All dollar amounts set forth in this Circular are expressed in United States dollars, unless otherwise indicated. SECTION I — VOTING INFORMATION

Solicitation of Proxies

The enclosed proxy is being solicited by or on behalf of the management of the Corporation. The mailing to Shareholders of this Circular will be on or about **Thursday, May 13, 2004**. The cost of soliciting proxies will be borne by Goldcorp. While most proxies will be solicited by mail only, regular employees of the Corporation may also solicit proxies by telephone or in person. Such employees will receive no additional compensation for these services other than their regular salaries, but will be reimbursed for their reasonable expenses.

Goldcorp will provide proxy materials to brokers, custodians, nominees and fiduciaries and will request that such materials be promptly forwarded to the beneficial owners of Common Shares registered in the names of such brokers, custodians, nominees and fiduciaries. The Corporation will reimburse brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses incurred in forwarding proxy materials to beneficial owners of Common Shares.

Voting Common Shares

The Board of Directors of Goldcorp has fixed **Friday, April 30, 2004** as the record date for the purpose of determining Shareholders entitled to receive Notice of the Meeting (the "Meeting Record Date").

The Corporation will prepare, no later than ten (10) days following the Meeting Record Date, a list of Shareholders entitled to vote as of the Meeting Record Date, showing the number of Common Shares held by each such Shareholder. Each person named on the list of Shareholders is entitled to one (1) vote for each Common Share held, except to the extent that: (i) the Shareholder has transferred any Common Shares after the Meeting Record Date; and (ii) the transferee of those Common Shares produces properly endorsed share certificates or otherwise establishes ownership of those Common Shares and requests not later than ten (10) days before the date of the Meeting that the transferee's name be included on such list before the Meeting, in which case the transferee is entitled to vote those Common Shares at the Meeting. Shareholders may also cast their vote electronically or by telephone by following the instructions on the enclosed form of proxy or voting instruction form.

Registered Shareholders

Registered shareholders are Shareholders whose Common Shares are held in their own name and they will have received a proxy form in their own name.

Non-Registered / Beneficial Shareholders

Beneficial Shareholders are Shareholders who do not hold their Common Shares in their own name, but rather in the name of a nominee — this could be a bank, trust company, securities broker or other financial institution (and is known as holding in "street form").

If you are a non-registered Shareholder, there are two (2) ways you can vote your Common Shares held by your nominee. Your nominee is required to seek voting instructions from you in advance of the Meeting in accordance with securities laws, and so you will receive, or will have already received from your nominee, a request for voting instructions or a proxy form for the number of Common Shares you hold. Every nominee has its own mailing procedures and provides its own signing and return instructions. Therefore, please follow them in order to make sure that your Common Shares are voted.

Alternatively, if you wish to vote in person at the Meeting, please insert your own name in the space provided on the "Request for Voting Instructions" or proxy form to appoint yourself as proxy holder and follow the signing and return instructions of your nominee. Non-registered Shareholders who appoint themselves as proxy holders should, at the Meeting, present themselves to a representative of Computershare Trust Company of Canada.

Appointment of Proxy Holders

The persons named in the enclosed form of proxy are directors and/or officers of Goldcorp. **A Shareholder has the right to appoint some other person (who need not be a Shareholder) to attend and to act for and on behalf of such Shareholder at the Meeting.** To exercise this right, the Shareholder must either insert the name of the desired person in the blank space provided in the proxy and strike out the other names or submit another proper form of proxy and, in either case, deliver the completed proxy by post or other form of delivery to Goldcorp at its registered office at Suite 2700, 145 King Street West, Toronto, Ontario M5H 1J8, or to the transfer agent for the Common Shares, Computershare Trust Company of Canada, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, in either case to be received not later than the close of business on **Monday, June 14, 2004** or, in the event of an adjournment, not later than two (2) business days preceding the day to which the Meeting is adjourned.

All Common Shares represented by a properly executed and deposited proxy will be voted or withheld from voting on the matters identified in the Notice of Meeting in accordance with the instructions of the Shareholder as specified thereon.

If you have appointed a person who was designated by Goldcorp to vote on your behalf as provided in the enclosed form of proxy and you do not provide any instructions concerning any matter identified in the Notice of Meeting, the Common Shares represented by such proxy will be voted:

- (1) FOR the election of the persons nominated for election as directors of Goldcorp; and
- (2) FOR the re-appointment of KPMG LLP, Chartered Accountants, as auditor of Goldcorp and to authorize the Board of Directors to fix the remuneration of the auditor.

