Silver Butte Company

Notes to Financial Statements - Unaudited

1. Basis of Presentation

The financial statements of Silver Butte Company (formerly Silver Butte Mining Company) ("the Company") included herein have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Although certain information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted, the Company believes that the disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the financial statements and notes thereto for the fiscal year ended August 31, 2004 included in the Company's Form 10-KSB.

The financial statements included herein reflect all normal recurring adjustments that, in the opinion of management, are necessary for a fair presentation. The results for interim periods are not necessarily indicative of trends or of results to be expected for the full year ended August 31, 2005.

2. Description of Business

Silver Butte Company (formerly Silver Butte Mining Company) is a Nevada corporation, and the successor of Silver Butte Mining Company, an Idaho corporation that was incorporated on January 19, 1965. The Company was originally organized to explore, acquire and develop mineral properties and rights primarily in Idaho. However, the Company's exploration activities never developed any commercial ore deposits. During prior years, the Company made a strategic decision to abandon or sell its mineral properties and rights, and favorably position itself to seek other profitable business opportunities.

During an annual meeting of shareholders held on February 4, 2004, a merger with Silver Butte Company was ratified. Silver Butte Company was incorporated in the state of Nevada on March 4, 2004. The merger became effective on March 4, 2004 upon filing the Articles of Merger with the respective states. On that date, the Company merged into its wholly-owned Nevada subsidiary and changed its corporate domicile from the state of Idaho to the state of Nevada. Throughout this report reference to "the Company" may include the Idaho corporation prior to the merger and the Nevada corporation subsequent to the merger.

At August 31, 2003, and years prior, the Company had one class of \$0.05 par value common stock authorized and outstanding. Upon merger with Silver Butte Company on March 4, 2004, the surviving corporation's capitalization authorizes 300,000,000 shares of \$0.001 par value common stock for issue. In addition, a class of \$0.001 par value preferred stock is authorized with 10,000,000 shares available for issue.

The Company has incurred losses over the past several years and has no recurring source of revenue. These conditions raise substantial doubt as to the Company's ability to continue as a going concern. Management's plans for the continuation of the Company as a going concern are primarily focused on the eventual merger with an entity with profitable business operations. If existing cash and cash equivalents are exhausted before this occurs, the Company could sell its unregistered common stock to finance operations. However, there are no assurances with respect to the future success of these plans. The financial statements do not contain any adjustments, which might be necessary, if the Company is unable to continue as a going concern. Unless otherwise indicated, amounts provided in these notes to the financial statements pertain to continuing operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

General

This Form 10-QSB contains forward-looking statements. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions that are not statements of historical facts. This document and any other written or oral statements made by us or on our behalf may include forward-looking statements, which reflect our current views with respect to future events and financial performance. The words "believe," "expect," "anticipate," "intends," "estimates," "forecast," "project" and similar expressions identify forward-looking statements.

The forward-looking statements in this document are based upon various assumptions, many of which are based on management's discussion and analysis or plan of operations and elsewhere in this report. Although we believe that these assumptions were reasonable when made, these statements are not guarantees of future performance and are subject to certain risks and uncertainties, some of which are beyond our control, and are difficult to predict. Actual results could differ materially from those expressed in forward-looking statements. Readers are cautioned not to place undue reliance on any forward-looking statements, which reflect management's view only as of the date of this report.

Plan of Operation

The Company's purpose is to seek, investigate and, if such investigation warrants, acquire an interest in business opportunities presented to it by persons or firms who or which desire to seek the perceived advantages of a publicly registered corporation. The Company will not restrict its search to any specific business, industry, or geographical location and the Company may participate in a business venture of virtually any kind or nature.

The Company may seek a business opportunity with entities which have recently commenced operations, or wish to utilize the public marketplace in order to raise additional capital in order to expand into new products or markets, to develop a new product or service, or for other corporate purposes. The Company may acquire assets and establish wholly owned subsidiaries in various businesses or acquire existing businesses as subsidiaries. Business opportunities may be available in many different industries and at various stages of development, all of which will make the task of comparative investigation and analysis of such business opportunities extremely difficult and complex.

Management of the Company, while not especially experienced in matters relating to the new business of the Company, will rely primarily upon their own efforts to accomplish the business purposes of the Company. It is not anticipated that any outside consultants or advisors, other than the Company's legal counsel and accountants, will be utilized by the Company to effectuate its business purposes described herein.

Financial Condition and Liquidity

During the six month period ended February 28, 2005, the Company used \$12,903 of cash for operating activities, compared to \$46,352 used for operating activities in the six months ended February 29, 2004. During the period, the Company sold its sole asset, the Mirror Lake property for \$6,000 and recognized a gain from the sale of \$3,000. The Company also received \$3,500 from the sale of 350,000 shares of its common stock resulting from the exercise of warrants.

ITEM 3. CONTROLS AND PROCEDURES

An evaluation was performed by The Registrant's President and Secretary/ Treasurer of the effectiveness of the design and operation of the Registrant's disclosure controls and procedures. Based on that evaluation, the president and secretary/treasurer concluded that disclosure controls and procedures were effective as of February 28, 2005, in ensuring that all material information required to be filed in this annual report has been made known to them in a timely fashion.

There has been no change in our internal control over financial reporting during the three and six month periods ended February 28, 2005 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
