PROXY STATEMENT

INTRODUCTION

The accompanying proxy is solicited by and on behalf of the Board of Directors of Consolidated Graphics, Inc., a Texas corporation (the "Company"), for use only at the annual meeting of shareholders (the "Annual Meeting") to be held at the Inter-Continental Houston, 2222 W. Loop South, Houston, Texas 77027, on Wednesday, July 24, 2002 at 5:00 p.m., Central Daylight Time, and at any adjournments thereof. The approximate date on which this Proxy Statement and accompanying proxy will first be given or sent to shareholders is June 28, 2002.

Each proxy executed and returned by a shareholder may be revoked at any time before it is voted at the Annual Meeting by filing a written instrument revoking it with the Secretary at the Company's executive offices, by execution and return of a later-dated proxy, or by appearing at the Annual Meeting and making arrangements to vote in person. The executive offices of the Company are located at 5858 Westheimer, Suite 200, Houston, Texas 77057.

ACTION TO BE TAKEN UNDER PROXY

Proxies in the accompanying form will be voted in accordance with the specifications made thereon and, where no specifications are given, such proxies will be voted (i) FOR the election of the three nominees named herein to serve as Class III directors and if one or more of such nominees should become unavailable for election for any reason, then FOR the election of any substitute nominee that the Board of Directors of the Company may propose, and (ii) FOR the adoption of the Third Amendment to the Consolidated Graphics, Inc. Long-Term Incentive Plan (the "Incentive Plan") and the related reservation of an additional 600,000 shares of the Company's Common Stock (the "Common Stock") to be available for issuance as provided for under the Incentive Plan.

In the discretion of the proxy holders, the proxies will also be voted FOR or AGAINST such other matters as may properly come before the Annual Meeting. Management of the Company did not receive any shareholder proposal for inclusion in this proxy or presentation at the Annual Meeting by the dates prescribed for such inclusion or presentation and is not aware of any other matters to be presented for action at the Annual Meeting.

RECORD DATE AND VOTING SECURITIES

The Board of Directors has fixed the close of business on June 10, 2002 as the record date for the determination of shareholders entitled to receive notice of, and to vote at, the Annual Meeting and any adjournments thereof. The issued and outstanding stock of the Company on June 10, 2002 consisted of 13,212,428 shares of Common Stock, each of which is entitled to one vote. Under the Company's Restated By-Laws, as amended to date, as well as the Texas Business Corporation Act, the holders of a majority of the total issued and outstanding shares of Common Stock, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

If there are insufficient shares present in person or represented by proxy at the Annual Meeting to constitute a quorum, the Annual Meeting may be adjourned until such time and place as determined by a vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting to permit further solicitation of proxies by the Company. Proxies given pursuant to this solicitation and not revoked will be voted at any postponement or adjournment of the Annual Meeting in the manner set forth above.

The affirmative vote of a majority of the shares represented in person or by proxy at such meeting at which a quorum is present is required for the election of directors, approval of the proposed amendment to the Incentive Plan and the related reservation of additional shares of Common Stock. Abstentions and “broker nonvotes” (i.e., shares held by a broker or nominee as to which instructions have not been received from the beneficial owners or persons entitled to vote) will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. In determining the results of voting on the election of directors, abstentions and broker nonvotes will have the same effect as a vote against the nominated director or the proposed amendment as applicable, because approval of that director or the proposed amendment, respectively, requires the affirmative vote of a majority of the shares represented in person or by proxy at such meeting at which a quorum is present and against the proposed amendment to the Incentive Plan since approval of that amendment requires approval by a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the meeting.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC and The New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock. Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all such forms they file. Based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all of its directors and executive officers during fiscal 2002 complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act.

