2024 Proxy Statement Summary

Advisory Resolution to Approve Executive Compensation (Proposal 2)

Consistent with the stockholders' advisory vote at our 2023 Annual Meeting of Stockholders, we determined to hold the advisory say-on-pay vote to approve our named executive officer ("NEO") compensation on an annual basis. Therefore, we are asking our stockholders to approve, on an advisory basis, our named executive officer compensation for fiscal year 2024. Our stockholders will have the opportunity to approve, on an advisory basis, our NEO compensation for fiscal year 2025 at the 2025 Annual Meeting of Stockholders.

The board of directors recommends a vote **FOR** this resolution because it believes that the policies and practices described in the "Compensation Discussion and Analysis" section beginning on page 41 of this proxy statement are effective in achieving the company's goals of linking pay to performance and levels of responsibility, encouraging our executive officers to remain focused on both short-term and long-term financial, transformation, client satisfaction and environmental, social and governance ("ESG") goals

of the company, and aligning the interests of our executive officers with the interests of our stockholders by linking executive performance to stockholder value.

At our 2023 Annual Meeting of Stockholders, our stockholders approved the compensation of our fiscal year 2023 NEOs by a vote of approximately 91% in favor.

Ratification of the Appointment of Auditors (Proposal 3)

We are asking our stockholders to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2025. A summary of fees paid to Deloitte & Touche LLP for services provided in fiscal years 2024 and 2023 is provided on page 99 of this proxy statement. The board of directors recommends a vote **FOR** this ratification.

2024 Proxy Statement Summary

Fiscal Year 2024 Business Highlights

Our Strategic Priorities. Our business strategy has three key priorities:

Our Strategic Priorities

Lead with Best-in-Class

HCM Technology

Provide Unmatched

Expertise and Outsourcing

Benefit our Clients with our

Global Scale

With a large and growing addressable market, we are focused on our core growth areas and further enhancing our market position by executing on our strategy.

Fiscal year 2024 reflected continued strength, growth and momentum at ADP:

Employer Services new business bookings increased **7%**
to a new record of \$2.0 billion and worldwide new
business bookings increased **6.3%**

Strong Employer Services Client Retention of **92%**

Reached new, **all-time high client satisfaction levels**

Over 1.1 million clients globally

Over 42 million workers paid across 140+ countries and
territories

STOCKHOLDER FRIENDLY ACTIONS

\$3.4 billion in cash returned to stockholders

\$2.2 billion dividends

\$1.2 billion share repurchases

49 consecutive years of dividend increases

STRATEGIC EXECUTION

Continued to **lead with best-in-class HCM technology** by deploying ADP Assist, our generative AI-powered cross-platform solution, which earned the “Generative AI Innovation Award” in the 2024 AI Breakthrough Awards, and by further advancing our next-gen payroll and next-gen HCM initiatives

Continued to **lean into our unmatched expertise**, by providing our service and implementation associates with new GenAI capabilities to help them deliver even better client experiences

Continued to **leverage our global scale**, by extending our global footprint and deepening our partnerships with other leading technology providers to simplify HCM processes for our clients

2024 Proxy Statement Summary

We are a leading global provider of cloud-based HCM technology solutions to employers around the world. Our HCM solutions, which include both software and outsourcing services, are designed to help our clients manage their workforce through a dynamic business and regulatory landscape and the changing world of work. We continuously seek to enhance our leading HCM solutions to further support our clients. We see tremendous growth opportunity ahead as we continue to execute on our three key strategic priorities.

In this context, ADP remained focused on delivering exceptional value to our clients in fiscal year 2024. Consistent and solid execution on our proven business model produced strong revenue and earnings growth in fiscal year 2024. This top-line revenue growth, balanced with solid margin performance, drove earnings per share ("EPS") growth of 11%. Other key business drivers such as new business bookings and client satisfaction (net promoter scores) also reached new record levels and our overall results, together with our focus on sound capital allocation, have served to further strengthen our business model with high levels of recurring revenue, strong operating cash flow, and a solid balance sheet.

Our capital deployment priorities remain unchanged – leverage the strength of our model to reinforce our competitive position by, first and foremost, reinvesting in the business. We believe that balancing investments in

innovative solutions, client service tools, and distribution is critical to strengthening our market-leading offerings. We supplement these investments through a disciplined approach to M&A. Our focus on delivering top-line revenue growth, while also improving the efficiency and effectiveness of our operations, is complemented by a commitment to return excess cash to stockholders through dividends and disciplined share buybacks.

Data, digital technology, artificial intelligence, globalization, new business models and other significant events and disruptions continuously reshape the way people work. Our breadth and scale enable us to address nearly any HCM challenge our clients face and meet them wherever they may be on their HR journey, from startup to enterprise, from software-only to fully-outsourced, and from local to global.

We strive to remain a trusted partner to our clients by providing technology, data and expertise to navigate through any change, while continuing to deliver on our track record of sustainable, profitable growth and consistent value creation for all of our stakeholders by balancing top-line revenue growth with margin improvement to drive EPS growth. As we look ahead to fiscal year 2025 and beyond, we remain focused on executing against our strategic priorities and continuing to lead the way in workforce innovation.

Compensation Principles

We believe that compensation should be designed to create a direct link between performance and stockholder value. Five principles that guide our decisions involving executive compensation are that compensation should be:

- 1 based on (i) the overall performance of the company, (ii) the performance of each executive's business unit when applicable and (iii) each executive's individual performance
- 2 closely aligned with the short-term and long-term financial, transformation, client satisfaction and ESG objectives that build sustainable long-term stockholder value
- 3 competitive, in order to attract and retain executives critical to our long-term success
- 4 consistent with high standards of corporate governance and best practices
- 5 designed to dampen the incentive for executives to take excessive risks or to behave in ways that are inconsistent with the company's strategic planning processes and high ethical standards

2024 Proxy Statement Summary

2024 Compensation Highlights

Consistent with our pay for performance philosophy, the compensation of our NEOs is structured with a significant portion of their total compensation at risk and paid based on the performance of the company as a whole. Our financial performance in fiscal year 2024 impacted the compensation for all of our executive officers, not just our

NEOs, in several ways, most notably through our annual cash bonus plan and performance-based stock unit ("PSU") program. Please refer to the "Compensation Discussion and Analysis" section on page 41 of this proxy statement, and the tables and narratives that follow on page 65 of this proxy statement, for more details concerning the compensation of our NEOs.

Key highlights of our fiscal year 2024 executive compensation program

Base salary:	Our NEOs, other than Mr. Rodriguez, received salary increases in fiscal year 2024 ranging between 3.0% and 9.1%. Ms. Black's and Mr. DeSilva's higher percentage increases of 9.1% were intended to bring their respective base salaries closer to competitive market median levels. Mr. Rodriguez did not receive a base salary increase in fiscal year 2024 and was paid at the same fiscal year-end 2023 annual salary rate through his last day of active employment of January 31, 2024.
Annual cash bonus:	Fiscal year 2024 target bonuses were the same as a percentage of base salary as in fiscal year 2023 for all NEOs other than Mr. DeSilva, whose target bonus percentage increased from 80% to 100% as part of our fiscal year 2024 compensation recommendations. Annual bonuses were based on the financial performance of the company as well as transformation, client satisfaction and ESG performance goals. For fiscal year 2024, our NEOs received cash bonuses at 124.3% of target, with Mr. Rodriguez's target bonus amount prorated for a period of 7 of 12 months of active service as executive chair during the fiscal year.
Equity awards:	As part of our equity compensation program in fiscal year 2024, we granted our executive officers PSUs and restricted stock units ("RSUs").

2024 Incentive Compensation Performance Metrics

Performance for all metrics, including the transformation, client satisfaction and ESG objectives under the annual cash bonus plan, are formulaically measured, based on predetermined and objectively quantifiable goals. Targets and results for our financial metrics exclude the impact of certain limited items pursuant to predetermined categories of adjustments established by the compensation and management development committee (the "committee") at the time that targets were set.

Annual Cash Bonus Plan. The committee's determination of incentive compensation under our annual cash bonus plan for our executive officers, including our NEOs, was based on fiscal year 2024 revenue growth, new business bookings growth, and adjusted EBIT growth as well as transformation, client satisfaction and ESG objectives.

These fiscal year 2024 goals were established consistent with the committee's long-standing methodology in setting such goals and as such, align to the financial earnings guidance the company communicated in July 2023 for fiscal year 2024 and reflect ADP's expectations and assumptions at that time.

2024 Proxy Statement Summary

Details with regard to the transformation, client satisfaction and ESG objectives are provided on page 56 and the financial goals and performance results are summarized below. Each bonus measure below is expressed as a percentage-based growth goal, thus requiring correspondingly higher levels of absolute year-over-year performance delivery.

Annual Cash Bonus Plan Measures	Plan Targets	Plan Results
Revenue Growth	6.9%	6.9%, excluding the impact of foreign currency fluctuations in excess of the fluctuations assumed in the target
New Business Bookings Growth ⁽¹⁾	7.3%	6.3%
Adjusted EBIT Growth ⁽²⁾	10.4%	9.9%, excluding the impact of foreign currency fluctuations in excess of the fluctuations assumed in the target

- 1 For fiscal year 2024, our new business bookings definition includes annualized recurring revenues anticipated from sales orders to new and existing clients for Employer Services and Professional Employer Organization ("PEO") Services. It excludes revenue that is one-time in nature and zero-margin benefits pass-throughs.
- 2 Our adjusted EBIT measure excludes the impact of taxes, certain interest expense, certain interest income, and certain other items. We continue to include the interest income earned on investments associated with our client funds extended investment strategy and interest expense on borrowings related to our client funds extended investment strategy as we believe these amounts to be fundamental to the underlying operations of our business model. Refer to the table in Appendix A for a reconciliation from net earnings to adjusted EBIT for fiscal years 2024 and 2023.

For fiscal year 2024, our NEOs received cash bonuses at 124.3% of target.

Long-Term Incentive Program. The incentive compensation under our PSU program was based on multiple financial metrics, depending on the fiscal year of grant. For PSU awards granted in fiscal year 2022, performance was based on achievement of adjusted net income growth for fiscal year 2024. For PSU awards granted in fiscal year 2023 and fiscal year 2024, performance was based on achievement of adjusted net income growth (67% weight) and revenue excluding zero-margin benefits pass-throughs ("revenue ex-ZMPT") growth (33% weight). PSU awards granted in fiscal years 2023 and 2024 are also subject to a relative total shareholder return ("rTSR") metric that may modify the final payout (by +/-20%) at the end of the respective full three-year period based on our performance as compared to the S&P 500.

Targets and results exclude the impact of certain limited items pursuant to predetermined categories of adjustments established by the committee at the time the targets were set. For more information on the application of these performance metrics, see "Long-Term Incentive Compensation Programs" on page 57.

These financial goals for the PSU awards granted in fiscal year 2024 were established consistent with the committee's long-standing methodology in setting such goals and as such, align to the financial earnings guidance the company communicated in July 2023 for fiscal year 2024 and reflect ADP's expectations and assumptions at that time. Each PSU measure below is expressed as a percentage-based growth goal, thus requiring correspondingly higher levels of absolute year-over-year performance delivery.

2024 Proxy Statement Summary

PSU Program Measure	Program Target	Program Result
Adjusted Net Income Growth ⁽¹⁾	10.5%	11.6%, excluding the impacts of: <ul style="list-style-type: none"> • Foreign currency fluctuations in excess of the fluctuations assumed in the target • Asset write downs related to unplanned asset impairments for client list acquisitions of \$1.6 million and unplanned asset impairments for leased servers of \$800,000 • First-year impact of business acquisitions
Revenue ex-ZMPT Growth ⁽²⁾	7.5%	7.48%, excluding the impacts of: <ul style="list-style-type: none"> • Foreign currency fluctuations in excess of the fluctuations assumed in the target • First-year impact of business acquisitions

- 1 Our adjusted net income measure excludes the impact of certain one-time charges and benefits reflecting specific items that are not fundamental to our underlying business operations. Refer to the table in Appendix A for further detail on these items and a reconciliation from net earnings to adjusted net income for fiscal years 2024 and 2023.*
- 2 Our revenue ex-ZMPT measure is a consolidated revenue growth measure that excludes the impact of zero-margin benefits pass-throughs. Importantly, the PSU revenue metric is not duplicative of the annual cash bonus plan revenue metric due to the exclusion of zero-margin benefits pass-throughs. Refer to the table in Appendix A for further detail on this item and a reconciliation from consolidated revenue to revenue ex-ZMPT for fiscal years 2024 and 2023.*

A payout percentage of 111% was achieved under our PSU program for the award granted in fiscal year 2022 as a result of our fiscal year 2024 adjusted net income growth; and a payout percentage of 111% was achieved for the PSU awards granted in fiscal years 2023 and 2024 as a result of our fiscal year 2024 adjusted net income growth and revenue ex-ZMPT growth. The payout percentage of 111% applies to year 1 of the fiscal year 2024 award and year 2 of the fiscal year 2023 award (both fiscal year awards remain subject to final adjustment based on rTSR performance over the respective three-year performance period), and the payout percentage of 111% applies to year 3 of the fiscal year 2022 award. These awards will be earned and

issued following the end of the corresponding three-year performance period ending in fiscal years 2026, 2025 and 2024, respectively.

The end of fiscal year 2024 marked the end of the three-year performance period for PSU awards granted in fiscal year 2022. Based on the average of the three fiscal years, these awards earned a payout percentage of 124%. As further described in the table on page 46, the payout percentages achieved for each of the individual three fiscal years in the applicable performance period are averaged to obtain the award level earned and issued as a percentage of target.

2024 Proxy Statement Summary

2024 Total Target Direct Compensation

A summary of fiscal year 2024 total target direct compensation for our NEOs is set forth in the following table:

Named Executive Officer (NEO)	Base Salary	Target Annual Bonus	Target PSUs ⁽²⁾	RSUs ⁽²⁾	Total
Ms. Black <i>President and Chief Executive Officer</i>	\$1,200,000	\$2,400,000	\$10,800,000	\$3,600,000	\$18,000,000
Mr. McGuire <i>Chief Financial Officer</i>	\$696,300	\$1,044,450	\$3,570,000	\$1,190,000	\$6,500,750
Mr. Ayala <i>Chief Operating Officer</i>	\$749,800	\$1,124,700	\$3,473,000	\$1,158,000	\$6,505,500
Mr. Bonarti <i>Chief Administrative Officer</i>	\$642,700	\$642,700	\$2,786,000	\$929,000	\$5,000,400
Mr. DeSilva <i>President, Global Sales</i>	\$600,000	\$600,000	\$2,625,000	\$875,000	\$4,700,000
Mr. Rodriguez ⁽¹⁾ <i>Former Executive Chair</i>	\$353,150	\$529,725	\$6,000,000	\$2,000,000	\$8,882,875

Footnotes:

- 1 Mr. Rodriguez's base salary reflects the amount paid through his last day of employment as executive chair of January 31, 2024, and his target annual bonus reflects the prorated amount for a period of 7 of 12 months of active service during the fiscal year.
- 2 Equity amounts reflect the target grant values for fiscal year 2024 and are rounded for ease of presentation. For PSUs, these amounts vary from the totals disclosed in the "Summary Compensation Table for Fiscal Year 2024" on page 65 of this proxy statement, which reflect the grant date fair value, calculated in accordance with FASB ASC Topic 718, for the performance year in which performance targets are set. Accordingly, the amounts for PSU awards in the Summary Compensation Table represent the grant date fair value of the first, second and third tranche of the target awards that were granted in fiscal years 2024, 2023 and 2022, respectively.

2024 Proxy Statement Summary

The mix of target total direct compensation (base salary, cash bonus and long-term incentive awards) for fiscal year 2024 was designed to deliver the following approximate proportions of total compensation to Ms. Black, our chief executive officer, and the other NEOs if company and

individual target levels of performance are achieved. The target pay mix below reflects the PSU target award based on the three-year target opportunity. Ms. Black's higher proportion of at-risk compensation reflects her greater responsibility for overall company performance.

Compensation Good Governance and Best Practices

Our compensation programs reflect our strong commitment to good governance.

What we do

- ✓ **Pay for performance:** We design our compensation programs to link pay to performance and levels of responsibility, to encourage our executive officers to remain focused on both the short-term and long-term financial, transformation, client satisfaction and ESG goals of the company and to link executive performance to stockholder value.
- ✓ **Annual say-on-pay vote:** We hold an advisory say-on-pay vote to approve our NEO compensation on an annual basis.
- ✓ **Clawback policy:** We maintain a rigorous Clawback Policy which exceeds Nasdaq listing requirements and allows for the recovery of both cash and equity incentive compensation from any current or former corporate officer (including any executive officer) who engages in any activity that is in conflict with or adverse to ADP's interests, including fraud.
- ✓ **Stock ownership guidelines:** We maintain stock ownership guidelines to encourage equity ownership by our executive officers.
- ✓ **Limited perquisites:** We provide limited perquisites that are viewed as consistent with our overall compensation philosophy.
- ✓ **Double trigger change in control payments:** Our Change in Control Severance Plan for Corporate Officers includes "double-trigger" provisions, such that payments of cash and vesting of equity awards occur only if termination of employment without cause or with good reason occurs during the two-year period after a change in control.
- ✓ **Independence of our compensation and management development committee and advisor:** The compensation and management development committee of our board of directors, which is comprised solely of independent directors, utilizes the services of FW Cook as an independent compensation consultant. FW Cook reports to the committee, does not perform any other services for the company other than in connection with an annual review of competitive director compensation for the nominating/corporate governance committee of our board of directors, and has no economic or other ties to the company or the management team that could compromise their independence and objectivity.

2024 Proxy Statement Summary

What we do

- ✓ **Equity plan best practices:** Our 2018 Omnibus Award Plan, approved by stockholders in November 2018, incorporates certain governance best practices, including a minimum vesting period of one-year (with certain limited exceptions), a minimum 100% fair market value exercise price (except for substitute awards from an acquired or merged company), no “liberal share recycling” of stock options or stock appreciation rights and no “liberal” change in control definition.
- ✓ **Stockholder engagement:** As described below under “Fiscal Year 2024 Stockholder Engagement,” our investor engagement program promotes an active dialogue with our largest stockholders on a range of topics related to our strategy, corporate governance and executive compensation programs.

What we don't do

- ✗ **No-hedging policy:** We prohibit all of our directors and employees, including our executive officers, from engaging in any hedging or similar transactions involving ADP securities.
- ✗ **No-pledging policy:** We prohibit all of our directors and employees, including our executive officers, from holding ADP securities in a margin account or pledging ADP securities as collateral for a loan.
- ✗ **No repricing of underwater stock options without stockholder approval:** We may not lower the exercise price of any outstanding stock options or otherwise provide economic value to the holders of underwater stock options in exchange for the forfeiture of such awards without stockholder approval.
- ✗ **No discount stock options:** The exercise price of our stock options is not less than 100% of the fair market value of our common stock on the date of grant.
- ✗ **No IRC Section 280G or 409A tax gross-ups:** We do not provide tax gross-ups under our change in control provisions or deferred compensation programs.
- ✗ **No current dividends on unearned performance stock units:** We do not pay dividends in respect of unearned PSUs; rather, dividend equivalents are accrued over the applicable performance period and are paid only if the units are earned and shares are issued at the end of the performance period.

2024 Proxy Statement Summary

Fiscal Year 2024 Corporate Governance Highlights

We have a history of strong corporate governance. We are committed to sound corporate governance practices that provide our stockholders with meaningful rights and foster strong independent leadership in our boardroom.

ADP Corporate Governance Framework

- ✓ Annual election of directors
- ✓ Majority voting standard
- ✓ One share, one vote
- ✓ Proxy access by-law
- ✓ Subject to certain exceptions on a case by case basis, a “no overboarding” policy which states that no non-executive director can serve on more than 4 public boards (including ADP) and, in the case of a director who is an executive officer of ADP or other company, no more than 2 public boards (including ADP)
- ✓ No poison pill
- ✓ Independent, non-executive board chair and independent board committees
- ✓ Stockholder ability to call special meetings
- ✓ Stockholder right to act by written consent
- ✓ Annual board assessment of corporate governance best practices
- ✓ Significant board role in strategy and risk oversight, including annual strategy and product session
- ✓ Non-employee director pay limits and stock ownership requirements
- ✓ Annual succession planning review
- ✓ Director orientation and continuing education for directors
- ✓ Active stockholder engagement to better understand investor perspectives
- ✓ Comprehensive corporate social responsibility (“CSR”)/ sustainability report detailing environmental, social and governance (“ESG”) matters, including cybersecurity and privacy
- ✓ Executive sessions of independent directors held regularly

We firmly believe that creating sustainable long-term value for stockholders is enabled through such strong governance practices and open dialogue with stockholders through continuous direct engagement.

Our fiscal year 2024 corporate governance actions and enhancements included:

- ✓ Following seamless CEO transition, returned to an independent, non-executive board chair structure (January 2024)

- ✓ Committee chair and membership rotation (January 2024)

- ✓ New Global Corporate Social Responsibility Report issued May 2024

- ✓ Developed a compliance-by-design process that establishes key guardrails around transparency, bias, and accuracy of our generative AI tools

2024 Proxy Statement Summary

Fiscal Year 2024 Stockholder Engagement

✓ *Invited stockholders representing nearly half of our shares outstanding to discuss our strategy, corporate governance and executive compensation programs, and held meetings with stockholders representing over 30% of our shares outstanding*

✓ *Over 100 meetings held with top-50 stockholders to discuss business performance and seek overall feedback*

Our Stockholder and Stakeholder Engagement Process

We value stockholder engagement and feedback as we strive to deliver strong financial performance and sustained value creation for our investors. Our ongoing investor engagement program includes outreach focused on the company's strategy, corporate governance and executive compensation programs. In addition to management, many of these engagements include participation by certain members of our board of directors. Director participation will continue to be part of our engagement program in fiscal year 2025.

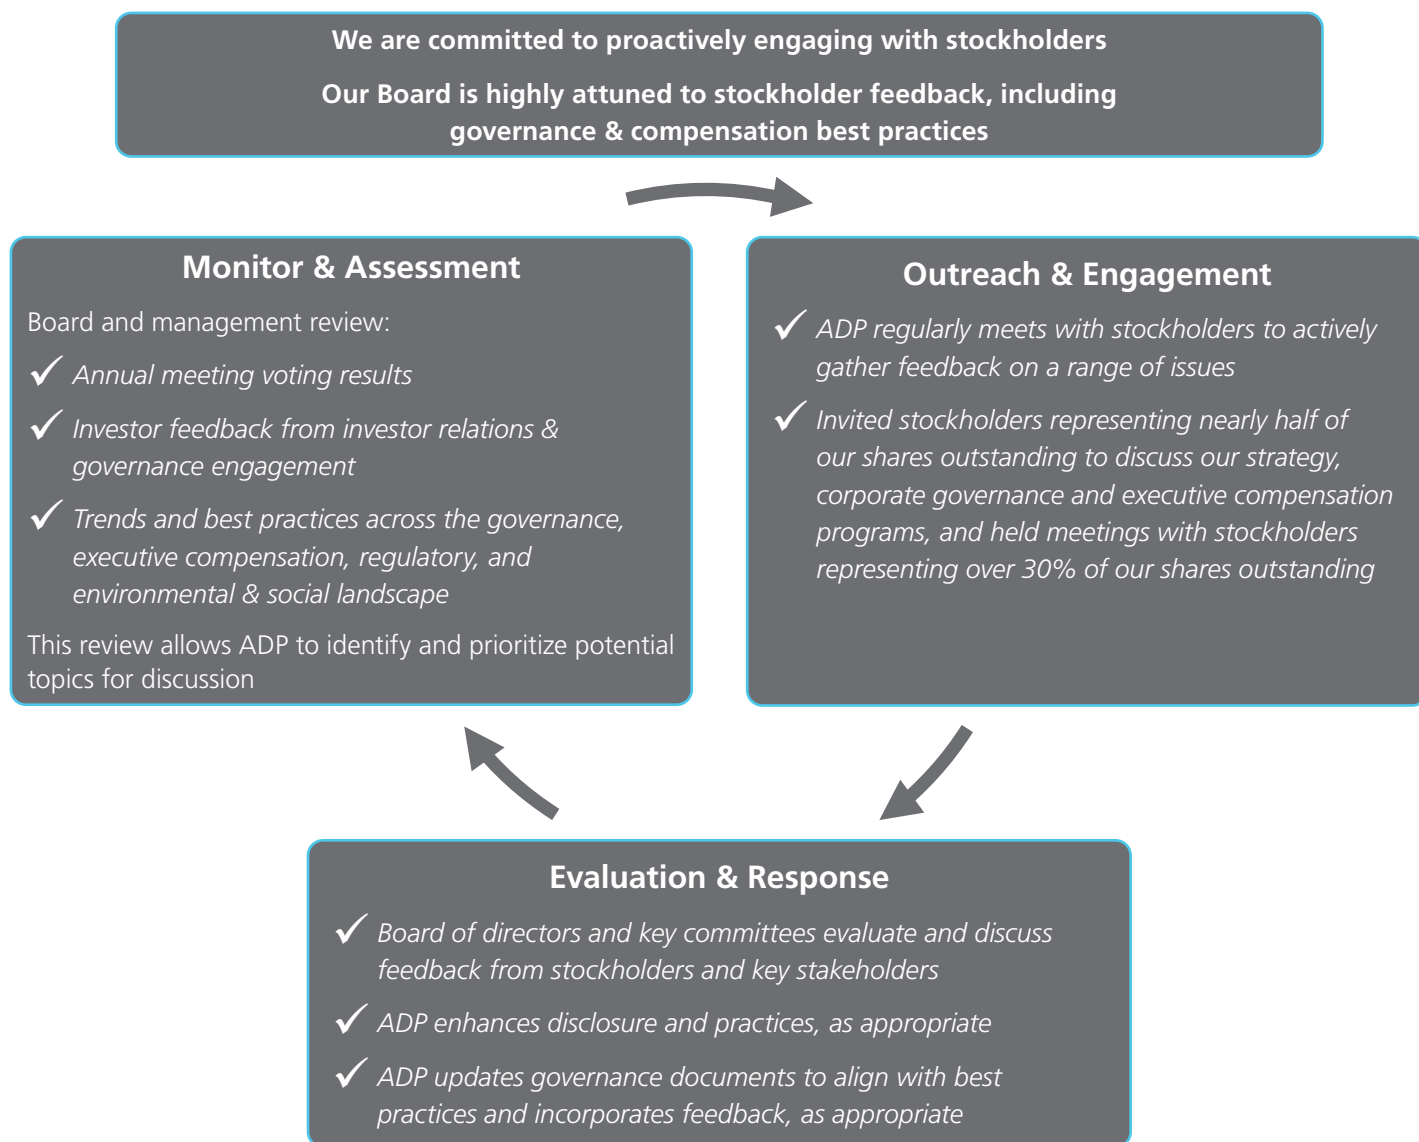

What we learn through our ongoing engagements is regularly shared with our board of directors and incorporated into our disclosures, plans and practices, as

appropriate. For example, over the past year, investors have sought to better understand how ADP is utilizing enabling technologies like artificial intelligence ("AI") in a manner that is ethical, secure and compliant. ADP has a rigorous set of ethical principles and related processes to govern its use of AI, machine learning, and other newer technologies, and continuously works to safeguard our trusted data set by building in rigorous standards to deliver independent and objective insight into the workforce. More information, including our Ethics in AI position statement, can be found on our corporate website, at www.adp.com, by clicking on "About," then "Data Privacy" or "Artificial Intelligence," as appropriate. Further detail is also available in our Global Corporate Social Responsibility Report on sustainability.adp.com.

