Re: Quadrant 4 System Corporation
Form 10-K for Fiscal Year Ended December 31, 2014
Filed August 21, 2015
File No. 033-42498

Dear Mr. Desai:

We have reviewed your filing and have the following comments. Please comply with the comments in future filings. Confirm in writing that you will do so and explain to us how you intend to comply. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to these comment within ten business days by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

After reviewing your response, we may have additional comments.

Business, page 3

1. In future filings, please revise your Business disclosure throughout to clarify the nature of the services you offer. In particular, explain in greater depth the services you identify as QHIX, QBLITZ, and QEDX. Much of your current disclosure in those three sections discusses the technical needs of the respective industries but does not clearly explain what services your company offers and how your service address the needs of that industry. You should consider including case studies to illustrate your technology platforms and the core services that you provide to your customers.
2. Revise in future filings to clarify the significance of each of your services. For example, you describe your company on page 3 as “a leading provider of cloud based Platform-as-a-Service (PaaS) and Software-as-a-Service (SaaS) to the health insurance, media and education verticals.” However, your later discussion focuses on PaaS and says very little about SaaS, suggesting that it is not an important part of your business at present.

Moreover, remarks by CFO Dhru Desai in the earnings call for the 3rd quarter of 2015 indicate that you are currently deemphasizing your media business in favor of healthcare and education.

3. We also note that revenues for 2014 were mostly derived from consulting, projects, and managed services, and that you expect to begin delivering material revenues from your SaaS and PaaS segments in 2015. However, it is not clear from the MD&A in your Form 10-Q for the third quarter to what extent such revenues are expected to be material. Please revise in future filings to clarify the significance of your SaaS and PaaS segments to your bottom line.
4. Tell us your basis for identifying your company as “a leading provider of cloud based Platforms-as-a-Service (PaaS) and Software-as-a-Service (SaaS) products.”

Risk Factors, page 9

5. In future filings, please revise to expand your risk factors that highlight the potential impact of a failure to maintain effective internal controls to address the actual negative effect of the ineffectiveness of your internal control over financial reporting and your disclosure controls and procedures.

Notes to the Consolidated Financial Statements

Note 2 – Summary of Significant Accounting Policies

Revenue Recognition, page F-9

6. Please provide additional information about your revenue recognition accounting policy, specifically, please address the following:
 - Please tell us the nature of project revenue and the accounting methodology you utilize for revenue earned from projects.
 - We note revenue related to projects is recognized when the client “acknowledges or accepts” delivery of the deliverables. Please tell us the meaning of “acknowledges” and clarify the distinction between “acknowledges” and “accepts” in your revenue recognition policy.
 - We note you recognize hosting revenue in the beginning of the service period. Please tell us how this meets the revenue recognition criteria.
 - We note you recognize platform revenue based on the “starting and ending average of the billing period”. Please tell us the meaning of this disclosure and tell us how this policy meets the revenue recognition criteria.
7. Please tell us why you have not provided disaggregated revenue for each group of similar products and services as outlined in FASB ASC 280-10-50-40.

Exhibits, page 33

8. Please note that your exhibit index should clearly identify the location of any previously filed, required exhibits pursuant to Item 601(a)(2) of Regulation S-K. For example, the previous filing that contains your Articles of Incorporation should be identified and listed in the exhibit index. Revise in future filings.
