MiFID II product governance / Professional investors and ECPs target market:

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Annex A

Calculation of Fixed Interest Amount, Early Redemption Amount and Final Redemption Amount

The Early Redemption Amount or Final Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Maturity Date or Early Redemption Date (if any), as applicable, and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

Specified Denomination x (1/Reference Rate on the applicable Rate Fixing Date) rounded to the nearest USD with USD 0.5 being rounded up

The Fixed Interest Amount per Specified Denomination will be payable in USD on each Fixed Interest Date and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

Specified Denomination x Fixed Rate of Interest x (1/Reference Rate on the applicable Rate Fixing Date) x Day Count Fraction rounded to the nearest USD with USD 0.5 being rounded up

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Final Redemption Amount, Early Redemption Amount and Fixed Interest Amount payable per Specified Denomination on the Maturity Date, Early Redemption Date or relevant Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than the Business Day immediately following the relevant Rate Fixing Date).

If the Reference Rate is not available for any reason on Reuters Page: JISDOR Index or any successor page on any Rate Fixing Date, the Calculation Agent shall determine that a price source disruption event (a "**Price Source Disruption Event**") has occurred and shall promptly inform the Issuer and Agent of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of

- (i) the day falling five Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and
- (ii) the Postponed Fixed Interest Date (as defined below), the Postponed Maturity Date (as defined below), or the Postponed Early Redemption Date (if any) (as defined below), as the case may be.

If on the 10th Business Day following the original Rate Fixing Date, the Reference Rate on the Reuters Page: JISDOR Index (or successor page) is still unavailable then the rate (the "**Fallback Reference Rate**") shall be the arithmetic mean of such firm quotes (expressed as the number of IDR per one USD) from five Reference Dealers as the Calculation Agent is able to obtain for the sale of IDR and the purchase of USD at or about 10:30 a.m. Jakarta time, on the applicable Rate Fixing Date for settlement two (2) Jakarta Business Days thereafter, provided that the highest and lowest of such quotes will be disregarded and the arithmetic mean of the remaining quotes shall be the Fallback Reference Rate. If four quotations are provided, the Fallback Reference Rate will be the arithmetic mean of those quotations after eliminating the highest quotation and the lowest quotation, If fewer than four (but at least two) Reference Dealers provide such firm quotes then the average of the quotes actually obtained shall apply, and if none of the Reference Dealers provides such a firm quote, the Fallback Reference Rate will be determined by the Calculation Agent in its sole discretion, acting in good faith and in an impartial and in a commercially reasonable manner in accordance with its normal procedures for determining such exchange rate (or a comparable exchange rate) at such time.

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of USD/IDR Spot Rate as soon as practicable after such determination.
