Annex
Calculation of Fixed Interest Amount per Specified Denomination and Early Redemption Amount and Final Redemption Amount per Specified Denomination

The Early Redemption Amount and the Final Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Early Redemption Date (if any) or the Maturity Date (subject to disruption event provisions below), as applicable, and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

Specified Denomination x (1 / Reference Rate on the applicable Rate Fixing Date) rounded to the nearest cent with USD 0.005 being rounded up

The Fixed Interest Amount per Specified Denomination will be payable in USD on each Fixed Interest Date (subject to disruption event provisions below) and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

Specified Denomination x Fixed Rate of Interest x (1 / Reference Rate on the applicable Rate Fixing Date) x Fixed Day Count Fraction rounded to the nearest cent with USD 0.005 being rounded up

The Calculation Agent shall notify the Issuer and the Agent (who will in turn inform the Noteholders) of its determination of the Final Redemption Amount or Early Redemption Amount per Specified Denomination and Fixed Interest Amount payable per Specified Denomination on the Maturity Date, Early Redemption Date or the relevant Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than three Payment Business Days prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date).

If the Reference Rate is not available for any reason on the Banco Central de reserve del Peru (www.bcrp.gob.pe) as the “Tipo de Cambio Interbancario Promedio” (or on any successor or replacement website) at approximately 2:00 p.m. Lima time on any Rate Fixing Date, then the Calculation Agent shall determine that a Price Source Disruption Event (a “**Price Source Disruption Event**”) has occurred, and shall promptly inform the Issuer and Agent (who will in turn inform the Noteholders) of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of:

- (i) the day falling four Payment Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists; and
- (ii) the Postponed Fixed Interest Date (as defined below), the Postponed Maturity Date (as defined below) or the Postponed Early Redemption Date (if any) (as defined below) as the case may be.

If the Calculation Agent has determined that a Price Source Disruption Event has occurred, the Reference Rate will be determined on the Valuation Business Day first succeeding the day on which the Price Source Disruption Event ceases to exist (a “**Valuation Postponement**”), unless the Price Source Disruption Event continues to exist (measured from the date, that, but for the occurrence of the Price Source Disruption Event, would have been the Rate Fixing Date) for a consecutive number of calendar days equal to the Maximum Days of Postponement. In such event, the Reference Rate will be determined on the next Valuation Business Day after the Maximum Days of Postponement by the Calculation Agent who will determine the Reference Rate

(or a method for determining the Reference Rate) in good faith and in a commercially reasonable manner.

In the event the scheduled Rate Fixing Date becomes subject to the Following Business Day Convention after the occurrence of an Unscheduled Holiday, and if the Rate Fixing Date has not occurred on or before the 14th consecutive calendar day after the scheduled Rate Fixing Date (any such period being a “**Deferral Period**”), then the next day after the Deferral Period that would have been a Valuation Business Day but for the Unscheduled Holiday, shall be deemed to be the Rate Fixing Date.

Notwithstanding anything herein to the contrary, in no event shall the total number of consecutive calendar days during which either (i) valuation is deferred due to an Unscheduled Holiday, or (ii) a Valuation Postponement for Price Source Disruption Event shall occur (or any combination of (i) and (ii)), exceed fourteen (14) consecutive calendar days in the aggregate. Accordingly, (x) if, upon the lapse of any such fourteen (14) calendar day period, an Unscheduled Holiday shall have occurred or be continuing on the day following such period, which but for the Unscheduled Holiday, would have been a Valuation Business Day, then such day shall be deemed to be a Rate Fixing Date, and (y) if, upon the lapse of any such fourteen (14) calendar day period, a Price Source Disruption Event shall have occurred or be continuing on the day following such period, which but for the Unscheduled Holiday, would have been a Valuation Business Day, then a Valuation Postponement shall not apply and the Reference Rate (or a method for determining the Reference Rate) shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner.

For the avoidance of doubt, if the Postponed Early Redemption Date, Postponed Fixed Interest Date or Postponed Maturity Date is not a Payment Business Day, then such date (as applicable) shall occur on the next following Payment Business Day.

For the purposes of these provisions:

“**Calculation Agent**” means Morgan Stanley Capital Services LLC (“**MSCS**”), in accordance with the provisions of the calculation agency agreement entered into between the Issuer and the Calculation Agent dated 19 October 2018 (as amended and/or supplemented from time to time, the “**Calculation Agency Agreement**”). “**Payment Business Day**” means any day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Lima, London and New York City;

“Reference Rate” means in respect of a Rate Fixing Date, the PEN/USD spot exchange rate in respect of such Rate Fixing Date, expressed as the amount of PEN per one USD determined by the Calculation Agent by reference to the “Banco Central de reserve del Peru (www.bcrp.gob.pe) (or on any successor or replacement website) as the “Tipo de Cambio Interbancario Promedia” at 2:00 p.m. Lima time, on the Rate Fixing Date, as usually published on the Bloomberg Page <PEN-REGN CURRENCY> (or any successor or replacement page), provided that the PEN/USD exchange rate found on the Banco Central de reserve del Peru website shall prevail in case of conflict with the PEN/USD exchange rate found on Bloomberg Page <PEN-REGN CURRENCY> (or any successor or replacement page);

“Unscheduled Holiday” means that a day is not a Valuation Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in Lima two (2) Valuation Business Days prior to the scheduled Rate Fixing Date; and
