

COUNSEL AND INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Stroock & Stroock & Lavan LLP, 180 Maiden Lane, New York, New York 10038-4982, as counsel for the Fund, has rendered its opinion as to certain legal matters regarding the due authorization and valid issuance of the shares being sold pursuant to the Fund's Prospectus.

Ernst & Young LLP, 5 Times Square, New York, New York 10036, an independent registered public accounting firm, serves as independent auditors of the Fund.

APPENDIX A

RISK FACTORS—INVESTING IN PENNSYLVANIA MUNICIPAL OBLIGATIONS

The following information constitutes only a brief summary, does not purport to be a complete description, and is based on information drawn from official statements relating to securities offerings of the Commonwealth of Pennsylvania (the "Commonwealth") and various local agencies, available as of the date of this Statement of Additional Information. While the Fund has not independently verified such information, it has no reason to believe that such information is not correct in all material respects.

General

The Commonwealth had been historically identified as a heavy industry state, although declines in the coal, steel and railroad industries have led to diversification of the Commonwealth's economy over the last thirty years. Current major sources of economic growth in Pennsylvania are in the service sector, including trade, medical, health services, education and financial institutions. Pennsylvania's agricultural industries also are an important component of the Commonwealth's economic structure, accounting for more than \$4.8 billion in crop and livestock products annually. Pennsylvania ranks among the top ten states in the production of a variety of agricultural products. In 2004, agribusiness and food related industries reached record export sales surpassing \$1 billion in economic activity. Agriculture exports have grown by more than 4% since 2003. Over 58,000 farms form the backbone of the Commonwealth's agricultural economy. Farmland in Pennsylvania includes over four million acres of harvested cropland and three million acres of pasture and farm woodlands – nearly one-third of the Commonwealth's total land area.

Pennsylvania's extensive public and private forests provide a vast source of material for the lumber, furniture, and paper products industries. The forestry and related industries accounts for 1.5% of employment with economic activity of nearly \$5 billion in domestic and international trade. Additionally, the Commonwealth derives a good water supply from underground sources, abundant rainfall, and a large number of rivers, streams, and lakes. Other natural resources include major deposits of coal, petroleum, and natural gas. Annually, about 80 million tones of anthracite and bituminous coal, 175 billion cubic feet of natural gas, and about 1.4 million barrels of oil are extracted from Pennsylvania.

In 2004, the population of Pennsylvania was 12.4 million. Pennsylvania has a high proportion of persons between 45 and 65 years old relative to the nation or the Middle Atlantic Region. The Commonwealth is highly urbanized, with 79% of the 2004 mid-year census population residing in the 15 metropolitan statistical areas of the Commonwealth. The cities of Philadelphia and Pittsburgh, the Commonwealth's largest metropolitan statistical areas, together comprise almost 44% of the Commonwealth's total population. Pennsylvania's workforce is estimated at 5.6 million people, ranking as the sixth largest labor pool in the nation. The high level of education embodied in the Commonwealth's work force fosters a wide variety of employment capabilities. Pennsylvania's basic and higher education statistics compare favorably with other states in the nation.

Pennsylvania's average annual unemployment rate was equivalent to the national average throughout the 1990's. Slower economic growth caused the rate to rise to 5.9% in 1995. The resumption of faster economic growth resulted in a decrease in the Commonwealth's annual unemployment rate to 4.2% in 2000. Since that time, the combination of a recession and slow economic growth has pushed the Commonwealth's annual unemployment rate to 5.5% through 2004. From 1995 through 2004, Pennsylvania's annual average unemployment rate was at or below the Middle Atlantic Region's average. As of September 2005, Pennsylvania had a seasonally adjusted annual unemployment rate of 4.8%.

Personal income in the Commonwealth for 2004 was \$413.71 billion, an increase of 5.5% over the previous year. During the same period, national personal income increased at a rate of 5.7%. Based on estimates, per capita income for 2004 was at \$33,348 for the Commonwealth, compared to per capita income in the United States of \$32,937.

Description of Funds

The Commonwealth utilizes the fund method of accounting, and over 150 funds have been established and currently exist for the purpose of recording receipts and disbursements, of which the General Fund is the largest. The General Fund receives all tax and non-tax revenues and Federal grants and entitlements that are not specified by law to be deposited elsewhere. The majority of the operating and administrative expenses of the Commonwealth are payable from the General Fund, including debt service on most bond indebtedness of the Commonwealth. The Motor License Fund receives all tax and fee revenues relating to motor fuels and vehicles, except the revenues from $\frac{1}{2}\text{¢}$ per gallon of the liquid fuels tax which is constitutionally required to be deposited in the Liquid Fuels Tax Fund for distribution to local municipalities. Similarly, other special revenue funds have been established by law to receive specified revenues appropriated to departments, boards and/or commissions for payment of their operating and administrative costs. Some of these special revenue funds are required to transfer excess revenues to the General Fund, and some receive funding, in addition to their specified revenues, through appropriations from the General Fund.

The State Lottery Fund is a special revenue fund for the receipt of lottery ticket sales and lottery licenses and fees. Its revenues, after payment of prizes, are dedicated to paying the costs of programs benefiting the elderly and handicapped in the Commonwealth.

The Tobacco Settlement Fund is a special revenue fund established to receive tobacco litigation settlement payments paid to the Commonwealth. The Commonwealth is one of 46 states that settled certain smoking-related litigation in a November 1998 master settlement agreement with participating tobacco product manufacturers (the "MSA"). Under the MSA the Commonwealth is entitled to receive a portion of payments made pursuant to the MSA by participating tobacco product manufacturers. As of June 30, 2003, the Commonwealth had received approximately \$1.67 billion in payments under the MSA. Most revenues to the Tobacco Settlement Fund are subject to annual appropriation by the General Assembly and approval by the Governor.

The Budget Stabilization Reserve Fund (replacing the Tax Stabilization Reserve Fund in 2002, the "BSRF") is a special revenue fund that receives a portion of any budgetary basis fiscal

year-end surplus of the General Fund. The BSRF is to be used for emergencies threatening the health, safety or welfare of citizens or during downturns in the economy that result in significant unanticipated revenue shortfalls not able to be addressed through the normal budget process. Assets of the fund may be used upon recommendation by the Governor and an approving vote by two-thirds of the members of each house of the General Assembly. Legislation enacted with the adoption of the Fiscal Year 2003 Budget abolished the Tax Stabilization Reserve Fund and transferred its balance of \$1.038 billion to the General Fund. That legislation also established a new reserve fund named the BSRF and initially directed \$300 million of funding from the General Fund for deposit to the fund during Fiscal Year 2003. Subsequently, the General Assembly repealed the \$300 million transfer allowing that amount to remain in the General Fund to help offset anticipated revenue shortfalls to the Fiscal Year 2003 budget. This action, in addition to other budget actions taken during Fiscal Year 2003, contributed to the achievement of a General Fund unappropriated surplus balance of \$279.1 million on June 30, 2003, with 25% of that amount (\$69.8 million) transferred to the BSRF. Following completion of the Fiscal Year 2004 budget, a General Fund unappropriated surplus balance of \$266.9 million was achieved with 25% (\$66.7 million) transferred to the BSRF. In addition, the Commonwealth made an additional transfer to the BSRF of \$123.3 million, which resulted in a total Fiscal Year 2004 contribution of \$190 million. At present, the Commonwealth maintains a balance of approximately \$263.4 million in the BSRF. Additionally, at present the Commonwealth maintains balances in various funds and accounts, including the BSRF, totaling approximately 6% of the Commonwealth's annual operating costs. The proposed Fiscal Year 2006 budget anticipates a partial draw down of a portion of these reserves, primarily a majority of the remaining balance in the Commonwealth's intergovernmental transfer reserve account.

The Commonwealth maintains trust and agency funds that are used to administer funds received pursuant to a specific bequest or as an agent for other governmental units or individuals. Enterprise funds are maintained for departments or programs operated like private enterprises. The largest of these funds is the State Stores Fund, which is used for the receipts and disbursements of the Commonwealth's liquor store system. Sale and distribution of all liquor within Pennsylvania is a government enterprise. In addition, the Commonwealth maintains funds classified as working capital, bond and sinking funds for specified purposes.

Financial information for the principal operating funds is maintained on a budgetary basis of accounting for insuring compliance with the enacted operating budget and is governed by applicable Commonwealth statutes and by administrative procedures. The Commonwealth also prepares annual financial statements in accordance with generally accepted accounting principles ("GAAP"). The GAAP statements are audited jointly by the Auditor General of the Commonwealth and an independent public accounting firm. The Commonwealth maintains a June 30th fiscal year end.

Beginning with its GAAP basis financial statements for the fiscal year ended June 30, 2002, the Commonwealth has adopted several new accounting and reporting standards (collectively, the "New Standards"). Among other things, these New Standards required presentation of government-wide and fund financial statements that constitute basic financial statements and replace general-purpose financial statements reported under former standards. Government-wide financial statements are intended to portray the government "as a whole" while fund financial statements provide fund-specific information. Government-wide financial

statements are intended to describe the total cost of providing governmental services and disclose whether the Commonwealth's financial condition improved or weakened during the fiscal year. As part of implementing the New Standards, effective July 1, 2001 the Commonwealth has reclassified and/or restated numerous fund balance amounts previously reported at June 30, 2001 and has reported governmental activities net assets at June 30, 2001. The New Standards also require providing supplementary information, including a Management's Discussion and Analysis of the financial statements. For Fiscal Year 2002 the Commonwealth also changed how functional expenditure categories are defined. All of these changes may hamper the comparability of GAAP basis financial information for Fiscal Year 2002 to financial reports for years prior to the implementation of the New Standards.

