### **DEVELOPERS DIVERSIFIED REALTY REPORTS A 5.7% INCREASE IN FFO PER SHARE FOR THE NINE MONTH PERIOD ENDED SEPTEMBER 30, 2002**

**CLEVELAND, OHIO, November 1, 2002** - Developers Diversified Realty Corporation (NYSE: DDR), a real estate investment trust ("REIT"), today announced that third quarter 2002 Funds From Operations ("FFO"), a widely accepted measure of REIT performance, on a per share basis was \$0.61 (diluted) and \$0.62 (basic) compared to \$0.60 (diluted) and \$0.61 (basic) per share for the same period in the previous year, an increase of 1.7% diluted and 1.6% basic. FFO reached \$40.6 million for the quarter ended September 30, 2002, which compares to \$34.2 million for 2001.

On a per share basis FFO (diluted) was \$1.86 and \$1.76 for the nine month periods ended September 30, 2002 and 2001, respectively, an increase of 5.7%. FFO for the nine months ended September 30, 2002 was \$121.9 million compared to FFO for the nine month period ended September 30, 2001 of \$99.8 million.

Scott A. Wolstein, DDR's chairman and chief executive officer stated "We are very pleased to report continued strong earnings supported by very positive fundamentals in our core business. Coupled with the dramatic improvement in our financial flexibility evidenced by the positive trends in all of our financial coverage ratios, these strong fundamentals position us for significant earnings growth for the balance of 2002 and through 2003."

Net income for the three month period ended September 30, 2002 was \$25.2 million, or \$0.28 per share (diluted), compared to third quarter 2001 net income of \$20.4 million, or \$0.24 per share (diluted). Net income for the nine month period ended September 30, 2002 was \$72.4 million, or \$0.80 per share (diluted), compared to net income of \$72.2 million, or \$0.93 per share (diluted) for the prior comparable period. The decrease in per share net income for the nine month period ended September 30, 2002 is primarily attributed to a reduction in gain on sale of real estate of approximately \$0.23 per share as compared to the nine month period ended September 30, 2001.

### **Leasing:**

Leasing activity continues to be strong throughout the portfolio. During the third quarter of 2002, the Company executed 79 new leases aggregating approximately 274,000 square feet at an average rental rate of \$14.05 per square foot, a 22.8% increase over prior rental rates, and 104 renewals aggregating approximately 470,000 square feet at an average rate of \$10.02 per square foot, which represents an increase of 6% over prior rental rates. At September 30, 2002, the average annualized base rent per occupied square foot, including those properties owned through joint ventures, was \$10.47, which compares to \$9.85 at September 30, 2001.

As of September 30, 2002, the portfolio was 95.9% leased, compared to 95.1% at June 30, 2002 and 95.1% at September 30, 2001. Excluding the impact of Kmart leases rejected in June 2002, the portfolio was 96.5% leased. These percentages include tenants for which signed leases have been executed and occupancy

has not occurred. Based on tenants in place and responsible for paying rent as of September 30, 2002, occupancy increased to 94.2% from 93.5% at June 30, 2002. Occupancy as of September 30, 2001 was 95.0%. Excluding the impact of Kmart leases rejected in June 2002, the portfolio was 95% occupied at September 30, 2002.

Same store tenant sales performance over the trailing 12 month period within the Company’s portfolio remained strong at approximately \$244 per square foot for those tenants required to report. Aggregate base and percentage rental revenues relating to Core Portfolio Properties (i.e., shopping center properties owned since January 1, 2001, excluding properties under redevelopment) increased approximately \$3.5 million (or 1.7%) for the nine month period ended September 30, 2002, compared to the same period in 2001. Core portfolio properties’ NOI increased approximately \$3.4 million or (1.7%) for the nine month period ended September 30, 2002, compared to the same period in 2001.

The Company’s joint ventures are currently expanding/redeveloping five shopping centers located in Schaumburg, Illinois; Leawood, Kansas; Shawnee, Kansas; North Olmsted, Ohio and San Antonio, TX at a projected incremental cost of approximately \$9.1 million. The Company’s joint ventures are scheduled to commence two additional expansion projects at the shopping centers located in Deer Park, Illinois and San Ysidro, California.

**Development (Consolidated):**

The consolidated development projects are as follows:

- Phase II of the Meridian, Idaho (a suburb of Boise) shopping center is scheduled to commence construction in 2002, with completion scheduled for 2003.
- The Company commenced construction during 2002 on the central quadrant of the Coon Rapids, Minnesota, Riverdale Village Shopping Center. This development will create an additional 288,000 square feet of retail space.
- The Company broke ground during 2002 on two shopping center developments located in Riverdale, Utah and Long Beach, California.

**Development (Joint Ventures):**

The Company has joint venture development agreements for five shopping center projects. These five projects have an aggregate projected cost of approximately \$190.9 million and are currently scheduled for completion during 2002 and 2003. The projects located in Long Beach, California (City Place) and Austin, Texas are being financed through the Prudential/DDR Retail Value Fund. The other three projects are located in Littleton, Colorado; Coon Rapids, Minnesota and St. Louis, Missouri.

**Acquisitions:**

In July 2002, the Company purchased its partners' 75.25% interest in two shopping center properties, including a 470,000 square foot shopping center located in Plainville, Connecticut for approximately \$44.4 million and a 270,000 square foot shopping center located in San Antonio, Texas for approximately \$32.1 million.

