### Opinion on the Financial Statement

We have audited the accompanying consolidated statement of financial condition of BCP Securities, Inc. and Subsidiaries (the "Company") as of December 31, 2023, and the related notes (collectively referred to as the "financial statement"). In our opinion, except for the effects of the adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding the two equity investments, as described below, the consolidated financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2023, in conformity with accounting principles generally accepted in the United States of America.

The Company has equity investments in BMG Money Inc. and BMG LoansAtWork LLC (BMG Money). We were unable to obtain sufficient audit evidence supporting the Company's investment in BMG Money stated at \$5,728,093 as of December 31, 2023, as described in Note 6 to the financial statement.

### Basis for Opinion

This consolidated financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this consolidated financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

Except as discussed above, we conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the consolidated financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statement. We believe that our audit of the consolidated financial statement provides a reasonable basis for our opinion.

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023

NOTE 1. ORGANIZATION AND NATURE OF BUSINESS

BCP Securities, Inc. & Subsidiaries (the “Company”) is registered as a broker-dealer with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”). The Company acts as a broker and dealer executing on a fully disclosed basis to its clearing broker (“Pershing LLC”). The Company also receives investment banking income as an underwriter in securities offerings and as a restructuring advisor. The Company has claimed an exemption pursuant SEC Rule 15c3-3 (“Customer Protection Rule”) under section (k)(2)(ii) of that rule for the portion of its business activities cleared via Pershing LLC. For the remaining business activities, the Company does not claim exemption from the Customer Protection Rule but limits its business activities to those specified in Footnote 74 of SEC Release No. 34-70073.

On December 10, 2021, BCP Securities, LLC & Subsidiaries, a Connecticut limited liability company, was converted to a Delaware corporation and, as a result, changed its name from “BCP Securities LLC” to “BCP Securities, Inc.” The conversion was done primarily to allow for the use of the convertible preferred security in connection with the establishment of the Company’s Employee Stock Ownership Plan (“ESOP”), which is not allowed in the form of a limited liability company. Furthermore, it permitted the election of Section 1042 under the Internal Revenue Code.

The clearing and custodian operations for the Company's proprietary transactions are performed by its clearing broker pursuant to the clearance agreement. At December 31, 2023, receivables from broker-dealers and clearing organizations, as reflected on the consolidated statement of financial condition, consisted substantially of cash due from this broker.

The Company has six wholly-owned subsidiaries: Baer, Crosby and Pike, Agencia De Valores, S.A. (“Spain”), BCP Securities Asia Pte Ltd. (“Singapore”), BCP Securities Do Brasil Representacoes Ltda. (“Brasil”), Bear Crosby Pike de Mexico, S. De R.L. De C.V. (“Mexico”), BCP Securities UK-LTD. (“United Kingdom”), and BCP Advisors, LLC., (the “Subsidiaries”).

Spain and Singapore operate as separate companies in those regions with Spain subject to regulatory oversight by Comisión Nacional del Mercado de Valores (“CNMV”) and Singapore is registered with the Accounting and Corporate Regulatory Authority (“ACRA”).

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 1. ORGANIZATION AND NATURE OF BUSINESS (continued)

Brasil is a representation office registered with the Central Bank of Brasil. United Kingdom was established as an Appointed Representative Firm. We might consider applying for full FCA authorization in the future. Mexico is a corporate venture focused on building client relationships and working with them to provide innovative financial solutions. BCP Advisors, LLC is dormant.

The consolidated financial statements include the accounts of both the Company and its wholly-owned Subsidiaries. All inter-company balances and transactions are eliminated on consolidation, except United Kingdom since it does not have any operating activity.

Risk and uncertainty

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in market (market risk) or failure of the other party to the transaction to perform (counterparty risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker-dealer, clearing organization, customer and/or other counterparty with which it conducts business.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Intercompany balances and transactions are eliminated upon consolidation.

