Notes to Financial Statements

December 31, 2018

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business - MV Securities Group, Inc. (the Company) was incorporated in Texas on June 3, 1996, and is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority, Inc.

The Company has locations in Houston, Texas and Birmingham, Alabama. The Company has claimed an exemption from the Securities and Exchange Commission's (SEC) Rule 15c3-3 under Section (k)(2)(ii).

On August 1, 2012, the Company's stockholders contributed their stock in MV Securities Group, Inc., to The Monroe Vos Consulting Group, Inc., which was under common control and ownership. The Company's stockholders received stock in The Monroe Vos Consulting Group, Inc., in exchange for their shares of MV Securities Group, Inc. Accordingly, the Company became a wholly owned subsidiary of The Monroe Vos Consulting Group, Inc. on August 1, 2012.

The Company operates in conjunction with the parent company, The Monroe Vos Consulting Group, Inc. The Company receives brokerage commissions and other fees from transactions in certain investment accounts maintained by clients of The Monroe Vos Consulting Group, Inc., on a fully disclosed basis.

Statement Presentation - The unclassified Statement of Financial Condition is presented in accordance with industry standards.

Revenue and Expenses - Securities transactions and all related revenue and expense are recorded in the accounts on a settlement date basis. Revenue and expenses related to securities transactions executed but not yet settled as of December 31 are not considered by management to be material to the Company's financial statements.

In 2014, Financial Accounting Standards Board issued ASC 606, Revenue from Contracts with Customers, which superseded nearly all existing revenue recognition guidance under GAAP. The core principle of this standard is that revenue should be recognized for the amount of consideration expected to be received for promised goods or services transferred to customers. This standard was effective for the Company for the annual reporting period beginning January 1, 2018. The Company has evaluated the new guidance and the adoption did not have an impact on the Company's financial statements and a cumulative effect adjustment under the modified retrospective method of adoption was not necessary.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - Management has evaluated whether events or transactions which have occurred after December 31, 2018, require recognition or disclosure in the financial statements. The evaluation was conducted through February 22, 2019, which is the date the financial statements were available for issuance.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES continued

Cash and Cash Equivalents - For purposes of the statement of cash flows, cash includes cash on hand, bank checking and money market accounts, and short-term debt instruments with a maturity of three months or less. The Company maintains its cash in bank deposit accounts which, at times, may exceed Federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents. At December 31, 2018 uninsured Cash amounted to \$651,598.

Income Taxes - The Company, with the consent of the shareholder, has elected under the Internal Revenue Code to be taxed as an S corporation. In lieu of corporation income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. The Monroe Vos Consulting Group, Inc. elected to treat MV Securities Group, Inc. as a qualified Subchapter S subsidiary beginning August 1, 2013. Accordingly, the Company will be included in the S corporation return of The Monroe Vos Consulting Group, Inc. for periods ending after July 31, 2013. Therefore, no provision of liability for Federal income taxes has been included in these financials.

The Company believes that all significant tax positions utilized by the Company will more likely than not be sustained upon examination. As of December 31, 2018, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2015 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of income.

The State of Texas franchise tax is incurred at the tax rate of 1% on gross revenue, less the larger of cost of goods sold, wages and related employee benefits, or a statutory 30% deduction to determine taxable income. The Company is also eligible to utilize a tax rate of .575% on gross revenue, without a deduction, as its gross revenue is not in excess of \$10,000,000. The tax is accounted for as an expense during the period the revenue is recognized for financial statement purposes. The Company reports its income for Texas franchise tax purposes in a combined tax return with The Monroe Vos consulting Group, Inc. The Company paid state income taxes of \$3,446 in 2018.

Receivable from Clearing Organization – The Company has an agreement with a clearing organization whereby the organization performs clearing functions for all securities transactions with customers and brokers and dealers. Related to these transactions the Company is required to maintain cash on deposit in a clearance account with the Clearing Organization in the amount of \$50,000. According to the clearing agreement, the clearing organization is responsible for executing, clearing and settling securities transactions on a fully disclosed basis for the accounts of the Company.

In addition to the fixed monthly management fee, the Management Company may invoice MV Securities Group, Inc. for specific other expenses as determined by Management Company.

NOTE C NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company's ratio of aggregate indebtedness to net capital was .03 to 1. There were no liabilities subordinated to the claims of general creditors during 2018.

NOTE D CONCENTRATIONS AND CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter parties primarily include broker-dealers, banks, and other financial institutions. In the event counter parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.