ELECTION OF CLASS III DIRECTORS

Unless contrary instructions are set forth in the proxy card, it is intended that the persons named in the proxy will vote all shares of Common Stock represented by the proxy for the election of the persons listed below as nominees as the three Class III directors, each of whom is presently a member of the Board of Directors of the Company. The three directors elected at the Annual Meeting will each serve for a term expiring on the date of the annual meeting in 2005 or until his successor has been elected and qualified or his earlier resignation or removal. Pursuant to the Company's Restated Articles of Incorporation, as amended to date, and the Company's Restated By-Laws, as amended to date, the Board of Directors of the Company is comprised of seven directors. The Board of Directors currently consists of Larry J. Alexander, Brady F. Carruth, Clarence C. Comer, Gary L. Forbes, James H. Limmer, Hugh N. West, M.D. and Joe R. Davis, and is divided into three classes with Messrs. Alexander and Carruth constituting the Class I directors, Messrs. Comer and Forbes constituting the Class II directors and Messrs. Limmer and Davis and Dr. West constituting the Class III directors. One class of directors is elected at each annual meeting of the Company's shareholders for a term of three years. The term of the Class III directors expires at the Annual

Meeting. The terms of the other two classes of directors expire at the 2003 annual meeting (Class I directors) and the 2004 annual meeting (Class II directors). The Restated Articles of Incorporation of the Company, as amended to date, do not permit cumulative voting. The vote of a majority of the shares of Common Stock held by holders of shares of Common Stock, present in person or represented by proxy at a meeting at which a quorum is present, is required to elect directors.

The Board of Directors has appointed a Nominating Committee to evaluate candidates and recommend nominees for election to the Company's Board of Directors at each annual meeting. The Nominating Committee determined that the election of Messrs. Limmer and Davis and Dr. West as the Class III directors of the Company is in the best interest of the Company and its shareholders and the Board of Directors confirmed the recommendation of the Nominating Committee. **THE BOARD OF DIRECTORS THEREFORE RECOMMENDS A VOTE FOR ALL OF THE NOMINEES, AND PROXIES THAT ARE RETURNED BUT NOT MARKED TO THE CONTRARY WILL BE SO VOTED.** Should the candidacy of Messrs. Limmer and Davis and Dr. West for any reason be withdrawn or any such nominee become unavailable for election, the Board of Directors of the Company may designate another nominee, in which case the persons acting under the duly executed proxies will vote for the election of the replacement nominee. Management is currently unaware of any circumstances likely to render any nominee unavailable for election. A shareholder may, in the manner set forth in the enclosed proxy card, instruct the proxy holder not to vote that shareholder's shares for one or more of the named nominees.

The following sets forth information concerning each of the nominees for election to the Board of Directors and each continuing member of the Board of Directors including the name, age, principal occupation or employment during at least the past five years and the period during which such person has served as a director of the Company.

Existing Long-Term Incentive Plan

In March 1994, the Board of Directors and the shareholders of the Company approved the adoption of the Incentive Plan. Pursuant to the Incentive Plan, as subsequently amended, employees of the Company and directors who are not serving on the Compensation Committee are eligible to receive awards consisting of stock options, stock appreciation rights ("SARS"), restricted or nonrestricted stock, cash or any combination of the foregoing. To date, long-term incentive compensation has been awarded only in the form of stock options. Stock options granted pursuant to the Incentive Plan may either be incentive stock options within the meaning and subject to the provisions of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonqualified stock options. An aggregate of 2,404,895 shares of Common Stock were reserved for issuance pursuant to the Incentive Plan as of March 31, 2002. Awards covering 1,960,801 of these shares were outstanding at March 31, 2002, with 444,094 being available for future awards. As discussed below, the Board of Directors has approved a proposed amendment to the Incentive Plan to increase the number of shares that can be issued pursuant to the Incentive Plan by 600,000 and to reserve such number of shares of Common Stock for such issuances, subject to approval by the shareholders of the Company.

