## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Managing Member  
Auerbach Grayson and Company LLC

We have reviewed management's statements, included in the accompanying Auerbach Grayson and Company LLC's Exemption Report, in which (1) Auerbach Grayson and Company LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(i) and (2)(ii) (the "exemption provisions"), and (2) the Company stated that it met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraphs (k)(2)(i) and (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

**12. LITIGATION**

In the normal course of business, the Company is a defendant in a pending arbitration claim. While the final outcome of the claim cannot be predicted, based on the information currently available, management and Company's counsel believe the resolution of current pending claim will not have a material impact on the Company's financial position and results of operations.

The Company is a defendant in a pending lawsuit in which the plaintiff asserts that the Company and a co-defendant owe it approximately \$2.1 million related to the Company's capital raising activities during 2016. The Company believes the complaint is without merit and intends to defend the case vigorously. Since discovery is in the earliest stages, the Company is unable to estimate a possible loss or range of possible loss; however, management and Company's counsel believe the resolution of current pending lawsuit will not have a material impact on the Company's financial position and results of operations. As of December 31, 2016, the Company has not record an accrual as it relates to this matter.
