**STATEMENT OF FINANCIAL CONDITION**

**DECEMBER 31, 2021**

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners of  
Susquehanna Financial Group, LLLP

### *Opinion on the Financial Statement*

We have audited the accompanying statement of financial condition of Susquehanna Financial Group, LLLP (the "Entity") as of December 31, 2021 and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Entity as of December 31, 2021, in conformity with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

This financial statement is the responsibility of the Entity's management. Our responsibility is to express an opinion on the Entity's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Entity in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Entity's auditor since 2010.

## **SUSQUEHANNA FINANCIAL GROUP, LLLP**

**Notes to Statement of Financial Condition**  
**December 31, 2021**  
(dollars in thousands)

### **NOTE A – ORGANIZATION**

Susquehanna Financial Group, LLLP (the "Entity") is a registered broker-dealer with the Securities and Exchange Commission (the "SEC"). The Entity's designated examining regulatory authority is the Financial Industry Regulatory Authority, Inc. The Entity generally acts as an introducing broker and trades for its own account as a market-maker on the principal United States securities exchanges. The Entity is owned 99.9% by SFG Holding, LLC and 0.1% by SFG Partner, LLC.

### **NOTE B – SIGNIFICANT ACCOUNTING POLICIES**

The Entity records purchases and sales of securities and related revenues and expenses on a trade-date basis.

Interest income and expense are recorded on the accrual basis.

Dividend income and dividends on securities sold, not yet purchased, are recorded on the ex-dividend date.

The Entity maintains cash in a deposit account which, at times, may exceed federally insured limits.

Depreciation of fixed assets is computed using the double-declining balance method over the estimated useful life of the assets.

Repurchase and resale agreements are accounted for as collateralized financing transactions and are carried at the amounts at which the securities will be reacquired or resold as specified in the respective agreements, plus accrued interest. The Entity continually monitors the fair value of the underlying securities as compared with the related receivable and payable, including accrued interest, and requests or pays additional collateral where deemed appropriate.

Assets and liabilities denominated in foreign currencies are translated into United States dollar amounts at the period-end exchange rates. Purchases and sales of financial instruments that are denominated in foreign currencies are translated into United States dollar amounts at the prevailing rates of exchange on the transaction date.

Revenue from contracts with customers consists of commission income earned from customers under current agreements and order execution services provided to affiliates. Each time the Entity acts as an introducing broker of a trade for a customer or executes an order, it has fulfilled all performance obligations, and therefore, recognizes and records the revenue associated with commission income or order execution on a trade date basis.

In accordance with Accounting Standards Codification ("ASC") Topic 326, Financial Instruments-Credit Losses ("ASC 326"), the Entity assessed certain financial assets measured at amortized cost for credit losses using a current expected credit loss ("CECL") methodology to estimate expected credit losses over the life of the financial asset, as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts.

Receivable from clearing brokers; the Entity has concluded that there are currently no expected credit losses based on the nature and contractual life or expected life of the financial assets held at each of the Entity's clearing brokers and clearing organizations. Certain trades and contracts are cleared through a centralized clearing organization and settled daily between the clearing organization and the Entity's prime broker, therefore limiting the amount of unsettled credit exposure. The Entity monitors the capital adequacy of such organizations.

## **SUSQUEHANNA FINANCIAL GROUP, LLLP**

### **Notes to Statement of Financial Condition**

**December 31, 2021**

(dollars in thousands)

#### **NOTE B – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

For securities purchased under agreements to resell, the Entity elects to use the practical expedient when eligible. The Entity determines if it is eligible for the collateral maintenance provision practical expedient and considers the credit quality of these assets and the related need for an allowance for credit losses based on several factors, including: 1) the daily revaluation of the underlying collateral used to secure the borrowings and collateral, 2) the counterparty's continuing ability to meet additional collateral requests based on decreases in the market value of the collateral, and 3) its right to sell the securities collateralizing the borrowings, if additional collateral requests are not met by the customer or the amounts borrowed are not returned on demand. The Entity reasonably expects the counterparty to continue to replenish the collateral as necessary to meet the requirements of the contract. The practical expedient permits the Entity to consider that the expectation for nonpayment of the amortized cost basis is zero.