Revenues

Tax revenues constitute approximately 98% of Commonwealth revenues in the General Fund. The major tax sources for the General Fund of the Commonwealth are the sales tax (\$7.999 billion, 32.9% of General Fund revenues in Fiscal Year 2005), the personal income tax (\$8.746 billion, 36% of General Fund revenues in Fiscal Year 2005), the 9.99% corporate net income tax (\$1.921 billion, 7.9% of General Fund revenues in Fiscal Year 2005) and capital stock and franchise taxes (\$1.025 billion, 4.2% of General Fund revenues in Fiscal Year 2005).

The sales tax is levied at a rate of 6% on the sale, use, storage, rental or consumption of tangible personal property, cigarettes and certain services, and upon the occupancy of hotel rooms. Substantial exemptions from the tax include clothing, food purchased in grocery stores or supermarkets, medical supplies, drugs, residential use of certain utilities, motor fuels, and machinery, equipment and items used in manufacturing, processing, farming or dairying and utility service. The tax base was expanded in Fiscal Year 1992 to include a number of services not previously taxed. Beginning in Fiscal Year 1998, 1.22% of collections, up to an annual limit of \$75 million, were transferred to a special fund for mass transit assistance, and in Fiscal Year 2004, the percentage was increased by an additional 0.417%.

The Commonwealth's personal income tax is levied at a flat rate on the taxable income of all residents and resident trusts and estates and taxable income attributable to Pennsylvania non-resident estates and trusts. The current tax rate of 3.07% became effective on January 1, 2004, having been raised from the prior rate of 2.8%, which had been in effect since July 1, 1992. Credit against the tax is allowed for gross or net income taxes paid to other states by Pennsylvania residents.

Capital stock and franchise taxes are levied on the capital stock value of domestic and foreign corporations doing business or having property or capital employed in Pennsylvania on that portion of capital stock value apportionable to Pennsylvania under a statutory formula. Capital stock and franchise tax tentative payments are payable quarterly based on 90% of the tax liability of the year preceding the immediate prior year. Under current law, the General Fund tax rate for tax years that began in 2005 is 5.99 mills, having been reduced from 6.99 mills effective January 1, 2005. This tax is scheduled to be phased out by annual rate reductions through 2010.

Other taxes, including the utility gross receipts tax (\$1.125 billion, 4.6% of Fiscal Year 2005 revenues), the cigarette tax (\$784.4 million, 3.2% of Fiscal Year 2005 revenues) and

inheritance and estate taxes (\$716.1 million, 2.9% of Fiscal Year 2005 revenues) also contribute significant revenues to the Commonwealth's budget.

The major tax sources for the Motor License Fund are the liquid fuels taxes and the oil companies franchise tax. Together these taxes produce over 45% of Motor License Fund revenues. For Fiscal Year 2005, the liquid fuels tax accounted for \$588.4 million (27.3%), and the oil company franchise tax accounted for \$381.3 million (17.7%) of Motor License Fund revenues. Portions of certain taxes whose receipts are deposited into the Motor License Fund are legislatively restricted to specific transportation programs. These receipts are accounted for in restricted accounts in the Motor License Fund and are not included in the discussions of the tax revenues of the Motor License Fund.

License and fee receipts in the General Fund for Fiscal Year 2005 totaled \$121.1 million representing 0.5% of Commonwealth revenues to the General Fund. A general increase in various General Fund fees was enacted in December 2003 and effective in January 2004. Revenues from motor vehicle licenses and fees in Fiscal Year 2004 were \$876.9 million, representing 40.7% of total Fiscal Year 2005 Motor License Fund revenues.

Federal Revenues. Receipts by the Commonwealth in its General Fund, Motor License Fund and State Lottery Fund from the Federal government during Fiscal Year 2005 totaled \$17.6 billion. Approximately \$11.8 billion, or 67.2% of total Federal revenue to the Commonwealth for Fiscal Year 2005, was attributable to public health and welfare programs. For Fiscal Year 2006, receipt of Federal funds is estimated to be \$17.3 billion.

Expenditures

In Fiscal Year 2005, expenditures from Commonwealth revenues for education purposes were over \$9.8 billion. The 2006 Budget (defined below) includes over \$10.1 billion in education funding, an increase of over 3% over Fiscal Year 2005.

Public Health and Human Services. The Commonwealth provides temporary support for its residents who are seeking to achieve and sustain independence. It also provides care, treatment and rehabilitation to persons with mental and physical disabilities and supports programs to prevent or reduce social, mental and physical disease and disabilities. Fiscal Year 2005 public health and human services expenditures were \$23.53 billion and are projected to be \$24.3 billion for Fiscal Year 2006. Of the Fiscal Year 2005 expenditures, \$8.2 billion were funded from the General Fund, while \$8.9 billion is estimated for Fiscal Year 2006. Federal funds are expected to decrease by \$114.5 million, and augmentations are expected to increase by \$112.9 million for Fiscal Year 2006. The 2006 Budget also includes \$337 million of receipts from the Tobacco Settlement Fund that will be expended for health care.

Programs providing temporary financial assistance and medical assistance comprise the largest portion of public health and human services expenditures. General Fund expenditures for these assistance programs by the Commonwealth amounted to \$4.7 billion in Fiscal Year 2005, while \$5.1 billion is budgeted from the General Fund for Fiscal Year 2006. The 2005 budget included the use of \$79.9 million in additional intergovernmental transfer funds to offset General Fund requirements and \$260.6 million is estimated for Fiscal Year 2006 for expected program

cost increases. A nursing home assessment fee provided a General Fund offset of \$157.8 million in Fiscal Year 2005 and is expected to provide \$185.7 million offset in Fiscal Year 2006. In addition, a managed care organization assessment provided a General Fund offset of \$174.9 million in Fiscal Year 2005 and is expected to provide a \$192.6 million offset in Fiscal Year 2006. Approximately 37% of the total cost of assistance to the economically needy is supported by Commonwealth funds appropriated from the General Fund. The balance is provided from reimbursements by the Federal government and through various program collection activities conducted by the Commonwealth.

Expenditures for medical assistance increased during the period from Fiscal Years 1995 through 2005 by an average annual rate of 8.5%. Fiscal Year 2005 expenditures from Commonwealth funds were \$4.2 billion and the 2006 Budget appropriated \$4.6 billion for medical assistance, an increase of 9.7%. Income maintenance cash assistance payments to families in transition to independence were \$961.2 million for Fiscal Year 2005, of which \$384.2 million was from the General Fund. The 2006 Budget includes a total of \$962.7 million, with \$377.3 million provided from the General Fund.

Transportation. The Commonwealth is responsible for the construction, restoration and maintenance of the highways and bridges in the 40,000-mile state highway system, including certain city streets that are a part of the state highway system. Assistance for the maintenance and construction of local roads and bridges is provided to municipalities through grants of financial aid. Highway maintenance costs, construction costs and assistance grants are paid from the Motor License Fund. The General Fund, the State Lottery Fund and other special funds, including the Public Transportation Assistance Fund, the Liquid Fuels Tax Fund, the Highway Beautification Fund and the Motor Vehicle Transaction Recovery Fund provide the remainder of funding for transportation programs.

The Commonwealth also provides subsidies for mass transit systems including passenger rail and bus service. A total of \$408.5 million in Commonwealth revenues was expended from the General Fund and the State Lottery Fund for such purposes in Fiscal Year 2004, and \$515.6 million is available for Fiscal Year 2005. A total of \$497.9 million was included in the 2006 Budget. In 1991, the Public Transportation Assistance Fund was created with dedicated sources of funding for mass transit systems. Funds totaling \$174.7 million were expended from this fund in Fiscal Year 2004, and \$193.0 million was budgeted for Fiscal Year 2005. A total of \$174.4 million is budgeted for Fiscal Year 2006.

Motor License Fund restricted revenues budgeted for highway construction purposes totaled \$554.8 million in Fiscal Year 2004. Combined Motor License Fund and restricted revenues expended for highway maintenance in Fiscal Year 2004 totaled \$1.143 billion. A total of \$1.395 billion was budgeted for Fiscal Year 2005. Support of highway and bridge expenditures by local governments through grants paid from Motor License Fund and restricted revenues were \$274.5 million in Fiscal Year 2004. A total of \$302.6 million was available for Fiscal Year 2005.

The Commonwealth's current aviation program funds the development of public airport facilities through grants providing for airport development, runway rehabilitation, and real estate tax rebates for public use airports. Taxes levied on aviation and jet fuel provide revenues for a

restricted account for aviation programs in the Motor License Fund. In Fiscal Year 2004, \$17 million was expended from the aviation restricted account for such purposes. A total of \$18.3 million was available for Fiscal Year 2005.

Financial Performance

Recent Developments. On July 7, 2005, the Commonwealth's Fiscal Year 2006 budget was enacted by the General Assembly and signed into law by the Governor (the "2006 Budget"). The 2006 Budget includes a projected rise in Commonwealth revenues, prior to reserves for tax refunds, of 2.8% over Fiscal Year 2005 receipts. The rate of growth in revenues is based upon a projection that the national economy will continue to grow at a modest rate. The 2006 Budget provides for an increase in appropriations of 5.3% over the 2005 Budget. Contributing to an increase in appropriations is the replacement of a significant amount of Federal fiscal relief with Commonwealth funds, which accounts for nearly one-third of the projected rate of growth in appropriations.

