## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2002  
(Unaudited)

### 1. Summary of significant accounting policies:

Interim financial statements:

The unaudited interim financial statements reflect all adjustments which are, in the opinion of the general partners, necessary to a fair statement of financial position and results of operations for the interim periods presented. All such adjustments are of a normal recurring nature. These unaudited interim financial statements should be read in conjunction with the most recent report on Form 10K.

### 2. Organization and partnership matters:

ATEL Cash Distribution Fund VI, L.P. (the Fund), was formed under the laws of the State of California on June 29, 1994, for the purpose of acquiring equipment to engage in equipment leasing and sales activities. Contributions in the amount of \$600 were received as of July 21, 1994, \$100 of which represented the General Partner's (ATEL Financial Corporation's) continuing interest, and \$500 of which represented the Initial Limited Partners' capital investment.

Upon the sale of the minimum amount of Units of Limited Partnership interest (Units) of \$1,200,000 and the receipt of the proceeds thereof on January 3, 1995, the Partnership commenced operations.

The Partnership does not make a provision for income taxes since all income and losses will be allocated to the Partners for inclusion in their individual tax returns.

### 3. Investment in leases:

The Partnership's investment in leases consists of the following:

	Balance December 31, 2001	Depreciation Expense or Amortization of Leases	Reclass- ifications & Dispositions	Balance September 30, 2002
Net investment in operating leases	\$ 55,447,510	\$ (5,182,187)	\$ (18,592,894)	\$ 31,672,429

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2002  
(Unaudited)

### 4. Non-recourse debt:

Notes payable to financial institutions are due in varying monthly, quarterly and semi-annual installments of principal and interest. The notes are secured by assignments of lease payments and pledges of the assets which were purchased with the proceeds of the particular notes. Interest rates on the notes vary from 6.37% to 15.54%.

Future minimum principal payments of non-recourse debt as of September 30, 2002 are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Three months ending December 31, 2002	\$ 125,803	\$ 12,771	\$ 138,574

	<u>\$ 4,935,180</u>	<u>\$ 635,354</u>	<u>\$ 5,570,534</u>

### 5. Related party transactions:

The terms of the Limited Partnership Agreement provide that the General Partner and/or Affiliates are entitled to receive certain fees for equipment acquisition, management and resale and for management of the Partnership.

The General Partner and/or Affiliates earned fees, commissions and reimbursements, pursuant to the Limited Partnership Agreement as follows:

	<u>2002</u>	<u>2001</u>
Cost reimbursements to General Partner	\$ 609,801	\$ 733,052

Incentive management fees (computed as 3.25% of distributions of cash from operations, as defined in the Limited Partnership Agreement) and equipment management fees (computed as 3.5% of gross revenues from operating leases, as defined in the Limited Partnership Agreement plus 2% of gross revenues from full payout leases, as defined in the Limited Partnership Agreement).

**NOTES TO FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2002**  
**(Unaudited)**

**5. Related party transactions (continued):**

The Limited Partnership Agreement allows for the reimbursement of costs incurred by the General Partner in providing administrative services to the Partnership. Administrative services provided include Partnership accounting, investor relations, legal counsel and lease and equipment documentation. The General Partner is not reimbursed for services where it is entitled to receive a separate fee as compensation for such services, such as acquisition and management of equipment. Reimbursable costs incurred by the General Partner are allocated to the Partnership based upon actual time incurred by employees working on Partnership business and an allocation of rent and other costs based on utilization studies.

Substantially all employees of the General Partner record time incurred in performing administrative services on behalf of all of the Partnerships serviced by the General Partner. The General Partner believes that the costs reimbursed are the lower of actual costs incurred on behalf of the Partnership or the amount the Partnership would be required to pay independent parties for comparable administrative services in the same geographic location and are reimbursable in accordance with the Limited Partnership Agreement.

**6. Partner's capital:**

As of September 30, 2000, 12,490,076 Units (\$124,900,760) were issued and outstanding. The Fund is authorized to issue up to 12,500,050 Units, including the 50 Units issued to the initial limited partners.

The Partnership Net Profits, Net Losses, and Tax Credits are to be allocated 99% to the Limited Partners and 1% to the General Partner.

