BARRETT & COMPANY
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Barrett & Company (The Company), located in Providence, Rhode Island, with customers located mainly throughout New England, is in the business of purchasing and selling securities and is a market-maker in certain securities.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission (SEC) and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

A summary of the Company's significant accounting policies follows:

Income recognition: Securities transactions and the related commission revenues and expenses are recorded on a settlement date basis. The effect of not recording these transactions on a trade date basis as required by generally accepted accounting principles is not material to these financial statements.

Investment advisory income: Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the contract.

Marketable investment securities: Marketable investment securities are valued at market. Securities not readily marketable are valued at fair value as determined by management.

Income taxes: The Company, with the consent of its stockholder, has elected to be an "S" Corporation under the Internal Revenue Code. In lieu of paying corporate income taxes, the stockholder is taxed individually on the Company's taxable income. Therefore, no provision or liability for federal or state income taxes has been made.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined there are no uncertain income tax positions.

BARRETT & COMPANY
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property, equipment and depreciation: Property and equipment are stated at cost. Depreciation is provided on a straight-line basis using estimated useful lives of three to ten years. Leasehold improvements are amortized over the economic useful life of the improvement. The depreciation expense and accumulated depreciation for the year ended December 31, 2017 were \$8,552 and \$152,733, respectively.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising costs: The Company charges advertising costs to expense as incurred. There were no advertising costs for the year ended December 31, 2017.

Recent financial reporting pronouncements: In May 2014 and in subsequent amendments, the Financial Accounting Standards Board (FASB) issued ASU No. 2014-09 which amended the Revenue from Contracts with Customers (Topic 606) of the Accounting Standards Codification. The core principle of the new guidance is that an entity should recognize revenue to reflect the transfer of goods and services to customers in an amount equal to the consideration the entity receives or expects to receive. The guidance will be effective for the Company for annual periods beginning after December 15, 2017. The Company is currently evaluating the impact on its financial statements.

In February 2016, FASB issued ASU No. 2016-02, Leases (Topic 842), which provides guidance for accounting for leases. The new guidance requires organizations to recognize the assets and liabilities for the rights and obligations created by leased assets, initially measured at the present value of the lease payments. The accounting guidance for lessors is largely unchanged. The ASU is effective for annual periods beginning after December 15, 2018. The Company is currently evaluating the impact this guidance will have on the Company's financial statements.

Note 2. CASH

The Company maintains its cash accounts in one commercial bank. At times, the amount in the accounts may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash. The amount on deposit at December 31, 2017 did not exceed insurance limits.

BARRETT & COMPANY
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 3. NFS AGREEMENT

The Company has an agreement with National Financial Services, LLC (NFS). Under this agreement, NFS clears transactions on a fully disclosed basis for accounts of Barrett & Company and of the Company's customers, which are introduced by the Company and accepted by NFS. NFS maintains stock records and other records on a basis consistent with generally accepted practices in the securities industry and maintains copies of such records in accordance with the FINRA and SEC guidelines for record retention. NFS is responsible for the safeguarding of all funds and securities delivered to and accepted by it. NFS prepares and sends to customers monthly or quarterly statements of account. Barrett & Company does not generate and/or prepare any statements, billings or compilations regarding any account. The Company examines all monthly statements of account, monthly statements of clearing services and other reports provided by NFS and notifies NFS of any error. NFS charges the Company for clearing services. NFS also collects all commissions on behalf of the Company and makes payments to the Company for its share of commissions. This agreement between the two parties can be terminated by either party by giving ninety days prior written notification at the end of the three year agreement to the other party.

The Company carries its receivable from NFS at cost. If a customer of the Company did not pay NFS a commission, the assets of that customer's account would be liquidated to cover any amount owed for the commission. Any shortfall between the value of the assets and the amount owed for the commission would have to be absorbed by the Company as bad debt. The Company has deemed an allowance for such a loss as unnecessary, since historically these losses have been minimal and immaterial.

Note 4. FAIR VALUE

Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- *Level 1.* Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- *Level 2.* Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- *Level 3.* Unobservable inputs for the asset or liability.

BARRETT & COMPANY
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 4. FAIR VALUE (CONTINUED)

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

A description of the valuation techniques applied to the Company's major categories of assets and liabilities measured at fair value on a recurring basis follows.