Financial Results for Governmental Fund Types Recent Fiscal Years (GAAP Basis). During Fiscal Year 2004, the overall financial position (net assets) of the Commonwealth, including both governmental and business-type activities, increased by \$1.1 billion or 5.3% of total beginning (as restated at July 1, 2003) net assets of \$20.7 billion. For governmental activities, the net increase in net assets was \$1.5 billion, 8.2% of beginning net assets of \$18.2 billion. Total governmental assets were \$37 billion and liabilities were \$17.3 billion at June 30, 2004, leaving net governmental assets of \$19.7 billion.

The governmental funds balance sheet reports total fund balances for all governmental funds. Assets of the Commonwealth's governmental funds (the General Fund, the Motor License Fund and the Tobacco Settlement Fund are major governmental funds) as of June 30, 2004 were \$16.2 billion. Liabilities for the same date totaled \$9.4 billion, leaving a fund balance of \$6.79 billion, an increase of \$1.16 billion from the fund balance at June 30, 2003, as restated. The fund balance for the General Fund increased by \$648.8 million, the fund balance for the Motor License Fund increased by \$187 million, the fund balance for the Tobacco Settlement Fund increased by \$74 million and the fund balance for aggregated non-major funds increased by \$248 million.

General Fund Financial Results for Recent Fiscal Years (GAAP Basis). During the five year period from Fiscal Year 2000 through Fiscal Year 2004, total revenues and other sources increased by an average 4.6% annually. Tax revenues during this same period increased by an annual average of 2.7%. During the past several years, slow economic growth and the resulting slow growth for tax revenues have caused fees and license income and other financing sources such as transfers from other funds to become a larger portion of income to the General Fund. Expenditures and other uses during the Fiscal Years 2000 through 2004 rose at an average annual rate of 5.4%.

The fund balance at June 30, 2004 totaled \$3.007 billion, an increase of \$648.8 million from the balance at June 30, 2003. The Fiscal Year 2004 year-end unreserved-undesignated portion of the fund balance was \$1.63 billion, \$318.8 million above the amount recorded for Fiscal Year 2003.

General Fund Fiscal Year 2003 Financial Results (GAAP Basis). At June 30, 2003, the General Fund reported a fund balance of \$2.36 billion, a decrease of \$665 million from the reported \$3.023 billion fund balance at June 30, 2002. On a net basis, total assets increased by \$388 million to \$8.525 billion. Liabilities increased by \$1.053 billion to \$6.167 billion largely because of a \$383 million increase in accounts payable. A large part of the \$665 million net decrease in the General Fund balance was because the General Fund transferred \$903 million to other funds and provided \$1.04 billion to component units. Total General Fund expenditures increased by 8.2% during Fiscal Year 2003. General Fund tax revenues increased by 4.9% due to economic growth and, to a large degree, by increases in cigarette tax rates. Intergovernmental revenues increased by 11.1% due to increases in Federally-funded programs, particularly medical and other assistance. Total General Fund revenues increased by 6.1% during Fiscal Year 2003. The overall decrease in fund balance (\$665 million) during Fiscal Year 2003 was an improvement of \$957 million over the prior fiscal year decrease in fund balance (\$1.622 billion). On an overall basis, during periods of declining or slow economic growth, it is common for the fund balance of the General Fund to decline.

General Fund Fiscal Year 2003 Financial Results (Budgetary Basis). Continued slow growth in the national economy since the recession of 2001 impacted the Commonwealth tax and revenue collections in Fiscal Year 2003. Actual fiscal year Commonwealth revenues were below estimate by 2.3% or \$497.6 million. Total Fiscal Year 2003 Commonwealth revenues net of reserves for tax refunds and including intergovernmental transfers and additional resources were \$21.81 billion. Actual expenditures from Fiscal Year 2003 appropriations were 1.4% or \$295.7 million below the original enacted amounts for Fiscal Year 2003. Total expenditures net of appropriation lapses and including intergovernmental transfers and expenditures from additional resources totaled \$21.67 billion. As a result of financial operations during Fiscal Year 2003, efforts to reduce expenditures and the General Assembly's repeal of the transfer of \$300 million from the General Fund to the BSRF, the unappropriated surplus balance increased by \$136.6 million prior to the statutorily required 25% transfer to the BSRF. As result, the Fiscal Year 2003 final unappropriated surplus balance was \$209.3 million as of June 30, 2003.

Revenues available to the Commonwealth, including intergovernmental transfers and additional resources, and prior to reserves for refunds increased 11% from Fiscal Year 2002 levels. Fiscal Year 2003 revenues totaled \$21.81 billion, an increase of \$2.2 billion over Fiscal Year 2002. Commonwealth taxes and revenues, prior to reserves for refunds, increased by \$1.3 billion to \$21.31 billion in Fiscal Year 2003, a 6.3% increase. While Commonwealth revenues increased year over year, revenues were below the estimate enacted with the Fiscal Year 2003 budget. Commonwealth taxes and revenues totaled \$21.31 billion, \$497.6 million (2.3%) below the estimate made at the time the Fiscal Year 2003 budget was enacted.

Commonwealth expenditures of appropriations, including supplemental appropriations, intergovernmental transfers and additional resources, and net of appropriation lapses, totaled \$21.67 billion, representing an increase of \$797.5 million or 3.8% from Fiscal Year 2002 levels. A total of \$466.9 million in appropriations were lapsed in Fiscal Year 2003 as part of a comprehensive effort by the Commonwealth to limit expenditures in response to revenue collections below the estimate enacted with the Fiscal Year 2003 budget, which relied on intergovernmental transfers for a larger portion of medical assistance costs than in Fiscal Year 2002. Intergovernmental transfers replaced \$844.6 million of General Fund medical assistance

costs in Fiscal Year 2003 compared to \$549.6 million in Fiscal Year 2002. Expenditures normally funded from Commonwealth revenues, but which were funded from additional resources in Fiscal Year 2003 totaled \$578.9 million. These expenditures included \$380.4 million in General Fund debt service that was paid from other available funds, including the proceeds of a May 2002 refunding bond issued by the Pennsylvania Industrial Development Authority as well as \$198.5 million in long term care costs that were paid from Tobacco Settlement Fund revenues.

General Fund Fiscal Year 2004 Financial Results (GAAP Basis). At June 30, 2004, the General Fund reported a fund balance of \$3.01 billion, an increase of approximately \$649 million from the reported \$2.4 billion fund balance at June 30, 2003. On a net basis, total assets increased by \$1.94 billion to \$10.46 billion. Liabilities increased by \$1.29 billion to \$7.46 billion largely because of a \$764 million increase in accounts payable.

General Fund tax revenues increased by 8.4% due to economic growth and specific statutory increases in certain tax bases and rates enacted in December 2003. Intergovernmental revenues increased by 14.3%, due primarily to increases in Federally-funded programs, particularly medical and other assistance, where expenditures increased over the prior year. Total General Fund revenues increased by 10.3% during the fiscal year. The overall increase in the fund balance, \$648.8 million, during the fiscal year was an improvement of \$1.31 billion over the prior fiscal year decrease in fund balance of \$665 million. On an overall basis, during periods of declining or slow economic growth, it is common for the fund balance of the General Fund to decline and, conversely, to increase during periods of economic growth. During periods of economic growth, General Fund revenues increase while certain significant expenditures, such as medical assistance, also increase, but at a slower rate. Total General Fund expenditures increased by 6% during Fiscal Year 2004 largely because of the increase in expenditures for medical and other assistance.

General Fund Fiscal Year 2004 Financial Results (Budgetary Basis). A rebounding national economy that exceeded preliminary growth estimates resulted in actual Fiscal Year 2004 General Fund revenues exceeding the budget estimate by 2.9% (\$636.7 million). Total Fiscal Year 2004 revenues net of reserves for tax refunds and including intergovernmental transfers and additional resources totaled \$23.16 billion. Total expenditures net of appropriation lapses and including intergovernmental transfers and expenditures from additional resources was \$23.09 billion. As result of Commonwealth financial operations during the fiscal year the preliminary unappropriated surplus balance, prior to the statutorily required 25% transfer to the BSRF, was scheduled to increase \$57.5 million to \$266.8 million from the Fiscal Year 2003 ending balance. Following the statutorily required 25% transfer to the BSRF (\$66.7 million), a supplemental transfer of \$123.3 million was also made to the BSRF. As result, the Fiscal Year 2004 final unappropriated surplus balance was \$76.7 million as of June 30, 2004.

Revenues available to the Commonwealth, including intergovernmental transfers and additional resources, increased 6.2% from Fiscal Year 2003 levels. Fiscal Year 2004 revenues totaled \$23.16 billion, an increase of \$1.35 billion over Fiscal Year 2003 revenues. Commonwealth taxes and revenues, prior to reserves for refunds, increased by \$1.514 billion to \$22.828 billion in Fiscal Year 2004, a 7.1% increase from Fiscal Year 2003 actual receipts. This increase in tax revenues was primarily due to increases for certain Commonwealth taxes enacted

with the Fiscal Year 2004 budget. Tax revenues to the Commonwealth for Fiscal Year 2004 exceeded the budget estimate, as re-certified in December 2003, by \$636.7 million or 2.9%. Nearly all Commonwealth major tax and revenue categories experienced revenue collections above the budget estimate. Non-tax revenue collections were \$158.9 million (25.5%) greater than projected, principally due to increased earnings on investments and the enhancement of the Commonwealth's escheat program. The rate of growth in earnings on investments was, in large part, the result of actions by the Commonwealth to terminate a formerly separate pool of available General Fund cash balances that have been invested in equity securities. By combining all General Fund cash balances into one common investment pool, the General Fund achieved approximately \$50 million in previously unrealized capital gains during Fiscal Year 2004.

