DWS Distributors, Inc. (the Company) is a wholly owned subsidiary of DWS Investment Management Americas, Inc. (“DIMA or the Parent”). DIMA is a wholly owned subsidiary of DWS USA Corporation (“DWS USA”). DWS USA is a wholly owned subsidiary of DWS Group GmbH & Co. KGaA (“DWS Group”), a publicly traded company on the Frankfurt Stock Exchange, which is majority-owned by Deutsche Bank AG (“the Bank”). The Company was incorporated in Delaware on September 20, 1994 and is a registered broker-dealer under the Securities Exchange Act of 1934. The Company is a registered broker-dealer with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC).

(2) Risk

The economic disruption caused by the rapid spread of the COVID-19 pandemic has resulted in a sharp slowdown in global GDP growth, but the economy has picked up again in the second quarter of the year. Progress regarding the development of a COVID- 19 vaccination has been made. Markets have priced in this optimistic scenario and hence it will be crucial that the expectations are fulfilled regarding the effectiveness of the COVID-19 vaccination and its rapid introduction. In case expectations will not be fulfilled, this may lead to a negative impact on global growth and global financial markets. Despite the business continuity and crisis management policies currently in place, travel restrictions or potential impacts on personnel may disrupt our business. In addition, another potential economic slowdown could negatively impact our revenues, assets and liabilities.

The ongoing COVID-19 pandemic and its impact on the global economy may affect our ability to meet our financial targets. While the long-term impact of the pandemic on our business and financial targets is not yet known, we may be materially adversely affected by a protracted downturn in local, regional or global economic conditions.

Statement of Financial Condition

December 31, 2020

The Company provides for income taxes on all transactions that have been recognized in the statement of financial condition in accordance with ASC Topic 740, *Income Taxes*. Accordingly, deferred taxes are adjusted to reflect the tax rates at which future taxable amounts will likely be settled or realized. The effects of tax rate changes on future deferred tax liabilities and deferred tax assets, as well as other changes in income tax laws, are recognized in the period during which such changes are enacted. Deferred tax assets are recognized subject to management's judgment that realization is more likely than not. Deferred tax assets are included in the statement of financial condition.

ASC Topic 740 provides guidance on the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. ASC Topic 740 also provides guidance on de-recognition, classification, interest and penalties, disclosure, and transition.

(h) Property, Plant, and Equipment

(i) Recent Accounting Developments

Financial Instruments-Credit Losses (ASC 326): Measurement of Credit Losses on Financial Instruments. In June 2016, the FASB issued ASU 2016-13, *Financial Instruments-Credit Losses, Measurement of Credit Losses on Financial Instruments*. This ASU introduces a new credit loss methodology, which replaces the incurred credit loss model with the Current Expected Credit Losses (CECL) model. Under CECL, lifetime expected credit losses are estimated at inception and over the life of financial instruments measured at amortized cost based on relevant factors, including historical experience, current conditions, and reasonable and supportable forecasts that affect the collectability of the reported amount. This ASU also modifies the accounting for expected credit losses related to certain purchased financial assets with deterioration in credit quality since origination and available-for-sale debt securities. ASU 2016-13, as amended by ASU 2018-19, ASU 2019-04, ASU 2019-05, ASU 2019-10, and ASU 2019-11, is effective for annual reporting periods beginning after December 15, 2019, including interim periods within that reporting period.

The Corporation adopted this ASU as of January 1, 2020 using the modified retrospective approach with no material impact on the financial condition.

(6) Employee Benefit Plans

Retirement Plans

The Company continues to participate, together with other affiliates of Deutsche Bank Americas Holding Corporation (DBAH) in a tax-qualified 401(k) plan. Employees are able to contribute up to 40% of their eligible compensation on a before-tax and /or after-tax basis, up to IRS limits. For employees hired before January 1, 2005, after a participant has completed six months of service the Company matches dollar for dollar up to 5% of eligible compensation, up to a maximum of \$4,000 per year.

Effective January 1, 2005, the plan was amended for employees hired on or after January 1, 2005. Participants who have completed six months of service receive a Company matching contribution of up to 4% of eligible compensation, up to the IRS annual compensation maximum. (a) *Share-Based Compensation Plans*

DWS Equity and SAR Plans

DWS Group made grants of share-based compensation under the DWS Equity Plan. This plan represents a contingent right to receive a cash payment by referencing to the value of DWS shares during a specified time period. The DWS SAR Plan represents a contingent right to receive a cash payment equal to any appreciation (or gain) in the value of a set number of notional DWS shares over a fixed period of time. This award does not provide any entitlement to receive DWS shares, voting rights or associated dividends. The award recipient for any share-based compensation plan is not entitled to receive dividends during the vesting period of the award. The share awards granted under the terms and conditions of any share-based compensation plan are forfeited fully or partly if the recipient voluntarily terminates employment before the end of the relevant vesting period. Vesting usually continues after termination of employment in cases such as redundancy or retirement.

Deutsche Bank Equity Plan:

The Company employees continue to participate in the DB Equity Plan under the rules established for Deutsche Bank as applicable. The Bank made grants of share-based compensation under the DB Equity Plan. This plan represents a contingent right to receive Deutsche Bank AG common shares after a specified period of time. The award recipient is not entitled to receive dividends during the vesting period of the award. The share awards granted under the terms and conditions of the DB Equity Plan may be forfeited fully or partly if the recipient voluntarily terminates employment before the end of the relevant vesting period. Vesting usually continues after termination of employment in cases such as redundancy or retirement.

To the extent that the settlement price is less or greater than the price at grant date the Company is allocated a gain or loss based on the difference.

The Company was allocated a gain of approximately \$0.4 million related to its portion of the overall net gain realized by the Bank that was attributable to share-based awards granted to the Company's employees. This amount has been reflected as an adjustment to the Company's paid-in capital in excess of par value.

(b) *Cash Retention Plan*

The Company participates in the DB Restricted Incentive Plan, a cash retention plan of the Bank, under which Restrictive Incentive Awards ("RIA") are granted as deferred cash compensation. The RIA consists of four tranches each amounting to one quarter of the grant volume. It is subject to a four-year pro-rata vesting period during which time specific forfeiture conditions apply. In line with regulatory requirements, this plan includes performance-indexed clawback rules. Thus, there is the possibility that parts of the awards will be subject to forfeiture in the event of non-achievement of defined targets, breach of policy or financial impairment.

(c) *Contractual Agreements*

The Company is not a sponsor of a Deutsche Bank Americas Holding Corp. Defined Benefit Plan or Post Retiree Medical Plan ('Plans'). However, certain former and current employees of the Company are entitled to benefits under the Plans. The Company has a contractual agreement to reimburse the Plans Sponsor an amount to fund its portion of the cost.

As of December 31, 2020, the Company's net capital, alternative net capital requirement, and excess net capital were \$20,340,268, \$250,000, and \$20,090,268 respectively. Capital may not be withdrawn nor dividends paid to the extent capital is required for continued compliance with Rule 15c3-1.

(8) Subsequent Events

In accordance with U.S. GAAP disclosure requirements on subsequent events, management has evaluated events for possible recognition or disclosure in the financial statements through March 31, 2021, the date the financial statements were issued.