Exchange-Traded Equity Securities. Exchange-traded equity securities are generally valued based on quoted prices from the exchange. To the extent these securities are actively traded, valuation adjustments are not applied, and they are categorized in level 1 of the fair value hierarchy; otherwise, they are categorized in level 2 or level 3 of the fair value hierarchy.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2017:

	Level 1	Level 2	Level 3	Netting and Collateral	Total
ASSETS					
Securities owned:					
Equities	\$ 509	\$ -	\$ -	\$ -	\$ 509
	<u>\$ 509</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 509</u>

There were no transfers between level 1 and level 2 during the year.

BARRETT & COMPANY
NOTES TO FINANCIAL STATEMENTS

Note 4. FAIR VALUE (CONTINUED)

Additional Disclosures About the Fair Value of Financial Instruments (Including Financial Instruments Not Carried at Fair Value)

GAAP requires disclosure of the estimated fair value of certain financial instruments, and the methods and significant assumptions used to estimate their fair values. Financial instruments within the scope of these disclosure requirements are included in the following table. Certain financial instruments that are not carried at fair value on the Statement of Financial Condition are carried at amounts that approximate fair value due to their short-term nature and generally negligible credit risk. These instruments include cash, short-term receivables, borrowings, accounts payable, and other liabilities.

The following table presents the carrying values and estimated fair values at December 31, 2017, of financial assets and liabilities, excluding financial instruments that are carried at fair value on a recurring basis, and information is provided on their classification within the fair value hierarchy.

	Carrying Value	Level 1	Level 2	Level 3	Total Estimated Fair Value

At December 31, 2017, future minimum lease payments for the office space, equipment, and vehicle were as follows:

Note 7. NET CAPITAL REQUIREMENT

Pursuant to the net capital provision of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2017, the Company had net capital and net capital requirements of \$298,793 and \$100,000, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) at December 31, 2017 was 0.17 to 1.

Note 8. STATEMENT PURSUANT TO PARAGRAPH (d) OF RULE 17a-5

There are no material differences between the computation of net capital and the corresponding computation prepared by and included in the Company's unaudited Part IIA Focus Report filing as of December 31, 2017.

BARRETT & COMPANY
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 9. RELATED PARTY TRANSACTIONS

The Company has entered into the following transactions with related parties:

The Company leases its Providence office space from Wilcox Partners, a Rhode Island real estate partnership. The Company's sole stockholder owns a 33% interest in the partnership. The space is leased under a noncancelable lease that expires in February 2020. Rent expense related to the lease amounted to \$108,000 for the year ended December 31, 2017.

Pursuant to Section IX of the agreement to offer clearing and execution services by National Financial Services, LLC (NFS), Barrett & Company must maintain a balance of \$250,000 in an escrow account. The stockholder of the Company has pledged certain personally owned marketable securities to fulfill this obligation.

Note 10. PENSION PLAN

The Company has a contributory 401(k) profit sharing plan. The plan covers substantially all of its employees who have completed one month of service and attained age 21 for employee deferrals. The Plan's assets are held by NFS. The Company has the discretion to match employee deferrals for those employees who have completed six months of service and attained age 21. The Company did not make profit sharing contributions in 2017.

Note 11. OFF-BALANCE-SHEET RISK AND CONCENTRATION OF CREDIT RISK

As discussed in Note 3, the Company's customer securities transactions are introduced on a fully-disclosed basis with NFS. NFS carries all of the accounts of the customers of the Company and is responsible for execution, collection of and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein NFS may charge any losses it incurs to the Company. The Company seeks to minimize the risk through procedures designed to monitor the credit worthiness of its customers and insure that customer transactions are executed properly by NFS.

BARRETT & COMPANY

Accumulated amortization of the leased equipment was \$2,988 at December 31, 2017. Amortization of the asset under capital lease is included in depreciation expense.

The future minimum lease payments required under the capital lease as of December 31, 2017 are as follows:

<u>Years ending December 31</u>

No accrual has been included in the accompanying financial statement for any potential loss arising from this claim.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Barrett & Company
Providence, Rhode Island

We have reviewed management's statements, included in the accompanying Exemption Report, in which (a) Barrett & Company identified the following provisions of 17 C.F.R. § 240.15c3-3(k) under which Barrett & Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (2)(ii), (the "exemption provisions") and (b) Barrett & Company stated that Barrett & Company met the identified exemption provisions throughout the most recent fiscal year without exception. Barrett & Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Barrett & Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of 17 C.F.R. § 240.15c3-3.