Expenditures for Fiscal Year 2004, including supplemental appropriations, intergovernmental transfers and additional resources, and net of appropriation lapses, totaled \$23.089 billion, representing an increase of \$1.417 billion or 6.5% from Fiscal Year 2003 levels. A total of \$182.9 million in appropriations were lapsed in Fiscal Year 2004. The Fiscal Year 2004 budget continued to utilize an enhanced level of intergovernmental transfers for a portion of medical assistance costs, albeit at a reduced rate from Fiscal Year 2003. Intergovernmental transfers replaced \$738.7 million of General Fund medical assistance costs in Fiscal Year 2004, compared to \$844.6 million in Fiscal Year 2003. Expenditures normally funded from Commonwealth revenues that were instead funded from additional resources in Fiscal Year 2004 totaled \$607.6 million.

As part of the 2004 budget proposal, the Governor proposed two major program expansions that were enacted by the General Assembly. In education, the Governor proposed to shift a substantial portion of local public school costs from local property taxes levied by school districts to an increased subsidy payment to school districts by the Commonwealth, which would eventually increase the Commonwealth's subsidy of local public school costs to 50% of total costs in aggregate. Funds for education at the local level totaling nearly \$1 billion are expected to be funded from taxes realized from the legalization of slot machines at racetracks in the state. The increased level of education funding from the Commonwealth would be used to reduce local property taxes by an equal amount. The Governor also proposed an economic stimulus plan for the Commonwealth to provide additional funding to be combined with private investments to invest in economic development projects directed at blighted rural, urban and suburban sites to be re-developed to spur the location of new job-creating businesses. The funding for the economic stimulus program is to come from \$2.025 billion of debt issued over more than four fiscal years.

General Fund Fiscal Year 2005 Financial Results (Budgetary Basis). Total Fiscal Year 2005 revenues, net of reserves for tax refunds and including intergovernmental transfers and additional resources, totaled \$24.35 billion. Total expenditures net of appropriation lapses and including intergovernmental transfers and expenditures from additional resources were \$23.95 billion. As result of Commonwealth financial operations during the fiscal year, the preliminary unappropriated surplus balance, prior to the statutorily required 25% transfer to the BSRF, was \$429.2 million, an increase of \$162.5 million from the Fiscal Year 2004 preliminary ending balance. Following the transfer to the BSRF of \$64.4 million, the Fiscal Year 2005 unappropriated surplus balance was \$364.8 million.

The 2005 Budget was based initially on an estimated 4.5% increase for General Fund revenues prior to accounting for any changes in tax and revenue provisions enacted in the second half of Fiscal Year 2004. After adjustments for various tax rate and tax base changes enacted for the 2004 Budget, total General Fund revenues were projected to increase 3.8% over Fiscal Year 2004 actual receipts and total \$23.87 billion prior to reserves for tax refunds. Total Fiscal Year 2005 revenues net of reserves for tax refunds, exceeded \$24.31 billion, a 6.5% increase over Fiscal Year 2004 receipts. The tax revenue component of Commonwealth receipts, including the effects of the tax rate and tax base changes enacted in Fiscal Year 2004, rose \$1.67 billion or 7.6% over Fiscal Year 2004 actual receipts. Total revenues to the Commonwealth exceeded the budget estimate by \$442 million or 1.9%. Personal income tax receipts grew by \$1.01 billion or 13.1% over Fiscal Year 2004 revenues. During Fiscal Year 2005, corporate tax receipts grew \$285.1 million or 10.7%. Sales and use tax revenues to the Commonwealth grew \$271.4 million or 3.5% over Fiscal Year 2004 receipts. Receipts of Commonwealth non-tax revenues continued to exceed the estimate as total revenue from this source exceeded \$596 million. Earnings from investments and revisions to the Commonwealth's escheats program continued to provide revenues well in excess of the estimate for Fiscal Year 2005. Significant non-recurring capital gains earnings on the investment of available General Fund cash balances and increased contributions from the Commonwealth's liquor store profits contributed to enhanced non-tax revenues during the prior two fiscal years. Reserves for tax refunds in Fiscal Year 2005 were \$1,000 million, a decrease of \$14.7 million or 1.4% from Fiscal Year 2004 levels.

Fiscal Year 2005 state-level expenditures, including supplemental appropriations and net of appropriation lapses, totaled \$22.96 billion, an increase of 5.6% from Fiscal Year 2004 appropriations. A total of \$148.1 billion in appropriations were lapsed in Fiscal Year 2005 and the 2005 Budget continued to utilize intergovernmental transfers for a portion of medical assistance costs. In addition, approximately \$399 billion in additional funds, primarily \$377.6 billion of remaining Federal fiscal relief, was appropriated in Fiscal Year 2005 to fund expenditures normally funded from Commonwealth revenues.

Fiscal Year 2006 Budget. The 2006 Budget is based on an estimated 2.8% increase in General Fund revenues from those received in Fiscal Year 2005. The 2006 Budget appropriates \$24.28 billion of Commonwealth funds against estimated revenues net of tax refunds, of \$23.91 billion. The \$362 billion difference between estimated revenues and recommended appropriations is to be funded by a draw down of the \$364 billion Fiscal Year 2006 beginning balance. Additionally, the 2006 Budget allocates additional Commonwealth funds to replace significant amounts of formerly available Federal funds.

Fiscal Year 2006 revenue estimates are based upon an economic forecast of 3.3% growth in national real gross domestic product from the start of the third quarter of 2005 to the end of the second quarter of Fiscal Year 2006. Trends in the Commonwealth's economy are expected to maintain their close association with national economic trends. Personal income growth in Pennsylvania is projected to remain slightly below that of the U.S., while the Pennsylvania unemployment rate is anticipated to be close to the national rate. The tax revenue component of General Fund receipts is expected to increase by \$731.8 million or approximately 3.1% prior to reserves for refunds. Fiscal Year 2006 revenues from the personal income tax are forecasted to increase by 5%, while receipts from the sales and use tax are estimated to rise 3.4% over Fiscal Year 2005 receipts. Corporate receipts are expected to grow minimally in Fiscal Year 2006,

whereas revenues from non-tax sources such as earnings on investments and escheats are forecast to decline by 8.5%.

The 2006 Budget provides \$24.28 billion of appropriations from Commonwealth revenues, an increase of 5.3% from Fiscal Year 2005 expenditures and represents a planned draw down of \$362 million of the unappropriated surplus balance available at the end of Fiscal Year 2005. A portion of the increased level of state funded appropriations is attributable to the replacement of Federal funds received, on a one-time basis, which were utilized during the Fiscal Year 2004 and 2005 budgets. The 2006 Budget also includes \$884.7 million in funding for various medical assistance expenditures through intergovernmental transfer proceeds, certain nursing home assessments and a tax on managed care organizations. This amount is an increase of nearly 39% from the \$638.6 million in such proceeds utilized during Fiscal Year 2005. Under the intergovernmental transfer transactions, certain county governments contribute funds to the Commonwealth to help pay Medicaid expenses. These contributions have the effect of supplementing the amount of Commonwealth revenues available for the medical assistance program and are available to match Federal Medicaid funds. Federal authority to use the county contributions to pool transactions to match additional Federal funds is currently scheduled to expire in 2010. The unappropriated balance is currently estimated to be \$1.6 million for Fiscal Year 2006.

Motor License Fund—Fiscal Years 2003-05. The Motor License Fund ended Fiscal Year 2003 with an unappropriated surplus of \$30.4 million, a net decrease of \$26 million during the fiscal year. Actual revenue collection was below estimate by \$30.5 million (1.5%). Motor License Fund revenues collected during Fiscal Year 2003 totaled about \$2 billion, an increase of 2.2% from the prior fiscal year. The slow-growing national economy impacted the rate of growth of the Motor License Fund and as the liquid fuels tax, the largest revenue category, and license and fees revenue grew by 1.4% and 1.8% respectively from Fiscal Year 2002. Other revenues to the Motor License Fund, principally earnings on investments, grew 28.5% from 2002 totals. Expenditures, net of lapses, totaled \$2.05 billion, an increase of 0.3% over Fiscal Year 2002 expenditures.

Revenues to the Motor License Fund in Fiscal Year 2004 totaled \$2.09 billion, an increase of 4.3% over Fiscal Year 2003 revenues. License and fee revenues grew by 1.7% and other revenue receipts, namely earnings on investments, grew by \$64.9 million (101%) from prior year receipts. Appropriations of Commonwealth revenues in the 2004 budget total \$2.023 billion. This amount represents a decrease of 1.2% over prior expenditures.

The Motor License Fund ended Fiscal Year 2005 with an unappropriated surplus of \$212.4 million, a net increase of \$98.8 million or 87% from Fiscal Year 2004. Motor License Fund revenues totaled \$2.16 billion, an increase of 3.4% over actual Fiscal Year 2004 receipts. Revenues from other revenue receipts, primarily earnings on investments, grew 86.7% during Fiscal Year 2004, while receipts from license and fees increased by 4% over Fiscal Year 2004 receipts. Revenues to the Motor License Fund from liquid fuels taxes increased by 4.2% during Fiscal Year 2005. Expenditures of Motor License Fund revenues totaled \$2.07 billion for Fiscal Year 2005, an increase of 2.4% from actual Fiscal Year 2004 expenditures net of lapses.

Fiscal Year 2006 revenues for the Motor License Fund are estimated to be \$2.23 billion, an increase of 3.4% over actual Fiscal Year 2005 receipts. Liquid fuels tax receipts are projected to increase by 7.4% while license and fee revenues are projected to decline slightly (0.04%). Other revenue receipts, namely earnings on investments, are estimated to decline by nearly 2%. Appropriations from Commonwealth funds for Fiscal Year 2006 are estimated to total \$2.34 million, an increase of nearly 13%. The 2006 Budget projects a draw down of approximately \$109 million from the estimated fiscal year beginning balance, with the additional funding targeted towards enhanced highway maintenance efforts.