The Compensation Committee administers the Incentive Plan and is authorized by the Board of Directors to (i) determine the type or types of awards made to each participant and the terms, conditions and limitations applicable to each award, such as exercise price, vesting period, expiration date and other material conditions, (ii) interpret the Incentive Plan, (iii) grant waivers of restrictions thereunder and (iv) adopt such rules and regulations as it may deem necessary or appropriate in keeping with the objectives of the Incentive Plan; however, the provisions of Section 422 of the Code govern the issuance of incentive stock options and may not be overridden by the actions of the Compensation Committee.

Options are rights to purchase a specified number of shares of Common Stock with cash or other shares of Common Stock owned by the optionee or both. Options are exercisable at such time and upon such terms as are determined by the Compensation Committee and, in the case of incentive stock options, in accordance with the provisions of Section 422 of the Code. SARs are rights to receive, without payment to the Company, cash or shares of Common Stock or both in lieu of the purchase of shares of Common Stock under the related stock options to which the SARs are attached. A restricted stock award is an award of shares of Common Stock that may be subject to a restriction against transfer during a period set by the Compensation Committee. During such period, the participant generally has the right to vote and receive dividends on the shares covered by the restricted stock awards.

Awards under the Incentive Plan are subject to adjustment in the event of a stock dividend, stock split, recapitalization or combination of the Common Stock. In the event of certain mergers, consolidations, plans of exchange or other reorganizations of the Company, outstanding awards under the Incentive Plan are subject to adjustment to reflect the terms of such transaction.

Awards under the Incentive Plan are not transferable except by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order. The Incentive Plan allows for the satisfaction of a participant's tax withholding in respect of an award by the withholding of cash or shares of Common Stock issuable pursuant to the award or the delivery by the participant of previously owned shares of Common Stock, in either case valued at the fair market value thereof.

The Incentive Plan may be amended by the Board of Directors, except that no amendment may be made without shareholder approval to the extent such approval is then required pursuant to Rule 16b-3 of the Exchange Act, in order to preserve the applicability of any exemption provided by such rule to any award then outstanding (unless the holder of such award consents) or to the extent shareholder

approval is otherwise required, and no amendment that adversely affects any right of a participant with respect to any award previously granted may be made without the consent of the participant.

Proposed Plan Amendment

On June 10, 2002, the Board of Directors approved a proposed amendment to the Incentive Plan to increase the number of shares that can be issued pursuant to the Incentive Plan by 600,000 ("Plan Amendment") and to reserve such number of shares of Common Stock for such issuances, subject to approval by the shareholders of the Company. The proposed Plan Amendment will permit additional awards to be granted to encourage the acquisition of Common Stock by employees and non-employee directors and to strengthen the Company's ability to attract, motivate and retain employees and non-employee directors with appropriate experience and ability. Awards would be granted to enhance the recruitment and retention of highly qualified employees and non-employee directors and to strengthen the commonality of interest among employees, directors and shareholders.

The Board believes that the proposed Plan Amendment is in the best interest of the Company and its shareholders. **THE BOARD THEREFORE RECOMMENDS A VOTE FOR THE PROPOSED PLAN AMENDMENT AND RELATED RESERVATION OF SHARES OF COMMON STOCK FOR ISSUANCE PURSUANT THERETO, AND PROXIES THAT ARE RETURNED BUT NOT MARKED TO THE CONTRARY WILL BE SO VOTED.** The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present, in person or by proxy, and entitled to vote at the meeting is required to approve the proposed Plan Amendment.

The amount of future awards to be granted to current or future directors, officers or employees has not yet been decided and cannot be determined at this time, except for awards to be granted to certain executive officers of the Company pursuant to their employment agreements (see "Employment and Change in Control Agreements"). Actual awards will depend upon a number of factors, including an individual's potential contribution to the business, compensation practices at the time, retention issues and the Company's stock price. We believe that, had the proposed Plan Amendment been in effect during fiscal 2002, the amount of awards granted under the Plan would not have been materially different.

