ITEM 7.01 — REGULATION FD DISCLOSURE

On December 11, 2007, Calpine Corporation (the “Company”) and certain of its subsidiaries (collectively, the “Debtors”) filed their unaudited consolidated Monthly Operating Statement for the month ended October 31, 2007 (the “Monthly Operating Statement”), with the United States Bankruptcy Court for the Southern District of New York (the “U.S. Bankruptcy Court”) in the matter of *In re Calpine Corporation, et al.*, Case No. 05-60200 (BRL). Exhibit 99.1 to this Current Report on Form 8-K contains the unaudited consolidated Monthly Operating Statement as filed with the United States Bankruptcy Court.

The Monthly Operating Statement is limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements of the U.S. Bankruptcy Court. Certain of the Company’s Canadian subsidiaries were granted relief by the Court of Queen’s Bench of Alberta, Judicial District of Calgary (the “Canadian Court”) under the Companies’ Creditors Arrangement Act (Canada) (the “CCAA”). As a result, certain of the Company’s Canadian and other foreign subsidiaries were deconsolidated as of December 20, 2005. Financial information regarding such deconsolidated subsidiaries is not part of the consolidated group included in the Monthly Operating Statement. The financial information in the Monthly Operating Statement is preliminary and unaudited and does not purport to show the financial statements of any of the Debtors in accordance with accounting principles generally accepted in the United States of America (“GAAP”), and therefore may exclude items required by GAAP, such as certain reclassifications, eliminations, accruals, valuations and disclosure items. The Company cautions readers not to place undue reliance upon the Monthly Operating Statement. There can be no assurance that such information is complete and the Monthly Operating Statement may be subject to revision. The Monthly Operating Statement is in a format required by the United States Bankruptcy Code and should not be used for investment purposes. The Monthly Operating Statement should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2006, and its Quarterly Reports on Forms 10-Q for the quarters ended March 31, 2007, June 30, 2007, and September 30, 2007.

These unaudited financial statements have been derived from the books and records of the Company. This information, however, has not been subject to procedures that would typically be applied to financial information presented in accordance with GAAP and, upon the application of such procedures, the Company believes that the financial information could be subject to changes, and these changes could be material. The information furnished in the Monthly Operating Statement includes primarily normal recurring adjustments but does not include all of the adjustments that would typically be made for quarterly financial statements in accordance with GAAP. In addition, certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted.

Access to documents filed with the U.S. Bankruptcy Court and other general information about the Chapter 11 cases is available at www.kccllc.net/calpine. Certain information regarding the Canadian proceedings under the CCAA, including the reports of the monitor appointed by the Canadian Court, is available at the monitor’s website at www.ey.com/ca/calpinecanada. The content of the foregoing websites is not a part of this Report.

Limitation on Incorporation by Reference

The Monthly Operating Statement is being furnished for informational purposes only and is not deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended (the “Securities Act”). Registration statements or other documents filed with the SEC shall not incorporate the Monthly Operating Statement or any other information set forth in this Report by reference, except as otherwise expressly stated in such filing. This Report will not be deemed an admission as to the materiality of any information that is required to be disclosed solely by Regulation FD.

