General

2. We have reviewed your response to comments four and five and have the following additional comments.
 - Given the small cushion between the assumed fair value and the carrying value of your Catalog & Internet, Wholesale Premium and Sterno segment assets, please disclose in your revised critical accounting policies your assumptions regarding cash flows, capital expenditures and the terminal value multipliers for these segments.
 - Please expand your disclosure to clarify whether the decrease in fair value of the Catalog & Internet, Wholesale Premium and Sterno segment assets resulting from an assumed 1% increase in the discount rate and 1% decrease in the revenue growth would have resulted in the estimated fair value of these reporting units to be less than their carrying values and thus require you to perform the second step of the impairment test.
 - In addition, please address the following:
 - You reduced your assumed revenue growth rate for the Catalog and Internet segment from 3.0% in 2005 to 2.8% in 2006. Disclose the basis for a 2.8% revenue growth rate in 2006 given that revenue in this segment declined from \$197.5 million in 2005 to \$187.3 million in 2006.
 - Based on the sensitivity of modifications to the revenue growth rate on terminal values under the market multiple valuation approach, please disclose the multiple of EBITDA used in your goodwill impairment analyses in 2005, 2006 and 2007. Please also disclose in a comprehensive manner the economic basis for the EBITDA multiple selected and the reasons for changes to the EBITDA multiples, if any.
 - Disclose why you reduced the discount rate for your Walter Drake trade name from 16% in 2005 to 15% in 2006. Please also disclose why you assume a royalty rate of 2.5% for this trade name, but only 2% for the other two trade names.

3. We have reviewed your response to comment six. Please include the loss from the sale of Impact Plastics in 2006 within operating profit in future filings based on the guidance of paragraph 45 of SFAS 144.