2024 Proxy Statement Summary

We engage with many other stakeholders throughout the year on a range of CSR issues, including environmental stewardship, talent activation, culture and human capital. Active stakeholder engagement and dialogue is an integral part of our sustainability commitment and continues to drive our work on our CSR and sustainability reporting, intended to capture the issues most important to our business and our stakeholders. In line with these efforts, we are also committed to working collaboratively with a number of third-party providers of ESG reports and ratings to ensure we transparently provide the appropriate information to improve the accuracy of their data.

We look forward to maintaining this ongoing dialogue with our investors and other stakeholders.

2024 Proxy Statement Summary

ESG at ADP

At ADP, innovation is the heart of our business — and the values that led us to become a global technology leader still guide our way after 75 years. As we focus on designing a better world at work — we are keenly aware of our responsibility to contribute to progress in business and beyond. We are in the fortunate position to support more than one-million client companies and their workers. And, with every interaction, we have an opportunity to make a meaningful impact and help build a better future.

In fact, we believe that true success is achieved when we contribute to the well-being of our clients, their workers, our associates, and the global communities in which we live and work. This belief fuels our dedication to corporate social responsibility, as we strive to create tools that support a more inclusive and sustainable future for generations to come. We continue to deepen our CSR efforts in four key pillars:

Innovation

Leveraging the power of data, we innovate by anticipating the future of work, the future of HCM and the future of pay to help our clients transform their businesses, simplify work and empower their employees.

- Data, technology, artificial intelligence, globalization, new business models and other significant events and disruptions continuously reshape the way people work.
- We are always designing better ways to work through cutting-edge products, premium services and exceptional experiences that enable people to reach their full potential.

Associates

Our long-term business success is closely linked to our commitment to creating an environment in which our associates thrive.

- Grounded in the core value “Each Person Counts,” ADP has a robust strategy to enable the growth, development, and career success of our 64,000 associates across the globe. We optimize personalized, modern learning experiences and outcomes throughout ADP by leveraging technology, data, design and talent to ensure our programs are engaging and accessible to all learners.

Community

Responsibility to the world around us is at the heart of our business. We believe that our company is only as strong as the communities in which we operate. By elevating our communities, we support critical causes and provide a foundation for our business to continue thriving.

- Through the ADP Foundation, we magnify the impact of associate giving to causes that align with our core values and corporate social responsibility focus. We provide a tool to allow associates to donate to their choice of thousands of charitable organizations. ADP associates, executives and directors in the United States can also participate in a matching gift program in which donations to eligible nonprofit organizations are matched up to a certain amount per individual associate per calendar year.

2024 Proxy Statement Summary

Environment

We recognize the importance of environmental stewardship and our responsibility to uphold high standards of care, quality and consideration for the global community. We run ADP for the long term, which has allowed us to build a strong track record of investing and adapting our operations to improve our resource efficiency and reduce our impact on the environment. We believe that modernizing and streamlining our operations reduces our environmental impact and drives efficiency, innovation and ultimately, long-term value-creation for all of our stakeholders.

- In 2021, ADP committed to achieve net zero greenhouse gas emissions across Scopes 1, 2 and 3 by 2050. In 2022, ADP committed to reduce its absolute global Scope 1 & 2 GHG emissions 25.2% by 2025 and 50% by 2030, each from a 2019 base year.
- Our progress and performance against these targets, due in large part to our ongoing real estate optimization strategy as well as technology upgrades, including consolidation and optimization within our data centers, is described in greater detail in our May 2024 Global Corporate Social Responsibility report available on investors.adp.com or sustainability.adp.com.

Governance

We deliver on our brand promise through a culture that values ethics, compliance and strong governance. Our board of directors is squarely focused on the long-term sustainability of our business. In line with this focus, the nominating/corporate governance committee oversees the company's ESG policies and programs. The committee receives periodic reports and updates from the company's ESG officer, who spearheads our ESG steering and operating committees, and reports back on these matters to the full board. Our ESG operating committee, comprised of enterprise-wide senior leaders at ADP, provides a consolidated view of emerging opportunities and risks

in ESG and makes recommendations to the ESG steering committee to capture these opportunities or mitigate potential risks. The focus of our ESG steering committee, which is comprised of members of executive management, is to align on ESG strategy and focus, review and approve recommendations made by the ESG operating committee, and provide guidance on strategic ESG initiatives. Our board members have complete and open access to senior members of management.

We invite you to visit sustainability.adp.com to read more about our ESG efforts.

Important Dates for the 2025 Annual Meeting of Stockholders

Please refer to the "Stockholder Proposals and Nominations" section on page 101 of this proxy statement for more information regarding the applicable requirements for submission of stockholder proposals. If a stockholder intends to submit any proposal for inclusion in the company's proxy statement for the company's 2025 Annual Meeting of Stockholders in accordance with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the proposal must be received by the corporate secretary of the company no later than May 22, 2025.

If a stockholder intends to submit director nominees for inclusion in the company's proxy statement pursuant to our proxy access by-laws, the stockholder's notice of nomination must be received by the corporate secretary of the company by no earlier than April 22, 2025 and no later than May 22, 2025.

Separate from the requirements of Rule 14a-8 relating to the inclusion of a stockholder proposal in the company's proxy statement, the company's amended and restated by-laws require that notice of a stockholder nomination for candidates for our board of directors (other than pursuant to our proxy access by-law) or any other business to be considered at the company's 2025 Annual Meeting of Stockholders must be received by the company no earlier than July 9, 2025, and no later than August 8, 2025.

Proxy Statement

The board of directors of Automatic Data Processing, Inc. is soliciting your proxy to vote at the 2024 Annual Meeting of Stockholders to be held on November 6, 2024 at 10:00 a.m. Eastern Standard Time, and at any postponement(s) or adjournment(s) thereof. The 2024 Annual Meeting will be a virtual meeting conducted on the following website:

www.virtualshareholdermeeting.com/ADP2024

Under rules adopted by the SEC, we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On September 19, 2024, we commenced the mailing to our stockholders of a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials, including our proxy statement and our annual report on Form 10-K (which is not a part of the proxy soliciting material). This process is designed to expedite stockholders' receipt of proxy materials, lower the cost of the Annual Meeting, and help conserve natural resources.

Our proxy materials were mailed to those stockholders who have previously asked to receive paper copies. If you would

prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

The only outstanding class of securities entitled to vote at the meeting is our common stock, par value \$0.10 per share. At the close of business on September 9, 2024, the record date for determining stockholders entitled to notice of, to attend, and to vote at the meeting, we had 407,826,158 issued and outstanding shares of common stock (excluding 230,886,284 treasury shares not entitled to vote). Each outstanding share of common stock is entitled to one vote with respect to each matter to be voted on at the meeting.

This proxy statement and our annual report on Form 10-K are also available on our corporate website at www.adp.com under "Financial Information" in the "Investors" section.

Questions and Answers About the Annual Meeting and Voting

WHY AM I RECEIVING THESE PROXY MATERIALS?

We are providing these proxy materials to holders of shares of the company's common stock, par value \$0.10 per share, in connection with the solicitation of proxies by our board of directors for the forthcoming 2024 Annual Meeting of Stockholders to be held on November 6, 2024 at 10:00 a.m. Eastern Standard Time, and at any postponement(s) or adjournment(s) thereof. The company will bear all expenses in connection with this solicitation.

HOW CAN I PARTICIPATE IN THE MEETING?

The 2024 Annual Meeting will be held in a virtual meeting format. The 2024 Annual Meeting will be conducted via live webcast, beginning promptly at 10:00 a.m. Eastern Standard Time on Wednesday, November 6, 2024.

Admission to the meeting is restricted to stockholders of record as of September 9, 2024 and/or their designated representatives. The 2024 Annual Meeting can be accessed from the following website: www.virtualshareholdermeeting.com/ADP2024

We recommend that you log in 15 minutes before the start of the 2024 Annual Meeting to ensure sufficient time to complete the check-in procedures.

To participate in the virtual meeting, you will need the 16-digit control number that is printed in the blue box on your Notice of Internet Availability of Proxy Materials or in the box marked by the arrow on your proxy card (if you received a printed copy of the proxy materials). If your shares are held in the name of a bank, brokerage firm or other nominee, you should follow the instructions provided by them in order to participate in the virtual meeting.

You will have the same rights and opportunities to participate as you would have at a physical annual meeting. You will be able to participate in the virtual meeting, vote your shares electronically, and submit your questions during the meeting by visiting the website identified above.

Questions and Answers About the Annual Meeting and Voting

WHAT IF I HAVE TECHNICAL DIFFICULTIES OR TROUBLE ACCESSING THE VIRTUAL MEETING?	If you encounter any technical difficulties logging into the website (www.virtualshareholdermeeting.com/ADP2024) or during the virtual meeting, there will be a 1-800 number and international number available on the website to assist you. Technical support will be available 15 minutes prior to the start time of the virtual meeting.
HOW MANY SHARES MUST BE PRESENT TO HOLD THE MEETING?	The representation in person or by proxy of a majority of the issued and outstanding shares of stock entitled to vote at the meeting constitutes a quorum. Under our amended and restated certificate of incorporation, our amended and restated by-laws and under Delaware law, abstentions and “broker non-votes” are counted as present in determining whether the quorum requirement is satisfied. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.
HOW CAN I VOTE MY SHARES?	<p>The Notice of Internet Availability of Proxy Materials instructs you on how to vote through the Internet.</p> <p>If you receive a paper copy of the proxy materials, you may also vote your shares by telephone or by completing, signing, dating and returning the accompanying printed proxy in the enclosed envelope, which requires no postage if mailed in the United States.</p> <p>Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted in accordance with the recommendations of our board of directors as indicated below. If you are a registered stockholder who would ordinarily be delivering your completed proxy card in person at the meeting, please follow the voting instructions that will be available on the website (www.virtualshareholdermeeting.com/ADP2024) during the 2024 Annual Meeting.</p>
IF I HOLD SHARES IN STREET NAME, DOES MY BROKER NEED INSTRUCTIONS IN ORDER TO VOTE MY SHARES?	<p>If your shares are held in “street name” (i.e., your shares are held by a bank, brokerage firm or other nominee), you must provide voting instructions to your bank or broker by the deadline provided in the materials you receive from your bank or broker.</p> <p>If you hold your shares in street name and you do not instruct your bank or broker as to how to vote your shares, your bank or broker may only vote your shares in its discretion on the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2025 (Proposal 3), but will not be allowed to vote your shares on any of the other proposals described in this proxy statement, including the election of directors.</p> <p>Under applicable Delaware law, a broker non-vote will have no effect on the outcome of any of the other proposals described in this proxy statement because the non-votes are not considered in determining the number of votes necessary for approval.</p>

Questions and Answers About the Annual Meeting and Voting

WHAT MATTERS WILL BE VOTED ON AT THE MEETING, WHAT ARE MY VOTING CHOICES, AND HOW DOES THE BOARD OF DIRECTORS RECOMMEND THAT I VOTE?

Proposal	Voting Choices	Board Recommendation
Proposal 1: Election of the 12 nominees named in this proxy statement to serve on the company's board of directors	<ul style="list-style-type: none"> • For • Against • Abstain 	FOR election of all 12 director nominees
Proposal 2: Advisory resolution approving the compensation of the company's named executive officers as disclosed in the "Compensation Discussion and Analysis" section on page 41 of this proxy statement and accompanying compensation tables	<ul style="list-style-type: none"> • For • Against • Abstain 	FOR
Proposal 3: Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2025	<ul style="list-style-type: none"> • For • Against • Abstain 	FOR

So far as the board of directors is aware, only the above matters will be acted upon at the meeting. If any other matters properly come before the meeting, the accompanying proxy may be voted on such other matters in accordance with the best judgment of the person or persons voting the proxy.

HOW MANY VOTES ARE NEEDED TO APPROVE THE PROPOSALS, AND WHAT IS THE EFFECT OF ABSTENTIONS OR BROKER NON-VOTES?

	Proposal	Votes Required	Effect of Abstentions	Effect of Broker Non-Votes
Proposal 1:	Election of directors	Majority of shares represented in person or by proxy and entitled to vote thereon	Treated as vote against	No effect
Proposal 2:	Advisory resolution to approve compensation of named executive officers	Majority of shares represented in person or by proxy and entitled to vote thereon	Treated as vote against	No effect
Proposal 3:	Ratification of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2025	Majority of shares represented in person or by proxy and entitled to vote thereon	Treated as vote against	N/A - brokers are permitted to vote on this matter

Questions and Answers About the Annual Meeting and Voting

Proposal 1:

The affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote thereon is required to elect a director, provided that if the number of nominees exceeds the number of directors to be elected (a situation that the company does not anticipate), the directors shall be elected by the vote of a plurality of the shares represented in person or by proxy and entitled to vote thereon. Votes may be cast in favor of or against each nominee, or a stockholder may abstain from voting. Abstentions will have the effect of a negative vote. If the number of nominees exceeds the number of directors to be elected, votes may be cast in favor of or withheld against each nominee, and abstentions will be excluded entirely and will have no effect on the vote. If your broker holds your shares, your broker is not entitled to vote your shares on this proposal without your instruction, and therefore a broker non-vote will have no effect on the outcome of this proposal.

Proposal 2:

The affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote thereon is required to approve the advisory resolution on executive compensation. Votes may be cast in favor of or against this proposal or a stockholder may abstain from voting. Abstentions will have the effect of a negative vote. If your broker holds your shares, your broker is not entitled to vote your shares on this proposal without your instruction, and therefore a broker non-vote will have no effect on the outcome of the advisory resolution. Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by the compensation and management development committee or the board of directors.

Because we value our stockholders' views, however, the compensation and management development committee and the board of directors will consider carefully the results of this advisory vote when formulating future executive compensation policy.

Proposal 3:

The affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote thereon is required to ratify the appointment of Deloitte & Touche LLP as the company's independent registered public accounting firm for fiscal year 2025. Votes may be cast in favor of or against this proposal or a stockholder may abstain from voting. Abstentions will have the effect of a negative vote. Brokers have the authority to vote shares for which their customers did not provide voting instructions on the ratification of the appointment of Deloitte & Touche LLP, so there will be no broker non-votes for this item.

Questions and Answers About the Annual Meeting and Voting

MAY I REVOKE MY PROXY OR CHANGE MY VOTE?

If your shares are registered in your name, you may revoke your proxy and change your vote prior to the completion of voting at the Annual Meeting by:

- submitting a valid, later-dated proxy card or a later-dated vote in accordance with the voting instructions on the Notice of Internet Availability of Proxy Materials in a timely manner; or
- giving written notice of such revocation to the company's corporate secretary prior to the Annual Meeting or by voting at the Annual Meeting by following the instructions that will be available on the website (www.virtualshareholdermeeting.com/ADP2024) during the Annual Meeting

If your shares are held in "street name," you should contact your bank or broker and follow its procedures for changing your voting instructions. You also may vote at the Annual Meeting by following the instructions provided by your bank or broker.

Only the latest validly executed proxy that you submit will be counted.

IS MY VOTE CONFIDENTIAL?

Proxies and ballots identifying the vote of individual stockholders will be kept confidential from our management and directors, except as necessary to meet legal requirements in cases where stockholders request disclosure or in a contested election.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETING?

The preliminary voting results will be announced at the Annual Meeting. The final voting results, which are tallied by independent tabulators and certified by independent inspectors, will be published in the company's current report on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

HOW CAN I ASK A QUESTION DURING THE VIRTUAL ANNUAL MEETING?

You will be able to submit a written question during the Annual Meeting by following the instructions that will be available on the Annual Meeting website (www.virtualshareholdermeeting.com/ADP2024). As part of the virtual Annual Meeting, we will hold a question and answer session, during which we intend to answer questions submitted in accordance with our Annual Meeting rules (which will be available on the website) and that are relevant to the company and the meeting matters, as time permits. Questions and answers will be grouped by topic, and substantially similar questions will be grouped and answered once. If time does not permit us to address each question received during the Annual Meeting, the company's answers will be posted to our corporate website at www.adp.com in the "Investors" section as soon as possible after the Annual Meeting.

Questions and Answers About the Annual Meeting and Voting

WHO IS PAYING FOR THE PREPARATION AND MAILING OF THE PROXY MATERIALS AND HOW WILL SOLICITATIONS BE MADE?

We are making this solicitation of proxies on behalf of our board of directors and will pay the solicitation costs. Our directors, officers and other employees may, without additional compensation except reimbursement for actual expenses, solicit proxies by mail, in person or by telecommunication. In addition, we have retained Innisfree M&A Incorporated at a fee estimated to be approximately \$25,000, plus reasonable out-of-pocket expenses, to assist in the solicitation of proxies. We will reimburse brokers, fiduciaries, custodians, and other nominees for out-of-pocket expenses incurred in sending our proxy materials to, and obtaining instructions relating to such materials from, beneficial owners.

If you have any questions about giving your proxy or require assistance, please contact our proxy solicitor at:

INNISFREE M&A INCORPORATED

Stockholders call toll-free: (877) 825-8777

Banks and brokers call collect: (212) 750-5833

WHAT IS "HOUSEHOLDING?"

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding our stock but share the same address, we have adopted a procedure known as "householding." Under this procedure, certain stockholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our Notice of Internet Availability of Proxy Materials and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you are a registered stockholder and choose to have separate copies of our Notice of Internet Availability of Proxy Materials, proxy statement and annual report on Form 10-K mailed to you, you must "opt-out" by writing to Broadridge Financial Solutions, Inc., Household Department, 51 Mercedes Way, Edgewood, New York, 11717 or by calling 1-866-540-7095 and we will cease householding all such disclosure documents within 30 days. If we do not receive instructions to remove your accounts from this service, your accounts will continue to be "household" until we notify you otherwise. If you own our common stock in nominee name (such as through a broker), information regarding householding of disclosure documents should have been forwarded to you by your broker.

You can also contact Broadridge Financial Solutions, Inc. at 1-866-540-7095 if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future.

Proposal 1

Below are summaries of the principal occupations, business experience, background, and key skills and qualifications of the nominees. The key skills and qualifications are not intended to be an exhaustive list of each nominee's skills or contributions to the board, but rather the specific skills and qualifications that led to the conclusion that the person should serve as a director for the company.

Peter Bisson

Director since: 2015

Age: 67

Independent

Committees:

- ▶ CDTAC, Chair
- ▶ Audit

Retired Director and Global Leader of the High-Tech Practice at McKinsey & Company

Mr. Bisson was a director and the global leader of the High-Tech Practice at McKinsey & Company prior to his retirement in June 2016. Mr. Bisson also held a number of other leadership positions at McKinsey & Company, including chair of its knowledge committee, which guides the firm's knowledge investment and communication strategies, member of the firm's shareholders committee, and leader of the firm's strategy and telecommunications practices. In more than 30 years at McKinsey & Company, he advised a variety of multinational public companies, including ADP, in the technology-based products and services industry. For many years, Mr. Bisson also served on the board of the Nature Conservancy of NY, an environmental group, serving as the co-chair in his final two years. Presently, he is a special advisor to Brighton Park Capital and a director of Gartner Inc.

Key Skills & Qualifications

Mr. Bisson's experience includes advising clients on corporate strategy and M&A, design and execution of performance improvement programs, marketing and technology development. Mr. Bisson's broad experience in the technology industry is a valuable asset to our board of directors and contributes to the oversight of the company's strategic direction and digital transformation, including our AI-enabled product portfolio.

Maria Black

Director since: 2023

Age: 50

Management

President and Chief Executive Officer of Automatic Data Processing, Inc.

Ms. Black is the president and chief executive officer of the company. Before she was appointed to her current position in January 2023, she served as president of the company since January 2022. Prior to that, she was president, Worldwide Sales and Marketing of ADP since February 2020 and served as president, Small Business Solutions and Human Resources Outsourcing from January 2017 to February 2020, as president, ADP TotalSource from July 2014 to December 2016, as general manager, ADP United Kingdom from April 2013 to June 2014, and as general manager, Employer Services – TotalSource Western Central Region from January 2008 to March 2013. Ms. Black joined ADP in 1996. Ms. Black is a director of Delta Air Lines, Inc.

Key Skills & Qualifications

Throughout her career at ADP, Ms. Black has served in key roles across ADP in sales, service, product implementation and operations, including our PEO and Employer Services businesses. Having overseen all aspects of sales, marketing and business operations gives her a powerful perspective and understanding of ADP's products, innovation strategy and growth opportunities. She brings this deep perspective and understanding of HCM, together with her unwavering focus on modernization, operational excellence and client centricity, to our board of directors.

Proposal 1

David V. Goeckeler

Chief Executive Officer of Western Digital Corporation

Mr. Goeckeler has been chief executive officer and a member of the board of directors of Western Digital since March 2020. Prior to his current role, he served as executive vice president and general manager of the networking and security business of Cisco Systems, Inc., from July 2017 to March 2020. From May 2016 to July 2017, Mr. Goeckeler served as senior vice president and general manager for Cisco's networking and security business group, and served as senior vice president and general manager for its security business from 2014 to 2016.

Key Skills & Qualifications

Mr. Goeckeler is a transformational technology veteran with an extensive background leading large-scale development operations that deliver disruptive innovation across critical infrastructure segments. His strategic thought-leadership and deep domain expertise in cloud computing infrastructure, modern software development and business models, cybersecurity and data protection, combined with experience in AI infrastructure, are incredibly valuable to the board as ADP continues to drive innovation across its HCM technology portfolio and accelerates its digital transformation.

- ▶ CDTAC
- ▶ CMDC

Linnie M. Haynesworth

Retired Sector Vice President and General Manager, Northrop Grumman Corporation

Ms. Haynesworth retired in 2019 as the sector vice president and general manager of the Cyber and Intelligence Mission Solutions Division for Northrop Grumman Corporation's ("NGC") Mission Systems Sector after assuming this role in 2016. She previously served as sector vice president and general manager of the Intelligence, Surveillance and Reconnaissance Division within the former Information Systems sector of NGC, and also led NGC's Federal and Defense Technologies Division. Before joining Information Systems at NGC, she was vice president for aerospace products with the NGC Aerospace Systems sector and served as program manager for its Defense Weather Satellite System. She began her career at NGC in 1979 and also held other leadership roles in business development, engineering, supply chain and program positions of increasing responsibility in multiple areas of the company. Ms. Haynesworth is a member of the Defense Business Board and is currently a director of Eastman Chemical Company, Micron Technology, Inc. and Truist Financial Corporation.

Key Skills & Qualifications

Ms. Haynesworth brings a proven track record of achievement and extensive expertise in technology integration, cybersecurity, enterprise strategy, risk management and large complex system development, delivery and deployment. With 40 years in the industry, her insight and breadth of experience are invaluable contributions to ADP, given the integral nature of technology and security to our products, business processes and infrastructure.

Proposal 1

Scott F. Powers

Former President and Chief Executive Officer of State Street Global Advisors

Mr. Powers was the president and chief executive officer of State Street Global Advisors, from 2008 until his retirement in 2015. Before joining State Street, Mr. Powers was the president and chief executive officer of Old Mutual Asset Management, the U.S.-based global asset management business of Old Mutual plc, from 2001 to 2008. He also held executive roles at Mellon Institutional Asset Management and Boston Company Asset Management. Mr. Powers is currently a director of PulteGroup, Inc. and board chair of Sun Life Financial Inc. He was previously a member of the board of directors of Whole Foods Market, Inc. in 2017.

Key Skills & Qualifications

With over three decades of experience leading and advising firms in the investment management industry, Mr. Powers has extensive global operational and business expertise. In addition, as the former CEO of State Street Global Advisors, his background in overseeing and guiding ESG-related engagement with invested companies is a tremendous asset to ADP. The valuable blend of these critical skills and his investor mindset support the board in its oversight of the company's strategic direction, growth and transformation.

Proposal 1

Carlos A. Rodriguez

Director since: 2011

Age: 60

Non-Management

Former Executive Chair and Chief Executive Officer of Automatic Data Processing, Inc.

Mr. Rodriguez is the former executive chair of the board of directors of the company, serving from January 2023 to January 2024. Before he was executive chair, he served as chief executive officer of the company from November 2011 until December 2022. He has been a member of the board since November 2011. Mr. Rodriguez served as president and chief operating officer of the company before he was appointed chief executive officer in November 2011 and as president through 2021. Having started his career at the company in 1999, Mr. Rodriguez previously served as president of several key businesses, including National Accounts Services, Employer Services International, Small Business Solutions, and Professional Employer Organization, giving him deep institutional knowledge across the company's business. Mr. Rodriguez is currently a director of Microsoft Corporation.

Key Skills & Qualifications

In addition to broad managerial, operational and strategic planning expertise, Mr. Rodriguez is a recognized leader in the HCM industry and brings a wealth of business acumen and leadership experience to our board of directors, including a deep knowledge of HCM and unique understanding of our business, coupled with a proven track record of integrity, achievement and strategic vision.

Sandra S. Wijnberg

Former Executive Advisor, Partner and Chief Administrative Officer of Aquiline Holdings

Ms. Wijnberg was an executive advisor of Aquiline Holdings, a registered investment advisory firm, from 2015 to 2019, and prior to that, a partner and the chief administrative officer of Aquiline Holdings from 2007 to 2014. From 2014 to 2015, Ms. Wijnberg left Aquiline Holdings to work in Jerusalem at the behest of the U.S. State Department as the deputy head of mission, Office of the Quartet. Prior to joining Aquiline Holdings, she was the senior vice president and chief financial officer of Marsh & McLennan Companies, Inc., from January 2000 to April 2006, and before that, the treasurer and interim chief financial officer of YUM! Brands, Inc. She is a director of Cognizant Technology Solutions Corporation and T. Rowe Price Group, Inc. and the lead director of Hippo Holdings Inc.

Key Skills & Qualifications

Ms. Wijnberg is a seasoned business leader with strong financial acumen and significant corporate finance, accounting, strategic planning, insurance and risk management expertise. Her international experience also provides a valuable global perspective to our board of directors.

Proposal 1

It is expected that all nominees proposed by our board of directors will be able to serve on the board if elected. However, if before the election one or more nominees is unable to serve or for good cause will not serve (a situation that we do not anticipate), the proxy holders will vote the proxies for the remaining nominees and for substitute nominees chosen by the board of directors (unless the board reduces the number of directors to be elected).

If any substitute nominees are designated, we will file an amended proxy statement that, as applicable, identifies the substitute nominees, discloses that such nominees have consented to being named in the revised proxy statement and to serve if elected, and includes certain biographical and other information about such nominees required by the rules of the SEC.