Certain Tax Consequences

Options granted under the Incentive Plan may constitute either incentive stock options within the meaning of Section 422 of the Code or nonqualified options. In certain instances, the tax treatment under the Code of stock options qualifying as incentive stock options is more favorable to employees than the tax treatment accorded nonqualified options. Generally, upon the exercise of an incentive stock option, the optionee will recognize no income for federal income tax purposes. The difference between the exercise price of the incentive stock option and the fair market value of the Common Stock at the time of exercise is, however, an adjustment to alternative minimum taxable income that may require payment of an alternative minimum tax. On the sale of the shares acquired by exercise of an incentive stock option (assuming that the sale does not occur within two years from the date of grant of the option or within one year from the date of exercise), any gain will be taxed to the optionee as capital gain. The Company will not be entitled to a tax deduction upon the grant or exercise of an incentive stock option, except to the extent an optionee recognizes ordinary income as a result of the disposition of the shares prior to the expiration of the required holding period.

Upon the exercise of a nonqualified option, the optionee generally recognizes taxable income (subject to withholding) in an amount equal to the difference between the fair market value on the date of exercise of the Common Stock purchased and the exercise price. Upon any sale of shares acquired upon exercise of a nonqualified option, any difference between the sales price and the fair market value of the shares on the date of exercise of the nonqualified option will be treated generally as capital gain or loss. Upon the exercise of a nonqualified option, the Company is entitled to a

deduction for federal income tax purposes in an amount equal to the income recognized by the optionee.

The grant of a SAR will produce no U.S. federal tax consequences for the participant or the Company. Generally, provided that the tax withholding requirements are met, the exercise of a SAR results in taxable income to the participant in an amount equal to the value of the consideration received, and a corresponding tax deduction to the Company.

A participant under the Incentive Plan who has been granted an award of restricted shares of Common Stock will not realize taxable income at the time of the grant, and the Company will not be entitled to a tax deduction at the time of the grant, unless the participant makes an election to be taxed at that time. When the restrictions lapse, the participant will recognize taxable income in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. The Company will be entitled to a corresponding tax deduction. Any dividends paid to the participant during the restriction period will be compensation income to the participant and deductible as such by the Company. The holder of a restricted stock award may elect to be taxed at the time of the grant of the restricted stock award on the market value of the shares, in which case (i) the Company will be entitled to a deduction at the same time and in the same amount, (ii) any dividends paid to the participant during the restriction period will be taxable as dividends to him and not deductible by the Company and (iii) there will be no further federal income tax consequences when the restrictions lapse.

EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

Effective as of July 25, 2000, Mr. Davis has entered into an Employment Agreement with the Company to serve as the Chief Executive Officer of the Company and Mr. White has entered into an Employment Agreement with the Company to serve as the President and Chief Operating Officer of the Company, each for a period of five years. Effective as of March 1, 2002, Mr. Colville has entered into an Employment Agreement with the Company to serve as the Executive Vice President, Chief Financial and Accounting Officer and Secretary of the Company, for a period of five years. Under the terms of his agreement, Mr. Davis was granted an option to purchase up to 300,000 shares of Common Stock, and is entitled to receive an annual salary of \$400,000 for each year during the term thereof and to be granted an option to purchase up to 50,000 shares of Common Stock on each anniversary date thereof. Under the terms of Mr. White's agreement, he was granted an option to purchase up to 200,000 shares of Common Stock, and is entitled to receive an annual salary of \$350,000 for each year during the term thereof and to be granted an option to purchase up to 25,000 shares of Common Stock on each anniversary date thereof. Under the terms of his agreement, Mr. Colville was granted an option to purchase up to 200,000 shares of Common Stock, and is entitled to receive an annual salary of \$250,000 for each year during the term thereof and to be granted an option to purchase up to 25,000 shares of Common Stock on each anniversary date thereof. In addition to annual salary, Messrs. Davis, White and Colville are eligible for an annual discretionary bonus under the terms of their respective agreements. The Company has also entered into Change in Control Agreements with Messrs. Davis, White and Colville. Messrs. Davis' and White's Change in Control Agreements were effective as of July 25, 2000, and Mr. Colville's was effective as of March 1, 2002. Under the terms of their respective agreements, if at any time during the two-year period following a change in control of the Company any of the above named officers is terminated without cause or resigns under certain circumstances, then such terminated or resigning officer would be entitled to receive a lump sum payment equal to three times, in the case of Mr. Davis, or two times, in the case of Messrs. White and Colville, the sum of his highest annual salary plus his highest bonus received prior to such time, and would continue to receive any employee welfare benefits he was receiving prior to such time for the remaining portion of the two-year period following a change in control. Additionally, any unvested stock options held by such terminated or resigning officer would become fully vested and exercisable

