METRIC FINANCIAL, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. Organization and Nature of Business

Metric Financial, Inc. (the Company) is a broker dealer registered with the Securities and Exchange (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company provides the ability to transact from outside sources in order to distribute investment products and assist in the free flow of securities in the open market. The Company does not hold funds or securities for the accounts of its customers.

2. Significant Accounting and Reporting Policies Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP) as determined by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). The Company believes that the disclosures in these financial statements are adequate and not misleading. In the opinion of management, the financial statements contain all adjustments necessary for a fair presentation of the Company's financial position as of December 31, 2022, and is not necessarily indicative of the results for any future period.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company maintains its cash in bank deposit account(s) which, at times, may exceed federally insured limits. The Company monitors the bank account(s) and does not expect to incur any losses from such account(s). The Company has defined cash and cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held-for-sale in the ordinary course of business. The recorded value of such instruments approximates their fair value. On December 31, 2022, the Company had no cash equivalents.

METRIC FINANCIAL, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Revenue

The Company has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update 2014-09, Revenue from Contracts with Customers (ASU 2014-09) and the FASB's Accounting Standards Update 2016-08, Principal vs. Agent Considerations (ASU 2016-09). The income reported on the Statement of Income is comprised of private placement revenue and other service fees.

The Company considers revenue to be generated when the Company satisfies a performance obligation.

Additionally, the guidance requires the Company adhere to the following model: a) identify the contract with the customer, b) identify the performance obligations in the contract, c) determine the transaction price, d) allocate the transaction price to the performance obligations in the contract, and e) recognize revenue when (or as) the Company satisfies a performance obligation.

Revenues from fees arising from private securities placement in which the Company acts an agent are recorded pursuant to the terms of the Company's agreements with the respective offering parties. Typically, fees are recorded based upon the capital commitments obtained as of the closing for a respective placement when all performance obligations to the client have been completed. Revenues from fees arising from mergers, acquisitions, and other corporate reorganization transactions are recorded as success fees based on the achievement of performance obligations, agreed upon with the client, such as closing of the transaction.

Accounts Receivable

On December 31, 2022, accounts receivable consisted of current billings that were collected in January 2023. Accounts receivables are stated at the amount management expects to collect from outstanding accounts. Management provides for probable uncollectable accounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Accounts that are unpaid after management has used reasonable collections efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. As of December 31, 2022, no allowance for uncollectable accounts was deemed necessary.

Fair Value Measurements

Fair Value - FASB ASC 820, Fair Value Measurement and Application, defines fair value as the price that would be received from sales of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Statement establishes a three-level hierarchy of inputs used to measure fair value.

METRIC FINANCIAL, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

Level 1) Inputs are unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2) Inputs other than the quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3) Inputs are unobservable inputs such as management's assumption of the default rate among mortgages of a mortgage-backed security.

The Standards provide guidance on applying fair value to alternative investments, such as hedge and private equity funds. It also enhances disclosure requirements around those types of instruments. Fair value measurements are based not on entry prices, but rather on exit prices - the price that would be received to sell the asset or paid to the transfer of the liability. While entry and exit prices differ conceptually, in many cases, they may be identical and can be considered to represent fair value of the asset or liability at initial recognition.

Income Taxes

The Company is currently a limited liability company. In 2022, The broker dealer changed the state in which the company was formed from Massachusetts to Georgia. At the same time, the broker/dealer corporation merged into Metric Financial, LLC and the broker/dealer kept its tax ID number. There was no change in the underlying ownership, no change in control, and no change in tax ID.

Coronavirus

In the second year of the COVID-19 coronavirus pandemic, the adverse impacts to global commercial activity has continued to contribute to significant volatility in the financial markets. Government imposed responses and other related recovery measures intended to control the spread of the disease have created a variety of unintended challenges and risks. As such, economic uncertainty, changes in consumer demand, disrupted supply chains, staffing shortages, and hybrid working patterns all continue to have a negative impact on many industries. The continued development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the COVID-19 coronavirus. Nevertheless, the COVID-19 coronavirus presents material uncertainty and risk with respect to the Company, its performance, and its financial results. At present, the extent to which the coronavirus may impact the Company's financial condition or results of operations in future periods is uncertain.

3. Related Parties

Metric Financial, LLC. is solely owned by entities, by Bilal Malik of Malik Law Group (MLG) which has entered into an expense sharing agreement with the Company. Since the start of the Coronavirus pandemic, MLG has forgiven the Company of any expenses due.

METRIC FINANCIAL, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

4. Net Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule (SEC Rule 15c3-1) of the Securities Exchange Act of 1934 which requires maintenance of minimum net capital. Under the Rule, the Company is required to maintain minimum net capital, as defined, equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness. The ratio of aggregated indebtedness to net capital cannot exceed 1500% or 15:1.

5. Operating Lease Obligations

The Company is required to record a right-of-use asset and a corresponding lease liability on the balance sheet for all leases with terms greater than twelve months. All such leases are to be classified as either finance or operating. The Company has no lease obligations that required recording or disclosures in the December 31, 2022, financial statements.

6. Subordinated Liabilities

The Company had no liabilities subordinated to the claims of general creditors as of the beginning of the year, end of the year, and during the year ended December 31, 2022.

7. Subsequent Events

Management has evaluated all events or transactions that occurred after December 31, 2022, through the date of the issued financial statements. During this period, there were no material recognizable subsequent events that required recording or disclosures in the December 31, 2022, financial statements.

8. Commitments, Contingencies, and Guarantees

The Company does not have any commitments, contingencies, or guarantees, including arbitration or other litigation claims that may result in a loss or a future obligation.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

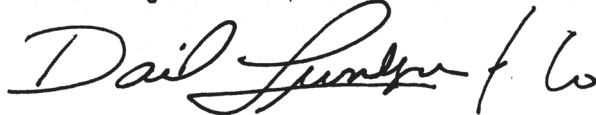

To the Board of Directors and Members
of Metric Financial LLC

We have reviewed management's statements, included in the accompanying Rule 15c3-3 Exemption Report pursuant to SEC Rule 17a-5, in which (1) Metric Financial LLC (the Company) did not claim an exemption under paragraph (k) of 17 C.F.R. §240.15c3-3, and (2) the Company is filing this Exemption Report relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 because the Company limits its business activities exclusively to private placement capital raising services. In addition, the Company did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; did not carry accounts of or for customers; and did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

Metric Financial LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Metric Financial LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based upon the Company's business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC Staff Frequently Asked Questions.
