2017 BUSINESS HIGHLIGHTS

The Company believes it achieved superior results in 2017, despite experiencing significant retail headwinds. During 2017, 13 tenants in our portfolio declared bankruptcy, and combined with certain other brand-wide restructurings by retailers, we recaptured approximately 201,000 square feet within our consolidated portfolio. That amount is nearly double the amount of space recaptured in 2016.

We are proud of these achievements as they point to our ability to create long-term value for our shareholders. Among other achievements in 2017, our executive officers and other dedicated employees led the Company to realize the following results:

- **Adjusted Funds From Operations ("AFFO")** available to common shareholders, which excludes certain items that the Company does not consider indicative of its ongoing operating performance, increased 4% to \$2.46 per share, or \$245.3 million, for the 2017 period compared to \$2.37 per share, or \$238.4 million for the 2016 period.
- **Same Center Net Operating Income ("Same Center NOI")** increased for the 14th consecutive year.
- **Consolidated Portfolio occupancy** rate was 97.3% at year-end 2017 (compared to 97.7% on December 31, 2016). This past year marked our 37th consecutive year with year-end occupancy of 95% or greater.
- **Quarterly common share cash dividend** raised in April by 5.4% on an annualized basis to \$1.37 per share, marking the 24th consecutive year of increased dividends.
- **Blended average rental rates** increased 12.1% on 343 leases totaling approximately 1,508,000 square feet renewed or released throughout the consolidated portfolio during the trailing twelve months ended December 31, 2017, excluding 9 leases totaling 165,000 square feet in the centers with major re-merchandising projects during 2017. Including these 9 leases, blended average rental rates increased 8.8% on 352 leases totaling approximately 1,673,000 square feet renewed or released throughout the consolidated portfolio during the trailing twelve months ended December 31, 2017.

- **Completed two construction projects:** Lancaster, Pennsylvania (123,000 square foot expansion) and Fort Worth, Texas (352,000 square foot new outlet center), which combined represent a 3.2% expansion of the Company's overall footprint at the beginning of 2017. Both projects opened at approximately 93% leased, which we believe was a significantly higher opening lease rate than any other domestic outlet project opened in 2017.
- **Completed a public offering** of \$300 million of 3.875% unsecured senior notes due July 2027 and used the net proceeds and unsecured lines of credit borrowings to redeem \$300 million of outstanding 6.125% unsecured senior notes due June 2020.
- **Increased liquidity** by amending our line of credit agreements to extend maturity by two years in January 2018, increase our borrowing capacity to \$600 million from \$520 million, and reduce the interest rate spread to 87.5 basis points over LIBOR from 90 basis points.
- **Interest coverage ratio** was 4.46 times for 2017, compared to 4.40 times for 2016.
- **Total Shareholder Return ("TSR")** over the longer term has performed above market generating a 99% return for our shareholders over the past ten years (as compared to an 80% return generated by the SNL US Retail REIT Index).

As of December 31, 2017, we had a total enterprise value of approximately \$4.4 billion, including approximately \$1.8 billion of debt outstanding, equating to a 40% debt-to-total market capitalization ratio. The Company had \$208.1 million outstanding out of \$520 million in available unsecured lines of credit and total outstanding floating rate debt of \$268 million, representing 15% of total debt outstanding, or about 6% of total enterprise value. Approximately 94% of the Company's consolidated square footage was unencumbered. Tanger's outstanding debt had a weighted average interest rate of 3.3% and a weighted average term to maturity of approximately 6.3 years as of December 31, 2017.

Thanks in part to these operational results, we were able to return additional value to our shareholders in 2017 by increasing our quarterly dividend per share by 5.4% (from \$0.325 to \$0.3425), marking the 24th consecutive annual dividend increase since we became a public company in May 1993. In addition, we repurchased a total of 1.9 million common shares during the year at a weighted average price of \$25.80 per share for total consideration of \$49.3 million, leaving \$75.7 million remaining under Tanger's \$125.0 million share repurchase authorization, which is valid through May 2019.

Funds From Operations (referred to as "FFO"), AFFO and Same Center NOI are financial measures that the Company's management believes to be important supplemental indicators of our operating performance and which are used by securities analysts, investors and other interested parties in the evaluation of REITs, but are not measures computed in accordance with generally accepted accounting principles (referred to as "GAAP"). For a discussion of FFO, AFFO and Same Center NOI, including a reconciliation to GAAP, please see [Appendix A](#).

2017 EXECUTIVE COMPENSATION HIGHLIGHTS

The Compensation Committee believes that an executive compensation program that strongly links both the short-term and long-term performance of the Company and the compensation of our executive officers is a key driver of our long-term financial success. In 2017, the Compensation Committee took into account a number of operational and

financial factors in setting compensation, including the successful results described above in 2017 Business Highlights.

The Compensation Committee believes that incentivizing the management team to continue to focus on driving superior operating performance, will ultimately result in the creation of strong long-term shareholder value.

FOCUS ON COMPANY PERFORMANCE

The Company believes that our current executive compensation program represents a thoughtful, balanced program with a pay-for-performance structure that focuses on Company performance and reflects the feedback of our shareholders. In years that our shareholder value has increased, compensation for our CEO and other named executive officers (referred to as "NEOs") has generally increased. Conversely, in years that our shares have underperformed, compensation for our CEO and other NEOs has generally declined.

Our compensation program is designed to align the interests of our CEO and other named executive officers with those of our shareholders. Key compensation decisions made based on 2017 performance include:

- Despite the significant retail headwinds during 2017, we still achieved several of our compensation program goals. The Company delivered strong financial growth and operational performance in 2017, including in particular a 4% increase in AFFO to \$2.46 per share, which resulted in the achievement of the maximum AFFO performance metric under the Incentive Cash Bonus Plan (as defined below under

"Compensation Discussion and Analysis"). Nonetheless, given that our Same Center NOI growth of 0.5% did not meet our threshold goal of 1.5% growth, and our leverage ratio of 50.9% was between our threshold and target goals, our CEO's cash bonus under the Incentive Cash Bonus Plan for fiscal 2017 was 22.5% lower than his cash bonus received for fiscal 2016 and his total direct compensation decreased by 3.9%.

- The total value of equity compensation, including both time-based restricted Common Shares and the outperformance plan (referred to as "OPP") awards granted to our NEOs in 2018 for 2017 performance remained the same as the prior year.
- Our CEO's total realized compensation for 2017 was 40% less than his 2016 total realized compensation.
- CEO compensation is predominantly comprised of equity awards accounting for approximately 71% of his total direct compensation, with cash compensation reflecting the remaining 29%.

As the shareholder of record, you have the right to vote in person at the annual meeting or to vote by proxy. You may vote by any of the following methods:

When you vote by proxy, you authorize our officers listed on the proxy card to vote your shares on your behalf as you direct.

If you sign and return a proxy card, or vote using the internet or by telephone, but do not provide instructions on how to vote your shares, the designated officers will vote on your behalf as follows:

- **FOR** the election of each of the eight individuals named in this Proxy Statement to serve as directors;
- **FOR** the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018; and
- **FOR** the approval, on a non-binding basis, of the compensation of our named executive officers.

BENEFICIAL OWNER—VOTING INSTRUCTIONS

If your shares are held in a brokerage account or by a bank or other nominee, the broker, bank or nominee is considered, with respect to those shares, the shareholder of record, and you are considered the beneficial owner of shares held in street name. If you are a beneficial owner but not the shareholder of record, your broker, bank or nominee will vote your shares as directed by you. If you wish to vote your shares in person at the annual meeting, you must obtain a proxy from your broker, bank or nominee giving you the right to vote the shares at the meeting.

If your shares are held in street name by a broker, bank or other nominee, you may direct your vote by submitting your voting instructions to your broker, bank or other nominee. Please refer

to the voting instructions provided by your account manager. Your broker, bank or nominee must vote your shares as you direct. If your shares are held by your broker and you do not give your broker voting instructions, your shares will not be voted with respect to the election of our directors and the approval, on a non-binding basis, of the compensation of our named executive officers. Therefore, to be sure your shares are voted on these matters, please instruct your broker, bank or other nominee as to how you wish it to vote. Your broker does, however, have discretionary authority to vote on the ratification of the appointment of the independent registered public accounting firm, and may do so when you have not provided instructions on that matter.

QUORUM AND VOTING REQUIREMENTS

Under our By-Laws, a majority of the votes entitled to be cast on a matter constitutes a quorum for action on that matter at the annual meeting. Under our By-Laws and North Carolina law, shares represented at the meeting by proxy for any purpose will be deemed present for quorum purposes for the remainder of the meeting. In uncontested elections, directors will be elected if the votes cast for the nominee's election exceed the votes cast against the nominee's election by the Common Shares entitled to vote in the election, provided that a quorum is present. In a contested election, directors are elected by a plurality of the votes cast by the Common Shares entitled to vote in the election. An election is contested if the Secretary of the Company determines that the number of nominees, as determined in accordance with the Company's By-Laws, exceeds the number of directors to be elected, and the Secretary has not rescinded

such determination by the record date. If directors are to be elected by a plurality of votes cast, shareholders shall not be permitted to vote against a nominee. This year's election is uncontested. Accordingly, directors will be elected if the votes cast for the nominee's election exceed the votes cast against the nominee's election. In addition, Proposals #2 and #3 will be approved if the votes cast for the proposal exceed the votes cast against the proposal. Abstentions, broker non-votes and shares that are present at the meeting for any other purpose but that are not voted on a particular proposal will not affect the outcome of the vote on the election of directors or Proposals #2 and #3. Any other proposal to come before the meeting will be approved if the votes cast for the proposal exceed the votes cast against the proposal unless the North Carolina Business Corporation Act requires a greater number of affirmative votes.

REVOCATION OF PROXIES

You may revoke your proxy at any time before it is voted. If you hold your shares in your own name as a shareholder of record, you may revoke your proxy or change your vote in any of the following ways:

- by signing and submitting a new proxy card;
- by submitting new votes through internet or telephone voting;
- by delivering to the Secretary of the Company written instructions revoking your proxy; or
- by attending the meeting and voting in person.

You cannot revoke your proxy by merely attending the meeting. If you dissent, you will not have any rights of appraisal with respect to the matters to be acted upon at the meeting.

If your shares are held in street name by a broker, bank or other nominee, you may revoke your voting instructions by submitting new voting instructions to the broker, bank or other nominee who holds your shares.

PROXY SOLICITATION

We are making this solicitation and will pay the entire cost of preparing and distributing the Notice, proxy materials and Annual Report and of soliciting proxies from the holders of our Common Shares. If you choose to access the proxy materials and Annual Report and/or vote over the internet, you are responsible for any internet access charges you may incur. We have retained the services of Okapi Partners LLC to assist us in the solicitation

of proxies for a fee of \$8,000 plus out of pocket expenses. Our directors, officers and employees may, but without compensation other than their regular compensation, also solicit proxies by telephone, fax, e-mail or personal interview. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending the Notice, proxy materials and Annual Report.

PROPOSAL 1 ELECTION OF DIRECTORS

Our By-Laws provide that directors be elected at each Annual Meeting of Shareholders. The Board has nominated eight director candidates for election to the Board at the meeting. Each of the eight nominees for director designated below is presently a director of the Company. It is expected that each of these nominees will be able to serve, but if any such nominee

is unable to serve, or for good cause will not serve, the proxies reserve discretion to vote for a substitute nominee or nominees designated by the Board of Directors, or the Board may elect to reduce its size. The terms of all of our directors expire at the next Annual Meeting of Shareholders or until their successors are elected and qualified.

DIRECTOR RESIGNATION POLICY

Our By-Laws provide that in uncontested elections, nominees will be elected if votes cast for each nominee's election exceed the votes cast against each nominee's election, provided that a quorum is present. Pursuant to our director resignation policy, the Board will nominate for re-election as directors only candidates who agree to tender their irrevocable resignation at or prior to their nomination. In addition, the Board will fill director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other directors in accordance with the director resignation policy. Their resignations will only become effective upon the occurrence of both the failure to receive the required majority vote for election and Board acceptance of their resignations. If a director

nominee does not receive the required vote, the Nominating and Corporate Governance Committee or another committee consisting solely of independent directors (excluding the director nominee in question) will consider and make a recommendation to the Board as to whether to accept or reject the director nominee's previously tendered resignation. The Board (not including the director nominee in question) will make a final determination as to whether to accept or reject the director nominee's resignation within 90 days following the certification of the shareholder vote. The Nominating and Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director's resignation. The Company will then promptly disclose the Board's decision in a document furnished or filed with the SEC.

BOARD DIVERSITY

The Board seeks a mix of backgrounds and experience among its members. In evaluating director candidates, the Nominating and Corporate Governance Committee uses its judgment to identify nominees whose viewpoints, backgrounds, experience and other demographics, taken as a whole, contribute to the high standards of Board service at the Company. While the Board does not follow any ratio or formula to determine the appropriate mix, the Board is committed to increasing gender and racial diversity among directors over time and, as reflected in our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee is committed to including

highly qualified women and minority candidates in each future search the Board undertakes. The Nominating and Corporate Governance Committee assesses its performance as to all aspects of the selection and nomination process for directors, including diversity, as part of its annual self-evaluation process.

The Board's commitment to diversity is reflective of the Company's policy of inclusiveness throughout the organization. Our management team reflects gender and racial diversity as well as diversity of viewpoints, background and experience. For example, fifty percent of the members of our executive leadership team are women.

NOMINEE QUALIFICATIONS

The biographical description below for each nominee includes the specific experience, qualifications, attributes and skills that led to the conclusion by the Board of Directors that such person should serve as a director of the Company. Each of our director nominees has achieved an extremely high level of success in his or her career. In these positions, each has been directly involved in the challenges relating to setting the strategic

direction or managing the financial performance, personnel and processes of complex, public and private companies. Each has had exposure to effective leaders and has developed the ability to judge leadership qualities. Each of them has experience in serving as an executive or on the board of directors of at least one other major corporation, both of which provides additional relevant experience on which each nominee can draw.

Vote Required. The nominees will be elected if votes cast for each nominee's election exceed the votes cast against each nominee's election, provided that a quorum is present. Accordingly, abstentions, broker non-votes and Common Shares present at the meeting for any other purpose but which are not voted on this proposal will not affect the outcome of the vote on the nominees. The eight nominees who were approved by the Nominating and Corporate Governance Committee for inclusion on the proxy card are standing for re-election.

THE BOARD RECOMMENDS THAT YOU VOTE FOR ALL OF THE NOMINEES SET FORTH ABOVE.

DIRECTOR INDEPENDENCE

Our Corporate Governance Guidelines and the listing standards of the NYSE require that a majority of our directors be "independent" and that every member of the Board's Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee be "independent," in each case as such term is defined by the NYSE listing requirements. Generally, independent directors are those directors who are not concurrently serving as officers of the Company and who have no material relationship with us. We presently have eight

directors, including seven independent directors. Our Board has affirmatively determined that the following seven nominees to our Board are "independent", as that term is defined under the listing standards of the NYSE: William G. Benton, Jeffrey B. Citrin, David B. Henry, Thomas J. Reddin, Thomas E. Robinson, Bridget M. Ryan-Berman and Allan L. Schuman. Steven B. Tanger is concurrently serving as our CEO and, therefore, is not independent.

BOARD LEADERSHIP STRUCTURE AND RISK OVERSIGHT

Pursuant to our By-Laws and our Corporate Governance Guidelines, our Board determines the appropriate board leadership structure for our Company from time to time. As part of our annual Board self-evaluation process, we evaluate our leadership structure to ensure that the Board continues to believe that it provides the optimal structure for our Company and shareholders. We recognize that different board leadership structures may be appropriate for companies in different situations.

