Notes to Statement of Financial Condition
December 31, 2021

1. Organization and Nature of Business

Guggenheim Investor Services, LLC (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), and the Securities Investor Protection Corporation (SIPC). The Company is a wholly-owned subsidiary of Guggenheim Funds Services, LLC (the Parent) whose ultimate parent is Guggenheim Capital, LLC (Guggenheim). The Company engages in advisory services for financial structuring transactions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying statement of financial condition of the Company has been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statement in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statement and accompanying notes. Actual results could differ from those estimates.

Cash

The Company maintains cash at federally insured banking institutions. Cash on deposit with financial institutions may, at times, exceed federal insurance limits.

Income Taxes

The Company is a single member LLC, organized as a Delaware Limited Liability Company, and treated as a disregarded entity for U.S. income tax purposes. State tax liabilities are determined under individual state laws. The Company has no federal or state income tax liabilities in 2021. The results of the Company's operations are included in the federal and state income tax returns of the Parent.

Accounting Standards Codification (ASC) 740-10, *Income Taxes*, requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are more-likely than-not of being sustained by the applicable tax authority based upon technical merits of the position. Tax benefits from tax positions not deemed to meet the more-likely than-not threshold should not be recognized in the year of determination. Management has reviewed the Company's tax positions for all open years and concluded that the Company has no material uncertain tax positions at December 31, 2021. Further, as of December 31, 2021, the Company has recorded no liability for net unrecognized tax benefits relating to uncertain tax positions they have taken or expect to take in future tax returns. The Company has not recorded any penalties and/or interest related to uncertain tax positions.

Notes to Statement of Financial Condition December 31, 2021

3. Market Risk

The ongoing COVID-19 pandemic has significantly impacted global commercial and financial activities. Its eventual impact on the global economy and markets cannot now be determined. The Company will continue to monitor developments relating to COVID-19 and coordinate its operations response based on existing business continuity plans and on guidance from global health organizations, relevant governments, and general pandemic response best practices.

4. Related-Party Transactions

In the ordinary course of business, the Company earned fees relating to structuring and arranging securitized transactions, which offer an attractive combination of risk and return to our clients. Related parties may invest in such structured transactions.

Certain services are charged to the Company from its related parties under the Services and Expense Agreement. These services include, but are not limited to administrative, compliance, legal, business and operations personnel, premises, human resources, information technology, systems and office administration.

5. Regulatory Requirements

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of the greater of minimum net capital of \$5,000, or 6 2/3%, of aggregate indebtedness, and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2021, net capital was \$27,043,272, an excess of \$27,006,315, and the ratio of aggregate indebtedness to net capital was 0.02 to 1.

The Company does not carry customer accounts and does not claim an exemption under paragraph (k) of 17 C.F.R. § 240.15c3-3. The Company is relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5 because the Company limits its business activities exclusively to corporate finance, merger and acquisition, and divestiture and investment advice services.

6. Subsequent Events

Management has evaluated all subsequent transactions and events after the statement of financial condition date through February 18, 2022, the date the financial statements were available to be issued and has determined that no items require disclosure.