Available Cash from Operations and Cash from Sales and Refinancing, as defined in the Limited Partnership Agreement, shall be distributed as follows:

First, 95.75% of Distributions of Cash from Operations to the Limited Partners, 1% of Distributions of Cash from Operations to the General Partner and 3.25% to an affiliate of the General Partner as Incentive Management Compensation, 99% of Distributions of Cash from Sales or Refinancing to the Limited Partners and 1% of Cash from Sales or Refinancing to the General Partner.

Second, the balance to the Limited Partners until the Limited Partners have received Aggregate Distributions in an amount equal to their Original Invested Capital, as defined, plus a 10% per annum cumulative (compounded daily) return on their Adjusted Invested Capital.

Third, an affiliate of the General Partner will receive as Incentive Management Compensation, 3.25% of remaining Cash from Sales or Refinancing.

Fourth, the balance to the Limited Partners.

**ATEL CASH DISTRIBUTION FUND VI, L.P.**

**NOTES TO FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2002**  
**(Unaudited)**

**7. Line of credit:**

The Partnership participates with the General Partner and certain of its affiliates in a \$43,654,928 revolving line of credit with a financial institution that includes certain financial covenants. The line of credit expires on June 28, 2004. As of September 30, 2002, borrowings under the facility were as follows:

Amount borrowed by the Partnership under the acquisition facility	\$ 4,500,000
Amounts borrowed by affiliated partnerships and limited liability companies under the acquisition facility	<u>17,400,000</u>
Total borrowings under the acquisition facility	<u>21,900,000</u>
Amounts borrowed by the General Partner and its sister corporation under the warehouse facility	<u>-</u>
Total outstanding balance	<u><u>\$ 21,900,000</u></u>
Total available under the line of credit	\$ 43,654,928
Total outstanding balance	<u>(21,900,000)</u>
Remaining availability	<u><u>\$ 21,754,928</u></u>

Draws on the acquisition facility by any individual borrower are secured only by that borrower's assets, including equipment and related leases. Borrowings on the warehouse facility are recourse jointly to certain of the affiliated partnerships and limited liability companies, the Partnership and the General Partner.

The credit agreement includes certain financial covenants applicable to each borrower. The Partnership was in compliance with its covenants as of September 30, 2002.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **Capital Resources and Liquidity**

In 2002 and 2001, our primary activity was equipment leasing and sales activities.

Our primary source of liquidity during the first nine months of 2001 was lease rents. Our primary source of liquidity during the first nine months of 2002 was lease rents and proceeds from the sales of lease assets. Our liquidity will vary in the future, increasing to the extent cash flows from leases exceed expenses, and decreasing as lease assets are acquired, as distributions are made to the limited partners and to the extent expenses exceed cash flows from leases.

As another source of liquidity, we have contractual obligations with a diversified group of lessees which consist primarily of fixed lease terms at fixed rental amounts. As the initial lease terms expire, we will re-lease or sell the equipment. Our future liquidity beyond the contractual minimum rentals will depend on our success in re-leasing or selling the equipment as it comes off lease.

The Partnership participates with the General Partner and certain of its affiliates in a \$43,654,928 revolving line of credit with a financial institution that includes certain financial covenants. The line of credit expires on June 28, 2004. As of September 30, 2002, borrowings under the facility were as follows:

Amount borrowed by the Partnership under the acquisition facility	\$ 4,500,000
Amounts borrowed by affiliated partnerships and limited liability companies under the acquisition facility	17,400,000
Total borrowings under the acquisition facility	21,900,000
Amounts borrowed by the General Partner and its sister corporation under the warehouse facility	-
Total outstanding balance	<u>\$ 21,900,000</u>
 Total available under the line of credit	 \$ 43,654,928
Total outstanding balance	<u>(21,900,000)</u>
Remaining availability	<u>\$ 21,754,928</u>

Draws on the acquisition facility by any individual borrower are secured only by that borrower's assets, including equipment and related leases. Borrowings on the warehouse facility are recourse jointly to certain of the affiliated partnerships and limited liability companies, the Partnership and the General Partner.

We anticipate reinvesting a portion of lease payments from assets owned in new leasing transactions. This reinvestment will occur only after the payment of all obligations, including debt service (both principal and interest), the payment of management fees to the General Partner and providing for cash distributions to the Limited Partners.

We currently have available adequate reserves to meet contingencies, but in the event those reserves were found to be inadequate, we would likely be in a position to borrow against our current portfolio to meet such requirements. We envision no such requirements for operating purposes.

