December 29, 2014

"I want to again convey to you that we are willing to have two of Land and Buildings' director nominees - specifically, Charles M. Elson and Gregory F. Hughes - join the Associated Estates Board – which is consistent with what you suggested when we met this past Sunday (2/8/2015)."

Associated Estates Has Always Been – and Remains – Open to a Fair Settlement Agreement.

Setting the Record Straight – The Edge at Flagler Village

Despite the misleading characterization of Land & Buildings, Associated Estates does not currently own The Edge at Flagler Village and the property is not on LRO.

- Associated Estates began managing the property in April 2014 but the current owner still exercises full control over most of the decisions that significantly impact the economics of the entity, including the setting of rents
- Associated Estates does not currently derive any FFO from this property apart from property management fees
- Associated Estates is recognizing any concessions in the month given versus amortizing it over the life of the lease, thus having no impact on Associated Estates' cash flow upon closing

A minimum level of due diligence on the property would indicate who owns the property and who has control rights.

Upgrading of Doral West Property Almost Complete

Associated Estates' Doral West property in South Florida is undergoing an extensive renovation to upgrade the interior and exterior of the property.

- Associated Estates acquired Doral West in July 2013 as a rehab opportunity with plans to upgrade all units as well as a complete exterior renovation; 35% of the property units were renovated at the time of close
- The exterior renovations, including full exterior paint and landscaping upgrades, were completed on 1/23/2015 and anticipate completing all unit renovations by the end of Q1 2015
- Two weeks prior to Land & Buildings' presentation on 1/28/2015, all signage had been replaced at Doral West as part of the exterior renovation