Stockholder Approval Required

At the 2024 Annual Meeting of Stockholders, directors will be elected by the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote thereon, provided that if the number of nominees exceeds the number of directors to be elected (a situation we do not anticipate), the directors will be elected by the vote of a plurality of the shares represented in person or by proxy and entitled to vote thereon.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF EACH OF THE NOMINEES TO THE BOARD OF DIRECTORS.

Corporate Governance

The board of directors' categorical standards of director independence are consistent with Nasdaq listing standards and are available in the company's corporate governance principles on our corporate website at www.adp.com. To access these documents, click on "Investors," then "Corporate Governance," and then "Governance Documents." The board of directors has determined that Mses. Haynesworth, Katsoudas, Keene and Wijnberg and Messrs. Bisson, Goeckeler, Jones, Lynch, Powers and Ready meet these standards and are independent for purposes of the Nasdaq listing standards. All current members of the audit, compensation and management development, nominating/corporate governance, and corporate development and technology advisory committees are independent.

In the ordinary course of business, the company has business relationships with certain companies in which ADP directors also serve as executive officers or on the board of directors, including for example, hardware, software, HCM and other technology services. Based on the standards described above, the board of directors has determined that none of these transactions or relationships, nor the associated amounts paid to the parties, was material or would impede the exercise of independent judgment.

It is our policy that our directors attend the Annual Meetings of Stockholders. All of our directors then in office attended our 2023 Annual Meeting of Stockholders.

During fiscal year 2024, our board of directors held eight (8) meetings. At various points throughout the fiscal year, our board meetings consist of two-day sessions so that our board has ample opportunity to evaluate and discuss our strategy, product portfolio and talent.

All of our incumbent directors attended at least 75%, in the aggregate, of the meetings of the board of directors and the committees of which they were members during the periods that they served on our board of directors during fiscal year 2024.

Executive sessions of the independent, non-management directors are held during each meeting of the committees and the board of directors. Mr. Lynch, our non-executive chair, presides at each executive session of the board of directors.

Board Leadership Structure

Our corporate governance principles do not require the separation of the roles of board chair and chief executive officer because the board believes that effective board leadership can depend on the skills and experience of, and personal interaction between, people in leadership roles. Through January 31, 2024, our board of directors was led by Mr. Rodriguez, as executive chair, and Mr. Jones, as lead independent director. Effective January 31, 2024, ADP appointed Mr. Lynch as the independent, non-executive chair of the board of directors. Ms. Black, our chief executive officer, serves as a member of the board of directors. The board of directors believes the current leadership structure is in the best interests of the company's stockholders at this time. Separating these positions allows our chief executive officer to focus on developing and implementing the company's business plans and supervising

the company's day-to-day business operations, and allows our non-executive chair to lead the board of directors in its oversight, advisory, and risk management roles. The non-executive chair is responsible for the management, development, and the effective performance of the board, and provides leadership to the board for all aspects of the board's work, as well as engaging with major stockholders, if requested.

Corporate Governance

Board Composition and Director Succession Planning

The board takes a thoughtful approach to its composition to ensure alignment with the company's evolving corporate strategy. We believe our board composition strikes a balanced approach to director tenure and allows the board to benefit from a mix of newer directors who bring fresh perspectives and seasoned directors who bring continuity and a deep understanding of our complex business. We refresh our board and assess our board succession plans regularly with this balance of tenure and experience in mind. Four of our ten independent director nominees have a tenure of five years or less. As of our 2024 Annual Meeting, the average age of our twelve director nominees will be 62 years and the average tenure of our ten independent director nominees will be 7.6 years.

Our director succession planning is conducted in the context of a skillset review designed to focus on key areas of skills and experience deemed to be most helpful to driving board performance. Our nominating/corporate governance committee evaluates these desired attributes on an ongoing basis and adds new skills and qualifications as necessary in light of the company's changing strategy and needs.

Director Nomination Process

Our nominating process ensures our board consists of a well-qualified and diverse group of leaders who bring an important mix of boardroom and operating experience. When the board of directors decides to recruit a new member, or when the board of directors considers any director candidates submitted for consideration by our

Individual director evaluations are also conducted by the nominating/corporate governance committee on an annual basis, in close coordination with our non-executive chair.

The form of assessment used to facilitate this review is refreshed each year to ensure relevance and covers a broad array of topics relevant to individual performance such as knowledge, expertise, commitment, preparation, integrity and judgment. This process facilitates director succession planning as it helps identify opportunities to enhance individual performance and any relevant feedback is communicated to the individual director.

In addition to individual evaluations, the nominating/corporate governance committee, working with our non-executive chair, conducts a thorough evaluation at the board and committee levels to ensure the effectiveness of the directors and their ability to work as a team in the long-term interest of the company. This assessment is conducted through a questionnaire process, which is also refreshed each year, and designed to elicit feedback with respect to areas such as board/committee structure, governance, communication, culture, risk and strategy. Responses are shared and discussed with the nominating/corporate governance committee. The committee then shares the output of this process with the full board along with a series of recommendations that are subsequently implemented to improve board and committee performance, practices and procedures.

The company also has a director retirement policy in place to promote thoughtful board refreshment, as set forth in further detail under "Retirement Policy" on page 21 of this proxy statement.

stockholders, it seeks strong candidates who, ideally, meet all of its categorical standards of director independence, and who complement our identified board skillset needs. Additionally, candidates should possess the following personal characteristics: (i) business community respect for his or her integrity, ethics, principles, insights and

Corporate Governance

analytical ability; and (ii) ability and initiative to frame insightful questions, speak out and challenge questionable assumptions and disagree without being disagreeable.

The nominating/corporate governance committee will not consider candidates who lack the foregoing personal characteristics.

To ensure that our board is composed of directors with sufficiently diverse and independent perspectives, our nominating/corporate governance committee considers a wide range of other factors in determining the composition of our board of directors, including diversity of thought, individual qualities such as professional experience,

skills, education and training, and a range of types of diversity, including race, gender, ethnicity, age, culture and geography.

The nominating/corporate governance committee retains a third-party search firm from time to time to identify and evaluate, as appropriate, potential nominees to the board.

Nominations of candidates for our board of directors by our stockholders for consideration at our 2025 Annual Meeting of Stockholders are subject to the deadlines and other requirements described under “Stockholder Proposals and Nominations” on page 101 of this proxy statement.

Director Orientation and Continuing Education

Our orientation program is structured to acquaint our new directors with our business, strategy, product portfolio, industry and competitive considerations, organizational talent, and capital structure, as well as the legal and ethical responsibilities of our board. Key members of our management team spearhead the program through a series of one-on-one sessions with each new director, with each session concentrated on a specific area of focus. As there are multiple sessions of this nature, we strive to stagger

and prioritize these meetings accordingly, tailored to our directors’ profiles and committee assignments, among other things.

Our program is time intensive but we believe the program is instrumental in driving board performance. In addition to our orientation program, we encourage continuing education for our directors, including through external opportunities, and we assist in finding appropriate courses and fully reimbursing for such programs.

Director Overboarding Policy and Time Commitments

Our overboarding policy, which is reviewed on an annual basis, states that subject to such exceptions on a case by case basis as the board shall determine, no non-executive director can serve on more than 4 public boards (including ADP) and, in the case of a director who is an executive officer of ADP or other company, no more than 2 public boards (including ADP). Our corporate governance principles further state that directors should plan to make a significant time commitment to the company and that the board’s assessment of individuals for new or continued service on the board includes this consideration, among other things.

Effective June 29, 2022, Mr. Ready became chief executive officer of Pinterest, Inc. and a member of Pinterest’s board of directors. In addition to ADP, Mr. Ready also serves on

the board of Williams-Sonoma. ADP and our board have continued to speak in depth with Mr. Ready to better understand his ongoing commitments.

As we discussed in our 2023 proxy statement, prior to Mr. Ready’s nomination to our board in 2023, our board evaluated Mr. Ready’s many contributions, including his attendance and participation in all board and applicable committee meetings. Specifically, the board considered his deep and distinctive operational experience and knowledge of the technology industry’s consumer, payments and money movement spaces, experience in founding, leading and scaling innovative startups, as well as AI experience and cybersecurity expertise. The board further considered the number of board objectives for which Mr. Ready provides great insight and value in all of the foregoing

Corporate Governance

respects and the benefit to the board of his continued service. In connection with Mr. Ready's renomination in 2024, the board again reviewed these factors. Further, as the board believed in 2023 and has observed in 2024, Mr. Ready's chief executive officer role, with its high degree of responsibility and leadership in a company, has contributed to and informed his work and service on the ADP board. Mr. Ready attended all board and applicable committee meetings in 2024 and his level of engagement with, and his ability to fulfill his obligations to, our board continues to be in the best interests of ADP and its stockholders.

Given the foregoing, our board concluded that Mr. Ready is an invaluable member of our board who will be able to effectively balance his time commitments and has recommended that Mr. Ready continue to serve on ADP's board in excess of the limitation discussed in this section.

The board understands the importance of evaluating the contributions of each of its members and will continue to engage in an in-depth review of each member's contributions on at least an annual basis before their renomination to the board.

Retirement Policy

Our director retirement policy provides that, subject to such exceptions on a case by case basis as the board of directors shall determine, no person will be nominated by the board of directors to serve as a director following the date the director turns 75.

Management directors who are no longer officers of the company shall offer to resign from the board of directors.

Committees of the Board of Directors

During fiscal year 2024, our board of directors held eight (8) meetings. At various points throughout the fiscal year, our board meetings consist of two-day sessions so that our board has ample opportunity to evaluate and discuss our strategy, product portfolio and talent.

The table below provides the current membership and meeting information for each of the committees of the board of directors.

Corporate Governance

The Board's Role in Risk Oversight

Our board of directors provides oversight with respect to the company's enterprise risk assessment and risk management activities, which are designed to identify, prioritize, assess, monitor and mitigate the various risks confronting the company, including risks that are related to the achievement of the company's operational and financial strategy. As set forth in more detail below, the board of directors performs this oversight function periodically as part of its meetings and also through its audit, compensation and management development, and nominating/corporate governance committees, each of which examines various components of risk as part

of its assigned responsibilities. In addition, our corporate development and technology advisory committee advises the board with respect to certain risks assigned to oversight of the full board, principally around technology and innovation, strategic investments, acquisitions and divestitures.

Our committees report back on risk oversight matters directly to the board of directors on a regular basis. Management is responsible for implementing and supervising day-to-day risk management processes and reporting to the board of directors and its committees as necessary.

Corporate Governance

Audit Committee

Our audit committee focuses on financial risks, including reviewing with management, our internal auditors, and our independent auditors, the company's major financial risk exposures, the adequacy and effectiveness of accounting and financial controls, and the steps management has taken to monitor and control financial risk exposures.

In addition, our audit committee reviews risks related to compliance with applicable laws, regulations, and ethical standards, and also operational risks related to cybersecurity and system disruption. Our audit committee regularly receives, reviews and discusses with management presentations and analyses on various risks confronting the company.

Oversight of Cybersecurity

Our board of directors recognizes that security is integral to our products, our business processes and infrastructure. We have an enterprise-wide approach to security with the objectives of protecting client data and funds, and preventing security incidents that could adversely affect the confidentiality, integrity, or availability of our information systems and data that resides in those systems, while also improving our system resilience with the aim of minimizing the impact to our business when incidents do occur. Our global security organization ("GSO") is tasked with monitoring physical and cybersecurity risks, including operational risks related to information security and system disruption. A cross-functional, enterprise-wide management program operates to promote our global cybersecurity program's effectiveness and members of the company's executive committee, through an executive security council, routinely review strategy, policy, program effectiveness, standards enforcement and cyber issue management. Our board of directors and our audit committee are actively engaged in the oversight of our global cybersecurity program. More information on our program is available on our corporate website, at www.adp.com. To access this information, click on "About," then "Data Security."

- ✓ Our audit committee receives regular, quarterly reports on these matters from our chief security officer and leadership from our global product and technology organization, including on the status of projects to strengthen the company's security systems and improve cyber readiness, as well as on existing and emerging threat landscapes. Concurrent and in addition to these reports, our chief administrative officer (who oversees legal, security and compliance matters) provides a legal, regulatory and ethics update at each meeting of the audit committee, which includes matters of cybersecurity, as appropriate. In addition, important actual or emerging cybersecurity events are communicated to the board of directors by our chief administrative officer and chief legal officer, even if immaterial to us.
- ✓ Given the importance of cybersecurity to our stakeholders, our global cybersecurity program is subject to an annual third-party assessment overseen by our board of directors and this assessment reviews all aspects of our cyber program.
- ✓ Findings are reported to our board and in response, ADP develops initiatives to improve our maturity across each of the pillars of the National Institute of Standards and Technology Cybersecurity Framework.
- ✓ The status of these initiatives is then reviewed with our audit committee during its quarterly meetings. This governance process encourages an environment of continuous improvement.
- ✓ In advance of these quarterly meetings, members of our audit committee with cybersecurity expertise will informally meet with our chief administrative officer, chief security officer and other members of leadership, as appropriate, to advise and provide additional guidance and industry insights to the company.
- ✓ Members of our board also observe an annual cybersecurity table-top exercise for senior management to validate, test and assess the effectiveness and adequacy of certain roles and decision-making processes in the event of an incident.

Corporate Governance

Oversight of Privacy

Intertwined with our global cybersecurity program is our global privacy program. Our audit committee oversees matters of privacy and receives reports on these matters at each meeting from our chief administrative officer, as well as regular updates from our head of global compliance, including on related risk assessment and risk management activities. On a management level, ADP's privacy program is led by ADP's global chief privacy officer and the members of the global data privacy and governance team, in cooperation with the privacy stewards of all of ADP's business units and functional areas. Our global chief privacy officer provides regular reports to our company's executive committee, and our audit committee is actively engaged in the oversight of our global privacy program. Our global data privacy and governance team, in cooperation with the chief data office, also is responsible for our artificial intelligence ("AI") ethics and governance program, which drives compliance with AI ethical principles and regulatory requirements in development and usage of AI systems, including generative AI tools. AI governance is integrated with the reporting discussed above.

- ✓ **ADP's Privacy Commitment:** We are committed to compliance with privacy requirements and the protection of all personal data processed by ADP. ADP has adopted a set of privacy principles that serve as the foundation for our global privacy program, which includes our global privacy policy and our binding corporate rules (BCRs), all of which may be found in greater detail on our corporate website, at www.adp.com. To access this information, click on "About," then "Data Privacy."
- ✓ Our BCRs cover the transfer of data between ADP affiliates across the globe and ensure the highest standard of protection to personal data processed by ADP, regardless of where such data is being processed. Our BCRs establish the rules for processing personal data at ADP as both a data processor (covering the processing of clients' data in the European Union) and a data controller (covering the data of our employees under a controller workplace code, and other business associates under a business controller code regardless of where such data is being collected). We continue to rank among an elite number of companies worldwide to have gained regulators' approval to implement BCRs as both a data processor and data controller.
- ✓ Our AI Ethics Principles and our AI governance program provide a framework for how we develop and implement the AI-enabled products and services we offer, including those utilizing machine learning and generative AI. Through our compliance-by-design approach, we address human oversight, mitigating bias, privacy-by-design, explainability and transparency, data quality, operational monitoring, a culture of responsible AI, and inclusion and training.
 - ✓ ADP also has an AI & Data Ethics Council, established since 2019, composed of industry leaders and ADP experts who meet regularly to provide guidance within ADP on the responsible use of AI and machine learning and evaluate novel uses of data for compliance with both ADP's Ethics Principles and governing laws.More information, including our Ethics in AI position statement, can be found on our corporate website, at www.adp.com, by clicking on "About," then "Data Privacy" or "Artificial Intelligence," as appropriate.

Corporate Governance

Compensation and Management Development Committee

Our compensation and management development committee oversees risks related to compensation policies and practices, including management succession planning and our talent strategy, including the recruitment, development and retention of executive talent.

Compensation and Risk Management

Our compensation and management development committee considered the risks presented by the company's compensation policies and practices at its meetings in August 2023 and 2024 and believes that our policies and practices of compensating employees do not encourage excessive or unnecessary risk-taking for the following reasons:

✓ **Diverse Performance Measures.** Our incentive plans have diverse performance measures, including company and business unit financial measures, key transformation, client satisfaction and ESG objectives, and individual goals.

✓ **Balance.** Our compensation programs balance annual and long-term incentive opportunities, cash and equity, and fixed and variable incentives.

✓ **Payout Caps.** We cap incentive plan payouts within a reasonable range.

✓ **Mix.** The mix of performance-based equity awards and RSUs in our long-term incentive programs serves the best interests of stockholders and the company.

✓ **Stock Ownership Guidelines.** Our stock ownership guidelines link the interests of our executive officers to those of our stockholders.

✓ **Clawback Policy.** We maintain a rigorous Clawback Policy which exceeds Nasdaq listing requirements and allows for the recovery of both cash and equity incentive compensation from any current or former corporate officer (including any executive officer) who engages in any activity that is in conflict with or adverse to the company's interests, including fraud.

✓ **Other.** We prohibit our directors and all of our employees from engaging in any hedging or similar transactions involving ADP securities, holding ADP securities in a margin account, or pledging ADP securities as collateral for a loan. Transactions in ADP securities by our executive officers are executed through a 10b5-1 program.

Corporate Governance

Nominating/Corporate Governance Committee

Our nominating/corporate governance committee oversees risks associated with board structure and other corporate governance policies and practices, including ESG matters, policies and programs, and the review and approval of any related-person transactions under our Related Persons Transaction Policy.

The Board's Role in Strategy Oversight

Our directors take an active role in the oversight of the company's strategy at both a board and committee level, with management responsible for the execution of our business strategy. In addition to regular performance updates to the board and committees, the company

convenes a dedicated strategy and product session each year with the board. This ongoing effort enables the board to focus on company performance over the short, medium and long-term horizons, as well as the quality of operations and industry trends.

✓ **Annual Operating Plan and Capital Structure Review**

✓ **Strategy and Transformation Roadmap.** Our board and CDTAC receive updates at each meeting on the company's strategic progress, ongoing transformation and innovation journey.

✓ **Executive Sessions.** Independent directors also hold regularly scheduled executive sessions without company management present, at which strategy is discussed.

✓ **Stockholder Engagement.** Members of our board, including our chairs, actively participate in stockholder engagement. Our board also regularly discusses and reviews feedback on strategy from our stockholders and stakeholders.

✓ **Annual Strategy & Product Session.** Strategic review of operations and industry trends over various time horizons and broad product portfolio review by board with live demos and interaction with key company product developers, programmers, implementation specialists, and sales and marketing teams, providing perspective on the entire life cycle of our key strategic and next-gen solutions.

✓ **Operational Site Visits.** Board discussions are enriched through ongoing visits to, and meetings with local associates at, ADP locations that are strategically important to our business, such as our One ADP centers of excellence and our Innovation Labs.

The Board's Role in Human Capital Management and Talent Development

As part of its focus on human capital management and tight integration with company strategy, a key responsibility of our board of directors is to ensure that ADP has a strong, performance-driven senior management team in place. In connection with this responsibility, our board of directors oversees the development and retention of senior talent to ensure that an appropriate succession plan is in place for our CEO as well as the members of the company's executive committee that directly support our CEO.

Our compensation and management development committee regularly reviews the bench strength of our senior management talent, including readiness to take on additional leadership roles and developmental opportunities needed to prepare senior leaders for greater responsibilities.

As part of building an inclusive workforce to support a culture of openness and innovation at ADP, our compensation and management development committee also regularly assesses the talent pool of candidates just below the executive committee level to ensure a robust talent pipeline. In parallel, the company shares with other committees of the board, as appropriate, a similar view

of the talent pipeline of various functions and businesses within the company. For example, the company annually shares with CDTAC our talent acquisition strategy, evolving skill mix, composition and talent pipeline of the company's global product and technology organization.

While our compensation and management development committee has the primary responsibility to develop succession plans for the CEO position, it regularly reports to the board of directors and decisions are made at the board level. In connection with this responsibility for developing managerial succession plans, our board of directors reviews, at least annually, the short, medium and long-term succession plans for the company's senior management, including the CEO.

This annual review also includes a review of the company's broader HCM practices such as culture, engagement and inclusion. In addition, our board meets regularly with high-potential executives from ADP's various business units at each regular board meeting, which provides our board with greater, direct exposure to a broader group of pipeline candidates.

ESG at ADP

At ADP, innovation is the heart of our business — and the values that led us to become a global technology leader still guide our way after 75 years. As we focus on designing a better world at work — we are keenly aware of our responsibility to contribute to progress in business and beyond. We are in the fortunate position to support more than one-million client companies and their workers. And, with every interaction, we have an opportunity to make a meaningful impact and help build a better future.

In fact, we believe that true success is achieved when we contribute to the well-being of our clients, their workers, our associates, and the global communities in which we live and work. This belief fuels our dedication to corporate social responsibility, as we strive to create tools that support a more inclusive and sustainable future for generations to come. We continue to deepen our CSR efforts in four key pillars:

Corporate Governance

Innovation

Leveraging the power of data, we innovate by anticipating the future of work, the future of HCM and the future of pay to help our clients transform their businesses, simplify work and empower their employees.

- Data, technology, artificial intelligence, globalization, new business models and other significant events and disruptions continuously reshape the way people work.
- We are always designing better ways to work through cutting-edge products, premium services and exceptional experiences that enable people to reach their full potential.

Associates

Our long-term business success is closely linked to our commitment to creating an environment in which our associates thrive.

- Grounded in the core value “Each Person Counts,” ADP has a robust strategy to enable the growth, development, and career success of our 64,000 associates across the globe. We optimize personalized, modern learning experiences and outcomes throughout ADP by leveraging technology, data, design and talent to ensure our programs are engaging and accessible to all learners.

Community

Responsibility to the world around us is at the heart of our business. We believe that our company is only as strong as the communities in which we operate. By elevating our communities, we support critical causes and provide a foundation for our business to continue thriving.

- Through the ADP Foundation, we magnify the impact of associate giving to causes that align with our core values and corporate social responsibility focus. We provide a tool to allow associates to donate to their choice of thousands of charitable organizations. ADP associates, executives and directors in the United States can also participate in a matching gift program in which donations to eligible nonprofit organizations are matched up to a certain amount per individual associate per calendar year.

Environment

We recognize the importance of environmental stewardship and our responsibility to uphold high standards of care, quality and consideration for the global community. We run ADP for the long term, which has allowed us to build a strong track record of investing and adapting our operations to improve our resource efficiency and reduce our impact on the environment. We believe that modernizing and streamlining our operations reduces our environmental impact and drives efficiency, innovation and ultimately, long-term value-creation for all of our stakeholders.

- In 2021, ADP committed to achieve net zero greenhouse gas emissions across Scopes 1, 2 and 3 by 2050. In 2022, ADP committed to reduce its absolute global Scope 1 & 2 GHG emissions 25.2% by 2025 and 50% by 2030, each from a 2019 base year.
- Our progress and performance against these targets, due in large part to our ongoing real estate optimization strategy as well as technology upgrades, including consolidation and optimization within our data centers, is described in greater detail in our May 2024 Global Corporate Social Responsibility report available on investors.adp.com or sustainability.adp.com.

Corporate Governance

Governance

We deliver on our brand promise through a culture that values ethics, compliance and strong governance. Our board of directors is squarely focused on the long-term sustainability of our business. In line with this focus, the nominating/corporate governance committee oversees the company's ESG policies and programs. The committee receives periodic reports and updates from the company's ESG officer, who spearheads our ESG steering and operating committees, and reports back on these matters to the full board. Our ESG operating committee, comprised of enterprise-wide senior leaders at ADP, provides a

consolidated view of emerging opportunities and risks in ESG and makes recommendations to the ESG steering committee to capture these opportunities or mitigate potential risks. The focus of our ESG steering committee, which is comprised of members of executive management, is to align on ESG strategy and focus, review and approve recommendations made by the ESG operating committee, and provide guidance on strategic ESG initiatives. Our board members have complete and open access to senior members of management.

We invite you to visit sustainability.adp.com to read more about our ESG efforts.

Communications with All Interested Parties

All interested parties who wish to communicate with the board of directors, the audit committee, or the non-management directors, individually or as a group, may do so by sending a detailed letter to Mail Stop #E405, One ADP Boulevard, Roseland, New Jersey 07068, leaving a message for a return call at 973-974-5770 or sending an email to adp.audit.committee@adp.com. We will relay any such communication to the non-management director to which such communication is addressed, if applicable, or to the most appropriate committee chair,

the non-executive chair of the board, or the full board of directors, unless, in any case, it is outside the scope of matters considered by the board of directors or duplicative of other communications previously forwarded to the board of directors.

Communications to the board of directors, the non-management directors, or to any individual director that relate to the company's accounting, internal accounting controls, or auditing matters are referred to the chair of the audit committee.

Transactions with Related Persons

We have a written "Related Persons Transaction Policy" pursuant to which any transaction between the company and a "related person" in which such related person has a direct or indirect material interest, and where the amount involved exceeds \$120,000, must be submitted to our nominating/corporate governance committee for review, approval, or ratification.

A "related person" means a director, executive officer or beneficial holder of more than 5% of the company's outstanding common stock, or any immediate family member of the foregoing, as well as any entity at which any such person is employed, is a partner or principal (or holds a similar position), or is a beneficial owner of a 10% or greater direct or indirect equity interest in that entity. Our directors and executive officers must inform our general counsel at the earliest practicable time of any plan to engage in a potential related person transaction.

This policy requires our nominating/corporate governance committee to be provided with full information concerning the proposed transaction, including the benefits to the company and the related person, any alternative means by which to obtain like benefits, and terms that would prevail in a similar transaction with an unaffiliated third party. In considering whether to approve any such transaction, the nominating/corporate governance committee will consider all relevant factors, including the nature of the interest of the related person in the transaction and whether the transaction may involve a conflict of interest.

Specific types of transactions are excluded from the policy, such as, for example, transactions in which the related person's interest derives solely from his or her service as a director of another entity that is a party to the transaction.

Corporate Governance

Insider Trading Policy

Our company maintains an insider trading policy to provide guidelines to all directors, officers, associates and consultants of ADP with respect to trading in ADP securities, as well as the securities of publicly traded companies with whom ADP has a business relationship. The policy prohibits trading by any person while in possession of material non-public information in violation of applicable law and provides for restricted periods and pre-clearance procedures for our directors and officers and certain other specified persons, as well as other related policies and procedures.

Our insider trading policy prohibits all of our directors and employees, including our executive officers, from engaging in any hedging or similar transactions involving ADP securities. The policy also prohibits all of our directors and employees, including our executive officers, from holding ADP securities in a margin account or pledging ADP securities as collateral for a loan. We believe that the insider trading policy is reasonably designed to promote compliance with insider trading laws, rules and regulations and listing standards applicable to ADP.