As of September 30, 2002, we had borrowed \$100,521,405 with a remaining unpaid balance of \$4,935,180. We expect that aggregate borrowings in the future will not exceed 50% of aggregate equipment cost. In any event, the Agreement of Limited Partnership limits such borrowings to 50% of the total cost of equipment, in aggregate.

We do not expect to make commitments of capital other than for the acquisition of additional equipment. As of September 30, 2002, we had made no commitments of this type .

If inflation in the general economy becomes significant, it may affect the us in that the residual (resale) values and rates on re-leases of our leased assets may increase as the costs of similar assets increase. However, our revenues from existing leases would not increase, as such rates are generally fixed for the terms of the leases without adjustment for inflation.

If interest rates increase significantly, the lease rates that we can obtain on future leases will be expected to increase as the cost of capital is a significant factor in the pricing of lease financing. Our leases already in place, for the most part, would not be affected by changes in interest rates.

#### *2002 vs. 2001:*

In 2002 and 2001, lease rents were our primary source of cash from operating activities. Our lease rents have declined as a result of lease terminations and asset sales over the last year.

Our only sources of cash from investing sources was proceeds from the sales of assets and direct financing lease rents. Proceeds from sales of such assets increased by \$15,996,976 compared to 2001. Most of the proceeds from sales in 2002 resulted from the sales of assets on lease to Mobil Corporation and Tarmac America. Our only investing use of cash in 2001 was payments on the purchase of assets on operating leases. There were none in 2002.

In 2001, our only financing source of cash was borrowings on the line of credit. Proceeds from sales of assets of approximately \$11,680,000 were used to repay non-recourse debt. The debt had been used to finance the original acquisition of a portion of the assets sold in the third quarter. Other repayments of non-recourse debt have decreased as a result of scheduled debt payments.

### **Results of operations**

For the nine month periods, our operations resulted in net income of \$2,164,529 in 2002 and \$2,492,457 in 2001. For the three month periods, operations resulted in net income of \$1,494,592 in 2002 and \$986,877 in 2001. Our primary source of revenues is from operating leases.

Over the last year, we have sold some of our operating lease assets. Some other leases have been terminated. These lease terminations and asset sales have caused operating lease revenues to decrease for both the nine and three month periods when compared to 2001.

Our depreciation expense has declined by \$1,402,954 compared to 2001. The decreases were the result of asset sales over the last year.

Non-recourse debt balances were reduced in 2002 compared to 2001 as a result of scheduled and unscheduled (see above) debt payments. This led to the reduction of interest expense of \$531,990 in 2002 compared to 2001 for the nine month period and \$282,000 for the three month period.

### **Internal Controls**

As of September 30, 2002, an evaluation was performed under the supervision and with the participation of the Partnership's management, including the CEO and CFO of the General Partner, of the effectiveness of the design and operation of the Partnership's disclosure controls and procedures. Based on that evaluation, the Partnership's management, including the CEO and CFO of the General Partner, concluded that the Partnership's disclosure controls and procedures were effective as of September 30, 2002. There have been no significant changes in the Partnership's internal controls or in other factors that could significantly affect internal controls subsequent to September 30, 2002.

## **PART II. OTHER INFORMATION**

### **Item 1. Legal Proceedings.**

No material legal proceedings are currently pending against the Partnership or against any of its assets.

#### *Quaker Coal Company:*

On December 31, 1997, Quaker Coal Company (the Debtor), one of the Partnership's lessees, requested a moratorium on lease payments from January through March 1998. No lease payments were made by the lessee through June 1998, and as a result, the General Partner declared the lease in default. Subsequently, the lessee cured the outstanding payments and eventually satisfied substantially all lease payments due under the lease; however, the General Partner refused to waive the default and insisted on contractual damages. The General Partner filed a suit against the lessee for its contractual damages in the U.S. District Court of Northern California (the "Court"). On June 16, 2000, the lessee filed for protection under Chapter 11 of the U.S. Bankruptcy Code. The amounts of these damages have not been included in the financial statements included in Part I, Item 1 of this report.

