GRANITE DEVELOPMENT PARTNERS, L.P.  
(A Delaware Limited Partnership)  
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

NOTE A – FINANCIAL STATEMENT DISCLOSURES

Granite Development Partners, L.P. (the “Partnership”), is engaged in the business of investing in, acquiring, owning, developing, selling and otherwise disposing of undeveloped and developed land acquired by the Partnership.

The sole general partner of the Partnership is FC-Granite, Inc., an Ohio corporation (“FC-Granite”). FC-Granite is a wholly owned subsidiary of Sunrise Land Company (“Sunrise”). The Partnership is the owner of Granite Silver Development Partners, L.P., the managing partner in the Silver Canyon Partnership (“SC Partnership”).

*Unaudited Interim Financial Statements*

The enclosed financial statements have been prepared on a basis consistent with accounting principles applied in the prior periods and reflect all adjustments which are, in the opinion of management, necessary for a fair presentation of the results of the operations for the periods presented. Results of operations for the three and nine month periods ended September 30, 2001 are not necessarily indicative of results of operations which may be expected for the full year.

Certain information and footnote disclosures, which are normally included in the financial statements of the Partnership prepared in accordance with generally accepted accounting principles, have been condensed or omitted. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Partnership’s December 31, 2000 Annual Report on Form 10-K.

*Use of Estimates*

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

*Silver Canyon Partnership*

SC Partnership is the owner of Seven Hills, a 1,293 acre master planned residential community currently under development in Henderson, Nevada. During the second quarter of 1999, American Nevada Seven Hills Limited Partnership (“ANC”), the partner in SC Partnership responsible for the onsite improvements in the Seven Hills project, identified costs in excess of budget to complete the project. To minimize the impact of these excess costs, ANC and the Partnership entered into an agreement (“Agreement”) which modified certain terms of the Silver Canyon Partnership Agreement. During the first quarter of 2001, ANC recovered the portion of its cash investment it was entitled to recover per the Agreement. As a result, pursuant to the provisions of the Agreement, the Partnership is entitled to receive all distributions from SC Partnership until the Partnership has recovered its entire cash investment (See Note F). After the Partnership has recovered its entire cash investment, ANC and the Partnership will share all remaining distributions equally.

(A Delaware Limited Partnership)  
NOTES TO THE FINANCIAL STATEMENTS (continued)

NOTE A – FINANCIAL STATEMENT DISCLOSURES (continued)

*New Accounting Standards*

In October 2001, the FASB issued SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, which addresses the financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of. SFAS No. 144 supersedes FASB Statement No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of*. However, this Statement retains the fundamental provisions of Statement 121 for (a) recognition and measurement of the impairment of long-lived assets to be held and used and (b) measurement of long-lived assets to be disposed of by sale. The new standard becomes effective for the first quarter in the fiscal year ending December 31, 2002. The Partnership does not believe that the adoption of this pronouncement will have a material impact on the Partnership’s financial position, results of operations, or cash flows.

*Reclassifications*

Certain reclassifications have been made to the 2000 financial statements to conform to the 2001 presentation.

NOTE B – SENIOR NOTES PAYABLE

The Partnership has unsecured senior notes payable (“Senior Notes”) limited to the aggregate principal amount of \$34,000,000 and \$36,000,000 at September 30, 2001 and December 31, 2000, respectively. The Senior Notes bear interest at a fixed annual rate of 10.83%, payable semi-annually, and include a negative pledge covenant relating to the assets and operations of the Partnership, allowing only a collateralized working capital line not to exceed \$5,000,000 and subordinated indebtedness of \$5,000,000. Until such time as the principal of the Senior Notes and interest thereon is repaid in full, 100% of the cash flow of the Partnership, as defined in the partnership agreement, shall be applied to repay the Senior Notes. The Senior Notes will mature on November 15, 2003, but are subject to earlier redemption. On June 29, 2001, the Partnership repaid \$2,000,000 in Senior Notes plus accrued interest to that date.

Additionally, the Partnership may defer two interest payments if minimum working capital, as defined, falls below \$5,000,000. During the period interest payments are deferred, interest shall accrue at 12.83% and shall remain at that level until all deferred interest and interest thereon has been paid. The Partnership has not deferred interest payments on the Senior Notes payable.

NOTE C – MORTGAGE NOTES PAYABLE

In August 2000, the Partnership obtained a construction loan agreement for Solon Estates (Thornbury), a 250 acre residential development located in Solon, Ohio. The loan amount is not to exceed \$3,500,000 with a maturity date of August 1, 2004. The principal outstanding bears interest at the prime rate (6% at September 30, 2001). As of September 30, 2001, the outstanding balance under this loan agreement was \$940,638.