Forward-Looking Statements

In addition to historical information, this Report contains forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Words such as “believe,” “intend,” “expect,” “anticipate,” “plan,” “may,” “will” and similar expressions identify forward-looking statements. Such statements include, among others, those concerning expected financial performance and strategic and operational plans, as well as all assumptions, expectations, predictions, intentions or beliefs about future events. You are cautioned that any such forward-looking statements are not guarantees of future performance and that a number of risks and uncertainties could cause actual results to differ materially from those anticipated in the forward-looking statements. Such risks and uncertainties include, but are not limited to: (i) the risks and uncertainties associated with the Chapter 11 cases and CCAA proceedings, including the Company’s ability to successfully reorganize and emerge from Chapter 11; (ii) the Company’s ability to implement its business plan; (iii) financial results that may be volatile and may not reflect historical trends; (iv) seasonal fluctuations of results; (v) potential volatility in earnings associated with fluctuations in prices for commodities such as natural gas and power; (vi) the Company’s ability to manage liquidity needs and comply with existing financing obligations and anticipated exit financing; (vii) the direct or indirect effects on the Company’s business of its impaired credit including increased cash collateral requirements in connection with the use of commodity contracts; (viii) transportation of natural gas and transmission of electricity; (ix) the expiration or termination of PPAs (as defined in the Monthly Operating Statement) and the related results on revenues; (x) risks associated with the operation of power plants including unscheduled outages; (xi) factors that impact the output of the Company’s geothermal resources and generation facilities, including unusual or unexpected steam field well and pipeline maintenance and variables associated with the waste water injection projects that supply added water to the steam reservoir; (xii) risks associated with power project development and construction activities; (xiii) the Company’s ability to attract, retain and motivate key employees; (xiv) the Company’s ability to attract and retain customers and counterparties; (xv) competition; (xvi) risks associated with marketing and selling power from plants in the evolving energy markets; (xvii) present and possible future claims, litigation and enforcement actions; (xviii) effects of the application of laws or regulations, including changes in laws or regulations or the interpretation thereof; and (xix) other risks identified in this Report, and the Company’s annual and quarterly reports on Forms 10-K and 10-Q. You should also carefully review other reports that the Company files with the SEC. The Company undertakes no obligation to update any forward-looking statements, whether as a result of new information, future developments or otherwise.

ITEM 9.01 — FINANCIAL STATEMENTS AND EXHIBITS.

(d) Exhibits

[99.1](#) Calpine Corporation’s Unaudited Monthly Operating Statement for the month ended October 31, 2007.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this Report to be signed on its behalf by the undersigned hereunto duly authorized.

DEFINITIONS

As used in this Monthly Operating Statement, the following abbreviations contained herein have the meanings set forth below. Additionally, the terms “Calpine,” “we,” “us” and “our” refer to Calpine Corporation and its consolidated subsidiaries, unless the context clearly indicates otherwise. For clarification, such terms will not include the Canadian and other foreign subsidiaries that were deconsolidated as of the Petition Date, as a result of the filings by the Canadian Debtors under the CCAA in the Canadian Court. The term “Calpine Corporation” shall refer only to Calpine Corporation and not to any of its subsidiaries. Unless and as otherwise stated, any references in this Monthly Operating Statement to any agreement means such agreement and all schedules, exhibits and attachments thereto in each case as amended, restated, supplemented or otherwise modified to the date of this Monthly Operating Statement.

CALPINE CORPORATION
(Debtor-in-Possession)
CASE NO. 05-60200 (Jointly Administered)
NOTES TO UNAUDITED CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
For the Period from October 1, 2007, through October 31, 2007

1. Chapter 11 Cases and Related Disclosures

General Bankruptcy Matters — Since the Petition Date, Calpine Corporation and 274 of its wholly owned subsidiaries in the U.S. have filed voluntary petitions for relief under Chapter 11 of the Bankruptcy Code in the U.S. Bankruptcy Court. Similarly, since the Petition Date, 12 of Calpine's Canadian subsidiaries have filed for creditor protection under the CCAA in the Canadian Court. Certain other subsidiaries could file under Chapter 11 in the U.S. or for creditor protection under the CCAA in Canada in the future. See Note 3 "Chapter 11 Cases and Related Disclosures" in the Notes to Consolidated Financial Statements included in our 2006 Form 10-K and Note 2 "Chapter 11 Cases and Related Disclosures" in the Notes to Consolidated Condensed Financial Statements included in each of our 2007 Forms 10-Q for further information regarding our Chapter 11 cases and the CCAA proceedings.

The Calpine Debtors are continuing to operate their business as debtors-in-possession and will continue to conduct business in the ordinary course under the protection of the Bankruptcy Courts during the pendency of our Chapter 11 cases and CCAA proceedings. Generally, pursuant to automatic stay provisions under the Bankruptcy Code and orders (which currently extend through December 20, 2007) granted by the Canadian Court, while a plan or plans of reorganization (with respect to the U.S. Debtors) or arrangement (with respect to the Canadian Debtors) are developed, all actions to enforce or otherwise effect repayment of liabilities preceding the Petition Date as well as all pending litigation against the Calpine Debtors are stayed while the Calpine Debtors continue their business operations as debtors-in-possession.