State Lottery Fund—Fiscal Years 2003-05. Receipts from this fund support financial assistance programs for elderly and handicapped individuals, and increased costs for the provision of pharmaceutical aid to eligible seniors continued to be a significant component of the increased level of expenditures. During Fiscal Year 2003 gross ticket sales were \$1.067 billion, an increase of 6.4% over actual receipts in Fiscal Year 2002. Expenditures net of current year lapses totaled \$1.140 billion, an increase of 10.7%. The excess of expenditures over fiscal year revenues was funded by a partial draw down of \$63.4 million from the unappropriated surplus of the fund.

Lottery tickets sales rose 9.7% from Fiscal Year 2003 and provided net revenues of \$1.171 billion. Revenues from various lottery sources, including the Commonwealth's participation in the multi-state Powerball game, were 1.6% below the budget estimate. Expenditures net of current year lapses totaled \$1.139 billion. Revenues, including prior year lapses, in excess of expenditures for Fiscal Year 2004 contributed to an unappropriated fund balance and reserve of \$299.8 million (including \$100 million of reserves), and increase of 20% from Fiscal Year 2003.

Revenues from Lottery tickets sales and other miscellaneous revenue sources rose 3.5% during Fiscal Year 2005, totaling \$1.21 billion. Expenditures net of lapses, totaled \$1.14 billion, an amount equal to the expenditure levels experienced in Fiscal Year 2004. Revenues, including prior year lapses, in excess of expenditures for Fiscal Year 2005 contributed to an unappropriated fund balance and reserve of \$381 million, an increase of 27% from Fiscal Year 2004.

The 2006 Budget anticipates revenues of \$1.33 billion, a 9.9% increase in revenues from Lottery sources, including instant ticket sales and the state's participation in the multi-state Powerball game. Budgeted expenditures totaling \$1.31 billion are 15% above Fiscal Year 2005 expenditures. The anticipated fiscal year-end balance and reserve is projected to total \$402.7 million, an increase of 5.7%.

Commonwealth Indebtedness

The Constitution permits the Commonwealth to incur the following types of debt: (1) debt to suppress insurrection or rehabilitate areas affected by disaster; (2) electorate approved debt; (3) debt for capital projects subject to an aggregate debt limit of 1.75 times the annual average tax revenues of the preceding five fiscal years; and (4) tax anticipation notes payable in the fiscal year of issuance. All debt except tax anticipation notes must be amortized in substantial and regular amounts. Debt service on general obligation debt is paid from General

Fund appropriations, except for debt issued for highway purposes, which is paid out of Motor License Fund appropriations.

Net outstanding general obligation debt totaled \$6.747 billion at June 30, 2005, a net decrease of \$19.8 million from June 30, 2004. Over the 10-year period ended June 30, 2005, total net outstanding general obligation debt increased at an annual rate of 2.9%. Within the most recent 5-year period, outstanding general obligation debt has increased at an annual rate of 6.5%.

General obligation debt for non-highway purposes of \$6.58 billion was outstanding on June 30, 2005, an increase of \$47.3 million since June 30, 2004. For the period ended June 30, 2005, the 10-year and 5-year average annual compound growth rate for total outstanding debt for non-highway purposes has been 5.2% and 8.4% respectively. Current Commonwealth infrastructure investment projects include improvement and rehabilitation of existing capital facilities and construction of new facilities, such as public buildings, prisons and parks, transit facilities, economic development and community facilities, and other local public buildings.

Outstanding general obligation debt for highway purposes was \$164.9 million on June 30, 2005, a decrease of \$67 million from June 30, 2004. Highway outstanding debt has declined over the most recent 10-year and 5-year periods ended June 30, 2005, by 17.1% and 20.9%, respectively. The decline in outstanding highway debt is due to the policy begun in 1980 of funding highway capital projects with current revenues except for very limited exceptions. No debt issuance for highway capital projects is currently planned.

When necessary, the Commonwealth engages in short-term borrowing to fund expenses within the fiscal year through the sale of tax anticipation notes. The Commonwealth may issue tax anticipation notes only for the account of the General Fund or the Motor License Fund or both such funds. The principal amount issued, when added to that outstanding, may not exceed in the aggregate 20% of the revenues estimated to accrue to the appropriate fund or both funds in the fiscal year. Tax anticipation notes must mature within the fiscal year in which they were issued. The Commonwealth is not permitted to fund deficits between fiscal years with any form of debt, and any year-end deficit balances must be funded within the succeeding fiscal year's budget. Currently, the Commonwealth has no tax anticipation notes outstanding. The 2005 Budget did not anticipate issuing tax anticipation notes.

Certain state-created organizations have statutory authorization to issue debt for which Commonwealth appropriations to pay debt service thereon are not required. The debt of these organizations is funded by assets of, or revenues derived from, the various projects financed and the debt of such agencies is not an obligation of the Commonwealth although some of the agencies are indirectly dependent on Commonwealth appropriations. The following organizations had debt currently outstanding as of June 30, 2005: Delaware River Joint Toll Bridge Commission (\$191.7 million), Delaware River Port Authority (\$1.245 billion), Pennsylvania Economic Development Financing Authority (\$1.447 billion), Pennsylvania Energy Development Authority (\$28.1 million), Pennsylvania Higher Education Assistance Agency (\$05.525 billion), Pennsylvania Higher Educational Facilities Authority (\$4.893 billion), Pennsylvania Industrial Development Authority (\$478.5 million), Pennsylvania Infrastructure

Investment Authority (\$96.8 million), Pennsylvania Turnpike Commission (\$2.438 billion), and the State Public School Building Authority (\$1.443 billion).

The City of Philadelphia is the largest city in the Commonwealth. The Pennsylvania Intergovernmental Cooperation Authority ("PICA") was created by Commonwealth legislation in 1991 to assist Philadelphia in remedying fiscal emergencies. PICA is designed to provide assistance through the issuance of funding debt and to make factual findings and recommendations to Philadelphia concerning its budgetary and fiscal affairs. Philadelphia currently is operating under a five-year fiscal plan approved by PICA on July 21, 2005.

No further bonds may be issued by PICA for the purpose of either financing capital projects or a deficit, as the authority for such bond issuance expired December 31, 1994. PICA's authority to issue debt for the purpose of financing a cash flow deficit expired on December 31, 1995. Its ability to refund existing outstanding debt is unrestricted. PICA had \$723.6 million in special tax revenue bonds outstanding as of June 30, 2005. Neither the taxing power nor the credit of the Commonwealth is pledged to pay debt service on PICA's bonds.

Ratings. General obligation bonds of the Commonwealth are rated "AA" by Standard & Poor's Ratings Services, "Aa2" by Moody's Investor Services, and "AA" by Fitch, Inc. The ratings reflect only the views of the rating agencies.

Pensions and Retirement Systems. The Commonwealth maintains contributory benefit pension plans covering all state employees, public school employees and employees of certain state-related organizations. State employees and employees of certain state-related organizations are members of the State Employees' Retirement System ("SERS"). Public school employees are members of the Public School Employees' Retirement System ("PSERS"). With certain exceptions, membership in the applicable retirement system is mandatory for covered employees.

The Commonwealth's retirement programs are jointly contributory between the employer and employee. The contribution rate for PSERS new members who enroll in the pension plan on or after January 1, 2002 is 7.5% of compensation. The contribution rates for current PSERS members range from 5% to 7.5% of compensation depending upon their date of employment and elections made by the member. SERS' contribution rate for most employees is 6.25%. Interest on each employee's accumulated contributions is credited annually at a 4% rate mandated by state statute. Accumulated contributions plus interest credited is refundable to covered employees upon termination of their employment.

Annual actuarial valuations are required by state law to determine the employer contribution rates necessary to accumulate sufficient assets and provide for payment of future benefits. The actuary's recommendations for employer contribution rates represent a funding plan for meeting current and future retirement obligations and are included in the 2006 Budget. As of June 30, 2004, the market value of investment assets for PSERS was \$48.54 billion. As of June 30, 2003, the market value of investment assets for SERS was \$24.54 billion.

Litigation

Following are brief descriptions of certain cases affecting the Commonwealth, as reviewed by the Commonwealth's Attorney General and Office of General Counsel.

In 1978, the General Assembly approved a limited waiver of sovereign immunity. Damages for any loss are limited to \$250,000 for each person and \$1,000,000 for each accident. The Supreme Court of Pennsylvania has held that this limitation is constitutional. Approximately 3,150 suits against the Commonwealth remain open. Tort claim payments for the departments and agencies, other than the Department of Transportation, are paid from departmental and agency operating and program appropriations. Tort claim payments for the Department of Transportation are paid from an appropriation from the Motor License Fund. The Motor License Fund tort claim appropriation for Fiscal Year 2006 is \$20 million.

Powell v. Ridge. In 1998, a suit was filed on behalf of a variety of plaintiffs, including the School District of Philadelphia, the parents of several Philadelphia school children, local community organizations, and the City and Mayor of Philadelphia. The suit alleges that the Commonwealth's formula for distributing school funding provides less money to districts with a majority non-white population than it does to similarly situated districts that have a majority of white students. The plaintiffs seek a declaration that the Commonwealth's funding practices and policies discriminate against minority students in violation of Federal law, as well as injunctive relief barring the use of such practices.