Compensation Committee Interlocks and Insider Participation

Ms. Katsoudas and Messrs. Goeckeler, Jones and Powers are the four independent directors who currently sit on the compensation and management development committee. No committee member has ever been an officer of the company. During fiscal year 2024 and as of the date of this proxy statement, no committee member has been an employee of the company or eligible to participate in our employee compensation programs or plans, other than

the company's 2008 and 2018 amended and restated Omnibus Award Plans under which non-employee directors previously received or continue to receive deferred stock units. None of our executive officers have served on the compensation and management development committee or on the board of directors of any entity that employed any of the compensation and management development committee members or directors of the company.

Compensation of Non-Employee Directors

Our nominating/corporate governance committee reviews and evaluates non-employee director compensation on an annual basis to ensure that (i) our directors are compensated appropriately for their substantial time commitment and responsibilities, (ii) the structure and design of the compensation program enables us to attract and retain highly qualified directors who can bring the depth of knowledge, skills and experience required to govern a company of our scale and complexity, and (iii) it is transparent and fosters commonality of interests between board members and our stockholders.

The nominating/corporate governance committee makes recommendations to the board of directors, as appropriate, based on its review, benchmark information from peer companies (which is the same comparator group used for executive compensation benchmarking purposes), input from its external advisor FW Cook, and other relevant considerations. The elements of our non-employee director compensation program are as follows:

Compensation Element	Fiscal Year 2024 Compensation
Director Annual Retainer	<ul style="list-style-type: none"> • \$230,000 Deferred Stock Units ("DSUs") • \$125,000 Cash or DSUs
Additional Non-Executive Chair Retainer	<ul style="list-style-type: none"> • \$100,000 DSUs • \$100,000 Cash or DSUs
Committee Chair Retainers (Cash, Deferred or DSUs)	<ul style="list-style-type: none"> • Audit: \$25,000 • Compensation and Management Development: \$15,000 • Nominating/Corporate Governance: \$15,000 • Corporate Development and Technology Advisory: \$15,000

Annual Retainers

The annual retainer for non-employee directors is \$355,000, \$230,000 of which is paid in the form of DSUs and \$125,000 of which may, at the election of each director, be paid in cash or in DSUs.

In addition, the chair of our board of directors receives an incremental retainer of \$200,000, \$100,000 of which is paid in the form of DSUs and \$100,000 of which may, at the election of the chair, be paid in cash or in DSUs. This incremental retainer resulted in a total annual retainer of \$555,000 for the board leadership role. Mr. Lynch received \$355,000 at the time of the 2023 Annual Meeting of Stockholders and received the incremental retainer of \$200,000, following his appointment as non-executive chair of the board of directors of the company on January 31, 2024.

The chair of the audit committee was paid an additional annual retainer of \$25,000, and each chair of the compensation and management development, nominating/corporate governance, and corporate development and technology advisory committees was paid

an additional annual retainer of \$15,000. The additional annual retainer may, at the election of each committee chair, be paid in cash, deferred or paid in DSUs.

Meeting Fees

The board of directors eliminated meeting fees, effective at the time of the 2023 Annual Meeting of Stockholders and there were no meeting fees paid to the non-employee directors for fiscal year 2024.

Deferral Policy

Pursuant to our amended and restated 2018 Omnibus Award Plan (and previously, under our prior amended and restated 2008 Omnibus Award Plan), each non-employee director is credited with an annual grant of DSUs on the date established by the board for the payment of the annual retainer equal in number to the quotient of the non-elective portion of the retainer (\$230,000 for fiscal year 2024 and \$330,000 in the case of Mr. Lynch), divided by the closing price of a share of our common stock on the date this amount is credited. The elective portion of the

Compensation of Non-Employee Directors

annual retainer is credited in the same manner for directors who elect DSUs. DSUs are fully vested when credited to a director's account. When a dividend is paid on our common stock, each director's account is credited with an amount equal to the cash dividend. When a director ceases to serve on our board, such director will receive a number of shares of common stock equal to the number of DSUs in such director's account and a cash payment equal to the dividend payments accrued, plus interest on the dividend equivalents from the date such dividend equivalents were credited. The interest will be paid with respect to each twelve-month period beginning on November 1 of such period to the date of payment and will be equal to the rate for five-year U.S. Treasury Notes published in The Wall Street Journal® on the first business day of November of each such twelve-month period plus 0.50%. Non-employee directors do not have any voting rights with respect to their DSUs. Other than Ms. Haynesworth, all of our non-employee directors chose to receive the entire elective portion of their annual retainers in the form of DSUs during fiscal year 2024.

Role of the Nominating/Corporate Governance Committee

The nominating/corporate governance committee is responsible for reviewing, evaluating, and making recommendations to the board on an annual basis with respect to all aspects of non-employee director

compensation. The full board then reviews these recommendations and makes a final determination on the compensation of our non-employee directors. During fiscal year 2024, the nominating/corporate governance committee engaged FW Cook, compensation consultant to the compensation and management development committee, to review the design and competitiveness of our non-employee director compensation program.

Changes to Director Compensation in Fiscal Year 2025

In connection with the annual review discussed above, the board of directors approved (i) an increase in the elective portion of the annual retainer to \$130,000 (from \$125,000) and (ii) an increase in the compensation and management development committee chair retainer to \$20,000 (from \$15,000), each to be effective at the time of the 2024 Annual Meeting of Stockholders. There were no other changes made to the non-employee director compensation program for fiscal year 2025.

Stock Ownership Guidelines

Our stock ownership guidelines are intended to promote ownership in the company's stock by our non-employee directors and to align their financial interests more closely with those of other stockholders of the company. Each non-employee director has a minimum stockholding requirement of our common stock equal to five times his or her annual cash retainer.

Compensation of Non-Employee Directors

Directors who are employees of the company or any of our subsidiaries receive no remuneration for services as a director. The following table shows compensation for our non-employee directors for fiscal year 2024.

The aggregate number of outstanding DSUs held by each director at June 30, 2024 is as follows: Mr. Bisson, 20,020; Mr. Goeckeler, 4,030; Ms. Haynesworth, 5,196; Mr. Jones, 63,922; Ms. Katsoudas, 9,002; Ms. Keene, 7,532; Mr. Lynch, 12,304; Mr. Powers, 11,797; Mr. Ready, 18,642; Mr. Rodriguez, 0; and Ms. Wijnberg, 17,694.

- (9) Reflects contributions by the ADP Foundation that match the charitable gifts made by our directors. The ADP Foundation makes matching charitable contributions in an amount not to exceed \$20,000 in a calendar year in respect of any given director's charitable contributions for that calendar year. Amounts may exceed \$20,000 because, while matching charitable contributions are limited to \$20,000 in a calendar year, this table reflects matching charitable contributions for the fiscal year ended June 30, 2024. The amount of \$10,000 reported for Mr. Rodriguez in this column reflects a matching charitable contribution made on a contribution he made as a non-employee director and is also included in the total amount reported in the "Matching Charitable Contributions" column in the "All Other Compensation for Fiscal Year 2024" table under "Compensation of Executive Officers" of this proxy statement.

Equity compensation plans not approved by stockholders	0	\$—	0
Total	4,145,639	\$159.13	26,257,566

Footnotes:

- (1) This amount includes outstanding awards under our amended and restated 2008 Omnibus Award Plan ("Prior Plan") and amended and restated 2018 Omnibus Award Plan ("2018 Omnibus Award Plan"). Includes (i) 896,590 shares issuable under our performance-based stock unit ("PSU") program in settlement of PSUs outstanding as of June 30, 2024 (based on actual performance and accrued dividend equivalents for performance periods ending on or prior to June 30, 2024, and assuming maximum performance for performance periods not yet completed), (ii) 4,877 shares issuable pursuant to deferred restricted stock units issued prior to June 30, 2024, (iii) 170,139 shares issuable upon settlement of deferred stock units ("DSUs") held by our non-employee directors as of June 30, 2024, and (iv) 1,031,562 shares issuable in settlement of restricted stock units outstanding as of June 30, 2024. The remaining balance consists of 2,042,471 outstanding employee stock options. Weighted average exercise price shown in column (b) of this table does not take into account PSUs, deferred restricted stock units, DSUs or restricted stock units.
- (2) The 2018 Omnibus Award Plan, which was approved by stockholders on November 6, 2018, is the only equity compensation plan under which ADP currently grants equity awards. Includes 21,401,385 shares available for future issuance under the 2018 Omnibus Award Plan and 4,856,181 shares of common stock remaining available for future issuance under the Employees' Savings-Stock Purchase Plan, each as of June 30, 2024. Approximately 144,710 shares of common stock were subject to purchase as of June 30, 2024, under the Employees' Savings-Stock Purchase Plan. If any award granted under the 2018 Omnibus Award Plan or the Prior Plan expires, terminates, is canceled or is forfeited without being settled or exercised, shares of our common stock subject to such award will be made available for future grant under the 2018 Omnibus Award Plan. In addition, if shares issuable upon vesting or settlement of an award under the 2018 Omnibus Award Plan or the Prior Plan are withheld by the company, or if shares owned by a participant are surrendered or tendered to the company, in payment of taxes required to be withheld in respect of the award (other than an award of options or stock appreciation rights), such shares will be made available for future grant under the 2018 Omnibus Award Plan. Unless cash-settled, any equity grant made under our 2018 Omnibus Award Plan reduces the authorized share reserve on a one-for-one basis.

Proposal 2

Advisory Vote on Executive Compensation

We are asking stockholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in the company's proxy statement for the 2024 Annual Meeting of Stockholders.

The board of directors recommends a vote **FOR** this resolution because it believes that the policies and practices described in the Compensation Discussion and Analysis are effective in achieving the company's goals of linking pay to executive performance and levels of responsibility,

encouraging our executive officers to remain focused on both short-term and long-term financial, transformation, client satisfaction and ESG goals of the company, and aligning the interests of our executive officers with the interests of our stockholders by linking executive performance to stockholder value.

We urge stockholders to read the Compensation Discussion and Analysis section appearing on pages 41 through 63 of this proxy statement, as well as the "Summary Compensation Table For Fiscal Year 2024" and related compensation tables and narrative appearing on pages 65 through 91 of this proxy statement, which provide detailed information on the company's compensation policies and practices and the compensation of our named executive officers.

Stockholder Approval Required

The affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote thereon is required to approve the advisory resolution on executive compensation. Properly executed proxies will be voted as marked. Executed but unmarked proxies will be voted in favor of the advisory resolution on executive compensation. Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by the compensation and management development committee or the board of directors.

Because we value our stockholders' views, however, the compensation and management development committee and the board of directors will consider carefully the results of this advisory vote when formulating future executive compensation policy.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis, or “CD&A,” section of this proxy statement discusses the material elements of our fiscal year 2024 executive compensation programs for the following persons, who are our named executive officers, or “NEOs:”

Name	Title
Maria Black	President and Chief Executive Officer
Don McGuire	Chief Financial Officer
John C. Ayala	Chief Operating Officer
Michael A. Bonarti	Chief Administrative Officer
Joseph DeSilva	President, Global Sales
Carlos A. Rodriguez	Former Executive Chair

Effective January 31, 2024, Mr. Rodriguez transitioned from his role as executive chair of the board of directors (“executive chair”) to a non-employee director on the company’s board.

The CD&A also provides an overview of our executive compensation philosophy and explains how the compensation and management development committee of our board of directors (the “committee”) arrives at specific compensation decisions involving the NEOs.

In addition, the CD&A explains how our executive compensation programs are designed and operate with respect to our NEOs by discussing the following fundamental aspects of our compensation programs:

✓ compensation principles

✓ cash compensation

✓ long-term incentive compensation

✓ other compensation components and considerations (including retirement benefits and deferred compensation)

Executive Summary

Stockholder Support for our Compensation Programs

The committee continuously evaluates the degree to which our compensation programs link pay to performance and support the evolution of objectives that underpin our strategy and the related implication for human capital planning. In particular, the committee takes steps to ensure that the programs encourage our executive officers to remain focused on both the short-term and long-term financial, transformation, client satisfaction and ESG goals of the company and that the metrics included in both our annual and long-term incentive compensation plans complement each other to create a balanced focus on year-over-year improvement and sustainable long-term value creation. Each year the committee sets rigorous and challenging performance targets aligned to these company goals. We continue to believe that growth in revenue (including and excluding zero-margin benefits pass-throughs), new business bookings, adjusted earnings before interest and taxes (“EBIT”) and adjusted net income (each as defined on pages 44 and 45), are the most important measures of the successful execution of

our objectives and the delivery of sustainable long-term stockholder value. We also believe that our transformation, client satisfaction and ESG objectives are important leading indicators of the company’s progress, long-term value, ability to cultivate an inclusive culture with purpose, and future success.

At our 2023 Annual Meeting of Stockholders, our stockholders approved the compensation of our fiscal year 2023 NEOs by a vote of approximately 91%, reflecting a support level generally in line with the 2022 result of 93%, and a continued trend of significant, sustained improvement over the 2021 support level of approximately 82%, following a holistic evaluation of our compensation program, including engaging deeply with our investors, which culminated in the adoption of a new long-term incentive design (effective since fiscal year 2023). Given this continued strong support and the company’s solid, sustained performance, the committee retained the basic foundation of our overall compensation program during fiscal year 2024 as described in this CD&A to ensure

Compensation Discussion and Analysis

that the program continues to support and drive the right management behavior, retain key talent and align to the interests of our stockholders.

Fiscal Year 2024 Organizational Updates

In January 2024, Mr. Rodriguez transitioned from the role of executive chair to a non-employee director. The compensation totals reflected for Mr. Rodriguez in this CD&A and subsequent compensation tables are based on his service as executive chair during fiscal year 2024.

Fiscal Year 2024 Business Highlights

Our Strategic Priorities. Our business strategy has three key priorities:

STRATEGIC EXECUTION

Continued to **lead with best-in-class HCM technology** by deploying ADP Assist, our generative AI-powered cross-platform solution, which earned the "Generative AI Innovation Award" in the 2024 AI Breakthrough Awards, and by further advancing our next-gen payroll and next-gen HCM initiatives

Continued to **lean into our unmatched expertise**, by providing our service and implementation associates with new GenAI capabilities to help them deliver even better client experiences

Continued to **leverage our global scale**, by extending our global footprint and deepening our partnerships with other leading technology providers to simplify HCM processes for our clients

We are a leading global provider of cloud-based HCM technology solutions to employers around the world. Our HCM solutions, which include both software and outsourcing services, are designed to help our clients manage their workforce through a dynamic business and regulatory landscape and the changing world of work. We continuously seek to enhance our leading HCM solutions to further support our clients. We see tremendous growth opportunity ahead as we continue to execute on our three key strategic priorities.

In this context, ADP remained focused on delivering exceptional value to our clients in fiscal year 2024. Consistent and solid execution on our proven business model produced strong revenue and earnings growth in fiscal year 2024. This top-line revenue growth, balanced with solid margin performance, drove earnings per share ("EPS") growth of 11%. Other key business drivers such as new business bookings and client satisfaction (net promoter scores) also reached new record levels and our overall

results, together with our focus on sound capital allocation, have served to further strengthen our business model with high levels of recurring revenue, strong operating cash flow, and a solid balance sheet.

Our capital deployment priorities remain unchanged – leverage the strength of our model to reinforce our competitive position by, first and foremost, reinvesting in the business. We believe that balancing investments in innovative solutions, client service tools, and distribution is critical to strengthening our market-leading offerings. We supplement these investments through a disciplined approach to M&A. Our focus on delivering top-line revenue growth, while also improving the efficiency and effectiveness of our operations, is complemented by a commitment to return excess cash to stockholders through dividends and disciplined share buybacks.

Data, digital technology, artificial intelligence, globalization, new business models and other significant events and

Compensation Discussion and Analysis

disruptions continuously reshape the way people work. Our breadth and scale enable us to address nearly any HCM challenge our clients face and meet them wherever they may be on their HR journey, from startup to enterprise, from software-only to fully-outsourced, and from local to global.

We strive to remain a trusted partner to our clients by providing technology, data and expertise to navigate through any change, while continuing to deliver on our track record of sustainable, profitable growth and consistent value creation for all of our stakeholders by balancing top-line revenue growth with margin improvement to drive EPS growth. As we look ahead to fiscal year 2025 and beyond, we remain focused on executing against our strategic priorities and continuing to lead the way in workforce innovation.

2024 Incentive Compensation Performance Metrics

Our financial performance impacted the compensation of our executive officers in several ways, most notably through our annual cash bonus plan and performance-based stock unit ("PSU") program.

Details with regard to the transformation, client satisfaction and ESG objectives are provided on page 56 and the financial goals and performance results are summarized below. Each bonus measure below is expressed as a percentage-based growth goal, thus requiring correspondingly higher levels of absolute year-over-year performance delivery.

Annual Cash Bonus Plan Measures	Plan Targets	Plan Results
Revenue Growth	6.9%	6.9%, excluding the impact of foreign currency fluctuations in excess of the fluctuations assumed in the target
New Business Bookings Growth ⁽¹⁾	7.3%	6.3%
Adjusted EBIT Growth ⁽²⁾	10.4%	9.9%, excluding the impact of foreign currency fluctuations in excess of the fluctuations assumed in the target

- ¹ For fiscal year 2024, our new business bookings definition includes annualized recurring revenues anticipated from sales orders to new and existing clients for Employer Services and Professional Employer Organization ("PEO") Services. It excludes revenue that is one-time in nature and zero-margin benefits pass-throughs.
- ² Our adjusted EBIT measure excludes the impact of taxes, certain interest expense, certain interest income, and certain other items. We continue to include the interest income earned on investments associated with our client funds extended investment strategy and interest expense on borrowings related to our client funds extended investment strategy as we believe these amounts to be fundamental to the underlying operations of our business model. Refer to the table in Appendix A for a reconciliation from net earnings to adjusted EBIT for fiscal years 2024 and 2023.

Performance for all metrics, including the transformation, client satisfaction and ESG objectives under the annual cash bonus plan, are formulaically measured, based on predetermined and objectively quantifiable goals. Targets and results for our financial metrics exclude the impact of certain limited items pursuant to predetermined categories of adjustments established by the committee at the time that targets were set.

Annual Cash Bonus Plan. The committee's determination of incentive compensation under our annual cash bonus plan for our executive officers, including our NEOs, was based on fiscal year 2024 revenue growth, new business bookings growth, and adjusted EBIT growth as well as transformation, client satisfaction and ESG objectives.

These fiscal year 2024 goals were established consistent with the committee's long-standing methodology in setting such goals and as such, align to the financial earnings guidance the company communicated in July 2023 for fiscal year 2024 and reflect ADP's expectations and assumptions at that time.

Compensation Discussion and Analysis

For fiscal year 2024, our NEOs received cash bonuses at 124.3% of target.

Long-Term Incentive Program. The incentive compensation under our PSU program was based on multiple financial metrics, depending on the fiscal year of grant. For PSU awards granted in fiscal year 2022, performance was based on achievement of adjusted net income growth for fiscal year 2024. For PSU awards granted in fiscal year 2023 and fiscal year 2024, performance was based on achievement of adjusted net income growth (67% weight) and revenue excluding zero-margin benefits pass-throughs (“revenue ex-ZMPT”) growth (33% weight). PSU awards granted in fiscal years 2023 and 2024 are also subject to a relative total shareholder return (“rTSR”) metric that may modify the final payout (by +/-20%) at the end of the respective full three-year period based on our performance as compared to the S&P 500. Targets and results exclude the

impact of certain limited items pursuant to predetermined categories of adjustments established by the committee at the time the targets were set. For more information on the application of these performance metrics, see “Long-Term Incentive Compensation Programs” in this CD&A.

These financial goals for the PSU awards granted in fiscal year 2024 were established consistent with the committee’s long-standing methodology in setting such goals and as such, align to the financial earnings guidance the company communicated in July 2023 for fiscal year 2024 and reflect ADP’s expectations and assumptions at that time. Each PSU measure below is expressed as a percentage-based growth goal, thus requiring correspondingly higher levels of absolute year-over-year performance delivery.

PSU Program Measure	Program Target	Program Result
Adjusted Net Income Growth ⁽¹⁾	10.5%	11.6%, excluding the impacts of: <ul style="list-style-type: none"> • Foreign currency fluctuations in excess of the fluctuations assumed in the target • Asset write downs related to unplanned asset impairments for client list acquisitions of \$1.6 million and unplanned asset impairments for leased servers of \$800,000 • First-year impact of business acquisitions
Revenue ex-ZMPT Growth ⁽²⁾	7.5%	7.48%, excluding the impacts of: <ul style="list-style-type: none"> • Foreign currency fluctuations in excess of the fluctuations assumed in the target • First-year impact of business acquisitions

- 1 Our adjusted net income measure excludes the impact of certain one-time charges and benefits reflecting specific items that are not fundamental to our underlying business operations. Refer to the table in Appendix A for further detail on these items and a reconciliation from net earnings to adjusted net income for fiscal years 2024 and 2023.
- 2 Our revenue ex-ZMPT measure is a consolidated revenue growth measure that excludes the impact of zero-margin benefits pass-throughs. Importantly, the PSU revenue metric is not duplicative of the annual cash bonus plan revenue metric due to the exclusion of zero-margin benefits pass-throughs. Refer to the table in Appendix A for further detail on this item and a reconciliation from consolidated revenue to revenue ex-ZMPT for fiscal years 2024 and 2023.

A payout percentage of 111% was achieved under our PSU program for the award granted in fiscal year 2022 as a result of our fiscal year 2024 adjusted net income growth; and a payout percentage of 111% was achieved for the PSU awards granted in fiscal years 2023 and 2024 as a result of our fiscal year 2024 adjusted net income growth and revenue ex-ZMPT growth. The payout percentage of 111% applies to year 1 of the fiscal year 2024 award

and year 2 of the fiscal year 2023 award (both fiscal year awards remain subject to final adjustment based on rTSR performance over the respective three-year performance period), and the payout percentage of 111% applies to year 3 of the fiscal year 2022 award. These awards will be earned and issued following the end of the corresponding three-year performance period ending in fiscal years 2026, 2025 and 2024, respectively.

Compensation Discussion and Analysis

The end of fiscal year 2024 marked the end of the three-year performance period for PSU awards granted in fiscal year 2022. Based on the average of the three fiscal years, these awards earned a payout percentage of 124%.

As described in the table below, the payout percentages achieved for each of the individual three fiscal years in the applicable performance period are averaged to obtain the

award level earned and issued as a percentage of target. The payout percentages for the PSU award granted in fiscal year 2022 are based on the achievement of adjusted net income growth for all years. The payout percentages for PSU awards granted in fiscal years 2023 and 2024 are based on the achievement of adjusted net income growth and revenue ex-ZMPT growth as described above.

PSU Award	Annual Achievement Percentage			3-Year rTSR Modifier	Award Payout	Payout Date
	Year 1	Year 2	Year 3			
FY'22	150%	110%	111%	N/A	124%	September 2024
FY'23	117%	111%	TBD	TBD	TBD	September 2025
FY'24	111%	TBD	TBD	TBD	TBD	September 2026

Elements of Compensation

The committee determines the compensation of our chief executive officer and all other executive officers. When making decisions related to officers, including the NEOs (other than our chief executive officer and former executive chair), the committee considers recommendations from the chief executive officer as well as guidance from its independent compensation consultant. When making decisions related to our chief executive officer and former executive chair, the committee considers guidance from its independent compensation consultant. The following table summarizes the major elements of our fiscal year 2024 executive officer compensation programs.

Compensation Element	Objectives	Key Characteristics
Base Salary	To provide a fixed amount for performing the duties and responsibilities of the position	Determined based on overall performance, level of responsibility, competitive compensation data and comparison to other company executives
Annual Cash Bonus	To motivate executive officers to achieve company-wide, business unit and transformation, client satisfaction and ESG performance goals	Payment based on achievement of company-wide, business unit and transformation, client satisfaction and ESG performance goals
Performance-Based Stock Unit ("PSU") Awards	To motivate executive officers to achieve certain longer-term goals and create long-term alignment with stockholders	Awards based on target growth in adjusted net income and revenue ex-ZMPT, with earned shares issued following applicable performance period, subject to a relative TSR modifier ⁽¹⁾
Time-Based Restricted Stock Unit ("RSU") Awards	To attract and retain executive officers	Granted annually and vesting ratably over three years. May also be awarded on a limited, non-recurring basis to attract and recruit new talent and for long-term retention of critical executives, as well as part of management succession planning

¹ The PSU award granted in fiscal year 2022 is measured against adjusted net income growth only.

Compensation Discussion and Analysis

The graphs below illustrate the alignment between company performance and the incentive compensation paid to Ms. Black for fiscal year 2024. In the case of PSUs, the table reflects a payout of 124% based on the average of the annual achievement percentages of 150%, 110%, and 111% (as a result of adjusted net income growth) for the three-year performance period comprised of fiscal years 2022, 2023 and 2024, respectively.

The following is a summary of fiscal year 2024 total target direct compensation for our NEOs:

Named Executive Officer (NEO)	Base Salary	Target Annual Bonus	Target PSUs ⁽²⁾	RSUs ⁽²⁾	Total
Ms. Black	\$1,200,000	\$2,400,000	\$10,800,000	\$3,600,000	\$18,000,000
Mr. McGuire	\$696,300	\$1,044,450	\$3,570,000	\$1,190,000	\$6,500,750
Mr. Ayala	\$749,800	\$1,124,700	\$3,473,000	\$1,158,000	\$6,505,500
Mr. Bonarti	\$642,700	\$642,700	\$2,786,000	\$929,000	\$5,000,400
Mr. DeSilva	\$600,000	\$600,000	\$2,625,000	\$875,000	\$4,700,000
Mr. Rodriguez ⁽¹⁾	\$353,150	\$529,725	\$6,000,000	\$2,000,000	\$8,882,875

Footnotes:

- 1 Mr. Rodriguez's base salary reflects the amount paid through his last day of employment as executive chair of January 31, 2024, and his target annual bonus reflects the prorated amount for a period of 7 of 12 months of active service during the fiscal year.
- 2 Equity amounts reflect the target grant values for fiscal year 2024 and are rounded for ease of presentation. For PSUs, these amounts vary from the totals disclosed in the "Summary Compensation Table for Fiscal Year 2024" on page 65 of this proxy statement, which reflect the grant date fair value, calculated in accordance with FASB ASC Topic 718, for the performance year in which performance targets are set. Accordingly, the amounts for PSU awards in the Summary Compensation Table represent the grant date fair value of the first, second and third tranche of the target awards that were granted in fiscal years 2024, 2023 and 2022, respectively.

Good Governance and Best Practices

We are committed to ensuring that our compensation programs reflect principles of good governance.