As a result of our Chapter 11 filings and the other matters described herein, including uncertainties related to the fact that we have not yet had time to obtain confirmation of a plan or plans of reorganization, there is substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern, including our ability to meet our ongoing operational obligations, is dependent upon, among other things: (i) our ability to maintain adequate cash on hand; (ii) our ability to generate cash from operations; (iii) the cost, duration and outcome of the restructuring process; (iv) our ability to comply with the terms of our existing financing obligations and anticipated exit financing and the adequate assurance provisions of the Cash Collateral Order; and (v) our ability to achieve profitability following a restructuring. These challenges are in addition to those operational and competitive challenges faced by us in connection with our business. In conjunction with our advisors, we have implemented and continue to implement strategies to aid our liquidity and our ability to continue as a going concern. However, there can be no assurance as to the success of such efforts.

Plan of Reorganization — On June 20, 2007, the U.S. Debtors filed the Plan of Reorganization with the U.S. Bankruptcy Court, together with the Disclosure Statement and portions of the Plan Supplement. The Plan of Reorganization, as well as the Disclosure Statement and Plan Supplement have been amended several times since June 20, 2007.

The Plan of Reorganization provides for the treatment of claims of creditors on a "waterfall" basis that allocates value to our creditors and shareholders in accordance with the priorities of the Bankruptcy Code. Pursuant to the Plan of Reorganization, allowed administrative claims and priority tax claims would be paid in full in cash or cash equivalents, as would allowed first and second lien debt claims. Other allowed secured claims would be reinstated, paid in full in cash or cash equivalents, or have the collateral securing such claims returned to the secured creditor. Allowed unsecured claims would receive a pro rata distribution of common stock of the reorganized Calpine Corporation; allowed unsecured convenience claims (all claims \$50,000 or less) would be paid in full in cash or cash equivalents. Any remaining value after such allowed creditors' claims have been paid would be distributed pro rata to existing holders of allowed interests (primarily holders of existing Calpine Corporation common stock) and holders of subordinated equity securities claims in the form of reorganized Calpine Corporation common stock.

The Plan of Reorganization assumes that allowed claims plus Non-Debtor net project debt of \$3.9 billion will range from \$20.3 billion to \$22.0 billion after completion of the claims objection, reconciliation and resolution process. However, because disputed claims, including litigation instituted by us challenging so-called “make whole,” premium, or “no-call” claims, have not yet been finally adjudicated, and our total enterprise value upon emergence has not yet been finally determined, no assurances can be given that actual recoveries to creditors and interest holders will not be materially higher or lower than proposed in the Plan of Reorganization.

On September 25, 2007, the U.S. Bankruptcy Court approved the adequacy of the Disclosure Statement, the solicitation and notice procedures with respect to confirmation of the Plan of Reorganization and the form of various ballots and notices in connection therewith. The U.S. Bankruptcy Court established September 27, 2007, as the record date for determining eligibility to vote on the Plan of Reorganization. We completed the distribution of solicitation packages by October 5, 2007, the deadline for distribution set by the U.S. Bankruptcy Court. The Disclosure Statement contains detailed information about the Plan of Reorganization, a historical profile of our business, a description of proposed distributions to creditors, and an analysis of the Plan of Reorganization’s feasibility, as well as many of the technical matters required for the exit process, such as descriptions of who will be eligible to vote on the Plan of Reorganization and the voting process itself. The information contained in the Disclosure Statement is subject to change, whether as a result of further amendments to the Plan of Reorganization, actions of third parties or otherwise.

On November 19, 2007, we filed an updated valuation analysis of the total enterprise value of reorganized Calpine and its subsidiaries upon their emergence from Chapter 11. The updated valuation analysis was prepared by Miller Buckfire & Co., LLC, Calpine’s financial advisor, and supersedes the June 20, 2007, valuation analysis set forth in the Disclosure Statement.

