Notes to Statement of Financial Condition

December 31, 2020

1. Organization and Nature of Business

Alight Financial Solutions LLC (the Company) was organized on April 8, 1994, in the state of Illinois, and commenced operations on December 21, 1994. The Company is a wholly owned subsidiary of Alight Solutions LLC (the Parent), which is a wholly owned subsidiary of Tempo Acquisition, LLC. The Company's ultimate parent is Tempo Holding Company, LLC. Tempo Holding Company, LLC is owned by Tempo Management, LLC and certain investment funds affiliated with The Blackstone Group L.P. ("Blackstone") and other co-investors. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority.

The Company clears its security transactions on a fully disclosed basis through Pershing LLC (the clearing broker).

2. Significant Accounting Policies

Basis of Presentation

The following significant accounting policies are consistently followed in the preparation of the Statement of Financial Condition in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Statement of Financial Condition in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the Statement of Financial Condition and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

Cash includes checking accounts and an interest bearing account at a non-affiliated bank.

Restricted cash included on the statement of financial condition represents cash on deposit in a special reserve bank account for the exclusive benefit of customers.

2. Significant Accounting Policies (continued)

Restricted cash included in deposits with clearing broker on the Statement of Financial Condition represents cash set aside to satisfy requirements under Rule 15c3-1 of the SEC.

Recently Adopted Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Measurement of Credit Losses on Financial Instruments. The main objective of ASU 2016-13 is to provide financial statement users with more decision-useful information about an entity's expected credit losses on financial instruments and other commitments to extend credit at each reporting date. To achieve this objective, the amendments in this update replace the incurred loss impairment methodology in current GAAP with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to develop credit loss estimates. Subsequent to issuing ASU 2016-13, the FASB has issued additional guidance for the purpose of clarifying certain aspects of ASU 2016-13, as well as providing codification improvements and targeted transition relief under the standard. The subsequently issued ASUs have the same effective date and transition requirements as ASU 2016-13. The Company adopted the new standard effective January 1, 2020. The adoption of this standard did not have a material impact on the Company's Statement of Financial Condition.

3. Related-Party Transactions

Certain services are provided to the Company by the Parent under a Management Agreement (the Agreement) effective July 12, 2007, for which the Company incurs an allocated charge. Under the terms of the Agreement, the Company agrees to pay for all operating expenses incurred by the Parent or its affiliates on the Company's behalf including, but not limited to, costs associated with employee compensation, office space, and equipment. Employee compensation is allocated based on the estimated time spent on activities of the Company and includes benefits. Cost of office space and equipment is based on the average per-employee cost by practice and location as determined periodically by the Parent. The amount due by the Company under this Agreement is \$388,422 and is reflected as Payable to affiliate as of December 31, 2020.

The Company is the affiliated broker-dealer of an affiliated mutual fund and earns shareholder services fees from this mutual fund. The amount due from this fund for fees earned is \$505,033 and is reflected as receivable from affiliate as of December 31, 2020.

4. Concentration of Credit Risk

The Company has a concentration of credit risk in that all of its cash is held at one bank but does not believe it is exposed to any credit risk.

Alight Financial Solutions LLC

Notes to Statement of Financial Condition (continued)

5. Income Taxes

The Company is organized as a limited liability company with a single member owner and, as such, is not separately subject to income taxes. The results of the Company are included in the financial statements and the income tax return of Tempo Holding Company LLC.

6. Commitments and Contingencies

The Company has agreed to indemnify the clearing broker for losses that it may sustain from customer accounts introduced by the Company. The Company and the clearing broker monitor required margin levels daily and, pursuant to guidelines, request customers to deposit additional collateral or reduce securities positions when necessary. In accordance with applicable margin lending practices, customer balances are typically collateralized by customer securities or supported by other types of recourse provisions.

7. Net Capital Requirements

As a registered broker-dealer, the Company is subject to the SEC's net capital rule (Rule 15c3-1), which requires that the Company, at all times, maintain net capital, as defined, equal to the greater of \$50,000 or 6-2/3% of aggregate indebtedness, as defined. The ratio of aggregate indebtedness to net capital cannot exceed 15 to 1. As of December 31, 2020, the Company's ratio of aggregate indebtedness to net capital was 0.12 to 1 and the Company's net capital was 3,516,252, which was \$3,466,252 in excess of required net capital. Rule 15c3-1 may effectively restrict advances or distributions to the Parent. Under the clearing arrangements with the clearing broker, the Company is required to maintain certain minimum levels of net capital and comply with other financial ratio requirements. At December 31, 2020, the Company was in compliance with all such requirements.

8. COVID-19

On March 11, 2020 the World Health Organization designated the spread of coronavirus (COVID-19) as a pandemic. As of the date of the Financial Statements, COVID-19 has had a significant impact on global and U.S. financial markets, and the Company continues to monitor its effects on the overall economy and its operations. In response to the COVID-19 pandemic, the company has enhanced its policies, procedures and operations to protect the integrity and continuity of its business and the health and safety of employees. Management believes that the Company is well positioned to successfully manage its business risks despite any uncertain economic outlook. Management is continuously monitoring the situation.

9. Subsequent Events

On January 25, 2021, the Parent and Foley Trasimene Acquisition Corp., a special purpose acquisition company, announced that they have entered into a definitive business combination agreement.
