PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Progress Software Corporation (the “Company”) of proxies for use at the 2003 Annual Meeting of Shareholders (the “2003 Annual Meeting”) to be held on April 24, 2003, at 10:00 A.M., local time, at the principal executive offices of the Company, 14 Oak Park, Bedford, Massachusetts 01730. It is anticipated that this Proxy Statement and the accompanying form of proxy will first be mailed to shareholders on or about March 24, 2003.

At the 2003 Annual Meeting, the shareholders of the Company will be asked to consider and vote upon the following matters:

1. To fix the number of directors constituting the full Board of Directors of the Company at six;
2. To consider and vote upon the election of six directors;
3. To transact such other business as may properly come before the meeting and any adjournment thereof.

The information contained in the “Audit Committee Report” on pages 10 and 11, the “Compensation Committee Report” on pages 12 and 13 and the “Stock Performance Graph” on page 14 shall not be deemed “filed” with the Securities and Exchange Commission (the “Commission”) or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended.

VOTING PROCEDURES

Only holders of record of Common Stock outstanding at the close of business on February 27, 2003 are entitled to vote at the 2003 Annual Meeting and any adjournment thereof. As of that date, there were 33,357,314 shares outstanding and entitled to vote. Each outstanding share entitles the holder to one vote on any proposal presented at the meeting.

Any shareholder who has given a proxy may revoke it at any time prior to its exercise at the 2003 Annual Meeting by giving written notice of such revocation to the Clerk of the Company, by signing and duly delivering a proxy bearing a later date or by attending and voting in person at the 2003 Annual Meeting. Duly executed proxies received and not revoked prior to the meeting will be voted in accordance with the instructions indicated in the proxy. If no instructions are indicated, such proxies will be voted FOR the proposal to fix the number of directors constituting the full Board of Directors at six, FOR the election of the nominees for director named in the proxy and in the discretion of the proxies as to other matters that may properly come before the 2003 Annual Meeting.

Votes withheld from any nominee for election as director, abstentions and broker “non-votes” will be counted as present or represented at the meeting for purposes of determining the presence or absence of a quorum for the meeting. A broker “non-vote” occurs when a broker or other nominee who holds shares for a beneficial owner withholds its vote on a particular proposal with respect to which it does not have discretionary voting power or instructions from the beneficial owner. Abstentions and broker “non-votes” with respect to a proposal are not included in calculating the number of votes cast on the proposal and therefore do not have the effect of voting against the proposal. An automated system administered by the Company’s transfer agent tabulates the votes.

The Board of Directors of the Company knows of no other matters to be presented at the meeting. If any other matter should be presented at the meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted in accordance with the judgment of the persons named as proxies.

ELECTION OF DIRECTORS

The Company's by-laws provide for a Board of Directors, the number of which shall be fixed from time to time by the shareholders of the Company, and may be enlarged or reduced by vote of a majority of the Board of Directors. Currently the Board of Directors is comprised of seven members. The Board of Directors has recommended that the number of directors be fixed at six and has nominated for election as directors Joseph W. Alsop, Larry R. Harris, Roger J. Heinen, Jr., Michael L. Mark, Scott A. McGregor and Amram Rasiel, each of whom is currently a director of the Company. The term of office of Arthur J. Marks, who is currently a director of the Company, will expire at the 2003 Annual Meeting. Mr. Marks has advised the Company that he does not intend to stand for reelection as director. Each director elected at the 2003 Annual Meeting will hold office until the next Annual Meeting of Shareholders or special meeting in lieu thereof and until his successor has been duly elected and qualified, or until his earlier death, resignation or removal. There are no family relationships among any of the executive officers or directors of the Company.

Each of the nominees has agreed to serve as a director if elected, and the Company has no reason to believe that any nominee will be unable to serve. In the event that one or more nominees should become unwilling or unable to serve, however, the persons named in the enclosed proxy will vote shares represented by proxy for such other person or persons as may thereafter be nominated for director by the Board of Directors of the Company.

If a quorum is present at the meeting, a majority of the votes properly cast will be required to fix the number of directors at six and a plurality of the votes properly cast will be required to elect a nominee to the office of director.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of the Compensation Committee of the Company's Board of Directors are Arthur J. Marks and Scott A. McGregor. Neither of them is or has ever been an officer or employee of the Company or of any of its subsidiaries. No member of the Compensation Committee is a party to any relationship required to be disclosed under Item 402 or Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission.

COMPENSATION COMMITTEE REPORT

The Company's executive compensation program is established by the Compensation Committee. The Company's philosophy is to reward executives based upon corporate and individual performance as well as to provide long-term incentives for the achievement of future financial and strategic goals. These goals include growth of the Company, defined primarily in terms of growth in revenue and earnings per share. It is also the Company's philosophy to base a significant portion of the executive's total compensation opportunity on performance incentives consistent with the scope and level of the executive's responsibilities.

The executive compensation program for fiscal 2002 consisted of the following three elements: (1) base salary; (2) incentive compensation in the form of annual cash bonus awards earned under the Company's Fiscal 2002 Bonus Program for Executives and Key Contributors (the "2002 Bonus Program"); and (3) equity-based long-term incentive compensation in the form of stock options. The Compensation Committee believes that executive compensation should be aligned with long-term shareholder value. Therefore, the elements of the executive compensation program are weighted such that the equity-based long-term element is potentially the most rewarding element. All elements of the executive compensation program are designed to be competitive with those of comparable technology companies. A further explanation of the elements of the executive compensation program as they relate to the CEO is provided below.