The Plan of Reorganization will become effective only if it receives the requisite approval and is confirmed by the U.S. Bankruptcy Court. The voting and objection deadline with respect to the Plan of Reorganization occurred on November 30, 2007. We expect to finalize the vote tabulation and file the official tally with the U.S. Bankruptcy Court on or about December 12, 2007. We cannot at this time predict whether the Plan of Reorganization will be accepted and approved by all of our classes of creditors that are entitled to vote on the Plan of Reorganization. The confirmation hearing in the U.S. Bankruptcy Court is scheduled to begin on December 17, 2007. If the U.S. Bankruptcy Court confirms the Plan of Reorganization, we expect to emerge from Chapter 11 shortly thereafter. However, there can be no assurance that we will be successful in obtaining the necessary votes to approve the Plan of Reorganization, that the U.S. Bankruptcy Court will confirm the Plan of Reorganization or that it will be implemented successfully.

We had the exclusive right until August 20, 2007, to solicit acceptance of the Plan of Reorganization. The exclusivity period has expired and competing plans of reorganization may be filed by third parties.

Nothing contained in this Report is intended to be, nor should it be construed as, a solicitation for a vote on the Plan of Reorganization, as filed or as it may be amended.

Asset Sales — In connection with our restructuring activities, we have identified certain assets for potential divestiture. We are required to obtain U.S. Bankruptcy Court approval of sales of assets, subject to certain exceptions including with respect to *de minimis* assets. Such sales are subject in certain cases to U.S. Bankruptcy Court approved auction procedures. Asset sale activities during the month of October 2007 and through the filing of this Report included the following:

On November 16, 2007, we entered into an asset purchase agreement with American Municipal Power - Ohio, Inc. to sell substantially all of the assets comprising the Fremont development project, a partially completed 550-MW natural gas-fired facility located in Fremont, Ohio, for approximately \$124 million, plus the assumption of certain liabilities. The sale is subject to U.S. Bankruptcy Court approval of an auction process in which qualifying bidders can make competing offers for the project. The hearing to consider approval of the auction process is currently scheduled for December 19, 2007. The transaction is expected to close during the first quarter of 2008, subject to additional conditions including receipt of any required regulatory approvals.

Assets Held for Sale — We are actively marketing two projects, including the Fremont development project. As a result, our assets held for sale consist of construction in progress of \$195 million at October 31, 2007.

Reorganization Items — Reorganization items represent the direct and incremental costs related to our Chapter 11 cases, such as professional fees, pre-petition liability claim adjustments and losses that are probable and can be estimated, net of interest income earned on accumulated cash during the Chapter 11 process and gains on the sale of assets related to our restructuring activities. Our restructuring activities may result in additional charges and other adjustments for expected allowed claims (including claims that have been allowed by the U.S. Bankruptcy Court) and other reorganization items that could be material to our financial position or results of operations in any given period. The table below lists the significant components of reorganization items for the month ended October 31, 2007 (in millions):

| | | |
|--|----|-----------|
| Provision for expected allowed claims ⁽¹⁾ | \$ | 1 |
| Professional fees | | 14 |
| Interest (income) on accumulated cash | | (6) |
| Other ⁽²⁾ | | 15 |
| Total reorganization items | \$ | <u>24</u> |

- (1) Represents our estimate of the expected allowed claims related primarily to guarantees of subsidiary obligations, the rejection or repudiation of leases and other executory contracts, and the effects of approved settlements by the U.S. Bankruptcy Court.
- (2) Other reorganization items consist primarily of adjustments for foreign exchange rate changes on LSTC denominated in a foreign currency and governed by foreign law and employee severance and incentive costs.

