PART I

Item 1. Business

Gateway Tax Credit Fund III Ltd. ("Gateway") is a Florida Limited Partnership. The general partners are Raymond James Tax Credit Funds, Inc., the Managing General Partner, and Raymond James Partners, Inc., both sponsors of Gateway Tax Credit Fund III Ltd. and wholly-owned subsidiaries of Raymond James Financial, Inc. Gateway was formed October 17, 1991 and commenced operations July 16, 1992 with the first admission of Limited Partners.

Gateway is engaged in only one industry segment, to acquire limited partnership interests in unaffiliated limited partnerships ("Project Partnerships"), each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits under Section 42 of the Internal Revenue Code ("Tax Credits"), received over a ten year period. Subject to certain limitations, Tax Credits may be used by Gateway's investors to reduce their income tax liability generated from other income sources. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of its Limited Partnership Agreement. As of March 31, 2002, Gateway received capital contributions of \$1,000 from the General Partners and from the Limited Partners, \$10,395,000 in Series 7, \$9,980,000 from Series 8, \$6,254,000 from Series 9, \$5,043,000 from Series 10 and \$5,127,000 from Series 11.

Gateway offered Limited Partnership units in series. Each series is treated as though it were a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each series are used to acquire Project Partnerships which are specifically allocated to such series. Income or loss and all tax items from the Project Partnerships acquired by each series are specifically allocated among the limited partners of such series.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Limited Partners and 1% to the General Partners. Profit or loss and cash distributions from sales of property will be allocated as described in the Limited Partnership Agreement.

As of March 31, 2002, Gateway had invested in 39 Project Partnerships for Series 7, 43 Project Partnerships for Series 8, 24 Project Partnerships for Series 9, 15 Project Partnerships for Series 10 and 12 Project Partnerships for Series 11. Gateway acquired its interests in these properties by becoming a limited partner in the Project Partnerships that own the properties. The primary source of funds for each series is the capital contributions from Limited Partner investors.

All but eight of the properties are financed with mortgage loans from the Farmers Home Administration (now called United States Department of Agriculture - Rural Development) ("USDA-RD") under Section 515 of the Housing Act of 1949. These mortgage loans are made at low interest rates for multi-family housing in rural and suburban areas, with the requirement that the interest savings be passed on to low income tenants in the form of lower rents. A significant portion of the project partnerships also receive rental assistance from USDA-RD to subsidize certain qualifying tenants. One recently acquired property in Series 7 received conventional financing. One property in Series 9, two properties in Series 10 and one property in Series 11 are fully financed through the HOME Investment Partnerships Program.

These HOME Program loans provide financing at rates of 0 % to 0.5% for a period of 15 to 42 years. One property in Series 11 is partially financed by HOME. Two properties in Series 11 received conventional financing.

Risks related to the operations of Gateway are described in detail on pages 29 through 38 of the Prospectus, as supplemented, under the Caption "Risk Factors" which is incorporated herein by reference. The investment objectives of Gateway are to:

- 1) Provide tax benefits to Limited Partners in the form of Tax Credits during the period in which each Project is eligible to claim tax credits;
- 2) Preserve and protect the capital contribution of Investors;
- 3) Participate in any capital appreciation in the value of the Projects; and
- 4) Provide passive losses to i) individual investors to offset passive income from other passive activities, and ii) corporate investors to offset business income.

The investment objectives and policies of Gateway are described in detail on pages 39 through 47 of the Prospectus, as supplemented, under the caption "Investment Objectives and Policies" which is incorporated herein by reference.

Gateway's goal is to invest in a diversified portfolio of Project Partnerships located in rural and suburban locations with a high demand for low income housing. As of March 31, 2002 the Series' investor capital contributions were successfully invested in Project Partnerships which met the investment criteria. Management anticipates that competition for tenants will only be with other low income housing projects and not with conventionally financed housing. With a significant number of rural American households living below the poverty level in substandard housing, management believes there will be a continuing demand for affordable low income housing for the foreseeable future.

Gateway has no direct employees. Services are performed by the Managing General Partner and its affiliates and by agents retained by it. The Managing General Partner has full and exclusive discretion in management and control of Gateway.