We operate under a board leadership structure with separate roles for our CEO and Non-Executive Chairman of the Board. Our current leadership structure permits the CEO to focus his attention on managing our Company and permits the Non-Executive Chairman to manage the Board. Accordingly, we believe our current leadership structure, with Mr. Steven B. Tanger serving as CEO and Mr. Thomas J. Reddin serving as Non-Executive Chairman of the Board, is the optimal structure for us at this time.

The Board is responsible for overseeing the Company's risk management processes, and our Audit Committee assists the Board in fulfilling this responsibility. The Audit Committee receives reports from management at least quarterly regarding the Company's assessment of risks. These risks relate to a range of issues including strategy, operations and cybersecurity, among others. The Audit Committee, which also considers our risk profile, reports regularly to the full Board on these matters. The Audit Committee and the full Board focus on the most significant risks facing the Company and the Company's general risk management strategy, and also ensure that risks undertaken by us are consistent with the Board's levels of risk tolerance. While the Board oversees our overall risk management, our management is responsible for day-to-day risk management processes. We believe this division of responsibilities is the most effective approach for addressing the risks facing the Company. The Board does not believe that its role in the oversight of the Company's risks affects the Board's leadership structure.

The Company has reviewed its compensation policies and practices and has determined that it has no policies or practices that are reasonably likely to have a material adverse effect on the Company.

ATTENDANCE AT BOARD AND COMMITTEE MEETINGS

The Board held seven regular meetings during 2017. Each of the incumbent directors in office during 2017 attended at least 80% of the Board meetings and meetings of committees on which the director served, during the period in which such person served as a director. We do not have a formal policy of attendance for directors at our Annual Meeting of Shareholders. Seven of our eight directors attended the 2017 Annual Meeting of Shareholders.

Pursuant to our Corporate Governance Guidelines, non-management directors are required to meet in executive sessions following each regularly scheduled quarterly Board meeting. The Non-Executive Chairman of the Board presides at all executive sessions at which he is in attendance. In addition, non-management directors who are not independent under the rules of the NYSE may participate in these executive sessions but our independent directors meet in executive session at least once per year.

COMMITTEES OF THE BOARD

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The current committees are the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. In accordance with NYSE listing standards, all of the committees are comprised solely of independent directors.

Charters for each of the Audit, Compensation, and Nominating and Corporate Governance Committees are available on the Company's website at www.tangeroutlets.com by first clicking on "INVESTOR RELATIONS", then "CORPORATE OVERVIEW" and then "GOVERNANCE DOCUMENTS".

AUDIT COMMITTEE

The Board has established an Audit Committee currently consisting of five of our independent directors, each of whom satisfies the additional independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (referred to as the “Exchange Act”). The purpose of the Audit Committee is (i) to assist the Board in fulfilling its oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualifications and independence of our independent registered public accountants and the performance of our independent registered public accountants and our internal audit function and (ii) to prepare any audit committee reports required by the SEC to be included in our annual Proxy Statement. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accountants and approves in advance, or adopts appropriate procedures to approve in advance, all audit and non-audit services provided by the independent registered public accountants. The Audit Committee is also charged with discussing with management the Company’s policies with respect to risk assessment and risk management, the Company’s significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures. The Board has determined that each member of the Audit Committee is “financially literate”, as that term is defined in the listing requirements of the NYSE, and that each member of the committee, all of whom are named above, is an “audit committee financial expert”, as that term is defined in Item 407(d) of Regulation S-K. During 2017, there were five meetings of the Audit Committee.

COMPENSATION COMMITTEE

The Board has established a Compensation Committee currently consisting of five of our independent directors, each of whom meets the NYSE’s heightened standard for compensation committee membership. The Compensation Committee’s responsibilities include reviewing and approving the corporate

goals and objectives relevant to the compensation of the CEO, evaluating the CEO’s performance in light of those goals and objectives and, either as a committee or together with other independent directors (as directed by the Board), determining compensation for our CEO. The Compensation Committee is also responsible for making recommendations to the Board with respect to the compensation of other executive officers and directors. The Compensation Committee also administers our amended and restated Incentive Award Plan (the “Incentive Award Plan”), except in the case of awards to non-employee directors for which the plan is administered by the Board. This plan provides for the issuance of equity-based awards to the Company’s employees, directors, and consultants (other than non-employee directors). The Compensation Committee selects the employees and consultants (other than non-employee directors) to whom equity-based awards under the Incentive Award Plan will be granted and establishes the terms and conditions of the awards. During 2017, there were three meetings of the Compensation Committee.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Board has established a Nominating and Corporate Governance Committee currently consisting of five of our independent directors. The Nominating and Corporate Governance Committee makes recommendations to the Board regarding changes in the size of the Board or any committee of the Board, recommends individuals for the Board to nominate for election as directors, recommends individuals for appointment to committees of the Board, establishes procedures for the Board’s oversight of the evaluation of the Board and management, and develops and recommends corporate governance guidelines.

The Nominating and Corporate Governance Committee evaluates annually the effectiveness of the Board as a whole and identifies any areas in which the Board would be better served by adding new members with different skills, backgrounds or areas of experience. In identifying qualified director candidates

for election to the Board and to fill vacancies on the Board, the Nominating and Corporate Governance Committee solicits current directors for the names of potentially qualified candidates, may ask directors to pursue their own business contacts for the names of potentially qualified candidates and may recommend that the Board engage a third party search firm to identify names of potentially qualified candidates.

The Board considers director candidates based on a number of factors including: whether the Board member will be "independent" in accordance with our Corporate Governance Guidelines and as such term is defined by the NYSE listing requirements; personal qualities and characteristics, accomplishments and reputation in the business community; experience with businesses and other organizations of comparable size and current knowledge and contacts in the Company's industry or other industries relevant to the Company's business; experience and understanding of the

Company's business and financial matters affecting its business; ability and willingness to commit adequate time to Board and committee matters; the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company; and diversity of viewpoints, background, experience and other demographics. It is the policy of the Nominating and Corporate Governance Committee to consider nominees for the Board recommended by the Company's shareholders in accordance with the procedures described under "Other Matters—Shareholder Proposals and Nominations for the 2019 Annual Meeting of Shareholders—Shareholder Suggestions for Director Nominations" in this Proxy Statement. Shareholder nominees who are recommended in accordance with these procedures will be given the same consideration as nominees for director from other sources. During 2017, there were two meetings of the Nominating and Corporate Governance Committee.

COMMUNICATIONS WITH DIRECTORS

Any shareholder or interested party is welcome to communicate with our Non-Executive Chairman of the Board, any other director, the non-management directors as a group or the Board of Directors as a whole by writing to the directors as follows: Tanger Factory Outlet Centers, Inc., Attention Non-Executive

Chairman, c/o the Corporate Secretary, 3200 Northline Avenue, Suite 360, Greensboro, NC 27408. All communications, except for marketing and advertising materials, are forwarded directly to our directors.

COMPENSATION OF DIRECTORS

The annual compensation to the non-employee directors for 2017 was set and approved by the Board based on the recommendations of, and a peer group analysis performed by, independent compensation consultants engaged by the Compensation Committee. During 2017, our non-employee directors were each paid annual cash compensation of \$60,000. In addition, the Non-Executive Chairman of the Board was paid an additional annual fee of \$50,000, the chairs of the Audit and Compensation Committees were each paid an additional annual fee of \$25,000, and the chair of the Nominating and Corporate Governance Committee was paid an additional annual fee of \$15,000. If a new director is appointed to the Board, or if a presiding director is appointed chairman of a committee, during the calendar year, the retainer fees and chair fees are prorated based on the effective date of his or her appointment. The Board concluded that the annual cash compensation for each non-employee director for 2018 will remain the same as 2017 and committee chair fees payable to the non-employee directors for 2018 will remain the same as 2017.

Our CEO, who is also a director, will not be paid any director fees for his services as a director of the Company. Our non-employee directors are reimbursed for their expenses incurred in attending Board meetings.

We may from time to time under the Incentive Award Plan grant to any non-employee director options, restricted or deferred shares or other awards upon approval of the entire Board. The Board selects the non-employee directors to whom

equity-based awards under the Incentive Award Plan will be granted and establishes the terms and conditions of the awards based on recommendations and advice from the Compensation Committee. However, as set forth in the Incentive Award Plan, a non-employee director may not receive awards under the Incentive Award Plan with an aggregate value in excess of \$500,000 during any fiscal year. The Board approved an award of 7,520 restricted Common Shares to each non-employee director for 2018, 4,787 restricted Common Shares for each non-employee director for 2017, and 4,500 restricted Common Shares to each non-employee director for 2016. The value of restricted Common Shares granted to each non-employee director in 2018 remained the same as 2017.

The Company's Board of Directors expects all non-employee directors to own a meaningful equity interest in the Company to more closely align the interests of directors with those of shareholders. Our equity ownership guidelines require non-employee directors to hold 5,000 Common Shares within 3 years of their election to the Board. All non-employee directors met the share ownership guidelines as of December 31, 2017. In addition, the Director Deferred Share Program of Tanger Factory Outlet Centers, Inc. and Tanger Properties Limited Partnership (the "Director Deferred Share Program") allows non-employee directors to elect to receive all or a portion of their cash and/or equity compensation in deferred shares. In the event a non-employee director elects to defer compensation, such compensation (along with any dividends with respect to such compensation) will be credited to a bookkeeping account and

paid in Common Shares within 60 days following the payment date elected by such director. Such payment date will be one of the following dates: (1) the date of termination of directorship, (2) a specified annual anniversary of the date of termination of directorship, (3) a specified date that is after December 31 of the applicable service year, or (4) the earlier of the date of death

or disability. Any deferred shares shall be subject to the same vesting conditions applicable to restricted Common Shares that would have been granted absent a deferral election. In 2017, two non-employee directors participated in the Director Deferred Share Program.

The following table shows the total compensation for our non-employee directors for the fiscal year ended December 31, 2017:

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

The Compensation Committee is responsible for the Company's executive compensation philosophy and policies, as well as the annual executive compensation program that flows from them. This "Executive Compensation" section of the Proxy Statement contains a detailed explanation of the compensation

arrangements for our NEOs for fiscal year 2017, which were determined by the Compensation Committee. For the fiscal year ended December 31, 2017, our NEOs and their titles were as follows:

Steven B. Tanger	Chief Executive Officer ("CEO")
James F. Williams	Senior Vice President and Chief Financial Officer ("CFO")
Thomas E. McDonough	President and Chief Operating Officer ("President")
Chad D. Perry	Executive Vice President, General Counsel and Secretary ("GC")
Lisa J. Morrison	Senior Vice President - Leasing

The Compensation Discussion and Analysis includes the following sections:

| 1 | Executive Summary (page 21) - Summarizes efforts to engage shareholders with regard to "Say On Pay", additional compensation actions, business highlights, our executive compensation program, total shareholder return and CEO pay mix. | 3 | 2017 Compensation (page 31) - Provides a more detailed description of our compensation program as applied to our NEOs. |

1 EXECUTIVE SUMMARY

We are a fully-integrated, self-administered and self-managed REIT, which focuses on developing, acquiring, owning, operating and managing upscale outlet shopping centers in the US and Canada. We are the only public pure play outlet center REIT and have a primary objective to maximize TSR through growth in funds from operations and asset value appreciation. Our executives have over 36 years of outlet center experience and a proven skill set in securing the best sites and financing, constructing high-quality properties on time, completing the timely and effective lease-up of centers and being able to market and operate the centers for many years.

Our executive compensation program is designed to motivate, attract and retain highly-qualified executives with this unique and proven skill set and to align the CEO and other NEOs' interests with those of our shareholders. In years that our shareholder value has increased, compensation for our CEO and other NEOs has generally increased. Conversely, in years that our shares have underperformed, compensation for our CEO and other NEOs has generally declined. We believe that such alignment is strongly evidenced by the 2017 compensation and the current outstanding equity awards held by our NEOs.

In spite of significant retail headwinds during 2017 characterized by tenant bankruptcies and store closures, we still achieved several of our compensation program goals under our annual cash incentive program (see "2017 Compensation - Annual Cash Incentives: Description and Analysis"). In particular, our strong financial growth and operational performance in 2017 included a 4% increase in AFFO to \$2.46 per share, which resulted in the achievement of the maximum AFFO performance metric under the Incentive Cash Bonus Plan. Nonetheless, given that our

Same Center NOI growth of 0.5% did not meet our threshold of 1.5% growth, and our leverage ratio of 50.9% was between our threshold and target goals, our CEO's cash bonus under the Incentive Cash Bonus Plan for fiscal 2017 was 22.5% lower than his cash bonus received for fiscal 2016 and his total direct compensation decreased by 3.9%.

The end of 2017 marked the conclusion of our 2015-2017 Outperformance Plan. The Company fell short of the minimum TSR goals under the 2015 OPP, and no awards were earned, resulting in a forfeiture of over \$4.9 million in value by our CEO. In addition, in light of our TSR in 2017, the remaining 2016-2018 and 2017-2019 OPPs, the performance periods of which are approximately 67% and 33% completed, respectively, currently are underwater and projected to have zero value.

Taking the performance described above into account, the Compensation Committee decided that the CEO's annual base salary for 2018 and the total value of equity awards granted to him in 2018 for 2017 performance should be kept at the same level as the prior year. The Compensation Committee believes these decisions will keep his total compensation aligned with performance considering the amount of potential compensation not realized by our CEO over the past several years.

In order to depict the alignment of pay and performance within our compensation program, we have provided several illustrations of how the reported grant date fair value of awards has compared to the amount actually realized (as of December 31, 2017) and, for outstanding awards, the amount projected to be realized (based on performance to December 31, 2017).

CEO Compensation Highlights

Base salary is unchanged (0% increase) compared to 2017 base salary

Cash bonus is 100% formulaic; bonus paid in 2018 for fiscal year 2017 is the lowest amount in the past three years and is down 22.5% from the prior year

We continue to have an additional three-year mandatory holding period post-vesting on equity awards

The vast majority of pay (approximately 71%) is tied to equity; the majority (approximately 55%) is tied to performance through our OPP with 100% of such pay tied to rigorous multi-year TSR goals

0% of OPP awards were earned for the most recently completed performance cycle (2015-2017); the outstanding OPPs are also tracking at 0% payouts based on performance, which aligns a substantial portion of our CEO's pay to investor returns

The newest iteration of our OPP (2018-2020) ties a larger portion to relative TSR performance and contains a maximum award value that is 24% less than the prior year

PAY-FOR-PERFORMANCE ALIGNMENT (CEO FOCUS)**REALIZED/REALIZABLE PAY**

- Since 2013, our CEO has participated in five consecutive multi-year award programs that are based exclusively on the Company's three-year absolute and relative TSR to directly align our CEO's compensation to that of shareholder returns. As of December 31, 2017, the 2013-2015, 2014-2016, and 2015-2017 OPPs have concluded with the performance periods for the 2016-2018 and the 2017-2019 OPPs now two-thirds and one-third completed, respectively. The chart below illustrates what our CEO has realized from the completed programs and what the outstanding programs would have paid out had they been concluded as of year-end 2017. Of the total potential OPP award value over the five programs, in aggregate, our CEO has earned, and tracking to earn for those OPPs outstanding, 11% of the total maximum potential value.

Two of the five OPPs resulted in zero value to the executives, and one OPP resulted in a partial payout. The two remaining outstanding OPPs are currently projected to deliver no value.

- The table below illustrates the total compensation of our CEO over the past three years and compares the amount that was awarded (i.e., grant date fair value or GDFV) in each year with the total pay realized, or projected to be realizable based on performance through December 31, 2017. Across the three years, approximately 66%, or two-thirds, of the total awarded compensation (based on GDFV) was ultimately earned or on track to be earned from that which has been reported.
- The Company considers the grants of equity awards in any given year to be based on actual performance for the previous year. Accordingly, and for purposes of the illustration below, the years 2014, 2015 and 2016 include grants made in 2015, 2016 and 2017, respectively.