GRANITE DEVELOPMENT PARTNERS, L.P.  
(A Delaware Limited Partnership)  
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

NOTE D – PARTNER’S SPECIAL UNITS

Per the original Partnership Agreement, until the Senior Notes are paid in full, \$9,000,000 of the partner’s special units bear interest at 10.83% and the interest will be paid *pari passu* with the interest on the Senior Notes. As a result of the SC Partnership excess costs and their impact on the Partnership as discussed in Note A, FC-Granite, the holder of the special units, modified the interest arrangement during 1999. As a result, \$2,595,639 in interest has not been accrued from February 1, 1999 through September 30, 2001.

NOTE E – TRANSACTIONS WITH AFFILIATES

FC-Granite and Sunrise are reimbursed for all direct costs of operations of the Partnership’s affairs and development activities.

NOTE F – INVESTMENTS IN AND ADVANCES TO JOINT VENTURES

*Silver Canyon Partnership*

The Partnership has a 33 1/3% interest in SC Partnership. The Partnership’s investment in SC Partnership at September 30, 2001 and December 31, 2000 was \$(3,344,736) and \$(7,645,818), respectively.

The Partnership has advances outstanding to the SC Partnership of \$17,372,441 and \$21,555,454 at September 30, 2001 and December 31, 2000, respectively. The decrease in advances outstanding is the result of loan repayments of \$4,183,015 funded by proceeds from SC Partnership land sales. Based on the Agreement discussed in Note A, the above advances to SC Partnership shall not bear interest.

SC Partnership has financing to fund development expenditures for the Seven Hills project. In January 2001, this loan agreement was amended to reduce funding of development costs from 100% to 50% and to reduce the maximum outstanding balance from \$10,000,000 to \$3,000,000. The loan bears interest at prime (6% at September 30, 2001) plus 1% and matures January 28, 2002. There was no outstanding loan balance under this agreement at September 30, 2001 and December 31, 2000.

This loan agreement, as amended, contains two debt service coverage ratios, which requires SC Partnership to maintain a certain level of net worth, as defined in the loan agreement. Pursuant to the provisions of the amended loan agreement, net worth has been redefined for the purposes of the two debt service coverage ratios to include the debt that SC Partnership owes to the Partnership.

For the nine months ended September 30, 2001, SC Partnership generated net income of \$4,528,398 of which \$4,301,082 was recorded by the Partnership pursuant to the terms of the Agreement. For the nine months ended September 30, 2000, SC Partnership generated a loss of \$3,335,890, 100% of which was recorded by the Partnership.

GRANITE DEVELOPMENT PARTNERS, L.P.  
(A Delaware Limited Partnership)  
NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

NOTE F – INVESTMENTS IN AND ADVANCES TO JOINT VENTURES (continued)

As a result of the 1999 identified excess costs, which reflected an overall estimated project gross margin of zero, SC Partnership recorded zero gross margins on all sales from the second quarter of 1999 through the third quarter of 2000. During the fourth quarter of 2000, revised estimates of sales and costs to complete resulted in an overall gross margin for the project. As a result, a gross margin was reported relating to sales activity for that period. Sales and costs to complete have been further revised in the first nine months of 2001 based upon current activity, maintaining an overall gross margin for the project. Based on these current revised estimates, a gross margin of \$2,087,042 and \$5,414,708 was reported for the three and nine month periods ended September 30, 2001 relating to sales activity for each respective period.

The Partnership’s investment in Eaton at September 30, 2001 and December 31, 2000, was \$759,922 and \$767,202, respectively. For the nine months ended September 30, 2001 and 2000, Eaton generated net loss of \$24,265 and net income of \$333,405, respectively, of which \$7,279 and \$100,022, respectively, was recorded by the Partnership under the equity method.

## PART I – ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION

The following discussion and analysis of Granite Development Partners, L.P. (“Partnership”), should be read in conjunction with the accompanying financial statements included herein as well as the audited financial statements for the year ended December 31, 2000 contained in the Annual Report on Form 10-K.

### Results of Operations

#### *Overview*

For the nine months ended September 30, 2001 and September 30, 2000, the Partnership reported net income of \$1,607,723 and a net loss of \$5,909,995, respectively. The increase in net income is primarily the result of income from joint ventures of \$4,293,803 for the nine months ended September 30, 2001 versus a loss of \$3,235,869 for the nine months ended September 30, 2000. The increase in income from joint ventures is due primarily to the recognition of gross margins at the Silver Canyon Partnership (“SC Partnership”) owned Seven Hills project, a 1,293 acre master planned residential community currently under development in Henderson, Nevada.

For the three months ended September 30, 2001 and 2000, the Partnership reported net income of \$873,641 and a net loss of \$1,233,282, respectively. The increase in net income is primarily the result of income from joint ventures of \$1,620,403 for the three months ended September 30, 2001 versus a loss of \$541,618 for the three months ended September 30, 2000. The increase in income from joint ventures is due primarily to the recognition of gross margins at the Seven Hills project.

