MiFID II product governance / Retail investors, professional investors and ECPs target market - Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Bonds are appropriate, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. The target market assessment does not indicate that the Notes are incompatible with the needs, characteristics and objectives of any particular client. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

For the purposes of this provision, the expression "manufacturer" means the Dealer.

European Bank for Reconstruction and Development (the "Issuer") does not fall under the scope of application of MiFID II. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of MiFID II.