RIGOROUS ANNUAL PERFORMANCE HURDLES

The following table reflects Mr. Tanger's annual cash incentives presented based on the maximum percentage that could be earned under the cash bonus program during the past three years. As demonstrated below, the Company uses rigorous performance hurdles that have resulted in a payout between 58%

and 78% of the maximum amount for 2015, 2016 and 2017. For a discussion of the performance metrics used in determining the amount of annual cash incentives payable with respect to 2017, see "2017 Compensation - Annual Cash Incentives: Description and Analysis" below on page 32.

SIGNIFICANT AT-RISK COMPENSATION

In addition, a substantial portion of our CEO and NEOs' pay is tied to company performance and is at risk. Only 29% of our CEO's performance year 2017 compensation was paid in cash, and approximately 87% was variable, subject to the Company's performance. Across our remaining NEOs, the average 2017 performance year amount paid in cash was approximately 39% and approximately 79% was variable, subject to the Company's performance.

SHAREHOLDER ENGAGEMENT AND LISTENING TO OUR SHAREHOLDERS

We have historically taken into consideration the results of our advisory votes on the Company's NEO compensation, and since 2014, we have proactively engaged in ongoing shareholder outreach in order to better understand how to increase shareholder satisfaction with the Company's NEO compensation. Each year, we contact our largest institutional shareholders, which in 2017 included reaching out to shareholders who collectively owned approximately

69% of our outstanding Common Shares, to discuss our executive compensation programs, our business and our overall performance and to receive direct feedback on our executive compensation program. These discussions are led by our non-executive Chairman of the Board or the Chairman of our Compensation Committee and members of senior management (excluding our CEO). It is important to maintain consistent dialogue with our shareholders, even though our 2017 Say-on-Pay proposal was supported by a majority (80%) of shareholders.

Based on the results of our advisory votes on the Company's NEO compensation and discussions held over the past several years, we have made a number of positive changes to our executive compensation program as summarized below:

2018	<ul style="list-style-type: none"> • Further modified our annual OPP to reflect a 67/33 split between relative and absolute TSR hurdles to further emphasize relative performance versus absolute performance • The Relative TSR component of the 2018 OPP was shifted from the use of a broader REIT index (SNL U.S. Equity Index) to that of an industry-specific index (FTSE NAREIT Retail Index), which is expected to more closely correlate with the performance of the retail REIT industry • Continued to impose a mandatory three-year holding period after vesting for equity grants made to the CEO, consistent with all awards subsequent to 2013
2017	<ul style="list-style-type: none"> • Further condensed the number of metrics used in our annual cash incentive plan from 4 financial performance objectives to 3 key financial performance objectives • Based approximately 87% of the CEO's total compensation on Company performance • Annual Cash Incentive payouts on an absolute dollar basis were the lowest awards in the past three years • The 2015 OPP plan, spanning the 2015 -2017 performance period, funded at a zero dollar value payout
2016	<ul style="list-style-type: none"> • Decreased the number of metrics used in the annual cash incentive plan from 8 financial performance objectives to 4 key financial performance objectives • Modified our annual OPP to reflect a 50/50 split between absolute and relative TSR hurdles • For the 2016 OPP, minimum and target performance level payouts were decreased to 20% and 60% of the award, respectively, from 33% and 67%, respectively • Modified CEO employment agreement to require a double-trigger for accelerated vesting of time-based restricted shares in connection with a change in control • Unlike the special grants awarded in connection with the CEO's 2012 employment contract amendment, we did not provide additional special awards in connection with the 2016 employment agreement
2015	<ul style="list-style-type: none"> • Reduced the number of time-based equity awards relative to performance-based equity awards granted in 2016 for 2015 performance • Adopted a robust anti-pledging policy that generally prohibits executive officers, directors, and employees from pledging Company securities as collateral for margin loans or other transactions • Increased the allocation of performance-based equity awards to approximately 60% (up from approximately 47%)

PERFORMANCE HIGHLIGHTS

We believe the Company, which is focused on long-term shareholder value creation, continued to deliver strong financial growth and operational performance in 2017. Key 2017 performance highlights include:

AFFO	4% increase to \$2.46 per share, or \$245.3 million, for the 2017 period from \$2.37 per share, or \$238.4 million for the 2016 period
Same Center NOI	Increased for the 14 th consecutive year
Occupancy	97.3% occupied consolidated portfolio at year-end 2017 (compared to 97.7% on December 31, 2016), marking the 37 th consecutive year with year-end occupancy of 95% or greater
Quarterly Common Share Cash Dividends	Increased in April by 5.4% on an annualized basis to \$1.37 per share, marking the 24 th consecutive year of increased dividends
Blended Average Rental Rates	Increased 12.1% on 343 leases totaling approximately 1,508,000 square feet renewed or released throughout the consolidated portfolio during the trailing twelve months ended December 31, 2017, excluding 9 leases totaling 165,000 square feet in the centers with major re-merchandising projects during 2017, and increased 8.8% including these 9 leases
Completed Construction Projects	Lancaster, Pennsylvania (123,000 square foot expansion) and Fort Worth, Texas (352,000 square foot new outlet center) combined represent a 3.2% expansion of the Company's overall footprint at the beginning of the year
Public Offering	Completed a public offering of \$300 million of 3.875% unsecured senior notes due July 2027 and used the net proceeds and unsecured lines of credit borrowings to redeem \$300 million of outstanding 6.125% unsecured senior notes due June 2020
Increased Liquidity	Amended our line of credit agreements to extend maturity by two years in January 2018, increased our borrowing capacity to \$600 million from \$520 million, and reduced the interest rate spread to 87.5 basis points over LIBOR from 90 basis points
Interest Coverage Ratio	Increased to 4.46 times for 2017, compared to 4.40 times for 2016
Total Shareholder Return	Has performed above market over last ten years, generating a 99% return for our shareholders (as compared to an 80% return generated by the SNL US Retail REIT Index).

* FFO, AFFO and Same Center NOI are financial measures that the Company's management believes to be important supplemental indicators of our operating performance and which are used by securities analysts, investors and other interested parties in the evaluation of REITs, but are not measures computed in accordance with GAAP. For a discussion of FFO, AFFO and NOI, including a reconciliation to GAAP, please see Appendix A.

TOTAL SHAREHOLDER RETURN

We believe that the true value creation produced from an investment in real estate should be assessed over a long-term horizon, and our strategy has focused on long-term value creation. In fact, our TSR over the longer term has performed above market generating a 99% return for our shareholders over the past ten years (as compared to an 80% return generated by the SNL US Retail REIT Index).

Over the 1-year and 3-year periods ending December 31, 2017, however, our returns to our shareholders (on both an absolute and relative basis) declined, primarily due to the current challenging retail environment. Accordingly, as a reflection of the pay-for-performance structure of our overall compensation plan, a significant portion of our CEO's compensation (and that of our NEOs) has been forfeited.

Despite significant retail headwinds during 2017, we delivered strong financial growth and operational performance as discussed previously in the Performance Highlights. The Compensation Committee believes that incentivizing the management team to continue to focus on driving superior operating performance, will ultimately result in the creation of strong long-term shareholder value.

The graph below compares the cumulative total return on our Common Shares over the past three years to the cumulative return of comparable indices assuming a \$100 investment on December 31, 2014, and assuming all dividends were reinvested. A \$100 investment in the Company on December 31, 2014 would have decreased to \$81 by December 31, 2017.

COMPENSATION REVIEW PROCESS

COMPENSATION PROGRAM OBJECTIVES

The objectives of the Company's compensation program are as follows:

Motivate, attract and retain qualified executive management employees who are enthusiastic about the Company's mission, performance, and culture;

Create a fair, reasonable and balanced compensation program that rewards management's performance and contribution to the Company while closely aligning the interests of management with those of shareholders; and

Provide total compensation to executive officers that is competitive with total compensation paid by other REITs, and other private real estate firms similar to the Company.

COMPENSATION PROGRAM REWARDS

The Company's compensation program rewards teamwork and individual officer contributions to the Company's annual and longer term goals. Annual cash performance-based incentives reward Company financial performance and individual performance for the fiscal year. In measuring an individual officer's and the overall team's performance, the Compensation Committee considers numerous factors, including the Company's growth in AFFO and Same Center NOI from the prior

year and the debt to asset ratio. While the individual amounts of incentive compensation paid may vary among officers, the performance targets that are set are generally the same for all officers. This creates an environment where all officers work together to achieve a common goal. See "2017 Compensation - Annual Cash Incentives: Description and Analysis" on page 32 for further discussion of performance targets used to set 2017 compensation. Equity-based awards provide long-term incentives designed to reward price appreciation of our Common Shares over a multi-year period.

Additionally, we believe that the Company's executive compensation program does not encourage excessive risk taking. The Compensation Committee has incorporated the following risk-oversight and compensation-design features to guard against excessive risk taking:

- Review and approval of corporate objectives by the Compensation Committee to ensure that these goals are aligned with the Company's annual operating and strategic plans, achieve the desired risk/reward balance, and do not encourage excessive risk taking;
- Base salaries consistent with each executive's responsibilities so that the executive is not motivated to take excessive risks to achieve a reasonable level of financial security;
- A significant portion of each executive's compensation is tied to the future share performance of the Company;
- Equity compensation and vesting periods for equity awards that encourage executives to focus on sustained share price appreciation;
- Three-year holding period following vesting on all restricted Common Shares granted to our CEO since 2013;
- Robust share ownership guidelines, clawback policy, anti-hedging policy and anti-pledging policy; and
- A mix of cash and equity compensation that is designed to encourage strategies and actions that are in the long-term best interests of the Company.

ROLE OF THE COMPENSATION COMMITTEE

The purposes and responsibilities of the Compensation Committee of the Board include the following:

- Review and approve corporate goals and objectives relevant to the compensation of the CEO, evaluate the CEO's performance and determine and approve the CEO's compensation level based on this evaluation;
- Make recommendations to the Board with respect to the compensation of non-employee directors and officers other than the CEO;
- Periodically review the Company's incentive-compensation and equity-based plans and approve any new or materially amended equity-based plans; and
- Oversee, with management, regulatory compliance with respect to compensation matters.

The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee. In particular, the Compensation Committee may delegate the approval of certain equity awards to a subcommittee consisting solely of members of the Compensation Committee who are "non-employee directors" for the purposes of Rule 16b-3 under the Exchange Act.

ROLE OF THE COMPENSATION CONSULTANT AND USE OF AGGREGATE PEER GROUP DATA

In setting compensation for fiscal 2017 performance, the Compensation Committee engaged FPL Associates L.P. (FPL), an independent compensation consultant, to assist in determining the appropriate amounts, types and mix of executive compensation. The Compensation Committee, with the help of its independent compensation consultant, annually reviews the compensation practices of other REITs in order to evaluate market trends and compare our compensation program with the compensation programs of our competitors. Based in part on this data, the Compensation Committee develops a compensation plan that is intended to maintain the link between corporate performance and shareholder returns while being generally competitive within our industry.

Each fiscal year, management prepares an analysis that sets forth the Company's total compensation obligations to the CEO and the other officers, including each executive's realized compensation from the prior year and targeted cash compensation for the coming year. FPL analyzed this information for our NEOs, as well as the mix of fixed versus variable, short-term versus long-term and cash versus equity-based compensation of officers with similar duties and responsibilities at the peer group companies. The analysis focused on the following categories of compensation: (1) base salary, (2) base salary and incentive cash bonus together as total annual cash compensation, (3) long-term incentive compensation and (4) total overall compensation.

The Compensation Committee does not benchmark annual compensation to any specific percentile of total compensation paid to comparable officers in the peer group. Based on the Company's and the individual's overall performance relative to the peer group and the unique circumstances associated with any individual officer, the Compensation Committee, in consultation with FPL, determined the appropriate level of annual compensation.

For fiscal 2017 performance, FPL recommended the level of base and incentive cash bonus compensation to be set for each NEO as well as the amount of equity awards to be granted to each NEO (or, if applicable, concluded that the recommendations of the CEO with respect to such other officer's compensation were reasonable and within peer group standards), based on its review of peer data, industry trends, existing employment agreements and other factors. The Compensation Committee considered FPL's recommendations and analysis when determining base salaries and annual and long-term incentives.

In selecting the peer group, the Company considers REITs based upon the following characteristics: (1) industry sector, (2) market capitalization and (3) peer group continuity from year to year. In 2017, the Compensation Committee approved a peer group comprised of REITs that invest in retail properties. After review, the Compensation Committee determined to keep the 2017 peer group consistent with 2016, except for the following adjustment:

- Removed Equity One Inc. due to the merger between Regency Centers Corporation and Equity One Inc. during 2017.

The following table provides the names and certain key information for each peer company at the time the Compensation Committee reviewed the peer group market data.

DETERMINATION OF COMPENSATION CONSULTANT'S OBJECTIVITY

The Compensation Committee recognizes that it is essential to receive objective advice from its outside independent compensation consultant. As a result, the Compensation Committee does not allow the Company to engage FPL in matters unrelated to executive compensation.

ROLE OF MANAGEMENT AND THE CHIEF EXECUTIVE OFFICER IN SETTING EXECUTIVE COMPENSATION

On an annual basis, management considers market competitiveness, business results, experience and individual performance in evaluating executive compensation. The CEO is actively engaged in setting compensation for other executives through a variety of means, including recommending for Compensation Committee approval the financial performance goals for his executive team. He works closely with the CFO in

analyzing relevant market data to determine recommendations for base salary, annual bonus targets and equity compensation awards for other members of senior management. Targets are set in order to drive both annual performance and long-term value creation for shareholders. The CEO and CFO are generally subject to the same financial performance goals as the other officers, all of which are approved by the Compensation Committee. The Compensation Committee will consider, but is not bound by and does not always accept, the recommendations of the CEO and CFO with respect to executive compensation.

3 2017 COMPENSATION

We believe that the following discussion is a useful presentation of the Compensation Committee's decisions with regard to 2017 NEO compensation, particularly in light of our practice of granting annual long-term equity incentive awards for a particular year in February of the following year. The following discussion should be read in conjunction with the Summary Compensation Table presented on page 41 where, in accordance with SEC rules, we present these grants as compensation for the year in which they were granted as opposed to the year for which they were earned.

The Compensation Committee received information from FPL, its compensation consultant, and management for consideration in determining the specific amounts of compensation to be provided to the executive officers for fiscal 2017 performance. Among the factors considered for our executive compensation generally, and for the NEO compensation in particular, are market competitiveness, company performance results, internal equity, past practice, experience and individual performance. There is no particular weight given to any factor, which may differ among individual NEOs, and instead factors are reviewed on a holistic basis.

Business results from the most recently completed fiscal year factor heavily in setting executive compensation. These results are reviewed and discussed by the Compensation Committee and its compensation consultant. Payouts are generally based on actual financial results, measured against the targets approved by the Compensation Committee under our incentive compensation plans for the fiscal year just ended. In addition,

these results are considered in setting performance targets for the next fiscal year. Based on the financial results presented by management, the Compensation Committee reviews the individual performance of the NEOs (other than the CEO) as reported by the CEO and approves their compensation for the current fiscal year.

In evaluating the performance of the CEO and setting his compensation, the Compensation Committee takes into account corporate financial performance, as well as performance on a range of non-financial factors, including accomplishment of strategic goals, workforce development and succession planning, and the CEO's working relationship with the Board. See "2017 Business Highlights" on page 4 for a summary of our operational achievements in 2017.

