Annex

The Rate of Interest for each Interest Period will, subject as provided below, be Compounded SOFR plus the Margin.

For any Interest Period, “**Compounded SOFR**” will be calculated by the Calculation Agent on each Interest Determination Date as follows and the resulting percentage will be rounded, if necessary, to the fourth decimal place of a percentage point, with 0.00005 being rounded upwards:

where:

“**d_c**” means the number of calendar days from (and including) SOFR Index_{Start} to (but excluding) SOFR Index_{End};

“**Interest Period**” means quarterly, from and including the prior Interest Payment Date (or if there is no prior Interest Payment Date, the Interest Commencement Date) to, but excluding, the next Interest Payment Date (or, in the case of the final Interest Period, the Maturity Date, or, in the case of the Notes becoming due and payable, the date on which the Notes become due and payable);

“**SOFR Index_{End}**” means the SOFR Index value on the day which is two U.S. Government Securities Business Days preceding (i) the Interest Payment Date relating to such Interest Period, or (ii) in the final Interest Period, the Maturity Date, or (iii) if the Notes become due and payable, the date on which the Notes become due and payable (each, an “**Index Determination Date**”);

“**SOFR Index_{Start}**” means the SOFR Index value on the day which is two U.S. Government Securities Business Days preceding the first date of the relevant Interest Period (an “**Index Determination Date**”); and

“**U.S. Government Securities Business Day**” means any day except for a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. Government Securities.

If the SOFR Index is unavailable on the Relevant Screen Page on any relevant Index Determination Date, “**Compounded SOFR**” will be calculated by the Calculation Agent on the relevant Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the fourth decimal place of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

“**Reference Period**” shall mean, the period from and including the date which is two U.S. Government Securities Business Days preceding the first date of the relevant Interest Period to, but excluding, the date which is two U.S. Government Securities Business Days preceding (i) the Interest Payment Date relating to such Interest Period, or (ii) in the final Interest Period, the Maturity Date, or (iii) if the Notes become due and payable, the date on which the Notes become due and payable.

“**SOFR_i**” means the SOFR Reference Rate for the U.S. Government Securities Business Day “**i**” in the relevant Reference Period (and published on the following US Government Securities Business Day).

“**SOFR Reference Rate**” means, in respect of any U.S. Government Securities Business Day, a reference rate equal to the daily secured overnight financing rate (“**SOFR**”) for such U.S. Government Securities Business Day as provided by the Federal Reserve Bank of New York, as the administrator of such rate (or any successor administrator of such rate) on the website of the Federal Reserve Bank of New York currently at <http://www.newyorkfed.org>, or any successor website of the Federal Reserve Bank of New York or successor administrator (on or about 3:00 p.m., New York City time, on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day).

If, in respect of any U.S. Government Securities Business Day in the relevant Reference Period, the Calculation Agent determines that the SOFR Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SOFR Reference Rate shall be:

- a) (i) the daily Overnight Bank Funding Rate (the “**OBFR**”) prevailing at close of business on or about 5:00pm (New York City time) on the relevant U.S. Government Securities Business Day; plus (ii) the mean of the spread of the SOFR Reference Rate to the OBFR over the previous five days on which a SOFR Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the OBFR;
- b) if the OBFR is not published by the Federal Reserve Bank of New York at close of business on the relevant US Government Securities Business Day, such SOFR Reference Rate shall be (i) the Effective Federal Funds Rate (the “**EFFR**”) prevailing at close of business on the relevant US Government Securities Business Day; plus (ii) the mean of the spread of the SOFR Reference Rate to the EFFR over the previous five days on which a SOFR Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest

spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the EFFR; or

- c) if neither the OBFR nor the EFFR nor SOFR are published by the Federal Reserve Bank of New York (or successor administrator) at close of business on the relevant US Government Securities Business Day, the SOFR Reference Rate shall be the SOFR Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding US Government Securities Business Day on which the SOFR Reference Rate was published on the website of the Federal Reserve Bank of New York or the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Notwithstanding the paragraphs above, if the Federal Reserve Board and/or the Federal Reserve Bank of New York publishes guidance as to (i) how the SOFR Reference Rate is to be determined or (ii) any rate that is to replace the SOFR Reference Rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SOFR for the purpose of the Notes for so long as SOFR Reference Rate is not available or has not been published by the authorised distributors.

If the Notes become due and payable in accordance with Condition 9, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Pricing Supplement, be deemed to be the date which is two U.S. Government Securities Business Days preceding the date on which the Notes became due and payable, and the Rate of Interest on the Notes shall, for so long as the Notes remain outstanding, be that determined on such date.
