File No. 001-12874

Dear Mr. Lok:

After reviewing the information you provide in response to the comments, we may have additional comments.

Other

1. We note your response to comment 5 in our letter dated February 29, 2012. Please tell us why you do not believe that your contacts with Iran, Syria and Sudan have been sufficient to damage your reputation or share price or to affect a reasonable investor's investment decision. In this regard, we note that conventional tanker vessels carry oil and gas products; conventional tanker vessels owned, chartered-in or managed by you have made port calls in each of these U.S.-designated state sponsors of terrorism; and the reported significance of income from the sale of oil and gas products to the governments of these U.S.-designated state sponsors of terrorism. Please expand your materiality discussion to address the impact of these factors upon your qualitative analysis, including whether the referenced port calls to Iran, Syria and Sudan involved the loading or discharge of oil and gas products; and to address the investor sentiment noted in our prior comment 5.