In the opinion of management, the consolidated financial statements include all adjustments necessary to present fairly the financial position at December 31, 2023.

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Financial Instruments Owned

Securities owned or sold, not yet purchased are valued at fair value, and the resulting unrealized gains and losses are included in trading profits. The recognition of realized and unrealized gains and losses on proprietary trading transactions of financial instruments is within the scope of FASB ASC 940, Financial Services - Brokers and Dealers.

Furniture, Equipment and Leasehold Improvements

Furniture, equipment and leasehold improvements are reported at historical cost, net of accumulated depreciation and amortization. They are depreciated and amortized using the straight-line method over their estimated useful lives.

The Company assesses the recoverability of its long lived assets whenever circumstances, such as a material change in economic condition, indicate that the carrying values of such assets may not be recoverable. As of December 31, 2023, there were no indications identified by the Company affecting the recoverability of the Company's long lived assets.

Income Taxes

At December 31, 2023, deferred tax assets and liabilities attributable to the Company's temporary differences were as follows:

Deferred tax asset:

Net of right of use asset/liability	\$ 129,616
Other	312,290

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

ESOP Compensation Expense	729,101
Net Operating Loss	46,890
Foreign currency adjustment	<u>162,868</u>
Total deferred tax assets	<u>1,380,765</u>
Deferred tax liabilities:	
Fixed assets	(109,384)
Equity Income BMG	<u>(330,323)</u>
Total deferred tax liabilities	<u>(439,707)</u>
Net deferred tax asset	<u><u>\$ 941,058</u></u>

The Company is subject to foreign taxes to the local jurisdictions of its wholly-owned subsidiaries based on the income generated in those respective countries where the subsidiaries are located.

FASB ASC 740, *Income Taxes*, provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority.

Tax positions not deemed to meet the "more-likely-than-not" threshold would be recorded as a tax benefit or expense and liability in the current year.

The Company includes accrued interest and penalties in the related tax liability in the consolidated statement of financial condition. The years that remain subject to examination by taxing authorities are 2020 through 2022.

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

The deferred tax liability which is included in the consolidated financial statements has arisen from the differences between the financial and tax accounting methodologies used for the depreciation of fixed assets. It has been computed on currently enacted income tax rates applicable to the period in which the deferred tax liability is expected to be realized or settled as prescribed in FASB ASC 740. As changes in tax laws or rate are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

The company has approximately \$50,000 in state NOLs. The state NOLs expire in the 2043 year.

Translation of Foreign Currencies

Assets and liabilities denominated in foreign currencies are translated at year-end rates of exchange.

The impact of the translations are not material. Gains or losses resulting from foreign currency translation are included in accumulated other comprehensive income(loss).

Cash, and Cash Equivalents

The Company maintains cash and cash equivalents with financial institutions. Funds deposited with a single domestic bank are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation ("FDIC").

Cash and securities deposited with a single domestic brokerage institution are insured up to \$500,000 per account type of which a maximum of \$250,000 in cash is insured by the Securities Investor Protection Corporation ("SIPC"). At times, cash balances may exceed the insured limits. The Company has not experienced any losses in such accounts.

Current Expected Credit Losses (CECL)

The Company accounts for estimated credit losses on financial assets measured at an amortized cost basis and certain off-balance sheet credit exposures in accordance with FASB ASC326-20, Financial Instruments — Credit Losses.

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

FASB ASC 326-20 requires the Company to estimate expected credit losses over the life of its financial assets and certain off-balance sheet exposures as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts.

The Company records the estimate of expected credit losses as an allowance for credit losses. For financial assets measured at an amortized cost basis the allowance for credit losses is reported as a valuation account on the balance sheet that adjusts the asset's amortized cost basis.

*Financial assets measured at amortized cost basis that are not eligible for the collateral maintenance practical expedient.* For financial assets measured at amortized cost basis that are not eligible for the collateral maintenance practical expedient (and any unsecured amounts for instruments applying the practical expedient), the Company estimates expected credit losses over the life of the financial assets as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts.

