GATEWAY TAX CREDIT FUND III LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006
(Unaudited)

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund III Ltd. ("Gateway" or "Partnership"), a Florida Limited Partnership, was formed October 17, 1991 under the laws of Florida. Gateway offered its limited partnership interests in Series ("Series"). The first Series for Gateway is Series 7. Operations commenced on July 16, 1992 for Series 7, January 4, 1993 for Series 8, September 30, 1993 for Series 9, January 21, 1994 for Series 10 and April 29, 1994 for Series 11. Each Series invests, as a limited partner, in other limited partnerships ("Project Partnerships"), each of which owns and operates apartment complexes eligible for Low-Income Housing Tax Credits ("Tax Credits"), provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040 or sooner, in accordance with the terms of the limited partnership agreement. As of December 31, 2006, Gateway had received capital contributions of \$1,000 from the General Partners and \$36,799,000 from the investor Limited Partners.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly-owned subsidiaries of Raymond James Financial, Inc., are the General Partner and Managing General Partner, respectively of Gateway.

Gateway received capital contributions of \$10,395,000, \$9,980,000, \$6,254,000, \$5,043,000 and \$5,127,000 from the investor Limited Partners in Series 7, 8, 9, 10 and 11, respectively. Each Series is treated as though it were a separate partnership, investing in a separate and distinct pool of Project Partnerships. Income or loss and all tax items from the Project Partnerships acquired by each Series are specifically allocated among the limited partners of such Series.

Operating profits and losses, cash distributions from operations and Tax Credits from each Series are generally allocated 99% to the Limited Partners in that Series and 1% to the General Partners. Profit or loss and cash distributions from sales of property by each Series are allocated as formulated in the Limited Partnership Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes an accrual basis of accounting whereby revenues are recognized as earned and expenses are recognized as obligations are incurred.

Gateway accounts for its investments as the limited partner in Project Partnerships ("Investments in Project Partnerships"), using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in losses of the Project Partnerships on a 3-month lag in the Statement of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in losses of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

For the fiscal year ended March 31, 2006, Gateway changed the period over which the intangible acquisition fees and expenses are amortized. In all prior years, the period in which such intangible assets had been amortized was 35 years. In the fiscal year ended March 31, 2006, this amortization period was changed to 15 years to better approximate the period over which the benefits of these investments are realized. As a result of this change in estimate, an additional amortization expense of \$24,835 for Series 7, \$10,553 for Series 8, \$9,817 for Series 9, \$19,964 for Series 10 and \$27,587 for Series 11, or \$92,756 for all Series of Gateway, was recognized during the year-ended March 31, 2006, as compared to the amortization expense amount which would have been realized had the estimated amortization period not changed during the year. The amortization expense is shown on the Statements of Operations.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships. Any cash distributions received from Project Partnerships which have a zero investment balance are accounted for as distribution income in the period the cash distribution is received by Gateway.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss has been recognized in the accompanying financial statements for the nine-month period ended December 31, 2006. For the fiscal year ended March 31, 2006, impairment expense was recognized in the statement of operations in the following Series and in the following amounts: Series 7 - \$193,195, Series 9 - \$127,532, Series 10 - \$156,694, Series 11 - \$600,802. The total impairment expense for all Series in Gateway for fiscal year 2006 was \$1,078,223. Refer to Note 5 - Investment in Project Partnerships for further details regarding the components of the Investment in Project Partnership balance.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of tax credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. Gateway does not guarantee any of the mortgages or other debt of the Project Partnerships.

Cash and Cash Equivalents

It is Gateway's policy to include short-term investments with an original maturity of three months or less in Cash and Cash Equivalents. Short-term investments are comprised of money market mutual funds.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Concentrations of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund that is advised by a wholly-owned subsidiary of Raymond James Financial, Inc.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Investment in Securities

Gateway applies Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities ("FAS 115"). Under FAS 115, Gateway is required to categorize its debt securities as held-to-maturity, available-for-sale or trading securities, dependent upon Gateway's intent in holding the securities. Gateway's intent is to hold all of its debt securities (U.S. Treasury Security Strips and U.S. Treasury Notes) until maturity and to use these assets to fund Gateway's ongoing operations. Interest income is recognized ratably on the U.S. Treasury Strips and U.S. Treasury Notes using the effective yield to maturity.

Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN46"), "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51," which was subsequently revised in December 2003. Gateway has adopted FIN 46 and applied its requirements to all Project Partnerships in which Gateway held an interest. Generally, a variable interest entity, or VIE, is an entity with one or more of the following characteristics, (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. FIN 46 requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE. The primary beneficiary, as is applicable to Gateway's circumstances, is the party in the Project Partnership equity group that is most closely associated with the Project Partnership.