Since June 23, 2000, the case has been in civil suspense for a variety of reasons. Most recently, the court continued the stay of proceedings until the appellate court and U.S. Supreme Court decided other cases that likely would directly affect the plaintiffs' claims. Those decisions have now been issued and make clear that the plaintiffs' claims, as currently pled, are not viable.

County of Allegheny v. Commonwealth of Pennsylvania. In December 1987, the Supreme Court of Pennsylvania held that the statutory scheme for county funding of the judicial system is in conflict with the Pennsylvania Constitution. However, the Supreme Court of Pennsylvania stayed its judgment to afford the General Assembly an opportunity to enact appropriate funding legislation consistent with its opinion and ordered that the prior system of county funding shall remain in place until this is done.

The Court appointed retired Justice Frank J. Montemuro, Jr. as special master to devise and submit a plan for implementation. His interim report recommended a four phase transition to Commonwealth funding of a unified judicial system, during each of which specified court employees would transfer into the Commonwealth's payroll system. Phase I recommended that the General Assembly provide for an administrative structure of local court administrators to be employed by the Administrative Office of Pennsylvania Courts, a state agency. On June 22, 1999, the Governor approved legislation under which approximately 165 county-level court administrators became employees of the Commonwealth. The act also triggered the release of the appropriations that had been made for this purpose in 1998 and 1999. The remainder of Justice Montemuro's recommendation for later phases remains pending before the Supreme Court of Pennsylvania.

PPG Industries, Inc. v. Commonwealth of Pennsylvania. By decision dated November 30, 2001, the Pennsylvania Supreme Court held that the manufacturing exemption to Pennsylvania's capital stock/franchise tax discriminates against interstate commerce in violation of the Commerce Clause of the United States Constitution and ordered the manufacturing exemption severed from the capital stock/franchise tax. Further, the Court directed the Commonwealth to provide a retrospective remedy to taxpayers along the lines of those provided by the U.S. Supreme Court in a similar case *i.e.*, (1) refunds for those taxpayers who were discriminated against by the unlawful exemption, (2) additional assessments against those who benefited by the unlawful exemption, or (3) some combination of the two so long as any remedy does not discriminate against interstate commerce. During the course of this litigation, the General Assembly enacted tax code amendments, which presumptively cured the constitutional problem with the tax after January 1, 1999, but do not impact on the tax during the years involved in this litigation.

PPG filed a petition for reconsideration of the court's opinion, which the court denied on February 1, 2002. The retrospective remedy announced by the Commonwealth on April 29, 2002 appears to be revenue-neutral and satisfactory for in-state manufacturers. However, out-of-state manufacturers have appealed, involving an undetermined but significant dollar amount and those appeals remain pending.

Most of the appeals of out-of-state manufacturers have been resolved through settlement. Some significant cases remain open, but overall, it is probably that these matters will be successfully resolved through settlement without significant fiscal input.

Unisys Corporation v. Commonwealth. Unisys challenged the statutory three-factor formula used for the apportionment of capital stock value in the franchise tax on constitutional and statutory (fairness) grounds. The trial court issued its decision on March 8, 1999, sustaining the statute from the Constitutional challenge in favor of the Commonwealth. However, it ruled in favor of the taxpayer's fairness argument. The Commonwealth appealed this decision to the Pennsylvania Supreme Court and Unisys cross-appealed. On October 25, 2002, the Court issued a decision reversing the holding of the trial court and upholding the Commonwealth's statutory apportionment formula. Unisys filed an application for re-argument, which was denied. Unisys filed a petition for certiorari to the U.S. Supreme Court, which was denied. The trial court denied relief because the taxpayer failed to carry its burden of proof and did not resolve the underlying issue. The decision has very limited applicability to numerous pending cases that raise identical issues and involve undetermined significant dollar amounts.

Northbrook Life Insurance Co. This case is the lead case in potential litigation with the entire insurance industry that does business in Pennsylvania. Currently, the Commonwealth has docketed in excess of 40 cases representing 20 or more insurance companies. Dozens of additional cases are being held pending this litigation at the administrative board's level.

The cases challenge the Department of Revenue's application of portions of the Life and Health Guarantee Association Act of 1982, which established a funding mechanism to fulfill defaulted obligations of insurance companies under life and health insurance policies and annuities contracts to insured Pennsylvania residents. In accordance with this funding mechanism, other insurance companies are assessed to provide the funds due to Pennsylvania

residents insured from insurance companies, which have become insolvent or are otherwise in default to its insureds. The assessed insurance companies may claim a credit against their gross premiums tax liability based on such assessments.

The Department of Revenue allowed credits for assessments paid on taxable annuity considerations. Credits were not allowed for assessments paid on non-taxed annuities. There is no provision in the insurance law that restricts the credit to only the assessments paid on taxable annuities. Taxpayers want the credit for assessments paid on all annuities, both during the period that annuities were taxed and going forward. Settlement negotiations continue and the matter is also being prepared for litigation. Estimates of refund potential vary widely, ranging from \$50 million to \$300 million.

Duquesne Light Co. v. Commonwealth. There are several appeals involving various years and taxes. The plaintiff is challenging the capital stock tax, corporate net income tax and gross receipts tax. There is over \$100 million in total in dispute, but it is highly doubtful that the exposure would be near that amount. At present, the resolution of these matters is the subject of discussions between the parties.

APPENDIX B

Rating Categories

Description of certain ratings assigned by S&P, Moody's and Fitch:

S&P

Long-term

AAA

An obligation rated 'AAA' has the highest rating assigned by S&P. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

AA

An obligation rated 'AA' differs from the highest rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

A

An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.

BBB

An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

BB, B, CCC, CC, and C

Obligations rated 'BB', 'B', 'CCC', 'CC', and 'C' are regarded as having significant speculative characteristics. 'BB' indicates the least degree of speculation and 'C' the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions.

BB

An obligation rated 'BB' is less vulnerable to nonpayment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

B

An obligation rated 'B' is more vulnerable to nonpayment than obligations rated 'BB', but the obligor currently has the capacity to meet its financial commitment on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitment on the obligation.

CCC

An obligation rated 'CCC' is currently vulnerable to nonpayment, and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is not likely to have the capacity to meet its financial commitment on the obligation.

CC

An obligation rated 'CC' is currently highly vulnerable to nonpayment.

C

A subordinated debt or preferred stock obligation rated 'C' is currently highly vulnerable to nonpayment. The 'C' rating may be used to cover a situation where a bankruptcy petition has been filed or similar action taken, but payments on this obligation are being continued. A 'C' also will be assigned to a preferred stock issue in arrears on dividends or sinking fund payments, but that is currently paying.

D

An obligation rated 'D' is in payment default. The 'D' rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless S&P believes that such payments will be made during such grace period. The 'D' rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized.

r

The symbol 'r' is attached to the ratings of instruments with significant noncredit risks. It highlights risks to principal or volatility of expected returns which are not addressed in the credit rating. Examples include: obligations linked or indexed to equities, currencies, or commodities; obligations exposed to severe prepayment risk—such as interest-only or principal-only mortgage securities; and obligations with unusually risky interest terms, such as inverse floaters.

N.R.

The designation 'N.R.' indicates that no rating has been requested, that there is insufficient information on which to base a rating, or that S&P does not rate a particular obligation as a matter of policy.

Note: The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign designation to show relative standing within the major rating categories.

Short-term

SP-1

Strong capacity to pay principal and interest. An issue determined to possess a very strong capacity to pay debt service is given a plus sign (+) designation.

SP-2

Satisfactory capacity to pay principal and interest, with some vulnerability to adverse financial and economic changes over the term of the notes.

SP-3

Speculative capacity to pay principal and interest.

Commercial paper**A-1**

This designation indicates that the degree of safety regarding timely payment is strong. Those issues determined to possess extremely strong safety characteristics are denoted with a plus sign (+) designation.

Moody's**Long-term****Aaa**

Bonds rated 'Aaa' are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt edged." Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.

Aa

Bonds rated 'Aa' are judged to be of high quality by all standards. Together with the 'Aaa' group they comprise what are generally known as high-grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in 'Aaa' securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risk appear somewhat larger than the 'Aaa' securities.

A

Bonds rated 'A' possess many favorable investment attributes and are to be considered as upper-medium-grade obligations. Factors giving security to principal and interest are considered adequate, but elements may be present which suggest a susceptibility to impairment some time in the future.

Baa

Bonds rated 'Baa' are considered as medium-grade obligations (i.e., they are neither highly protected nor poorly secured). Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well.

Ba

Bonds rated 'Ba' are judged to have speculative elements; their future cannot be considered as well-assured. Often the protection of interest and principal payments may be very moderate, and thereby not well safeguarded during both good and bad times over the future. Uncertainty of position characterizes bonds in this class.

B

Bonds rated 'B' generally lack characteristics of the desirable investment. Assurance of interest and principal payments or of maintenance of other terms of the contract over any long period of time may be small.

Caa

Bonds rated 'Caa' are of poor standing. Such issues may be in default or there may be present elements of danger with respect to principal or interest.

Ca

Bonds rated 'Ca' represent obligations which are speculative in a high degree. Such issues are often in default or have other marked shortcomings.

C

Bonds rated 'C' are the lowest rated class of bonds, and issues so rated can be regarded as having extremely poor prospects of ever attaining any real investment standing.

Note: Moody's applies numerical modifiers 1, 2, and 3 in each generic rating classification from 'Aa' through 'Caa'. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Prime rating system (short-term)

Issuers rated **Prime-1** (or supporting institutions) have a superior ability for repayment of senior short-term debt obligations. Prime-1 repayment ability will often be evidenced by many of the following characteristics:

Leading market positions in well-established industries.

