General, page 1

1. In your next earnings release, please discontinue the presentation of EBITDAR as a performance measure. The Staff believes the adjustment to remove rent/lease expense to determine Net Income is inappropriate as such charges are normal, recurring cash operating expenses necessary to operate your business. Please refer to Question 100.01 of our Compliance & Disclosure Interpretations for Non-GAAP Financial Measures dated April 4, 2018.

2. We note your disclosure of a non-GAAP performance measure called Funds Provided by Operations which you reconciled to net loss from continuing operations. Based on the numerous non-cash adjustments presented, this measure appears to be a liquidity

measure. To help us better understand your disclosure, please explain how each of your adjustments, specifically, "Provision for self-insured professional liability, net of cash payments" and "Provision for leases in excess of cash payments," which appear to remove non-cash effects, result in a performance measure. Also, generally, tell us how you determined that Funds Provided by Operations is not more appropriately characterized as a liquidity measure.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Charles Eastman, Senior Staff Accountant at (202) 551-3794 or Joseph Cascarano, Senior Staff Accountant at (202) 551-3376 if you have questions regarding the comments or related matters.

Sincerely,