Historically, the Company's primary components of compensation for its executive officers have been base salary, annual incentive cash bonuses, annual long-term equity-based incentive compensation and outperformance awards. There is no pre-established policy or target for the allocation between cash and non-cash incentive compensation or between short-term and long-term compensation, although the Company attempts to keep total cash compensation within the Company's fiscal year budget while reinforcing its pay-for-performance philosophy and also taking into account annual accounting cost and the impact of share dilution. Within the framework of aligning total compensation with corporate and individual performance, the purpose of each of the components is as follows:

		Pay Element	Objectives
Total Direct Compensation	Fixed Component	Base Salary	To provide competitive fixed pay at a level consistent with the individual's job responsibilities relative to his or her peers
		Annual Incentive Cash Bonus	To incentivize management to achieve the Company's strategic and financial goals for the fiscal year, generally using a formulaic calculation
	Performance-Based Component	Annual Long-Term Equity Incentive	To reward prior year performance and support the retention of senior management, while exposing recipients to the same market fluctuations as shareholders and thereby motivating management to create long-term shareholder value
		Outperformance Plan	To enhance the pay-for-performance structure and shareholder alignment, while motivating and rewarding senior management for TSR performance in excess of rigorous, predetermined absolute and relative hurdles

BASE SALARY: DESCRIPTION AND ANALYSIS

Although the Compensation Committee does not benchmark salaries to any specific percentile of base salaries paid to comparable officers in the peer group, the NEOs are paid base pay amounts within the range of base salaries paid to comparable officers in the peer group and sufficient to attract high-quality executive talent and maintain a stable

The 2017 base salaries were as follows:

Named Executive Officer	2017 Base Salaries
Steven B. Tanger, CEO	\$850,000
James F. Williams, CFO	360,000
Thomas E. McDonough, President	394,000
Chad D. Perry, GC	371,000
Lisa J. Morrison, Senior Vice President - Leasing	283,326

While the Compensation Committee believed cash compensation for its NEOs were below median levels for officers in similar positions at companies in our peer group, taking into consideration the 2017 base salary increases, the Compensation Committee decided to keep NEO base salaries flat for 2018.

Each of the NEOs has an employment agreement with the Company that includes a provision whereby the executive's base salary shall not be less than certain previous amounts. See "Employment Contracts" on page 49.

ANNUAL CASH INCENTIVES: DESCRIPTION AND ANALYSIS**INCENTIVE CASH BONUS PLAN FOR EXECUTIVE OFFICERS**

During 2017, all executive officers were eligible for an annual incentive cash bonus payment based upon achieving certain performance criteria during the year (referred to as the "Incentive

management team. After a review of base salaries and total cash compensation as compared to our peer group, and considering that cash compensation was below median peer group levels, the Compensation Committee concluded that it would be appropriate to increase base salaries by approximately 3% for 2017. In 2017, Mr. Tanger's base salary was increased to \$850,000 pursuant to the terms of his amended and restated employment agreement.

Cash Bonus Plan"). The performance criteria were approved and set by the Compensation Committee in February 2017. The annual incentive cash bonus for a fiscal year is typically paid in the first quarter of the following year once the results for the year have been finalized.

For 2017, each executive's annual incentive cash bonus amount was based upon Threshold, Target and Maximum percentages of base salary. See the "2017 Grant of Plan-Based Awards" table on page 44 for the dollar amounts payable under each of these categories. Generally, executives must be employed as of the last day of the year to receive payment under the annual Incentive Cash Bonus Plan for that year.

The Threshold, Target and Maximum amounts for our NEOs in 2017 were unchanged from 2016, except for Mr. Williams, whose Threshold, Target and Maximum amounts were increased from 5%, 20% and 35%, respectively, to 25%, 50% and 75%, respectively, in connection with his promotion to CFO during 2016. The Threshold, Target and Maximum amount for our NEOs in 2017 were as follows (as a percentage of base salary):

Named Executive Officer	Threshold	Target	Maximum
Steven B. Tanger, CEO	75%	100%	200%
James F. Williams, CFO	25%	50%	75%
Thomas E. McDonough, President	75%	100%	170%
Chad D. Perry, GC	75%	100%	170%
Lisa J. Morrison, Senior Vice President - Leasing	5%	20%	35% (1)

- (1) Ms. Morrison also participates in separate annual incentive cash bonus plans for leasing employees. See "Annual Incentive Cash Bonus Plan for Leasing Employees" below. Per the terms of her employment contract, Ms. Morrison is eligible to receive an annual incentive cash bonus equal to the lesser of (1) 100% of her annual base salary or (2) 9.16% of the total commissions earned by our leasing employees with respect to that contract year computed as a percentage of average annual tenant rents (net of tenant allowances) in accordance with the Company's leasing team bonus plan in effect for that contract year, except that if the amount determined under clause (2) is greater than 100% of Ms. Morrison's annual base salary, such excess will be carried over to the next succeeding year. Ms. Morrison receives the higher of the bonus as calculated under the Company's Incentive Cash Bonus Plan for executive officers or the bonus calculated under the terms of her employment contract, but not both.

The annual incentive cash bonuses payable to NEOs are based on the achievement of several company performance criteria that incentivize such officers to focus on the achievement of strategic and financial goals of the Company and for 2017 included the following measures:

Performance Criteria	CEO/CFO/ President/ GC Weighting	Other Officer Weighting	Rationale for Including in Plan
Financial Performance Targets:			
• AFFO per share (excluding the dilutive effect of asset sales or long-term refinancing)	 40.0%	 35.0%	Encourages focus on profitability as measured by the most frequently assessed REIT earnings measure.
• Percentage increase in Same Center NOI	 20.0%	 17.5%	Encourages focus on internal growth at existing portfolio and maintenance of leverage within acceptable levels.
• Consolidated Debt to Adjusted Total Asset Ratio	 20.0%	 17.5%	
Strategic objectives (or Individual Performance for "Other Officer")	 20.0%	 30.0%	Represents indicators of the executive's success in fulfilling his or her responsibilities to the Company and in executing its strategic business plan.

Since there were fewer performance criteria than in prior years, the Compensation Committee adjusted the weightings, taking into account the relative importance of each metric. For purposes of setting the performance levels for 2017, the CFO prepared for the Compensation Committee an analysis of, including for the criteria above, the actual performance levels achieved for the last three years and the average of the three-year period as compared to the performance levels included in the operating and financial budgets approved by the Board for 2017. The Compensation Committee generally sets threshold levels for each criterion at or above the current year budget levels. The budget reflects management's assumptions regarding performance during the year taking into account many factors, both internal and external. The Compensation Committee may approve performance levels for the current year below the prior year performance levels when considering the

current year's budget or other factors outside management's control. Certain target levels used in 2017 were either modified or lower than those used in 2016 as follows:

- Same Center NOI and Consolidated Debt to Adjusted Total Asset ratio threshold amounts were set based on the Company's operating budget for the year, and
- We removed minimum increase in rolling 12-month tenant sales, because, unlike traffic, management does not directly control tenant sales.

At the time the individual strategic objectives were set, the Compensation Committee believed the targets would be challenging and difficult, but achievable with significant effort and skill. The corporate performance criteria and the performance levels required under the Incentive Cash Bonus Plan for 2017 approved by the Compensation Committee, as compared to our level of achievement, were as follows:

Performance Criteria	2017 Performance Levels			
	Threshold	Target	Maximum	Actual Results
Financial Performance Targets:				
• AFFO per share (excluding the dilutive effect of asset sales or long-term refinancing)	\$2.42	\$2.44	\$2.46	\$2.49
• Percentage increase in Same Center NOI	1.5%	2.0%	2.5%	0.5%
• Consolidated Debt to Adjusted Total Asset ratio	51.5%	50.0%	48.5%	50.9%
Strategic performance goals for the CEO, CFO, President and GC (described below)	3 of 5 objectives	4 of 5 objectives	5 of 5 objectives	4 of 5 objectives
Individual performance goals for Ms. Morrison	2 of 5 objectives	3 of 5 objectives	5 of 5 objectives	2 of 5 objectives

The Compensation Committee, in its discretion, may adjust the predetermined AFFO targets to exclude significant charges which they believe are not indicative of the Company's ongoing operating performance. No such adjustments were made for the 2017 year. See "Actual 2017 Annual Incentive Cash Bonuses" below, for the amount of annual incentive cash bonuses received by each NEO pursuant to the above results. Further, for a reconciliation of AFFO and Same Center NOI to GAAP, please see Appendix A.

The Compensation Committee believes that these strategic and financial goals are key drivers in ultimately increasing the equity value of the Company and that these goals ultimately help align the interests of our NEOs and our shareholders. If minimum performance criteria targets are not met, no bonuses are paid. If maximum targets are met or exceeded, bonuses may be substantial but are capped as set forth in the table above.

In 2017, the Company met or surpassed one of the minimum financial performance levels and one of the maximum financial performance levels. The strategic performance goals for each of Messrs. Tanger, Williams, McDonough and Perry were to (1) open or start one new development in the US or Canada (2) open or start one new expansion of an existing center of at least 100,000 square feet in the US or Canada, (3) increase comparable traffic by 1% in centers in which we have an ownership interest, (4) achieve year end occupancy of at least 95% in centers in which we have an ownership interest, and (5) complete disposition of at least one center in the bottom tier of the portfolio. While Ms. Morrison participates in this plan, in 2017 her bonus compensation was determined under the bonus plan for leasing employees as described below.

The Compensation Committee determined it prudent to pay the bonuses earned by the executive officers during 2017 based on the achievement of the targets set at the beginning of 2017.

ANNUAL INCENTIVE CASH BONUS PLAN FOR LEASING EMPLOYEES

Ms. Morrison also participates in a separate incentive cash bonus plan designed to reward the Company's leasing employees on an individual basis for successfully executing new leases and renewing existing leases with our tenants (referred to as "Leasing Commissions"), and on a team basis

for reaching certain company goals with respect to achieving minimum overall occupancy rates, minimum renewal rate on leases expiring, minimum average rental rate increases on existing leases renewed or new leases executed during the year, minimum conversion rate in converting lease requests to executed leases, and maximum number of days to get a lease fully executed once approved (referred to as "Leasing Team Bonus"). Management believes it is desirable for all leasing employees to participate in this plan in order to provide incentives for maximizing and growing the Company's revenues.

Per the terms of her employment contract, Ms. Morrison is eligible to receive an annual incentive cash bonus with respect to Leasing Commissions equal to the lesser of (1) 100% of her annual base salary or (2) 9.16% of the total commissions earned by our leasing employees with respect to that contract year computed as a percentage of average annual tenant rents (net of tenant allowances) in accordance with the Company's leasing bonus plan in effect for that contract year, except that if the amount determined under clause (2) is greater than 100% of Ms. Morrison's annual base salary, such excess amount will be carried over to the next succeeding year. Ms. Morrison receives the higher of the bonus as calculated under the Incentive Cash Bonus Plan for executive officers or the bonus calculated under the terms of her employment contract, but not both. In 2017, Ms. Morrison received the bonus calculated under the terms of her employment contract, since such amount was higher than the bonus she would have received under our Incentive Cash Bonus Plan.

In addition, during 2017, Ms. Morrison was eligible to receive a Leasing Team Bonus up to \$25,000 if all of the target levels were achieved, and then would receive additional amounts in increments of \$250 or \$1,000 based upon the amount by which the target levels were exceeded, up to a maximum of \$40,000.

ACTUAL 2017 ANNUAL INCENTIVE CASH BONUSES

All annual incentive cash bonuses to NEOs for 2017 were paid in accordance with the terms described above, and the Company did not exercise any discretion to increase any such bonuses above the amount determined pursuant to the applicable formula. The actual cash incentives paid for 2017 performance were:

Named Executive Officer	2017 Annual Cash Incentives	% Change from 2016
Steven B. Tanger, CEO	\$993,367	(22.5)%
James F. Williams, CFO (1)	168,720	75.6%
Thomas E. McDonough, President	413,175	(21.5)%
Chad D. Perry, GC	389,055	(21.6)%
Lisa J. Morrison, Senior Vice President - Leasing	295,057	3.4%

(1) The increase for Mr. Williams related to his promotion to CFO in May 2016.

LONG-TERM INCENTIVES: DESCRIPTION AND ANALYSIS

The Company's long-term incentive compensation consists of equity-based awards under its Incentive Award Plan, either in the form of restricted Common Shares, restricted share units or performance awards. Equity-based awards deliver increased value only when the value of our Common Shares increases. Long-term incentives are determined by the Compensation Committee based, in part, on peer group compensation practices combined with recommendations of management and its compensation consultant.

The Compensation Committee generally administers our Incentive Award Plan, which provides for the issuance of equity-based awards to our officers and employees. The Compensation Committee authorizes the awards to employees and establishes the terms and conditions of the awards under the Incentive Award Plan, as it deems appropriate.

RESTRICTED COMMON SHARE AND RESTRICTED SHARE UNIT AWARDS

Awarding restricted Common Shares helps to further align the interests of management with those of our shareholders. In setting the amounts and terms of the restricted Common Shares, the Compensation Committee considers the value of

previous grants of restricted Common Shares and the total compensation expense recognized in the Company's financial statements with respect to all previous grants of restricted Common Shares. However, the Compensation Committee does not necessarily limit the number of restricted Common Shares to be granted based on the total value or annual expense recognized in the financial statements because the Compensation Committee generally considers grants of restricted Common Shares to represent both an annual reward for individual and Company performance achieved as well as a longer term incentive for future performance. Restricted Common Shares are generally granted during the first quarter of the current year once the results from the previous year are finalized. In 2018, a portion of the equity award to our CEO was granted in the form of restricted share units, in lieu of restricted Common Shares, in accordance with the terms of his employment agreement. It is expected that our CEO will continue to receive a portion of his annual time-based vesting equity awards in the form of restricted share units in the future.

Based on the foregoing considerations, including the TSR and operational performance highlighted on page 27, in February 2018, the Compensation Committee approved the following awards of restricted Common Shares and restricted share units for 2017 performance (for comparison purposes we have also illustrated the amounts approved in February 2017 for 2016 performance):

Named Executive Officer	2018 Annual Long-Term Incentives (1)	2017 Annual Long-Term Incentives (1)	Year Over Year % Change
Steven B. Tanger, CEO	\$2,486,993	\$2,486,994	0.0%
James F. Williams, CFO	375,196	299,200	25.4%
Thomas E. McDonough, President	1,285,179	1,285,214	0.0%
Chad D. Perry, GC	581,322	523,600	11.0%
Lisa J. Morrison, Senior Vice President - Leasing	240,002	240,015	0.0%

- (1) The grant date fair value for restricted Common Share awards granted in 2018 and 2017 is considered to be the closing price of the Company's Common Shares on the day prior to the grant date, which was \$21.94 and \$34.47, respectively, except for Mr. Tanger. The grant date fair value of Mr. Tanger's restricted Common Share and restricted share unit awards granted in 2018 and 2017 are subject to additional restrictions on sale after vesting and issuance of shares, as applicable, and are discounted per FASB ASC 718 by 15.0% and 12.5%, respectively.

The restricted Common Shares and restricted share units were granted to the named executive officers for 2017 performance in February 2018 and for 2016 performance in February 2017. For the CEO, CFO, President and GC, such awards granted in February 2018 vest ratably over a three-year period, beginning on February 15, 2019. For Ms. Morrison and other executives, such awards vest ratably over a five-year period, beginning on February 15, 2019. For the CEO, the restricted Common Shares and restricted share units granted for 2017 performance and the restricted Common Shares granted for 2016 performance include additional holding period restrictions under which the vested Common Shares and Common Shares issued in respect of the restricted share units cannot be sold for an additional three years following each vesting or issuance date, as applicable.

The Compensation Committee believes that restricted Common Share and restricted share unit grants with time-based vesting features provide the desired incentive to increase the Company's share price and, therefore, the value for our shareholders over the vesting period. If the Company has poor relative performance that results in poor shareholder returns, then the value of the restricted Common Shares and restricted share units, and likewise the executive's total compensation, will be reduced. If the Company has superior relative performance that results in superior shareholder returns, then the value of the restricted Common Shares and restricted share units, and likewise the executive officer's total compensation, will be significantly increased.

