Filed December 28, 2009
File No. 000-30734**

Dear Mr. Schecter:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your documents in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-K
Management's Discussion and Analysis
Revenues, Direct costs of revenues and Gross profit, pages 16 and 17

1. We note in the last paragraph of page F-8 the decline in your permanent placement revenues from 2008 to 2009. It appears this may have had a disproportionate impact on your gross profit. Advise us and expand your MD&A

so that the impact of each line of business on your gross profit and the trends in each revenue stream are transparent to readers.

Selling, general and administrative expenses, page 17

2. Refer to the penultimate paragraph of page F-22, which indicates the landlord of your vacated New Jersey headquarters claims that you continue to be obligated for your lease obligation through December 2014. Please address this known uncertainty and its impact on future results of operations and capital resources, as required by Items 303(a)(2)(ii) and 303(a)(3)(ii) of Regulation S-K, and explain to us how you will be accounting for the lease obligation.

Financial Statements

Statement of Operations, page F-5

3. It appears in substance Accountabilities is functioning as a placement agent on behalf of TSE. As such, it is unclear why you are not reporting revenues net of amounts paid to TSE to clearly reflect the apparent economic substance of the employee leasing transactions. Please revise accordingly or provide us a detailed analysis supporting your accounting policy, including specific reference to the applicable accounting literature.
4. Notwithstanding the above comment, you should separately report all related party transactions and amounts on the face of the balance sheet, income statement, and statement of cash flows pursuant to 4-08(k) of Regulation S-X.

Please respond to this comment through correspondence over EDGAR within 10 business days or tell us when you will provide us with a response. Please furnish a letter that keys your response to our comment and provides any requested information. Detailed letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your response to our comment.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comment, please provide, in writing, a statement from the company acknowledging that
