President & CEO
Strattec Security Corp

Dear Frank,

I've been tracking hundreds of companies for years - reading 10k's, 10Q's, annual reports, understanding industry dynamics.

It's clear to me that the Board is remiss in not having Patrick Hansen continue to be actively involved at Strattec.

This would benefit all of the shareholders of the company, in particular, my clients.

I will be recommending that Pat be included on the Board of Directors in the upcoming proxy.

I was just made aware of the data on your company following your earnings release including the possible retirement of Pat.

Common sense has to prevail.

Sincerely,

Mario J. Gabelli