Item 2. Properties

Gateway owns a majority interest in properties through its limited partnership investments in Project Partnerships. The largest single net investment in a Project Partnership in Series 7 is 5.2% of the Series' total balance sheet assets, Series 8 is 5.6%, Series 9 is 10.7%, Series 10 is 11.0% and Series 11 is 21.1%. The following table provides certain summary information regarding the Project Partnerships in which Gateway had an interest as of December 31, 2001:

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations, Liquidity and Capital Resources

Operations commenced on July 16, 1992 with the first admission of Limited Partners in Series 7. The proceeds from Limited Partner investors' capital contributions available for investment are used to acquire interests in Project Partnerships.

As disclosed on the statement of operations for each Series, except as described below, interest income is comparable for the years ended March 31, 2002, March 31, 2001 and March 31, 2000. General and Administrative expenses - General Partner and General and Administrative expenses - Other for the year ended March 31, 2002 are comparable to March 31, 2001 and March 31, 2000.

The capital resources of each Series are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel and legal and accounting associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors' return of their original capital contribution.)

The sources of funds to pay the operating costs of each Series are short-term investments and interest earned thereon, the maturity of U.S. Treasury Security Strips ("Zero Coupon Treasuries"), which were purchased with funds set aside for this purpose, and cash distributed to the Series from the operations of the Project Partnerships.

Series 7 - Gateway closed this series on October 16, 1992 after receiving \$10,395,000 from 635 Limited Partner investors. As of March 31, 2002, the series had invested \$7,732,089 in 39 Project Partnerships located in 14 states containing 1,195 apartment units. Average occupancy of the Project Partnerships was 96% at December 31, 2001.

The Equity in Losses of Project Partnerships decreased from \$434,461 for the year ended March 31, 2001 to \$317,296 for the year ended March 31, 2002 as a result of not including losses of \$712,066, as these losses would reduce the investment in certain Project Partnerships below zero. Equity in losses of Project Partnerships for the year ended March 31, 2000 of \$471,721 were comparable to the Equity in Losses of Project Partnerships for the year ended March 31, 2001. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$1,502,758, \$1,466,589 and \$1,457,962 for the periods ended December 31, 1999, 2000 and 2001, respectively.) As a result, management expects that this Series, as well as the Series described below, will report its equity in Project Partnerships as a loss for tax and financial reporting purposes. Overall management believes the Project Partnerships are operating as expected and are generating tax credits, which meet projections.

At March 31, 2002, the Series had \$384,626 of short-term investments (Cash and Cash Equivalents). It also had \$349,760 in Zero Coupon Treasuries with annual maturities providing \$64,000 in fiscal year 2003 increasing to \$86,000 in fiscal year 2008. Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$390,210 for the year ending March 31, 2002. However, after adjusting for Equity in Losses of Project Partnerships of \$317,296 and the changes in operating assets and liabilities, net cash used in operating activities was \$39,057 of which \$47,061 was the Asset Management Fee actually paid. Cash provided by investing activities totaled \$69,845 consisting of \$37,656 in cash distributions from the Project Partnerships and \$32,189 from matured Zero Coupon Treasuries. There were no unusual events or trends to describe.

Series 8 - Gateway closed this Series on June 28, 1993 after receiving \$9,980,000 from 664 Limited Partner investors. As of March 31, 2002, the series had invested \$7,586,105 in 43 Project Partnerships located in 18 states containing 1,207 apartment units. Average occupancy of the Project Partnerships was 95% at December 31, 2001.

Equity in Losses of Project Partnerships decreased from \$1,158,932 for the year ended March 31, 2000 to \$457,729 for the year ended March 31, 2001 to \$272,241 for the year ended March 31, 2002. The decreases resulted from not including suspended losses, which increased from \$429,743 for the year ended March 31, 2000 to \$689,097 for the year ended March 31, 2001 to \$832,101 for the year ended March 31, 2002, as these losses would reduce the investment in Project Partnerships below zero. (These Project Partnerships reported depreciation and amortization of \$2,101,828, \$1,578,473 and \$1,522,646 for the periods ended December 31, 1999, 2000 and 2001, respectively.) Overall management believes the Project Partnerships are operating as expected and are generating tax credits which meet projections.

