Form 10-K for the Year Ended December 31, 2009

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Valuation of goodwill, long-lived assets, intangible assets and equity and cost method investments, page 42

1. We note that goodwill represents 41% or more of your assets as of December 31, 2009. In light of the significance of your goodwill balance, we expect robust and comprehensive disclosure both in your footnote and in your critical accounting policies regarding your impairment testing policy. This disclosure should provide investors with sufficient information about management's insights and assumptions with regard to the recoverability of goodwill. Specifically, please disclose the following information for each reporting unit (with material goodwill) that is at risk of failing step one of the goodwill impairment test:

- Percentage by which fair value exceeded carrying value as of the most recent step-one test
- Amount of goodwill allocated to the unit
- Description of the methodology used to determine fair value
- Description of key assumptions used and how the key assumptions were determined
- Discussion of the uncertainty associated with the key assumptions and any potential events and/or circumstances that could have a negative effect on the key assumptions.

Otherwise disclose, if true, in your critical accounting policies that none of your reporting units with significant goodwill is at risk of failing step one of the goodwill impairment test. Please provide us your proposed disclosures.

Liquidity and Capital Resources, page 51

In future filings, discuss whether your existing cash, cash equivalents, net cash from operations and sources of liquidity will be sufficient to fund your operations, anticipated capital expenditures and debt repayment obligations for the next twelve months. In addition, provide a discussion regarding the company's ability to meet its long-term liquidity needs. Note that we consider "long-term" to be the period in excess of the next twelve months. Refer to Section IV of the Commission's Interpretive Release on Management Discussion and Analysis of Financial Condition and Results of Operations which is located on our website at: <http://www.sec.gov/rules/interp/33-8350.htm>.

Further, we note the Committee targets the named executive officer's compensation to fall within the range of the peer group in order to be competitive in the market.
