**Re: AES Corporation**  
**Form 10-K for the Fiscal Year Ended December 31, 2008**  
**Filed February 26, 2009**  
**File No. 1-12291**

Dear Mr. Hanrahan:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as a state sponsor of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comment or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note from disclosure throughout your 10-K that you conduct operations in Latin America, Africa and the Middle East. Iran and Syria located in the Middle East, Sudan, located in Africa, and Cuba, alternatively viewed as encompassed by references to the Caribbean or to Latin America, are identified by the State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. We note that your Form 10-K does not include disclosure regarding contacts with, Iran, Syria, Sudan or Cuba. Please describe to us the nature and extent of your past, current, and anticipated contacts with the referenced countries, if any, whether through subsidiaries, resellers, retailers,

distributors, or other direct or indirect arrangements. Your response should describe any services, products, equipment, components and technology you have provided to those countries and any agreements, commercial arrangements, or other contacts you have had with the governments of those countries or entities controlled by those governments.

In this regard, we note specifically a June 2003 news article discussing the liquefied natural gas industry which states that British Petroleum has a deal to provide you with LNG, that you were looking at building a terminal in Honduras and that “other potential Western Hemisphere markets are Brazil, Cuba and Jamaica. Please clarify whether you conduct any operations in Cuba.

We also note a May 2009 news article discussing your AES Oasis joint venture which is co-owned by Bahrain’s IDB Infrastructure Fund, an arm of the Islamic Development Bank. The Islamic Development Bank is made up of member countries including Iran and Sudan, and has made numerous loans to the governments of Iran, Syria and Sudan and to companies in Iran, Syria and Sudan. Please tell us whether IDB Infrastructure Fund conducts any operations or had any contacts with Iran, Syria or Sudan through the AES Oasis joint venture.

Please respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit your response letter on EDGAR.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filings include all information required under the Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to the company’s disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filings; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