Liabilities Subject to Compromise

The amounts of LSTC at October 31, 2007, consisted of the following (in millions):

| | | |
|--|----|---------------|
| Provision for expected allowed claims ⁽¹⁾ | \$ | 3,656 |
| Second Priority Debt ⁽²⁾ | | 3,672 |
| Unsecured senior notes | | 1,880 |
| Convertible Notes | | 1,824 |
| Notes payable and other liabilities – related party | | 272 |
| Accounts payable and accrued liabilities | | 410 |
| Total liabilities subject to compromise | \$ | <u>11,714</u> |

- (1) The remaining balance in the provision for expected allowed claims at October 31, 2007, represents our allowed or expected allowed claims (at current exchange rates) for U.S. Debtor guarantees of debt issued by certain of our deconsolidated Canadian entities, expected allowed claims related to the rejection or repudiation of leases and other executory contracts and the results of other approved settlements.
- (2) As our total enterprise value upon emergence has not been finally determined, we have not yet concluded whether our Second Priority Debt is fully secured or undersecured. We do, however, believe that there is uncertainty about whether the market value of the assets collateralizing the obligations owing in respect of the Second Priority Debt is less than, equals or exceeds the amount of these obligations. Therefore, in accordance with the applicable accounting standards, we have classified the Second Priority Debt as LSTC.

Unsecured Notes Settlement Agreement — On October 10, 2007, the U.S. Bankruptcy Court approved the settlement agreement with the Unsecured Noteholders and the indenture trustee for such Unsecured Notes. Under the agreement, \$109 million of claims for make whole premiums asserted against the U.S. Debtors were replaced with unsecured claims totaling

\$54 million. In addition, the U.S. Debtors have agreed to pay the reasonable professional fees incurred by the Unsecured Noteholders and the indenture trustee.

First Priority Notes Settlement Agreement — On November 27, 2007, the U.S. Bankruptcy Court approved a settlement agreement with Law Debenture Trust Company of New York as successor indenture trustee for the First Priority Notes. Pursuant to this settlement agreement, make whole premium and damages claims asserted on behalf of the holders of the First Priority Notes would be allowed as claims against us in the aggregate amount of approximately \$84 million plus interest at the contractual non-default rates, representing an allowed secured claim of approximately \$50 million and an allowed unsecured claim of approximately \$34 million. In addition, we have agreed to pay certain professional fees incurred by the First Priority Trustee up to \$3.5 million.

CalGen First Lien Debt Settlement Agreement — On November 27, 2007, the U.S. Bankruptcy Court approved a settlement agreement with the holders of the CalGen First Lien Debt as well as the indenture trustee for CalGen's First Priority Secured Floating Rate Notes Due 2009 and the administrative agent for CalGen's First Priority Secured Institutional Term Loans Due 2009. Pursuant to this settlement agreement, the claims for contract damages and default interest asserted on behalf of the CalGen First Lien Debt will be allowed as unsecured claims against us in the aggregate amount of approximately \$50 million plus interest at the federal judgment rate, representing approximately \$21 million on account of make whole premium and damages claims and approximately \$29 million on account of default interest claims. In addition, we have agreed to pay certain professional fees incurred by the CalGen First Lien Debt representatives up to \$3 million and up to \$684 thousand of the reasonable professional fees incurred by Whitebox Advisors LLC, as representatives of a majority of the holders of the CalGen First Lien Debt.

ULC II Settlement — On December 6, 2007, the U.S. Bankruptcy Court approved a settlement resolving the make whole claim of the holders of the ULC II Notes. Previously, in October 2007, the Canadian Debtors had paid the principal of and pre- and post-petition interest on the ULC II Notes as well as certain fees satisfying most outstanding claims related to the ULC II Notes. Pursuant to the settlement, the U.S. Debtors have agreed to pay approximately \$17 million on account of the claim for a make whole premium, to be paid in the CCAA proceedings, plus per diem interest for the period between the date the distribution was made through the date the settlement amount is paid, and the Canadian Debtors have agreed to pay up to approximately \$8 million of reasonable fees of the Ad Hoc Committee of ULC II Noteholders. In exchange, the indenture trustee under the indentures governing the ULC II Notes will withdraw any remaining claims against the U.S. and Canadian Debtors in the Chapter 11 cases and CCAA proceedings. In addition, the actions pending in Nova Scotia will be dismissed. This settlement will resolve all remaining issues involving the holders of the ULC II Notes, the ULC II Notes indenture trustee and the Ad Hoc Committee of ULC II Noteholders in both the U.S. and Canada.

