MAY CAPITAL GROUP, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. **ORGANIZATION AND NATURE OF BUSINESS**

May Capital Group LLC (the "Company"), was formed as a limited liability company on August 15, 1994 in the State of New Jersey.

The Company is a fully disclosed broker dealer and sells mutual funds, variable life insurance and variable annuities as outlined in their FINRA membership agreement. The Company acts as a broker-dealer and is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph k(2)(i). The Company is not required to have any arrangement with a clearing broker.

2. **SIGNIFICANT ACCOUNTING POLICIES**

Revenue Recognition

Securities transactions and the related revenues and expenses are recorded in the financial statements on a trade date basis.

Significant Judgement

Significant Judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether constraints on variable consideration should be applied due to uncertain future events.

Mutual Fund Fees, Variable Life and Variable Annuity Fees

The Company enters into agreements with Mutual Funds, Variable Life and Variable Annuities ("Funds") to distribute shares to investors. The Company may receive distribution fees paid by the Fund upfront, over time, upon the investors exit from the fund, or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence. The Company does not believe that it can overcome this constraint until the market value of the Fund and the investor activities are known, which usually occurs monthly or quarterly. Mutual Fund Fees, Variable Life and Variable Annuity Fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Property and Equipment

Property and equipment are recorded at cost. Depreciation had been computed using accelerated methods of depreciation. Expenditures for repairs and maintenance are charged to operations as incurred. Additions and improvements are capitalized.

Income Taxes

No provision for Federal or State income taxes has been made in the accompanying financial statements since such liabilities and related expenses are the responsibility of the member. The Company is responsible for a NYC unincorporated business tax on income, which is calculated at the statutory rate.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. NEW ACCOUNTING GUIDANCE

In June 2016, the FASB issued Accounting Standards Update (ASU) 2016-13 – Current Expected Credit Losses (“CECL”) which replaces the current incurred loss model used to measure impairment loss with an expected loss model for trade and other receivables. The Company adopted the standard during 2020, under the modified retrospective approach to the earliest period resented. The adoption of ASU 2016-13 did not have a material effect on the Company’s financial statements.

4. CASH FLOW INFORMATION

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

5. ACCOUNTS RECEIVABLE

Accounts receivable represent commissions due from mutual funds, insurance companies and trust sponsors. Management has determined that no allowance for credit losses is necessary at December 31, 2021.

6. **CONCENTRATION OF CUSTOMER RECEIVABLES**

For the year ended December 31, 2021, six customers accounted for 83% of the Company's Accounts Receivable.

7. **DISAGGREGATED REVENUE FROM CONTRACTS WITH CUSTOMERS**

Mutual Funds, variable life and variable annuities:

Commission income	\$114,905
Mutual Fund trails	\$ 34,037
Total mutual funds, variable life and annuities	\$148,942

8. **NET CAPITAL REQUIREMENTS**

The Company is a member of the Financial Industry Regulatory Authority (FINRA) and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to the net capital, both as defined, shall not exceed 15 to 1. At December 31, 2021 the Company had net capital of \$34,624, which was \$29,624 in excess of the amount required. The ratio of aggregate indebtedness to net capital was 19.90.

9. **SUBSEQUENT EVENTS**

The Company has evaluated subsequent events through March 30, 2022, the date on which these financial statements were available to be issued. The Company did not identify any material subsequent events requiring adjustment to or disclosure in its financial statements.

10. **RELATED PARTY TRANSACTIONS**

The Company entered into an Expense Sharing Agreement with May Financial Group, LTD ("Affiliate") dated January 4, 2018. The agreement provides that May Capital Group LLC will pay Affiliate \$830 per month for: Rent, administrative costs, telephone and postage. The total paid for 2021 was \$9,130. At December 31, 2021 \$830.00 was due to the Affiliate from the Company.

11. *RISKS AND UNCERTAINTIES*

The Covid-19 pandemic developed rapidly in 2021, with a significant number of cases. Measures taken by various governments to contain the virus have affected economic activity. At this stage, the impact on our business and results has not been significant and based on our experience to date we expect this to remain the case. We will continue to follow the various government policies and advice and, in parallel, we will do our utmost to continue our operations in the best and safest way possible.