and any restrictions on any restricted securities held by such terminated or resigning officer would be removed at the time of such termination or resignation.

DIRECTOR COMPENSATION

Each director who is not an employee of the Company is paid \$250 for each meeting attended and each action taken by unanimous consent of the Board of Directors or committees thereof. Directors are also reimbursed for any expenses incurred in attending such meetings. Directors who are not members of the Compensation Committee are eligible to receive grants under the Incentive Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2002, no member of the Compensation Committee was or formerly had been an officer or employee of the Company or any of its subsidiaries. Also, during the year, no executive officer of the Company served as a member of the compensation committee or board of directors of another entity, one of whose executive officers served on the Board of Directors.

REPORT OF COMPENSATION COMMITTEE

The Compensation Committee reviews compensation of directors and executive officers and also administers the Incentive Plan. The Compensation Committee consists entirely of non-employee directors.

At current compensation levels, the Compensation Committee does not expect Internal Revenue Service regulations regarding maximum deductibility of executive compensation to have any application to the Company.

Compensation Philosophy and Components. The Company's executive compensation philosophy is to employ, retain and reward executives capable of leading the Company in creating and preserving strong financial performance, increasing the assets of the Company through acquisitions, positioning the Company's assets and business operations for long-term growth opportunities, and enhancing shareholder value. The executive compensation program is intended to provide an overall level of compensation that the Compensation Committee believes, based on its own judgment and experience, is competitive with levels of compensation provided by companies deemed by the Compensation Committee to be comparable for compensation purposes. The companies used for comparisons of compensation levels are not necessarily the same companies included within the index reflected in the Stock Price Performance Graph because certain of those companies are not comparable with the Company or its subsidiaries for compensation purposes due to their size and operating philosophy. The companies which the Company considers to be comparable for compensation purposes are generally publicly traded companies of similar size and growth strategy. The primary components of the Company's executive compensation program are annual cash compensation (salary and bonuses) and long-term incentive compensation (stock options). Executive officer cash compensation is maintained at levels that the Compensation Committee believes, based upon its own judgment and experience, are fair and appropriate in the circumstances and competitive in the marketplace. Stock option grants are deemed by the Compensation Committee to be an appropriate form of long-term incentive necessary to encourage the continuing commitment of the executive officers to the future financial success and growth of the Company in direct alignment with the interests of the shareholders, and to also be fair and appropriate in the circumstances and competitive in the marketplace.

Chief Executive Officer Compensation. In July 2000, the Compensation Committee approved an employment agreement between the Company and Joe R. Davis, Chairman of the Board and Chief Executive Officer. Mr. Davis received a salary of \$400,000 and was granted an option to purchase up to 50,000 shares of Common Stock during fiscal 2002 in accordance with the terms of this agreement. Mr. Davis did not receive any bonus compensation during fiscal 2002.

Other Executive Officer Compensation. In July 2000, the Compensation Committee previously approved the employment agreement between the Company and Mr. White. Mr. White's bonus for the employment year ended July 25, 2001 and Mr. Colville's employment agreements were approved by the Compensation Committee during fiscal 2002 as recommended by Mr. Davis based on his subjective determination, including his perception of their respective performance and capability, the potential impact of the individual on the Company, the executive's performance as a team member, the skills and experiences required by the position and the overall performance of the Company. No one of the above factors is considered to be more important than the others.