Gateway holds variable interests in 128 VIE's, which consist of Project Partnerships, which Gateway is not the primary beneficiary. Five of Gateway's Project Partnership investments were determined not to be VIE's. Gateway's maximum exposure to loss as a result of its involvement with unconsolidated VIE's is limited to Gateway's recorded investments in and receivables from those VIE's, which is approximately \$3,831,641 at December 31, 2006. Gateway may be subject to additional losses to the extent of any financial support that Gateway voluntarily provides to those Project Partnerships in the future.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Basis of Preparation

The unaudited financial statements presented herein have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and note disclosures required by generally accepted accounting principles. These statements should be read in conjunction with the financial statements and notes thereto included with the Partnership's report on Form 10-K for the year ended March 31, 2006. In the opinion of management these financial statements include adjustments, consisting only of normal recurring adjustments, necessary to fairly summarize the Partnership's financial position and results of operations. The results of operations for the periods may not be indicative of the results to be expected for the year.

It is unsecured, due on demand and, in accordance with the limited partnership agreement, non-interest bearing. Within the next 12 months, the Managing General Partner does not intend to demand payment on the portion of Asset Management Fees payable classified as long-term on the Balance Sheet.

Value Partners, Inc., an affiliate of Gateway, acquired the general partner interest in Logan Heights, one of the Project Partnerships in Series 8, in 2003.

For the nine months ended December 31, 2006 and 2005, the General Partners and affiliates are entitled to compensation and reimbursement for costs and expenses incurred by Gateway as follows:

In either event (i) or (ii), the maximum amount may not exceed 0.2% of the aggregate cost (Gateway's capital contribution plus Gateway's share of the Properties' mortgage) of Gateway's interest in properties owned by the Project Partnerships. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations, Liquidity and Capital Resources

Overview - The proceeds from Limited Partner investors' capital contributions available for investment are used to acquire interests in Project Partnerships.

As disclosed on the statement of operations for each Series, interest income is comparable for the nine months ended December 31, 2006 and December 31, 2005. Equity in Losses of Project Partnerships for the nine months ended December 31, 2006 decreased from \$288,325 for the nine months ended December 31, 2005 to \$136,476. The decrease in Equity in Losses of Project Partnerships is a result of a greater increase in rental revenue than operating costs of the Project Partnerships. The General and Administrative Expenses - Other increased from \$65,093 for the nine months ended December 31, 2005 to \$117,299 for the nine months ended December 31, 2006. The General and Administrative Expenses - General Partner was significantly higher. The increase is due to higher third party accounting and auditing fees incurred by the General Partner.

The capital resources of each Series are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel and legal and third-party tax and audit fees associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors' return of their original capital contribution.)

The sources of funds to pay the operating costs of each Series are short-term investments and interest earned thereon, the maturity of U.S. Treasury Security Strips ("Zero Coupon Treasuries") and U.S Treasury Notes (purchased in July 2006) which were purchased with funds set aside for this purpose, and cash distributed to the Series from the operations of the Project Partnerships.

Due to the rent limitations applicable to the Project Partnerships projects as a result of their qualifying for Low-Income Housing Tax Credits, Gateway does not expect there to be a significant increase in future rental income of the Project Partnerships.

Series 7 - Gateway closed this series on October 16, 1992 after receiving \$10,395,000 from 635 Limited Partner investors. Equity in Losses of Project Partnerships for the nine months ended December 31, 2006 decreased from \$54,069 for the nine months ended December 31, 2005 to \$25,148 due to an increase in rental revenue at the Project Partnerships. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. As a result, management expects that this Series, as well as those described below, will report its equity in Project Partnerships as a loss for tax and financial reporting purposes. Overall, management believes the Project Partnerships are operating as expected and are generating tax credits which meet projections.

At December 31, 2006, the Series had \$108,845 of short-term investments (Cash and Cash Equivalents). It also had \$159,727 in Zero Coupon Treasuries with annual maturities providing \$81,000 in the current fiscal year and \$86,000 in fiscal year 2008. In addition, the Series had \$204,933 in U.S. Treasury Notes with a maturity value of \$203,000 at June 30, 2007. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$190,235 for the nine months ended December 31, 2006. However, after considering the Equity in Losses of Project Partnerships of \$25,148 and the changes in operating assets and liabilities, net cash used in operating activities was \$109,744. Cash used in investing activities totaled \$175,441, consisting of cash distributions from the Project Partnerships, offset by the purchase of U.S. Treasury Notes in July 2006.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (continued):