#### *Seven Hills — Gross Margins Through September 30, 2000*

The loss from joint ventures for the nine months ended September 30, 2000 resulted primarily from SC Partnership recording zero gross margins on its Seven Hills project in Henderson, Nevada. The zero gross margins were the result of an extensive review of project costs performed in 1999, which revealed an increase in the scope of landscape and greenbelt improvements for the balance of the project as well as increases in parcel development costs in excess of budget. As a result, estimated costs to complete the project were revised. During the third quarter of 2000, the Partnership identified potential improvements in the estimated cost to complete the Seven Hills project. However, the management of the Partnership believed that it was premature to recognize gross margins for the project as of the third quarter of 2000 primarily because of the speculative nature of future land sales. A significant portion of the remaining land sales in Seven Hills consisted of estate lots, which are higher priced lots sold to high net worth individuals as opposed to lower priced lots sold in bulk to production home builders. Uncertainties in current and future economic conditions and the large number of estate lots yet to be sold made it very difficult to estimate accurate future sales prices and gross margins. As a result, no gross margins were recorded on sales in the first three quarters of 2000.

The zero margins reported by the Partnership specifically related to speculation in high-end estate lot pricing and contingent project costs. A lowest-probable pricing scenario through the third quarter of 2000, showed that remaining sales would be sufficient only to recover remaining development costs, resulting in zero gross margins. A lowest-probable pricing scenario was used because of unknown future economic conditions, and how they could affect the pricing of

remaining lots. The 2000 business plan was also adjusted to include certain contingent costs not included in the plan.

#### *Seven Hills — Gross Margins Fourth Quarter 2000 and First Nine Months 2001*

The 2001 Seven Hills business plan was approved by the partners on January 25, 2001. That plan shows remaining sales to be sufficient to recover estimated costs to complete, resulting in an overall gross margin. However, the 2001 business plan continues to be based on speculation of sales prices, particularly for high priced estate lots. In addition, the 2001 business plan does not include estimates for certain contingent project costs. As a result, Partnership management adjusted the 2001 business plan to remove some of the speculation due to higher priced estate lot pricing. The plan was also adjusted by management to include certain contingent project cost items that are reasonable to estimate and are reasonably probable to incur.

During the fourth quarter of 2000 and up through September 30, 2001, a significant amount of speculation was eliminated relating to the pricing of estate lots. Strong sales of high-end estate lots at prices higher than those used in the preliminary business plan reduced the need to use a lowest-probable pricing scenario for high-end estate lots. As a result, revised estimates were incorporated by management for pricing and potential future cost. This resulted in the Partnership reporting gross margin beginning with sales in the fourth quarter of 2000. In addition, during the three and nine month periods ended September 30, 2001, \$2,087,042 and \$5,414,708 of gross margin was reported, respectively.

SC Partnership and the Partnership management will continue to monitor all trends, results and uncertainties very closely. Gross margin reported will continue to be adjusted based on continued review of the business plan, and the effect that trends, actual results, and potential uncertainties have on the business plan.

#### *Silver Canyon Partnership – Agreement (1999)*

During the second quarter of 1999, American Nevada Seven Hills Limited Partnership (“ANC”), the partner in SC Partnership responsible for the onsite improvements in the Seven Hills project, identified costs in excess of budget to complete the project. To minimize the impact of these excess costs, ANC and the Partnership entered into an agreement (“Agreement”) which modified certain terms of the Silver Canyon Partnership Agreement. As of September 30, 2001, ANC has recovered the portion of its cash investment it was entitled to recover per the Agreement. As a result, pursuant to the provisions of this Agreement, the Partnership is entitled to receive all cash flow from SC Partnership until the Partnership has recovered its entire cash investment. After the Partnership has recovered its entire cash investment, ANC and the Partnership will share all remaining distributions equally.

#### *Comparisons – Results of Operations*

Sales of \$536,250 in developed property were recorded for the nine months ended September 30, 2001 versus \$1,846,300 for the nine months ended September 30, 2000. The Partnership recorded sales of \$341,000 for the three months ended September 30, 2001 versus \$1,674,300 for the three months ended September 30, 2000. As of October 31, 2001, 2 lots of the 132 remaining lots in the Solon Estates (Thornbury) subdivision in Solon, Ohio sold for \$280,000 and 13 lots were under contract for \$1,817,000.

Interest income totaled \$102,299 for the nine months ended September 30, 2001 versus \$33,615 for the nine months ended September 30, 2000. For the three months ended

September 30, 2001 and 2000, the Partnership reported interest income of \$23,477 and \$12,421, respectively. The increase is primarily due to interest earned on notes receivable from the sales of developed property and from the investment of proceeds from sales in short-term commercial paper.