At March 31, 2002, the Series had \$456,356 of short-term investments (Cash and Cash Equivalents). It also had \$331,606 in Zero Coupon Treasuries with annual maturities providing \$59,000 in fiscal year 2003 increasing to \$82,000 in fiscal year 2008. Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$365,765 for the year ending March 31, 2002. However, after adjusting for Equity in Losses of Project Partnerships of \$272,241 and the changes in operating assets and liabilities, net cash used in operating activities was \$41,614 of which \$44,786 was the Asset Management Fee actually paid. Cash provided by investing activities totaled \$50,627 consisting of \$19,211 received in cash distributions from the Project Partnerships and \$31,416 from matured Zero Coupon Treasuries. Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee. There were no unusual events or trends to describe.

Average occupancy of the Project Partnerships was 95% at December 31, 2001.

The Equity in Losses of Project Partnerships decreased from \$496,765 for the year ended March 31, 2000 to \$409,450 for the year ended March 31, 2001 to \$355,237 for the year ended March 31, 2002. The decreases resulted from not including suspended losses, which increased from \$78,588 for the year ended March 31, 2000 to \$200,607 for the year ended March 31, 2001 to \$300,173 for the year ended March 31, 2002, as these losses would reduce the investment in Project Partnerships below zero. (These Project Partnerships reported depreciation and amortization of \$842,272, \$832,666 and \$820,700 for the years ended December 31, 1999, 2000 and 2001, respectively.) Overall management believes the Project Partnerships are operating as expected and are generating tax credits which meet projections.

At March 31, 2002, the Series had \$251,331 of short-term investments (Cash and Cash Equivalents). It also had \$224,916 in Zero Coupon Treasuries with annual maturities providing \$35,000 in fiscal year 2003 increasing to \$47,000 in fiscal year 2009. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

GATEWAY TAX CREDIT FUND III LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2002, 2001 AND 2000

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund III Ltd. ("Gateway"), a Florida Limited Partnership, was formed October 17, 1991 under the laws of Florida. Gateway offered its limited partnership interests in Series. The first Series for Gateway is Series 7. Operations commenced on July 16, 1992 for Series 7, January 4, 1993 for Series 8, September 30, 1993 for Series 9, January 21, 1994 for Series 10 and April 29, 1994 for Series 11. Each Series invests, as a limited partner, in other limited partnerships ("Project Partnerships"), each of which owns and operates apartment complexes eligible for Low-Income Housing Tax Credits ("Tax Credits"), provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040 or sooner, in accordance with the terms of the Limited Partnership Agreement. As of March 31, 2002, Gateway had received capital contributions of \$1,000 from the General Partners and \$36,799,000 from the investor Limited Partners.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly-owned subsidiaries of Raymond James Financial, Inc., are the General Partner and Managing General Partner, respectively. The Managing General Partner manages and controls the business of Gateway.

Gateway received capital contributions of \$10,395,000, \$9,980,000, \$6,254,000, \$5,043,000 and \$5,127,000 from the investor Limited Partners in Series 7, 8, 9, 10 and 11, respectively. Each Series will be treated as though it were a separate partnership, investing in a separate and distinct pool of Project Partnerships. Income or loss and all tax items from the Project Partnerships acquired by each Series will be specifically allocated among the limited partners of such Series.

Operating profits and losses, cash distributions from operations and Tax Credits from each Series are generally allocated 99% to the Limited Partners in that Series and 1% to the General Partners. Profit or loss and cash distributions from sales of property by each Series are allocated as formulated in the Limited Partnership Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes an accrual basis of accounting whereby revenues are recognized as earned and expenses are recognized as obligations are incurred.

Gateway accounts for its investments as the limited partner in Project Partnerships ("Investments in Project Partnerships"), using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in losses of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in losses of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

Amortization is calculated on a straight line basis over 35 years, as this is the average estimated useful life of the underlying assets. The amortization expense is shown on the Statements of Operations.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss has been recognized in the accompanying financial statements.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of tax credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment.

Cash and Cash Equivalents

It is Gateway's policy to include short-term investments with an original maturity of three months or less in Cash and Cash Equivalents. Short-term investments are comprised of money market mutual funds.

Concentrations of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund that is a wholly-owned subsidiary of Raymond James Financial, Inc.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Investment in Securities

Effective April 1, 1994, Gateway adopted Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities ("FAS 115"). Under FAS 115, Gateway is required to categorize its debt securities as held-to-maturity, available-for-sale or trading securities, dependent upon Gateway's intent in holding the securities. Gateway's intent is to hold all of its debt securities (U. S. Treasury Security Strips) until maturity and to use these reserves to fund Gateway's ongoing operations. Interest income is recognized ratably on the U.S. Treasury Strips using the effective yield to maturity.

