REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder
of JHW Financial Services, Inc. dba Financial Telesis Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of JHW Financial Services, Inc. dba Financial Telesis Inc. as of December 31, 2023, the related statements of income, changes in stockholder's equity, and cash flows for the year then ended, and the related notes and schedules (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of JHW Financial Services, Inc. dba Financial Telesis Inc. as of December 31, 2023, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of JHW Financial Services, Inc. dba Financial Telesis Inc. management. Our responsibility is to express an opinion on JHW Financial Services, Inc. dba Financial Telesis Inc. financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to JHW Financial Services, Inc. dba Financial Telesis Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The Schedule I – Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission, and the Schedule II – Computation for Determination of the Reserve Requirements and Information Relating to Possession or Control Requirements for Brokers and Dealers Pursuant to Rule 15c3-3, collectively the supplemental information, has been subjected to audit procedures performed in conjunction with the audit of JHW Financial Services, Inc. dba Financial Telesis Inc.'s financial statements. The supplemental information is the responsibility of JHW Financial Services, Inc. dba Financial Telesis Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to the Financial Statements

December 31, 2023

1. Organization

JHW Financial Services, Inc. dba Financial Telesis, Inc. (the "Company"), a California S corporation, was incorporated on June 26, 1992 and registered as a broker-dealer under the Securities Exchange Act of 1934 in December 1992. The Company commenced securities transactions in January 1993. The Company primarily operates as an investment banking firm, provides compliance consulting as well as financial and operations principal ("FINOP") services to other registered broker dealers, and receives mutual fund trails.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments (none of which are held for trading purposes) approximate the carrying values of such amounts. The Company has no financial instruments required to be reported at fair value on a recurring basis.

Cash and Cash Equivalents

The Company considers all demand deposits held in banks and certain highly liquid investments with original maturities of three months or less, other than those held for sale in the ordinary course of business, to be cash equivalents. At December 31, 2023, there were no cash equivalents.

Accounts Receivable

Accounts receivable represents amounts that have been earned and billed to clients in accordance with the terms of the Company's engagement letters with respective clients that have not yet been collected. No allowance for credit losses was considered necessary as of December 31, 2023.

Equipment

Equipment is recorded at cost. Maintenance and repairs are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful life (5 years) of the asset. The Company's policy is to capitalize equipment purchases greater than \$1,000.

Benefit Plan

The Company provides a pension plan to eligible employees. The Company records annual amounts relating to this plan based on calculations specified by the U.S. GAAP.

JHW Financial Services, Inc.
dba Financial Telesis, Inc.

Notes to the Financial Statements

December 31, 2023

2. Significant Accounting Policies (continued)

Leases

At inception, the Company determines if an agreement constitutes a lease and, if so, whether the lease is an operating or finance lease. Leases that have terms of one year or less are deemed short term and are expensed on a straight-line basis over the term of the lease. Operating leases that exceed one year are included in operating lease right-of-use ("ROU") assets and operating lease liabilities on the Statement of Financial Condition. Finance leases that exceed one year are included in property and equipment and other liabilities on the Statement of Financial Condition. For the year ended December 31, 2023, the Company had one short term lease.

Income Taxes

Commencing in 1995, with the consent of its stockholder, the Company elected under the Internal Revenue Code to be taxed as an S corporation. In lieu of corporate income taxes, the Company's income or loss is generally passed through to the stockholder's federal and state individual income tax returns. However, the Company is liable for California Franchise Tax on S corporations at a 1.5% rate.

The Company is no longer subject to income tax examinations by tax authorities for years before 2019.

Deferred income taxes are recognized for differences between the basis of assets and liability for financial statement and income tax purposes. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Deferred tax assets and liabilities are not significant for the Company.

3. Employee Benefit Plans

The Company has a qualified 401(k) profit sharing plan ("401(k)") and a cash balance defined benefit plan ("DB Plan") for eligible employees.

The 401(k) covers substantially all employees meeting certain eligibility requirements. Participants may contribute a portion of their compensation to the 401(k), up to the maximum amount permitted under Section 401(k) of the Internal Revenue Code. The Company is able to make discretionary contributions to the 401(k). For 2023, the Company did not make a contribution to the 401(k).