For securities borrowed, the Entity applies a practical expedient to measure the allowance for credit losses based on the fair value of the collateral. If the fair value of the collateral held exceeds the amortized cost and the borrower is expected to continue to replenish the collateral as needed, the Entity will not recognize an allowance. If the fair value of collateral is less than amortized cost and the borrower fails to replenish the collateral as agreed upon in the Master Stock Loan Agreement, the Entity would close out the contract in a time frame that is consistent with the Entity's credit risk procedures. If, after a reasonable amount of time, the Entity does not close out the contract and the collateral remains deficient, the Entity will recognize an allowance for credit losses based on the Entity's CECL methodology.

For commission receivables, the allowance for credit losses is based on the Entity's expectation of the collectability of commission receivables utilizing the CECL framework. The Entity considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Entity's expectation of the collectability in determining the allowance for credit losses. If, upon evaluation of any aged commission receivable, the Entity believes there is expected risk associated with an overdue commission amount, the Entity will establish an allowance for credit loss based on the CECL methodology.

This statement of financial condition has been prepared in conformity with accounting principles generally accepted in the United States of America, which require the use of estimates by management.

#### **NOTE C - CASH SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS**

Cash of \$1,500 has been segregated in a special reserve bank account for the benefit of customers in accordance with the Entity's exemption under Section k(2)(i) of Rule 15c3-3.

#### **NOTE D - FAIR VALUE OF FINANCIAL INSTRUMENTS**

The Entity measures its financial instruments in accordance with the Financial Accounting Standards Board Accounting Standards Codification Section for Fair Value Measurements. This codification section clarifies the definition of fair value financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. Fair Value Measurements establishes a fair value hierarchy and specifies that a valuation technique used to measure fair value shall maximize the use of observable inputs and minimize the use of unobservable inputs. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

# SUSQUEHANNA FINANCIAL GROUP, LLLP

## Notes to Statement of Financial Condition

December 31, 2021

(dollars in thousands)

### NOTE 1D - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The three levels of the fair value hierarchy under Fair Value Measurements are described below:

- Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that the Entity has the ability to access at the measurement date;
- Level 2: Inputs that are observable for substantially the full term of the asset or liability (other than quoted prices for the specific asset or liability in an active market), including quoted prices for similar assets or liabilities in an active market, quoted prices for identical or similar assets or liabilities in a nonactive market, inputs other than quoted prices, and inputs derived principally from or corroborated by observable market data by correlation or otherwise; and
- Level 3: Prices, inputs or exotic modeling techniques which are both significant to the fair value measurement and unobservable (supported by little or no market activity).

As required by the Codification Section for Fair Value Measurements, financial instruments are classified within the level of the lowest significant input considered in determining fair value. Financial instruments classified within Level 3 whose fair value measurement considers several inputs may include Level 1 or Level 2 inputs as components of the overall fair value measurement.

The tables that follow set forth information about the level within the fair value hierarchy at which the Entity's financial instruments are measured at December 31, 2021:

Assets measured at fair value:

Description	Totals	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Options:			
Arbitrage	\$ 288,632	\$ —	\$ 288,632

Liabilities measured at fair value:

Description	Totals	Quoted Prices in Active Markets for Identical Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)
Equities:			
Market Maker	\$ 2	\$ 2	\$ —

Equity securities sold, not yet purchased, that are traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Options listed on a single exchange are valued at the mean between the last bid and the last ask prices on the last business day of the year. Options listed on multiple exchanges are priced using the National Best Bid Offer average, defined as the average of the lowest offer and highest bid on the last business day of the year. Over-the-counter options are valued at approximately the same prices as equivalent listed options.

# SUSQUEHANNA FINANCIAL GROUP, LLLP

## Notes to Statement of Financial Condition

December 31, 2021

(dollars in thousands)

### NOTE E - OFFSETTING ASSETS AND LIABILITIES

In connection with its securities purchased under agreements to resell and securities sold under agreements to repurchase, the Entity generally enters into netting agreements and collateral agreements with its counterparties. These agreements provide the Entity with the right, in the event of a default by the counterparty (such as bankruptcy or a failure to pay or perform), to net a counterparty's rights and obligations under the agreement and to liquidate and set off collateral against any net amount owed by the counterparty. The enforceability of the netting agreements is taken into account in the Entity's risk management practices and application of counterparty credit limits. The following tables present information about the offsetting of derivative instruments and related collateral amounts:

