Annex

Calculation of Fixed Interest Amount per Specified Denomination and Early Redemption Amount and Final Redemption Amount per Specified Denomination

The Early Redemption Amount and the Final Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Early Redemption Date (if any) or the Maturity Date (subject to disruption event provisions below), as applicable, and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

(Specified Denomination / Reference Rate) rounded to the nearest cent with USD 0.005 being rounded up

The Fixed Interest Amount per Specified Denomination will be payable in USD on each Fixed Interest Date (subject to disruption event provisions below) and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

(Fixed Interest Amount / Reference Rate) rounded to the nearest cent with USD 0.005 being rounded up

The Calculation Agent shall notify the Issuer, the Agent (who will in turn inform the Noteholders) of its determination of the Final Redemption Amount or Early Redemption Amount per Specified Denomination and Fixed Interest Amount payable per Specified Denomination on the Maturity Date, Early Redemption Date or the relevant Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than four Business Days prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date).

If the Reference Rate is not available for any reason on the Bank Indonesia's website (www.bi.go.id) or otherwise made available by Bank Indonesia or its successor as administrator (or its successor as administrator) on any Rate Fixing Date, then the Calculation Agent shall determine that a Price Source Disruption Event (a **"Price Source Disruption Event"**) has occurred, and shall promptly inform the Issuer and Agent (who will in turn inform the Noteholders) of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of (i) the day falling four Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and (ii) the Postponed Fixed Interest Date (as defined below), the Postponed Maturity Date (as defined below) or the Postponed Early Redemption Date (if any) (as defined below) as the case may be.

If on the 10th Business Day following the original Rate Fixing Date the Reference Rate on the Bank Indonesia's website (www.bi.go.id) or otherwise made available by Bank Indonesia or its successor as administrator (or its successor as administrator) is still unavailable then the Reference Rate (the **"Fallback Reference Rate"**) shall be the average of such firm quotes (expressed as the number of IDR per one USD) from five Reference Dealers as the Calculation Agent is able to obtain for the sale of IDR and the purchase of USD at or about 10:00 a.m. Jakarta time on the Rate Fixing Date for settlement four Jakarta Business Days thereafter. If more than three quotations are provided, the Fallback Reference Rate will be the arithmetic mean of those quotations, after eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or in the event of equality, one of the lowest). If fewer than four (but at least two) Reference Dealers provide such firm quote then the average of the quotes actually obtained shall apply, and if none of the Reference Dealers provides such a firm quote, the Reference Rate will be determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner.

The Calculation Agent shall notify the Issuer, the Agent (who shall in turn inform the Noteholders) of its determination of the Reference Rate as soon as practicable after such determination.
