IMPORTANT INFORMATION ABOUT THE COMPANY'S INTEREST BEARING RETAINED ASSET ACCOUNT

Subject to state law conditions and requirements, full payment of the Death Benefit proceeds ("Proceeds") to a Beneficiary may be made into an interest bearing retained asset account that is backed by our general account. **The retained asset account is not guaranteed by the FDIC.** The Beneficiary may access the entire Proceeds in the account at any time without penalty through a draftbook feature. The Company seeks to make a profit on the account, and interest credited on the account may vary from time to time but will not be less than the minimum rate stated in the supplemental contract delivered to the Beneficiary together with the paperwork to make a claim to the Proceeds. Interest earned on the Proceeds in the account may be less than could be earned if the Proceeds were invested outside of the account. Likewise, interest credited on the Proceeds in the account may be less than under other settlement or payment options available through the Contract. A Beneficiary should carefully review all settlement and payment options available under the Contract and are encouraged to consult with a financial professional or tax advisor before choosing a settlement or payment option.

A Beneficiary may request additional information about the retained asset account and the draftbook feature or may elect to receive payment of the Proceeds by check rather than through the account's draftbook feature by contacting our ING Customer Service Center at P.O. Box 5065, Minot, ND 58702-5065, 1-877-253-5050 or www.ingservicecenter.com.

REGULATORY MATTERS

As with many financial services companies, the Company and its affiliates periodically receive informal and formal requests for information from various state and federal governmental agencies and self-regulatory organizations in connection with examinations, inquiries, investigations and audits of the products and practices of the Company or the financial services industry. Considerable regulatory scrutiny currently is being focused on whether and to what extent life insurance companies are using the United States Social Security Administration's Death Master File ("SSDMF") to proactively ascertain when customers have deceased and to pay benefits even where no claim for benefits has been made. The Company has received industry-wide and Company-specific inquiries and is engaged in market conduct examinations with respect to its claims settlement practices, use of the SSDMF and compliance with unclaimed property laws. A majority of states are conducting an audit of the Company's compliance with unclaimed property laws. The Company also has been reviewing whether benefits are owed and whether reserves are adequate in instances where an insured appears to have died, but no claim for Death Benefits has been made. Some of the investigations, exams, inquiries and audits could result in regulatory action against the Company. The potential outcome of such action is difficult to predict but could subject the Company to adverse consequences, including, but not limited to, settlement payments, additional payments to Beneficiaries and additional escheatment of funds deemed abandoned under state laws. They may also result in fines and penalties and changes to the Company's procedures for the identification and escheatment of abandoned property and other financial liability. While it is not possible to predict the outcome of any such action, or internal or external investigations, examinations, reviews or inquiries, management does not believe that they will have a material adverse effect on the Company's financial position. It is the practice of the Company and its affiliates to cooperate fully in these matters.
