Grodsky Associates, Inc.
Notes To Financial Statements
December 31, 2022

1 Organization and Nature of Business

Grodsky Associates, Inc. (the Company) is a privately held corporation formed in New Jersey 1991 for the purpose of conducting business as a securities broker dealer. The Company is registered with the SEC and is a member of the Financial Industry Regulatory Authority - FINRA and the Securities Investor Protection Corporation - SIPC.

The Company sells various investments to individual clients located in the United States. The Company clears all customer transactions on a fully disclosed basis through an independent clearing firm and does not hold customer funds or safe keep customer securities. Accordingly, the Company claims exemption from the Rule 15c3-3 under Section (k)(2)(ii) of the rule.

2 Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The Company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements. There were no cash equivalents at December 31, 2022. Cash is held at a financial institution and is insured by the Federal Deposit Insurance Corporation.

(d) Revenue Recognition

The Company recognizes revenue from commissions and other sources in the period they are received. Revenue is recognized in accordance with ASC Topic 606 as services are rendered and the contracts identified performance obligations have been satisfied. There were no unsatisfied performance obligations at December 31, 2022.

Grodsky Associates, Inc.
Notes To Financial Statements
December 31, 2022

(d) Revenue Recognition - continued

The Company's revenues can vary based on the performance of the financial markets. The Company recognizes revenue from securities transactions on a settlement date basis, generally the next business day following the transaction date. Generally accepted accounting principles require's revenue to be recognized on a trade date basis. There is no material difference between trade and settlement date. The Company clears all securities transactions through National Financial Services on a fully disclosed basis.

(e) Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. No recognition for uncertain tax provisions have been included because the Company believes there are none.

Certain transactions may be subject to accounting methods for federal and state income tax purposes which differ from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the shareholder and the resulting balances in the shareholders' capital account reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that the Company has no uncertain tax positions that would require financial statement recognition at December 31, 2022. This determination will always be subject to ongoing evaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all years subsequent to 2018.

In addition, no income tax related penalties or interest have been recorded for the year ended December 31, 2022.

(f) Advertising and Marketing

Advertising and marketing costs (if any) are expensed as incurred.

(g) General and Administrative Expenses

General and administrative costs are expensed as incurred.

Grodsky Associates, Inc.
Notes to Financial Statements

(h) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1.* Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2.* Inputs other than quoted prices included in level 1 that are observable for the assets or liability either directly or indirectly.
- Level 3.* Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The Company had no investments in equity or debt securities at December 31, 2022.

For further discussion of fair value, see “Note 5 Fair Value”

3 Net Capital Requirements

The Company, as a registered broker-dealer in securities is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1). The Company has elected to operate under that portion of the Rule which requires the Company maintain “net capital” equal to the greater of \$25,000 or 6 2/3% of aggregate indebtedness, as those terms are defined in the Rule. At December 31, 2022, the Company had net capital of \$60,472, which was \$35,472 in excess of its required minimum net capital of \$25,000. The Company’s net capital ratio was 0.1204 to 1.

Advances to affiliates, contributions, distributions and other withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory rules.

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934. The Company relies on its SEC Rule 15c3-3 (k)(2)(ii) exemption.

Grodsky Associates, Inc.
Notes to Financial Statements
December 31, 2022

4 Concentrations and Economic Dependency

A significant amount of the Company's revenues are derived from the sale of open-end mutual funds and trading in securities.

The Company maintains its cash at a financial institution in amounts that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts through December 31, 2022. As of December 31, 2022 there were no cash balances held in any accounts that were not fully insured.

5 Fair Value

Cash, accounts receivable, prepaid expense, and accounts payable are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

6 Commitments and Contingencies

Pursuant to Securities and Exchange Commission Rule 15c3-1(e)(2) the Company may not authorize distributions to its members if such distributions cause the Company's net capital to fall below 120% of the Company's minimum net capital requirement. As of December 31, 2022 the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments (other than as disclosed in Note 7 below), no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at December 31, 2022 or during the year then ended.

7 Related Party Transactions

The Company pays the president and sole shareholder \$500 per month for use of its office space. Rent expense for the year ended December 31, 2022 was \$0. The shareholder has waived the balance due of \$6,000 and will not seek reimbursement.

8 Income Taxes

The Company has net operating loss carry forwards that may be offset against future taxable income. The loss carry-forwards at December 31, 2022 total approximately \$1,800. The loss carry forwards incurred can be carried forward indefinitely.

The components of the net deferred tax asset as of March 31, 2022 are as follows:

Deferred Tax Assets

Net Operating Loss Carry Forwards	\$ 400
Valuation Allowance	(400)
Net Deferred Tax Asset	<u>\$ 0</u>

Grodsky Associates, Inc.
Notes to Financial Statements
December 31, 2022

8 Income Taxes - continued

The components of income tax expense at December 31, 2022 are as follows:

Current

Federal	\$ 58
State	<u>500</u>
Total	<u>\$ 558</u>

Deferred

Federal	400
Change in Valuation Allowance (400)

Total Tax provision \$ 558

The Company has determined, based upon available evidence, that it is more likely than not that the net deferred tax asset will not be realized and, accordingly, has provided a full valuation allowance.

9 Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

10 Subsequent Events

The Company has performed an evaluation of events that have occurred subsequent to December 31, 2022, and through the date February 21, 2023 the date the report was available to be issued. There have been no material subsequent events that occurred during such period that would require disclosure in this report or would be required to be recognized in the financial statements as of December 31, 2022.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Shareholder
Grodsky Associates, Inc.

I have reviewed management's statements, included in the accompanying Exemption report, in which (1) Grodsky Associates, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Grodsky Associates, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: under—(k)(2)(ii) (the "exemption provision") and (2) Grodsky Associates, Inc. stated that Grodsky Associates, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Grodsky Associates, Inc. management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Grodsky Associates, Inc. compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraphs (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