What we do

- ✓ **Pay for performance:** We design our compensation programs to link pay to performance and levels of responsibility, to encourage our executive officers to remain focused on both the short-term and long-term financial, transformation, client satisfaction and ESG goals of the company and to link executive performance to stockholder value.
- ✓ **Annual say-on-pay vote:** We hold an advisory say-on-pay vote to approve our NEO compensation on an annual basis.
- ✓ **Clawback policy:** We maintain a rigorous Clawback Policy which exceeds Nasdaq listing requirements and allows for the recovery of both cash and equity incentive compensation from any current or former corporate officer (including any executive officer) who engages in any activity that is in conflict with or adverse to ADP's interests, including fraud.
- ✓ **Stock ownership guidelines:** We maintain stock ownership guidelines to encourage equity ownership by our executive officers. The stock ownership guideline for Ms. Black is six times base salary (the same base salary multiple was applicable to Mr. Rodriguez prior to his transition to non-employee director). The other NEOs have a stock ownership guideline of three times base salary. Executive officers whose ownership levels are below target ownership levels are required to retain as shares of common stock at least 75% of post-tax net gains on stock option exercises, and 75% of shares (net of taxes) received upon vesting of RSUs or received under our PSU program.
- ✓ **Limited perquisites:** We provide limited perquisites that are viewed as consistent with our overall compensation philosophy.
- ✓ **Double trigger change in control payments:** Our Change in Control Severance Plan for Corporate Officers includes "double-trigger" provisions, such that payments of cash and vesting of equity awards occur only if termination of employment without cause or with good reason occurs during the two-year period after a change in control.
- ✓ **Independence of our compensation and management development committee and advisor:** The compensation and management development committee of our board of directors, which is comprised solely of independent directors, utilizes the services of FW Cook as an independent compensation consultant. FW Cook reports to the committee, does not perform any other services for the company other than in connection with an annual review of competitive director compensation for the nominating/corporate governance committee of our board of directors, and has no economic or other ties to the company or the management team that could compromise their independence and objectivity.
- ✓ **Equity plan best practices:** Our 2018 Omnibus Award Plan, approved by stockholders in November 2018, incorporates certain governance best practices, including a minimum vesting period of one-year (with certain limited exceptions), a minimum 100% fair market value exercise price (except for substitute awards from an acquired or merged company), no "liberal share recycling" of stock options or stock appreciation rights and no "liberal" change in control definition.
- ✓ **Stockholder engagement:** As described under "Fiscal Year 2024 Stockholder Engagement" on page xiv of this proxy statement, our investor engagement program promotes an active dialogue with our largest stockholders on a range of topics related to our strategy, corporate governance and executive compensation programs.

Compensation Discussion and Analysis

What we don't do

- ✘ **No-hedging policy:** We prohibit all of our directors and employees, including our executive officers, from engaging in any hedging or similar transactions involving ADP securities.
- ✘ **No-pledging policy:** We prohibit all of our directors and employees, including our executive officers, from holding ADP securities in a margin account or pledging ADP securities as collateral for a loan.
- ✘ **No repricing of underwater stock options without stockholder approval:** We may not lower the exercise price of any outstanding stock options or otherwise provide economic value to the holders of underwater stock options in exchange for the forfeiture of such awards without stockholder approval.
- ✘ **No discount stock options:** The exercise price of our stock options is not less than 100% of the fair market value of our common stock on the date of grant.
- ✘ **No IRC Section 280G or 409A tax gross-ups:** We do not provide tax gross-ups under our change in control provisions or deferred compensation programs.
- ✘ **No current dividends on unearned PSUs:** We do not pay dividends in respect of unearned PSUs; rather, dividend equivalents are accrued over the applicable performance period and are paid only if the units are earned and shares are issued at the end of the performance period.

Compensation Discussion and Analysis

Compensation Principles

We believe that compensation should be designed to create a direct link between performance and stockholder value. Five principles that guide our decisions involving executive compensation are that compensation should be:

- 1 based on (i) the overall performance of the company, (ii) the performance of each executive's business unit when applicable and (iii) each executive's individual performance
- 2 closely aligned with the short-term and long-term financial, transformation, client satisfaction and ESG objectives that build sustainable long-term stockholder value
- 3 competitive, in order to attract and retain executives critical to our long-term success
- 4 consistent with high standards of corporate governance and best practices
- 5 designed to dampen the incentive for executives to take excessive risks or to behave in ways that are inconsistent with the company's strategic planning processes and high ethical standards

Our compensation programs are designed so that target pay reflects relative levels of responsibility among our key executives, and such that the proportion of pay tied to operating performance and changes in stockholder value varies directly with the level of responsibility and accountability to stockholders. We assign all executives to pay grades by comparing their position-specific duties and responsibilities with market data and our internal management structure. Each pay grade has ranges for base salaries, total annual cash compensation and annual equity grants based on market competitive levels. Executives are positioned within these ranges based on a variety of factors, most notably their experience and skill set and their performance over time.

We design our performance-based compensation so that actual, realized compensation will vary relative to the target award opportunity based on performance. As such, actual compensation amounts may be above or below targeted levels depending on the overall performance of the company, performance of a business unit and achievement of performance goals that support our strategy. We have adopted this compensation design to provide meaningful incentives for our key executives to achieve desired results. We also believe that it is important for our executive officers to have an ongoing long-term investment in the company as outlined on page 63 of this proxy statement under "Stock Ownership Guidelines."

We have a clear strategy to maximize sustainable long-term stockholder value that includes balancing growth, profitability and risk, with clear financial goals that allow us to continue to innovate technologically and expand globally. Each year the committee sets rigorous and challenging performance measures aligned to these objectives. We continue to believe that growth in revenue (including and excluding ZMPT), new business bookings, adjusted EBIT and adjusted net income are the most important measures of the successful execution of our objectives and the delivery of sustainable long-term stockholder value.

In fiscal year 2024, we continued to engage with our investor community. We contacted stockholders representing nearly half our shares outstanding and we discussed our strategy, corporate governance and executive compensation programs with stockholders representing over 30% of our shares outstanding.

To date, the feedback from these engagements have been very positive. While we do receive certain institution-specific observations of pay practices from time to time, we observed that these investors are broadly supportive of the linkage of our performance measures to our executive compensation programs. As described under "Fiscal Year 2024 Stockholder Engagement" on page xiv of this proxy statement, we continue to engage with our stockholders on our executive compensation programs and we look forward to maintaining this ongoing dialogue as well as incorporating feedback into our plans as appropriate.

Compensation Discussion and Analysis

Growth in revenue, adjusted EBIT and new business bookings are important performance measures in annual cash bonus determinations, and adjusted net income and revenue ex-ZMPT are used to determine the number of shares earned in a performance period under our PSU program, which is also subject to a relative total shareholder return (“rTSR”) modifier (awards granted in fiscal year 2022 are measured against adjusted net income only). All of these performance criteria were chosen for the variable incentive plans because they focus our executive officers on the company’s long-term goals of increasing the growth and profitability of our business, which are the key drivers of sustainable increases in stockholder value.

Consistent with our pay-for-performance philosophy, our NEOs’ compensation is structured with a significant portion of their total compensation at risk. This at-risk

compensation includes long-term incentive awards, which are paid based on the performance of the company as a whole, and annual cash bonuses, which are paid on the basis of the bonus objectives established by the committee as described below under “Fiscal Year 2024 Target Bonus Objectives.”

The mix of target total direct compensation (base salary, cash bonus and long-term incentive awards) for fiscal year 2024 was designed to deliver the following approximate proportions of total compensation to Ms. Black, our chief executive officer, and the other NEOs if company and individual target levels of performance are achieved. The target pay mix below reflects the PSU target award based on the three-year target opportunity. Ms. Black’s higher proportion of at-risk compensation reflects her greater responsibility for overall company performance.

Compensation Consultant

The committee has engaged FW Cook to provide assistance with the design of our compensation programs, the development of comparative market-based compensation data, and the determination of target compensation awards for both the chief executive officer and the executive chair positions (applicable in fiscal year 2024 prior to Mr. Rodriguez’s transition to a non-employee director). The specific matters on which FW Cook provided advice in fiscal year 2024 were the market trends and regulatory developments in executive compensation and the design of executive compensation programs and practices, including the changes to the pay levels of the chief executive officer and the executive chair, as well as reviewing long-term incentive guidelines for all eligible levels. In June 2023, FW Cook delivered to our committee the results of a competitive assessment

of compensation for use in determining fiscal year 2024 target compensation for our chief executive officer Ms. Black, and for Mr. Rodriguez, who was serving as executive chair at the time of the assessment. FW Cook also examined the mix of proposed PSU awards and RSU grants for our NEOs for fiscal year 2024 and confirmed that the proposals for the NEOs were reasonable and appropriate, given the company’s size and structure. In addition, in January 2024, FW Cook reviewed the company’s executive compensation peer group and recommended no changes to the peer group for fiscal year 2025.

As part of its ongoing support to the committee, FW Cook also reviews executive compensation disclosures (including this CD&A), reviews and provides comments on changes to the committee’s charter, advises on emerging trends and the implications of regulatory and governance

Compensation Discussion and Analysis

developments, and reviews and provides commentary on materials and proposals prepared by management that are presented at the committee's meetings. In addition, our nominating/corporate governance committee engaged FW Cook to review the design and competitiveness of our non-employee director compensation program.

The committee determined that the work of FW Cook did not raise any conflicts of interest in fiscal year 2024. In making this assessment, the committee considered the independence factors enumerated in Rule 10C-1(b) under the Securities Exchange Act of 1934, as amended, and applicable Nasdaq listing standards, including the level of fees received from the company as a percentage of FW Cook's total revenue, the policies and procedures employed by FW Cook to prevent conflicts of interest, the fact that FW Cook does not provide any other services to the company (other than the director compensation program review), and whether the individual FW Cook advisors to the committee own any stock of the company or have any business or personal relationships with members of the committee or our executive officers.

Compensation Review and Determination

ADP uses a customized peer group to benchmark our executive officers' pay levels and our financial performance in connection with pay-for-performance evaluations, as well as our practices concerning equity compensation and other executive compensation programs. The customized peer group was developed with assistance from FW Cook based upon the following criteria: comparable business model, company size, executive talent sources, competition for investor capital, companies considered by our investors to be our peers, and overall reasonableness. In connection with its annual review of the company's executive compensation peer group in January 2023, the committee made changes for fiscal year 2024 to ensure our peer group remains appropriate from the perspectives of business model comparability, revenue and market capitalization. Omnicom Group was removed due to lack of comparability of business fit and company size. Adobe (ADBE) has been added as it is comparably sized and operates a similar business model that focuses on products and services that are driven by technology. These changes resulted in the 17-company peer group reflected below for fiscal year 2024.

Fiscal Year 2024 Compensation Peer Group (with ticker symbol)

Accenture plc (ACN)	eBay Inc. (EBAY)	Mastercard Incorporated (MA)
Adobe (ADBE)	Fidelity National Information Services, Inc. (FIS)	PayPal Holdings, Inc. (PYPL)
Aon plc (AON)	Fiserv, Inc. (FI)	Salesforce.com, Inc. (CRM)
CGI Inc. (GIB)	Intuit Inc. (INTU)	TE Connectivity Ltd. (TEL)
Cognizant Technology Solutions Corp. (CTSH)	Leidos Holding, Inc. (LDOS)	Visa Inc. (V)
Discover Financial Services (DFS)	Marsh & McLennan Companies, Inc. (MMC)	

In benchmarking the total cash and long-term incentive compensation for the NEOs, the committee reviewed the market compensation data from the customized peer group at its June 2023 meeting. The committee considered that, compared with the peer group, the company compares at the 49th and 63rd percentiles, respectively, regarding revenue and market capitalization. Based on the four most recently reported quarters as of April 30, 2023, revenue among companies in the peer group ranged from approximately \$9.8 billion to \$63.1 billion, and market capitalization ranged from approximately \$12.8 billion to \$476.9 billion.

The committee also considered third-party survey data (including the Radford Global Compensation Database, the Willis Towers Watson® U.S. General Industry Executive Database, and the Equilar Inc.® Top 25 Database) as reference points to understand general industry compensation practices.

The committee examines compensation summaries detailing the amounts and mix of base salary, cash bonus, and long-term equity incentives for each of our NEOs, which compare the amounts and mix to competitive compensation practices. We generally target base salary, annual cash bonus and long-term equity incentives at the

Compensation Discussion and Analysis

median of competitive compensation levels, but we will set individual executive targets above or below the median when warranted in the judgment of the committee.

The degree to which target compensation for an executive ranges above or below the median competitive rate is primarily based on each executive's skill set and experience relative to market peers. Executives who are new in their roles and therefore less experienced than market peers are typically positioned lower in the range, whereas executives with more experience in their roles may be positioned higher in the range. At the time fiscal year 2024 compensation decisions were approved by the committee, the competitive positioning of Ms. Black's target compensation compared below the median of our customized peer group.

Differences in Compensation of Our NEOs

The committee approved the pay mix for our chief executive officer, which is designed to be competitive when measured against the pay packages of other chief executive officers as indicated by the compensation study.

We have found that due to the broad responsibilities and the experience required for the chief executive officer position, compensation for chief executive officers in public companies that are similar in size to ours is significantly higher than compensation for their other NEOs.

When determining the compensation level for each of our executive officers, the committee reviews each individual compensation element based on the previous year's level, as well as how the proposed level of that individual compensation element for each executive officer would compare to the other executive officers. The aggregate level for each executive officer's compensation is then compared against the executive's previous year's totals and against compensation of other executive officers of the company.

Cash Compensation

Base Salary

Base salaries are a fixed amount paid to each executive for performing his or her normal duties and responsibilities. We determine the amount based on the executive's overall performance, level of responsibility, competitive compensation practices data, and comparison to other company executives.

Based on these criteria, our NEOs, apart from Mr. Rodriguez as described below, received annual salary increases in fiscal year 2024, as summarized in the table below.

Named Executive Officer (NEO)	Fiscal Year-End 2023 Salary	Fiscal Year-End 2024 Salary	Increase/ Decrease
Ms. Black	\$1,100,000	\$1,200,000	9.1%
Mr. McGuire	\$676,000	\$696,300	3.0%
Mr. Ayala	\$728,000	\$749,800	3.0%
Mr. Bonarti	\$624,000	\$642,700	3.0%
Mr. DeSilva	\$550,000	\$600,000	9.1%
Mr. Rodriguez ⁽¹⁾	\$605,400	\$605,400	0.0%

¹ For Mr. Rodriguez, fiscal year-end 2024 salary reflects his base salary as of January 31, 2024, his last day of active employment with the company as executive chair.

Ms. Black's and Mr. DeSilva's higher percentage increases were intended to bring their respective base salaries closer to competitive market median levels. Mr. Rodriguez did not receive a base salary increase in fiscal year 2024 and was paid at the same fiscal year-end 2023 annual salary rate of \$605,400 through his last day of active employment of January 31, 2024. Salary increases for the NEOs were made effective July 1, 2023, the first day of fiscal year 2024.

Annual Cash Bonus

Overview

We paid our NEOs cash bonuses for fiscal year 2024 based on the attainment of financial, transformation, client satisfaction and ESG performance goals established at the beginning of the fiscal year. All of the company's goals are objectively measurable and were established consistent with the committee's long-standing methodology in setting such goals. These fiscal year 2024 goals align to the financial earnings guidance the company communicated in July 2023 for fiscal year 2024 and reflect ADP's expectations and assumptions at that time. For each executive officer, we establish a target bonus amount, which is initially expressed as a percentage of projected year-end annual base salary. For fiscal year 2024, these target bonus percentages ranged from 100% to 200% of base salary for the NEOs. We also assign a percentage value to each bonus component of each NEO's annual cash bonus plan and then determine the target bonus amount linked to each component. We establish these performance ranges to provide our NEOs with a strong incentive to exceed the targets. The maximum bonus payment for our NEOs is 200% of the target bonus level. There is no guaranteed minimum payment level, and no bonus is payable if threshold performance goals are not achieved.

The committee establishes and approves annual target bonus objectives and award opportunities for each of our NEOs. In making these determinations, the committee considers a variety of factors, including market data, each officer's relative level of responsibility, and the chief executive officer's recommendations for executives other than herself and the former executive chair. Our NEOs participated in the discussions surrounding their bonus objectives so that they could provide input and understand the expectations of each bonus plan component, but they did not participate in the setting of the target bonus award opportunities nor did they participate in the committee's voting or deliberations regarding their individual compensation amounts. Each NEO receives a final version of his or her individualized bonus plan after it is approved by the committee. Except in extraordinary circumstances, bonus objectives are not modified during the fiscal year.

The committee reviews the performance of each of our NEOs relative to his or her annual fiscal year bonus plan objectives at its regularly scheduled August meeting, which is the first meeting following the end of our fiscal year. Based on this review, the committee determines and approves the annual cash bonuses for our executive officers.

NEOs' Fiscal Year 2024 Bonuses

Our fiscal year 2024 annual cash bonus plan measures consisted of (i) revenue growth, weighted at 20%, (ii) new business bookings growth, weighted at 20%, (iii) adjusted EBIT growth, weighted at 20%, (iv) company transformation objectives, weighted at 20%, (v) client satisfaction (net promoter score and client retention targets), weighted at 10%, and (vi) ESG objectives, weighted at 10%. Fiscal year 2024 target bonuses were the same percentage of base salary as the percentage targets established in fiscal year 2023 for all NEOs other than Mr. DeSilva, whose target bonus percentage increased from 80% to 100% as part of the fiscal year 2024 compensation recommendations approved by the committee in June 2023.

Compensation Discussion and Analysis

Following the conclusion of fiscal year 2024, the committee assessed the performance of the company and the strategic progress realized for the 2024 fiscal year against the NEOs' bonus objectives. The approved annual cash bonuses are as follows:

Named Executive Officer (NEO)	Target Bonus as % of Base Salary	Target Bonus Amount	Maximum Bonus as % of Target	Actual Bonus Amount	Bonus Amount as % of Target
Ms. Black	200%	\$2,400,000	200%	\$2,983,200	124.3%
Mr. McGuire	150%	\$1,044,450	200%	\$1,298,300	124.3%
Mr. Ayala	150%	\$1,124,700	200%	\$1,398,000	124.3%
Mr. Bonarti	100%	\$642,700	200%	\$798,900	124.3%
Mr. DeSilva	100%	\$600,000	200%	\$745,800	124.3%
Mr. Rodriguez ⁽¹⁾	150%	\$529,725	200%	\$658,400	124.3%

¹ Mr. Rodriguez's target bonus amount is prorated for a period of 7 of 12 months of active service as executive chair during the fiscal year.

Fiscal Year 2024 Target Bonus Objectives

The table below indicates the degree to which each target bonus objective for our NEOs was satisfied. The percentage of target bonus paid to each NEO is calculated as a weighted average of the percentages achieved for each individual objective.

The bonus objectives were designed to reward outcomes that are aligned with the key components of our financial and strategic success, the degree to which the NEOs have responsibility for overall company performance or individual business unit results, and to provide a set of common objectives that facilitate collaborative engagement throughout the company.

Compensation Discussion and Analysis

The committee established the following objectives for our NEOs in 2023, and the formulaic achievement levels for fiscal year 2024 are as follows:

Annual Bonus Plan Performance Measures	Weight	Threshold	Target	Stretch	Actual	Achievement
Revenue Growth	20%	3.9%	6.9%	9.9%	6.9%	100%
New Business Bookings Growth	20%	2.3%	7.3%	12.3%	6.3%	90%
Adjusted EBIT Growth ⁽¹⁾	20%	5.4%	10.4%	15.4%	9.9%	95%
Transformation						
• Reduce low value contact per client	4%					200%
• Achieve digital sales goal	4%					200%
• Achieve goal for percentage of adoption of generative AI	4%					149%
• Achieve goal for percentage of mobile active users	4%					82%
• Achieve goal for sales from new products	4%					200%
Client Satisfaction						
• Improve client experience by demonstrating achievement of net promoter score goals	5%					200%
• Achieve client retention goal	5%	91.2%	91.6%	92.0%	92.0%	200%
ESG						
• Achieve goal for percentage of paperless payments as a percent of total pays	5%	80.9%	81.5%	82.3%	81.8%	138%
• Achieve executive human capital goals	5%	Progress on developing and growing ADP's next generation of leaders				144%

¹ Refer to the table in Appendix A for a reconciliation from net earnings to adjusted EBIT for fiscal years 2024 and 2023.

In setting target financial performance goals, we consider a variety of factors including our short- and long-range strategic plan, the annual budget reviewed by our board, and the guidance provided by management on key elements of financial performance. Achievement levels are, as a percentage of target, 50% for threshold performance, 100% for target performance, 200% for stretch performance, and 0% for below threshold performance. The targets for revenue growth and adjusted EBIT growth reflect an assumed impact of foreign currency fluctuations anticipated at the time the targets were established. For each metric described above, the award level achieved within each range, as a percentage of target, is determined by linear interpolation between the lower and upper bounds.

Transformation, client satisfaction and ESG objectives for our NEOs are aligned with our key strategic goals for fiscal year 2024 and are viewed as important leading indicators of our ongoing progress, creation of long-term value and future success.

The targets for each objective are established to be challenging and rigorous and require strong performance for achievement. The targets are measurable, quantifiable goals. There is no subjectivity applied to the calculation of performance against these objectives. The calculation of performance is formulaic to reflect the proportionate level of achievement relative to the target. Targets for certain measures are considered confidential business information, disclosure of which could harm our operating performance or ability to compete.

Compensation Discussion and Analysis

Long-Term Incentive Compensation Programs

We believe that long-term incentive (“LTI”) compensation is a significant factor in attracting and retaining key executives and in aligning their interests directly with the interests of our stockholders. For fiscal year 2024, long-term incentives were awarded in the form of PSUs and RSUs, with a targeted LTI mix of 75% PSUs and 25% RSUs for all our NEOs. This approach follows the same LTI mix and design that was introduced in fiscal year 2023 (granted September 2022), following an in-depth review the committee conducted of the overall incentive structure in fiscal year 2022, which was informed by investor observations and input from the committee’s independent compensation consultant. The committee selected these awards because they ensure that the overall long-term incentive program is predominately focused on performance-based pay delivery, closely tied to changes in stockholder value and the degree to which critical operating objectives are attained, and supports our talent retention objectives.

The committee may also from time to time grant discretionary awards of RSUs to our executive officers. These awards are for special situations to assist us in the recruitment, promotion or retention of executive officers

The target long-term incentive mix approved for fiscal year 2024 grants is shown in the following chart:

1 PSUs reflect the entire PSU target award based on the three-year target opportunity.

and are not considered in the target allocation of total long-term incentive compensation between annual PSU and RSU awards. In fiscal year 2024, none of the NEOs received a discretionary RSU award.

As part of our annual market analysis of compensation data, we compare our long-term equity incentive grant values with competitive levels. We establish target long-term incentive award values and ranges for each executive level and set the midpoints of such ranges at the market median levels. The committee reviews the target award values annually to ensure that the resulting awards remain generally consistent with our median compensation philosophy.

Prior to the beginning of each fiscal year, we analyze the target PSU and RSU grant levels to confirm that our desired target long-term incentive compensation values are appropriate in the context of the compensation studies referred to under “Compensation Review and Determination” above. When comparing our desired values to these compensation studies, we look at both equity elements in total.

Compensation Discussion and Analysis

At its June 2023 meeting, the committee approved target awards of PSUs and RSUs for all NEOs for fiscal year 2024, which were granted in September 2023. The PSU awards (based on the three-year target opportunity) will be earned

and issued following the end of the three-year performance period in fiscal year 2026. The PSUs and RSUs granted for fiscal year 2024 are summarized in the table below:

Named Executive Officer (NEO)	Target PSU Award ⁽¹⁾	RSU Award ⁽¹⁾	Total
Ms. Black	\$10,800,000	\$3,600,000	\$14,400,000
Mr. McGuire	\$3,570,000	\$1,190,000	\$4,760,000
Mr. Ayala	\$3,473,000	\$1,158,000	\$4,631,000
Mr. Bonarti	\$2,786,000	\$929,000	\$3,715,000
Mr. DeSilva	\$2,625,000	\$875,000	\$3,500,000
Mr. Rodriguez	\$6,000,000	\$2,000,000	\$8,000,000

¹ Amounts are rounded for ease of presentation.

PSU Awards

Our PSU program is based on financial objectives that are measured over a three-year performance period consisting of three one-year performance goals. The committee believes that the current PSU program's combined effect of (i) measuring performance annually over the three-year performance period enables setting rigorous targets that drive accountability for the achievement of core financial metrics that are critical building blocks for sustained business success and (ii) modifying the actual number of PSUs eligible to be earned based on our three-year relative TSR performance, provides the most business-focused, shareholder-aligned and holistic assessment of our long-term trajectory and performance. We believe that the three-year PSU program will further the company's long-term financial goals by tying a substantial portion of the total compensation opportunity to multi-year performance and better promote talent retention by imposing a meaningful total vesting period.

For PSU awards granted in fiscal year 2022, the three one-year performance periods are measured solely against adjusted net income goals, with a maximum payout opportunity of 150% of target. For PSU awards granted in fiscal years 2023 and 2024, adjusted net income is used as the primary performance metric, weighted 67%, and revenue ex-ZMPT is used as the second performance metric, weighted 33%. The combination of the two metrics is intended to promote focus on both the top line and bottom-line performance of the business. Notably, the PSU revenue metric differs materially from that

used in our annual cash bonus plan because it excludes zero-margin benefits pass-throughs, and therefore avoids metric duplication.

The fiscal years 2023 and 2024 PSU award performance design also includes a relative TSR ("rTSR") metric that may modify the final payout (by +/- 20%) at the end of the respective full three-year period based on performance versus the S&P 500; the inclusion of the rTSR metric is intended to provide accountability for the company's stock price performance over the full three-year performance period. For PSUs granted in fiscal years 2023 and 2024, the maximum payout opportunity is 200% of target, inclusive of the rTSR modifier, in order to align with the most prevalent peer market practices and encourage executives to achieve stretch goals. However, payout will be capped at the target number of shares if the company's absolute 3-year TSR is negative (applicable to all PSU awards).

For purposes of our PSU awards, the performance goals and corresponding target award ranges are typically established and communicated to our executive officers (including the NEOs) in the first quarter of each respective fiscal year. After the conclusion of each fiscal year, the committee confirms the performance results and determines the award achieved for such fiscal year, as a percentage of target, based on these results by using linear interpolation between the lower and upper bounds of the applicable percentage range. Under the PSU program, after the end of the three-year performance period, the award levels achieved as a percentage of target for each of the individual three fiscal years in the

Compensation Discussion and Analysis

applicable performance period will be averaged to obtain the overall award level earned and issued as a percentage of target. However, notwithstanding the achievement of performance results, if the company's absolute TSR is not positive for the three-year performance period, the total number of PSUs awarded may not exceed 100% of the target award. In addition, as discussed, there is an rTSR modifier for the fiscal years 2023 and 2024 PSU grants.

The PSU award earned will be credited with dividend equivalents from the grant date of the target award until the issuance date, assuming all dividends were reinvested in ADP stock at the time dividends are paid. The issuance of the applicable number of PSUs earned will be made in the form of shares of ADP stock in September following the conclusion of the three-year performance period.

