FOR IMMEDIATE RELEASE

Chai-Na-Ta Corp. Reports 2006 Year-end Results

RICHMOND, BRITISH COLUMBIA – March 13, 2007 – Chai-Na-Ta Corp. (OTCBB: "CCCCFF"), the world's largest supplier of North American ginseng, today announced 2006 net loss of \$9.5 million, or \$0.34 per basic share, compared to 2005 net loss of \$8.1 million, or \$0.33 per basic share.

Revenue increased to \$5.9 million in 2006 from \$5.8 million in 2005. Gross margin declined to 2% in 2006 from 6% in 2005.

With weak ginseng root prices throughout the first half of 2006, we realized an average selling price of about \$6 per pound in 2006 compared to \$10 per pound in 2005.

"We feel that the demand for ginseng products remains strong, we sold most of our 2006 harvest in early 2007," said Derek Zen, Chairman of the Company, "We see prices strengthening in late 2006 and expect prices to stabilize with slight improvements in 2007,"

"Rust remains a challenge leading to significant write-downs on inventory and crop costs in 2006," Mr. Zen continued. "We will continue our focus on maximizing yield and quality while minimizing farm costs and operating expenses in 2007 "

2006 Fourth Quarter

During the quarter ended December 31, 2006, revenue was \$0.3 million, down from \$0.9 million in the same quarter last year. Gross margin was 13.7% in the 2006 fourth quarter compared to a gross margin of 14.4% in the 2005 period. Net loss in the 2006 fourth quarter was \$6.7 million, or \$0.19 per basic share, compared to \$2.6 million, or \$0.10 per basic share, in the same period last year. The increase in net loss in 2006 was a result of the write-downs on inventory and crop costs and the valuation allowance against future income tax assets.

Chai-Na-Ta Corp., based in Richmond, British Columbia, is the world's largest supplier of North American ginseng. The Company farms, processes and distributes North

American ginseng as bulk root, and supplies processed material for the manufacture of value-added ginseng-based products.

This news release contains forward-looking statements that reflect the Company's expectations regarding future events. These forward-looking statements involve risks and uncertainties, and actual events could differ materially from those projected. Such risks and uncertainties include, but are not limited to, the success of the Company's ongoing research programs, general business conditions, and other risks as outlined in the Company's periodic filings, Annual Report, and Form 20-F.
