To the Stockholders
Beekman Securities, Inc.
Brooklyn, New York

February 18, 2018

I have examined the accompanying financial statements of Beekman Securities, Inc. for the year ended December 31, 2017, and have issued my report thereon dated February 18, 2018. As part of my examination, I made a study and evaluation of the Companies system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

I also made a study of the practices and procedures followed by the Company under Rule 17a-5(g)(1) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governor of the Federal Reserve System because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

To the Stockholders
Beekman Securities, Inc.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may, nevertheless, occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, I do not express an opinion on the system of internal accounting control of Beekman Securities, Inc. taken as a whole. However, my study and evaluation disclosed no condition that we believed to be a material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and regulation 1.16 under the Commodity Exchange Act and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, I believe that the Company's practices and procedures were adequate at December 31, 2017 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and the New York Stock Exchange and should not be used for any other purpose.