Total cash compensation is comprised of base salary and annual bonus. Base salary increases for fiscal 2002 were based upon individual and departmental contribution and performance. The 2002 Bonus Program was established by the Compensation Committee and approved by the Board of Directors. For each participant, the 2002 Bonus Program provided for a specified payment as a percentage of base salary depending on the attainment of targeted growth levels for revenue and earnings per share. The target growth levels are approved by the Board of Directors. If the Company achieves 100% of its revenue and earnings per share targets, 100% of the specified bonus is paid. More or less than 100% of the specified bonus may be paid depending on the Company's level of achievement and the Compensation Committee's assessment of the Company's strength, stability and strategic position, as well as individual contribution. Bonus awards paid in fiscal 2002 were based upon the Company's revenue achievement, earnings per share and the Compensation Committee's assessment of the Company's strength, stability and strategic position.

Total cash compensation received by Mr. Alsop increased for fiscal year 2002 compared to fiscal year 2001 by 21.3%. Mr. Alsop's increase in fiscal 2002 total cash compensation was entirely due to a higher payout of cash bonus. Mr. Alsop's bonus was based on fiscal 2002 Company accomplishments as compared to target objectives as described above. Base salary for Mr. Alsop remained the same during fiscal year 2002 as compared to fiscal year 2001.

Long-term incentive compensation, in the form of stock options, is intended to correlate executive compensation with the Company's long-term success as measured by the Company's stock price. Stock options are tied to the future success of the Company because options granted have an exercise price equal to the closing market value at the date of the grant and will only provide value to the extent that the price of the Company's stock increases above the exercise price. Since options granted generally vest monthly over a five-

year period, option participants are encouraged to continue employment with the Company. Based on the foregoing considerations, during fiscal 2002, Mr. Alsop and the other Named Executive Officers received grants of stock options as disclosed in the Option Grant Table on page 9.

The Compensation Committee approved a discretionary matching contribution to the 401(k) Plan for fiscal 2002, representing up to 6% of each eligible employee's calendar year compensation, including base salary, commissions and bonus, depending on the employee's length of service with the Company and the employee's contribution level. The Named Executive Officers also received such a contribution, except that, due to limitations imposed on 401(k) matching contributions to higher-paid individuals under federal tax law, a portion of the contributions that otherwise would have been received by Mr. Alsop and the other Named Executive Officers disclosed in the Summary Compensation Table, pursuant to the 401(k) Plan were instead paid directly to such individuals. All such amounts are disclosed under "Other Compensation" in the Summary Compensation Table on pages 7 and 8.

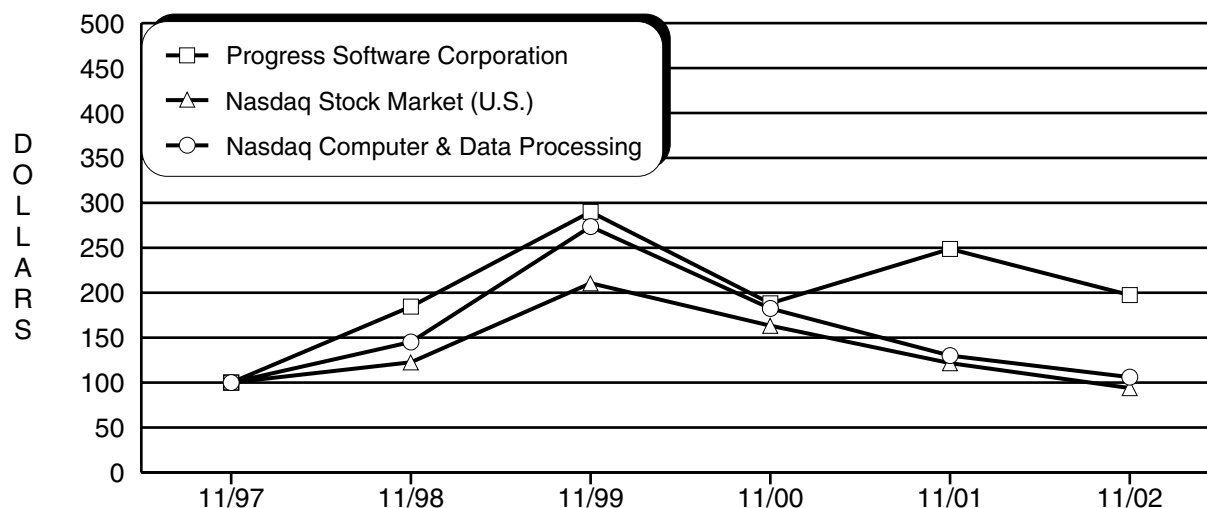

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") imposes an annual limit of \$1,000,000 on tax deductions that an employer may claim for compensation of certain executives. Section 162(m) of the Code provides exceptions to the deduction limitation for "performance-based" compensation, and it is the intent of the Compensation Committee to take advantage of such exceptions to the extent feasible and in the best interests of the Company.