The Company measures the grant date fair value under FASB ASC 718 of all restricted Common Share and restricted share unit awards with time-based vesting features based on the

provisions of the Incentive Award Plan. Under those provisions, fair value is considered to be the closing price of our Common Shares on the last trading day prior to the grant date, except for the restricted Common Shares and restricted share units granted to the CEO in 2018 and 2017 that are subject to additional restrictions on sale after vesting or issuance, as applicable, described above which were each discounted per FASB ASC 718 by 15.0% and 12.5%, respectively.

2017 AND 2018 OUTPERFORMANCE PLANS

During February 2017 and February 2018, the Compensation Committee approved the general terms of the Tanger Factory Outlet Centers, Inc. 2017 and 2018 OPPs, which provides for

the grant of performance awards under the Incentive Award Plan. Although the general framework is materially consistent, based on advice from its new compensation consultant, the Compensation Committee made modest enhancements to the 2018 OPP to more closely correlate the value of our performance awards with our relative performance as compared to our direct peers. The illustration below depicts the framework for the two most recent OPPs (note the 2017 OPP was the same as the 2016 OPP) and lists the maximum number of restricted Common Shares that each of the Company's NEOs will be eligible to receive upon achieving both goals discussed above at the conclusion of the performance period:

Named Executive Officer	2018 OPP		2017 OPP		Year Over Year % Change	
	Grant Date Value (1)	Maximum Potential Value (2)	Grant Date Value (1)	Maximum Potential Value (2)	Grant Date Value	Maximum Potential Value
Steven B. Tanger, CEO	\$2,081,640	\$4,068,027	\$2,081,640	\$5,345,802	—%	(23.9)%
James F. Williams, CFO	274,785	536,980	219,120	562,716	25.4%	(4.6)%
Thomas E. McDonough, President	941,220	1,839,376	941,220	2,417,121	—%	(23.9)%
Chad D. Perry, GC	425,735	831,985	383,460	984,753	11.0%	(15.5)%
Lisa J. Morrison, Senior Vice President - Leasing	119,520	233,555	119,520	306,936	—%	(23.9)%

- (1) Represents the notional units granted under the 2018 and 2017 OPPs, multiplied by the grant date fair values of \$12.24 and \$16.60, respectively. The grant date fair values were based on probable performance outcomes computed in accordance with FASB ASC 718.
- (2) Represents the maximum number of restricted Common Shares to potentially be issued multiplied by the estimated value per share needed to earn the maximum number of restricted Common shares, or \$23.92 per restricted Common Share for the 2018 OPP and \$42.63 per restricted Common Share for the 2017 OPP.

Any restricted Common Shares earned under the 2017 and 2018 OPPs (which conclude on February 13, 2020 and February 15, 2021, respectively) are also subject to a time-based vesting schedule, pursuant to which 50% of the restricted Common Shares would vest at the conclusion of the three-year performance period and the remaining 50% would vest (or, in the case of our CEO, would be issued) upon the completion of one additional year of service, contingent upon continued employment with the Company through the applicable vesting date. Such vesting, however, is subject to acceleration in certain termination scenarios, as described further in "Equity Compensation Plan Information - Potential Payments on Termination or Change in Control."

The notional units, prior to the date they are converted into restricted Common Shares, will not entitle award recipients to receive any dividends or other distributions. If the notional units are earned, and thereby converted into restricted Common Shares (whether vested or unvested), then award recipients will be entitled to receive a payment of all dividends and other distributions that would have been paid had the number of earned restricted Common Shares been issued at the beginning of the performance period. Thereafter, dividends and other distributions will be paid currently with respect to all restricted Common Shares that were issued, whether vested or unvested.

RETIREMENT BENEFITS

The Company generally does not provide any retirement benefits to its executive officers, other than matching a portion of employee contributions to our 401(k) plan. Employee contributions are matched by us at a rate of compensation to be determined annually at our discretion. This benefit is generally available to all employees of the Company. See "Employment Contracts" for a discussion of amounts that may be payable pursuant to Mr. Tanger's employment agreement in connection with retirement.

PERQUISITES

The Company does not provide significant perquisites or personal benefits to executive officers, except that it provided Mr. Tanger with a monthly car allowance of \$800 in 2017. In addition, the Company paid a total of \$44,436 for premiums on life insurance policies for Mr. Tanger during 2017.

In addition, the Company owns a corporate airplane which is used almost exclusively for business travel. We believe that the confidential working environment, security and efficiency provided by private air travel allow our CEO and other executives to maximize productivity while traveling for business.

Our CEO's business travel includes travel from his primary office location to the Company's headquarters. While we consider this travel to serve an important business purpose, for purposes of transparency, we identify the incremental cost of this travel as a perquisite for SEC reporting purposes. We determine the incremental cost per flight based on the cost of fuel used, landing

fees, trip-related hangar and parking costs, and crew-related costs. The incremental cost does not include fixed costs that do not change based on usage, such as purchase costs of the airplane, pilot salaries and non-trip-related hangar and parking costs. In 2017, this incremental cost totaled approximately \$88,871. However, we do not consider the characterization of this amount as a perquisite to be a significant factor in our overall compensation plan design or effectiveness.

The CEO may use the aircraft for personal use from time to time, so long as the CEO reimburses the Company for such use so that there is no incremental cost to the Company.

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL

The Company's business is competitive, and the Compensation Committee believes that it is extremely desirable for the Company to maintain employment contracts with its senior executives. The employment contracts generally provide for severance pay if the executive terminates his or her employment for Good Reason or is terminated by the Company without Cause, as those terms are defined in each agreement. The severance arrangements provided in the contracts are designed to promote stability and continuity of senior management. Equity awards granted to Mr. Tanger under the OPPs, to the extent earned, provide for accelerated vesting in the event of a Change of Control, as defined in Mr. Tanger's employment agreement. However, unless he experiences a termination of employment following a Change of Control (i.e., a "double trigger"), Mr. Tanger is not entitled to cash severance or accelerated vesting of his unvested time-based restricted shares in the event of a Change of Control. For all named executive officers, except for Mr. Tanger, the employment contracts consider a Change of Control, as defined in each agreement, as a reason for an executive to terminate his or her employment, and thus would entitle him or her to certain severance pay. Our Compensation Committee believes it is fair to provide severance protection and accelerated vesting of certain equity grants upon a Change of Control. Very often, senior executives lose their jobs in connection with a Change of Control. By agreeing upfront to provide severance benefits and accelerated vesting of certain equity grants in the event of a Change of Control, our Compensation Committee believes we can reinforce and encourage the continued attention and dedication of senior executives to their assigned duties without distraction in the face of an actual or threatened Change of Control and ensure that management is motivated to negotiate the best acquisition consideration for our shareholders. In addition, we intend to include double trigger change of control benefits in employment agreements with any newly hired executives whereby such executives will be eligible for change of control benefits only upon certain qualifying terminations of employment in connection with or following a change in control.

The Company currently has employment contracts with each of the NEOs listed in the Summary Compensation Table on page 41 of this Proxy Statement. See "Employment Contracts" on page 49 in this Proxy Statement.

GOVERNANCE POLICIES RELATING TO COMPENSATION

MINIMUM OWNERSHIP GUIDELINES

The Company's Board of Directors expects all non-employee directors, the CEO, the CFO, the President and the GC to own a meaningful equity interest in the Company to more closely align the interests of directors and executive officers with those of shareholders. Accordingly, the Board has established equity ownership guidelines for non-employee directors, the CEO, CFO, President and GC. Non-employee directors are required to hold 5,000 Common Shares. Newly elected non-employee directors have three years following their election to the Board to meet the share ownership guidelines. The executives are required to hold Common Shares with a value equivalent to a multiple of their base salary as listed in the table below:

CEO		10x Base Salary
CFO		3x Base Salary
President		3x Base Salary
GC		3x Base Salary

The executives have five years following their appointment to meet the share ownership guidelines. Vested and unvested restricted Common Shares count toward the equity ownership guidelines. All non-employee directors and the executives met the share ownership guidelines as of December 31, 2017.

CLAWBACK POLICY

The Board has established a clawback policy applicable to our executive officers. The policy allows for the recoupment of incentive awards in the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws as a result of intentional misconduct, fraud or gross negligence. Each executive officer may be required to reimburse the Company for any incentive awards made after January 1, 2013 on the basis of having met or exceeded specific performance levels, under these circumstances.

ANTI-HEDGING POLICY

The Board has established an anti-hedging policy applicable to our executive officers and directors. The policy prohibits any director or executive officer of the Company from trading in puts, calls, options or other derivative securities based on the Company's securities. In addition, certain forms of hedging

or monetization transactions, such as zero-cost collars and forward sale contracts, allow a shareholder to lock in much of the value of his or her holdings, often in exchange for all or part of the potential upside appreciation in the shareholdings. These transactions allow the shareholder to continue to own the covered securities, but without the full risks and rewards of ownership. When that occurs, the owner may no longer have the same objectives as the company's other shareholders. Therefore, directors and executive officers may not engage in any such transactions with respect to the Common Shares owned.

ANTI-PLEDGING POLICY

Our named executive officers and directors do not have any shares pledged as collateral. In February 2015, the Board adopted an anti-pledging policy applicable to our executive officers, directors and employees. The Board believes that pledging securities of the Company as collateral for margin loans or other transactions raises potential risks to shareholder value, particularly if the pledge is significant. Under this policy, officers, directors and employees of the Company may not margin, or agree or offer to margin, the Company's securities as collateral for a loan obligation. Similarly, officers, directors and employees of the Company may not pledge, or agree or offer to pledge, the Company's securities (or a right to receive the Company's securities) as collateral for a loan or other obligation. These prohibitions do not apply to any broker-assisted cashless exercise of equity awards. In addition, in order to facilitate the transition to the policy, these prohibitions do not apply to a margin or pledge of securities that was in effect prior to adoption of the policy; provided, that no additional Company securities may be added to any such pre-existing pledge on or after adoption of the policy.

An exception to the prohibitions in this policy may be granted by the disinterested members of the Board in their sole discretion where a person covered by this policy wishes to pledge the Company's securities as collateral for a loan (not including margin debt) and demonstrates to the satisfaction of the disinterested members of the Board the financial capacity to repay the loan without resort to the pledged securities.

MANDATORY HOLDING PERIOD

Restricted Common Shares granted to the CEO in February 2017 and February 2018 include three-year vesting periods and also have a mandatory holding period under which the CEO cannot sell his vested Common Shares for an additional three years following each applicable vesting date.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION AND OTHER TAX CONSIDERATIONS

Subject to certain limited exemptions, Section 162(m) of the Internal Revenue Code of 1986 (referred to as the "Code") denies an income tax deduction to any publicly held corporation for compensation paid to a "covered employee" to the extent such compensation in any taxable year exceeds \$1 million. Prior to the Tax Cuts and Jobs Act of 2017, covered employees generally consisted of the Company's chief executive officer and each of the Company's other three most highly compensated officers, excluding the chief financial officer, and compensation that qualified as "performance-based compensation" for purposes of Section 162(m) of the Code was exempt from this \$1 million deduction limitation. As part of the Tax Cuts and Jobs Act of 2017, the scope of covered employees was expanded and the ability to rely on the "performance-based compensation" exemption was, with certain limited exceptions, eliminated. It is the Company's policy to take into account the implications of Section 162(m) among all other factors reviewed in making compensation decisions. However, the Compensation Committee, while considering tax deductibility as one factor in determining compensation, will not limit compensation to those levels or types of compensation that will be deductible if it determines that an award is consistent with its philosophy and is in the Company's and the shareholders' best interests. Accordingly, and in light of the changes implemented by the Tax Cuts and Jobs Act of 2017, some portion of the compensation paid to a Company executive may not be tax deductible by the Company under Section 162(m) of the Code.

Section 280G, Section 4999 and Section 409A of the Code ("Section 409A") impose certain taxes under specified circumstances. Section 280G and Section 4999 provide that any executives, directors who hold significant shareholder interests and certain other service providers could be subject to significant additional taxes if they receive certain payments or benefits in connection with a change of control of the Company, and that the Company could lose a deduction on the amounts subject to additional tax. The Company has no policy or commitment to provide any executive or director with any gross-up or other reimbursement for tax amounts that such executive or director might pay pursuant to these laws, and each named executive officer's employment contract provides for a cutback of amounts payable in order to avoid such additional taxes. Section 409A imposes additional significant taxes in the event that an executive, director or other service provider receives deferred compensation that does not meet the requirements of Section 409A. The Compensation Committee considers the effect of Section 409A when designing the Company's executive plans and programs, and such plans and programs are intended to be designed to comply with or be exempt from Section 409A in order to avoid potential adverse tax consequences that may result from noncompliance.

REPORT OF THE COMPENSATION COMMITTEE

We have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) The amounts in this column represent the grant date fair value of restricted Common Shares awarded in each respective year, and the grant date fair value of notional units granted under the 2017, 2016 and 2015 Outperformance Plans. A discussion of the assumptions used in calculating these values may be found in Note 18 to our 2017 audited consolidated financial statements on pages F-49 to F-53 of our 2017 Annual Report, Note 18 to our 2016 audited consolidated financial statements on pages F-47 to F-51 of our 2016 Annual Report, and Note 17 to our 2015 audited consolidated financial statements on pages F-45 to F-49 of our 2015 Annual Report, respectively. With respect to the awards granted under the 2017, 2016 and 2015 Outperformance Plans, the grant date fair values were based on probable performance outcomes. The grant date value for the 2017 awards, assuming that the highest level of performance conditions are achieved, was \$5.3 million for Mr. Tanger, \$563,000 for Mr. Williams, \$2.4 million for Mr. McDonough, \$985,000 for Mr. Perry, and \$307,000 for Ms. Morrison. The grant date value for the 2016 awards, assuming that the highest level of performance conditions will be achieved, was \$5.1 million for Mr. Tanger, \$294,000 for Mr. Williams, \$2.3 million for Mr. McDonough, \$934,000 for Mr. Perry, and \$294,000 for Ms. Morrison. The grant date fair value for the 2015 awards, assuming that the highest level of performance conditions will be achieved, was \$4.9 million for Mr. Tanger, \$2.1 million for Mr. McDonough, \$1.1 million for Mr. Perry, and \$370,000 for Ms. Morrison.
- (2) Amounts shown consist of payouts under our annual Incentive Cash Bonus Plan earned during the fiscal year but paid in the first quarter of the following fiscal year; except that, with respect to Ms. Morrison, the amounts shown reflect (1) the bonus calculated under the terms of her employment contract, since such amount was higher than the bonus she would have received under our annual Incentive Cash Bonus Plan and (2) a separate bonus she earned as a result of her leasing team reaching certain goals with respect to achieving minimum overall occupancy rates, minimum renewal rate on leases expiring, and minimum average rental rate increases on existing leases renewed or new leases executed during the year, minimum conversion rate in converting lease requests to executed leases, and maximum number of days to get a lease fully executed once approved.

- (3) Amounts reported in 2017 include the following:

Name	Car Allowance	Employee Life Insurance Premiums	Dividends paid on unvested restricted Common Shares	401(K) Contribution	Use of Aircraft
Steven B. Tanger	\$9,600	\$44,436	\$459,240	\$10,800	\$88,871
James F. Williams	—	—	36,041	10,800	—
Thomas E. McDonough	—	—	200,247	10,800	—

2017 CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information regarding the relationship of the annual total compensation of our CEO to the annual total compensation of our median employee. We consider our pay ratio to be a reasonable estimate and calculated in a manner that is intended to be consistent with the requirements of Item 402(u) of Regulation S-K. We identified the median employee by examining the 2017 total cash compensation for all individuals, excluding our CEO, who were employed by us on December 31, 2017, the reference date for identifying our median employee. We included all employees on December 31, 2017, whether employed on a full-time, part-time, or seasonal basis. We did not make any assumptions, adjustments, or estimates with respect to total cash compensation, however we did annualize the compensation for certain full-time employees that were not employed by us for all of 2017. We believe the use of total cash compensation for

all employees is a consistently applied compensation measure because we do not widely distribute annual equity awards to employees. After identifying the median employee based on total cash compensation, we calculated annual total compensation for such employee using the same methodology we use for our named executive officers as set forth in the 2017 Summary Compensation Table earlier in this proxy statement.

