**ITEM 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review**

In preparing its financial results for the quarter ended September 30, 2005, Alliance One International, Inc. (the “Company”) identified an accounting error appearing in the financial statements included in its Quarterly Report on Form 10-Q for the quarter ended June 30, 2005 and filed on August 15, 2005. Management determined that the tax impact of the repatriation of foreign earnings of Standard Commercial Corporation (which was merged into the Company effective May 13, 2005) reflected as an income tax benefit for the three months ended June 30, 2005 was overstated by \$11.1 million, which resulted in the understatement of the Company’s net loss for such period by the same amount. As a result of this error, the income tax benefit, long term income tax liability, net loss and certain other items included in the financial statements as of and for the period ended June 30, 2005 have been restated. The details of the restatement are more fully described in Note 14 of the Company’s Amended Quarterly Report on Form 10-Q/A filed on November 9, 2005.

Investors should no longer rely on the financial statements included in the Company’s Quarterly Report on Form 10-Q filed on August 15, 2005. The Company identified this error on Saturday, November 5, 2005. On Tuesday, November 8, 2005, the Company’s Audit Committee and senior management discussed the matter disclosed in this report with the Company's independent accountant.
