NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022

1. ORGANIZATION AND NATURE OF BUSINESS

Stonegate Capital Markets, Inc. (the “Company”) was incorporated in Texas, in 1972. The Company is a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA) and the Securities Investor Protection Corporation (“SIPC”). The Company’s office is located in Dallas, Texas. The Company is a wholly owned subsidiary of Griffith Shelmire Partners, Inc. (the “Parent”). The Company’s main source of revenue is providing research and investment banking services throughout the United States. As an introducing broker-dealer, the Company does not hold customer funds or securities.

The Company is considered a Non-Covered Firm exempt from 17 C.F.R. § 240.15c3-3 relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5. The Company limits its business activities exclusively to underwriting or selling group participant on a best-efforts basis only for firm commitment offerings, private placement of securities, mergers and acquisitions, create and distribute research – no buy/hold recommendations and introduce institutional customers to other broker-dealers and receive fees.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including agency transactions, investment advisory services, research, and institutional private placement of securities throughout the United States.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

STONEGATE CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022

Note 2 – SIGNIFICANT ACCOUNTING POLICIES (continued):

Research Fees

Stonegate Capital Markets, Inc. has a contractual agreement with Stonegate Capital Partners, an affiliate, to provide research services for some of Stonegate Capital Partners' Advisory Services companies. Stonegate Capital Partners pays Stonegate Capital Markets, Inc. a monthly fee for said research services. The Company believes that the performance for research fees obligation is satisfied when individually identifiable services are provided.

Alternative Services Fees

Stonegate Capital Markets, Inc. provides boutique banking, capital raising, and advisory services to the alternative asset industry and offers unique investment opportunities to institutional investors, single and multi-family offices and RIAs. The Company receives fees for advisory and investment banking services.

The Company believes that the performance obligation for providing advisory services is satisfied over time as individually identifiable services are provided, and revenue is recognized at the time. Investment banking fees are generally recognized at the point in time that performance under the arrangement is completed, generally the closing date of the transaction. The Company believes that the performance obligation is satisfied on the closing date because that is when investors are identified, funding is agreed upon, and the risks and rewards are transferred to the investor.

Royalty Commissions

Royalty commissions include payment from entities for the resale of research and are recognized as revenue in the period services are provided.

Fair Value of Financial Instruments

Cash, receivables from affiliates, and accounts payable are short-term in nature and accordingly are reported in the statement of financial condition at fair value or carrying amounts that approximate fair value.

STONEGATE CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022

Note 2 – SIGNIFICANT ACCOUNTING POLICIES (continued):

Receivables and Credit Policy

Receivables from affiliates are stated at the amounts management expects to collect. The carrying amounts of receivables are reduced by a valuation allowance, if needed, that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all receivable balances and based on an assessment of current creditworthiness, estimates the portion of, if any, of the balance that will not be collected. Management provides for probable uncollectable amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the respective receivable account. In Management's opinion, any potential allowance for uncollectable accounts would not be material to the Financial Statements as of December 31, 2022.

Income Tax

The Company files a consolidated federal income tax return with the Parent. Any resulting provision or benefit for federal income taxes is recorded as receivable from or payable to the Parent and represents the applicable share allocated to the Company, calculated at the appropriate Federal income tax rate. The Company is subject to income taxes in the state of Texas, subject to certain exemptions.

In the current year, the Company had a tax loss and the Parent is not expected to utilize the loss; therefore, no adjustment for the current year income tax benefit was recorded. In prior years, the Company recorded a deferred income tax benefit and corresponding receivable from the Parent of \$150,000, representing the Company's share of deferred tax assets related to net operating loss carry forwards that could be used to offset taxable income in future years. In 2022, the Company reevaluated the \$150,000 receivable from the Parent and determined that it is more likely than not that there will not be sufficient taxable income in the future to realize the deferred tax asset. In 2022, the Company reversed the receivable from the Parent with a corresponding charge to Deferred Income Tax Expense.

STONEGATE CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022

Note 2 – SIGNIFICANT ACCOUNTING POLICIES (continued):

The Company recognizes and measures any unrecognized tax benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, “Income Taxes”. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances, and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. As of December 31, 2022, the Company believes there are no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

3. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2022, the Company had net capital of \$76,821 which was \$26,821 in excess of its required net capital of \$50,000. The Company’s ratio of aggregate indebtedness to net capital was 0.032 to 1 at December 31, 2022.

4. CONCENTRATION OF CREDIT RISK

The Company is engaged in brokerage activities in which it acts as an agent connecting small-cap companies with institutional investors. In the event a transaction closes and the small cap company does not fulfill its obligations to pay the contractual fee, the Company may be exposed to risk. The Company’s financial instruments that are subject to concentrations of credit risk primarily consist of cash and affiliate receivable. The Company places its cash with one high credit quality institution. At times, such cash may be in excess of the FDIC insurance limits. The Company believes that it is not exposed to any significant risk related to cash.

5. CONTINGENCIES

In the ordinary course of conducting its business, the Company may be subjected to loss contingencies arising from lawsuits. Management believes that the outcome of such matters, if any, will not have a material impact on the Company’s financial condition or results of future operations.

STONEGATE CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022

6. RELATED PARTY TRANSACTIONS

The Parent provides equipment and general and administrative services to the Company. In return, the Company pays the Parent through an expense sharing agreement. For the year ended December 31, 2022, the Company incurred expense sharing of \$169,044 which were offset by capital contributions by the Parent Company of \$140,870 and which were paid to the Parent of \$28,174. The existence of this association creates operating results and a financial position significantly different than if the companies were autonomous.

As detailed in Note 2, Stonegate Capital Markets, Inc. has a contractual agreement with Stonegate Capital Partners, an affiliate, to provide research services for some of Stonegate Capital Partners' Advisory Services companies. Stonegate Capital Partners pays Stonegate Capital Markets, Inc. a monthly fee for said research services (\$90,000 in 2022). The existence of this association creates operating results and a financial position significantly different than if the companies were autonomous.

In 2022, the Company paid commission expense of \$56,950 to another affiliate of the Company.

7. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Recently issued accounting standards that have been issued or proposed by the FASB or other standards setting bodies, are not expected to have a material impact on the Company's financial position or results of its operations.

8. SUBSEQUENT EVENTS

Upon evaluation, the Company notes that there were no material subsequent events between the date of the financial statements and February 23, 2022, the date that the financial statements were available to be issued.
