Financial Statements  
For the Year Ended December 31, 2020  
With  
Report of Independent Registered Public  
Accounting Firm

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Stockholder of  
Kiley Partners, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Kiley Partners, Inc. (the "Company") as of December 31, 2020, the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2020, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement to the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the information in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying schedules. In forming our opinion on the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented

in conformity with 17 C.F.R. §240.17a-5. In our opinion, the aforementioned supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Company's auditor since 2002.

**KILEY PARTNERS, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization and Description of Business: The Company is a registered broker dealer that began business in 1994. The Company is registered with the Securities and Exchange Commission, the Financial Industry Regulatory Authority and the securities commissions of appropriate states.

The Company's business is retail brokerage of marketable securities for customers located throughout the United States.

Cash: The Company maintains its demand deposit in a high credit quality financial institution. Balances at times may exceed federally insured limits.

Property and Equipment: Property and equipment are recorded at cost. Depreciation is provided by use of straight-line methods over the estimated useful lives of the respective assets. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the results of operations.

Income Taxes: The Company has elected to be taxed as an S corporation whereby the income or losses of the Company flow through to its stockholder and no income taxes are recorded in the accompanying financial statements.

Under the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Securities Owned: Securities owned consisted of corporate bonds at December 31, 2020. The securities owned are valued at fair value. The resulting difference between cost and fair value is included in income. Proprietary transactions and related revenues and expenses are recorded on a trade-date basis (as if they had settled). Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded in principal transactions in the statement of operations.

Revenue from Contracts with Customers: The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership of the securities have been transferred to/from the customer.

Date of Management's Review: Subsequent events were evaluated through the date the financial statements were issued.

**KILEY PARTNERS, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE B — NET CAPITAL**

The Company, as a registered broker dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At December 31, 2020, the Company had net capital of \$1,040,333 which was \$940,333 in excess of its required net capital of \$100,000, and its ratio of aggregate indebtedness to net capital was .02 to 1.0.

**NOTE C — RELATED PARTY TRANSACTIONS**

The Company operates from office premises owned by the Stockholder at no cost to the Company. The fair value of the premises provided is considered to be insignificant.

**NOTE D – FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET CREDIT RISK**

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of individuals and other entities. The Company's transactions are collateralized and are executed with and on behalf of its customers, including other brokers and dealers and other financial institutions.

The Company introduces all customer transactions in securities traded on U.S. securities markets to another firm on a fully disclosed basis. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to non-performance by customers or counter parties. The Company monitors clearance and settlement of all customer transactions on a daily basis.

The Company's exposure to credit risk associated with the non-performance of customers and counter parties in fulfilling their contractual obligations pursuant to these securities transactions can be directly impacted by volatile trading markets which may impair the customer's or counter party's ability to satisfy their obligations to the Company. In the event of non-performance, the Company may be required to purchase or sell financial instruments at unfavorable market prices resulting in a loss to the Company. The Company does not anticipate non-performance by customers and counter parties in the above situations.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet-risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

**NOTE E – RECEIVABLE FROM, PAYABLE TO AND DEPOSIT WITH CLEARING BROKER**

The Company clears certain of its proprietary and customer transactions through another broker-dealer ("clearing broker") on a fully disclosed basis. In accordance with this agreement, the Company is required to maintain a deposit in cash or securities. The deposit is refundable if, and when, the Company ceases doing business with the clearing broker.

Amounts receivable from its clearing broker at December 31, 2020 consist of commissions receivable and funds on deposit in a trading account. Amounts payable to the clearing broker consist of margin debt collateralized by securities owned at December 31, 2020. The margin bears interest at 2.75%.

**KILEY PARTNERS, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE F – FAIR VALUE**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market.

Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value as of December 31, 2020.

	Fair Value Measurements 12/31/2020	Level 1 Valuation	Level 2 Valuation	Level 3 Valuation
Assets				
Securities owned:				
Corporate bonds	\$ 1,079,842	\$ 1,079,842		
	\$ 1,079,842	\$ 1,079,842	\$ -	\$ -
Liabilities				
Securities sold, not yet purchased:				
U.S. Treasury notes	\$ 567,329	\$ 567,329	\$ -	\$ -

The corporate bonds maturities range from approximately 3 to 76 years. U.S. Treasuries maturities range from approximately 9 to 30 years.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2020**

**NOTE G - CONTINGENCIES**

The Company is subject to litigation in the normal course of business. The Company has no litigation in progress at December 31, 2020.

**NOTE H - CONCENTRATION**

During 2020, approximately 95% of commissions revenue was earned from two customers and their affiliates.

**Note I - ECONOMIC RISKS**

In March 2020, the World Health Organization (WHO) declared COVID-19 a global pandemic. This pandemic event has resulted in significant business disruption and uncertainty in both global and U.S. markets. While the Company believe that it is in an appropriate position to sustain the potential short-term effects of these world-wide events, the direct and long-term impact to the Company and its financial statements is undetermined at this time.