High rates of return on funds employed.

Conservative capitalization structure with moderate reliance on debt and ample asset protection.

Broad margins in earnings coverage of fixed financial charges and high internal cash generation.

Well-established access to a range of financial markets and assured sources of alternate liquidity.

MIG/VMIG—U.S. short-term

Municipal debt issuance ratings are designated as Moody's Investment Grade (MIG) and are divided into three levels—MIG 1 through MIG 3.

The short-term rating assigned to the demand feature of variable rate demand obligations (VRDOs) is designated as VMIG. When either the long- or short-term aspect of a VRDO is not rated, that piece is designated NR, e.g., Aaa/NR or NR/VMIG 1.

MIG 1/VMIG1

This designation denotes superior credit quality. Excellent protection is afforded by established cash flows, highly reliable liquidity support, or demonstrated broad-based access to the market for refinancing.

MIG 2/VMIG 2

This designation denotes strong credit quality. Margins of protection are ample, although not as large as in the preceding group.

MIG 3/VMIG 3

This designation denotes acceptable credit quality. Liquidity and cash-flow protection may be narrow, and market access for refinancing is likely to be less well-established.

SG

This designation denotes speculative-grade credit quality. Debt instruments in this category may lack sufficient margins of protection.

FitchLong-term investment grade**AAA**

Highest credit quality. 'AAA' ratings denote the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for timely payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

AA

Very high credit quality. 'AA' ratings denote a very low expectation of credit risk. They indicate very strong capacity for timely payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

A

High credit quality. 'A' ratings denote a low expectation of credit risk. The capacity for timely payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than is the case for higher ratings.

BBB

Good credit quality. 'BBB' ratings indicate that there is currently a low expectation of credit risk. The capacity for timely payment of financial commitments is considered adequate, but adverse changes in circumstances and in economic conditions are more likely to impair this capacity. This is the lowest investment-grade category.

Long-term speculative grade**BB**

Speculative. 'BB' ratings indicate that there is a possibility of credit risk developing, particularly as the result of adverse economic change over time; however, business or financial alternatives

may be available to allow financial commitments to be met. Securities rated in this category are not investment grade.

B

Highly speculative. 'B' ratings indicate that significant credit risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is contingent upon a sustained, favorable business and economic environment.

CCC, CC, C

High default risk. Default is a real possibility. Capacity for meeting financial commitments is solely reliant upon sustained, favorable business or economic developments. 'CC' ratings indicate that default of some kind appears probable. 'C' ratings signal imminent default.

DDD, DD, D

Default. The ratings of obligations in this category are based on their prospects for achieving partial or full recovery in a reorganization or liquidation of the obligor. While expected recovery values are highly speculative and cannot be estimated with any precision, the following serve as general guidelines. 'DDD' obligations have the highest potential for recovery, around 90% - 100% of outstanding amounts and accrued interest. 'DD' ratings indicate potential recoveries in the range of 50% - 90% and 'D' the lowest recovery potential, i.e., below 50%.

Entities rated in this category have defaulted on some or all of their obligations. Entities rated 'DDD' have the highest prospect for resumption of performance or continued operation with or without a formal reorganization process. Entities rated 'DD' and 'D' are generally undergoing a formal reorganization or liquidation process; those rated 'DD' are likely to satisfy a higher portion of their outstanding obligations, while entities rated 'D' have a poor prospect of repaying all obligations.

Short-term

A short-term rating has a time horizon of less than 12 months for most obligations, or up to three years for U.S. public finance securities, and thus places greater emphasis on the liquidity necessary to meet financial commitments in a timely manner.

F1

Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments; may have an added “+” to denote any exceptionally strong credit feature.

'NR' indicates that Fitch does not rate the issuer or issue in question.

Notes to long-term and short-term ratings: A plus (+) or minus (-) sign designation may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the 'AAA' long-term rating category, to categories below 'CCC', or to short-term ratings other than 'F1.'

DREYFUS PENNSYLVANIA MUNICIPAL MONEY MARKET FUND

Seeks current income exempt from federal and Pennsylvania state income taxes, and liquidity, by investing in short-term, high quality municipal obligations.

Dreyfus Pennsylvania Municipal Money Market Fund

Ticker Symbol: DPAXX

GOAL/APPROACH

The fund is a money market fund that seeks to maintain a \$1.00 price per share. As a money market fund, the fund is subject to maturity, quality and diversification requirements designed to help it maintain a stable share price.

The fund seeks as high a level of current income exempt from federal and Pennsylvania state income taxes as is consistent with the preservation of capital and the maintenance of liquidity.

To pursue its goal, the fund normally invests substantially all of its assets in short-term, high quality municipal obligations that provide income exempt from federal and Pennsylvania state personal income taxes. The fund also may invest in high quality, short-term structured notes, which are derivative instruments whose value is tied to underlying municipal obligations. Municipal obligations typically include general obligation bonds, which are secured by the full faith and credit of the issuer and its taxing power, and revenue bonds, which are payable from the revenues derived from a specific revenue source, such as charges for water and sewer service or highway tolls.

Although the fund seeks to provide income exempt from federal and Pennsylvania state income taxes, interest from some of its holdings may be subject to the federal alternative minimum tax. In addition, the fund temporarily may invest in high quality, taxable money market instruments, and/or municipal obligations that pay income exempt only from federal income tax, including when the fund manager believes acceptable Pennsylvania municipal obligations are not available for investment.

MAIN RISKS

This fund is a mutual fund: a pooled investment that is professionally managed and gives you the opportunity to participate in financial markets. It strives to reach its stated goal, although as with all mutual funds, it cannot offer guaranteed results.

The fund's yield will fluctuate as the short-term securities in its portfolio mature and the proceeds are reinvested in securities with different interest rates.

An investment in the fund is not a bank deposit. It is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. It is not a complete investment program. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund. You can lose money in the fund, but you also have the potential to make money.

While the fund has maintained a constant share price since inception, and will continue to try to do so, the following factors could reduce the fund's income level and/or share price:

- interest rates could rise sharply, causing the value of the fund's investments and its share price to drop
- interest rates could drop, thereby reducing the fund's yield
- Pennsylvania's economy and revenues underlying its municipal obligations may decline
- the fund's portfolio securities may be more sensitive to risks that are specific to investing primarily in a single state
- any of the fund's holdings could have its credit rating downgraded or could default

Generally, the fund is required to invest its assets in securities with the highest or second-highest credit rating or the unrated equivalent as determined by Dreyfus.

Derivative securities, such as structured notes, can be volatile, and the possibility of default by the financial institution or counterparty may be greater for these securities than for other types of money market instruments. Structured notes typically are purchased in privately negotiated transactions from financial institutions and, thus, an active trading market for such instruments may not exist.

The fund is non-diversified, which means that a relatively high percentage of the fund's assets may be invested in a limited number of issuers. Therefore, its performance may be more vulnerable to changes in the market value of a single issuer and more susceptible to risks associated with a single economic, political or regulatory occurrence than a diversified fund.

PAST PERFORMANCE

The bar chart and table shown illustrate the risks of investing in the fund. The bar chart shows the changes in the fund's performance from year to year. The table shows the fund's average annual total returns over time. All returns assume reinvestment of dividends and distributions. Of course, past performance is no guarantee of future results.

Year-by-year total returns

as of 12/31 each year (%)

Best Quarter: Q4 '00 +0.91%

Worst Quarter: Q3 '03 +0.07%

Average annual total returns

as of 12/31/05

1 Year	5 Years	10 Years

--------------	--------------	--------------

For the fund's current 7-day yield, please call toll-free: **1-800-645-6561**.

EXPENSES

As an investor, you pay certain fees and expenses in connection with the fund, which are described in the table below. Annual fund operating expenses are paid out of fund assets, so their effect is included in the share price. The fund has no sales charge (load) or Rule 12b-1 distribution fees.

Fee table

Annual fund operating expenses

% of average daily net assets

Management fees	0.50%
Shareholder Services fee	0.03%
Other expenses	0.11%
Total	0.64%

Expense example

1 Year	3 Years	5 Years	10 Years
--------	---------	---------	----------

\$65	\$205	\$357	\$798
-------------	--------------	--------------	--------------

This example shows what you could pay in expenses over time. It uses the same hypothetical conditions other funds use in their prospectuses: \$10,000 initial investment, 5% total return each year and no changes in expenses. The figures shown would be the same whether you sold your shares at the end of a period or kept them. Because actual returns and expenses will be different, the example is for comparison only.

From time to time, Dreyfus may limit expenses to the extent it deems appropriate to enhance the yield of the fund during periods when fixed expenses have a significant impact on the fund's yield because of low interest rates. This expense limitation policy is voluntary and temporary and may be revised or terminated by Dreyfus at any time without notice.

The Shareholder Services fee of up to 0.25% reimburses the fund's distributor for shareholder account service and maintenance.

"Other expenses" borne by the fund for miscellaneous items such as transfer agency, custody, professional and registration fees. The fund also makes payments to certain financial intermediaries, including affiliates, who provide sub-administration, recordkeeping and/or sub-transfer agency services to beneficial owners of the fund.