2. Basis of Presentation

The accompanying Consolidated Condensed Financial Statements have been prepared on a going concern basis, which assumes continuity of operations and realization of assets and satisfaction of liabilities in the ordinary course of business, and in accordance with SOP 90-7, "Financial Reporting by Entities in Reorganization Under the Bankruptcy Code." The Consolidated Condensed Financial Statements do not include any adjustments that might be required should we be unable to continue to operate as a going concern. In accordance with SOP 90-7, all pre-petition liabilities subject to compromise have been segregated in the Consolidated Condensed Balance Sheet and classified as LSTC, at the estimated amount of allowed claims or court-approved settlement amounts. Interest expense related to pre-petition LSTC has been reported only to the extent that it will be paid during the pendency of the Chapter 11 cases or is permitted by the Cash Collateral Order or pursuant to orders of the U.S. Bankruptcy Court. Liabilities not subject to compromise are separately classified as current or noncurrent. Income, expenses and provisions for losses resulting from our restructuring activities and certain other items directly related to our Chapter 11 cases are reported separately as reorganization items.

The Monthly Operating Statement is limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements of the U.S. Bankruptcy Court. Certain of our Canadian subsidiaries were granted relief by the Canadian Court under the CCAA. As a result, certain of our Canadian and other foreign subsidiaries were deconsolidated as of the Petition Date. Financial information regarding such deconsolidated

subsidiaries is not included with that of the consolidated group reported in the Monthly Operating Statement. The financial information in the Monthly Operating Statement is preliminary and unaudited and does not purport to show the financial statements of any of the U.S. Debtors in accordance with GAAP, and therefore may exclude items required by GAAP, such as certain reclassifications, eliminations, accruals, valuations and disclosure items. We caution readers not to place undue reliance upon the Monthly Operating Statement. There can be no assurance that such information is complete and the Monthly Operating Statement may be subject to revision. The Monthly Operating Statement is in a format required by the Bankruptcy Code and should not be used for investment purposes. The Monthly Operating Statement should be read in conjunction with the consolidated financial statements and notes thereto included in the 2006 Form 10-K and the 2007 Forms 10-Q.

The unaudited financial statements contained in the Monthly Operating Statement have been derived from the books and records of the Company. This information, however, has not been subject to procedures that would typically be applied to financial information presented in accordance with GAAP, and upon the application of such procedures, we believe that the financial information could be subject to changes, and these changes could be material. The information furnished in this Monthly Operating Statement includes primarily normal recurring adjustments but does not include all of the adjustments that would typically be made for financial statements prepared in accordance with GAAP. In addition, certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted. Per agreement among the Company, the Office of the U.S. Trustee and the Official Committee of Unsecured Creditors of Calpine Corporation, the Statement of Cash Flows is excluded from Monthly Operating Statements except on a quarterly basis.

Mark-to-Market — Mark-to-market activities, net includes realized settlements of and unrealized mark-to-market gains and losses on both power and gas derivative instruments not designated as cash flow hedges. Gains and losses due to ineffectiveness on hedging instruments are also included in unrealized mark-to-market gains and losses. Of the total mark-to-market gain of \$15.5 million in October 2007, there was a \$9.6 million unrealized gain and a \$5.9 million realized gain. The realized gain included a non-cash gain of approximately \$3.9 million from amortization of various items.

3. Summary of Significant Accounting Policies

See Note 2 “Summary of Significant Accounting Policies” in the Notes to Consolidated Financial Statements included in our 2006 Form 10-K and Note 1 “Basis of Presentation and Summary of Significant Accounting Policies” in the Notes to Consolidated Condensed Financial Statements included in each of the 2007 Forms 10-Q for a summary of the accounting policies that we believe are significant to us.