Our adjusted net income growth for fiscal year 2024, as described in further detail above under "2024 Incentive Compensation Performance Metrics," was 11.6%, which resulted in an earned award level for the fiscal 2024 performance year in the amount of 111% of target, specifically related to the third of three tranches of the PSU award granted for fiscal year 2022 in September 2021. For the fiscal year 2023 PSU award granted in September 2022 and the fiscal year 2024 PSU award granted in September 2023, the adjusted net income growth achievement of 11.6% resulted in an earned award level in the amount of

117% of target, which is applicable to the second of three tranches for the fiscal year 2023 PSU award, and the first of three tranches for the fiscal year 2024 PSU award, and is weighted 67% for both awards. The different % of target earned for the fiscal year 2024 adjusted net income growth is the result of a different maximum payout opportunity for the PSU award granted in September 2021 compared to the PSU awards granted in September 2023 and September 2024, as further described below.

Our revenue ex-ZMPT growth for fiscal year 2024 as described in further detail above under "2024 Incentive Compensation Performance Metrics," was 7.48%, which resulted in an earned award level for the fiscal 2024 performance year in the amount of 99% of target. This achievement percentage applies to the second of three tranches of the PSU award granted in September 2022, and the first of three tranches of the PSU award granted in September 2023, and is weighted 33% for both awards.

These adjusted net income growth and revenue ex-ZMPT growth goals were established consistent with the committee's long-standing methodology in setting such goals and as such, align to the financial earnings guidance the company communicated in July 2023 for fiscal year 2024 and reflect ADP's expectations and assumptions at that time.

Fiscal Year 2022 PSU Design Performance Table

The following table shows the annual targets, results and award levels achieved for fiscal years 2022, 2023 and 2024, as applicable to the outstanding PSU awards granted in September 2021, in each case as a percentage of target:

FY	Performance Metric ⁽¹⁾	Threshold	Target	Stretch	Actual	Achievement
2024	Adjusted Net Income Growth	5.5%	10.5%	15.5%	11.6%	111%
2023	Adjusted Net Income Growth	10.0%	15.0%	20.0%	16.0%	110%
2022	Adjusted Net Income Growth	3.1%	8.1%	13.1%	16.4%	150%

¹ Refer to the table in Appendix A for a reconciliation from net earnings to adjusted net income for fiscal years 2024, 2023 and 2022.

Award levels achieved for each fiscal year in the three-year performance period are, as a percentage of target, 50% for threshold performance, 100% for target performance, 150% for stretch performance, and 0% for below threshold performance. The award level achieved within each range, as a percentage of target, is determined by linear interpolation between the lower and upper bounds.

Dividends are paid only with respect to shares of ADP stock that have been issued in connection with PSUs earned. The end of fiscal year 2024 marks the end of the three-year performance period for PSU awards granted in fiscal year 2022. Based on the average of the three fiscal years, these awards earned a payout percentage of 124%.

Fiscal Years 2023 and 2024 PSU Design Performance Table

Subject to final performance assessment based on the three-year rTSR modifier (as discussed below), the following table shows the annual targets, results and awards levels achieved for fiscal 2024, as applicable to outstanding PSU awards granted in September 2022 and September 2023, in each case as a percentage of target:

FY	Performance Metric ⁽¹⁾	Weight	Threshold	Target	Stretch	Actual	Achievement ⁽²⁾
2024	Adjusted Net Income Growth	67%	5.5%	10.5%	15.5%	11.6%	117%
2024	Revenue ex-ZMPT Growth	33%	4.5%	7.5%	10.5%	7.48%	99%
2023	Adjusted Net Income Growth	67%	10.0%	15.0%	20.0%	16.0%	115%
2023	Revenue ex-ZMPT Growth	33%	5.5%	8.5%	11.5%	9.3%	120%

- 1 Refer to the table in Appendix A for a reconciliation from net earnings to adjusted net income for fiscal years 2024, 2023 and 2022 and for a reconciliation from consolidated revenue to revenue ex-ZMPT for fiscal years 2024 and 2023.
- 2 Fiscal year 2023 achievement percentage on a weighted basis is 117% of target, which applies to the first of three tranches of the PSU award granted in September 2022. Fiscal year 2024 achievement percentage on a weighted basis is 111% of target, which applies to the second of three tranches of the PSU award granted in September 2022, and the first of three tranches of the PSU award granted in September 2023.

Award levels achieved for each fiscal year in the three-year performance period are, as a percentage of target, 50% for threshold performance, 100% for target performance, 175% for stretch performance, and 0% for below threshold performance. The award level achieved within each range, as a percentage of target, is determined by linear interpolation between the lower and upper bounds. Dividends are paid only with respect to shares of ADP stock that have been issued in connection with PSUs earned.

Relative TSR Modifier

PSU awards granted in fiscal years 2023 and 2024 (and on a go-forward basis under our current award design), are subject to an rTSR modifier based on performance against the S&P 500 over the full three-year performance period. The S&P 500 was chosen because the index consists of a broad group of companies that represent investors' alternative capital investment opportunities, thereby aligning the PSU payout opportunity to the long-term investment experience of our stockholders. The rTSR measurement is based on the average of the last twenty trading days ending on the start and end of the three-year period (beginning July 1 and ending June 30). Relative performance against the S&P 500 may adjust the final three-year average payout percentage, based on achievement of adjusted net income growth and revenue ex-ZMPT growth, between 80% and 120%, as shown in the table below.

Relative TSR Performance (Percentile Rank)	Modifier Adjustment Achieved
> = 75P	120%
Between 25P – 75P	Interpolated (50P = 100%)
< = 25P	80%

The maximum payout opportunity for PSU awards inclusive of the modifier adjustment is capped at 200% of target, however, the payout opportunity is capped at 100% if our company's absolute three-year TSR is negative.

As fiscal year 2023 marked the first year under the current PSU program design inclusive of the rTSR modifier, the final rTSR assessment for the awards granted September 2022 and September 2023 will not be completed until June 30, 2025 and June 30, 2026 respectively.

Time-Based Restricted Stock Units

For fiscal year 2024, we granted RSUs to our executive officers, which vest ratably over three years, and allow for a portion of our NEOs' LTI compensation to be more predictable from a realized value perspective, while being directly tied to the shareholder experience. We determine target award ranges based on our annual review of our long-term incentive compensation programs.

The committee may, from time to time, grant RSU awards to our executive officers that are outside of the annual grant cycle. These grants assist us in the recruitment, promotion and retention of executive officers and, while used only occasionally, are important in building our leadership team and succession strategy. In fiscal year 2024, none of the NEOs were granted RSUs outside of the annual grant cycle.

Compensation Discussion and Analysis

Other Compensation Components and Considerations

In addition to the compensation components discussed above and the opportunity to participate in the same Employees' Savings-Stock Purchase Plan and health and welfare benefits available to our U.S. associates generally, we offer our executive officers retirement benefits, deferred compensation, limited perquisites, and change in control and severance protection. We believe these additional benefits are fair, competitive, consistent with our overall compensation philosophy and designed to ensure that we can effectively retain our executive officers as well as effectively compete for executive talent.

Retirement Benefits

All U.S. executive officers can participate in our 401(k) Plan, including our NEOs. Our NEOs, with the exception of Mr. McGuire, also participated in the Pension Retirement Plan, a tax-qualified, defined benefit, cash balance pension plan. The Pension Retirement Plan was closed to new participants as of January 2015 and was frozen as of July 1, 2020. Effective as of July 1, 2020, the matching contribution under our 401(k) Plan for participants impacted by the Pension Retirement Plan freeze was increased to \$1.00 for every \$1.00 a participant contributes up to 6% of eligible pay. Previously, Pension Retirement Plan participants received a 401(k) matching contribution of up to \$0.70 for every \$1.00 up to 6% of eligible pay. The committee approved these changes in 2020 to align our retirement programs to the market.

In addition, Messrs. Ayala, Bonarti and Rodriguez participated in the Supplemental Officers Retirement Plan ("SORP"), a non-qualified, defined benefit plan which provides retirement benefits in excess of those generally available under the Pension Retirement Plan. The SORP was closed to new participants beginning in January 2014 and was frozen effective July 1, 2019, with no future accruals due to pay and/or service. As of July 1, 2019, Messrs. Ayala, Bonarti and Rodriguez were automatically enrolled in the Automatic Data Processing, Inc. Executive Retirement Plan ("ERP"), a non-qualified, defined contribution plan in which the other NEOs participate, and which provides supplemental retirement benefits in excess of amounts available under our tax-qualified pension and other retirement plans.

Deferred Compensation

U.S. executive officers may defer all or a portion of their annual cash bonuses into a deferred compensation account. We make this program available to our executive officers to be competitive, to facilitate the recruitment of new executives and to provide our executive officers with a tax-efficient way to save for retirement. The company does not match deferrals for its NEOs or otherwise contribute any amounts to the NEOs' deferred compensation amounts. Since the deferral accounts are made up of funds already earned by the executive officers, we do not consider the executive's deferred account balances, or investment earnings or losses on such balances, when we make compensation decisions.

Perquisites

We provide each of our executive officers the use of automobiles leased by the company. Consistent with our policy towards all attendees, we pay for the spouses of our executive officers to accompany them to our annual sales President's Club events. In addition, the ADP Foundation makes contributions that match the charitable gifts made by our U.S. executive officers up to a maximum of \$20,000 per calendar year and in fiscal year 2024, offered an additional match of up to a maximum of \$20,000 for any donations made on Giving Tuesday.

Company policy permits Ms. Black (in her capacity as chief executive officer) and formerly Mr. Rodriguez (in his capacity as executive chair) to use the company's aircraft for personal travel in order to maximize their respective business availability and productivity. Ms. Black is required to reimburse the company for the aggregate incremental cost in excess of \$250,000 per fiscal year and Mr. Rodriguez was required to reimburse the company for the aggregate incremental cost incurred by the company in connection with any such personal use. Each executive is responsible for any income taxes related to personal use. In addition, Ms. Black may be provided with security in certain personal, non-business-related circumstances, as recommended by an independent third-party security firm's risk assessment and validated by the company's global security organization. The committee and the board consider these offerings to be in the best interest of the company by enhancing the

Compensation Discussion and Analysis

safety and welfare of the company's most critical executive, while allowing for increased focus, availability, and productivity on business matters during personal travel.

In accordance with the company's standard policies available to all associates in the company's relocation program, Mr. McGuire received tax reimbursement payments associated with a previous expatriate assignment.

Change in Control Arrangements

The Automatic Data Processing, Inc. Change in Control Severance Plan for Corporate Officers is designed to: (i) retain our corporate officers (including the NEOs) and (ii) align their interests with our stockholders' interests so that they can consider transactions that are in the best interests of our stockholders and maintain their focus without concern regarding how any such transaction might personally affect them.

Our Change in Control Severance Plan for Corporate Officers is described in more detail below under "Potential Payments To Named Executive Officers Upon Termination or Change in Control." Under this plan, our chief executive officer is entitled to severance equal to two times base salary and bonus upon termination of employment without cause or with good reason, while our other NEOs are entitled to severance equal to one and one-half times base salary and bonus. We believe that a higher severance multiple for our chief executive officer is needed in order to attract and retain the individual we believe is best suited for the position. Our chief executive officer is the individual the public and our stockholders most closely identify as the face of the company. The chief executive officer has the greatest individual impact on our success and faces the greatest personal financial risks when the company takes risks. Our Change in Control Severance Plan for Corporate Officers also provides that the vesting of all unvested equity awards would be accelerated under qualifying termination scenarios based on a "double-trigger" in which payments of cash and vesting of equity awards occur only if termination of employment without cause or by a participant for good reason occurs during the two-year period after a change in control.

Corporate Officer Severance Plan

ADP's Corporate Officer Severance Plan is for purposes of involuntary terminations other than for cause in the absence of a change in control. This plan is designed to: (i) attract and retain executive officers by providing a level of protection against involuntary job loss, (ii) provide an appropriate level of benefit to enable executive officers to transition to new employment, and (iii) as permitted by applicable law, secure restrictive covenants such as non-compete, non-solicitation, etc.

Our Corporate Officer Severance Plan is described in more detail below under "Potential Payments To Named Executive Officers Upon Termination or Change in Control." Under a qualifying termination, executive officers receive 18 months of base salary continuation (24 months for the chief executive officer), prorated bonus for year of termination, and continuation of vesting of equity awards during the salary continuation period, subject to proration in respect of certain performance-based equity awards.

The severance formulas we use for executive officers are each designed to provide the level of temporary replacement income we feel is appropriate for that position.

Accounting and Tax Considerations

We consider accounting and tax implications when we design our equity-based and cash compensation programs and when we make awards or grants. Section 162(m) of the Internal Revenue Code, as amended by the Tax Cuts and Jobs Act of 2017, generally limits the deductibility of certain compensation in excess of \$1 million paid in any one year to any "covered employee." A "covered employee" under Section 162(m) is any employee who has served as our CEO, CFO or other NEO for tax years after December 31, 2016. Prior to the amendment, qualified performance-based compensation was not subject to this deduction limit if certain requirements were met. Under the Tax Cuts and Jobs Act of 2017, the performance-based exception has been repealed, unless compensation paid to any "covered employee" qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Historically, we strove to make only those cash and equity-based awards and grants that qualified as performance-based compensation or that we otherwise could deduct when determining our corporate taxes.

Compensation Discussion and Analysis

We do not expect the disallowance of a deduction for compensation paid to our NEOs in excess of \$1 million, as a result of these changes to Section 162(m), to significantly alter our compensation programs. The overriding consideration when evaluating the pay level or design component of any portion of our executives' compensation is the effectiveness of the pay component and the stockholder value that management and the committee believe the pay component reinforces.

Clawback Policy

We have a rigorous Clawback Policy which exceeds the Nasdaq listing requirements and that provides the committee with discretion to recover both cash and equity incentive compensation from all current and former corporate officers (including any executive officers). A recipient's award may be forfeited and required to be recovered, as applicable, if the recipient engages in activity that is in conflict with or adverse to our interests, including but not limited to fraud. In addition, effective December 1, 2023, the policy was updated in order to comply with current Nasdaq clawback listing standards, which require the mandatory clawback of incentive compensation in the case of financial restatement due to a material non-compliance with financial reporting requirements under the applicable federal securities laws.

No-Hedging and No-Pledging Policy

Our insider trading policy prohibits all of our directors and employees, including our executive officers, from engaging in any hedging or similar transactions involving ADP securities. The policy also prohibits all of our directors

and employees, including our executive officers, from holding ADP securities in a margin account or pledging ADP securities as collateral for a loan. Our insider trading policy is available online on our corporate website at www.adp.com. To access this document, click on "About," then "Corporate Responsibility," and then "Ethics."

Stock Ownership Guidelines

The committee has established stock ownership guidelines to encourage equity ownership by our executive officers in order to reinforce the link between their financial interests and those of our stockholders. We set the stock ownership guidelines on the basis of each executive officer's pay grade, expressed as a multiple of the executive officer's base salary on the first day of the fiscal year. Stock ownership (as defined under the guidelines) consists of stock owned outright by the executive officer or beneficially through ownership by direct family members (spouses and/ or dependent children).

Under our stock ownership guidelines, Ms. Black is expected to own an amount of our stock equal in value to six times her base salary and our other NEOs are expected to own an amount of our stock equal in value to three times their respective base salaries (Mr. Rodriguez's requirement was six times his base salary as executive chair). Executive officers whose ownership levels are below the minimum required levels are required to retain as shares of common stock at least 75% of post-tax net gains on stock option exercises, and 75% of shares (net of taxes) received upon vesting of RSUs or received under our PSU program. As of the end of fiscal year 2024, all NEOs met their respective stock ownership guideline.

Compensation and Management Development Committee Report

The compensation and management development committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis section of the company's 2024 proxy statement. Based on its review and discussions with management, the compensation and management development committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the company's 2024 proxy statement.

- (1) For fiscal year 2022, Mr. McGuire's salary was paid in his home country currency of Canadian dollars (CAD) and has been converted to USD based on the average daily exchange rate for fiscal year 2022 of 0.790000 (CAD to USD).
- (2) Amounts set forth in the Stock Awards and Option Awards columns represent the aggregate grant date fair value of awards granted in fiscal years 2024, 2023 and 2022 computed in accordance with FASB ASC Topic 718, disregarding estimates of forfeitures related to service-based vesting conditions. For additional information about the assumptions used in these calculations, see Note 10 to our audited consolidated financial statements for the fiscal year ended June 30, 2024 included in our annual report on Form 10-K for the fiscal year ended June 30, 2024. The amounts shown in the Stock Awards column in respect of performance-based stock units ("PSUs") reflect the grant date fair value of such awards based upon the probable outcome of the performance condition as of the grant date. The awards for fiscal year 2024 are comprised of PSUs and time-based restricted stock units ("RSUs") for all NEOs. Consistent with the requirements of ASC Topic 718, the amounts relating to the PSUs for fiscal year 2024 represent the sum of (i) the grant date fair value of the third of three tranches of PSUs granted in September 2021, (ii) the grant date fair value of the second of three tranches of PSUs granted in September 2022 and (iii) the grant date fair value of the first of three tranches of PSUs granted in September 2023, and additionally, for Ms. Black and Messrs. Ayala and DeSilva, the grant date fair value of the third of three tranches of PSUs granted in January 2022 (in light of their promotions), and additionally, for Mr. McGuire, the grant date fair value of the third of three tranches of PSUs granted in October 2021 (in light of his promotion to CFO), and additionally, for Ms. Black, the grant date fair value of the second of three tranches of PSUs granted in January 2023 (in light of her promotion to CEO), in each case, reflecting that the performance goal(s) for the tranches was established in fiscal year 2024. The awards for fiscal year 2023 are comprised of PSUs and RSUs for all NEOs. Consistent with the requirements of ASC Topic 718, the amounts relating to the PSUs for fiscal year 2023 represent the sum of (i) the grant date fair value of the third of three tranches of PSUs granted in September 2020, (ii) the grant date fair value of the second of three tranches of PSUs granted in September 2021 and (iii) the grant date fair value of the first of three tranches of PSUs granted in September 2022, and additionally, for Ms. Black and Messrs. Ayala and DeSilva, the grant date fair value of the second of three tranches of PSUs granted in January 2022 (in light of their promotions), and additionally, for Mr. McGuire, the grant date fair value of the second of

Compensation of Executive Officers

three tranches of PSUs granted in October 2021 (in light of his promotion to CFO), and additionally, for Ms. Black, the grant date fair value of the first of three tranches of PSUs granted in January 2023 (in light of her promotion to CEO), in each case, reflecting that the performance goal(s) for the tranches was established in fiscal year 2023. The awards for fiscal year 2022 are comprised of PSUs for all NEOs, and also include an award of RSUs for Mr. McGuire. Consistent with the requirements of ASC Topic 718, the amounts relating to PSUs for fiscal year 2022 represent the sum of (i) the grant date fair value of the third of three tranches of PSUs granted in September 2019, (ii) the grant date fair value of the second of three tranches of PSUs granted in September 2020 and (iii) the grant date fair value of the first of three tranches of PSUs granted in September 2021, and additionally for Ms. Black and Mr. Ayala, the grant date fair value of the first of three tranches of PSUs granted in January 2022 (in light of their promotions), and additionally for Mr. McGuire, the grant date fair value of the first of three tranches of PSUs granted in October 2021 (in light of his promotion to CFO), in each case, reflecting that the performance goal for the tranches was established in fiscal year 2022. For PSUs granted in fiscal years 2023 and 2024, tranches are linked to adjusted net income and revenue ex-ZMPT goals, and include a relative TSR modifier at the end of the respective three-year performance period. Remaining tranches of PSUs granted in fiscal year 2024 will be linked to adjusted net income and revenue ex-ZMPT goals for fiscal years 2025 and 2026, respectively, and will be reported in the Summary Compensation Table in such fiscal years. The remaining tranche of PSUs granted in fiscal year 2023 will be linked to adjusted net income and revenue ex-ZMPT goals for fiscal year 2025, and will be reported in such fiscal year. For PSUs granted in fiscal year 2022, tranches are linked to adjusted net income goals. The grant date fair value of the PSUs granted in fiscal years 2024, 2023, and 2022, respectively, assuming achievement of the maximum level of performance are: Ms. Black, \$14,237,313, \$8,725,677, and \$4,908,144; Mr. McGuire, \$6,018,596, \$4,201,121 and \$2,381,055; Mr. Ayala, \$6,650,057, \$6,204,392, and \$4,533,219; Mr. Bonarti, \$4,987,310, and \$4,738,237; Mr. DeSilva, \$3,609,314, and \$2,123,071; and Mr. Rodriguez, \$18,275,525, \$20,463,288, and \$14,720,261.

- (3) Performance-based bonuses paid under the annual cash bonus plan are shown in this column. A discussion of our annual cash bonus plan may be found in our Compensation Discussion and Analysis under "Cash Compensation - Annual Cash Bonus."
- (4) Amounts shown reflect the aggregate increase during the last fiscal year in the present value of the executive's benefit under our tax-qualified cash balance pension plan, the Automatic Data Processing, Inc. Pension Retirement Plan, and our non-qualified supplemental retirement plan, the Supplemental Officers Retirement Plan ("SORP"). Our SORP was frozen as of July 1, 2019. Therefore, actual accrued SORP benefits will not change going forward. However, the Change in Pension Value disclosed in column (h) will fluctuate from year-to-year, reflecting annual changes in the underlying discount rates and mortality rates. There were no above-market or preferential earnings on nonqualified deferred compensation. The Pension Retirement Plan and the SORP provide benefits in the form of a lump sum and/or an annuity. We calculated the present value as of June 30, 2021 based on the Pri-2012 white collar mortality table (projected generationally using scale MP-2020), a 3.25% interest crediting rate for the pension retirement plan, and a 2.55% discount rate; the present value as of June 30, 2022 is based on the Pri-2012 white collar mortality table (projected generationally using scale MP-2021), a 3.25% interest crediting rate for the pension retirement plan, and a 4.60% discount rate; the present value as of June 30, 2023 is based on the Pri-2012 white collar mortality table (projected generationally using scale MP-2021) mortality table, a 3.50% interest crediting rate for the pension retirement plan, and a 5.10% discount rate; and the present value as of June 30, 2024 is based on the Pri-2012 white collar mortality table (projected generationally using scale MP-2021) mortality table, a 3.70% interest crediting rate for the pension retirement plan, and a 5.40% discount rate. During fiscal year 2024 and after transitioning to a non-employee director, Mr. Rodriguez elected a distribution of his Pension Retirement Plan balance, as reflected in the Pension Benefits for Fiscal Year 2024 table.

- (e) Personal travel on the company's aircraft with respect to Ms. Black, with an aggregate incremental cost incurred by the company of \$190,298. Pursuant to company policy as chief executive officer, Ms. Black is required to reimburse the company for the amount of aggregate incremental cost in excess of \$250,000 per fiscal year in connection with any personal use. Incremental cost is calculated by multiplying the personal flight time including empty aircraft positioning time, by the aircraft's hourly variable operating cost. Variable operating cost includes maintenance, fuel, cleaning, landing fees, flight fees, catering, and crew travel expenses, including hotels, meals and transportation. As executive chair, Mr. Rodriguez was also permitted to use the company's aircraft for personal travel. Pursuant to company policy as executive chair, Mr. Rodriguez reimbursed the company for the amount of aggregate incremental cost incurred by the company in connection with any personal use. Each executive is responsible for any income taxes related to personal use.
- (f) Amount paid by the company on behalf of the executives and their spouses or significant others who accompanied them in connection with company events sponsored by the company: Mr. McGuire, \$4,628; Mr. Ayala, \$6,355; and Mr. Bonarti, \$5,128.
- (g) For Mr. Rodriguez, includes payments in connection with his transition from executive chair to a non-employee director effective January 31, 2024, including: pro-rata fiscal year 2024 bonus of \$658,400; and \$15,528 received in accrued unused vacation pay at the time of his transition.

- (2) For Ms. Black, reflects the incremental cost to the company of tax-related payments associated with relocation benefits. For Mr. McGuire, reflects the incremental cost to the company of tax-related payments associated with his previous expatriate assignment in the United Kingdom that concluded at the end of fiscal year 2022. Tax payments are in accordance with the company's standard policies and available to all associates in the company's relocation program.

Compensation of Executive Officers

- (3) *Reflects matching charitable contributions made by the ADP Foundation in an amount not to exceed \$20,000 in a calendar year in respect of any given US-based named executive officer's charitable contributions for that calendar year. Amounts may exceed \$20,000 because, while matching charitable contributions are limited to \$20,000 in a calendar year, this table reflects matching charitable contributions for the fiscal year ended June 30, 2024. In addition, in fiscal year 2024, the ADP Foundation offered an additional match of up to a maximum of \$20,000 for any donations made on Giving Tuesday. For Mr. Rodriguez, the total includes a \$10,000 matching charitable contribution on a contribution he made as a non-employee director, which is also shown in the "Director Compensation Table for Fiscal Year 2024" under "Compensation of Non-Employee Directors" in this proxy statement.*

- (1) The grant dates shown in column (b) of the table were determined pursuant to FASB ASC Topic 718. The dates shown in column (bb) are the dates on which our compensation and management development committee set target award amounts under the PSU program and approved the RSU award amounts.
- (2) PSU refers to our performance-based stock unit awards granted under our 2018 Omnibus Award Plan. RSU refers to our time-based restricted stock unit awards granted under our 2018 Omnibus award plan.
- (3) No payouts will be made if actual performance is below threshold level.
- (4) We computed the grant date fair value of each PSU and RSU award shown in column (l) in accordance with FASB ASC Topic 718, disregarding estimates of forfeitures related to service-based vesting conditions. For additional information about the assumptions used in these calculations, see Note 10 to our audited consolidated financial statements for the fiscal year ending June 30, 2024 included in our annual report on Form 10-K for the fiscal year ended June 30, 2024.

Compensation of Executive Officers

- (5) *Consistent with the requirements of ASC Topic 718, the amount represents the third of three tranches of the PSU award that was granted in September 2021 for which the grant date fair value was established in September 2023. The units earned from this award will be paid out in September 2024. For Ms. Black and Messrs. Ayala and DeSilva, the amount also includes the third of three tranches of the PSU award that was granted in January 2022 (in light of their promotions), which had the same terms and conditions as the PSU award granted in September 2021. For these tranches, the grant date fair value was established in September 2023 and the units earned will be paid out in September 2024. For Mr. McGuire, the amount also includes the third of three tranches of the PSU award that was granted in October 2021 (in light of his promotion to CFO), which had the same terms and conditions as the PSU award granted in September 2021. For this tranche, the grant date fair value was established in September 2023 and the units earned will be paid out in September 2024.*
- (6) *Consistent with the requirements of ASC Topic 718, the amount represents the second of three tranches of the PSU award that was granted in September 2022 for which the grant date fair value was established in September 2023. This tranche has the same terms and conditions as the PSU award granted in September 2022, and the units earned from this award will be paid out in September 2025. For Ms. Black, the amount also includes the second of three tranches of the PSU award that was granted in January 2023 (in light of her promotion to CEO) for which the grant date fair value was established in September 2023. The units earned from this award will be paid out in September 2025.*
- (7) *Consistent with the requirements of ASC Topic 718, the amount represents the first of three tranches of the PSU award that was granted in September 2023 for which the grant date fair value was established in September 2023. The units earned from this award will be paid out in September 2026.*
- (8) *Mr. Rodriguez's bonus target is prorated to reflect service as executive chair during fiscal year 2024 through January 31, 2024.*

Restricted Stock Units/Performance Stock Units

We grant restricted stock units under our amended and restated 2018 Omnibus Award Plan ("2018 Omnibus Award Plan").