The enclosed form of proxy, when properly signed, confers discretionary authority on the person or persons named to vote on any amendment to matters identified in the Notice of Meeting and on any other matter properly coming before the Meeting. Management is not aware of any such matter; however, if such matter properly comes before the Meeting, the proxies will be voted at the discretion of the person or persons named therein. The persons named in the form of proxy are either officers or directors of Goldcorp.

Revocability of Proxies

A Shareholder executing the enclosed form of proxy has the right to revoke it at any time before it is exercised. Subsections 110(4) and (4.1) of the *Business Corporations Act* (Ontario) (the "OBCA") provide that a Shareholder may revoke a proxy by depositing an instrument in writing, executed by the Shareholder or by an attorney authorized in writing, at, or by transmitting, by telephonic or electronic means or any other manner permitted by law, a revocation to, the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or by depositing such instrument with the Chair of the Meeting on the day of the Meeting, or any adjournment thereof, or in any other manner permitted by law.

Voting Shares and Principal Shareholders

The authorized capital of the Corporation consists of an unlimited number of Common Shares. As of March 31, 2004, there were 189,552,593 Common Shares outstanding. Each Common Share carries the right to one (1) vote on any matter properly coming before the Meeting. A quorum for the meeting of Shareholders must have two (2) persons present and authorized to vote and must represent at least one-third (1/3) of the total number of outstanding Common Shares.

To the knowledge of the directors and officers of Goldcorp, the only person or company that beneficially owns, directly or indirectly, or exercises control or direction over, in excess of 10% of the outstanding Common Shares is:

Goldcorp Stock Option Plan

On October 30, 2000, as part of the amalgamation of Goldcorp and CSA Management Inc., the Shareholders approved the adoption of a Goldcorp stock option plan (the "Goldcorp Stock Option Plan"). Share amounts have been restated to reflect the May 22, 2002 two-for-one stock split.

Under the Goldcorp Stock Option Plan, the maximum number of Common Shares that can be issued is 18,000,000. As of March 31, 2004: 10,497,335 options have been granted and exercised; 5,709,413 options have been granted but not yet exercised; and 1,793,252 options are available for future grants.

The purpose of the Goldcorp Stock Option Plan is to attract and retain superior employees, to provide a strong incentive for employees and consultants to put forth maximum effort for the continued success and growth of the Corporation and its Designated Subsidiaries (as defined in the Goldcorp Stock Option Plan) and, in combination with these goals, to encourage equity ownership in the Corporation by its employees and consultants.

The Goldcorp Stock Option Plan is administered by the Board of Directors, with the Compensation Committee having been designated by the Board of Directors to administer it. The Compensation Committee has full and complete authority to interpret the Goldcorp Stock Option Plan, to prescribe such rules and regulations as it deems necessary for the proper administration of the Goldcorp Stock Option Plan and to make such determinations and to take such actions in connection therewith as it deems necessary or advisable.

The Goldcorp Stock Option Plan is subject to the following:

- (a) the maximum number of Common Shares which may be issued under the Goldcorp Stock Option Plan shall not exceed 18,000,000, subject to adjustment. The maximum number of Common Shares with respect to which grants may be made to any one (1) employee or his or her associates (as that term is defined in the *Securities Act* (Ontario)) shall not exceed 5% of the issued shares. The maximum number of Common Shares reserved for issuance to insiders (as defined in the *Securities Act* (Ontario)) of the Corporation and their associates shall not exceed 10% of the issuable shares, the maximum number of Common Shares which may be issued to insiders of the Corporation and their associates under the Goldcorp Stock Option Plan within any one (1) year period, when taken together with any other share compensation arrangements, shall not exceed 10% of the issuable shares for all such insiders and associates in the aggregate and, in the case of any one (1) insider and his or her associates, shall not exceed 5% of the issuable shares. However, notwithstanding the foregoing, the number of stock options to be granted in any one (1) year shall be limited to no more than 24,000 stock options for each director;
- (b) the market value of Common Shares issued under the Goldcorp Stock Option Plan means the closing board lot sale price of the Common Shares on the Toronto Stock Exchange ("TSX") on the business day immediately preceding the date of grant and, if there was not a board lot sale on the TSX on such date, then the last board lot sale prior thereto;
- (c) options are exercisable for a maximum period of ten (10) years from the date of grant to the extent the grant has vested. Options vest one-third (1/3) after the first year after the grant and an additional one-third (1/3) at the end of each succeeding anniversary date of the grant thereafter, with the Compensation Committee having the authority to accelerate the vesting of all or any part of the options;
- (d) the Goldcorp Stock Option Plan also provides for stock appreciation rights; however, in 2003, no stock appreciation rights were granted; and
- (e) grants made under the Goldcorp Stock Option Plan are not assignable.