Description		Gross Amounts of Recognized Assets	Gross Amounts Offset in the Statement of Financial Condition	Net Amounts of Assets Presented in the Statement of Financial Condition
Securities purchased under agreements to resell	\$	299,815	\$ (299,815)	\$ —

Description		Gross Amounts of Recognized Liabilities	Gross Amounts Offset in the Statement of Financial Condition	Net Amounts of Liabilities Presented in the Statement of Financial Condition
Securities sold under agreements to repurchase	\$	1,122,942	\$ (299,815)	\$ 823,127

The financial instruments purchased or sold in resale and repurchase agreements consist of U.S. government obligations. The resale and repurchase agreements have either no stated maturity or are overnight obligations and are presented under securities sold under agreements to repurchase on the statement of financial condition.

### NOTE F - SECURITIES OWNED AND SECURITIES SOLD, NOT YET PURCHASED

Securities owned and securities sold, not yet purchased, are summarized as follows:

	Securities Owned	Securities Sold, Not Yet Purchased
Equity securities	\$ —	\$ 2
Options	288.632	—
	<u>\$ 288.632</u>	<u>\$ 2</u>

## **SUSQUEHANNA FINANCIAL GROUP, LLLP**

**Notes to Statement of Financial Condition**  
**December 31, 2021**  
(dollars in thousands)

### **NOTE G - SECURITIES BORROWED AND SECURITIES LOANED**

Securities borrowed and securities loaned are recorded as collateralized financing based upon the amount of cash collateral advanced or received. Securities borrowed transactions require the Entity to deposit cash with the lender. With respect to securities loaned, the Entity receives collateral in the form of cash.

The amount of collateral required to be deposited for securities borrowed, or received for securities loaned, is an amount generally in excess of market value of the applicable securities borrowed or loaned. The Entity monitors the market value of securities borrowed and loaned, with additional collateral obtained, or excess collateral refunded, when deemed appropriate.

Credit risk represents the potential loss that would occur if counterparties related to repurchase agreements and security lending transactions fail to perform pursuant to the terms of their obligations. In addition to its financial instruments and related transactions, the Entity is subject to credit risk to the extent a custodian or broker with whom it conducts business is unable to fulfill contractual obligations.

### **NOTE H - RECEIVABLE FROM CLEARING BROKERS AND CONCENTRATION OF CREDIT RISK**

The clearing and depository operations for the Entity's securities transactions are primarily provided by Merrill Lynch Professional Clearing Corp., Cowi and Company LLC, and BofA Securities, Inc.

At December 31, 2021, all of the securities sold, not yet purchased, and the amounts receivable from clearing brokers reflected on the statement of financial condition are securities positions with and amounts due from these clearing brokers. To the extent that there are securities at these clearing brokers, the securities serve as collateral for the amounts payable to such clearing brokers. The clearing brokers have the right to sell or repledge this collateral, subject to the clearing agreements with the Entity.

The Entity has agreed to indemnify Merrill Lynch Professional Clearing Corp. for losses that it may sustain from the customer accounts introduced by the Entity. As of December 31, 2021, there were no unsecured amounts owed to the clearing broker by these customers.

### **NOTE I - RELATED PARTY TRANSACTIONS**

The Entity is affiliated through common ownership with Susquehanna International Group, LLP ("SIG"), Susquehanna Technology Management, Inc. ("STMI"), Susquehanna Israel Technologies Ltd. ("SITLTD"), Susquehanna Singapore Pte. Ltd. ("SSPTE"), Susquehanna Hong Kong Limited ("SHKL"), Susquehanna Business Development, Inc. ("SBD"), and Susquehanna Securities, LLC ("SS").

SIG acts as a common payment agent for the Entity and various affiliates for various direct and indirect operating expenses. The Entity pays for the indirect costs at an amount agreed upon between the Entity and SIG based on allocations determined at SIG's discretion. Included in payable to affiliates is \$5,042 related to these direct and indirect operating costs.

SIG also provides infrastructure support services to the Entity and various affiliates. The Entity pays a monthly fee for these services based on allocations determined at SIG's discretion. Included in payable to affiliates is \$174 related to these services.