Series 8 - Gateway closed this Series on September 28, 1993 after receiving \$9,980,000 from 664 Limited Partner investors. Equity in Income (Losses) of Project Partnerships for the nine months ended December 31, 2006 decreased from income of \$11,698 for the nine months ended December 31, 2005 to a loss of \$14,198. At December 31, 2006, the Series had \$76,222 of short-term investments (Cash and Cash Equivalents). It also had \$152,290 in Zero Coupon Treasuries with annual maturities providing \$77,000 in the current fiscal year and \$82,000 in fiscal year 2008. In addition, the Series had \$128,210 in U.S. Treasury Notes with a maturity value of \$127,000 at June 30, 2007. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$189,736 for the nine months ended December 31, 2006. However, after considering the Equity in Losses of Project Partnerships of \$14,198 and the changes in operating assets and liabilities, net cash used in operating activities was \$120,472. Cash used in investing activities totaled \$112,624, consisting of cash distributions from the Project Partnerships, offset by the purchase of U.S. Treasury Notes in July 2006.

Series 9 - Gateway closed this Series on December 31, 1993 after receiving \$6,254,000 from 406 Limited Partner investors. Equity in Losses of Project Partnerships for the nine months ended December 31, 2006 decreased from \$74,413 for the nine months ended December 31, 2005 to \$46,222. At December 31, 2006, the Series had \$38,538 of short-term investments (Cash and Cash Equivalents). It also had \$125,663 in Zero Coupon Treasuries with annual maturities providing \$43,000 in the current fiscal year, \$45,000 in fiscal year 2008 and \$47,000 in fiscal year 2009. In addition, the Series had \$128,210 in U.S. Treasury Notes with a maturity value of \$127,000 at June 30, 2007. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$145,237 for the nine months ended December 31, 2006. However, after considering the Equity in Losses of Project Partnerships of \$46,222 and the changes in operating assets and liabilities, net cash used in operating activities was \$68,992. Cash used in investing activities totaled \$115,463, consisting of cash distributions from the Project Partnerships, offset by the purchase of U.S. Treasury Notes in July 2006.

Series 10 - Gateway closed this Series on January 21, 1994 after receiving \$5,043,000 from 325 Limited Partner investors. Equity in Losses of Project Partnerships for the nine months ended December 31, 2006 decreased from \$80,447 for the nine months ended December 31, 2005 to \$55,553 as a result of an increase in suspended losses. Suspended losses are a direct result of the Investment balance in any single Project Partnership reaching a zero balance. Since more Project Partnerships have accumulated enough losses resulting in a zero balance, additional losses are suspended since the Partnership's accounting policy is to not carry Investments in Project Partnerships below zero. At December 31, 2006, the Series had \$11,371 of short-term investments (Cash and Cash Equivalents). It also had \$127,648 in Zero Coupon Treasuries with annual maturities providing \$32,000 in the current fiscal year, \$34,000 in fiscal year 2008, \$36,000 in fiscal year 2009 and \$40,000 in fiscal year 2010. In addition, the Series had \$101,963 in U.S. Treasury Notes with a maturity value of \$101,000 at June 30, 2007. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$133,667 for the nine months ended December 31, 2006. However, after considering the Equity in Losses of Project Partnerships of \$55,553 and the changes in operating assets and liabilities, net cash used in operating activities was \$46,664. Cash used in investing activities totaled \$86,662, consisting of cash distributions from the Project Partnerships, offset by the purchase of U.S. Treasury Notes in July 2006.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (continued):

Series 11 - Gateway closed this Series on April 29, 1994 after receiving \$5,127,000 from 330 Limited investors. Equity in Income (Losses) of Project Partnerships for the nine months ended December 31, 2006 decreased from a loss of \$91,094 for the nine months ended December 31, 2005 to income of \$4,645 as a result of higher rental and other income and lower operating expenses. At December 31, 2006, the Series had \$17,392 of short-term investments (Cash and Cash Equivalents). It also had \$145,177 in Zero Coupon Treasuries with annual maturities providing \$38,000 in the current fiscal year, \$40,000 in fiscal year 2008, \$42,000 in fiscal year 2009 and \$44,000 in fiscal year 2010. In addition, the Series had \$153,448 in U.S. Treasury Notes with a maturity value of \$152,000 at June 30, 2007. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$65,717 for the nine months ended December 31, 2006. However, after considering the Equity in Income of Project Partnerships of \$4,645 and the changes in operating assets and liabilities, net cash used in operating activities was \$47,334. Cash used in investing activities totaled \$142,764, consisting of cash distributions from Project Partnerships, offset by the purchase of U.S. Treasury Notes in July 2006.
