JOHNSON INVESTMENT COUNSEL WINS REFINITIV LIPPER FUND AWARD

Johnson Equity Income Fund is a 2020 winner

REFINITIV LIPPER FUND AWARDS

2020 WINNER
UNITED STATES

CINCINNATI, OHIO - Johnson Investment Counsel announced that one of its mutual funds received the 2020 Lipper Fund Award in recognition of consistently strong-risk adjusted performance relative to its peers. The Johnson Equity Income Fund is a 2020 winner of the Refinitiv Lipper Fund Award for "Best Fund over 3 Years" for Equity Income Funds.

This honor is given to individual mutual funds that have outperformed peers based on risk-adjusted, consistent returns over three-, five-, and 10-years. Refinitiv Lipper designates award-winning funds in most individual classifications for the three-, five-, and 10-year periods.

"Our core objective is to enhance the spending power of capital through a focused discipline on quality and shareholder yield. We are honored to receive this award in recognition of our consistent long term delivery on this promise to our clients," said Charles Rinehart. Charles is the lead Portfolio Manager for the Equity Income Fund and has been with the firm since 2010.

Johnson Equity Income Fund is an equity portfolio that aims to provide long-term capital growth with above-average dividend income. The Fund invests primarily in common stocks of larger-sized U.S. companies (those with a market capitalization above \$15 billion) with a focus on companies that are well positioned to navigate market and economic volatility. The portfolio management team invests through the lens of a full market cycle (peak-to-peak, trough-to-trough), seeking to outperform the index on a risk-adjusted basis. The team aims to accomplish this goal by reducing portfolio volatility and enhancing portfolio yield by investing exclusively in high quality companies with strong management teams that have a track record of building shareholder value. The team relies on a disciplined bottoms-up portfolio construction process that incorporates valuation and risk management in the context of portfolio volatility and bear market sensitivity.

Lipper Equity Income Funds Universe is composed of funds that, by prospectus language and portfolio practice, seek relatively high current income and growth of income by investing at least 65% of their portfolio in dividend-paying equity securities.
