**Re: Primo Water Corp /CN/  
Preliminary Proxy Statement filed March 17, 2023  
File No. 1-31410**

Dear Jing Tong:

We have reviewed your filing and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to these comments by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

After reviewing your response to these comments, we may have additional comments.

Preliminary Proxy Statement filed March 17, 2023

Have other candidates been nominated for election as directors...?, page 3

1. Here and in several other places throughout the proxy statement, you state the following regarding Primo's director nominations: "However, if the Purported Nomination Notice is subsequently held to be valid by a court of competent jurisdiction through a final, non-appealable ruling, then the Company will amend its proxy statement and the accompanying **BLUE** proxy card to comply with the applicable requirements of Schedule 14A and Rule 14a-19 of the Securities Exchange Act of 1934, as amended..."(*emphasis added*). Please explain the basis for your position stated in the quoted language that Primo will not be obligated to use a universal proxy card unless the validity of the dissident nominations has been determined through a "final, non-appealable ruling," versus simply adjudged valid in a court ruling of a court of competent jurisdiction. See Compliance and Disclosure Interpretation 139.05 in "Proxy Rules and Schedules 14A/14C" (December 6, 2022) available at our Website at [www.sec.gov](http://www.sec.gov).

What happens if I do not specify how I want my shares voted?.... page 8

2. We note the following disclosure on page 8 of the proxy statement: "In addition to being able to submit to Primo Water or the intermediary, as applicable, a voting instruction form, non-registered beneficial shareowners are permitted to submit any other documents in writing that requests that the beneficial shareowner or a nominee thereof be appointed as a proxyholder." If there are specific formatting or other requirements as to the means by which shareholders can be appointed or can appoint someone else as a proxyholder, please revise to describe.

Proposal 5 - Approval of Amended and Restated Bylaws, page 82

3. Expand this section to fully describe the specific changes being proposed in the amended bylaws and to discuss the potential impact for shareholders, including on the ability of dissidents to conduct director election contests. Your current description of the changes being proposed is vague and refers in several places to "certain procedural and information requirements," "certain information" and "certain representations" without providing specifics about the new bylaw provisions and how they may impact the Company and shareholders going forward, including in the context of this proxy contest. In Annex B, please provide a redlined version of the bylaws showing the specific changes being proposed instead of the "clean" version of the new bylaws currently included with the proxy statement.
4. See our last comment above. Your description should specifically explain what would constitute "reasonable documentary evidence" of compliance within the meaning of Section 11.04(b) of the Amended Bylaws.

We remind you that the filing persons are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Please direct any questions to Christina Chalk at (202) 551-3263.

Sincerely,