The Entity provides infrastructure support services to various affiliates. These affiliates pay a monthly fee for these services based on allocations determined at the Entity's discretion. Included in receivable from and payable to affiliates is a net receivable of \$33 related to these services.

## SUSQUEHANNA FINANCIAL GROUP, LLLP

### Notes to Statement of Financial Condition

December 31, 2021

(dollars in thousands)

#### NOTE 1 - RELATED PARTY TRANSACTIONS (CONTINUED)

STMI and SITLTD provide administrative and technology services to the Entity and various affiliates. The Entity pays a monthly management fee for these services based on allocations determined at STMI and SITLTD's discretion. Included in payable to affiliates are \$234 and \$1, respectively, related to these services.

SSPTE and SHKL provide services related to the introducing brokerage business for the Entity. The Entity pays a monthly fee for these services. Included in payable to affiliates are \$180 and \$90, respectively, related to these services.

SBD performs marketing services for the Entity and various affiliates. Included in payable to affiliates is \$2,951 related to these services.

The Entity executes trades for various affiliates for which it receives commissions at various rates. Included in receivable from affiliates is \$90 related to these commissions.

The Entity also executes trades for affiliated broker-dealers for which it receives a fee based on monthly trading and execution charges, plus a surcharge to cover other costs. Included in receivable from affiliates is \$7 related to these fees.

The Entity pays affiliated broker-dealers a fee based on their monthly trading and execution charges, plus a surcharge to cover other costs and, for certain affiliates, pays a monthly fixed fee. Included in payable to affiliates is \$3,393 related to these fees.

The Entity has a sublicensing agreement with SIG. The agreement allows the Entity to utilize intellectual property and research and development, licensed by SIG from Wide Wing Financing LLC ("Wide Wing"), an entity affiliated through common ownership. Wide Wing is the exclusive owner of the intellectual property and all research and development related thereto. As consideration for the sublicense, the Entity pays an annual sublicensing fee equal to a percentage of the Entity's net trading profits, if any, as defined in the sublicensing agreement. Included in payable to affiliates are sublicensing fees to SIG amounting to \$9,313.

The Entity has a master securities loan agreement with SS pursuant to which the Entity borrows and loans securities against transfers of collateral. Included in securities borrowed is collateral of \$473,323, and included in securities loaned is collateral of \$714,048, related to this agreement. Loan fees are accrued on gross collateral receivables and payables. Included in accrued trading receivables and accrued trading payables are \$2,522 and \$1,061, respectively, related to these fees.

Guaranteed payments are determined based on a certain class of partners' contributed capital.

Because of their short-term nature, the fair values of the payable to and receivable from affiliates approximate their carrying amounts.

The Entity and various other entities are under common ownership and control. As a result, management can exercise its discretion when determining which entity will engage in new or current business activities and/or trade new products. Therefore, the financial position presented herein may not necessarily be indicative of that which would be obtained had these entities operated autonomously.

## SUSQUEHANNA FINANCIAL GROUP, LLLP

Notes to Statement of Financial Condition  
December 31, 2021  
(dollars in thousands)

### NOTE J - LEASES

The Entity recognizes right-of-use assets and corresponding lease liabilities relating to its office leases. Each lease payment reduces the balance of the lease liabilities with a portion being allocated to interest expense to produce a constant periodic rate of interest, which is equivalent to the Entity's incremental borrowing rate, on the remaining balance of the lease liabilities for each period. Lease expense is recognized on a straight-line basis over the life of the lease.

The following is a schedule of future minimum payments required under the lease liabilities expiring February, 2024 together with the present value as of December 31, 2021:

Year Ending December 31,	
2022	\$ 206
2023	210
2024	23
Total payments due under lease liability	439
Less discount to present value	(3)
Total lease liability	\$ 436

The table below presents additional information related to the Entity's office lease as of December 31, 2021:

Discount rate:	0.48 %
Remaining lease term:	2.17 years

### NOTE K - FINANCIAL INSTRUMENTS AND RISK

In the normal course of its business, the Entity trades various financial instruments and enters into various financial transactions where the risk of potential loss due to market risk, interest rate risk, currency risk, credit risk, liquidity risk and other risks could exceed the related amounts recorded. In general, the Entity hedges its positions to mitigate these risks based on certain models. These models take into consideration the types of risks mentioned above in an attempt to identify arbitrage opportunities associated with various types of financial instruments held by the Entity. Losses may occur when the underlying assumptions on which the Entity's trading is based are not completely representative of actual market conditions. The success of any trading activity is influenced by general economic conditions that may affect the level and volatility of equity prices, credit spreads and interest rates for both equity and interest rate sensitive instruments. Unexpected volatility or illiquidity in relevant markets could adversely affect the Entity's operating results.