Restricted stock unit ("RSU") awards vest over periods determined by our compensation and management development committee (the "committee"). We also grant performance-based stock unit ("PSU") awards to our senior executives which vest based on financial objectives that are measured over a three-year performance cycle comprised of three one-year performance periods, subject to a relative total shareholder return modifier measured over the full three-year performance cycle. Recipients of RSU awards whose home country is the United States are entitled to receive dividend equivalents, payable in cash, in respect of all unvested RSUs. Recipients of PSU awards receive dividend equivalents with respect to the target number of shares of stock subject to the PSUs, from the grant date of the target award until the issuance date, and assuming all dividend equivalents were reinvested in ADP stock at the time regular dividends are paid. Such reinvested dividend equivalents are distributed only with respect to shares of

ADP stock that have been issued in connection with PSUs earned. We require that participants agree to be bound by a restrictive covenant containing non-compete, non-solicitation, and confidentiality obligations as a condition to the grant of RSUs and PSUs, as permitted by applicable law.

Awards of RSUs and PSUs may receive different vesting treatment outside the standard schedule for certain events as described below.

For RSUs:

- granted effective September 1, 2022, if, after reaching the first anniversary of the grant date, a participating senior executive's employment with the company is terminated due to retirement (defined as voluntary termination of employment at or after age 55 with 10 years of service), such senior executive will be entitled to continued vesting of the RSUs in accordance with the normal vesting schedule set forth in the applicable award agreement (or accelerated vesting on the termination date for senior executives with a home country outside the United States).

Compensation of Executive Officers

- granted effective September 1, 2023, if, after reaching January 1 of the fiscal year of the grant date, a participating senior executive's employment with the company is terminated due to retirement (defined as voluntary termination of employment at or after age 55 with 10 years of service), such senior executive will be entitled to continued vesting of the RSUs in accordance with the normal vesting schedule set forth in the applicable award agreement (or accelerated vesting on the termination date for senior executives with a home country outside the United States). If a participant's employment is terminated due to death or disability, vesting is accelerated on the termination date.

For PSUs:

- granted prior to September 1, 2023, if, after completion of the first measurement year of the three-year performance period, a participant's employment with the company is terminated prior to the expiration of the performance period due to death, disability or retirement (defined as voluntary termination of employment at or after age 65, or age 55 with 10 years of service), a participant will be entitled to receive a prorated portion (based on the number of completed months in the performance period through the date of termination of employment, divided by 36) of the PSUs earned for such performance period, with settlement of such PSUs (if any) occurring in accordance with the normal vesting schedule set forth in the applicable award agreement (which, in the case of death or disability, including any death or disability occurring after retirement, prorated PSUs earned will be subject to accelerated vesting and determined by assuming 100% achievement for each measurement year in the performance period not completed prior to the participant's death or disability, inclusive of the modifier metric).
- granted effective September 1, 2023, if, after reaching January 1 of the fiscal year of the grant date, a participant's employment with the company is

terminated prior to the expiration of the performance period due to retirement (defined as voluntary termination of employment at or after age 65, or age 55 with 10 years of service), a participant will be entitled to receive continued vesting of the PSUs, subject to adjustment based on actual performance achievement, with settlement of such PSUs (if any) occurring in accordance with the normal vesting schedule set forth in the applicable award agreement. If, after reaching January 1 of the fiscal year of the grant date, a participant's employment with the company is terminated prior to the expiration of the performance period due to death or disability (or if such participant's death or disability occurs after retirement), a participant will be entitled to receive on the date of such death or disability accelerated vesting of the PSUs earned for such performance period (assuming 100% achievement for each measurement year in the performance period not completed prior to the participant's death or disability, inclusive of the modifier metric).

Except as described above or as otherwise determined by the committee (or, in the case of PSUs, as specified in an applicable award agreement), the unvested portion of any RSUs and all outstanding PSUs, including any applicable dividend equivalents, are forfeited without consideration upon the participant's termination of employment.

RSU and PSU awards under our 2018 Omnibus Award Plan allow (or require, in cases of financial restatement under our Clawback Policy, as appropriate) the committee to cause a recipient's award to be forfeited, and to require the recipient to pay to the company any gain realized on the award, if the recipient engages in an activity that is in conflict with or adverse to the company's interests, including but not limited to fraud or conduct contributing to any financial restatements or irregularities, or if the recipient violates a restrictive covenant.

Stock Options

Starting with fiscal year 2023, we no longer grant stock options. Previously, we granted stock options under our 2018 Omnibus Award Plan with an exercise price equal to our closing stock price on the date of grant. Prior to

the approval of the 2018 Omnibus Award Plan by our stockholders in November 2018, we granted stock options under our previous amended and restated 2008 Omnibus Award Plan (the "Prior Plan").

Compensation of Executive Officers

No option may be exercised after the expiration of its ten-year term, and awards generally vest over a 4-year period. We require that participants agree to be bound by a restrictive covenant containing non-compete, non-solicitation, and confidentiality obligations as a condition to the grant, as permitted by applicable law.

Stock options granted under our 2018 Omnibus Award Plan become fully vested and exercisable upon the death or disability of an option holder who (i) is an active employee, (ii) satisfied the company's retirement criteria and retired on or after age 55 with 10 years of service ("Normal Retirement"), or (iii) retired in the previous twelve months on or after age 55 with between five and 10 years of service. Stock options will continue to vest following a Normal Retirement that occurs after the first anniversary of an option's grant date.

Vested options granted under our 2018 Omnibus Award Plan (and Prior Plan, as applicable) may generally be exercised for up to 60 days following an option holder's termination of employment with the company (or per past company practice, the severance end date, if later), provided that:

- option holders who retire on or after Normal Retirement will have 37 months following retirement (or per past company practice, the severance end date, if later) to exercise their vested options (subject to extension in the case of subsequent death);
- option holders who retire on or after age 55 with between five and 10 years of service will have 12 months following retirement (or per past company practice, the severance end date, if later) to exercise their vested options (subject to extension in the case of subsequent death);

- option holders who die or become disabled on or after eligibility for Normal Retirement will have 36 months following their death or disability to exercise their vested options (subject to extension in the case of subsequent death following a disability); and
- option holders who were not eligible for Normal Retirement on the date of death or disability will have 12 months following their death or disability to exercise their vested options (subject to extension in the case of subsequent death following a disability).

Stock option awards under our 2018 Omnibus Award Plan (and Prior Plan, as applicable) allow our committee to cause a recipient's award to be forfeited, and to require the recipient to pay to the company any option gain, if the recipient engages in an activity that is in conflict with or adverse to the company's interests, including but not limited to fraud or conduct contributing to any financial restatements or irregularities, or if the recipient violates a restrictive covenant.

- (2) *The amount shown for the PSU awards granted on September 1, 2022 and January 1, 2023 includes only units relating to two thirds of the full target award for which adjusted net income and revenue ex-ZMPT goals have been established, and reflects the number of units earned based on performance against the related goals for fiscal years 2023 and 2024. The amount shown for the PSU award granted on September 1, 2023 includes units relating to one third of the full target award for which adjusted net income and revenue ex-ZMPT goals have been established, and reflects the number of units earned based on performance against the related goals for fiscal year 2024. All amounts exclude accrued dividend equivalents. In each case, the amounts shown are subject to potential reduction based on our actual TSR performance over the entire three-fiscal-year period ending June 30, 2025 and June 30, 2026, respectively. In addition, the PSUs granted September 1, 2022, January 1, 2023, and September 1, 2023 are subject to a relative TSR modifier, which may increase or decrease the amounts earned based on performance against the S&P 500 for the three-fiscal-year period ending June 30, 2025 for the September 1, 2022 and January 1, 2023 PSU awards, and ending June 30, 2026 for the September 1, 2023 PSU award.*

- (1) Consists of the number of years of service credited as of June 30, 2024 for the purpose of determining benefit service under the applicable pension plan. Credited service is defined in the Supplemental Officers Retirement Plan as the number of months elapsed from the later of a participant's entry into the plan and January 1, 1989 and subject, in the case of vesting, to a schedule set forth in the Supplemental Officers Retirement Plan. Executives must be selected for participation in the Supplemental Officers Retirement Plan. Credited service under the Pension Retirement Plan is defined as elapsed time of employment with the company starting on January 1 following the completion of six months of service.
- (2) The Pension Retirement Plan and Supplemental Officers Retirement Plan provide benefits in the form of a lump sum and/or an annuity. We calculated a present value of the executive's benefit using an interest crediting rate, a discount rate and a mortality assumption. We calculated the actuarial present values of accumulated benefits as of June 30, 2024 under the Pension Retirement Plan and the Supplemental Officers Retirement Plan using the Pri-2012 white collar mortality table (projected generationally using scale MP-2021), a 3.70% interest crediting rate for the pension retirement plan, and a 5.40% discount rate.
- (3) Cash balances under the Pension Retirement Plan are included in the present values shown for the Pension Retirement Plan in column (d) and at June 30, 2024 are as follows: Ms. Black, \$249,015; Mr. Ayala, \$260,470; Mr. Bonarti, \$391,436; and Mr. DeSilva, \$168,006. Mr. Rodriguez elected a distribution of his full balance during fiscal year 2024, as reflected in column (e).
- (4) The present values of accumulated benefits for the Pension Retirement Plan and the Supplemental Officers Retirement Plan were determined based on the retirement at age of 65 (normal retirement age under these Plans).

Compensation of Executive Officers

Automatic Data Processing, Inc. Pension Retirement Plan

The Pension Retirement Plan ("Pension Retirement Plan") is a tax-qualified defined benefit plan covering U.S. employees of the company. The Pension Retirement Plan was closed to new participants as of January 2015 and was frozen as of July 1, 2020. Participants retained their accrued benefit as of June 30, 2020 with no future accruals due to pay and/or service. Accounts continue to earn interest based upon the ten-year U.S. Treasury constant maturity rates. A participant must have three years of service to receive any benefit.

Prior to the freeze, the company credited participants' notional accounts with annual contributions which were determined based upon base salary and years of service. The contributions ranged from 2.1% to 10% of base salary.

Compensation used to determine the benefits in any given year is limited to calendar year base salary up to the IRS compensation limit in effect for the plan year.

Effective as of July 1, 2020, the matching contribution under our 401(k) Plan for participants impacted by the Pension Retirement Plan freeze was increased to \$1.00 for every \$1.00 a participant contributes up to 6% of eligible pay. Previously, Pension Retirement Plan participants received a 401(k) matching contribution of up to \$.70 for every \$1.00 up to 6% of eligible pay. The compensation and management development committee approved these changes in 2020 to align our retirement programs to the market.

Supplemental Officers Retirement Plan

The company sponsors a Supplemental Officers Retirement Plan ("SORP"), which is a non-qualified defined benefit plan that pays a lump sum or an annuity upon retirement. Eligible participants include certain NEOs. Since July 1, 2019, the SORP has been frozen. Participants retain their accrued benefit as of June 30, 2019 with no future accruals due to pay and/or service. The SORP was previously closed to new entrants in January 2014. On August 14, 2008, our board of directors approved amendments to the SORP, which implemented changes to the SORP benefits formula and the early retirement factors, in each case, used for any active employee not already earning a benefit by January 1, 2008 or any participant who had not attained age 50 by January 1, 2009, as well as changes relating to the forms of benefit available for all current and future participants.

On November 10, 2009, our board of directors approved additional amendments effective January 1, 2010, to provide that for both benefit accrual and vesting credit, service will be determined based on the number of months elapsed from the later of a participant's entry into the plan and January 1, 1989, and subject, in the case of vesting, to a schedule set forth in the SORP, and also provide that effective after December 31, 2009, our chief executive officer would no longer be able to grant service credit in his/her discretion to SORP participants who are involuntarily terminated or who receive severance from the company.

All participants must have at least five years of service to receive any benefit under the SORP. After 10 years of service, a participant will qualify for the full annual benefit. We refer to the percentage of the benefit that has been earned by a participant as the "vested percentage." The vested percentage is determined using a schedule set forth in the SORP.

SORP benefits begin on the earliest of (i) the later of attainment of age 60 and the first day of the seventh month following separation from service, (ii) disability, and (iii) death. Participants can receive their benefits in the form of a single life annuity, a 25%, 50%, 75%, or 100% joint and survivor annuity with a beneficiary, or a ten-year certain and life annuity. Subject to rules required under Section 409A of the Internal Revenue Code, participants may generally also elect to have either 25% or 50% of their benefits paid in a single lump sum. A participant who terminates employment by reason of disability is eligible to receive an unreduced benefit payable as of the participant's termination. Upon the death of a participant, the participant's surviving spouse or other designated beneficiary is eligible to receive a 50% survivor benefit, payable as a life annuity or, if elected, a guaranteed payment for 120 months only.

Compensation of Executive Officers

The amount of the annual benefit is determined by multiplying the participant's final average annual pay by a factor of 2%, the number of years of service (up to 20 years), and the participant's vested percentage. For participants with more than 20 years of service only, added to that first amount will be an amount determined by multiplying the participant's final average annual pay by a factor of 1%, up to five additional years of service, and the participant's vested percentage.

Final average annual pay will be based on salary, bonuses, and incentive payment awards, excluding any stock-based awards. The maximum annual plan benefit that may be paid will be limited to 45% of a participant's final average annual pay. A participant whose benefit payments begin before

the first day of the month on or after the participant's 65th birthday will receive payments reduced at a rate of 4/12 of 1% per month for each month (up to 36 months) by which the participant's benefit commencement precedes the participant's 65th birthday, and, if applicable, further reduced at a rate of 5/12 of 1% for each month by which the benefit commencement precedes the participant's 62nd birthday.

If within 24 months after a participant's employment terminates he or she violates the non-competition provisions of any agreement such participant has entered into with the company, such participant will forfeit all of his or her benefits under the SORP.

Deferred Compensation Program

Under the ADP Deferred Compensation Plan, all U.S. executives of the company (including the NEOs) can defer all or a portion of their annual cash bonuses, which may be allocated to notional investments selected by the participant. Participants can choose to invest their notional account in any of the investment funds that mirror the investment options available in the company's 401(k) Plan. Deferrals made prior to 2015 could have been invested in a fixed income fund, which is adjusted each fiscal year, and was 4.50% for fiscal year 2024. The company does not match deferrals by the NEOs or otherwise contribute any amounts to their deferred compensation accounts.

Each participant has the option of making a onetime election changing the timing and/or the form of distributions from his or her account. Any such change must comply with the "redeferral rules" in effect under

Section 409A of the Internal Revenue Code and may be used only to delay the timing and/or change the number of payments to be received. Participants may elect to receive payments of their deferred funds either in a lump sum payment or in installments. However, in the event of death, disability, or termination of employment prior to age 65, or age 55 with 10 years of service, payments are made in a lump sum regardless of a participant's election. Deferred funds and the earnings on such deferrals made for fiscal year 2005 and later may be distributed to a participant following separation from service only after a six-month delay. Distributions are subject to federal, state, and local income taxes on both the principal amount and investment earnings at the ordinary income rate in the year in which such payments are made.

Executive Retirement Plan

The Automatic Data Processing, Inc. Executive Retirement Plan ("ERP") is a non-qualified defined contribution plan that provides supplemental retirement benefits in excess of amounts available under the company's other tax-qualified and non-qualified retirement plans. NEOs and other U.S. corporate officers of the company are eligible to participate in the ERP and are automatically enrolled. When our

SORP was frozen effective July 1, 2019, Messrs. Ayala, Bonarti and Rodriguez, who participated in the SORP, were automatically enrolled in the ERP.

The ERP provides an annual contribution equal to 8% of total salary and bonus, less any contributions provided in the same plan year by the company's other qualified and non-qualified retirement plans. Company contributions are

Compensation of Executive Officers

credited to a participant's account following the end of the applicable plan year. Participants can choose to invest their notional account in any of the investment funds that mirror the investment options available in the company's 401(k) Plan. A participant's account will be 100% vested after three years of continuous service with the company, or upon death or disability.

A participant will forfeit all of his or her benefits under the ERP if the participant's employment is terminated for cause or if, while employed, or within 24 months after a participant's employment terminates, he or she violates a non-competition, non-solicitation or non-disclosure provision of any agreement between the participant and the company.

Participants may elect to receive distributions from the ERP either in a lump sum payment or in annual installments. Each participant has the option of making a one-time election to change the form of distribution from his or her account. Any such change must comply with the rules in effect under Section 409A of the Internal Revenue Code. Contributions and earnings on such contributions are distributed to a participant following separation from service only after a six-month delay. However, in the event of death or if, upon separation from service a participant's account balance is less than \$50,000, payments are made in a lump sum regardless of a participant's election.

Canada Supplementary Excess Retirement Plan

The ADP Canada Co. Supplementary Excess Retirement Plan ("SERP") provides supplemental retirement benefits for individuals whose combined contributions under the Group Registered Retirement Savings Plan ("RRSP") in a plan year are capped due to Canada Revenue Agency RRSP salary limits. Executives (including corporate officers) of ADP Canada Co. are eligible to participate in the SERP and are automatically enrolled.

The SERP provides an annual contribution equal to 6% of total salary and bonus up to the annual salary limit. Company contributions are credited to a participant's notional account each pay period. Participants can choose to invest their notional account in any of the investment funds available in the Canada Group RRSP (provided the funds are permissible under a notional plan). A participant's account will be 100% vested after three months of continuous service with the company, or upon death or disability.

A participant's benefit will be distributed in a lump sum or, if the participant is over the age of 55 and the account balance is over C\$50,000, in annual installments. In addition, a participant may transfer all or a portion of the account balance to the Canada Group RRSP if contribution room is available.

Corporate officers in Canada are eligible to receive annually an additional 2% of total salary and bonus, without regards to the annual salary limit, to be deposited into the SERP notional account.

Mr. McGuire became a participant in the SERP in 2004. As a previous expatriate, he has not been eligible to participate in the Canada Group RRSP since January 1, 2009. Mr. McGuire became a corporate officer effective July 1, 2017. Effective July 1, 2022, Mr. McGuire officially transferred to the U.S. and is no longer eligible for the SERP. He is now a participant in the ERP discussed in the section above, effective July 1, 2022.

- (1) For Mr. DeSilva, column (b) excludes a deferral for the Deferred Compensation Plan of \$25,000 of the annual bonus earned in fiscal year 2024 (\$745,800), that is disclosed in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column and will be deposited in September 2024. The amounts listed in column (c) exclude company contributions earned during fiscal year 2024 for the Executive Retirement Plan that will be deposited in January 2025. These earned amounts are included in the fiscal year 2024 Summary Compensation Table, and can be referenced in footnote 1(b) of the All Other Compensation Table.
- (2) The earnings amounts are not reported as compensation in fiscal year 2024 in the Summary Compensation Table, as they do not represent above-market or preferential earnings on deferred compensation.
- (3) The amounts listed in column (f) reflect each NEO's aggregate balance at June 30, 2024, which is equal to the balance at June 30, 2023, increased by the NEO's actual contributions and earnings in fiscal year 2024. The following amounts were previously reported as compensation in the Summary Compensation Table for previous years for the Executive Retirement Plan: Ms. Black, \$607,903; Mr. McGuire, \$123,289; Mr. Ayala, \$431,314; Mr. Bonarti, \$85,183; Mr. DeSilva, \$63,248; and Mr. Rodriguez, \$1,075,944; for the Deferred Compensation Plan: Mr. DeSilva, \$20,000; and for the Canada Co. Supplementary Excess Retirement Plan: Mr. McGuire, \$163,963.
- (4) Mr. McGuire no longer participates in the ADP Canada Co. Supplementary Excess Retirement Plan as a U.S. based Officer, however his account balance remains active. Values have been converted to USD based on the average daily exchange rate for fiscal year 2024 of 0.738171 (CAD to USD).

Potential Payments to Named Executive Officers Upon Termination or Change in Control

Change in Control Severance Plan for Corporate Officers

We maintain the Automatic Data Processing, Inc. Change in Control Severance Plan for Corporate Officers, which provides for the payment of specified benefits to officers selected by the board of directors if their employment terminates under certain circumstances after a change in control of the company. All NEOs participate in the change in control plan. As of June 30, 2024, there were 25 eligible participants in the change in control plan.

The change in control plan provides that a participant who is involuntarily terminated by the company without cause or who leaves for good reason during the two-year period following the occurrence of a change in control will receive:

- A lump sum payment equal to 150% (or in the case of our chief executive officer, 200%) of such participant's current total annual compensation;
- Full vesting of his or her stock options;
- Full vesting of any restricted shares or units; and
- The number of shares the participant would have been entitled to receive under the then-ongoing performance-based equity programs had all applicable performance goals been achieved at 100% target rate.

A participant's current total annual compensation equals his or her highest rate of annual salary during the calendar year in which his or her employment terminates or the year immediately prior to the year of such termination, plus his or her average annual cash bonus compensation earned in respect of the two most recent calendar years immediately preceding the calendar year in which his or her employment terminates. Equity-based long-term incentives are excluded from the definition of total annual compensation.

The change in control plan defines "good reason" as the occurrence of any of the following events after a change in control without the participant's written consent:

- A material diminution in the participant's position, duties, responsibilities, or authority as of the date immediately prior to the change in control; or
- a reduction in a participant's base compensation or a failure to provide incentive compensation opportunities at least as favorable in the aggregate as those provided immediately prior to the change in control; or

- a failure to provide employee benefits at least as favorable in the aggregate as those provided immediately prior to the change in control; or
- a failure of any successor of the company to assume in writing the obligations under the change in control plan.

The change in control plan defines "cause" as:

- gross negligence or willful misconduct by a participant, which is materially injurious to the company, monetarily or otherwise;
- misappropriation or fraud with regard to the company or its assets;
- conviction of, or the pleading of guilty or nolo contendere to, a felony involving the assets or business of the company; or
- willful and continued failure to substantially perform one's duties after written notice by the board of directors.

The change in control payments potentially due to the NEOs are payable solely pursuant to the terms of the change in control plan and applicable terms of the award agreements.

A "change in control" will have occurred under the change in control plan if:

- any "person" (as defined in Section 3(a)(9) of the Securities Exchange Act of 1934, as amended), excluding the company, any subsidiary of the company, or any employee benefit plan sponsored or maintained by the company (including any trustee of any such plan acting in its capacity as trustee), becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act) of securities of the company representing 35% or more of the total combined voting power of the company's then-outstanding securities;
- there occurs a merger, consolidation, or other business combination of the company (a "transaction"), other than a transaction immediately following which the stockholders of the company, immediately prior to the transaction, continue to be the beneficial owners of securities of the resulting entity representing more than 60% of the voting power in the resulting entity, in

Potential Payments to Named Executive Officers Upon Termination or Change in Control

substantially the same proportions as their ownership of the company voting securities immediately prior to the transaction; or

- there occurs the sale of all or substantially all of the company's assets, other than a sale immediately following which the stockholders of the company immediately prior to the sale are the beneficial owners of securities of the purchasing entity representing more than 60% of the voting power in the purchasing entity, in substantially the same proportions as their ownership of the company voting securities immediately prior to the sale of assets.

The company will reduce payments under the change in control plan to avoid the application of excise taxes pursuant to Section 4999 of the Internal Revenue Code, unless the after-tax amount to be received by a participant without such a reduction would be greater than the after-tax amount that would be received after such reduction. All payments under the plan are conditioned upon the participant's execution of a release of claims in favor of the company.

Corporate Officer Severance Plan

Effective May 6, 2015, ADP adopted the Corporate Officer Severance Plan for purposes of involuntary terminations other than for cause in the absence of a change in control.

All NEOs participate in the severance plan. As of June 30, 2024, there were 25 eligible participants in the severance plan.

The severance plan provides that a participant who is involuntarily terminated by the company without cause (other than during the two-year period following the occurrence of a change in control) will receive:

- 18 (or in the case of the CEO, 24) months of continued base salary;
- A prorated annual bonus for the year of termination, based on actual performance for the full fiscal year, but assuming that any non-financial and other subjective and qualitative performance criteria are achieved at a level equal to the weighted-average percentage achievement of all applicable financial and other objective and non-qualitative performance criteria;
- Continued vesting of his or her stock options and time-vested restricted stock and restricted stock unit awards during the period of continued base salary payments (the "Severance Period"); and
- The number of shares of stock (or cash, in the case of cash-settled awards) that the participant would have been entitled to receive based on the actual achievement of the applicable performance goals in each of the

then-ongoing performance-based restricted stock and PSU programs, prorated to reflect the portion of the applicable performance period elapsed through the last day of the Severance Period.

The severance plan defines "cause" as:

- Failure to perform duties (other than due to physical or mental illness or injury), which failure amounts to an intentional and extended neglect of duties, to the extent not cured within 15 days following written notice;
- Engaging in conduct that is materially injurious to the company or an affiliate;
- Conviction of, or the pleading of guilty or nolo contendere to, a felony involving as a material element fraud or dishonesty; or
- The consistent failure to follow the lawful instructions of the board of directors or a direct superior, which failure amounts to an intentional and extended neglect of duties.

The severance payments potentially due to the NEOs are payable solely pursuant to the terms of the severance plan (other than if benefits are payable pursuant to the change in control plan).

Potential Payments to Named Executive Officers Upon Termination or Change in Control

Health Coverage

Certain executives, including the NEOs, who terminate employment with the company after they have attained age 55 and been credited with 10 years of service are

eligible to participate in the company’s executive retiree medical plan.

Deferred Compensation

Under the ADP Deferred Compensation Plan, all U.S. executives of the company (including the NEOs) can defer into a deferred compensation account all or a portion of their annual cash bonuses to be payable following

separation from the company. For a description of the ADP Deferred Compensation Plan and aggregate deferred compensation for our NEOs at June 30, 2024, see “Deferred Compensation Program” above.

Termination and Change in Control Tables

The following tables set forth the payments that each of our NEOs who were serving as executive officers as of June 30, 2024, would have received under various termination scenarios on June 30, 2024. Pension benefits, which are described under “Pension Benefits for Fiscal Year 2024” above, and deferred compensation balances, which are described under “Deferred Compensation Program” above, are not included in the tables below in accordance with applicable information statement disclosure requirements except to the extent of any incremental value payable in any of such termination scenarios. Pursuant to the company’s Corporate Officer Severance Plan, each of our NEOs

would also receive a prorated annual bonus for the year of termination, based on actual performance for the full fiscal year, in the event of an involuntary termination without cause prior to June 30, 2024. Please refer to page 84 in this proxy statement for a description of the Corporate Officer Severance Plan. With regard to the payments on a change in control, the amounts detailed below presume that (x) the change in control includes a change in control of the company and (y) each NEO’s employment was terminated by the company without cause or by the executive for good reason within two years following the change in control occurring on June 30, 2024.