As of December 31, 2017, we employed 345 part time employees and 285 full time employees, of which approximately 70% are hourly workers. Our median employee is a part-time customer service representative at one of our outlet centers that worked 178 days during 2017. Our CEO had annual total compensation of \$7,024,948 and our median employee had annual total compensation of \$14,639. Based on this information, for 2017 the estimated ratio of annual total compensation for our CEO to the median annual total compensation of all employees is 480 to 1.

- (1) The grant date is considered to be the date the equity-based awards were approved by the Compensation Committee. Under the terms of our Incentive Award Plan, the grant date fair value for restricted Common Share awards is considered to be the closing price of the Company's Common Shares on the day prior to the grant date, which for the February 14, 2017 awards, except for Mr. Tanger, was \$34.47. The grant date value of Mr. Tanger's 2017 award, which is subject to additional restrictions on sale after vesting, was discounted per FASB ASC 718 by 12.5%. A discussion of the assumptions used in calculating the grant date fair value of notional units granted under the 2017 OPP may be found in Note 18 to our 2017 audited consolidated financial statements on pages F-49 to F-53 of our 2017 Annual Report. With respect to the awards granted under the 2017 OPP, the grant date fair value was based on probable performance outcomes.
- (2) These columns show the range of estimated payouts targeted for 2017 performance under our annual Incentive Cash Bonus Plan for our executive officers (other than Ms. Morrison) as described in the section titled "Annual Cash Incentives-Description and Analysis" in the Compensation Discussion and Analysis. The actual cash bonus payment made in 2018 for 2017 performance, based on the metrics described, amounted to 116.87% of base salary for Mr. Tanger, 46.87% for Mr. Williams and 104.87% of base salary for Mr. McDonough and Mr. Perry.
- (3) These columns show the amount of potential restricted Common Shares to be converted from notional units under the 2017 OPP. The notional units convert based on the Company's absolute share price appreciation and its share price appreciation relative to its peer group, over a three year measurement period from February 14, 2017 through February 13, 2020. A discussion of this plan and the share price appreciation goals can be found in the section entitled "Compensation Discussion and Analysis - 2017 and 2018 Outperformance Plans" on page 36.
- (4) Restricted Common Shares granted under our Incentive Award Plan are described in the Outstanding Equity Awards at Fiscal Year-End Table below. Dividends are paid on unvested restricted Common Shares.

- (5) The amounts shown in this row under "Estimated Future Payouts under Non-Equity Incentive Plan Awards" columns includes the amounts Ms. Morrison was eligible to receive under our annual Incentive Cash Bonus Plan, the terms of her employment contract, and a separate bonus based on leasing team goals. Per the terms of her employment contract, Ms. Morrison is eligible to receive an annual incentive cash bonus equal to the lesser of (1) 100% of her salary or (2) 9.16% of the total commissions earned by our employees who are leasing employees who report to her. Ms. Morrison receives the higher of the bonus as calculated under our annual Incentive Cash Bonus Plan or the bonus calculated under the terms of her employment contract, but not both. Ms. Morrison received a cash bonus of \$282,057 in 2018 for 2017 performance based on the terms of her employment contract and did not receive a bonus under our annual Incentive Cash Bonus Plan. In addition, Ms. Morrison received \$13,000 as a separate bonus she earned as a result of her leasing team reaching certain goals with respect to achieving minimum overall occupancy rates, minimum renewal rates on leases expiring, and minimum average rental rate increases on existing leases renewed or new leases executed during the year, minimum conversion rate in converting lease requests to executed leases, and maximum number of days to get a lease fully executed once approved. Under this plan for 2017, Ms. Morrison could receive up to \$25,000 if all target levels were achieved, and then would receive additional amounts in increments of \$250 or \$1,000 based upon the amount by which the target levels were exceeded, up to a maximum total award of \$40,000.

EMPLOYMENT CONTRACTS

The following summary sets forth the material terms of the employment contracts with the NEOs in effect as of December 31, 2017.

STEVEN B. TANGER

On December 14, 2016, we entered into an amended and restated employment agreement with Steven B. Tanger. Pursuant to the employment agreement, Mr. Tanger shall continue to serve as CEO of the Company and, if elected or appointed, a member of the Board through January 1, 2021 (or, upon the execution of a definitive agreement which could result in a Change of Control, the later of (1) January 1, 2021 and (2) January 1 of the second year following the date of the Change of Control or the date the Change of Control transaction is terminated) (December 14, 2016 through such date, the "Contract Term"). In 2017, Mr. Tanger was paid an annual base salary of \$850,000 (and such annual base salary remained unchanged for 2018). The Board of Directors will review the amount of annual base salary for increase (but not decrease) each year. Mr. Tanger is eligible to receive an annual incentive bonus, (with a target bonus opportunity of no less than 100% of annual base salary), annual awards under the Incentive Award Plan on terms at least as favorable as annual awards granted to other senior executives, and a monthly automobile allowance of \$800. Further, at least 40% of the value of annual equity awards

granted to Mr. Tanger in 2017 (for 2016 performance) is subject to pro-rata time-based vesting over a three year period, as required by Mr. Tanger's employment agreement.

During the Contract Term and for ninety (90) days thereafter, the Company and the Operating Partnership will also provide Mr. Tanger with term life insurance coverage under a policy or policies in the face amount of \$5 million in the aggregate and, in the event of termination of employment prior to the end of the Contract Term (other than due to death, for Cause or without Good Reason (other than for Retirement) as defined below), the Company and the Operating Partnership will pay to Mr. Tanger (or the relevant insurer) an amount equal to the premiums required to maintain such policy or policies through the end of the Contract Term.

If Mr. Tanger's employment is terminated without Cause or for Good Reason Mr. Tanger will, subject to execution and non-revocation of a release in favor of the Company and its affiliates, (1) receive a lump sum payment equal to three-hundred percent (300%) of the sum of (a) his annual base

salary and (b) the greater of (i) his annual bonus earned for the year immediately preceding the year of termination and (ii) the average of his annual bonuses, if any, earned in the three years immediately preceding the year of termination, and (2) generally be eligible for continued participation in the employee benefit plans of the Company or the Operating Partnership through the later of (a) the 18 month anniversary of termination and (b) the end of the Contract Term.

If Mr. Tanger's employment is terminated due to death or Disability (as defined in his employment agreement), Mr. Tanger will receive (1) a lump sum payment equal to the greater of (a) current base salary for the remainder of the Contract Term or (b) 100% of current base salary and (2) a pro-rated annual bonus for the year of termination based on actual performance (and achievement of all individual performance goals), prorated based on the number of days of employment in such year.

In addition, if Mr. Tanger's employment is terminated without Cause or for Good Reason or due to death or Disability, all unvested restricted Common Shares subject to time-based vesting ("Time Based Awards"), including restricted Common Shares received upon settlement of Performance Based Awards, will fully vest and all unvested equity awards subject to performance based vesting ("Performance Based Awards") not yet settled in Common Shares will continue to vest pro-rata through the date of termination subject to the actual achievement of the applicable performance measures.

If Mr. Tanger's employment is terminated due to non-renewal of the agreement on substantially similar terms at the end of the Contract Term, it will be deemed a termination without Cause, provided that Mr. Tanger will, subject to execution and non-revocation of a release in favor of the Company and its affiliates, (1) receive a lump sum payment equal to one-hundred percent (100%) (not three-hundred percent (300%)) of the sum of (a) his annual base salary and (b) the greater of (i) his annual bonus for the year immediately preceding the year of termination and (ii) the average of his annual bonuses, if any, earned in the

three (3) years immediately preceding the year of termination, and (2) generally be eligible for continued participation in the employee benefit plans of the Company or the Operating Partnership through the 18-month anniversary of termination.

In addition, Mr. Tanger may voluntarily terminate employment by retiring any time after reaching age 72 and 20 years of service (such a termination, "Retirement") and receive a prorated annual bonus for the year of termination based on actual performance (and achievement of all individual performance goals), prorated based on the number of days of employment in such year, and continued vesting of unvested equity. In the event of such a Retirement, Mr. Tanger will be available to consult with the board for 12 months following retirement in exchange for an agreed monthly fee.

During his employment and for a period of twenty-four (24) months thereafter (the "Restricted Period"), Mr. Tanger is generally prohibited from engaging in the management, development or construction of any factory outlet centers or competing retail commercial property or in any active or passive investment in property connected with a factory outlet center or a competing retail commercial property. During the period following termination of employment, this prohibition applies only with respect to properties that are within a fifty (50) mile radius of (1) any commercial property owned, leased or operated by the Company and/or related entities on the date of termination of Mr. Tanger's employment or (2) any commercial property which the Company and/or any related entity actively negotiated to acquire, lease or operate within the six (6)-month period prior to the date of termination of Mr. Tanger's employment. During the Restricted Period, Mr. Tanger will also be subject to certain restrictions on solicitation of employees and other service providers of the Company and/or related entities and solicitation of business partners and business affiliates of the Company and/or related entities. During the Restricted Period, Mr. Tanger may, however, own an interest in or provide services to an entity affiliated with another entity that is engaged in competition with the company so long as the entity he owns the interest in or provides services to does not itself engage in competition with the Company.

JAMES F. WILLIAMS

James F. Williams has a three year employment contract originally effective October 24, 2006, amended and restated most recently effective December 29, 2008 and initially expiring on December 31, 2010. Mr. Williams' contract has not been amended since December 29, 2008. Mr. Williams' contract automatically extended for additional one-year periods at the end of the initial term and each anniversary thereafter and will continue in such fashion, unless either party gives written notice to the other party within 180 days prior to the end of the then-current extended term that the contract term will not be further extended. Further, if Mr. Williams' employment is terminated by us without Cause, or by him for Good Reason or within 75 days following the first Change of Control during the contract term (as such terms are defined in the employment contract), Mr. Williams will receive a severance payment in an amount equal to the sum of (a) 100% of his annual base salary for the current contract year, and (b) his average annual bonus for the three consecutive contract years immediately preceding the contract year in which the termination occurs, to be paid monthly over the succeeding 12 months subject to the limitations required to comply with Section 409A. However, in the event of Mr. Williams' termination for any reason on or after the 75th day following a Change of Control, Mr. Williams will not be entitled to receive any severance payments or benefits that would otherwise have been payable in connection with such termination.

Pursuant to the terms of the agreement, Mr. McDonough's annual base salary may not be less than \$350,000. Mr. McDonough is eligible to receive an annual incentive bonus based on performance criteria approved by the Company's Compensation Committee.

Pursuant to the terms of the agreement, Mr. Perry's annual base salary may not

be less than \$350,000. Mr. Perry is eligible to receive an annual incentive bonus based on performance criteria approved by the Company's Compensation Committee.

If Mr. McDonough's or Mr. Perry's employment is terminated by reason of death or Disability (as defined in the respective employment agreement), he or his estate will receive as additional compensation a lump sum payment in an amount equal to his annual base salary and a pro-rata portion of the annual bonus earned for the contract year in which the termination occurs. Further, if either executive's employment is terminated by us without Cause, or by either executive for Good Reason, as those terms are defined in his agreement, the executive will receive a severance payment in an amount equal to 300% of the sum of (a) his annual base salary for the then-current contract year and (b) the average annual bonus for the preceding three years to be paid monthly or bi-weekly over the succeeding 36 months subject to the limitations required to comply with Section 409A. Certain share based awards under our Incentive Award Plan are included in the calculation of the prior year's annual bonus and average annual bonus.

LISA J. MORRISON

Lisa J. Morrison has a three year employment contract originally effective January 1, 2001 and amended and restated most recently effective December 29, 2008. Ms. Morrison's contract has not been amended since December 29, 2008. Ms. Morrison's contract automatically extended for additional one-year periods at the end of the initial term and each anniversary thereafter and will continue in such fashion, unless either party gives written notice to the other party within 180 days prior to end of the then-current extended term that the contract term will not be further extended. Pursuant to the terms of the agreement, Ms. Morrison's base salary may not be less than \$231,500. In addition to her base salary, if approved by the Company's Board of Directors, for each contract year, Ms. Morrison will be paid an annual bonus in an amount equal to the lesser of (i) her base salary in effect on the last day of such contract year and (ii) an amount equal to nine and sixteen one-hundredths percent (9.16%) of the total commissions earned by our employees who are leasing representatives with respect to that contract year computed as a percentage of average annual tenant rents (net of tenant allowances) in accordance with the Company's leasing team bonus plan in effect for that contract year. If the amount determined under clause (ii) is greater than 100% of Ms. Morrison's annual base salary, such excess amount will be carried over to the next succeeding contract year, subject to Ms. Morrison's continued employment through December 31

of such succeeding contract year. Ms. Morrison will receive the higher of the bonus determined under her employment contract and the bonus determined pursuant to the Company's Incentive Cash Bonus Plan.

If Ms. Morrison's employment is terminated by reason of death or Disability, she or her estate will receive as additional compensation a lump-sum payment in an amount equal to half of her annual base salary and a pro-rata portion of the annual bonus earned for the contract year in which the termination occurs. Further, if Ms. Morrison's employment is terminated by us without Cause, or by her for Good Reason or within 75 days following the first Change of Control during the contract term (as such terms are defined in the employment contract), Ms. Morrison will receive a severance payment in an amount equal to the sum of (a) 100% of her annual base salary for the current contract year, and (b) her average annual bonus for the three consecutive contract years immediately preceding the contract year in which the termination occurs, to be paid monthly over the succeeding 12 months subject to the limitations required to comply with Section 409A. However, in the event of Ms. Morrison's termination for any reason on or after the 75th day following a Change of Control, Ms. Morrison will not be entitled to receive any severance payments or benefits that would otherwise have been payable in connection with such termination.

NON-COMPETE AND OTHER PROVISIONS

During the terms of employment for Mr. Williams, Mr. McDonough, Mr. Perry and Ms. Morrison, and for a period of one year thereafter (180 days for Mr. Williams and Ms. Morrison) if the executive's employment is terminated by us for Cause or by the executive without Good Reason (or three years for Mr. McDonough and Mr. Perry, one year for Mr. Williams and Ms. Morrison, if the executive receives severance due to a termination by the Company without Cause or by the executive for Good Reason),

the executive is prohibited from (a) engaging in any activities involving developing or operating an outlet shopping facility within a radius of 50 miles of any retail shopping facility owned (with an effective ownership interest of 50% or more), directly or indirectly, or operated by the Operating Partnership within the 365-day period ending on the date of termination of the executive's employment, (b) engaging in any activities involving developing or operating an outlet shopping facility within a radius

of 50 miles of any site that, within the 365-day period ending on the date of termination of the executive's employment, the Operating Partnership or its affiliate negotiated to acquire and/or lease for the development or operation of a retail shopping facility or (c) engaging in any activities involving developing or operating any other type of retail shopping facility (or, in the case of Ms. Morrison, any full price retail shopping facility) within a radius of 5 miles of and that competes directly for tenants with any retail shopping facility (or, in the case of Ms. Morrison, any full price retail shopping facility) that, within the 365-day period ending on the date of the termination of the executive's employment, was (i) under development by the Operating Partnership or its affiliate; (ii) owned (with an effective ownership interest of 50% or more), directly or indirectly, by the Operating Partnership; or (iii) operated by the Operating Partnership.

Mr. Tanger and Mr. Williams are employed and compensated by both the Operating Partnership and the Company. The Compensation Committee believes that the allocation of such persons' compensation between the Company and the Operating Partnership reflects the services provided by such persons with respect to each entity. All other employees are employed solely by the Operating Partnership or one of the Operating Partnership's subsidiaries.

