Definitive Proxy Statement on Schedule 14A

General

1. In future filings, please label your Compensation Discussion and Analysis section as such.

2. In future filings, please disclose all assumptions made in the valuation of awards in the stock awards column of the table by reference to a discussion of those assumptions in your financial statements, footnotes to the financial statements, or discussion in Management's Discussion and Analysis. See Instruction to Regulation S-K Item 402(k), which refers to Instruction 1 to Item 402(c)(2)(v) and (vi). Similarly revise your Summary Compensation Table in regards to the option awards column. Refer to Instruction 1 to Item 402(c)(2)(v) and (vi) of Regulation S-K.

3. We note your disclosure that decisions regarding compensation are based on an assessment of each executive's performance against certain performance factors, goals or targets. In future filings, please provide a qualitative and a quantitative discussion of all the performance measures to be achieved in order for your executive officers to earn their performance-related compensation. We would expect to see the specific company financial goals, key operating drivers and individual performance objectives used to determine performance-related compensation and how your performance-related awards are specifically structured around such performance goals. Please note that qualitative measures generally need to be presented to conform to the requirements of Item 402(b)(2)(v) of Regulation S-K.
4. To the extent you believe that disclosure of the performance measures is not required because it would result in competitive harm such that it could be excluded under Instruction 4 to Item 402(b) of Regulation S-K, please provide in your response letter a detailed explanation for your conclusion as to competitive harm. To the extent that you have an appropriate basis for omitting disclosure of the performance measures, please revise your disclosure to discuss how difficult it would be for the named executive officers or how likely it will be for you to achieve the undisclosed target levels or other factors. General statements regarding the level of difficulty, or ease associated with achieving performance goals, are not sufficient. In discussing how difficult it will be for an executive or how likely it will be for you to achieve the target levels or other factors, provide

as much detail as necessary without providing information that would result in competitive harm. Refer also to Question 3.04 of the Item 402 of Regulation S-K Interpretations available on our website at www.sec.gov.

5. We note that you review executive compensation levels at other public companies in establishing Mr. Battista's compensation. In any future filing, please identify the benchmark companies and specify how each element of compensation relates to the information you reviewed. Discuss where actual payments fall within targeted parameters. To the extent actual compensation was outside a targeted percentile range, please explain why. Refer to Item 402(b)(2)(xiv) of Regulation S-K.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