The Company sponsors a noncontributory, defined-benefit cash balance pension plan that covers all eligible employees of the Company. Benefits are based on the value of the participants' cash balance account. The cash balance account consists of the accumulated value of all cash balance credits and interest credits provided under the terms of the DB Plan. Cash balance credits are based on a participant's age and pension compensation. The funding policy for the DB Plan is to contribute amounts sufficient to meet the minimum funding requirement of the Employee Retirement Income Security Act of 1974 plus any additional amount that the Company may determine to be appropriate. Currently the only eligible employee is the sole shareholder of the Company. Since the Company has designed the DB Plan for one individual, in accordance with FASB ASC 715, Compensation-Retirement Benefits, the DB Plan is accounted for as a Deferred Compensation Arrangement. The Company makes contributions to the DB Plan equal to the amounts accrued for pension expense. The sole stockholder has been designated as the trustee of DB Plan assets. The trustee has the sole discretion to invest DB Plan assets.

3. Employee Benefit Plans (continued)

The annual measurement date is December 31 for the DB Plan plan. The following table provides information about the plan assets and the funded status of the Company's 401(k) and DB Plan as of December 31, 2023:

| | 401(k) | DB Plan |
|--|--------------|--------------|
| Fair value of plan assets at December 31, 2023 | \$ 1,157,445 | \$ 1,670,860 |
| Employer contributions | - | 300,000 |
| Participant contributions | 30,000 | - |

| Amounts recognized in the Statement of Financial Condition consist of: | | |
| Assets | \$ - | \$ - |
| Liabilities | - | 250,000 |
| | \$ - | \$ 250,000 |

Defined Benefit Plan Assets

The Company's overall investment strategy is to provide a regular and reliable source of income to meet the liquidity needs of the DB Plan and minimize reliance on the DB Plan sponsor contributions as a source of benefit security. The Company's investment policy includes various guidelines and procedures designed to ensure assets are invested in a manner necessary to meet expected future benefits earned by participants. The target allocation ranges by major asset classes are central to the investment policy. The objective of the target allocations is to ensure DB Plan assets are invested with the intent to protect assets and provide long-term growth. By protecting DB Plan assets and providing long term growth, the DB Plan aims to maximize the amounts available to provide benefits without undue risk. Also considered are the weighted average return of a capital markets model and historical returns on comparable equity, debt, and other investments. The overall investment strategy is to achieve approximately 20% to 60% equities securities and 40% to 80% fixed income securities. As of December 31, 2023, the DB Plan assets were invested as follows: equity securities 45%, fixed income securities 53%, and cash and cash equivalents of 2%. Fixed income securities include corporate bonds of companies in diversified industries. Other investments are short-term in nature, including certificates of deposit and time deposits.

The fair values of the Company's DB Plan assets at December 31, 2023, by asset category are as follows:

| | Total | Quoted Prices In Active Markets for Identical Assets (Level 1) | Significant Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|-----------------------------|--------------|---|--|--|
| Mutual Funds (a) | \$ 1,053,802 | \$ 1,053,802 | - | - |

4. Revenue from Contracts with Customers

Revenue from contracts with customers is recognized when, or as, the Company satisfies performance obligations by transferring the promised goods or services to the customers. A good or service is transferred to a customer when, or as, the customer obtains control of that good or service. A performance obligation may be satisfied over time or at a point in time. Revenue from a performance obligation satisfied over time is recognized by measuring progress in satisfying the performance obligation in a manner that depicts the transfer of the goods or services to the customer. Revenue from a performance obligation satisfied at a point in time is recognized at the point in time when it is determined the customer obtains control over the promised good or service. The amount of revenue recognized reflects the consideration the Company expects to be entitled to in exchange for those promised goods or services (i.e., the “transaction price”). In determining the transaction price, the Company considers multiple factors, including the effects of variable consideration. Variable consideration is included in the transaction price only to the extent it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur and when the uncertainties with respect to the amount are resolved. In determining when to include variable consideration in the transaction price, the Company considers the range of possible outcomes, the predictive value of past experiences, the time period of when uncertainties expect to be resolved and the amount of consideration that is susceptible to factors outside of the Company’s influence, such as market volatility or the judgment and actions of third parties.

The following provides detailed information on the recognition of revenue from contracts with customers:

Investment Banking Fees

Clients are provided with a full range of financial advisory services which primarily consist of fees generated in connection with merger, acquisition and restructuring transactions. Financial advisory service revenue can be both fixed and variable and can be recognized over time and at a point in time. Typically, merger and acquisition engagements consist of both installment fees and transaction fees. Installment fees are fixed fees recognized over time using a time elapsed measure of progress as the Company’s clients simultaneously receive and consume the benefits of those services as they are provided. Transaction fees are recognized at a point in time when the agreed upon service has been provided or transaction is completed since the related performance obligation has been satisfied. Milestone payments are recognized upon the completion of specific milestones.