*Receivables from broker-dealers and clearing organizations.* The Company's receivables from broker-dealers and clearing organizations include amounts receivable from unsettled trades, amounts receivable for securities failed to deliver, accrued interest receivables and cash deposits. A portion of the Company's trades are cleared through a clearing organization and settled daily between the clearing organization and the Company. Because of this daily settlement, the amount of unsettled credit exposures is limited to the amount owed the Company for a very short period of time. The Company continually reviews the credit quality of its counterparties.

*Underwriting fee receivable.* The Company has a policy of reserving for uncollectible accounts based on its best estimate of the amount of probable credit losses in its existing accounts receivable. The Company extends credit to its customers based on an evaluation of their financial condition and other factors. The Company generally does not require collateral or other security to support accounts receivable. The Company performs ongoing credit evaluations of its customers and maintains an allowance for potential bad debts if required. The Company determines whether an allowance for credit losses is required by evaluating specific accounts where information indicates the customers may have an inability to meet financial obligations.

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

In these cases, the Company uses assumptions and judgment, based on the best available facts and circumstances, to record a specific allowance for those customers against amounts due to reduce the receivable to the amount expected to be collected and considers current and reasonable and supportable forecasted economic conditions.

These specific allowances are re-evaluated and adjusted as additional information is received. The amounts calculated are analyzed to determine the total amount of the allowance. The Company determined that no allowance for credit losses was required. The Company writes off account balances when it has exhausted reasonable collection efforts and determined that the likelihood of collection is remote. These write-offs are charged against the allowance for credit losses. Accounts receivable as of December 31, 2023 amounted to \$519,400.

Fair Value

The Company considers its investments to be trading securities and records them at fair value. Fair value is the price that would be received by selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company utilizes valuation techniques to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets and liabilities recorded at fair value are categorized within the fair value hierarchy based upon the level of judgment associated with the inputs used to measure their value.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

Fair Value Measurement – Definition and Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

BCP SECURITIES, INC. & SUBSIDIARIES  
NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023  
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the expectation that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

NOTE 3. FAIR VALUE MEASUREMENTS

The Company's assets and liabilities recorded at fair value are categorized below based upon a fair value hierarchy in accordance with ASC 820 at December 31, 2023.

NOTES TO THE CONSOLIDATED STATEMENT OF FINANCIAL CONDITION  
DECEMBER 31, 2023

NOTE 3. FAIR VALUE MEASUREMENTS

See Note 2 for a definition and discussion of the Company's policies regarding this hierarchy.

The Company's US Treasury bills owned are treated as cash and cash equivalents on the consolidated statement of financial condition and the consolidated statement of cash flows.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Equity securities, US Treasury bills: valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds, Foreign municipality bonds, Sovereign government bonds: valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2023.

Assets	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 4. FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS

Furniture, equipment and leasehold improvements are stated at cost. Depreciation is recorded on a straight-line basis over the estimated useful life of the asset. The estimated useful lives of depreciable assets are as follows: five to seven years for office equipment and furniture; five years for automobiles and vans; periods of up to five years for computer hardware and software; and periods of three to fifteen years for lab equipment. Leasehold improvements are amortized over the life of the lease or estimated useful lives of the improvements, whichever period is shorter. Improvements and betterments are capitalized.

The furniture, equipment and leasehold improvements cost, and accumulated depreciation for the year ended December 31, 2023 consists of the following:

Leasehold improvements	\$ 1,419,715
Office Suite Acquisition-Spain	996,833
Furniture	383,103
Computer and equipment	<u>675,008</u>

NOTE 6. STOCKHOLDERS' EQUITY (continued)

*Liquidation preference:* Upon a liquidation, dissolution or winding up of the Corporation or a Change of Control, the assets of the Corporation remaining available for distribution to stockholders, if any, are distributable as follows:

(i) First, an amount equal to the Face Value shall be paid in equal amounts per share to the holders of record of issued and outstanding Class A Preferred Stock; (ii) second, any accrued but unpaid ESOP Base Dividends and ESOP Participating Dividends are to be paid in equal amounts per share to the holders of record of issued and outstanding Class A Preferred Stock, and (iii) third, any remaining amount in equal amounts per share to the holders of record of the issued and outstanding shares of Class A Common Stock and Class B Common Stock.

