**FIBERMARK, INC., TO BEGIN TRADING ON THE  
OTC BULLETIN BOARD APRIL 13, 2004**

---

BRATTLEBORO, Vt.—April 13, 2004—FiberMark, Inc. (OTC: FMKIQ) today announced that it will be available for trading on the Nasdaq-operated Over-the-Counter Bulletin Board (OTCBB), when the market opens on April 13, 2004. The company will trade under the ticker symbol “FMKIQ”. To prepare for this transition, FiberMark voluntarily delisted its shares from the American Stock Exchange (“Amex”). As a result, trading was permanently suspended on Amex effective with the close of trading on April 12, 2004. The company formerly traded under the symbol “FMK”.

The OTCBB is a regulated quotation service that displays real-time quotes, last-sale prices and volume information for over-the-counter equity securities. OTC securities are traded by a community of market makers that enter quotes and trade through a sophisticated computer network. Over 3,600 companies trade on the OTC. Information on the OTCBB can be found at [www.otcbb.com](http://www.otcbb.com).

FiberMark, headquartered in Brattleboro, Vt., is a leading producer of specialty fiber-based materials meeting industrial and consumer needs worldwide, operating 11 facilities in the eastern United States and Europe. Products include filter media for transportation and vacuum cleaner bags; base materials for specialty tapes, electrical and graphic arts applications; wallpaper, building materials and sandpaper; and cover/decorative materials for office and school supplies, publishing, printing and premium packaging.

This press release contains forward-looking statements. Actual results may differ depending on the economy and other risk factors discussed in the company's Forms 10K as filed with the SEC on March 30, 2004, which is accessible on the company's Web site: [www.fibermark.com](http://www.fibermark.com).