Additionally, in July 2002, the Company acquired five shopping centers from a third party for approximately \$81.8 million. These properties were acquired through a joint venture in which the Company has a 99% interest and the other 1% is owned by an equity affiliate. These shopping centers aggregate 1.0 million square feet and are located in Fort Worth, Texas; Dallas, Texas; Columbia, South Carolina; Birmingham, Alabama and Wichita, Kansas.

**Dispositions:**

In October 2002, the Company sold a 47,000 square foot shopping center in Columbia, South Carolina for approximately \$5.3 million and a 63,000 square foot shopping center in Jacksonville, North Carolina for approximately \$6.0 million. Additionally, the Company's Community Center Joint Venture, in which the Company has a 20% interest, sold a 390,000 square foot shopping center in Denver, Colorado for approximately \$43 million.

In September 2002, the Company sold a 9,000 square foot shopping center in St. Louis, Missouri (American Plaza) for approximately \$2.0 million.

In August 2002, the Company sold a 19,000 square foot shopping center in Ocala, Florida for approximately \$0.9 million.

**Strategic Transactions:**

In October 2002, the Company and JDN Realty Corporation announced entering into a definitive merger agreement pursuant to which JDN shareholders will receive 0.518 shares of DDR in exchange for each share of JDN stock. The transaction values JDN at approximately \$1.1 billion, which includes approximately \$584 million of assumed debt at the carrying amount and \$50 million of preferred stock.

Following the merger, DDR will own or manage approximately 400 retail properties in 44 states comprising approximately 75 million square feet, which includes approximately 15 million square feet of total GLA attributable to JDN. In addition, DDR will acquire 21 properties comprising approximately 7 million square feet of total GLA currently under development by JDN as well as a development pipeline of 17 properties representing 3 million square feet of total GLA with a total estimated cost of \$220 million. Upon completion of the transaction, expected in the first quarter of 2003, DDR will have a total market capitalization of over \$5.0 billion (including its pro rata portion of unconsolidated debt).

In March 2002, the Company announced its participation in a joint venture with Lubert-Adler Funds and Klaff Realty, L.P., which was awarded asset designation rights for all of the retail real estate interests of the bankrupt estate of Service Merchandise Corporation for approximately \$236 million. The Company has a 25% interest in the joint venture. In addition, the Company earns fees for the management, leasing, development and disposition of the real estate portfolio. The designation rights enable the joint venture to determine the ultimate use and disposition of the real estate interests held by the bankrupt estate. At September 30, 2002, the portfolio consisted of approximately 117 Service Merchandise retail sites totaling

approximately 6.7 million square feet. The transaction was approved by the U.S. Bankruptcy Court in Nashville, Tennessee and subsequently the designation rights were transferred to the joint venture.

During the second and third quarters of 2002, the joint venture sold 42 sites and received gross proceeds of approximately \$85.4 million. The Company recognized income, net of tax, of approximately \$1.7 million relating to the operations of this investment.

Developers Diversified Realty Corporation currently owns and manages approximately 315 retail properties in 43 states totaling over 60 million square feet of real estate under management. DDR is a self-administered and self-managed real estate investment trust (REIT) operating as a fully integrated real estate company which acquires, develops, leases and manages shopping centers.

Significant Accounting Policies

Revenues

- Percentage and overage rents are recognized after the tenants reported sales have exceeded the applicable sales breakpoint.
- Revenues associated with tenant reimbursements are recognized in the period in which the expenses are incurred based upon the provision of tenants’ leases.
- Lease termination fees are included in other income and recognized upon termination of a tenant’s lease, which generally coincides with the receipt of cash.

General and Administrative Expenses

- General and administrative expenses include internal leasing salaries, legal salaries and related expenses associated with the leasing of space which are charged to operations as incurred. All indirect internal costs associated with acquisitions are expensed as incurred.

Deferred Financing Costs

- Costs incurred in obtaining long-term financing are included in deferred charges and are amortized over the terms of the related debt agreements; such amortization is reflected as interest expense in the consolidated statements of operations.

Real Estate

- Real estate assets are stated at cost less accumulated depreciation, which, in the opinion of management, is not in excess of the individual property’s estimated undiscounted future cash flows, including estimated proceeds from disposition.
- Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings	18 to 31 years
Furniture/Fixtures and Tenant Improvements	Useful lives, which approximate lease terms, where applicable

**Significant Accounting Policies (Continued)**

- Expenditures for maintenance and repairs are charged to operations as incurred. Renovations that improve or extend the life of the asset are capitalized.
- Included in land is undeveloped real estate, generally outlots or expansion pads adjacent to the shopping centers and enclosed malls owned by the Company.
- Construction in progress includes shopping center developments and significant expansions and redevelopments.

**Capitalization**

- The Company capitalizes interest on funds used for the construction or expansion of shopping centers. Capitalization of interest ceases when construction activities are completed and the property is available for occupancy by tenants.
- For the nine month period ended September 30, 2002 and the years ended December 31, 2001, 2000, 1999 and 1998, the Company capitalized interest of \$7.2 million, \$12.9 million, \$18.2 million, \$13.4 million, \$9.9 million and \$4.0 million, respectively.
- In addition, the Company capitalized certain construction administration costs of \$3.7 million for the nine month period ended September 30, 2002 and \$3.3 million, \$3.2 million, \$2.4 million and \$1.8 million for the years ended December 31, 2001, 2000, 1999 and 1998, respectively.
- Interest and real estate taxes incurred during the construction period are capitalized and depreciated over the building life.

**Gain on Sales of Real Estate**

- Gain on sales of real estate generally related to the sale of outlots and land adjacent to existing shopping centers is recognized at closing when the earnings process is deemed to be complete.

**Consolidated and Wholly Owned Financial Operations**