MANAGEMENT

Investment Adviser

The investment adviser for the fund is The Dreyfus Corporation (Dreyfus), 200 Park Avenue, New York, New York 10166. Founded in 1947, Dreyfus manages approximately \$178 billion in approximately 200 mutual fund portfolios. For the past fiscal year, the fund paid Dreyfus a management fee at the annual rate of 0.50% of the fund's average daily net assets. A discussion regarding the basis for the board's approving the fund's management agreement with Dreyfus is available in the fund's annual report for the fiscal year ended September 30, 2005. Dreyfus is the primary mutual fund business of Mellon Financial Corporation (Mellon Financial), a global financial services company. Headquartered in Pittsburgh, Pennsylvania, Mellon Financial is one of the world's leading providers of financial services for institutions, corporations and high net worth individuals, providing institutional asset management, mutual funds, private wealth management, asset servicing, payment solutions and investor services, and treasury services. Mellon Financial has approximately \$4.7 trillion in assets under management, administration or custody, including \$781 billion under management.

The Dreyfus asset management philosophy is based on the belief that discipline and consistency are important to investment success. For each fund, Dreyfus seeks to establish clear guidelines for portfolio management and to be systematic in making decisions. This approach is designed to provide each fund with a distinct and stable identity.

Distributor

The fund's distributor is DSC, a wholly-owned subsidiary of Dreyfus. Dreyfus or DSC may provide cash payments out of its own resources to financial intermediaries that sell shares of the fund or provide other services. Such payments are in addition to any shareholder services fees or other expenses paid by the fund. These additional payments may be made to intermediaries, including affiliates, that provide shareholder servicing, sub-administration, recordkeeping and/or sub-transfer agency services, marketing support and/or access to sales meetings, sales representatives and management representatives of the financial intermediary. Cash compensation also may be paid to intermediaries for inclusion of the fund on a sales list, including a preferred or select sales list or in other sales programs. These payments sometimes are referred to as "revenue sharing." In some cases, these payments may create an incentive for a financial intermediary or its employees to recommend or sell shares of the fund to you. Please contact your financial representative for details about any payments they or their firm may receive in connection with the sale of fund shares or the provision of services to the fund.

From time to time, Dreyfus or DSC also may provide cash or non-cash compensation to financial intermediaries or their representatives in the form of occasional gifts; occasional meals, tickets or other enter-

tainment; support for due diligence trips; educational conference sponsorship; support for recognition programs; and other forms of cash or non-cash compensation permissible under broker-dealer regulations, as periodically amended.

Code of Ethics

The fund, Dreyfus and DSC have each adopted a code of ethics that permits its personnel, subject to such code, to invest in securities, including securities that may be purchased or held by the fund. The Dreyfus code of ethics restricts the personal securities transactions of its employees, and requires portfolio managers and other investment personnel to comply with the code's preclearance and disclosure procedures. The primary purpose of the code is to ensure that personal trading by Dreyfus employees does not disadvantage any Dreyfus-managed fund.

FINANCIAL HIGHLIGHTS

This table describes the fund's performance for the fiscal periods indicated. "Total Return" shows how much your investment in the fund would have increased (or decreased) during each period, assuming you had reinvested all dividends and distributions. These figures have been independently audited by Ernst & Young LLP, whose report, along with the fund's financial statements, is included in the annual report, which is available upon request.

	2005	Year Ended September 30,			
		2004	2003	2002	2001
Per-Share Data (\$):					
Net asset value, beginning of period	1.00	1.00	1.00	1.00	1.00
Investment operations:					
Investment income – net	.015	.004	.006	.010	.029
Distributions: Dividends from investment income – net	(.015)	(.004)	(.006)	(.010)	(.029)
Net asset value, end of period	1.00	1.00	1.00	1.00	1.00
Total Return (%)	1.51	.44	.57	1.04	2.95
Ratios/Supplemental Data (%):					
Ratio of total expenses to average net assets	.64	.71	.73	.71	.65
Ratio of net expenses to average net assets	.64	.71	.73	.71	.65
Ratio of net investment income to average net assets	1.68	.44	.57	1.04	2.91
Net assets, end of period (\$ x 1,000)	185,021	75,038	79,501	80,625	94,920

ACCOUNT POLICIES

Buying shares

You pay no sales charges to invest in this fund. Your price for fund shares is the fund's net asset value per share (NAV), which is generally calculated as of 12:00 noon Eastern time on days the New York Stock Exchange is open for regular business. Your order will be priced at the

next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. The fund's portfolio securities are valued at amortized cost, which does not take into account unrealized gains or losses. As a result, portfolio securities are valued at their acquisition cost, adjusted for discounts or premiums reflected in their purchase price. This method of valuation is designed to enable the fund to price its shares at \$1.00 per share.

When calculating its NAV, the fund compares the NAV using amortized cost to its NAV using available market quotations or market equivalents which generally are provided by an independent pricing service approved by the fund's board. The pricing service's procedures are reviewed under the general supervision of the board.

Your broker may charge transaction fees and may set minimum investments or limitations on buying or selling shares. Consult a representative for further information.

Selling shares

You may sell (redeem) shares at any time. Your shares will be sold at the next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. The processing of redemptions and the delivery of the proceeds may be delayed beyond the same or next business day, depending on the circumstances.

Before selling shares recently purchased, please note that if you send a written request to sell such shares, the fund may delay selling the shares for up to eight business days following the purchase of those shares.

General policies

Money market funds generally are used by investors for short-term investments, often in place of bank checking or savings accounts or for cash management purposes. Investors value the ability to add and withdraw their funds quickly, without

restriction. For this reason, although Dreyfus discourages excessive trading and other abusive trading practices, the funds have not adopted policies and procedures, or imposed redemption fees or other restrictions such as minimum holding periods, to deter frequent purchases and redemptions of fund shares. Dreyfus also believes that money market funds, such as the fund, are not targets of abusive trading practices, because money market funds seek to maintain a \$1.00

per share price and typically do not fluctuate in value based on market prices. However, frequent purchases and redemptions of the fund's shares could increase the fund's transaction costs, such as market spreads and custodial fees, and may interfere with the efficient management of the fund's portfolio, which could detract from the fund's performance. Accordingly, the fund reserves the right to refuse any purchase or exchange request. Funds in the Dreyfus Family of Funds that are not money market mutual funds have approved policies and procedures that are intended to discourage and prevent abusive trading practices in those mutual funds which may apply to exchanges from or into the fund. If you plan to exchange your fund shares for shares of another Dreyfus fund, please read the prospectus of that other Dreyfus fund for more information.

The fund also reserves the right to:

- refuse any purchase or exchange request
- change or discontinue its exchange privilege, or temporarily suspend the privilege during unusual market conditions
- change its minimum investment amounts
- delay sending out redemption proceeds for up to seven days (generally applies only during unusual market conditions or in cases of very large redemptions, or excessive trading)
- “redeem in kind,” or make payments in securities rather than cash, if the amount redeemed is large enough to affect fund operations (for example, if it exceeds 1% of the fund's assets)

The fund may also process purchase and sale orders and calculate its NAV on days that the fund's primary trading markets are open and the fund's management determines to do so.

DISTRIBUTIONS AND TAXES

The fund earns dividends, interest and other income from its investments, and distributes this income (less expenses) to shareholders as dividends. The fund also realizes capital gains from its investments, and distributes these gains (less any losses) to shareholders as capital gain distributions. The fund normally pays dividends once a month and capital gain distributions annually. Fund dividends and capital gain distributions will be reinvested in the fund unless you instruct the fund otherwise. There are no fees or sales charges on reinvestments.

The fund anticipates that virtually all dividends paid to you will be exempt from federal and Pennsylvania personal income taxes. However, for federal tax purposes, certain distributions, such as distributions of short-term capital gains, are taxable to you as ordinary income, while long-term capital gains are taxable to you as capital gains.

For Pennsylvania personal income tax purposes, distributions derived from interest on municipal securities of Pennsylvania issuers and from interest on qualifying securities issued by U.S. territories and possessions are generally exempt from tax. Distributions that are federally taxable as ordinary income or capital gains are generally subject to Pennsylvania personal income tax.

The tax status of any distribution generally is the same regardless of how long you have been in the fund and whether you reinvest your distributions or take them in cash.

If you buy shares of a fund when the fund has realized but not yet distributed income or capital gains, you will be “buying a dividend” by paying the full price for the shares and then receiving a portion back in the form of a taxable distribution.

Your sale of shares, including exchanges into other funds, may result in a capital gain or loss for tax purposes. A capital gain or loss on your investment in the fund generally is the difference between the cost of your shares and the amount you receive when you sell them.

The tax status of your distributions will be detailed in your annual tax statement from the fund. Because everyone's tax situation is unique, please consult your tax advisor before investing.

For More Information

Dreyfus Pennsylvania Municipal Money Market Fund

SEC file number: 811-6126

More information on this fund is available free upon request, including the following:

Annual/Semiannual Report

Describes the fund's performance, lists portfolio holdings and contains a letter from the fund's manager discussing recent market conditions, economic trends and fund strategies that significantly affected the fund's performance during the last fiscal year. The fund's most recent annual and semiannual reports are available at **www.dreyfus.com**.

Statement of Additional Information (SAI)

Provides more details about the fund and its policies. A current SAI is available at **www.dreyfus.com** and is on file with the Securities and Exchange Commission (SEC). The SAI is incorporated by reference (is legally considered part of this prospectus).

Portfolio Holdings

The fund will disclose its complete schedule of portfolio holdings, as reported on a month-end basis, at **www.dreyfus.com**, under Mutual Fund Center — Dreyfus Mutual Funds — Mutual Fund Total Holdings. The information will be posted with a one-month lag and will remain accessible until the fund files a report on Form N-Q or Form N-CSR for the period that includes the date as of which the information was current. In addition, fifteen days following the end of each calendar quarter, the fund will publicly disclose at **www.dreyfus.com** its complete schedule of portfolio holdings as of the end of such quarter.

A complete description of the fund's policies and procedures with respect to the disclosure of the fund's portfolio securities is available in the fund's SAI.