4. Recent Accounting Pronouncements

SFAS No. 157

In September 2006, FASB issued SFAS No. 157, “Fair Value Measurements.” SFAS No. 157 defines fair value, establishes a framework for measuring fair value in GAAP, and enhances disclosures about fair value measurements. SFAS No. 157 applies when other accounting pronouncements require fair value measurements; it does not require new fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, with early adoption encouraged. We are currently assessing the impact this standard will have on our results of operations, cash flows and financial position.

SFAS No. 159

In February 2007, FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities – Including an Amendment of FASB Statement No. 115.” SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value at specified election dates with unrealized gains and losses on items for which the fair value option has been elected to be reported in earnings at each subsequent reporting date. SFAS No. 159 also establishes presentation and disclosure requirements designed to facilitate comparisons between entities that

choose different measurement attributes for similar types of assets and liabilities. SFAS No. 159 does not affect any existing accounting literature that requires certain assets and liabilities to be carried at fair value nor does it eliminate disclosure requirements included in other accounting standards, including requirements for disclosures about fair value measurements. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007, with early adoption permitted provided that the entity also elects to apply SFAS No. 157. We are currently assessing the impact this standard will have on our results of operations, cash flows and financial position.

FASB Staff Position No. FIN 39-1

In April 2007, the FASB staff issued FSP FIN 39-1, "Amendment of FASB Interpretation No. 39." FSP FIN 39-1 requires an entity to offset the fair value amounts recognized for cash collateral paid or cash collateral received against the fair value amounts recognized for derivative instruments executed with the same counterparty under a master netting arrangement, if the entity elects to offset fair value amounts recognized as derivative instruments. Under the provisions of this pronouncement, a reporting entity shall make an accounting decision whether or not to offset fair value amounts. The guidance in FSP FIN 39-1 is effective for fiscal years beginning after November 15, 2007, with early application permitted. We expect that we will not elect to apply the netting provisions allowed under FSP FIN 39-1.

5. Cash and Cash Equivalents, Restricted Cash and Commodity Margin Deposits and Other Collateral

Cash and Cash Equivalents — We have certain project finance facilities and lease agreements that establish segregated cash accounts. These accounts have been pledged as security in favor of the lenders under such project finance facilities, and the use of certain cash balances on deposit in such accounts is limited, at least temporarily, to the operations of the respective projects. At October 31, 2007, \$242 million of the cash and cash equivalents balance that was unrestricted was subject to such project finance facilities and lease agreements.

Restricted Cash — We are required to maintain cash balances that are restricted by provisions of certain of our debt and lease agreements or by regulatory agencies. These amounts are held by depository banks in order to comply with the contractual provisions requiring reserves for payments such as for debt service, rent, major maintenance and debt repurchases. Funds that can be used to satisfy obligations due during the next twelve months are classified as current restricted cash, with the remainder classified as non-current restricted cash. Restricted cash is generally invested in accounts earning market rates; therefore, the carrying value approximates fair value. Such cash is excluded from cash and cash equivalents in the Consolidated Condensed Balance Sheet.

The table below represents the components of our consolidated restricted cash as of October 31, 2007 (in millions):

| | Current | Non-Current | Total |
|--------------------------------|---------------|---------------|---------------|
| Debt service | \$ 89 | \$ 111 | \$ 200 |
| Rent reserve | 13 | — | 13 |
| Construction/major maintenance | 61 | 22 | 83 |
| Security/project reserves | 154 | — | 154 |
| Other | 61 | 23 | 84 |
| Total | <u>\$ 378</u> | <u>\$ 156</u> | <u>\$ 534</u> |

Of our restricted cash at October 31, 2007, \$271 million relates to the assets of the following entities, each an entity with its existence separate from us and our other subsidiaries (in millions).

| | | |
|-----------------------------------|----|------------|
| Power Contract Financing, L.L.C. | \$ | 136 |
| Gilroy Energy Center, LLC | | 38 |
| Rocky Mountain Energy Center, LLC | | 33 |
| Riverside Energy Center, LLC | | 29 |
| Calpine King City Cogen, LLC | | 27 |
| Metcalf Energy Center, LLC | | 7 |
| Power Contract Financing III, LLC | | 1 |
| | \$ | <u>271</u> |