Mutual Fund Fees, 12b-1 Fees, and Commissions and Fees from Trading (“Fees”)

The Company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive Fees paid by the fund up front, over time, upon the investor’s exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company’s influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Notes to the Financial Statements

December 31, 2023

4. Revenue from Contracts with Customers (continued)

Consulting Fees

The Company provides compliance consulting services as well as financial and operations principal services to other registered broker dealers for a monthly consulting fee. These consulting fees are fixed fees recognized over time using a time elapsed measure of progress as the Company's clients simultaneously receive and consume the benefits of those services as they are provided.

Disaggregation of Revenue

The following table presents the Company's revenue from contracts with customers by business activity for the year ended December 31, 2023:

| | Institutional Investors | Private Client | Broker- Dealer | Total |
|---|----------------------------|-------------------|-------------------|-------------|
| Revenue from contracts with customers: | | | | |
| Investment banking fees –success fees | \$ 675,925 | \$ - | \$ - | \$ 675,925 |
| Consulting fees | - | - | 269,900 | 269,900 |
| Mutual fund and 12b-1 fees | - | 217,201 | - | 217,201 |
| Commissions and fees from trading | - | 89,488 | - | 89,488 |
| Total revenue from contracts with customers | \$ 675,925 | \$ 306,689 | \$ 269,900 | \$1,252,514 |

Contract Balances

Income is recognized upon completion of the related performance obligation and when an unconditional right to payment exists. The timing of revenue recognition may differ from the timing of customer payments. Fees received prior to the completion of the performance obligation are recorded as deferred revenue on the statement of financial condition until such time when the performance obligation is met. Deferred revenue from contracts with customers totaled \$1,850 and \$1,150 as of January 1, 2023 and December 31, 2023, respectively. For the year ended December 31, 2023, \$1,850 of income recognized was deferred in the prior year.

Alternatively, a receivable is recognized when a performance obligation is met prior to receiving payment by the customer. Receivables related to revenue from contracts with customers were \$28,977 and \$52,817 as of January 1, 2023 and December 31, 2023, respectively. There was no significant impairment related to these receivables for the year ended December 31, 2023.

Contract Costs

Direct incremental costs to obtain a contract or fulfill a contract are evaluated under the criteria for capitalization on a contract by contract basis. There were no capitalized contract costs as of December 31, 2023.

Expenses associated with investment banking advisory engagements are recognized as incurred as related performance obligations are satisfied over time. All investment banking advisory expenses are recognized as commission expense on the Statement of Income.

Notes to the Financial Statements

December 31, 2023

5. Lease Obligations

Per FASB 842-20-25-2, the Company has made an accounting policy election not to recognize right-of-use assets and lease liabilities that arise from short-term leases for any class of underlying asset. Since the Company's month-to-month office lease is deemed short-term, it does not recognize the related right-of-use asset or lease liability and instead expenses lease payments as incurred. For the year ended December 31, 2023, the Company paid \$4,392 for this short-term lease and expensed such on the Statement of Income.

6. Risk Concentration

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash. For the year ended December 31, 2023, the Company maintains cash balances which, at times, may exceed federally insured limits of \$250,000 per institution. At December 31, 2023, the Company was over the insured limit by \$8,210. The Company has not experienced any losses on its cash deposits.

For the year ended December 31, 2023, 100% of investment banking fees was earned from one customer.

7. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the Company to maintain a minimum net capital equal to the greater of \$5,000 or a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined. At December 31, 2023, the Company's net capital was \$133,653 which exceeded the requirement by \$115,739.

8. Subsequent Events

The Company has evaluated subsequent events through the date of the Report of the Independent Registered Public Accounting Firm, which is also the date financial statements were issued, and did not note any material events requiring disclosure.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder
of JHW Financial Services, Inc. dba Financial Telesis, Inc.

We have reviewed management's statements, included in the accompanying SEA Rule 15c3-3 Exemption Report, in which (1) JHW Financial Services, Inc. dba Financial Telesis, Inc. (the Company) did not claim an exemption under paragraph (k) of 17 C.F.R. §240.15c3-3, and (2) the Company is filing this SEA Rule 15c3-3 Exemption Report relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5 because the Company limits its business activities exclusively to: (1) the retail of mutual funds; (2) broker selling variable life insurance or annuities; (3) merger and acquisition advisory services, and the Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers; (2) did not carry accounts of or for customers; and (3) did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

JHW Financial Services, Inc. dba Financial Telesis, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about JHW Financial Services, Inc. dba Financial Telesis, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based upon the Company's business activities as a non-covered firm.