- (2) Represents an amount equal to 1.5 times annual salary (\$600,000). In addition, Mr. DeSilva would receive a prorated bonus for fiscal year 2024, which upon a termination on June 30, 2024, would equal \$745,800, which is shown in the Summary Compensation Table for fiscal year 2024.
- (3) Amounts in the Termination Following Change In Control, Death, and Disability columns assume all unvested options immediately vested and were exercised on June 28, 2024, the last trading day of fiscal year 2024, when the closing price of a share of common stock of the company on the NASDAQ Global Select Market was \$238.69 per share. Amount in the Involuntary Termination Without Cause column assumes unvested options that would vest during the severance period (18 months) immediately vested and were exercised on June 28, 2024, the last trading day of fiscal year 2024, when the closing price of a share of common stock of the company on the NASDAQ Global Select Market was \$238.69 per share.
- (4) Amount in the Termination Following Change In Control column represents the vesting of RSU awards in full. Amount in the Death and Disability column represents the vesting of the September 1, 2023 RSU award in full. Amount in the Involuntary Termination Without Cause column represents the vesting of RSU awards for an additional 18 months.
- (5) Amount in the Termination Following Change In Control column represents amount attributable to the fiscal years 2023 and 2024 PSU programs assuming performance goals of these programs will be achieved at 100% target rate. Amounts in the Death and Disability columns represent the sum of (a) two thirds of the fiscal year 2023 PSU award based on performance goals achieved at 117% target rate for fiscal year 2023, at 111% target rate for fiscal year 2024, and an assumed achievement at target rate for fiscal year 2025 plus (b) the full fiscal year 2024 PSU award based on performance goals achieved at 111% target rate for fiscal year 2024 and an assumed achievement at target rate for fiscal years 2025 and 2026. Amount in the Involuntary Termination Without Cause column represents the sum of (x) the full fiscal year 2023 PSU award based on performance goals achieved at 117% target rate for fiscal year 2023, at 111% target rate for fiscal year 2024, and an assumed achievement at target rate for fiscal year 2025 plus (y) five sixths of the full fiscal year 2024 PSU award based on performance goals achieved at 111% target rate for fiscal year 2024 and an assumed achievement at target rate for fiscal years 2025 and 2026. The amount actually payable upon an involuntary termination without cause would be determined based on actual achievement of the performance goals under the fiscal years 2023 and 2024 PSU awards. All amounts include accrued dividend equivalents through June 30, 2024.

Potential Payments to Named Executive Officers Upon Termination or Change in Control

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL FOR CARLOS A. RODRIGUEZ

Mr. Rodriguez's last day of employment as executive chair with the company was January 31, 2024. Pursuant to the terms of the company's annual bonus plan, Mr. Rodriguez is eligible to receive a prorated annual bonus for fiscal year 2024 based on actual performance for the full fiscal year (\$658,400; which is shown in the All Other Compensation Table for fiscal year 2024). In addition, due to Mr. Rodriguez's continued service to the company in his capacity as a non-employee director, he will receive continued vesting of his stock options, RSU awards, and PSU awards (\$8,690,561 for stock options; \$4,489,998 for RSU awards; and \$18,144,116 for PSU awards); with PSUs subject to actual performance achievement of the applicable performance goals in each of the ongoing PSU programs. The preceding values for stock options, RSU, and PSU awards are based on the June 28, 2024 NASDAQ Global Select Market closing price of \$238.69 per share; and assumes all unvested options were exercised on June 28, 2024. Mr. Rodriguez also received \$15,528 in accrued unused vacation pay upon his transition from active employment as executive chair to a non-employee director.

CEO Pay Ratio

In accordance with the requirements set forth by the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Pay Ratio Rule"), we are providing the following information to disclose the annual compensation of our CEO, Ms. Black, compared to the annual compensation of the median associate of our workforce (not including Ms. Black). For fiscal year 2024, an estimate of this ratio is 241:1, and is based on Ms. Black's 2024 Summary Compensation Table total of \$15,866,785, and the 2024 total of our median associate of \$65,894.

To arrive at the ratio and calculate the median associate's compensation, we first identified our active global workforce as of April 1, 2024, inclusive of full-time, part-time, and temporary workers, which consisted of 65,111 associates (excluding our CEO). Consistent with permitted adjustments allowed under the Pay Ratio Rule, we then applied the de minimis exemption to exclude all associates in the Philippines (2,805), totaling 4.31% of the associate population. After applying the exemption, we ranked the remaining associate population based on annualized gross earnings, as reflected in our global payroll records, for the period covering April 1, 2023 through March 31, 2024. For associates located outside the home jurisdiction of our CEO, the United States, annualized gross earnings were converted to U.S. dollars using an average daily foreign exchange rate over the same time period. The median associate was then identified, and the associate's compensation was calculated using the same methodology

used to calculate the compensation of our named executive officers, as reflected in the Summary Compensation Table on page 65.

The SEC rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. We believe that our calculated ratios are reasonable estimates calculated in a manner consistent with the pay ratio disclosure requirements. The executive compensation philosophy and principles set forth on page 50 also underlie the company's overall compensation program for employees. Pay ratios reported by other companies, including those within our Peer Group and industry, may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

This information is being provided for the purposes of compliance with the pay ratio disclosure requirement. Neither the compensation and management development committee nor management of the company used the pay ratio measure in making compensation decisions.

Pay Versus Performance

In accordance with the requirements set forth by the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Pay vs. Performance rule"), the following illustrations provide the relationship between compensation actually paid ("CAP") to our Principal Executive Officer(s) ("PEO"), the average CAP to our NEOs other than our PEO(s) ("Other NEOs"), and the performance of certain financial measures. The manner of calculating CAP and the comparisons to financial performance measures reflected herein are done in compliance with the Pay vs. Performance rule and do not reflect compensation earned or targeted during the applicable fiscal years for our PEOs and Other NEOs.

This information is being provided for the purposes of compliance with the pay versus performance disclosure requirement. Neither the compensation and management development committee nor management of the company used the requirements set forth in the rule when making compensation decisions. For further information on how our compensation programs are evaluated and linked to company performance, please refer to our Compensation Discussion and Analysis on page 41.

- (1) The dollar amounts reported in columns (b) and (d) are the amounts of total compensation reported for our PEOs and the average of the amounts of total compensation reported for our Other NEOs in the "Total" column of the Summary Compensation Table as reported for each respective fiscal year. Our PEOs and Other NEOs for each fiscal year include the following:
 - 2024: Ms. Black as PEO; and Messrs. Ayala, Bonarti, DeSilva, McGuire, and Rodriguez as Other NEOs.
 - 2023: Mr. Rodriguez as first PEO and Ms. Black as second PEO; and Messrs. Ayala, Bonarti, DeSilva, McGuire, and Donald Weinstein as Other NEOs.
 - 2022: Mr. Rodriguez as PEO; and Ms. Black and Kathleen Winters, and Messrs. Ayala, McGuire, and Weinstein as Other NEOs.
 - 2021: Mr. Rodriguez as PEO; and Ms. Black and Kathleen Winters, and Messrs. Ayala and Weinstein as Other NEOs.
- (2) The dollar amounts reported in columns (c) and (e) represent "compensation actually paid" to our PEOs and the average of the "compensation actually paid" to our Other NEOs, and are calculated in accordance with SEC rules, with adjustments to the values reported in the Summary Compensation Table as set forth below in footnote 6. The fair values for stock and option awards are calculated in accordance with FASB ASC Topic 718 and include the application of actual performance achievement modifiers for performance-based stock awards as of the end of each respective fiscal year. Assumptions used for determining the fair values did not materially differ from those disclosed as of the original grant date.
- (3) Represents cumulative total shareholder return of a \$100 fixed investment in the company, and in the NASDAQ Dividend Achievers Select Index, respectively, beginning on June 30, 2020 and ending on June 30 of each respective fiscal year.
- (4) Reflects reported GAAP net income (net earnings) in the company's Statements of Consolidated Comprehensive Income on Form 10-K for fiscal years 2024, 2023, 2022, and 2021.
- (5) Our company selected measure is adjusted net income growth, which is the most heavily weighted performance metric in the long-term incentive compensation program. The impact of certain items are excluded from the final results of adjusted net income growth as approved by the compensation and management development committee and can be referenced on page 45 for fiscal year 2024. Our adjusted net income measure also excludes the impact of certain one-time charges and benefits reflecting specific items that are not fundamental to our underlying business operations. Refer to the table in Appendix A for further detail on these items and a reconciliation from net earnings to adjusted net income for fiscal years 2024, 2023, and 2022.

Financial Performance Measures Tabular List

The following table lists the financial performance measures, on an unranked basis, that we believe are most important in linking compensation actually paid to company performance for the most recently completed fiscal year.

Measure / Metric	Compensation Program
Revenue Growth	Annual Cash Bonus
New Business Bookings Growth	Annual Cash Bonus
Adjusted EBIT Growth ⁽¹⁾	Annual Cash Bonus
Adjusted Net Income Growth	Long-term Incentive (PSU)
Revenue ex-ZMPT Growth ⁽²⁾	Long-term Incentive (PSU)

1 Our adjusted EBIT measure excludes the impact of taxes, certain interest expense, certain interest income, and certain other items. We continue to include the interest income earned on investments associated with our client funds extended investment strategy and interest expense on borrowings related to our client funds extended investment strategy as we believe these amounts to be fundamental to the underlying operations of our business model. Refer to the table in Appendix A for a reconciliation from net earnings to adjusted EBIT for fiscal years 2024 and 2023.

2 Our revenue ex-ZMPT measure is a consolidated revenue growth measure that excludes the impact of zero-margin benefits pass-throughs. Importantly, the PSU revenue metric is not duplicative of the annual cash bonus plan revenue metric due to the exclusion of zero-margin benefits pass-throughs. Refer to the table in Appendix A for further detail on this item and a reconciliation from consolidated revenue to revenue ex-ZMPT for fiscal years 2024 and 2023.

Audit Committee Report

The audit committee oversees the financial management and financial reporting procedures of the company, and the appointment, compensation, retention and performance of the company's independent auditors, on behalf of the board of directors. A further description of the role and members of the audit committee is set forth on page 22 under "Audit Committee."

In fulfilling its oversight responsibilities, the committee reviewed and discussed the company's audited financial statements with management, which has primary responsibility for the preparation of the financial statements. In performing its review, the committee discussed the propriety of the application of accounting principles by the company, the reasonableness of significant judgments and estimates used in the preparation of the financial statements, and the clarity of disclosures in the financial statements. Management represented to the audit committee that the company's financial statements were prepared in accordance with generally accepted accounting principles. The committee also reviewed and discussed the company's audited financial statements with Deloitte & Touche LLP, an independent registered public accounting firm, the company's independent auditors for fiscal year 2024, which is responsible for expressing an opinion on the conformity of the company's financial statements with generally accepted accounting principles in the United States of America. Deloitte & Touche LLP conducted its audit in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB").

During the course of fiscal year 2024, management completed the documentation, testing and evaluation of the company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The audit committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the audit committee received periodic updates provided by management and Deloitte & Touche LLP at each audit committee meeting. At the conclusion of the process, management provided the audit committee with, and the audit committee reviewed, a report on the effectiveness of the company's internal control over financial reporting. The audit committee also reviewed the report of management contained in the annual report on Form 10-K for the fiscal year ended June 30, 2024 filed with the SEC, as well as Deloitte & Touche LLP's Report of Independent Registered Public Accounting Firm included in the annual report on Form 10-K for the fiscal year ended June 30, 2024 related to its integrated audit of the consolidated financial statements and financial statement schedule, including the matters identified by Deloitte & Touche LLP as critical audit matters, and the effectiveness of internal control over financial reporting. The audit committee continues to oversee the company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal year 2025.

The audit committee has discussed with Deloitte & Touche LLP the matters that are required to be discussed by PCAOB Auditing Standard 1301 (Communications with Audit Committees) and the SEC Rule 2-07. Deloitte & Touche LLP has provided to the committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding Deloitte & Touche LLP's communications with the audit committee concerning independence, and the committee discussed with Deloitte & Touche LLP, the firm's independence, including the matters in those written disclosures. The committee also discussed with Deloitte & Touche LLP the overall scope and plan for its audit and engagement. The committee considered whether Deloitte & Touche LLP's provision of non-audit services to the company and its affiliates and the fees and costs billed and expected to be billed by Deloitte & Touche LLP for those services impaired or compromised Deloitte & Touche LLP's independence and concluded that those services did not. The audit committee has discussed with the company's internal auditors and with Deloitte & Touche LLP, with and without management present, their respective evaluations of the company's internal accounting controls and the overall quality of the company's financial reporting.

The committee also discussed with management, and took into consideration when issuing this report, the Auditor Independence Policy, which prohibits the company or any of its affiliates from entering into most non-audit related consulting arrangements with its independent auditors. The Auditor Independence Policy is discussed in further detail below under "Independent Registered Public Accounting Firm's Fees."

Audit Committee Report

In addition, in accordance with SEC and PCAOB rules, independent audit partners are subject to rotation requirements limiting their number of consecutive years of service to no more than five. In connection with the completion of the company's fiscal year 2020 audit, the lead audit partner from Deloitte & Touche LLP rotated, effective beginning for fiscal year 2021, and is expected to serve in this capacity through the completion of the fiscal year 2025 audit. The process for selecting the company's lead audit partner included company management and the committee chair interviewing and vetting the candidates put forth by our independent auditor, with consultation by the full committee in connection with the final selection of the lead audit partner. The audit committee believes there are benefits to having an independent auditor with an extensive history with ADP including higher-quality audit work and accounting advice due to Deloitte & Touche LLP's institutional knowledge of the company's business and operations, accounting policies and financial systems, and internal control framework, as well as operational efficiencies and a competitive fee structure because of the firm's familiarity with ADP's business.

In addition to independence, in determining whether to reappoint Deloitte & Touche LLP as the company's independent registered public accounting firm, the audit committee took into consideration a number of factors, including:

- the breadth of experience and length of time Deloitte & Touche LLP has been engaged;
- historical and recent performance on the company's audit;
- familiarity with our global operations and business;
- the advisability and potential impact of selecting an entirely different and unaffiliated independent registered public accounting firm;
- external data relating to audit quality and performance, including PCAOB inspection results on Deloitte & Touche LLP;
- Deloitte & Touche LLP's internal quality controls;
- the appropriateness of Deloitte & Touche LLP's fees; and
- an assessment of the professional qualifications and past performance of the lead audit partner and auditing team of Deloitte & Touche LLP.

Based on the considerations referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in our annual report on Form 10-K for the fiscal year ended June 30, 2024. In addition, the committee concluded that the appointment of Deloitte & Touche LLP is in the best interest of the company and its stockholders, and appointed Deloitte & Touche LLP as the independent auditors for the company for the fiscal year 2025, subject to the ratification by the stockholders at the 2024 Annual Meeting of Stockholders.

Independent Registered Public Accounting Firm's Fees

In addition to retaining Deloitte & Touche LLP to audit the consolidated financial statements for fiscal year 2024 and fiscal year 2023, the audit committee retained Deloitte & Touche LLP to provide various services in fiscal year 2024

and fiscal year 2023. The aggregate fees billed by Deloitte & Touche LLP for fiscal year 2024 and fiscal year 2023 for these various services were:

Type of Fees	FY 2024	FY 2023
	(\$ in thousands)	
Audit Fees	\$10,087	\$9,852
Audit-Related Fees	209	37
Tax Fees	73	354
All Other Fees	2	2
Total	\$10,371	\$10,245

In the above table, in accordance with the SEC definitions, "audit fees" are fees we paid Deloitte & Touche LLP for professional services for the audit of the company's consolidated financial statements included in our annual report on Form 10-K and review of financial statements included in our quarterly reports on Form 10-Q, services that are normally provided by Deloitte & Touche LLP in connection with statutory and regulatory filings or engagements or any other services performed by Deloitte & Touche LLP to comply with generally accepted auditing standards.

"Audit-related fees" are fees billed by Deloitte & Touche LLP for assurance and related services that are typically performed by the independent public accountant (e.g., due diligence services, employee benefit plan audits and internal control reviews). For fiscal years 2024 and 2023, "audit-related fees" include audit services rendered in connection with certain transactional activity and due diligence procedures, as well as certain benefit plan and trust audits.

"Tax fees" are fees for tax compliance, tax advice and tax planning. "All other fees" are fees billed by Deloitte & Touche LLP to the company for any services not included in the first three categories. For fiscal year 2024, Deloitte's accounting research tool subscription is included in the "All Other Fees" category.

The board of directors has adopted an auditor independence policy that prohibits our independent auditors from providing:

- bookkeeping or other services related to the accounting records or financial statements of the company;
- financial information systems design and implementation services;

- appraisal or valuation services, fairness opinions or contribution-in-kind reports;
- actuarial services;
- internal audit outsourcing services;
- management functions or human resources services;
- broker or dealer, investment adviser or investment banking services;
- legal services and expert services unrelated to the audit; and
- any other service that the Public Company Accounting Oversight Board or the Securities and Exchange Commission determines, by regulation, is impermissible.

The audit committee has adopted a policy requiring that all audit, audit-related and non-audit services be pre-approved by the audit committee. All services provided to us by the independent auditors in fiscal year 2024 and fiscal year 2023 were pre-approved by the audit committee. The independent auditors may only perform non-prohibited non-audit services that have been specifically approved in advance by the audit committee, regardless of the dollar value of the services to be provided. In addition, before the audit committee will consider granting its approval, the company's management must have determined that such specific non-prohibited non-audit services can be best performed by the independent auditors based on its in-depth knowledge of our business, processes and policies. The audit committee, as part of its approval process, considers the potential impact of any proposed work on the independent auditors' independence.

Proposal 3

Appointment of Independent Registered Public Accounting Firm

At the 2024 Annual Meeting, stockholders will vote on the ratification of the appointment by the audit committee of Deloitte & Touche LLP, as the independent registered public accounting firm to audit the accounts of the company and its subsidiaries for the fiscal year that began on July 1, 2024. Deloitte & Touche LLP has served as our independent auditor since 1968. Deloitte & Touche LLP is a member of the SEC Practice Section of the American Institute of Certified Public Accountants. A representative of Deloitte & Touche LLP will be present at the Annual Meeting and will have an opportunity to make a statement if he or she desires. He or she will be available to answer appropriate questions.

Stockholder Approval Required

The affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote thereon at the meeting of stockholders is required to ratify Deloitte & Touche LLP's appointment as the company's independent auditors for fiscal year 2025. Brokers have the authority to vote shares for which their customers did not provide voting instructions on the ratification of the appointment of Deloitte & Touche LLP.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL YEAR 2025.

Stockholder Proposals and Nominations

If a stockholder intends to submit any proposal for inclusion in the company's proxy statement for the company's 2025 Annual Meeting of Stockholders in accordance with Rule 14a-8 under the Exchange Act, the proposal must be received by the corporate secretary of the company no later than May 22, 2025.

To be eligible to submit such a proposal for inclusion in the company's proxy materials for an annual meeting, the proposal must meet the requirements of the rules of the SEC relating to stockholders' proposals, including Rule 14a-8, which sets forth certain threshold and holding requirements, the permissible number and length of proposals, and other matters, including the circumstances in which the company is permitted to exclude proposals.

Advance Notice

Separate from the requirements of Rule 14a-8, relating to the inclusion of a stockholder proposal in the company's proxy statement, the company's amended and restated by-laws require advance notice for a stockholder to bring nominations of directors (other than a proxy access nomination, which is described below) or any other business to be considered at any annual meeting of stockholders. Specifically, our amended and restated by-laws require that stockholders wishing to nominate candidates for election as directors or propose any other business to be considered at our 2025 Annual Meeting of Stockholders must notify the company of their intent in a written notice delivered to the company in care of the company's corporate secretary at our principal executive offices not less than 90 nor more than 120 days before the first anniversary of the date of the 2024 Annual Meeting of Stockholders, or November 6, 2025.

As a result, in order for the notice given by a stockholder to comply with our amended and restated by-laws, it must be received no earlier than July 9, 2025, and no later than

August 8, 2025, unless the date of our 2025 Annual Meeting of Stockholders occurs more than 30 days before or 60 days after the first anniversary of the 2024 Annual Meeting of Stockholders. In that case, our amended and restated by-laws provide that we must receive the notice no earlier than the 120th day prior to the date of the 2025 Annual Meeting of Stockholders and no later than the 90th day prior to the date of the 2025 Annual Meeting of Stockholders or the tenth day following the day on which we first make a public announcement of the date of the 2025 Annual Meeting of Stockholders, whichever is later.

Additionally, stockholders who intend to solicit proxies in support of director nominees other than the company's nominees must comply with applicable Exchange Act requirements, including providing notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than September 7, 2025.

Proxy Access

Our by-laws have proxy access provisions that permit a stockholder, or a group of up to twenty stockholders that owns 3% or more of our stock continuously for at least three years, to nominate and include in our proxy materials candidates for election as directors. Such stockholder or group may nominate up to the greater of two individuals or 20% of our board of directors, provided that the stockholder or group and the nominee(s) satisfy the requirements specified in our by-laws. In order to be properly brought before the 2025 Annual Meeting of Stockholders, a stockholder's notice of nomination of one or more director candidates pursuant to the proxy access provisions of our amended and restated by-laws must be received by the company's corporate secretary by no earlier than April 22, 2025 and no later than May 22, 2025 (i.e., no earlier than

the 150th day and no later than the 120th day prior to the first anniversary of the date our definitive proxy statement was first released to stockholders in connection with the preceding year's annual meeting of stockholders), unless the date of our 2025 Annual Meeting of Stockholders occurs more than 30 days before or 60 days after the first anniversary of the 2024 Annual Meeting of Stockholders. In that case, our amended and restated by-laws provide that we must receive the notice no earlier than the 180th day prior to the date of the 2025 Annual Meeting of Stockholders and no later than the 90th day prior to the date of the 2025 Annual Meeting of Stockholders or the tenth day following the day on which we first make a public announcement of the date of the 2025 Annual Meeting of Stockholders, whichever is later.

Stockholder Proposals and Nominations

Stockholder's Notice

To be in proper form, a stockholder's notice must also include the specified information and comply with other requirements described in our amended and restated by-laws. Stockholders wishing to submit recommendations for director candidates to the board may send each candidate's name and other relevant information for the nominating/corporate governance committee's consideration in care of the company's corporate secretary at our principal executive offices. Our nominating/corporate governance committee is responsible for reviewing the qualifications of any such person submitted to be considered as a member of the board by any stockholder or otherwise and will consider and evaluate nominees proposed by stockholders in the same manner as a nominee recommended by another board member, management, search firm, or any other source. Nominations pursuant to advance notice should be in accordance with the informational and

other requirements described under Section 2.04 of the company's amended and restated by-laws. Nominations pursuant to proxy access should be in accordance with the informational and other requirements described under Sections 2.04 and 2.05 of the company's amended and restated by-laws.

You may contact our corporate secretary at our principal executive offices for a copy of the relevant by-law provisions regarding the requirements for making stockholder proposals and nominating director candidates pursuant to advance notice or proxy access.

If a stockholder's nomination or proposal is not in compliance with the requirements set forth in our amended and restated by-laws, the company may disregard such nomination or proposal.

Electronic Delivery of Future Stockholder Communications

If you receive this proxy statement and our annual report on Form 10-K for the fiscal year ended June 30, 2024 by mail, we strongly encourage you to elect to view future proxy statements and annual reports over the Internet and save the company the cost of producing and mailing these documents. If you vote your shares over the Internet this year, you will be given the opportunity to choose electronic access at the time you vote. You can also view these documents by visiting the “Investors” section of our website at www.adp.com, or choose electronic access by following the instructions that you will receive in connection with next year’s annual meeting of stockholders. Stockholders who choose electronic access this year will receive a communication next year containing the Internet address to use to access the proxy statement and annual report on Form 10-K. Your choice will remain in effect until you cancel it. You do not have to elect Internet access each year.

Reconciliation of GAAP and Non-GAAP Information

Refer to the table below for a reconciliation from net earnings to adjusted EBIT for fiscal years 2024 and 2023. Our adjusted EBIT measure excludes the impact of taxes, certain interest expense and interest income, transformation initiatives, legal settlements, and workforce optimization. We include the interest income earned on investments associated with our client funds extended investment strategy and interest expense on borrowings related to our client funds extended investment strategy as we believe these amounts to be fundamental to the underlying operations of our business model. The adjustments in the table below represent the interest income and interest expense that are not related to our client funds extended investment strategy and are labeled as "All other interest expense" and "All other interest income." In addition to the table below, our Annual Cash Bonus Plan Results (as reflected on page 44 of our CD&A) exclude the impact of foreign currency fluctuations in excess of the fluctuations assumed in the target.

(amounts in millions USD)	Twelve Months Ended June 30,	
	2024	2023
Net earnings	\$3,752.0	\$3,412.0

Reconciliation of GAAP and Non-GAAP Information

- (a) *In fiscal 2024, the charges include consulting costs relating to our company-wide transformation initiatives.*
- (b) *Represents reserve reversal of a legal matter from fiscal 2023.*
- (c) *The charges relating to workforce optimization represent severance charges. Severance charges have been taken in the past and not included as an adjustment to get to adjusted results. Unlike severance charges in prior periods, these specific charges relate to a broad-based, company-wide workforce optimization effort.*
- (d) *The income tax (benefit)/provision was calculated based on the marginal tax rate in effect for the year ended June 30, 2024.*

Refer to the table below for a reconciliation from consolidated revenue to revenue excluding zero-margin benefits pass-throughs ("ex-ZMPT") for fiscal years 2024 and 2023. Our revenue ex-ZMPT measure is a consolidated revenue growth measure that excludes the impact of zero-margin benefits pass-throughs. In addition to the table below, our PSU Program Results for revenue ex-ZMPT growth (as reflected on page 45 of our CD&A) exclude the impacts of foreign currency fluctuations in excess of the fluctuations assumed in the target and the first-year impact of business acquisitions.

(amounts in millions USD)	Twelve Months Ended June 30,	
	2024	2023
Total ADP revenues	\$19,202.6	\$18,012.2
Less: PEO zero-margin benefits pass-throughs	3,975.9	3,800.9
Total ADP revenues excluding zero-margin benefits pass-throughs	\$15,226.7	\$14,211.3

We believe that the exclusion of the identified items helps us reflect the fundamentals of our underlying business model and analyze results against our expectations and against prior period, and to plan for future periods by focusing on our underlying operations. We believe that the adjusted results provide relevant and useful information for investors because it allows investors to view performance in a manner similar to the method used by management and improves their ability to understand and assess our operating performance. The nature of these exclusions is for specific items that are not fundamental to our underlying business operations. Since these adjusted financial measures and other non-GAAP metrics are not measures of performance calculated in accordance with U.S. GAAP, they should not be considered in isolation from, as a substitute for, or superior to their corresponding U.S. GAAP measures, and they may not be comparable to similarly titled measures at other companies.