In 2003, there were 1,250,000 stock options granted to the executive officers of the Corporation. See **"Executive Compensation — Aggregated Option Grants during the Most Recently Completed Financial Year — 2003"**.

Report on Executive Compensation

The Compensation Committee of the Board of Directors considers compensation matters as and when required. The Compensation Committee reviews and submits recommendations to the Board of Directors with respect to the Corporation's executive compensation policies and the compensation paid to the Corporation's executive officers. The Compensation Committee also reviews the design and competitiveness of the Corporation's compensation and benefit programs generally and has the authority to recommend to the Board of Directors for its approval amendments to, and grants pursuant to, such programs.

Composition of the Compensation Committee

The Compensation Committee is composed of Mr. Michael L. Stein (Chair), Mr. Brian W. Jones and Dr. Donald R.M. Quick. They are unrelated and independent members of the Board of Directors.

Compensation Philosophy

The Corporation's executive compensation policy is designed to provide for the enhancement of Shareholder value, the successful implementation of the Corporation's business plans and a link between executive compensation and the financial performance of the Corporation.

The objectives of the Corporation's executive compensation policy are to:

- (a) attract, retain and motivate executives critical to the success of the Corporation;
- (b) provide fair, competitive and cost effective compensation programs to its executives;
- (c) link the interests of management with those of the Shareholders; and
- (d) provide rewards for outstanding corporate and individual performance.

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each executive officer. It then submits to the Board of Directors recommendations with respect to the basic salary, bonus and participation in long-term incentive plans for each executive officer.

Basic Salary

In determining the basic salary of an executive officer, the Compensation Committee places equal weight on the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by comparable businesses;
- (c) the experience level of the executive officer; and
- (d) his or her overall performance.

Bonus Payments

Executive officers are eligible for annual cash bonuses, after taking into account and giving equal weight to, financial performance, attainment of certain corporate objectives and individual performance.

In taking into account the financial performance aspect, it is recognized that executive officers cannot control certain factors, such as interest rates and the international market for gold and industrial minerals produced by the Corporation. When applying the financial performance criteria, the Compensation Committee considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board of Directors at the beginning of each year, controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Corporation. There are no pre-established payout ranges.

In 2003, bonuses were awarded to the following executive officers of the Corporation: Mr. R. Bruce Humphrey, Senior Vice President and Chief Operating Officer, in the amount of \$71,370; Mr. Christopher J. Bradbrook, Vice President, Corporate Development, in the amount of \$71,370; Mr. Gilles Filion, Vice President, Exploration, in the amount of \$42,822; and Mr. Brad J. Boland, Vice President, Finance, in the amount of \$28,548.

Long-Term Incentives

The Corporation maintains a stock option plan, the "Goldcorp Stock Option Plan", which was approved by the Shareholders of the Corporation on October 30, 2000. The Goldcorp Stock Option Plan replaced the "Goldcorp Inc. 1994 Executive Stock Option Plan: Restated May 20, 1997" and the "CSA Employee Incentive Plan".

During 2003, the Board of Directors, on the recommendation of the Compensation Committee, granted stock options to executive officers of the Corporation as follows: Mr. Robert R. McEwen, Chairman and Chief Executive Officer, was granted 800,000 stock options; Mr. R. Bruce Humphrey, Senior Vice President and Chief Operating Officer, was granted 200,000 stock options; Mr. Christopher J. Bradbrook, Vice President, Corporate Development, was granted 100,000 stock options; Mr. Gilles Fillion, Vice President, Exploration, was granted 90,000 stock options; and Mr. Brad Boland, Vice President, Finance, was granted 60,000 stock options. All of these options were granted at an exercise price of CDN\$17.50 (US\$12.40) and expire on August 19, 2013. The exercise price of the stock options was determined with reference to the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of the grant of the stock options. The stock options vest one-third (1/3) after the first anniversary, and an additional one-third (1/3) on each succeeding anniversary, of the date of grant of the stock options.

SECTION IV — CORPORATE GOVERNANCE

Goldcorp believes that good corporate governance is an essential element in a well-managed company.

The Corporation's corporate governance practices have been compared with the TSX corporate governance guidelines (the "TSX Guidelines") and are set out in the "Statement of Corporate Governance Practices" attached as Schedule "A" to this Circular.

The Corporation also reviews its corporate governance practices in light of the Sarbanes-Oxley Act of 2002 ("SOX") and the rules and regulations issued by the Securities and Exchange Commission (the "SEC") in the United States to give effect to that legislation, as well as the standards published by the New York Stock Exchange (the "NYSE") in relation to corporate governance requirements for NYSE-listed companies (the "NYSE Standards").