The Partnership obtained a stipulation for relief from the automatic bankruptcy stay to allow the Court to issue its ruling, and filed a request to participate on the Official Committee of Unsecured Creditors in the bankruptcy proceedings. The Partnership succeeded upon securing the return of its equipment, which has been liquidated. The Court issued a ruling on March 4, 2001, denying the Partnership's claim for damages. The Debtor subsequently filed a claim against the Partnership, for reimbursement of its legal expenses. The General Partner believes the Court's decision is erroneous as a matter of law, and has filed an appeal of the decision in the U.S. District Court of Appeals.

The Debtor filed a plan of reorganization, which was objected to by several large creditors, including the General Partner. These creditors were also seeking a formal role on the creditors committee or formation of their own committee.

Upon the termination of the Debtor's exclusivity period, competing plans were filed by other creditors to the plan, and voting on the competing plans occurred October 8, 2001. The results of the vote were that, another of the creditor's, American Electric Power's ("AEP") Plan of Reorganization ("AEP Plan") was successful. Under the AEP Plan, the claim of the Partnership has been assigned to a liquidating trustee for resolution and satisfaction from the Debtor's estate.

In January 2002, ATEL attended an appellate settlement conference seeking to resolve the outstanding disputed claim. A reserve has been set aside by the Debtor's liquidating trustee in the amount of \$1.2 million in partial satisfaction of the Partnership's claim, although this claim amount remains in dispute. Currently, the likelihood of recovery of amounts above the payment of the lease rent and the liquidation of the equipment already received remains speculative and highly uncertain.

#### *Elkay Mining Company:*

On December 17, 1999, Elkay Mining Company, a subsidiary of The Pittston Company (the Guarantor), filed a suit for declaratory relief in response to a notice of event of default sent by the Partnership. The dispute surrounds the treatment by the lessee of a defect in the leased equipment, and the lessee's failure to notify that lessor of the defect in the equipment. All lease payments under that lease were made in a timely manner, and the equipment was returned and liquidated by the Partnership for \$112,501.04, which is approximately 6% of the original equipment cost. The Partnership believes that it has suffered damages and loss as a result of actions of the lessee, in the amount of \$773,402, which represents the difference in the proceeds netted from the sale of the equipment and the liquidated damages due under the lease.

This matter has been litigated and the decision from the Court was adverse to the Partnership as to the very narrow issue whether an Event of Default existed as declared by the Partnership (for the failure of the lessee to notify the Partnership of the material defect of in the equipment.) Notwithstanding the adverse ruling, the Partnership has two additional bases for default: (i) the failure by the lessee to satisfy the maintenance and return conditions of the lease, and (ii) the relocation by the lessee of the equipment without the lessor's consent..

The General Partner has filed a suit and for arbitration against the Guarantor in San Francisco, as mandated by the lease. The General Partner believes that it has a reasonable basis for prevailing with respect to this matter, and will aggressively assert its claims.

*Applied Magnetix Corporation:*

In January 2000, Applied Magnetix Corporation (the Debtor) filed for protection from creditors under Chapter 11 of the U. S. Bankruptcy Code. The Partnership had assets with a total net book value of \$5,113,290 leased to Applied Magnetix Corporation at the bankruptcy filing date. On January 31, 2000, the General Partner was appointed to the Official Committee of Unsecured Creditors and served as the Chairperson of the Committee. Procedures were quickly undertaken for the liquidation of the Partnership's leased equipment, which proceeds resulted in the satisfaction of a portion of the non-recourse debt secured by the equipment. As of November 1, 2000, liquidation of the assets was completed.

The debtor filed a Plan of Reorganization (the "Plan"), which was approved by a vote of the creditors of the debtor in October 2001. The Plan provided that the debtor change its name to "Integrated Micro-Technology", and enter into a new line of business, the manufacture and production of "micro-machines". As part of the Plan, the Partnership, along with the other unsecured creditors, receives a proportionate share of their unsecured claims, in the form of ownership shares and warrants in the newly formed business. The success of this new business plan is highly uncertain.

On February 13, 2002, the reorganized Debtor filed a notice of objection to the Funds claim due to duplication and an improper liquidated damages provision. The Fund disputed this and, as of July 26, 2002, agreement has been reached between the Fund and Debtor as to the amount of the Fund's claim, and the Debtor's objection to the Fund's claim was withdrawn.

The Partnership anticipates additional amounts may be recoverable through its equity interests in the reorganized lessee's business, however, any recoveries above the amounts received upon liquidation of the Partnership's equipment are highly uncertain and speculative.