Market risk represents the potential loss that can be caused by increases or decreases in the fair value of financial instruments resulting from market fluctuations.

Interest rate risk is the risk that the fair value or future cash flows of fixed income or rate sensitive financial instruments will increase or decrease because of changes in interest rates. Generally, the value of fixed income securities will change inversely with changes in interest rates. As interest rates rise, the fair value of fixed income securities tends to decrease. Conversely, as interest rates fall, the fair value of fixed income securities tends to increase. This risk is generally greater for long-term securities than for short-term securities.

## SUSQUEHANNA FINANCIAL GROUP, LLLP

Notes to Statement of Financial Condition  
December 31, 2021  
(dollars in thousands)

### NOTE K - FINANCIAL INSTRUMENTS AND RISK (CONTINUED)

Currency risk is the risk that the fair value of financial instruments will fluctuate because of changes in foreign exchange rates. Financial instruments that are denominated in a non-U.S. currency are subject to the risk that the value of a particular currency will change in relation to one or more other currencies. Among the factors that may affect currency values are trade balances, the level of short-term interest rates, differences in relative values of similar assets in different currencies, long-term opportunities for investment and capital appreciation and political developments.

Credit risk represents the potential loss that would occur if counterparties fail to perform pursuant to the terms of their obligations. In addition to its financial instruments and related transactions, the Entity is subject to credit risk to the extent a custodian or broker with whom it conducts business is unable to fulfill contractual obligations.

Liquidity risk is the risk stemming from the lack of marketability of a position that cannot be bought or sold quickly enough to prevent or minimize a loss.

While the use of certain forms of leverage, including margin borrowing and derivative instruments, can substantially improve the return on invested capital; such use may also increase the adverse impact to which the portfolio of the Entity may be subject.

Short selling, or the sale of securities not owned by the Entity, exposes the Entity to the risk of loss in an amount greater than the initial proceeds. Such losses can increase rapidly, and in the case of equities, without effective limit. The Entity limits the risk associated with the short selling of equities by hedging with other financial instruments.

The Entity purchases options on securities.

### NOTE L - DERIVATIVE FINANCIAL INSTRUMENTS

Derivative financial instruments may be used to manage market risk and to take an active long or short position in the market. Should interest rates or credit spreads move unexpectedly, anticipated benefits may not be achieved and a loss realized. Furthermore, the use of derivative financial instruments involves the risk of imperfect correlation in movements in the price of the instruments, interest rates and the underlying assets.

Derivatives used for risk management include options and warrants.

The following table sets forth the annual volume of the Entity's derivative financial instruments by major product type on a gross basis for the year ended December 31, 2021:

	Approximate Annual Volume (Contracts) *	Fair Value		Statement of Financial Condition Location
		Assets	Liabilities	
Options	245	\$ 288,632	\$ —	Securities owned
Warrants	3,073	—	—	

\* Approximate annual volume of contracts shown is in thousands.

(dollars in thousands)

#### **NOTE M - INCOME TAXES**

No provision for federal income taxes has been made because the Entity is a partnership and, therefore, is not subject to federal income taxes. The Entity is currently not subject to state or local income taxes.

The Entity is presently associated with open state examinations with the state of California for tax years 2009–2011. Any resulting adjustments pursuant to the examinations would be reportable by the Entity's partners on their respective tax returns.

At December 31, 2021, management has determined that there are no material uncertain income tax positions.

#### **NOTE N - NET CAPITAL REQUIREMENT**

As a registered broker-dealer, the Entity is subject to the SEC's Uniform Net Capital Rule 15c3-1. The Entity computes its net capital under the alternative method permitted by the rule, which requires it to maintain minimum net capital, as defined, of the greater of \$250 or an amount determinable based on the market price and number of securities in which the Entity is a market-maker, not to exceed \$1,000. As of December 31, 2021, the Entity had net capital of \$281,184, which exceeded its requirement of \$1,000 by \$280,184.