At December 31, 2023, the liquidation value of Class A Preferred Stock was \$4,457,135 or \$139 per share.

Amounts paid to the ESOP are reduced by any principal and/or interest owed by the ESOP to the Corporation under the ESOP Loans.

*Voting rights:* The holders of outstanding shares of Class A Preferred Stock shall not be entitled to vote on any matter.

NOTE 7. EMPLOYEE BENEFIT PLAN

The Company sponsors a defined contribution profit-sharing plan pursuant to Internal Revenue Code Section 401(a), which covers substantially all Company employees. Contributions are solely at the discretion of the Company.

NOTE 8. EMPLOYEE STOCK OWNERSHIP PLAN

As disclosed in Note 6, on December 20, 2021, the Company established an ESOP, to be effective as of January 1, 2021, to purchase all 32,000 shares of the Company's preferred stock directly from the existing stockholders of such shares in consideration of an aggregate total of \$22 million. The ESOP borrowed \$10,000,000 from the Company which, in turn, borrowed an equal amount from an independent bank.

NOTE 8. EMPLOYEE STOCK OWNERSHIP PLAN (continued)

As of December 31, 2023 the Company has paid off the loan to the independent bank. The selling stockholders agreed to accept an aggregate of \$12,000,000 in the form of notes from the ESOP in favor of the selling stockholders which are secured by the ESOP's pledge of the preferred stock to the selling stockholders.

The outstanding principal amount of each of the subject selling stockholders' bears interest at an annual rate of 8.5%, subject to the Company's Board of Directors' discretion to choose between cash and payment in kind.

The ESOP's internal aggregate \$22 million loans associated with the annual release of shares bear an interest rate of 1.9% on the aggregate unpaid principal, and provides for repayment in equal annual installments of \$673,183 due on the 31st day of December, commencing on December 31, 2021, and continuing on each anniversary date thereafter, and a final payment on December 31, 2070.

The ESOP is funded by dividends and with cash contributions from the Company. Unallocated shares of the preferred stock held by the ESOP are pledged as collateral by the ESOP to secure its repayment of the internal loan. On December 31, 2023, the outstanding balance of the internal loan was \$20,799,077.

Shares are released as the debt is repaid and are allocated among participants on the basis of compensation in the year of allocation. Releases of ESOP shares are charged to compensation expense at the fair market value of the shares at the date the shares are released.

Through December 31, 2023, 1,920 shares of preferred stock, respectively, out of 32,000 shares are allocated/released from ESOP plan. Dividends over preferred stock (all held by ESOP plan) shall be cumulative and shall be payable annually in arrears.

Base - Dividends at an annual rate per share equal to four percent (4.0%) per annum from the ESOP Dividend Commencement Date on the Face Value therefor (the "ESOP Base Dividends"). Such dividends shall be cumulative and shall be payable annually in arrears.

NOTE 8. EMPLOYEE STOCK OWNERSHIP PLAN (continued)

Participating - Dividends at a per share rate equal to the quotient of (i) the product of 40% multiplied by Available Cash Flow for the calendar year divided by (ii) the number of shares of Class A Preferred Stock issued and outstanding 30 days prior to the payment of such dividends, out of assets legally available therefor (the "ESOP Participating Dividend"). Such dividends shall be cumulative and shall be payable annually in arrears.