Offering and Commission Costs

Offering and commission costs are charged against Limited Partners' Equity upon admission of Limited Partners.

Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

Reclassifications

For comparability, the 2000 and 2001 figures have been reclassified, where appropriate, to conform with the financial statement presentation used in 2002.

NOTE 3 - INVESTMENT IN SECURITIES:

The March 31, 2002 Balance Sheet includes Investment in Securities consisting of U.S. Treasury Security Strips which represents their cost, plus accreted interest income of \$173,648 for Series 7, \$152,244 for Series 8, \$90,029 for Series 9, \$81,136 for Series 10 and \$93,656 for Series 11.

NOTE 4 - RELATED PARTY TRANSACTIONS:

The Payable to General Partners primarily represents the asset management fees owed to the General Partners at the end of the period. It is unsecured, due on demand and, in accordance with the limited partnership agreement, non-interest bearing. Within the next 12 months, the Managing General Partner does not intend to demand payment on the portion of Asset Management Fees payable classified as long-term on the Balance Sheet.

The Payable to Project Partnerships represents unpaid capital contributions to the Project Partnerships and will be paid after certain performance criteria are met. Such contributions are in turn payable to the general partners of the Project Partnerships.

For the periods ended March 31, 2002, 2001, and 2000 the General Partners and affiliates are entitled to compensation and reimbursement for costs and expenses incurred by Gateway as follows:

Asset Management Fee - The Managing General Partner is entitled to receive an annual asset management fee equal to the greater of (i) \$2,000 for each limited partnership in which Gateway invests, as adjusted by the Consumer Price Index, or (ii) 0.275% of Gateway's gross proceeds from the sale of limited partnership interests. In either event (i) or (ii), the maximum amount may not exceed 0.2% of the aggregate cost (Gateway's capital contribution plus Gateway's share of the Properties' mortgage) of Gateway's interest in properties owned by the Project Partnerships. The asset management fee will be paid only after all other expenses of Gateway have been paid. These fees are included in the Statement of Operations.

INDEPENDENT AUDITORS' REPORT

To the Partners
Maple Street Apartments Limited Partnership
Emporium, Pennsylvania

We have audited the accompanying balance sheets of Maple Street Apartments Limited Partnership, as of December 31, 2001 and 2000, the related statements of operations, partners' equity (deficit) and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of South Branchley Housing Limited Partnership as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated January 19, 2002, on our consideration of South Branchley's internal control structure, and a report dated January 19, 2002, on its compliance with specific requirements applicable to major programs. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The partnership's tax returns have been filed allowing the partners to claim a benefit of a low income housing tax credit. Because the compliance and qualification standards of the low income tax housing tax credit are not related to the interest credit agreement and loan agreement, and because the low income housing tax credit relates to income taxes which are the responsibility of each individual partner, the scope of our audit was not designed or intended to audit the partnerships compliance with the low income housing tax credit laws. Accordingly, our audit cannot be relied upon to give assurance with regard to the partnerships compliance with any of the low income housing tax credit laws.

Managing General Partner
Heritage Park Associates Limited Partnership
Boise, Idaho

We have audited the accompanying balance sheets of Heritage Park Associates Limited Partnership, as of December 31, 2001 and 2000, and the related statements of operations, partners' capital (deficit), and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the USDA, Rural Housing Service Audit Program issued in December 1989. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Heritage Park Associates Limited Partnership as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued reports dated January 25, 2002 on our consideration of Heritage Park Associates Limited Partnership's internal control and on its compliance with laws and regulations. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The partnership has filed tax returns with the Internal Revenue Service which allow the partners to receive the benefit of a low income housing tax credit. Because the qualifying standards of the low income housing tax credit are different than the requirements of the loan agreement and the interest credit agreements, and due to the fact that the low income housing tax credit relates to income taxes which are the responsibility of the individual partners, the scope of these audits were not designed or intended to audit the compliance with the various low income housing tax credit laws. Therefore, these audits can not be relied on to give assurances with regard to compliance with any low income housing tax credit laws.