All payments and benefits due to Mr. Tanger, Mr. Williams, Mr. McDonough, Mr. Perry and Ms. Morrison under their respective agreements are subject to reduction to the extent necessary to avoid federal excise tax on certain "excess parachute payments" under Section 4999 of the Code.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE OF CONTROL

The table below reflects the amount of compensation payable to each of our named executive officers in the event of a termination of such executive's employment. In particular, the table below sets forth the amount of compensation payable to each named executive officer in connection with each of the following different types of termination of employment: (1) termination by the Company without Cause or by the executive for Good Reason, (2) termination by the Company without Cause or by the executive for Good Reason following a Change of Control (or in the case of Mr. Williams and

Ms. Morrison, resignation within 75 days following a Change of Control), (3) termination as a result of death, (4) termination as a result of Disability, and (5) termination by the Company for Cause or by the executive without Good Reason.

The terms "Cause", "Change of Control", "Good Reason" and "Disability" as defined in the employment contracts of Mr. Tanger, Mr. Williams, Mr. McDonough, Mr. Perry and Ms. Morrison are generally as stated below:

CAUSE

Generally under each employment agreement, the Company or the Operating Partnership, as applicable, will have "Cause" to terminate the executive's employment upon each of the following events or circumstances:

Name(s)	Applicable Definition of Cause
Mr. Tanger Mr. McDonough Mr. Perry	<ul style="list-style-type: none"> Causing material harm to the Operating Partnership or the Company, as applicable, through a material act of dishonesty in the performance of his duties; Conviction of a felony involving moral turpitude, fraud or embezzlement; or Willful failure to perform his material duties (other than a failure due to Disability) after written notice and a reasonable opportunity to cure.

CHANGE OF CONTROL

Generally, under each employment agreement, a "Change of Control" will be deemed to have occurred upon each of the following events or circumstances:

Name(s)	Applicable Definition of Change of Control
Mr. Tanger Mr. McDonough Mr. Perry	<ul style="list-style-type: none"> • Sale, lease, exchange or other transfer (other than pursuant to internal reorganization) by the Company or the Operating Partnership of more than 50% of its assets to a single purchaser or group of associated purchasers; • Merger, consolidation or similar transaction in which the Company or the Operating Partnership does not survive as an independent, publicly owned corporation or the Company (or, with respect to Mr. McDonough and Mr. Perry, an entity wholly owned by the Company) ceases to be the sole general partner of the Operating Partnership; • Acquisition of securities of the Company or the Operating Partnership in one or a related series of transactions (other than pursuant to an internal reorganization) by a single purchaser or group of associated purchasers (other than the executive or any of his lineal descendants, lineal ancestors or siblings) which results in their ownership of 25% or more of the number of Common Shares (treating any Operating Partnership Units or Preferred Shares acquired by such purchaser or purchasers as if they had been converted to Common Shares) that would be outstanding if all of the Operating Partnership Units and Preferred Shares were converted into Common Shares; • Merger involving the Company if, immediately following the merger, the holders of the Company's shares immediately prior to the merger own less than fifty percent (50%) of the surviving company's outstanding shares having unlimited voting rights or less than fifty percent (50%) of the value of all of the surviving company's outstanding shares; or • Majority of the members of the Company's or the Operating Partnership's, as applicable, Board of Directors are replaced during any twelve month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election.

GOOD REASON

Generally under each employment agreement, the executive will have “Good Reason” to terminate his or her employment upon the occurrence of any of the following events:

Name(s)	Applicable Definition of Good Reason
Mr. Tanger	<ul style="list-style-type: none"> Any material adverse change in job titles, duties, responsibilities, perquisites, or authority without his consent, including no longer reporting solely to the Board of Directors of the Company or the failure to be the CEO of a successor entity (including its ultimate parent) on or following a change in Control; Principal duties are required to be performed at a location other than Greensboro, North Carolina or Miami, Florida without his consent; (a) Removal or non-election as a director of the Company; (or, on or following a Change in Control, the successor entity (including its ultimate parent)) or as trustee of the general partner of the Operating Partnership; or Material breach of the employment agreement by the Operating Partnership or the Company, including failure to pay compensation or benefits when due.
Mr. McDonough Mr. Perry	<ul style="list-style-type: none"> Any material adverse change in job titles, duties, responsibilities, perquisites, or authority without his consent; After a Change of Control, his principal duties are required to be performed at a location other than the Greensboro, North Carolina metropolitan area without consent, Election to terminate his employment within the 180-day period following a Change of Control; or Material breach of the employment agreement by the Operating Partnership, including failure to pay compensation or benefits when due.

DISABILITY

Generally under each employment agreement, the executive will be deemed to have a “Disability” upon the occurrence of any of the following events:

Name(s)	Applicable Definition of Disability
Mr. Tanger Mr. McDonough Mr. Perry	The absence of the executive from the executive's duties to the Operating Partnership and/or, as applicable, the Company on a full-time basis for a total of 16 consecutive weeks during any 12 month period as a result of incapacity due to mental or physical illness which is determined to be total and permanent by a physician selected by the Operating Partnership or, as applicable, the Company and acceptable to the executive or the executive's legal representative (such agreement as to acceptability not to be unreasonably withheld).
Mr. Williams Ms. Morrison	His or her inability due to a physical or mental illness that is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months, to perform any of the material duties assigned to him or her by the Operating Partnership for a period of ninety (90) days or more within any twelve consecutive calendar months.

ASSUMPTIONS

The employment contracts of the NEOs other than Mr. Tanger consider a Change of Control as a reason for an executive to terminate employment, and thus would entitle the executive to certain severance benefits. In addition, for purposes of the table below, however, we consider the caption representing the termination by the Company without Cause or by the executive for Good Reason to exclude an event of a Change of Control. In addition, any severance benefits or additional compensation that these executives are eligible to receive upon termination will be reduced to the extent necessary to prevent the executive from having any liability for the federal excise tax levied on certain "excess parachute payments" under section 4999 of the Code. The amounts shown in the table below are the maximum amounts the executives would be eligible to receive upon termination assuming no such reduction in compensation or benefits would be required.

The amounts shown below assume that such termination was effective December 31, 2017, and thus amounts earned through such time are estimates of the amounts that would be paid out to the executives upon termination. The actual amounts to be paid can only be determined at the time of such executive's separation from the Company and/or the Operating Partnership.

Also considered in the table below is the estimated value of restricted Common Shares earned upon termination of employment or a Change of Control from the conversion of the notional units under the Company's 2017, 2016 and 2015 Outperformance Plans. Under such plans, notional units will

convert into restricted Common Shares upon the satisfaction of certain TSR thresholds over a three-year performance period. For a further discussion of the plans, see "2017 and 2018 Outperformance Plans" on page 36 in this Proxy Statement.

Upon a termination without Cause, for Good Reason, death or Disability, each notional unit will convert based upon the share price at the end of the three-year performance period, and the number of restricted Common Shares earned will equal a prorated portion of the restricted Common Shares that would have been earned had a termination not occurred (prorated based on the period of employment during the three-year performance period). Such restricted Common Shares will vest immediately upon issuance at the end of the three-year performance period. Upon a Change of Control (as defined in our Incentive Award Plan), the absolute share price appreciation (absolute TSR) targets will be reduced pro-rata based upon the period of time that the effective date of the plan to the date of the Change of Control bears to the three-year performance period, and each notional unit will convert based upon the share price as of the Change of Control. Any restricted Common Shares earned will vest immediately upon issuance immediately prior to the Change of Control. If the notional units are earned, and thereby converted into restricted Common Shares, then award recipients will be entitled to receive a payment of all dividends and other distributions through the termination date or Change of Control that would have been paid had the number of earned restricted Common Shares been issued at the beginning of the performance period.

- (1) The terms of the cash severance payments due each officer under each scenario are more fully described elsewhere in this Proxy Statement under the caption "Employment Contracts."
- (2) Amounts shown in this column include the value of restricted Common Shares which were unvested at December 31, 2017 and that would immediately vest upon termination of employment. This column excludes the value of restricted Common Shares that may be earned under the 2016 and 2017 OPP, as no restricted Common Shares would have been earned under these plans assuming (1) the Company's share price at the end of the three year performance period is equivalent to the share price as of December 31, 2017 and (2) dividends paid during the performance period remaining subsequent to December 31, 2017 are paid at similar rates as in 2017. The performance period for the 2015 OPP ended on December 31, 2017 and no restricted Common Shares were earned.
- (3) Includes estimated costs of continuation of benefits for the remainder of Mr. Tanger's employment contract for group medical and dental coverage, disability insurance and life insurance premiums on \$100,000 of coverage.
- (4) Represents estimated premiums on term life insurance policies for Mr. Tanger to be paid for the remainder of his employment contract.

The Company's Code of Business Conduct and Ethics (referred to as the "Code of Conduct"), is posted on the Company's website at www.tangeroutlets.com and is available by clicking on "INVESTOR RELATIONS", then "CORPORATE OVERVIEW" and then "GOVERNANCE DOCUMENTS" or by writing to our Corporate Secretary at our principal executive offices. The Code of Conduct states that conflicts of interest should be avoided wherever possible. Conflicts of interest are broadly defined to include any situation where a person's private interest interferes in any way with the interests of the Company. Any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest should be discussed with the applicable Code of Ethics Contact Person. From time to time, the Company may waive the application of provisions of the Code of Conduct. Any such waiver involving conduct of officers or directors of the Company may be made only by the Board and must be promptly disclosed as required by the rules of the SEC or the NYSE. Any waiver with respect to the conduct of other employees may be made only by the CEO. We intend to post on our website all disclosures that are required by law or the NYSE listing standards concerning any amendments to, or waivers from, any provision of our Code of Conduct.

The Company's Related Party Transaction Policy and Procedures is posted on the Company's website at www.tangeroutlets.com and is available by clicking on "INVESTOR RELATIONS", then "CORPORATE OVERVIEW" and then "GOVERNANCE DOCUMENTS" or by writing to our Corporate Secretary at our principal executive offices. The Related Party Transaction Policy and Procedures requires the approval or ratification by the Audit Committee of any "related party transaction," defined as any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$100,000 and one of our executive officers, directors, director nominees, 5% shareholders (or their immediate family members) or any entity with which any of the foregoing persons is an employee, general partner, principal or 5% shareholder, each of whom we refer to as a "related person," has a direct or indirect interest as set forth in Item 404 of Regulation S-K. The policy provides that management must present to the Audit Committee for review and approval each proposed related party transaction (other than related party transactions involving compensation matters and certain ordinary course transactions). The Audit Committee must review the relevant facts and circumstances of the transaction, including if the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third party and the extent of the related party's interest in the transaction, take into account the conflicts of interest and corporate opportunity provisions of our Code of Conduct, and either approve or disapprove the related party transaction. If advance approval of a related party transaction requiring the Audit Committee's approval is not feasible, the transaction may be preliminarily entered into by management upon prior approval of the transaction by the chair of the Audit Committee, subject to ratification of the transaction by the Audit Committee at its next regularly scheduled meeting. No director may participate in approval of a related party transaction for which he or she is a related party.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of Deloitte & Touche LLP to audit the accounts of the Company for the fiscal year ending on December 31, 2018 and to perform such other services as may be required. The submission of this matter for approval by shareholders is not legally required; however, the Board of Directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for shareholders to provide direct feedback to the Board of Directors on an important issue of corporate governance. If the shareholders do not approve the selection of Deloitte & Touche LLP, the selection of such firm as our independent registered public accounting firm will be reconsidered. Even if the selection of Deloitte & Touche LLP is ratified, the Audit Committee retains the discretion to select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company.

Deloitte & Touche LLP served as our independent registered public accounting firm for the fiscal year ended December 31, 2017. There are no affiliations between the Company and Deloitte & Touche LLP, its partners, associates or employees,

other than its engagement as an independent registered public accounting firm for the Company. Representatives of Deloitte & Touche LLP are expected to be present at the meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders. See the "Report of the Audit Committee", included below, for information relating to the fees billed to the Company by Deloitte & Touche LLP for the fiscal years ended 2017 and 2016.

Vote Required. The ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm will be approved if the votes cast for the proposal exceed the votes cast against the proposal, provided that a quorum is present. Accordingly, abstentions and Common Shares present at the meeting for any other purpose but which are not voted on this proposal will not affect the outcome of the vote on the proposal. Because brokers have discretionary authority to vote on the ratification of the appointment of Deloitte & Touche LLP, we do not expect any broker non-votes in connection with the ratification.

**THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF
THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS
THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018.**

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has provided the following report:

During 2017, we reviewed with the Company's management, Director of Internal Audit and the Company's independent registered public accounting firm, Deloitte & Touche LLP, the scope of the annual audit and audit plans, the results of internal and external audit examinations, the evaluation by Deloitte & Touche LLP of the Company's system of internal control, the quality of the Company's financial reporting and the Company's process for legal and regulatory compliance. We also monitored the progress and results of the testing of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

Management is responsible for the Company's system of internal control, the financial reporting process and the assessment of the effectiveness of internal control over financial reporting. The Company's independent registered public accounting firm is responsible for performing an integrated audit and issuing reports and opinions on the following:

1. the Company's consolidated financial statements; and
2. the Company's internal control over financial reporting.

As provided in our Charter, our responsibilities include monitoring and overseeing these processes.

Consistent with this oversight responsibility, the Company's independent registered public accounting firm reports directly to us. We appointed Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2017 and approved the compensation of the firm. We reviewed and approved all non-audit services performed by Deloitte & Touche LLP during 2017 and determined that the provision of the services was compatible with maintaining Deloitte & Touche LLP's independence. During 2017, we pre-approved certain specific non-audit services and associated fees to be performed by Deloitte & Touche LLP, including (1) certain consultations regarding possible accounting and reporting implications

of proposed transactions and of newly issued or proposed authoritative accounting pronouncements for which any one service would be \$30,000 or less and (2) certain tax consulting services for which any one service would be \$50,000 or less, and for all such services which would be less than \$250,000 in the aggregate. In addition, we have delegated to the Chair of the Audit Committee the authority to pre-approve other non-audit services to be performed by Deloitte & Touche LLP and associated fees, and the Chair reports all such decisions at the Audit Committee's next regularly scheduled meeting.

We have received the written disclosures and letters from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the Audit Committee concerning independence, including independence with respect to tax services, and we discussed with Deloitte & Touche LLP its independence.

We reviewed and discussed the 2017 consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting with management and Deloitte & Touche LLP. We also discussed the certification process with the CEO and CFO. Management represented to us that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and that the Company's internal control over financial reporting was effective. We discussed with Deloitte & Touche LLP the matters required to be discussed by Auditing Standard 1301, as adopted by the Public Company Accounting Oversight Board.

Based on these discussions and reviews, we recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

The following is a summary of the fees billed to the Company for services in 2017 and 2016 by Deloitte & Touche LLP:

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are seeking advisory shareholder approval of the compensation of the named executive officers as disclosed in the section of this proxy statement titled "*Executive Compensation*." The Company has determined to hold a "say-on-pay" advisory vote every year. In accordance with this determination and Section 14A of the Exchange Act, shareholders are being asked to vote on the following advisory resolution:

"RESOLVED, that the shareholders approve the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the Company's Proxy Statement for the 2018 Annual Meeting of Shareholders (which disclosure includes Compensation Discussion and Analysis, the compensation tables and any related material)."

Although the vote is advisory, and non-binding, the Board of Directors and the Compensation Committee will review the voting results in connection with their ongoing evaluation of the Company's compensation program. The next "say-on-pay" advisory vote will occur at the 2019 Annual Meeting of Shareholders.

As described more fully in the Compensation Discussion and Analysis section of this proxy statement, the Company's compensation program is designed to reward both teamwork and the individual officer's contribution to the Company with respect to annual and longer term goals. The Company's primary components of compensation for its executive officers have been base salary, annual incentive cash bonuses and long-term equity-based incentive compensation.