If and when the TSX Guidelines, the SOX-related rules and regulations of the SEC and the NYSE Standards are amended, the Corporation will reassess and make any necessary changes to its corporate governance practices, if appropriate.

The following is a description of the Corporation's corporate governance practices.

Mandate of the Board of Directors

The duties and responsibilities of the Board of Directors are:

- to supervise the management of the business and affairs of the Corporation; and
- to act with a view towards the best interests of the Corporation.

In discharging its mandate, the Board of Directors is responsible for the oversight and review of the development of, among other things, the following matters:

Meetings of the Board of Directors

The Board of Directors meets at least once each calendar quarter and following the annual meeting of Shareholders of the Corporation. The frequency of the meetings and the nature of the meeting agendas are dependent upon the nature of the business and affairs which the Corporation faces from time to time. In 2003, the Board of Directors met seven (7) times. Messrs. Independence of the Board of Directors – Lead Director

Mr. McEwen is the Chairman of the Board of Directors and the Chief Executive Officer of the Corporation. The Board of Directors believes that there are substantial benefits to the Corporation with Mr. McEwen serving in both of those positions; however, the Board of Directors has also elected a lead, independent director to preside over non-management director's sessions and to liaise between the other independent directors and the Chairman with respect to agenda items and other matters. Mr. James P. Hutch was elected to the position of lead director on April 21, 2004.

To facilitate the functioning of the Board of Directors independently of management, the following structures and processes are in place:

- a lead director has been elected;
- there are no other members of management on the Board of Directors;
- when appropriate, members of management, including Mr. McEwen, are not present for the discussion and determination of certain matters at meetings of the Board of Directors;
- under the by-laws of the Corporation, any two directors may call a meeting of the Board of Directors;
- Mr. McEwen's compensation is considered, in his absence, by the Compensation Committee (formerly the Compensation/Corporate Governance Committee) at least once a year; and
- in addition to the standing committees of the Board of Directors, independent committees are appointed from time to time, when appropriate.

Committees of the Board of Directors

The Board of Directors has four (4) standing committees:

- the Audit Committee;
- the Nominating and Corporate Governance Committee;
- the Compensation Committee; and
- the Health, Safety and Environment Committee.

All of the committees are independent of management and report directly to the Board of Directors. From time to time, when appropriate, *ad hoc* committees of the Board of Directors are appointed by the Board of Directors. The Charters of the four standing Committees of the Corporation are attached as Schedule "B" to this Circular.

The purposes of the Compensation Committee are to make recommendations to the Board of Directors relating to the compensation of:

- the members of the Board of Directors;
- Goldcorp's Chief Executive Officer; and

The purposes of the Health, Safety and Environment are to assist the Board of Directors in its oversight of health, safety and environmental matters, including monitoring the implementation and management of the Corporation's policies, procedures and practices relating to health, safety and environmental matters.

In particular, the Health, Safety and Environment Committee has the authority and responsibility for:

In addition to those matters which, by law, must be approved by the Board of Directors, the approval of the Board of Directors is required for:

- the Corporation's annual business plan and budget;
- major acquisitions or dispositions by the Corporation; and
- transactions which are outside of the Corporation's existing business.

Shareholder Communications

The Board of Directors has authorized management to represent the Corporation in its communications with shareholders and members of the investment community. In addition, management meets regularly with investors and other interested parties to receive and respond to inquiries and comments. The Corporation seeks to ensure that all inquiries and concerns receive a complete and timely response from the appropriate member of management.

The Board of Directors reviews the Corporation's significant communications with investors and the public, including the Corporation's Annual Information Form, Management's Discussion & Analysis, Management Information Circular, annual audited financial statements and quarterly unaudited financial statements.

Expectations of Management

The Board of Directors has charged management with responsibility for the efficient management of the business and affairs of the Corporation and the identification and proposal of initiatives for the Corporation to secure opportunities as they arise. In order for the Board of Directors to effectively carry out its mandate, it regularly assesses the abilities of, and communicates those assessments to, management.

The Board of Directors recognizes the value of direct input from management as it serves to assist the Board of Directors in its deliberations. Where appropriate, members of management are invited to attend meetings of the Board of Directors to provide their input on various matters.

OTHER BUSINESS

The form of proxy accompanying this Circular confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of the Meeting or other matters which may properly come before the Meeting. Management of the Corporation knows of no matter to come before the Meeting or of any amendment or variation to matters identified in the Notice of the Meeting, other than the matters referred to in the Notice of the Meeting. However, if matters not now known to management should properly come before the Meeting, Common Shares represented by proxies solicited by management will be voted on each such matter in accordance with the best judgment of the person voting such Common Shares.