Commodity Margin Deposits and Other Collateral— As of October 31, 2007, to support commodity transactions, we had margin deposits with third parties of \$287 million. Counterparties had margin deposits with us of \$41 million at October 31, 2007. In addition, we have granted additional first priority liens on the assets currently subject to first priority liens under the DIP Facility as collateral under certain of our power agreements, natural gas agreements and interest rate swap agreements that qualify as “eligible commodity hedge agreements” under the DIP Facility in order to reduce the cash collateral and letters of credit that we would otherwise be required to provide to the counterparties under such agreements. The counterparties under such agreements will share the benefits of the collateral subject to such first priority liens ratably with the lenders under the DIP Facility. As of October 31, 2007, our net discounted exposure under the power and natural gas agreements collateralized by such first priority liens was approximately \$8 million, and our net discounted exposure under the interest rate swap agreements collateralized by such first priority liens was approximately \$57 million.

6. DIP Facility

Our \$5.0 billion DIP Facility consists of a \$4.0 billion first priority senior secured term loan and a \$1.0 billion first priority senior secured revolving credit facility together with an uncommitted term loan facility that permits us to raise up to \$2.0 billion of incremental term loan funding on a senior secured basis with the same priority as the current debt under the DIP Facility. The DIP Facility is priced at LIBOR plus 2.25% or base rate plus 1.25% and matures on the earlier of the effective date of a confirmed plan or plans of reorganization or March 29, 2009. We have the option to convert the DIP Facility into our exit financing, provided certain conditions are met, which would extend the maturity date to March 29, 2014. We expect the effective date of our Plan of Reorganization will be within the next twelve months; therefore, borrowings under the DIP Facility are classified as current at October 31, 2007.

On July 11, 2007, the U.S. Bankruptcy Court authorized us to enter into a commitment letter to fund additional credit facilities, pay associated commitment and other fees, and to amend the DIP Facility to provide for additional secured exit financing of up to \$3.0 billion in addition to amounts currently available under the DIP Facility upon conversion of the DIP Facility to exit financing, for a total of \$8.0 billion. The amendment of the DIP Facility is subject to further conditions, including obtaining necessary approvals of lenders under the DIP Facility. The commitment to fund the additional facilities under the amended DIP Facility will expire on January 31, 2008, if certain conditions, including effectiveness of the Plan of Reorganization, are not met.

The DIP Facility contains restrictions on the U.S. Debtors, including limiting their ability to, among other things: (i) incur additional indebtedness; (ii) create or incur liens to secure debt; (iii) lease, transfer or sell assets or use proceeds of permitted asset leases, transfers or sales; (iv) issue capital stock; (v) make investments; and (vi) conduct certain types of business.

Our ability to utilize the DIP Facility is subject to the DIP Order. Subject to the exceptions set forth in the DIP Order, the obligations of the U.S. Debtors under the DIP Facility are an allowed administrative expense claim in each of the loan parties’ Chapter 11 cases, and are collateralized by (i) a perfected first priority lien on, and security interest in, all present and after-acquired property of the U.S. Debtors not subject to a valid, perfected and non-avoidable lien in existence on the Petition Date or to a valid lien in existence on the Petition Date and subsequently perfected (excluding rights in avoidance

actions), (ii) a perfected junior lien on, and security interest in, all present and after-acquired property of the U.S. Debtors that is otherwise subject to a valid, perfected and non-avoidable lien in existence on the Petition Date or a valid lien in existence on the Petition Date that is subsequently perfected and (iii) to the extent applicable, a perfected first priority priming lien on, and security interest in, all present and after-acquired property of the U.S. Debtors that is subject to the replacement liens granted pursuant to and under the Cash Collateral Order.

As of October 31, 2007, there was \$4.0 billion outstanding under the term loan facility, no borrowings outstanding under the revolving credit facility, and \$220 million of letters of credit issued against the revolving credit facility.