The Compensation Committee believes that an executive compensation program that strongly links both the short-term and long-term performance of the Company and the compensation of our executive officers is a key driver of our long-term financial success.

Focus on Company Performance:

The Company believes that our current executive compensation program represents a thoughtful, balanced program with a pay-for-performance structure that focuses on Company performance and reflects the feedback of our shareholders. In years that our shareholder value has increased, compensation for our CEO and other named executive officers has generally increased. Conversely, in years that our shares have underperformed, compensation for our CEO and other NEOs has generally declined.

Our compensation program is designed to align the interests of our CEO and other named executive officers with those of our shareholders. Key compensation decisions made based on 2017 performance include:

- Despite significant retail headwinds during 2017 characterized by tenant bankruptcies and store closings, we still achieved several of our compensation program

goals. The Company delivered strong financial growth and operational performance in 2017, including in particular a 4% increase in AFFO to \$2.46 per share, which resulted in the achievement of the maximum AFFO performance metric under the Incentive Cash Bonus Plan (as defined above under "Compensation Discussion and Analysis"). Nonetheless, given that our Same Center NOI growth of 0.5% did not meet our threshold goal of 1.5% growth, and our leverage ratio of 50.9% was between our threshold and target goals, our CEO's cash bonus under the Incentive Cash Bonus Plan for fiscal 2017 was 22.5% lower than his cash bonus received for fiscal 2016 and his total direct compensation decreased by 3.9%.

- The total value of equity compensation, including both time-based restricted Common Shares and the outperformance plan awards granted to our NEOs in 2018 for 2017 performance remained the same as the prior year.
- Our CEO's total realized compensation for 2017 was 40% less than his 2016 total realized compensation.
- CEO compensation is predominantly comprised of equity awards accounting for approximately 71% of his total direct compensation, with cash compensation reflecting the remaining 29%.

In 2017, the Compensation Committee took into account a number of operational and financial factors in setting compensation, including the following key achievements:

- AFFO available to common shareholders, which excludes certain items that the Company does not consider indicative of its ongoing operating performance, increased 4% to \$2.46 per share, or \$245.3 million, for the 2017 period compared to \$2.37 per share, or \$238.4 million for the 2016 period.
- Same Center NOI increased for the 14th consecutive year.
- Consolidated portfolio was 97.3% occupied at year-end 2017 (compared to 97.7% on December 31, 2016). This past year marked our 37th consecutive year with year-end occupancy of 95% or greater.
- Raised regular quarterly common share cash dividend in April by 5.4% on an annualized basis to \$1.37 per share, marking the 24th consecutive year of increased dividends.
- Blended average rental rates increased 12.1% on 343 leases totaling approximately 1,508,000 square feet renewed or released throughout the consolidated portfolio during the trailing twelve months ended December 31, 2017, excluding 9 leases totaling 165,000 square feet in the centers with major re-merchandising projects during 2017. Including these 9 leases, blended average rental rates increased 8.8% on 352 leases totaling approximately 1,673,000 square feet renewed or released throughout the consolidated portfolio during the trailing twelve months ended December 31, 2017.
- Completed two construction projects: Lancaster, Pennsylvania (123,000 square foot expansion) and Fort Worth, Texas (352,000 square foot new outlet center) which

combined represent a 3.2% expansion of the Company's overall footprint at the beginning of 2017. Both projects opened at approximately 93% leased, which we believe was a significantly higher opening lease rate than any other domestic outlet project opened in 2017.

- Completed a public offering of \$300 million of 3.875% unsecured senior notes due July 2027 and used the net proceeds and unsecured lines of credit borrowings to redeem \$300 million of outstanding 6.125% unsecured senior notes due June 2020.
- In January 2018, increased our liquidity by amending our line of credit agreements to extend maturity by two years, increase our borrowing capacity to \$600 million from \$520 million, and reduce the interest rate spread to 87.5 basis points over LIBOR from 90 basis points.
- Interest coverage ratio was 4.46 times for 2017, compared to 4.40 times for 2016.
- TSR over the longer term has performed above market generating a 99% return for our shareholders over the past ten years (as compared to an 80% return generated by the SNL US Retail REIT Index).

* FFO, AFFO and Same Center NOI are financial measures that the Company's management believes to be important supplemental indicators of our operating performance and which are used by securities analysts, investors and other interested parties in the evaluation of REITs, but are not measures computed in accordance with GAAP. For a discussion of FFO, AFFO and Same Center NOI, including a reconciliation to GAAP, please see [Appendix A](#).

Shareholders are urged to read the *Compensation Discussion and Analysis* section of this Proxy Statement, which discusses in detail how our compensation policies and procedures implement our compensation philosophy.

Vote Required. This non-binding advisory vote shall be approved if the votes cast for the proposal exceed the votes cast against the proposal. Accordingly, abstentions, broker non-votes and Common Shares present at the meeting for any other purpose but which are not voted on this proposal will not affect the outcome of the vote on the proposal.

THE BOARD RECOMMENDS THAT YOU VOTE FOR, ON A NON-BINDING BASIS, THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

OTHER MATTERS

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of the ownership and changes in the ownership (Forms 3, 4 and 5) with the SEC and the New York Stock Exchange. Officers, directors and beneficial owners of more than ten percent of our Common Shares are required by the SEC's regulations to furnish us with copies of all such forms which they file.

Based solely on our review of the copies of Forms 3, 4 and 5 and any amendments thereto received by us for the year ended December 31, 2017, or written representations from certain reporting persons, we believe that all Forms 3, 4 or 5 were filed timely, with the exception of one Form 4 reporting one transaction for Mr. Robinson.

SHAREHOLDER PROPOSALS AND NOMINATIONS FOR THE 2019 ANNUAL MEETING OF SHAREHOLDERS

SHAREHOLDER PROPOSALS FOR INCLUSION IN THE 2019 PROXY STATEMENT

Proposals of shareholders pursuant to Rule 14a-8 of the Exchange Act intended to be presented at our Annual Meeting of Shareholders to be held in 2019 must be received by us no later than December 5, 2018. Such proposals must comply with the requirements as to form and substance established by

the SEC for such proposals in order to be included in our Proxy Statement. Proposals should be sent to Tanger Factory Outlet Centers, Inc., 3200 Northline Avenue, Suite 360, Greensboro, North Carolina 27408, Attn: Corporate Secretary.

OTHER PROPOSALS AND SHAREHOLDER NOMINATIONS FOR DIRECTOR

Under our By-Laws, certain procedures are provided that a shareholder must follow to nominate persons for election as directors or to propose an item of business at an Annual Meeting of Shareholders that is not intended to be included in our Proxy Statement pursuant to Rule 14a-8. These procedures provide that nominations for director and/or an item of business to be introduced at an Annual Meeting of Shareholders must be submitted in writing to the Corporate Secretary at our principal executive offices. We must receive the notice of your intention to introduce a nomination or to propose an item of business not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting.

For the 2019 Annual Meeting of Shareholders, such nominations or proposals must be received by our Corporate Secretary not earlier than the close of business on January 18, 2019 and not later than the close of business on February 17, 2019 in order to be considered at the 2019 Annual Meeting. If we do not receive notice during that time period, any such defective matters raised at the meeting will be disregarded and the persons named as proxies in the proxy materials relating to the 2019 Annual Meeting of Shareholders will use their discretion in voting the

proxies with respect to any such matters. A shareholder's notice to nominate a director or bring any other business before the 2019 Annual Meeting of Shareholders must set forth certain information specified in our By-Laws.

If the date of the 2019 Annual Meeting of Shareholders is more than 30 days before or more than 60 days after May 18, 2019, shareholders must submit such nominations or proposals not earlier than the close of business on the 120th day prior to the meeting and not later than the close of business on the later of the 90th day prior to the meeting or by the close of business on the 10th day following the date on which public announcement of the date of the meeting is first made by us. In addition, with respect to nominations for directors, if the number of directors to be elected at the 2019 Annual Meeting of Shareholders is increased and there is no public announcement by us naming all of the nominees for director or specifying the size of the increased Board at least 70 days prior to May 18, 2019, notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Corporate Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which such public announcement is first made by us.

SHAREHOLDER SUGGESTIONS FOR DIRECTOR NOMINATIONS

The Nominating and Corporate Governance Committee of the Board will consider suggestions from shareholders for nominees for election as directors to be presented at the 2019 Annual Meeting of Shareholders. The person proposing the nominee must be a shareholder entitled to vote at the 2019 Annual Meeting of Shareholders and the suggestion must be made pursuant to timely notice. Shareholder suggestions for director nominees must be received between January 18, 2019 and February 17, 2019, and should include: (i) the candidate's written consent to being named in the Proxy Statement as a nominee

and to serve as a director if elected, (ii) the name and address of the shareholder submitting the suggestion or beneficial owner on whose behalf the proposed candidate is being suggested for nomination, and (iii) the class and number of our shares owned beneficially and of record by the shareholder or beneficial owner submitting the suggestion. The Nominating and Corporate Governance Committee will consider candidates suggested by shareholders on the same terms as candidates selected by the Nominating and Corporate Governance Committee.

BOARD COMMITTEE CHARTERS, CORPORATE GOVERNANCE GUIDELINES AND CODE OF BUSINESS CONDUCT AND ETHICS

Each of the Board's Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee operate under written charters adopted by the Board. The Board has also adopted written Corporate Governance Guidelines in accordance with listing requirements of the New York Stock Exchange and a written Code of Business Conduct and Ethics that applies to directors, management and employees of the Company. We have made available copies of our Board Committee Charters,

Corporate Governance Guidelines and Code of Business Conduct and Ethics on our website at www.tangeroutlets.com by first clicking on "INVESTOR RELATIONS", then "CORPORATE OVERVIEW", and then, "GOVERNANCE DOCUMENTS". Copies of these documents may also be obtained by sending a request in writing to Tanger Factory Outlet Centers, Inc., 3200 Northline Avenue, Suite 360, Greensboro, North Carolina 27408, Attn: Corporate Secretary.

HOUSEHOLDING OF PROXY MATERIALS

The SEC permits a single set of annual reports, proxy statements, and Notices to be sent to any household at which two or more shareholders reside, if it is believed the shareholders are members of the same family. Each shareholder would receive a separate voter instruction form if the household received printed proxy materials. This procedure, referred to as householding, reduces the volume of duplicate information shareholders receive and reduces mailing and printing costs. A number of brokerage firms have instituted householding. Only one copy of the Notice will be sent to certain beneficial shareholders who share a single address, unless any shareholder residing at that address gave contrary instructions.

Depending upon the practices of your broker, bank or other nominee, you may be required to contact them directly to discontinue duplicate mailings to your household. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you hold Common Shares in your own name as a shareholder of record, householding will not apply to you. Extra copies of any annual report, Proxy Statement, information statement or Notice Regarding the Availability of Proxy Materials may be obtained free of charge by calling our Investor Relations Department at (336) 834-6892 or sending your request to the attention of the Secretary of the Company at 3200 Northline Avenue, Suite 360, Greensboro, NC 27408.

OTHER BUSINESS

We know of no other business which will come before the meeting for action. However, if any business other than that described in the Proxy Statement comes before the meeting, the persons designated as proxies will have authority to vote in accordance with their best judgment with respect to such business.

APPENDIX A – DEFINITIONS AND RECONCILIATION OF GAAP AND NON-GAAP FINANCIAL MEASURES

DEFINED TERMS

FUNDS FROM OPERATIONS

Funds From Operations (“FFO”) is a widely used measure of the operating performance for real estate companies that supplements net income (loss) determined in accordance with GAAP. We determine FFO based on the definition set forth by the National Association of Real Estate Investment Trusts (“NAREIT”), of which we are a member. FFO represents net income (loss) (computed in accordance with GAAP) before extraordinary items and gains (losses) on sale or disposal of depreciable operating properties, plus depreciation and amortization of real estate assets, impairment losses on depreciable real estate of consolidated real estate and after adjustments for unconsolidated partnerships and joint ventures, including depreciation and amortization, and impairment losses on investments in unconsolidated joint ventures driven by a measurable decrease in the fair value of depreciable real estate held by the unconsolidated joint ventures.

FFO is intended to exclude historical cost depreciation of real estate as required by GAAP which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization of real estate assets, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income.

We present FFO because we consider it an important supplemental measure of our operating performance. In addition, a portion of cash bonus compensation to certain members of management is based on our FFO or Adjusted Funds From Operations (“AFFO”), which is described in the section below. We believe it is useful for investors to have

enhanced transparency into how we evaluate our performance and that of our management. In addition, FFO is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is also widely used by us and others in our industry to evaluate and price potential acquisition candidates. NAREIT has encouraged its member companies to report their FFO as a supplemental, industry-wide standard measure of REIT operating performance.

FFO has significant limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- FFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and FFO does not reflect any cash requirements for such replacements;
- FFO, which includes discontinued operations, may not be indicative of our ongoing operations; and
- Other companies in our industry may calculate FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, FFO should not be considered as a measure of discretionary cash available to us to invest in the growth of our business or our dividend paying capacity. We compensate for these limitations by relying primarily on our GAAP results and using FFO only as a supplemental measure.

ADJUSTED FUNDS FROM OPERATIONS

We present AFFO, as a supplemental measure of our performance. We define AFFO as FFO further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized in the table below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating AFFO you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments

in this presentation. Our presentation of AFFO should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

We present AFFO because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we believe it is useful for investors to have enhanced transparency into how we evaluate management's performance and the effectiveness of our business strategies. We use AFFO when certain material, unplanned transactions occur as a factor in

evaluating management's performance and to evaluate the effectiveness of our business strategies, and may use AFFO when determining incentive compensation.

AFFO has limitations as an analytical tool. Some of these limitations are:

- AFFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- AFFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will

often have to be replaced in the future, and AFFO does not reflect any cash requirements for such replacements;

- AFFO does not reflect the impact of certain cash charges resulting from matters we consider not to be indicative of our ongoing operations; and
- Other companies in our industry may calculate AFFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, AFFO should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using AFFO only as a supplemental measure.

PORTFOLIO NET OPERATING INCOME AND SAME CENTER NOI

We present portfolio net operating income ("Portfolio NOI") and same center net operating income ("Same Center NOI") as supplemental measures of our operating performance. Portfolio NOI represents our property level net operating income which is defined as total operating revenues less property operating expenses and excludes termination fees and non-cash adjustments including straight-line rent, net above and below market rent amortization and gains or losses on the sale of outparcels recognized during the periods presented. We define Same Center NOI as Portfolio NOI for the properties that were operational for the entire portion of both comparable reporting periods and which were not acquired or subject to a material expansion or non-recurring event, such as a natural disaster, during the comparable reporting periods.

We believe Portfolio NOI and Same Center NOI are non-GAAP metrics used by industry analysts, investors and management to measure the operating performance of our properties because they provide performance measures directly related to the revenues and expenses involved in owning and operating real estate assets and provide a perspective not immediately apparent from net income, FFO or AFFO. Because Same Center NOI excludes properties developed, redeveloped, acquired and sold; as well as non-cash adjustments, gains or losses on the sale of outparcels and termination rents; it highlights operating

trends such as occupancy levels, rental rates and operating costs on properties that were operational for both comparable periods. Other REITs may use different methodologies for calculating Portfolio NOI and Same Center NOI, and accordingly, our Portfolio NOI and Same Center NOI may not be comparable to other REITs.

Portfolio NOI and Same Center NOI should not be considered alternatives to net income (loss) or as an indicator of our financial performance since they do not reflect the entire operations of our portfolio, nor do they reflect the impact of general and administrative expenses, acquisition-related expenses, interest expense, depreciation and amortization costs, other non-property income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations. Because of these limitations, Portfolio NOI and Same Center NOI should not be viewed in isolation to or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Portfolio NOI and Same Center NOI only as supplemental measures.