Dividends on unallocated shares may be used by the ESOP to repaid the balance of the internal loans, which reduces the balance of the Unearned ESOP Shares account of the Company, and are not reported as dividends, but as additional compensation expense in the financial statements. Dividends on allocated or committed to be allocated shares may also be used to repaid the balance of the internal loans, which reduces the Unearned ESOP Shares account of the Company, and are reported as dividends in the financial statements.

Dividends on unallocated shares were cumulative. The amounts were accrued, but not yet paid to ESOP. Therefore, the obligation to pay ESOP was \$3,164,924 as of December 31, 2023, which was included in "Accrued expenses and other liabilities."

There were 640 allocated shares during the year ended December 31, 2023, and the Company recorded a payable for base and participating dividend payable of \$52,323, which the amount was related to dividends on allocated shares.

The ESOP shares were as follows at December 31, 2023:

Number of shares:

Allocated shares	1,280
Shares released for allocation	640
Unreleased and unearned ESOP shares	<u>30,080</u>
Total ESOP shares	<u><u>32,000</u></u>

Fair value of shares:

Allocated shares	517,466
Shares released for allocation	258,733
Unreleased and unearned ESOP shares	<u>12,160,442</u>
Total ESOP shares	<u><u>\$ 12,936,641</u></u>

NOTE 9. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the 'applicable' exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2023, the Company had net capital of \$4,211,899 which was \$3,685,480 in excess of its required net capital of \$526,419. The Company's net capital ratio was 1.87 to 1.

NOTE 10. COMMITMENTS AND CONTINGENT LIABILITIES

Lease Standards

The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. The Company is a lessee in several noncancelable operating leases for office space. The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right-of-use asset at the commencement date of the lease.

The lease liability is initially and subsequently recognized based on the present value of its future lease payments. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate.

The implicit rates of the Company's leases are not readily determinable and, accordingly, the Company uses its incremental borrowing rate based on the information available at the commencement date for all leases.

The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment.

The right-of-use ("ROU") asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

NOTE 10. COMMITMENTS AND CONTINGENT LIABILITIES (continued)

The Company has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes lease cost associated with its short-term leases on a straight-line basis over the lease term.

The Company has obligations as a lessee for office space with initial noncancelable terms in excess of one year. The Company classified these leases as operating leases. These leases generally contain renewal options for periods ranging from two to five years.

Because the Company is reasonably certain to exercise these renewal options, the optional periods are included in determining the lease term, and associated payments under these renewal options are included from lease payments.

The Company's leases do not include termination options for either party to the lease or restrictive financial or other covenants. Payments due under the lease contracts include fixed payments.

Amounts reported in the consolidated statement of financial condition as of December 31, 2023 were as follows:

Operating Leases:

Operating Lease ROU assets	\$5,651,245
Operating Lease ROU liabilities	\$6,128,303

The weighted average remaining lease term and weighted average discount rate of our operating leases are as follows:

Weighted average remaining lease term:	6.1 years
Weighted average discount rate:	5.63%

Amounts disclosed for ROU assets obtained in exchange for lease obligations and reductions to ROU assets resulting from reductions to lease obligations include amounts added to or reduced from the carrying amount of ROU assets resulting from new leases, lease modifications or reassessments.

NOTE 11. SUBSEQUENT EVENTS

The Company has evaluated events occurring after the date of these financial statements through April 16, 2024, the date that these financial statements were available to be issued.

The Company has sold its 10% ownership of BMG Money on April 1, 2024, in the amount of \$10 million. The sale was financed by BCP with a promissory note issued from the third-party buyer. The first installment of \$2 million was received by BCP upon closing of the sale. The remaining seven equal installments of \$1,142,857 each are due on the three-month anniversary of April 1 and each subsequent three-month anniversary, thereafter, being July 1, 2024 and January 1, 2026. The note does not accrue interest on the outstanding principal amount in the absence of, or prior to, an event of default, and upon event of default, the note would accrue an interest rate of 14.00% per annum. The note is guaranteed by BMG Money.
